

Dear Don,

Just Got a letter from Jeff at W.S.U. he wants to go to the battle mountain quarry area. I wrote & told him about Todds Rock Shop, and told him too, that I would get the location particulars from you. Do you know the owner of the claim personally? What is the charge for the rock? Can we quarry our own? what tools? Is it cheaper if we do it ourselves? etc.

Jeff will be stopping through on the 4th or 5th of April - he wants to stop & see you & Gene, I imagine he will be in touch soon.

When should I come down and get those documents? Any time is o.k. except the 15th or 29th of this month.

Best to Evelyn

Guy.
