Dear Bill:

Sorry to be so long answering your letter of May 29th, but have had complications. Bill Mayer-Oaks came down from Manitoba complete with grad. students and we had a real bull session which kept me from my mail.

Have written to Haury and told him I will leave here on Monday, June 10th and arrive in Tucson on the evening of the 12th. Will visit with him for a couple of days, then take a day to "do" Nogales and then on to Grasshopper. Should be there the night of the 16th or the morning of the 17th.

We will not need a movie projector, as I have not, as yet, received the film from Berkeley. Swanson plans to show my films made at ISU at the Great Basin Conference in August and hope you can attend for the showing. I am sure he would not permit me to take them to Grasshopper.

We are really looking forward to our visit with you and the students and hope we have a real good session this year.

See you soon.

Yours very truly,

Don E. Crabtree
