MONEDA 16 MEXICO 1, D. F.

México, D.F., November 29, 1972.

Dear Evelyn and Don:

Hoping the winter season is not too rough and your health is good, I would like to invite you to come to Mexico in January or February, if possible.

We have been progressing on Tlapacoya work and Lorena has told me Don offered to assist her on the lithic stage. We believe two weeks would be sufficient to make a broad study on this aspect.

We would pay Don's round air trip, plus \$35.00 (US cy) a day. Unfortunately, we cannot afford a higher amount. In case you agree, please let us know the date of your arrival.

It is rather odd that after a long silence, and not having been able to see you while in Seattle last April, we would be together soon.

Looking forward to hear from you soon, I remain, as always,

Affectionately
