Honorable A. B. Curtis  
Mayor of Orofino  
Orofino, Idaho 83544

Dear Bert:

I chatted on the telephone with Frank McElwee on 13 April 1971. Frank is still with Con Ed in New York.

He said Bill Lapsley would like to hear from you about an inquiry made sometime ago. For some reason, Bill has not been able to make a follow-up contact with you.

As you are aware, our engineers are in the home stretch to make dam closure in September or October 1971. Frank and Bill both would like to come for the event if timing is right.

Best wishes,
