Dear Mr. Crabtree,

I enclose a copy-edited version of your description of the artifacts from Wilson Butte Cave. Please look it over, indicate your approval or disapproval of the changes I've suggested, and then send it back to me here in California as soon as you can. I don't know whether you are the one who is preparing the drawings for us or not; I've written Dr. Bryan about them, but I thought that perhaps if you have them you could send them directly to me when they're ready instead of sending them to him.

Sincerely yours,

Barbara Metzger
