Dear Don,

It was a great pleasure to have a chance to talk with you in Belize. I greatly appreciate the time you took to tell me about Tikal artifacts.

I want to incorporate into the Tikal Artifact Report some of the information that you and François Bordes gave me. Under separate cover I am sending you a draft of my chipped flint summary. I would be very grateful if you could read over the section on manufacturing techniques (pp. 5-9) just to see if I understood you correctly. If you have objections or corrections, please let me know and I will revise accordingly. (Hand-written is all right.) I am also sending a copy to Bordes with the same request.

The conference in Orange Walk was certainly one of the most useful I ever attended, besides being fun. I still dream about Colha...! I hope that you and Evelyn had a pleasant trip home. Very best regards to you both,

Sincerely,

Hattula Moholy-Nagy

Dear Mr. Hoover,

It was a great pleasure to have a chance to talk with you in Idaho. I really appreciate the time you took to call me about the situation.

I want to thank you for the information that you and the other members of the Board gave me. Your answers cover all the points that I raised in my letter. I would be very grateful if you could read over the section on "Organizing Activities" (pp. 5-8) just to see if I understand you correctly. If you have objections or corrections, please let me know and I will revise accordingly. (Hand-written in margin: 80)

The conference in Chicago was certainly one of the most useful I ever attended. Besides being fun, I still have about 200... I hope that you and I will have a pleasant trip home. Very best regards to you both.

Sincerely,

W. J. ...
