Dear Cleta:

It was so nice to hear from you through our mutual friend, Adel Richens, and to learn of your association with John Reynolds. It was so nice of them to remember me and also to learn of their interest in stoneworking techniques.

I do hope by now that you have received the information regarding films and publications. At this time I am not sure that I gave you information on the publications---they are available from the Idaho State University Museum at Pocatello, Idaho 83201.

I certainly thank you for your invitation to attend your chapter of the Kansas Anthropological Association. I do hope there is some time in the future that it would be convenient to both meet you and members of the association. It is so good to learn of our mutual interests, and I am particularly interested in the archaeological resources of Kansas.

I hope that we can continue to keep in touch through Adel in the future.

With kindest personal regards,
