TO: Alice N. Benfer
Jeff Chapman
Al Goodyear
Mike Hoffman
Bob McGimsey

FROM: Barbara Purdy
✓ Dan F. Morse

Barbara Purdy wants to invite Don Crabtree to Florida for a two-or four-day session. Dan Morse thought it would be a good idea if a 12-14 day tour for Don could be set up for the southeastern United States this fall.

Missouri, Arkansas, Tennessee, South Carolina and Florida should easily be able to accomodate him and all have ongoing lithic studies Don is vitally interested in seeing. This would give Don the benefit of the range of lithics in the Southeast and would not involve too many stops which could be so tiring to him. Dan Morse could meet Don and Evelyn at Fayetteville or Columbia, Missouri, and drive them via the ASU (Jonesboro) campus where they could catch a plane to Knoxville.

Tentative Itinerary

	Stay
Columbia, MO (A. Benfer)	2 days
Fayetteville, AR (D. Morse)	1 day
Jonesboro, AR (D. Morse)	2 days
Knoxville, TN (J. Chapman)	2 days
Columbia, SC (A. Goodyear)	2 days
Gainsville, FL (B. Purdy)	2-4 days

Don has not been asked about this. Barbara and I would like to have your reactions to the basic idea and your departmental reaction to funding or funding ideas before we ask Don if he and his wife would be willing to make the trip.

BP/DFMjfb

*Bruce Smith at U.Ga (Aiken) written. No funds at U.Ga.
John Walthall at Alabama notified since trip may end at SEK.*

Alice Benfer called. UM could contribute \$300⁰⁰. She suggested trip begin at joint meeting in Minneapolis and would host Crabtrees there and at Columbia.
