Dear Mr. Crabtree:

I would like to thank you in Professor Lorenzo's name the excellent off print you sent him on "Experiments in Replicating Hohokam Points" that has recently apper in Tebiwa, Vol. 16, No. 1, 1973.

Like this one, are the studies useful to all us interested in typology and lithic technology.

Thank you very much again and best wishes to you and your wife.

Yours faithfully,

Lorena
