Mr. Don Crabtree
Box 39, Route 1
Kimberly, Idaho 83201

Dear Don:

Al Goodyear has asked me to recommend him to you for consideration to attend your summer field school in experimental flint knapping.

I recommend Al very highly. He is the student I told you about who worked with me on the Dalton project. His M.A. thesis, soon to be published, is based on part of that work. He has a good grasp of the importance of experimentation and has taught himself to knap local materials with a high degree of success.

I enjoyed seeing you in Urbana. Sent you a 8 x 10 inch print of one of the photographs Mike made.

Sincerely yours,

Dan F. Morse
