January 31, 1933.

Mr. Richard Dodson,
507 South Davis St.,
Kirksville, Mo.

Dear Mr. Dodson:

I wrote you but I guess the letter must have miscarried.

Some people put out a little edition of "The Dragon Glass" and if I can get hold of a copy I will send it to you. And, surely, I will be glad to autograph your copy of "The Ship of Ishtar".

If you ever finish that analysis you speak of, I certainly would like to see it. Have several yarns in mind but have been so busy the last couple of months that I have not had time to tackle them.

All best wishes.

Sincerely yours,

A Merritt

P. S. The picture was fine and in the letter that I sent you and that you did not receive, I thanked you for it.
