Dear Mr. Dodson:

ASTOUNDING STORIES' subscriptions are a straight two dollars a year, so for three years the price would be six dollars.

I don't know how you learned that we have bought Dr. Smith's "Triplanetary," but we sure have, and it won't be long before it starts running. It is a gorgeous piece of work, and of course you must not miss it.

Cordially yours,

*W. M. Clayton*
