Dear Don: -

Called your hospital Sun. about 1³⁰ to say "Hi" - but, they said you had gone home! Then saw Dot in church this A.M. & she had called Virginia Sun. site, & she said you were in Hospital & not sure when you would go home. We were all quite confused, so she called Virginia again after mass this morning. Les said you did go home yesterday! Praise the Lord - that means you are feeling better anyway. We'll try & call you one of these days after you get organized again. We surely hope you will take it easy & not overdo.

Saw John last week & he is having trouble with his eyes too. Hope he'll do something about it before too long. Everyone else seems fine & Doug sends his Best to you. God Bless you - Love - Doug & Ruth Meadows
