Dear Don, Evelyn, Pat, Chris

Thank you for your kind acceptance letter, Henry & Frank are waiting for a reply from Francois for possible rescheduling.

I suppose that from the infrequency of my correspondence you properly inferred that I'm as busy as possible. I'm trying like mad to finish my residency requirements this year, and comprehensive exams for me were scheduled for March 20. I'll let you know where I stand the first of April as I will probably be passing that way. Alaric is about to put the wraps on his Dissertation and it looks pretty good.

Lee & I appreciate the Bundles very much, and thank you for the kind thought. They came in very handy for the weekend after Sharon gave them to me we lost our power for 9 hours from 5pm until 2:30 AM.

The driving does get tedious but the roads are usually plowed & the rent is an awful lot cheaper where we are, and it won't be long now anyway.

I've heard from Carl & Karen & Payson & Paula & Susana but the Walrus & Chris haven't responded to my letters - tell them hi for me when you see them.

I heard about EARL'S Good News, what do you suppose the department is going to do for a year?

What are the qualifications for the Cromagnon Project? will it be possible for me to come watch?

More later -
Guy, pretty good
