Hello Dick:

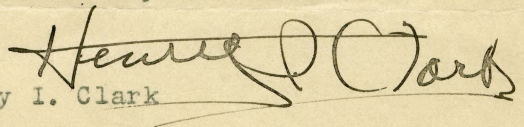

Guess you wonder how and why two letters in a couple of days. Well I've some present news.

We have a new member--Bob Tucker-- he was recommended by Tom Daniels and I guess that is sufficient, but I'll say that his Questionnaire was quite satisfactory and also he is not lacking in enthusiasm or ambitions-- he is working as a projection-est in a theater in Bloomington-- and seems to be excelent "raw material to work with. you will recieve a letter from him soon and please write him one ~~an~~ return. After I get him started I'll let you know what he is working on, at the present I'm getting him acquainted with the activity of the A.I.E. and am sending him the Outline and several other things which will help acquaint him with what we have done.

His Address is
Bob Tucker----P. O. BOX 260----Bloomington, ILL.

Don't forget those PHOTOS Dick, and write as soon as possible. I'm in reality writing this letter Friday night but will mail it Sat. hence the date and they may be on their way before the mail tommorrow. so I'll sign off as it's abt. 11:00 P.M. and I've got plenty to do tommorrow.

I remain as ever your A.I.E. Pal

Henry I. Clark

ON T O M A R S!!

P.S. Why NOT GET YOUR DAD TO FLY YOU OUT HERE
OVERTHE WEEK END SOMETIME THIS SUMMER.
WHY NOT SAY?
