Dear Evelyn and Don,

We would like to wish you both a merry Christmas and a very happy and healthy new year. We hope you are both well and happy.

We are all fine, busy as always. The children are growing, and both lead very active lives.

Jae and I just came back from a very interesting two-week trip to Tunisia. We hope to return there some day for fieldwork.

We have fond memories of our trip to Belize and the wonderful

time we spent there with you. We hope
you received the photograph we sent you.

Again, all our best wishes,

Love,

Gaby & Joe Michaels
