Mr. Don E. Crabtree
Department of Sociology
and Anthropology
University of Idaho
MOSCOW, Idaho 83843 U.S.A.

Dear Don:

The enclosed brochure advertises forthcoming summer session appointments in this Department. I would like to draw your attention to the proposed offering in "Experimental Archaeology" and ask that you consider offering under this rubric a course in flint knapping or lithic technology. If you are not interested perhaps you would draw this notice to the attention of a qualified candidate.

Sincerely,

Terry Moore
Chairman
