

January 29, 1968

Dear Grasshopper Alumni and Staff:

We are pleased to enclose a set of photographs representing the range of activities during the 1967 season at Grasshopper. There is also a class picture of your fellow students and staff for that season.

We hope that these pictures will serve to remind you of the good times and hard work that we shared. We would like very much to hear from you, bringing us up-to-date on your present activities, your plans, and your accomplishments.

Let us say again how pleased we are with the research we accomplished during 1967. We can say it was one of the most successful summers we have had at Grasshopper.

Best wishes for the future.

Sincerely yours,

W. A. Longacre
