

26 August, 1969

Dear Don and Evelyn,

Just a note to express my belated thanks for your wonderful hospitality. I'd have written much sooner but it's been rather involved here finding an apartment and being invited out all the time to meet everyone. It has been busy.

Rob has now taken off for a couple of weeks to do some field work in the Cyprus Hills, and archaeologically at least, it's quite around here. Rob seems ~~xx~~ fine, and he's been doing some spectacular flint knapping. I'm sure he'll be a great help in the course.

The drive up here, through the Salmon River Country was spectacular and I've got to get back down there some time soon. I saw all sorts of potential sites from the road including, I think, a few good rock shelters. Has anyone worked that area yet ?

I hope your vacation has given you a chance to get some rest, and I do hope we'll be able to get together again before too long. Thanks again. The moose antler project is in the works, by the way.

Yours,

David Lubell
