Dear Don and Evelyn:

Thank you for the beautiful kodachrome of Spotter. He is very deaf and sees only with one eye. This means that I must watch him closely when he is out in the street. He navigates fairly well and only bumps into out-of-place objects. He is very happy and playful and this makes life worthwhile.

I am very sorry you could not visit us this year as we missed that pleasure--but at least I had a good visit with you in Santa Fe.

I have noted Borde's new book. I will try to purchase it although my funds (personal) are nil. I do hope he comes to Tucson.

Our students seem to be good. Time will tell. Fred, Mark, Chris White, Spot and I send our warmest love and best wishes. And thanks again for the kodachrome.

As ever, your friend,

Paul S. Martin
