Hi!

We had Jean & Carl Swanson in town (over the Columbus Day weekend)..... They stayed at the Mouse - which I recommended because you two had to us! They liked it too..

Their trip to Europe sounded like great fun - and we enjoyed their company. It also happened to be Canadian Thanksgiving Weekend, and my mother & Aunt were here too - so we had turkey with the Swansons & family (mine) and I did so enjoy it -

But when we were talking of you two - we were unhappy to hear that there had been sickness - We do earnestly hope that

CG.7.3.1

all goes well now - Do
take care of each other now -
and we hope good health
will be yours again quickly.

Scotty had a good year
in Peru - lots of end of
image renewal boxes in
association with early new
tools - And the 3rd volume
of the Mexican work is
now out - with volumes
304 ready ready to be sent
to the printer.

The two chosewolds &
I are fine - They just
turned 306!! (and I just
turned 206 - it seems like)
We summer at home in
Cocoda - as yet - but one
of these days will take the
boys to see Daddy in the
field -

So just a note - but
we wanted you to know
we are wishing you well -
with affection
