Dr. C. H. McCleary  
Director of Summer Session  
University of Lethbridge  
4401 University Drive  
Lethbridge, Alberta CANADA  
TLK 3M4

Dear Doctor McCleary:

James Woods and I will leave Twin Falls Friday, July 27th and should arrive in Lethbridge the evening of July 28th to begin the third summer session on July 30th.

I am taking the liberty of sending four sacks of obsidian by prepaid motor freight to the Department of Anthropology c/o Dr. Terry Moore. Hopefully this will be held for us for the start of the summer session on lithic technology. At this time I am not sure whether Terry will have returned from England, but if this obsidian could be stored some place until my arrival, I would appreciate it very much.

I am looking forward to making your acquaintance and having a very successful week of instruction with your students.

Respectfully yours,

Don Crabtree  
Research Associate in  
Prehistoric Technology
