Dear Dan and Barbara:

Concerning the possible tour of Don and Evelyn Crabtree in the southeastern U.S. this fall, I have asked our director Bob Stephenson for full support. Bob has agreed to do what is financially necessary to get Don and Evelyn to Columbia, S.C. Several of us here in the Institute are vitally interested in consulting with Don regarding matters of lithic technology as they relate to South Carolina prehistory. We are very enthusiastic about the possibility of his tour and hope that the other institutions will join in with their support. Bob Stephenson mentioned that it might be good for Don if his tour ended at the S.E.A.C. meetings.

Full speed ahead on this.

Sincerely,
