Mr. and Mrs. Don E. Crabtree
Rt. 1, Box 39
Kimberly, Idaho 83341

Dear Evelyn and Don:

Greetings from Arizona! I have several purposes in this short letter -- first, to ask if you are planning to go to Santa Fe for the meetings. I hope you will both be there and save some time for us to get together for lunch, a drink, or what ever will fit your schedule.

I also want to invite you to Grasshopper again this summer. I hope the lure of the pines, the good food, the nice people and our research will be too much for you to resist. For me, it's one of the highlights of the summer having the Crabtrees in camp! I can again offer you an honorarium of \$100.00 to help toward your expenses.

Dr. Haury has asked me to explore the possibility of your coming to Tucson for a day after you finish at Grasshopper. He would like your advice on some "lithic problems" that he is having. The department would provide an additional \$100.00 honorarium if you could spare that additional day.

I am hoping you will be able to fit Arizona into your schedule again this summer. I know how much the students get out of your talks and demonstrations, and I always double my knowledge about stone technology as a result of your visit.

I do hope you will both be in Santa Fe and I look forward to seeing you again. If you get a chance, I'd love to hear from you.

As ever,

Bill
