Winnipeg, Canada

Dear Bill:

Thank you so very much for the papers you sent. They make me feel so inadequate in my writing. You are a very keen observer.

This will be just a short note, for I plan to attend the meeting at Ann Arbor and will see you there. Please bring a sample of the material, as I would be delighted to see it and discuss it with you.

Will be looking forward to seeing the casts that Bob Bell made and it will be great to compare them with the Bird points.

Hope to see you soon.

Sincerely yours,

Don E. Crabtree
