Dr. David Lubell  
779 Riverside Drive  
New York, N.Y. 10032

Dear David:

Thanks for your nice letter of July 10th - The Afghan-istan cores sound exciting and I do hope you will be able to bring some along for analysis.

The school is really going good and I am more than pleased with the results of the students. Lucy Lewis is particularly outstanding and will become a real flintknapper. Jeffry Mauger from Pullman is also particularly good and is specializing in blades - took off a 12" one yesterday. He will specialize in the Arctic - so this is good. Paul Sneed, who will be with Karl Borden this next year is excellent at pressure and improving every day. Barbara Purdy is having some trouble with pressure but is real good in percussion. It seems that each has his specialty and this is good to adapt to their field - but Lucy is good at everything. A real winner there.

We will make it a point to be home on August 10th if you can stop by then. If you feel it will be the 11th or 12th or after, please advise, for then we will take the 9th and 10th to go to our Summer home at Lava Hot Springs. We have given up going to Grasshopper this year which I very much regret - but too much to do. Perhaps you feel you would rather visit us at Lava Hot Springs which is 30~~km~~ miles out of Pocatello. If so, please advise and we can perhaps arrange a meeting there. If you planned to visit ISU, perhaps this would be the place to meet, as the time to and from Pocatello is just 30 minutes. However, if you wish come to the home here in Kimberly, as my shop is here and we, perhaps, can discuss more here. Just in case - the directions are. 2 and 3/4 miles East of the Cemetery Corner at Twin Falls on Highway 30. My address at Lava Hot Springs is 116 Main Street West. In any event, we can get together in August.

Please keep me advised of when you plan to be here and which place would suit you better. The school will close on August 5th, so after that I can have some time for other things.

Will welcome the opportunity to talk with you and compare notes.

Yours very truly,

Don E. Crabtree
