**CERTIFICATE OF APPRECIATION** for Patriotic Civilian Service was awarded to Mayor A. B. Curtis by Col. Richard M. Connell, of the Corps of Engineers at the Chamber of Commerce meeting Monday evening. The certificate, from the Department of the Army, said . . . "Citation for outstanding assistance to the U.S. Army Engineer District, Walla Walla, in the development of the Clearwater River System, especially in connection with the Dworshak Project. His knowledge and experience in local matters and his unstinting devotion of time and effort have been invaluable in obtaining the necessary approvals for road locations including major reservoir bridges at Dent and Grandad crossings, in arranging for fire protection on project lands, in securing housing and schools for the heavy influx, and a master plan for the use of project lands. His foresight and dedication are outstanding and have contributed significantly to the civil works mission of the Corps of Engineers. The award came as a complete surprise to Curtis, and to the amazement and delight of his friends and family, it left the mayor speechless.

Congratulations  
from  
Ben and Faye Bear
