Dear Evelyn and Don:

Many thanks for sending the copies of the letters from Francois and Tixier. We have written the Bordes in the hopes of getting both of them here next year for a semester as visiting professors. With the mess in France at the moment we don't know if they got our letter yet or not! As soon as we hear, I'll let you know.

Are your plans firming up for the summer yet? Let me give you some alternative dates that would be good from our point of view. Sometime between June 13-18 would be a good time, or June 21-24. After that, the best time would be in early July, say June 29-July 8.

I hope one of these periods would fit your schedule. Will you have the movie with you? When you can, please drop me a note giving me your schedule and if you will need a movie projector. This time we will have our generator fixed so we will be able to show slides, etc.

I am leaving for Grasshopper in just a couple of days so please write me at the following address: Archaeological Field School, Cibecue, Arizona 85901.

We got the roof put on the dining hall, so I guess we are more or less set to go again. I can't wait to see you again among the pines of Grasshopper!

As ever,

Bill
