

## BACKGROUND

The Kuna Neighborhood Improvements project is located along North Linder Ave and East Avalon St in Kuna, Idaho. As part of the Ada County Highway District's initiative to expand pedestrian and bike networks, the project responds to observed deficiencies in the existing infrastructure, such as insufficient drainage, poor pavement condition, and inadequate pedestrian facilities.

## ROADWAY DESIGN

## DESIGN TASKS

- Roadway & Sidewalk Modeling
- Pedestrian Curb Ramps
- Earthwork & Excavation
- Markings, Signage, & Utilities
- Traffic Control Plan
- Drainage Facility
- Greenbelt Connection
- Cost Estimate

## PRIMARY DESIGN

- 10' Wide Concrete Sidewalk
- Three Lane Reconstruction
- Planter Boxes for Drainage
- Five Pedestrian Curb Ramps
- Final Plan Set
- **Cost Estimate: \$1,477,000**

## ALTERNATIVE DESIGN

- Asphalt Pathway
- Roadway Surface Rehabilitation
- Drainage Pipe Reconstruction
- One Pedestrian Curb Ramp
- Preliminary Plan Set
- **Cost Estimate: \$ 581,000**

## SPECIAL THANKS TO

### Conсор Staff

Taylor Schwerts, P.E.  
Inna Barchuk, E.I.  
Rob Cleere, P.E.

### Senior Design Faculty

Dr. Fritz R. Fiedler, P.E.  
Erik Arnson, P.E.
