

PLEASE *Get Well Soon!*

Dear Don —

Just heard you are sick & in Hospital. Not sure which one, so took a chance it was same one. As the old saying goes, "If you don't get this, let me know!" Told Ginnie to keep us posted about your condition —

We are busy getting ready for our Granddaughter's wedding on Nov. 19th. She is only 18 yrs. & sure hate to see her get married so young. But, guess they know what they want to do. Hope so anyway —

Bob is busy trying to build a waterfall in his back yard. Doug

is helping him. He got a ton of Diptwood rocks, but needs another ton. It is really going to be very pretty. Now Don, do take care of yourself & feel better real fast. You will be in our prayers.
