Dear Evelyn and Don,

Greetings from the pines of Grasshopper! I hope my little letter finds you both healthy and happy. I am writing to follow up on our conversation in Dallas about the possibility of your visiting us this summer. I certainly hope you will be able to swing it; it would be great to have you here once again.

I know you would enjoy seeing the progress we have made with the site. We have a lovely guest cabin and the same great food. Our grant has been cut back so we don't have much money. But I will do what I can. I know I can offer you at least \$50,00 for traveling expenses and I will try to find more.

We have just begun this summer's work and the group of students seems especially nice. I've been lucky in assembling a super staff, too.

We will be in the field until late July this year. About the only time that we will not be here is from July 12-15 when we will be on our field trip. Aside from those dates any time you can fit us in would be great.

Please do your best to schedule a trip including us. I look forward to hearing from you.

As ever,

Bill
