Mr. Don E. Crabtree,  
Route 1,  
Kimberly, Idaho

Dear Mr. Crabtree;

I'm writing at the request of the entire membership of AM-ARCS of Nevada. A persistent question reverberates through our hallowed halls...When is Don Crabtree coming back? The program you presented at an early meeting of our organization is still being discussed in glowing superlatives.

We are very interested in having you come back to present another flint knapping demonstration for our members. We would like to know if you are making speaking engagements at this time and if you would be able to present another program for us?

We would like to have you come sometime during the fall months. Meeting dates will fall on September 9, October 14, and November 11, or if they are not convenient for you, can be adjusted.

Financial and living arrangements can be worked out for your trip to Reno when you advise us of your decision.

Our organization enthusiastically goes forward. We have been very fortunate, excellent programs, the most recent have been, Dr. Fowler, Mrs. Fowler and Dr. Peter Mehringer. We are looking forward to hearing Dr. Emma Lou Davis discuss her excavations on the Mojave Desert and Donald Tuohy speaking about his projects in Nevada. Advisors Mary Rusco and Don Tuohy have been outstanding, consistently helpful and patient.

Sincerely yours;

*B. Jean Myler*
