Mr. Don E. Crabtree,
Route 1,
Kimberly, Idaho 83341.

Dear Don:

I was pleased to get your March 7th letter and to learn of your recent trips to Arizona and California.

I think it was last week that I wrote to Earl Swanson saying that Bob Bell could probably provide you with plastic casts of the El Inga points. I am enclosing a copy of the paper given in Argentina and am sorry for the delay. I thought I had sent it to you last fall. I am also enclosing a couple of things that may be of interest.

Do let me know if you are going to be in Ann Arbor and I will bring along materials.

Sincerely yours,

William J. Mayer-Oakes,
Professor and Head.
