Dear Sir:

Thank you for placing my name on the mailing list of the Smithsonian Publications. I have enjoyed very much those I have received and they have helped me immensely in the writing I am attempting on the Lithic Industries of the Primitive People.

I have checked the list of available publications and have listed those I would like to receive if they are still available.

Thanking you in advance for for your publications, I remain,

Yours very truly,

Don E. Crabtree
