The
Gem of the Mountains

which is the twenty-fourth
annual of the
University of Idaho

Published in nineteen hundred
twenty-six by the Associated Students
of the University of Idaho

Foreword

During the collegiate year of 1925-1926, we have carefully observed our fellow-students in the routine of their academic duties, in the spirit of their intercollegiate contests, and in the pleasure of their social life. As students we have enjoyed these common experiences, but we realize that the pleasant thoughts of true fellowship with college friends and faculty, which are now vivid and seemingly indelible, will gradually fade and pass.

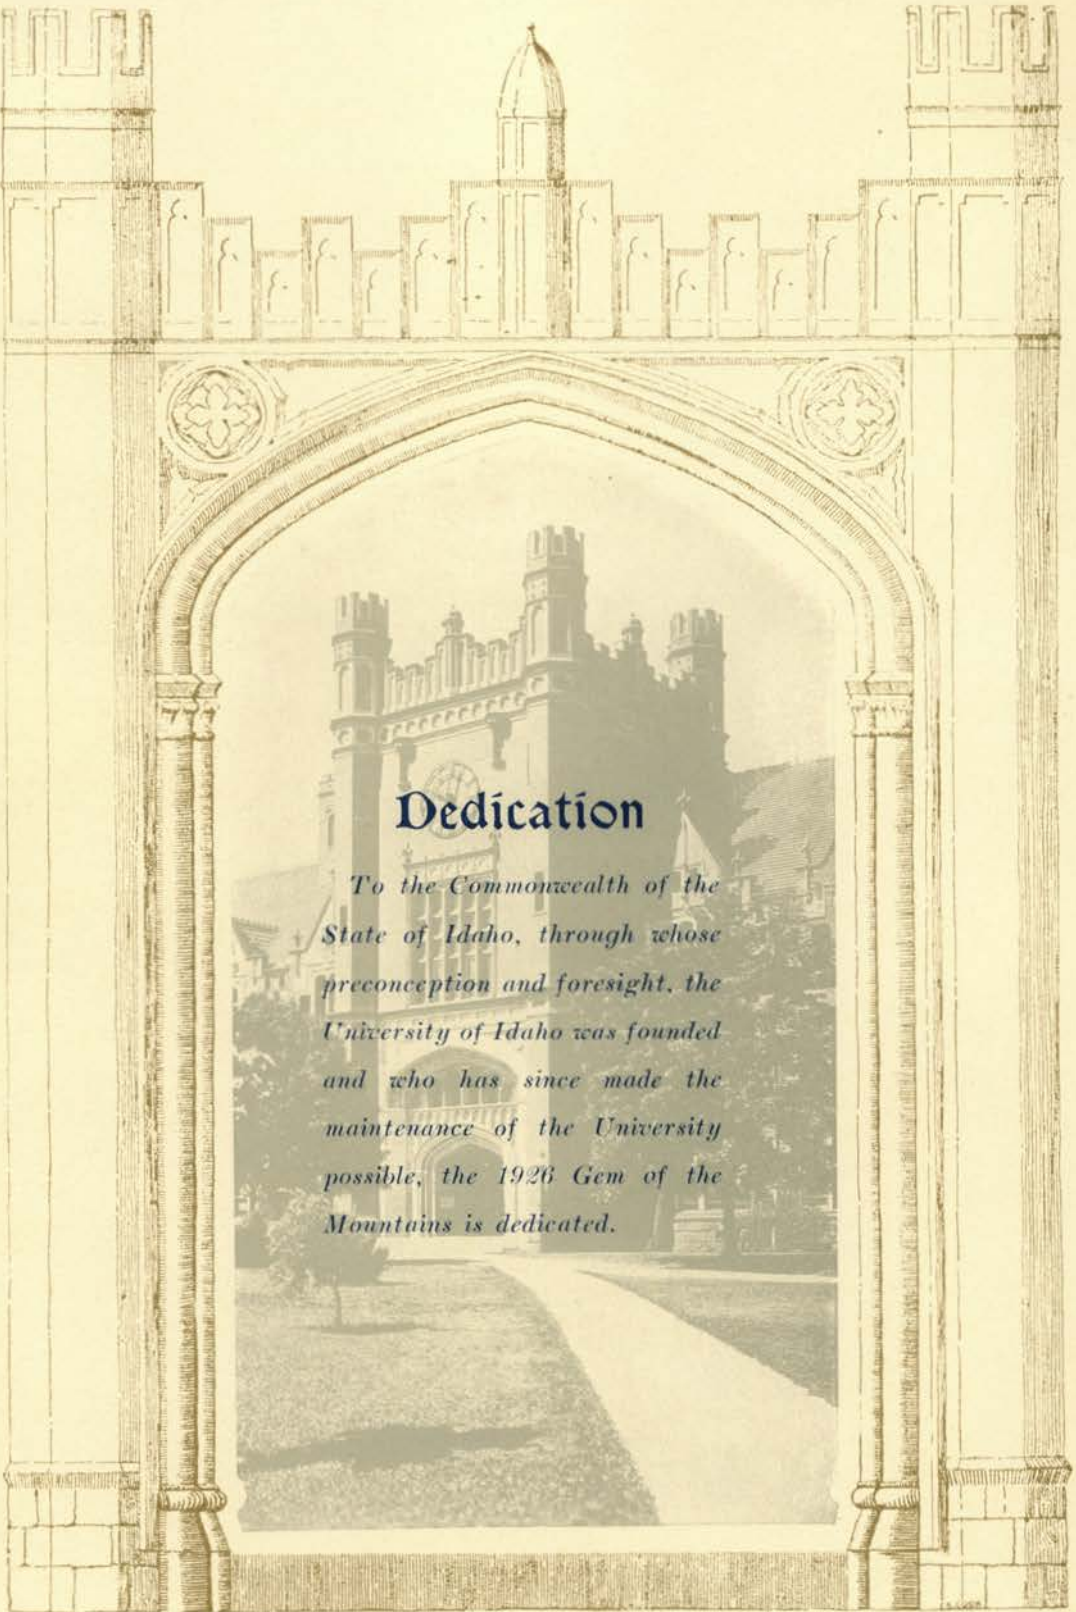

Since it has fallen our lot to serve as the recorders of these observations, we have endeavored to construct this volume so as to portray the twofold purpose for which we believe such a book is intended. First, to preserve memories which in the future will be moments of enjoyment. Second, to be truly representative of Idaho life and spirit, to impart this spirit to those who seek it, and to serve in later years as stimulating memoirs of pleasant days at the University of Idaho.

Dedication

To the Commonwealth of the State of Idaho, through whose preconception and foresight, the University of Idaho was founded and who has since made the maintenance of the University possible, the 1926 Gem of the Mountains is dedicated.

Dedication

*Idaho, we dearly love thee,
Idaho, our hearts unfold,
To the flag unfurled above thee,
To thy silver and thy gold
Idaho, thy sons and daughters
Drink to thee and pledge thy name,
In our hearts that live forever,
Here's to thee, thy
Wealth and Fame.*

UNIVERSITY OF IDAHO

Gem
of the
Mountains

—Idaho—where nature combines beauty in all its forms.

—nature's mirror reflects her own beauty.

—a river winding its way to fertile valleys.

—our heritage of wealth and beauty.

—a scenic gem from the mountains of Idaho.

*—where stalwart pines and murmuring
waters bespeak peace and tranquility.*

—great stores of wealth lie hidden here.

Administration

PRESIDENT ALFRED H. UPHAM.

The Administration Building as it appeared when the University opened, October 3, 1892. During the first year the students, one hundred and thirty-five in number, were all of preparatory grade except six. On the day of opening, President Franklin B. Gault and one other professor constituted the Faculty.

The old Administration Building was destroyed by fire March 30, 1906 and was replaced by our present Collegiate Gothic structure.

The Administration Building of 1926 serving an institution with an enrollment of twenty-two hundred students. The faculty today is made up of one hundred and forty-nine persons.

Twenty-nine buildings, on a campus and college farm of four hundred acres, provide accommodations for instruction, experimentation, and the housing of students. On the campus proper of forty acres there are ten major buildings.

GRADUATE STUDY

DEAN WODSEDALEK

UNIVERSITY LIBRARY

School of Graduate Study

J. E. WODSEDALEK, PH. D., *Director of Graduate Study*

THE AIM of Graduate Study at the University of Idaho is to encourage and promote research and advanced work. While the graduate student is expected to assume the initiative and the responsibility, the purpose of this division is to provide him with the method of independent study and discipline of original research, to the ultimate end that he may contribute to the advancement of knowledge. Unhampered by restrictions that necessarily obtain in undergraduate work, he will come into freedom of association with older scholars, who will seek to make his work profitable to him by giving such aid and direction as he may need.

Graduate Study is under the general supervision of the Director of Graduate Study. In its scope it covers the various schools and colleges of the University, namely: the College of Letters and Science, the College of Agriculture, the College of Engineering, the College of Law, the School of Mines, the School of Forestry, the School of Education, and the Agricultural Experiment Station. At least thirty departments within the above-named schools and colleges offer majors toward the Master's degree. Many of the departments offer several majors and thus the opportunities for specializing are extensive.

Athletics

“Idaho fights”

Coach Mathews
Athletic Director

This is the slogan that has rung in the ears of western sport enthusiasts for the past four years when the Vandal football teams have gone into action. Mentor R. L. Mathews taught that fighting spirit with the tricks and rudiments of the game. He built up powerful aggregations that were feared by the best teams and coaches on the coast. He cleared up the eligibility question for Idaho athletes, and he had a great influence on the morale of the student body.

“Matty” resigned his position this spring as athletic coach of the University of Idaho to accept a coaching offer at St. Louis University, a much larger institution.

David L. MacMillan, for six years assistant director of athletics and head coach of basketball and baseball, was appointed, this spring, temporary director of athletics in the place vacated by Coach Mathews.

Coach MacMillan
Ass't Athletic Director

Coach MacMillan has made Idaho a nationally known institution in the basketball world. No matter what the material he has to work with at the beginning of a season, the students and faculty expect to see a championship team put into action. Although “Mac” suffered a handicap during the 1925-26 basketball season because of injuries and sickness of some of the lettermen, it did not take him long to make a crippled team operate like clock work, and the last five games played meant consecutive victories for Idaho.

Under MacMillan's directorship, Idaho teams have taken one Pacific Coast championship, and two Northwest conference championships. His famous “man for man” defense is now being used in practically all Idaho high schools, and in several of the colleges of the west.

VANDALS

1925 football Season

THE CALL of football practice on September 15 found Coach Mathews and his assistants with a tough schedule and a conspicuous dearth of experienced lettermen. With Stivers, Kleffner, Vesser, Quinn, Tapper, Hausen and Marker gone, the Vandal coach was confronted with the task of building up a new line to replace the veterans who were gone. However with a good bunch of willing, but more or less inexperienced men out, and with Terry, Nelson, and Ray Stephens as a nucleus, work was begun with a rush, and the opening game with the College of Idaho found "Matty" and the team ready. Not over confident, but with a grim determination to get in and fight, was the spirit in which the 1925 Vandals started out on the long grind of a hard schedule. And fight they did, as all Vandal teams have the name of doing, until the last gun was fired at Omaha, on November 27, and the 1925 season was history.

Letters were won by the following men:

Neal Nelson
Wm. Gartin
I. Terry
Chas. Diehl
Ray Stephens

W. York
E. Jones
Ted Bucklin
R. Erickson

REGET SCORES

Gartin

Idaho 16 College of Idaho 14

THE FIRST game proved to be a surprise to the spectators, as the shifty team from the southern part of the state displayed a good brand of ball, holding the Vandals to a 16 to 14 score. The ball was in the C. of I. territory most of the game, but the inexperienced University team did not take advantage of the breaks, therefore the small score.

York

Edelblute

Walmsley

IDAHO AERIAL ATTACK IN PLAY

Idaho 6 Oregon 0

PLAYING a superior brand of football, a vastly improved Vandal team tore through the Oregon team on the Eugene field, winning from them and breaking the famous "Oregon Jinx" for the second time running. The score does not show the power of the Gem Staters' defense, or the speed and versatility of their attack, the Idaho backs being able to gain consistently through the Oregon team for substantial gains. The famous line-plunging Jones, the big Oregon fullback was safely stopped, several times virtually in his tracks by the Vandal forwards. The Idaho goal was never very much in danger, as Oregon lacked the punch to put the ball in scoring distance.

Davison

Reget

A WIDE END RUN

Bucklin

Idaho 7 W. S. C. 6

THE BIG game of the season went as all good Idaho boosters like to see it go, the team bringing home the long end of a 7-6 score. Two field goals in the first quarter by Meeker, the diminutive Cougar quarter-back, found the Vandals on the small end of a 6-0 score at the half. Coming back after the half the Idaho team held the charging W. S. C. backs, patiently waiting for the break they had been coached to play for. Late in the third quarter, the Vandal right end Nelson, tore through the line, scooped up a fumbled ball, and raced across the goal with the tying six points. Reget converted with a neat drop-kick square through the posts, and the Idaho rooters went wild. The break was the downfall of the Cougars, and their spirit was gone, and once more the Vandals had met and vanquished the Cougar.

Stephens

O'Donnell

ON THE GONZAGA DESERT

Canine

Idaho 3 Gonzaga 12

fOR THE first time in a long period of years the Gonzaga Bulldogs nosed out a victory from the Idaho Vandals, and incidentally it was the first defeat of the season for the Silver and Gold team. The game was played in the Gonzaga stadium, in a dust storm that made it hard on the players, and everyone else, for at times it was so thick that play was nearly obscured. Harry Reget made a drop-kick from a difficult angle that gave Idaho her only three points.

Diehl

Jacoby

AN UNEXPECTED PLAY

McDowell

Idaho 14 Montana 20

THE HOME season closed with the Montana Grizzlies, headed by the famous Bill Kelly defeating the Vandals in a last minute rally, 20-14. Idaho led at the half, 14-0, but the Montana eleven came back strong, piling up 20 points in the last half. The defeat was a surprise, as everything pointed to a Vandal victory.

Jones

Baird

DAVISON GETS A PASS

Duff

Idaho 7 O. H. C. 16

OUTWEIGHED, but not outfought, the Vandals closed their Pacific Coast season with a bitterly fought game with the O.A.C. Beavers at Boise. Going into the game stung by three straight defeats, and the odds against them, the fighting men of Mathews' held the powerful Orange and Black team, consistently outplaying them, but the breaks were against them and the score tells the rest.

Terry

Cameron

CAMERON SCORES

Owings

Idaho 7 U. S. C. 51

SIX DAYS after the Gonzaga game the camp of the Vandals was invaded by the U. S. C. Trojans. Under Howard Jones, they were one of the most aggressive aggregations on the coast, and they demonstrated clearly that they were a powerful and versatile team, completely overwhelming their lighter and more inexperienced rivals, emerging with the large end of a 51-7 score. Idaho scored her lone touchdown on a sensational pass of 40 yards from Powers to Cameron, who stepped over the goal for the only score.

Bliss

Powers

YARDAGE THROUGH CENTER

Dean

Idaho 19 Creighton U. 34

WINDING up the season at Omaha against Creighton University on November 27 the Vandals weakened by a long road trip, and with a long list of injuries, dropped the final game by a 34-19 score. The Idaho team was ahead at the half but the strain of the long trip told on them, and in the last half the Creighton backs gained consistently, and piled up a lead that was never headed.

- Nov. 20—U. S. C. at Los Angeles.
- Nov. 25—Creighton University at Omaha.

Thomas

In Commendation

"Size is not grandeur, and territory does not make a nation."—HUXLEY'S APHORISMS.

IT IS THE quality of the students, rather than the size of the institution that determines its strength. Idaho, though a comparatively small university, is classed among the best. The aims of the faculty, of the citizens of the state are being realized. The school was, and is, blossoming out; physically and scholastically.

This development is reflective of the type of students composing the unit. It shows they have purpose, perseverance, and similar qualities. Perseverance is one of the greatest qualities a person can have. It is said to bear more weight than cleverness; a thing that unaided has gained for people success.

Perseverance is a characteristic that is obviously inherent in the athlete that has fought for the University of Idaho throughout his college career. There are flashy athletes and bluff athletes, but they come and go as does a gust of wind. It is the athlete that stays with his purpose through the hard knocks and defeats, as well as the glory of victory, that does his part as an individual to make the university a bigger and better institution.

Idaho under-graduate students regret to see the athletes of the senior class of 1926, who have so courageously and willingly fought for their alma mater, leave the university. Although absent as an active participant in campus activities, the memory of their loyalty, their perseverance, will live in the halls of learning for eons to come.

Idaho athletes graduating in June, 1926 are: Neal Nelson, Ray Stephens, Ted Bucklin, Orville Jones, Wallace York, Gifford Davison, Harry Reget, Henry Canine, Walter Fields, Victor Cameron, Bob Lough, Harlow Campbell, Martel Archibald and Otto Huefner.

FRESHMAN SQUAD

freshman football

THE FROSH football team this year, while not as powerful an aggregation as that of last year, had some good material, that will be an aid to the new coach next fall. There were some good linemen, and a few backs that will be a possibility for the varsity next year. The baby Vandals won most of the games on their schedule however, dropping the last game of the season to the Cougar Frosh, here on the home field by a close score.

Numeral sweaters were awarded Titus Cornell, Darwin Burgher, Donald Smith, Max Rawlins, Leon Pagoga, Cecil Brown, James Rafter, Arthur Cheyne, Rodney Ross, Donald Axtell, Virgil Bates, Lyle Drury, Oliver Hall, Ted Nelson, George Hjort, John Armitage, Harry Spence, John Norman, Howard Gallagher, James O'Brien and Neal Anderson.

Johnson

W. S. C.-Idaho Dual Meet—At Pullman, May 15, 1925

IDAHO'S cinder-path team lost to the W. S. C. track men at Pullman in the annual dual meet between the two institutions. Idaho took three firsts; Sowder first in the mile and Matthews second, Archibald first in the 880 yd. run and Sowder second, Frank Powers first in the high hurdles and H. Powers third. J. Thompson placed in the dashes and Hutchinson took second place in the discus, W. S. C. making a clean sweep in the javelin and weight events.

In a thrilling two-mile race, Lew Williams, Idaho's crack distance man, lost to J. Divine, diminutive Cougar runner, who made the distance in 10 minutes and 1 second.

Points:

W.S.C., 77 1-3

Idaho, 53 2-3

Wagner

Nedros

GOING OVER THE HIGH HURDLES

Mathews

Seattle Relay Carnival May 9, 1925

IDAHO was represented at the Seattle Relay Carnival by the mile and the four-mile relay teams. Idaho's last man of the mile team was nosed out of second place by a scant yard at the tape. The four-mile team failed to place, the competition being especially strong in that event. Stanford amassed enough points to handily take first place in the meet.

Huefner

Hutchinson

TONNAR THROWING THE JAVELIN

Tonnar

Pacific Coast Conference Meet

TEN COLLEGES, members of the Pacific Coast Conference, were represented at the Conference track meet, held at Seattle, May 30, 1925. The "cream" of the coast's track athletes were present and consequently every event was hotly contested and excellent time made. "Lew" Williams, diminutive two-miler, placed second in his event, one of the most spectacular races of the meet. Idaho was represented by H. Powers, F. Powers, L. Williams, J. Thompson, G. Johnson, G. Davison, M. Archibald, N. Nelson, A. Matthews, C. Hutchinson, S. McDowell, and A. Sowder.

F. Powers

FROSH TRACK SQUAD

freshman Track

IN RESPONSE to Coach Mathews' initial call for Frosh track aspirants, fifty Rooks reported and commenced the tedious training. Under the tutelage of "Matty" and the veteran Varsity track men, the squad soon acquired the basic fundamentals of track strategy and were in excellent condition for the first dual meet with the W. S. C. "Cubs," May 13. Due mainly to the spectacular performance of Williams, Cougar distance man, over Cleaver, Freshman ace, the Idaho frosh were defeated by a score of 74 2-3 to 56 1-3. W. S. C. was again successful in amassing the majority of points in the second dual meet held May 27, at McLean Field, the score being 72 to 59.

Track numeral men were Cleaver and Christensen, distances; Chaney and McDonald, pole vault; Calvert and O'Donnell, dashes; Kyle and Canine, field events; Mitchell, hurdles and high jump.

May 22, University of Oregon at Moscow.
May 26, O. A. C. at Moscow.

Coch MacMillan

Erickson

Terry

Lansdon

IDAHO 6 W. S. C. 4

Idaho took the first coast conference game by defeating the Cougars. Being the first game for both teams, little could be known beforehand as to the comparative strength of either.

Erickson pitched airtight ball until the ninth and struck out thirteen men. In the ninth he walked two men and allowed three hits which netted four runs for the Cougars. Becker of W. S. C. held Idaho to four hits and one run until the eighth when a homer by Kleffner with two on bases chalked up two more runs. Cameron repeated with another home run in the same inning, bringing the count up to six.

IDAHO 1 WASHINGTON 10

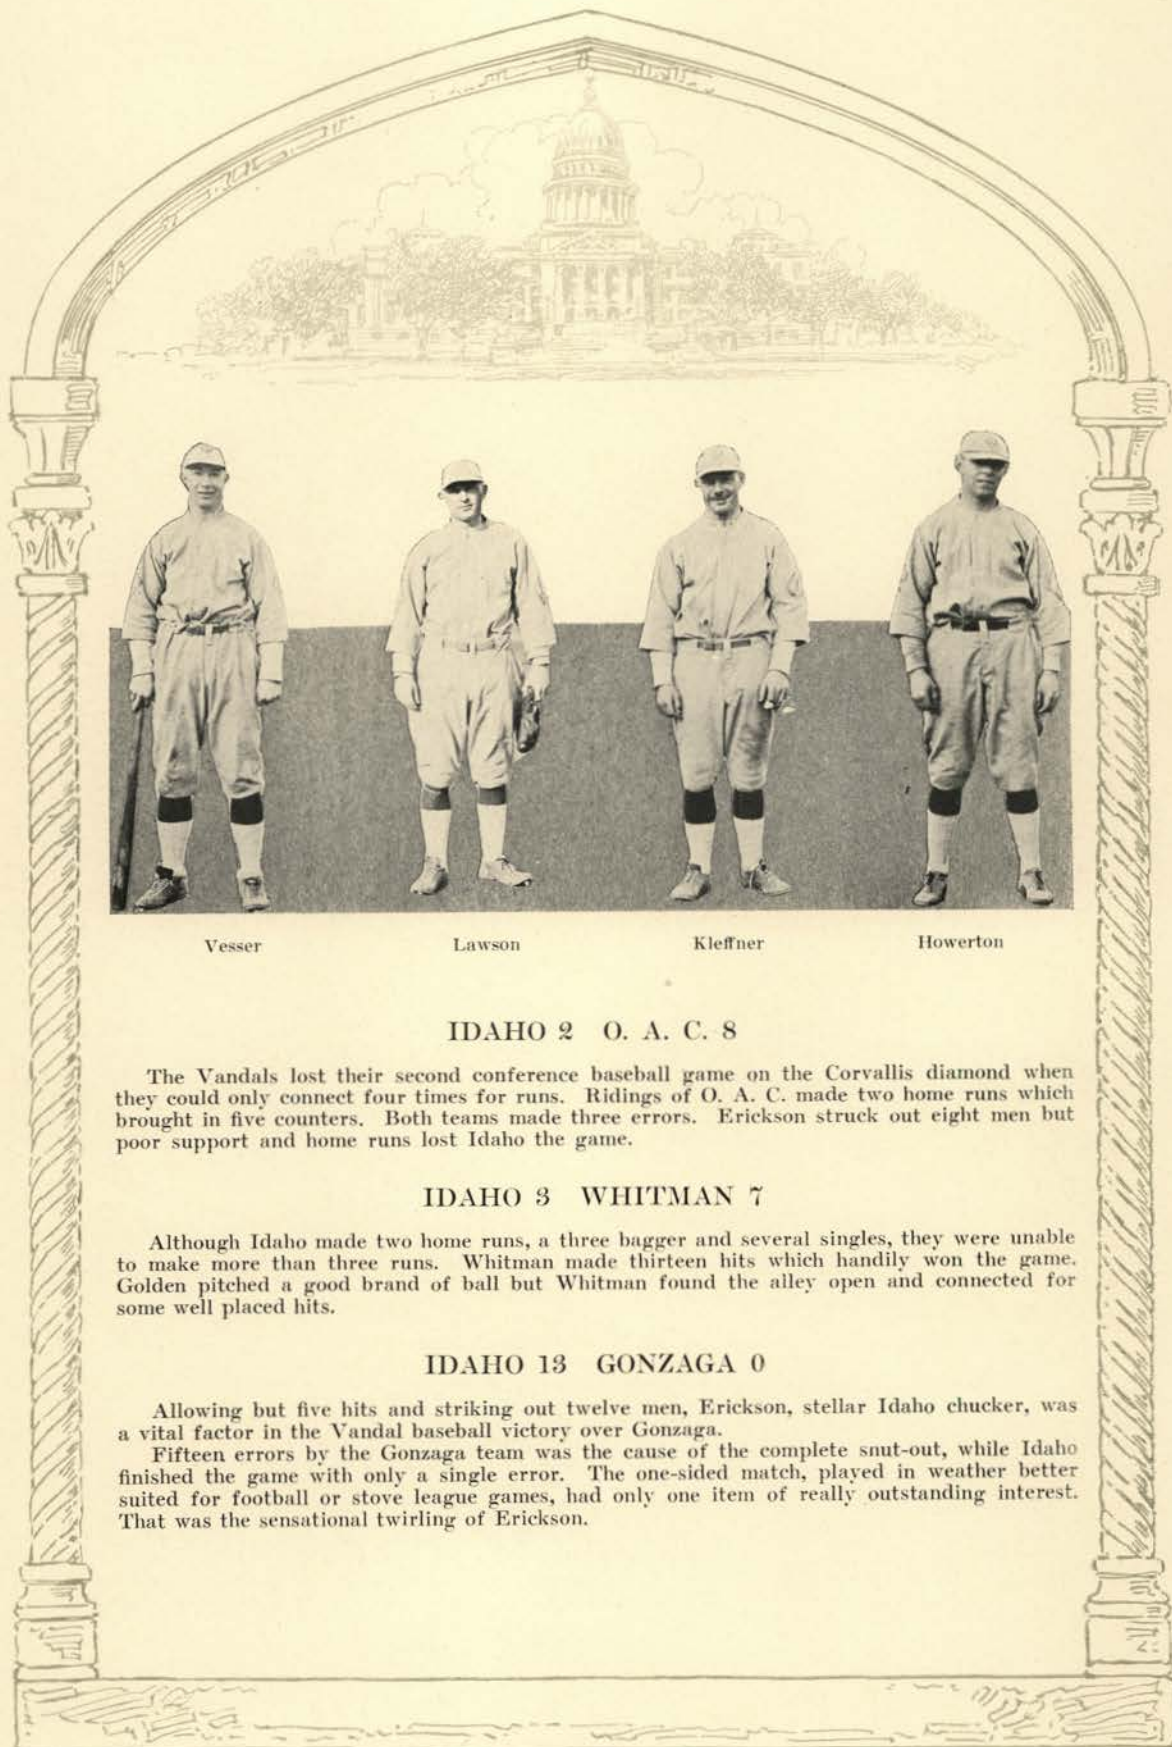

With less than three weeks of practice, the Vandals started on their Coast trip. Two practice games with Fort Wright, College of Puget Sound, and a victory over W. S. C. had given Mac a chance to pick his best men.

Idaho prospects for victory were bright when the stellar Erickson took the box for Idaho. Washington had a perfect day at bat while Idaho was unable to connect. The game was slow and uninteresting with frequent errors.

IDAHO 10 OREGON 7

Traveling to Eugene, still under the sting of defeat handed them at Seattle, the Vandals were determined to win.

Field pitched a heady game for Idaho while Howerton was "there" on the receiving end. In the first inning, Oregon made three hits, one being a home run with the bases full which netted Oregon five runs. Field came back strong in the second inning and sought revenge with mysterious benders and allowed only two more hits during the remainder of the game. Idaho began scoring in the third inning when Wicks knocked a three-bagger with two on. Idaho made ten hits and easily won the game.

Vesser

Lawson

Kleffner

Howerton

IDAHO 2 O. A. C. 8

The Vandals lost their second conference baseball game on the Corvallis diamond when they could only connect four times for runs. Ridings of O. A. C. made two home runs which brought in five counters. Both teams made three errors. Erickson struck out eight men but poor support and home runs lost Idaho the game.

IDAHO 3 WHITMAN 7

Although Idaho made two home runs, a three bagger and several singles, they were unable to make more than three runs. Whitman made thirteen hits which handily won the game. Golden pitched a good brand of ball but Whitman found the alley open and connected for some well placed hits.

IDAHO 13 GONZAGA 0

Allowing but five hits and striking out twelve men, Erickson, stellar Idaho chucker, was a vital factor in the Vandal baseball victory over Gonzaga.

Fifteen errors by the Gonzaga team was the cause of the complete snut-out, while Idaho finished the game with only a single error. The one-sided match, played in weather better suited for football or stove league games, had only one item of really outstanding interest. That was the sensational twirling of Erickson.

Lehrbas

Cameron

Field

Greene

IDAHO 0 WASHINGTON 11

Airtight twirling by Gardner of Washington, inability of the Vandals to connect and a multiplicity of errors on Idaho's part sums up the story of this defeat.

Erickson, Vandal twirler was taken from the game in the fourth inning with a twisted side muscle. Field took the mound when Erickson was taken out, with one hit ahead of him. A pretty double play in the fourth inning was one of the features of the game. Kleffner scooped up a hard bouncer headed for his post at second, leaped to the sack and then hurled the ball to Lansdon at first for the outs.

IDAHO 1 MONTANA 3

Montana took the only game played between the two institutions. Both teams made six hits but some timely drives placed the Bruins on top. The score was tied up to the ninth inning when Montana scored two runs and Idaho was stopped by a double play.

Golden pitched good ball until the last inning when he was relieved by Field. Kleffner, Idaho second baseman, hit a triple and two singles. Lansdon, Idaho first sacker, hit a double, scoring Greene, for Idaho's only tally.

IDAHO 6 W. S. C. 5

Once more the Vandals handed defeat to the Cougars. The Vandals tied the score twice and then brought in one run in the ninth inning for a victory.

Although play seemed loose from the standpoint of errors, Field, Idaho twirler, allowed but five hits. Washington State made nine errors and the Vandals had four checked against them. In addition to his work on the mound, Field connected in the sixth for a three-base hit, netting two scores.

Sullivan

Wahl

Buckholtz

IDAHO 2 GONZAGA 8

Smarting from their shut-out two weeks previous, the Gonzaga nine evened up the series at one all, in a contest marked by heavy hitting on the part of Gonzaga and costly errors on the part of the Vandals.

Gonzaga played an errorless game while the Vandals were given credit for five. Field and Golden alternating in the box, delivered creditably for Idaho. Howerton was on the receiving end. Features of the game were Flaherty's circuit blow in the fourth and two two-baggers by Lawson.

IDAHO 8 OREGON 5

The Webfooters voyaged to Moscow and were determined to even up the series and seek revenge on the Vandals for the trimming they had been administered at Eugene.

Erickson chucked during the entire contest and Howerton received his offerings. Idaho put the game on ice in the first three innings when they added their eight counters. Oregon managed to get in five hits for a total of five runs. Lehrbas hit a three-bagger in the eighth but his team mates were unable to score him.

IDAHO 4 O. A. C. 1

Turning the tables on O. A. C., the Vandals continued to win. Idaho displayed an unusually good brand of ball and connected with Tebb's curves for seven good hits. O. A. C. was limited to three hits. Erickson, being back into good form, retired seven stickers after they had taken the count of the umps.

O. A. C. had a strong aggregation and Idaho had completed a good season by winding up on the Beavers.

FRESHMAN BASEBALL SQUAD

frosh Baseball

IDAHO'S yearling baseball team proved to be one of exceptionally good players and heady workers.

The team split honors with the Cougar yearlings and beat several of the strong neighboring high school teams.

Numerals were not awarded to frosh baseball men but those who were outstanding players were—Walmsley, Campbell, Welker, Jacoby, Murray, and Simmons.

Next year the frosh will play scheduled games and all Frosh will be encouraged to enter into the sport. Plans for a suitable practice ground are under way and freshman baseball will be a major freshman sport for which numerals will be given.

Cross Country

Cleaver

Matthews

Triangular Cross Country Meet

University of Washington U. S. C. Idaho

DURING the fifteen minute lapse between halves of the U. S. C.-Idaho football game held on McLean Field, October 30, the three five-man teams of the University of Washington, Washington State College and the University of Idaho ran the first cross-country race of the 1925 season on the home field. The course covers approximately three and one-half miles, the starting and finishing laps on the varsity track and a difficult run over the adjoining Palouse hills. The powerful and experienced Washington team garnered sufficient points to place first, Washington State was second, and the Idaho team finished a close third. Don Cleaver, one of the new men of the team, finished in second place.

Idaho's team included A. Matthews, student coach in charge, Don Cleaver, Frank Mooney, W. Pierce, and E. Jennings.

Mooney

Fletcher

Jennings

Pacific Coast Conference Cross Country Meet

THE PACIFIC Coast Conference Cross-Country championship was determined on November 7, on Idaho's regular three and one-half mile "hill-valley" course. The University of Oregon, Washington State College, and the University of Idaho each entered a five-man team. Immediately after the gun closing the first half of the Montana-Idaho football game, the entrants were lined up at the starting point, instructed, and given the signal to start the long "grind." Cleaver of Idaho and Divine of W. S. C. fought for the lead the entire distance, alternating on the front position until the last quarter mile when they pulled up even and fought neck and neck to the tape, terminating the race in a "dead heat" or tie. Matthews was a close third with Mooney, Pierce and Fletcher scattered among the remaining contestants finishing the race. W. S. C. won the meet with Idaho in second place.

Art Matthews and Don Cleaver were the only two members of the team to receive the official award for supremacy in the athletic event. The entire cross-country team will return to school for competition in 1926.

THE 1925-1926 basketball season was one of the most unusual of any since the Vandals have been in the Pacific Coast Conference. Starting off the season with a series of defeats by several clubs and independent teams, the team made a strong comeback and ended the season tied for second place with O. A. C. The last game of the year scheduled with W. S. C., was canceled at their request and consequently was a forfeit. The team at the last of the year showed flashes of the old-time form, that has made the name of the Idaho

Vandals one to be feared all through the conference. The team lived up to its usual reputation of being invincible on its own floor, winning a large majority of its games played at home. The start of the season found the Vandals confronted with a long trip to the coast playing all the northern teams, which was disastrous, the team returning to Idaho with a record of six losses, and a victory over their old rivals, the U. of W. After the men were home, and at full strength, they were practically undefeatable. The outlook for next year's team is a rosy one, as all the men will return with the exception of Neal Nelson, three year veteran, but will be reinforced by the return of George Greene, guard on the 1924 team. Miles and Nedros led the team in scoring and Walt Remer was most accurate in shooting fouls. A brief resume of the schedule will tell the story.

IDAHO 28 MONTANA STATE 24

The season started off with the Vandals taking a close and exciting game from the Montana State Bobcats by a margin of four points. The Montana team were returning from a barnstorming trip and were playing exceptional ball, but the lead piled up by Idaho early in the game was never headed.

IDAHO 32 CHENEY NORMAL 40

The first game of the barnstorming trip was dropped to the Cheney Normal five. Cheney was fortunate in having a team of veterans, and this, coupled with the fact that they were on the home floor, spelled defeat for Idaho.

IDAHO 29 LEAVENWORTH 30

IDAHO 27 LEAVENWORTH 33

IDAHO 36 LEAVENWORTH 35

The team next traveled to Leavenworth where they played a three game series with the All Stars, most of whom were former Idaho men. Headed by "Oz" Thompson, this club played a brand of basketball that was sufficient to nose out two of the three games played.

IDAHO 34 S. A. A. C. 28

Returning to Spokane, the Vandals trimmed the clubmen to the tune of 34-28.

IDAHO 50 KELLOGG 28

Going on up into the mountains, the Vandals repeated their feat of the night before, piling up a total of 50 points on the Kellogg town team.

IDAHO 49 COEUR D'ALENE 26

The Coeur d'Alene Elks were the next victims of the Idaho five, being trimmed by a large score.

IDAHO 40 LEAVENWORTH 27

IDAHO 24 LEAVENWORTH 31

The home season started with the Vandal five splitting a two game series with Leavenworth All Stars. The games were both fast, the last game being very rough, with many personal fouls called on both teams.

Nedros

Coach MacMillan

Miles

IDAHO 24 CHENEY NORMAL 18

The early season defeat by Cheney was revenged, the home team taking a slow game by a safe margin. The Cheney team seemed unable to break through the tight defense put up by the Idaho quintet.

IDAHO 19 U. OF MONTANA 18

This game was one of the closest, and most exciting games of the year. With but two minutes to play, Field, the big Idaho guard was fouled while attempting to make a shot, and threw in one basket to tie the score. He followed this with another counter, the one point being the necessary one to tie a knot in the Grizzlies' tail.

IDAHO 24 U. OF OREGON 34

The first game of the coast trip was dropped to the veteran Oregon team. The combination of Westergren-Okerberg was too much for the Vandals, and the score tells the rest.

IDAHO 24 O. A. C. 31

Journeying over to Corvallis the Vandals dropped a game to the O. A. C. club by a margin of seven points. The game was much closer than the score tells, the outcome being in doubt till the final whistle blew.

IDAHO 17 OREGON 37

Returning back to Eugene, the Vandals dropped a second tilt to the championship Oregon five. It was simply a case of a powerful team that was too good for the inexperienced Idaho team, and the final score indicates the power of the Oregon attack.

Erickson

Nelson

Jacoby

IDAHO 29 WASHINGTON 26

Going up north to Seattle, the Idaho five did the unexpected, trimming the Husky five by a narrow three points. The team played like veterans in this game, and although they were without the services of Eddie Nedros, the result of the game was never in doubt. As the Seattle papers put it, it was just a case of "too much Miles and Nelson." The Idaho team after the disastrous Oregon trip went into this game doped to lose, but the fighting Idaho spirit turned the trick.

IDAHO 21 WHITMAN 34

The next upset was the defeat of the Vandals by the Whitman quintet at Walla Walla. After the victory over the Husky team, the prediction was that Whitman would be easy, but, playing on their own floor, the Missionary five played real ball to win the game.

IDAHO 24 MONTANA 35

Journeying on over into Montana, the Vandals met another upset, and the Grizzlies stung by the defeat at Moscow, took a hard-fought game from the fighting Idaho team. Montana too, has a reputation for being hard to beat on their own floor.

IDAHO 21 GONZAGA 35

Coming back to Spokane, on the way home, the Vandal five lost a rough hard-fought game to the Gonzaga Bulldogs.

Canine

Remer

Lamphere

Field

IDAHO 27 W. S. C. 24

Home at last, with the remainder of the schedule on the home floor, the Vandals took a side trip over to Pullman, and took their ancient rivals into camp. The issue of this game was never in doubt, as the Idaho team played a large number of substitutes, content to merely hold a lead over the Cougar five.

IDAHO 31 U. OF WASHINGTON 27

The Vandals next repeated their victory over the Husky five, taking the long end of a 31-27 score. The game was hard fought, the feature of it being the almost impregnable defense of the Idaho team, the Huskies having to resort to long shots, being unable to work the ball under the basket.

IDAHO 23 O. A. C. 14

The next game was a walk-away, the O. A. C. five being unable to make any headway at all, against the iron defense of the Vandals, who piled up a lead that was never headed. The playing of Dawald at guard for Idaho was the feature. The O. A. C. team play a style of ball that while it is nearly mechanically perfect, does much to slow up a game, and the game was slow as a result. The Vandals in this game looked like a championship team, and it was a surprise that the game was so easy.

Canine

Lefevre

Kyle

Dawald

IDAHO 41 WHITMAN 23

Another defeat of the coast trip was wiped out, the Vandals trimming the Missionary quintet by an overwhelming score. The game was slow, as may be seen by the score, the lighter and inexperienced visitors being unable to do a thing with the Idaho club who had found their strides, and were playing a high class brand of ball. Coach MacMillan used several of his substitutes in this game, as the regular five were never in danger of being headed.

IDAHO 31 GONZAGA 29

In the roughest and fastest game of the season the Vandals trimmed the Bulldog five by a narrow two points. The lead see-sawed back and forth, the outcome of the game being in doubt until the final gun went off. Many personal fouls and much protesting of decisions marred the contest. In the last three minutes Red Jacoby, the flashy little Idaho guard threw a basket from the center of the floor to tie the score. He followed this with another one a minute later to give Idaho the two point lead which they held till the end of the game.

freshman Basketball

THE FRESHMAN basketball team, at the start of the season looked like a comer, but for some unaccountable reason they could not seem to get together, and play with the smooth, and easy style that a team with such material should. However, the frosh won a majority of their games, and will furnish some good material to Coach MacMillan for the varsity five next year.

Those who won numerals for basketball are:

SCHEDULE OF MATCHES

January 23	- -	W. S. C. at Pullman	February 6	- -	U. of O. at Moscow
February 13	- -	U. of W. at Seattle	February 27	- -	W. S. C. at Moscow

THE UNIVERSITY of Idaho wrestlers were thrown for a 46 to 28 defeat by the Washington State College grapplers in the first meet of the season, January 23, at Pullman. The Vandals took two of the five matches.

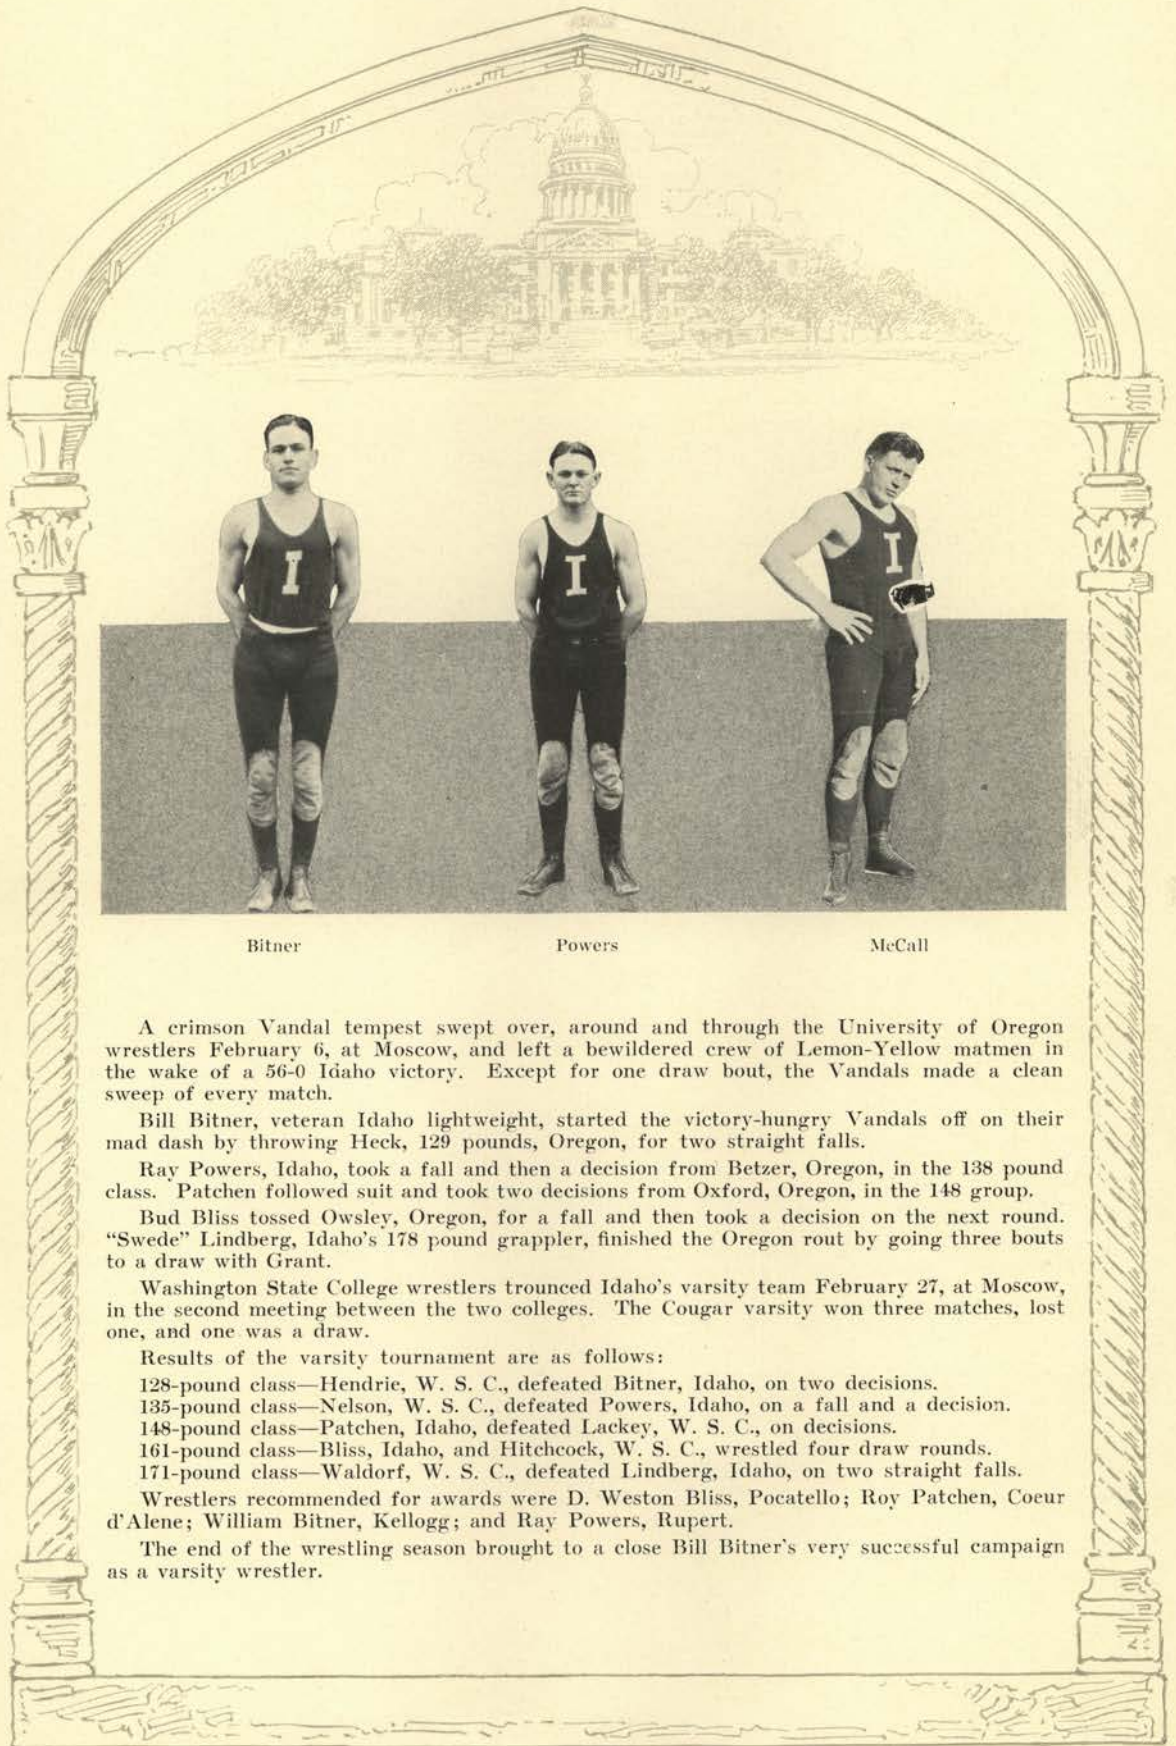

The feature of the afternoon was the tussle between Bud Bliss, Idaho captain and coach, and Hitchcock, Washington State, in the 161 pound class. Bliss took a fall, then Hitchcock came back and took a decision. The third bout was close with Bliss getting the decision.

Bill Bitner lost a fall and decision to Hendrie, W. S. C. in the 128 pound class, while Scheinost, W. S. C., took a fall and decision, in the 138 pound class.

Patchen won the 148 pound match by taking a fall and decision, while Lindberg, Idaho, lost two decisions in the 178 pound class.

February 13, at Seattle, the University of Idaho defeated the University of Washington matmen by a score of 17 to 14. The Vandal men won three of the five matches, and showed marked supremacy over Washington.

Bill Bitner, Ray Powers, and Bud Bliss turned in victories in their matches and Patchen and Lindberg lost by close decisions.

Bitner

Powers

McCall

A crimson Vandal tempest swept over, around and through the University of Oregon wrestlers February 6, at Moscow, and left a bewildered crew of Lemon-Yellow matmen in the wake of a 56-0 Idaho victory. Except for one draw bout, the Vandals made a clean sweep of every match.

Bill Bitner, veteran Idaho lightweight, started the victory-hungry Vandals off on their mad dash by throwing Heck, 129 pounds, Oregon, for two straight falls.

Ray Powers, Idaho, took a fall and then a decision from Betzer, Oregon, in the 138 pound class. Patchen followed suit and took two decisions from Oxford, Oregon, in the 148 group.

Bud Bliss tossed Owsley, Oregon, for a fall and then took a decision on the next round. "Swede" Lindberg, Idaho's 178 pound grappler, finished the Oregon rout by going three bouts to a draw with Grant.

Washington State College wrestlers trounced Idaho's varsity team February 27, at Moscow, in the second meeting between the two colleges. The Cougar varsity won three matches, lost one, and one was a draw.

Results of the varsity tournament are as follows:

128-pound class—Hendrie, W. S. C., defeated Bitner, Idaho, on two decisions.

135-pound class—Nelson, W. S. C., defeated Powers, Idaho, on a fall and a decision.

148-pound class—Patchen, Idaho, defeated Lackey, W. S. C., on decisions.

161-pound class—Bliss, Idaho, and Hitchcock, W. S. C., wrestled four draw rounds.

171-pound class—Waldorf, W. S. C., defeated Lindberg, Idaho, on two straight falls.

Wrestlers recommended for awards were D. Weston Bliss, Pocatello; Roy Patchen, Coeur d'Alene; William Bitner, Kellogg; and Ray Powers, Rupert.

The end of the wrestling season brought to a close Bill Bitner's very successful campaign as a varsity wrestler.

FRESHMAN WRESTLING SQUAD

frosh Wrestling

AS a preliminary to the W. S. C.-Idaho varsity wrestling match held at Pullman, January 23, the Washington State "Cubs" defeated the Idaho frosh by a score of 50 to 28.

In the second meet between the frosh of W. S. C. and Idaho held at Moscow, February 27, the Washington State "Cubs" repeated and again won the meet by taking three out of the five matches.

Results of the yearling battle were:

- 128-pound class—Brown, Idaho, defeated Veeder, W. S. C., one fall.
- 138 pounds—Noyes, Idaho, won two decisions from Hackett, W. S. C.
- 148-pounds—Junick, W. S. C., won two decisions from Tanning, Idaho.
- 161-pounds—Driscoll, W. S. C., won a fall and a decision over McCoy, Idaho.
- 176-pounds—Isenhardt, W. S. C., won two decisions from Jacobs, Idaho.

Freshmen wrestlers recommended for numerals were Bennie Brown, Twin Falls, and Sherman Noyes, Orofino.

Tennis

VARSITY TENNIS SQUAD

Tennis

SCHEDULE OF MEETS

May 9—Whitman at Walla Walla.

May 23—Washington State at Pullman.

Tennis

TENNIS at the University is a very popular pastime, not because it is a minor sport, but because it provides such wholesome outdoor recreation. Idaho has six excellent courts which are busily engaged throughout the fall and spring.

In the spring of 1925, as soon as the weather permitted, the various courts became alive with the many aspirants trying out for some of the top positions in the ranking tournament. There were over one hundred men and women who took part. When this process of elimination was completed, two teams were chosen. The members of the women's team were Evangeline Bennett, Hazel Roe, and Rose Pruess. The personnel of the men's team included Paul Bieler, Ralph Spence, Clifford Coons, and John Wagner.

Six Idaho tennis players met the Whitman College team at Walla Walla, May 9, in a dual meet, the first of the season. The Idaho players lost all the matches except one set of mixed doubles which Evangeline Bennett and Ralph Spence won, 8-10, 6-4, 6-4. Those making the trip were Paul Bieler, Ralph Spence, Cliff Coons, Evangeline Bennett, Rose Pruess and Hazel Roe.

Bieler lost to Eunrose, 6-4, 6-3, 6-0; Spence lost to White, 7-5, 6-4, 6-3; and Coons lost to Taylor, 6-4, 6-4, 6-3.

On May 23, the Idaho racket team invaded the Washington State College camp. An interesting meet was held and the Idaho representatives made a creditable showing although they were on the short end of the score due to superiority in technique and execution on the part of the W. S. C. team members.

Spence

Bieler

Coons

By superior playing in the course of the ranking tournament matches, Ralph Spence, Paul Bieler, and Clifford Coons earned the right to represent Idaho in the varsity matches.

MIXED DOUBLES

Roe

Bennett

Pruess

Hazel Roe, Evangeline Bennett, and Rose Pruess successfully defeated their opponents in the ranking tournament and were chosen on the women's tennis team to play for Idaho.

FACULTY COURTS

Intra-mural

Mitchell

Norman

Chaney

Diehl

SIGMA NU

Intra-mural Track

VARSITY track letter men are not permitted to compete in their particular event because of the "dampening" effect it has on the untried participants. Much interest was shown and there were plenty of entrants for every event. No time was announced but some very creditable showings were made. The Sigma Nu's were victorious with the Alpha Tau Omega's placing in a close second place.

Pi Beta Phi

PI BETA PHI sorority was awarded the Elizabeth Kidder Lindley Scholarship cup for attaining the highest scholastic average among the women's groups for the year 1924-25.

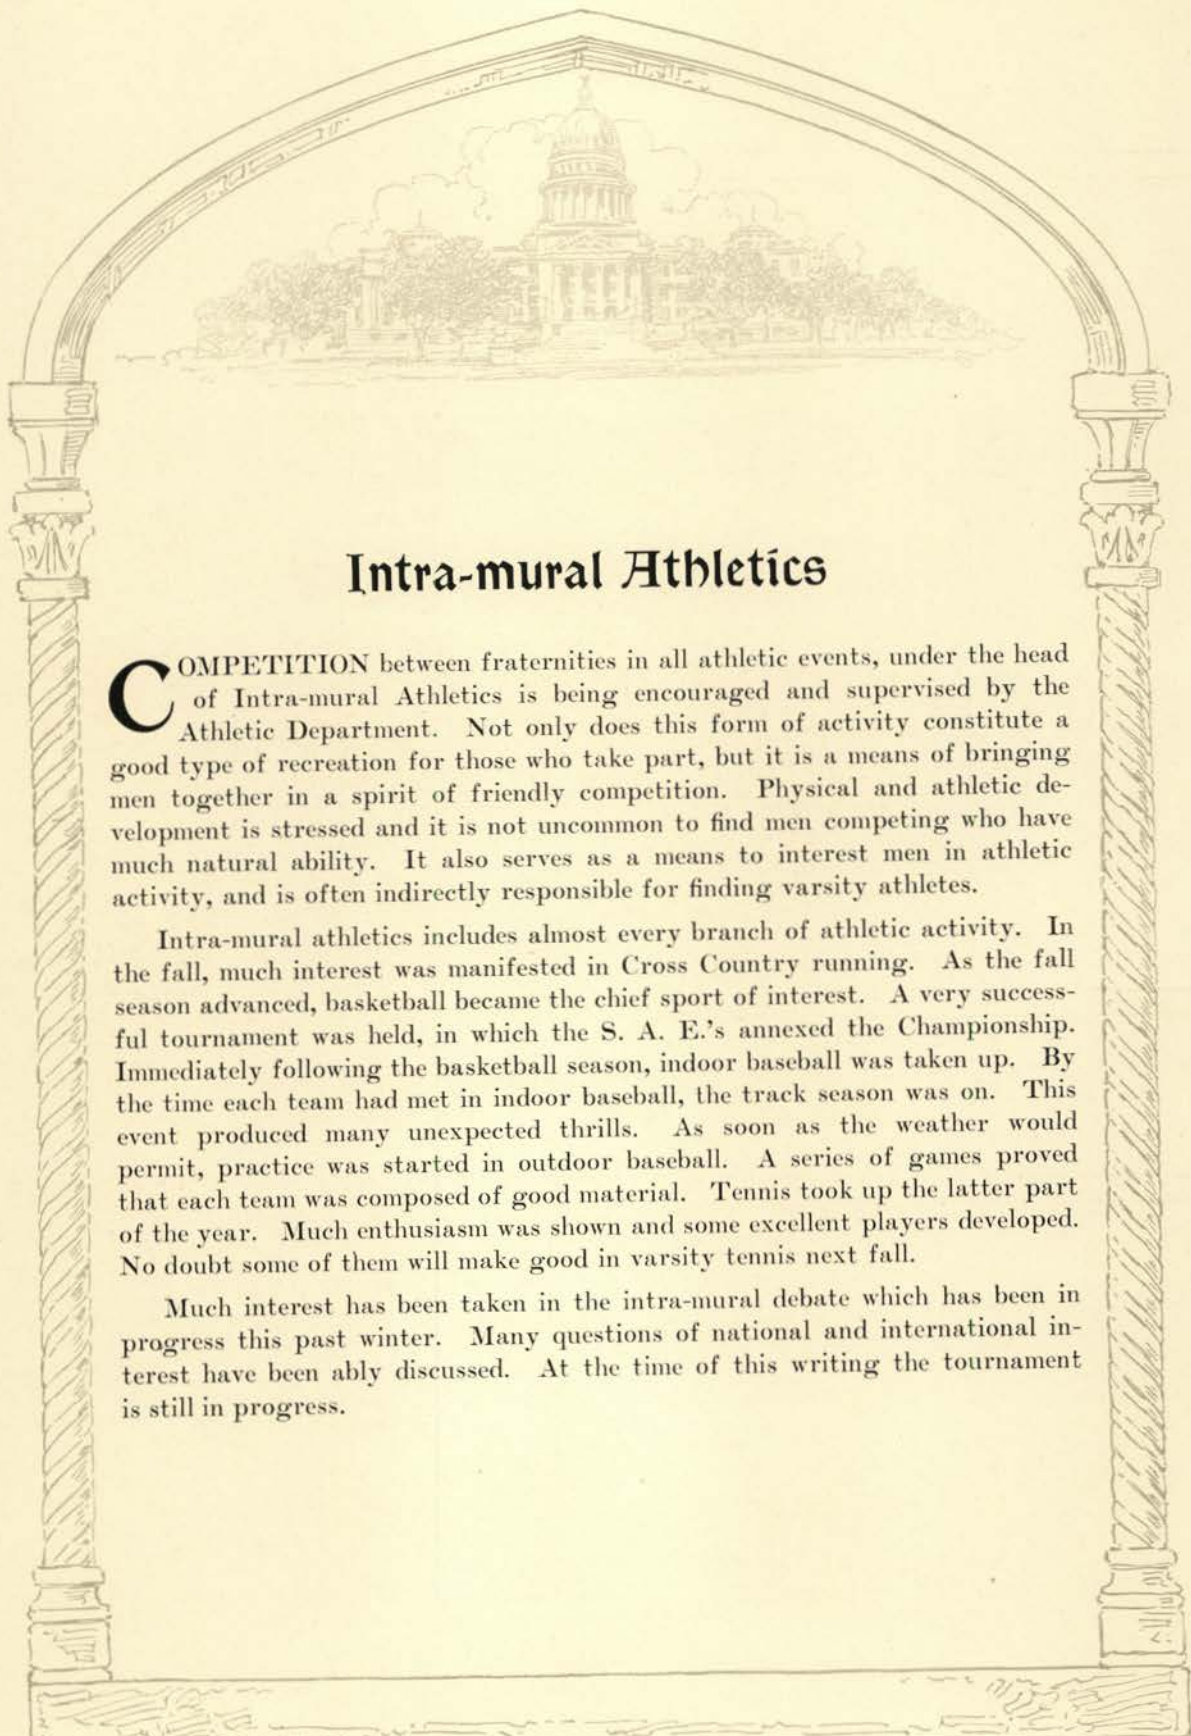

This is the second consecutive year that Pi Beta Phi has won the cup and should they win it again this year, the cup will become their permanent trophy.

Tau Kappa Iota

TAU KAPPA IOTA fraternity was awarded the Burton L. French Scholarship cup for attaining the highest scholastic average among the men's groups for the year 1924-25.

In 1923-24, this cup was won by Sigma Chi who triumphed over Sigma Alpha Epsilon by one-thousandth of a point. No one group has won this cup for two consecutive years. In order to become a permanent trophy, the cup must be won for three consecutive years.

Intra-mural Athletics

COMPETITION between fraternities in all athletic events, under the head of Intra-mural Athletics is being encouraged and supervised by the Athletic Department. Not only does this form of activity constitute a good type of recreation for those who take part, but it is a means of bringing men together in a spirit of friendly competition. Physical and athletic development is stressed and it is not uncommon to find men competing who have much natural ability. It also serves as a means to interest men in athletic activity, and is often indirectly responsible for finding varsity athletes.

Intra-mural athletics includes almost every branch of athletic activity. In the fall, much interest was manifested in Cross Country running. As the fall season advanced, basketball became the chief sport of interest. A very successful tournament was held, in which the S. A. E.'s annexed the Championship. Immediately following the basketball season, indoor baseball was taken up. By the time each team had met in indoor baseball, the track season was on. This event produced many unexpected thrills. As soon as the weather would permit, practice was started in outdoor baseball. A series of games proved that each team was composed of good material. Tennis took up the latter part of the year. Much enthusiasm was shown and some excellent players developed. No doubt some of them will make good in varsity tennis next fall.

Much interest has been taken in the intra-mural debate which has been in progress this past winter. Many questions of national and international interest have been ably discussed. At the time of this writing the tournament is still in progress.

Women's Athletics

Co-ed Physical Education

THE P. E. department has grown very rapidly under the competent supervision of Miss Jacobson and Miss Cowan. They have furthered women's athletics in many ways in the one year that they have been here. The enthusiasm and loyalty shown by them has won the respect of every girl working with them and contributed to their success.

Elimination of inter-house competition has been wrought, relieving us of the problem of forcing girls to play for their house when they are not interested. The substitution is the squad system in place of the teams in class athletics. We find that through this method there is more interest in class tournaments and fairer distribution of points.

Through the influence of Miss Jacobson and Miss Cowan the curriculum has been enlarged so that more girls may win their "I" sweater before the last semester of their senior year. We have several sweaters on the campus this year. The curriculum now includes basketball, volleyball, baseball, tennis, rifle, hiking, swimming and track.

<i>Hiking</i>	- - - - -	SYBIL FELT
<i>Tennis</i>	- - - - -	ROSE PREUSS
<i>Rifle</i>	- - - - -	HAZEL ROE

THE AIM of the Women's Athletic Association is to further interest in women's athletics, to recognize athletic ability, true sportsmanship, and to encourage a feeling of good fellowship among the women of the University.

Rifle

RIFLE promises to be one of the most prominent activities in the athletic department. This is the only branch of Women's Athletics in which we have intercollegiate competition; and out of our six matches with other colleges, we have won two. A squad of fifteen was picked a short time before the matches began, and the first team and alternates were chosen before each match. Points are given to those who have shot in a majority of matches, and have the highest scores.

Swimming

WITH the taking over of a small Natatorium by the P. E. Department, we are trying to add swimming to our spring sports. Many girls have shown their interest in aquatic sports; and the "Nat" is more than full most of the time.

SENIOR TEAM

Volleyball

VOLLEYBALL is classed as a major sport. Practice began soon after registration with a large turnout and lots of enthusiasm. Volleyball, being less strenuous than other sports, attracts many girls who otherwise might not gain the spirit of competition, comradeship and sportsmanship.

The inter-house tournament was played off first, Forney Hall proving to be the strongest team. The members of the team were: S. Felt, (Captain) H. Roe, D. Manning, R. Eldridge, M. Partner, C. Nacke, H. Dalton, and G. Griffith. The last two being subs.

Following the inter-house tournament, the sport was ended with a Round Robin class tournament, in which the Seniors took the lead. The following were the members: D. Manning, (Captain) S. Felt, F. Howard, H. Roe, G. Emery and H. Austin, and E. Backus, J. Hansen, substitutes.

FORNEY TEAM

SOPHOMORE TEAM

Basketball

BASKETBALL still holds first place in our list of sports. We have had a fine turnout all during the season; and in spite of the fact that the season has been longer than usual, the girls have stayed with it faithfully, while the class finals were played off with zest and enthusiasm. The Sophomores upset all dope this year by winning from the Freshmen, who for the last five years have taken the championship.

The members of the Sophomore team are: T. Smith, B. Rugg, M. Partner, D. Sowder, H. Stellman, D. Trebert. P. Claire, G. Smith, Subs.

House basketball was open only to the girls trying out for class teams. Ridenbaugh won the tournament.

The members being: K. Nelson, G. Newport, O. Trebert, H. Stellman, G. Handy, H. Austin. Sub.—Marion White.

Baseball

WITH so many girls turning out for Baseball, it can well be called our most popular sport. Tournaments are limited to class games only. We practice from 4:00 to 5:30 o'clock on our diamond, near the center of the Campus. Our practice session is concentrated, and our tournament is played off with zest and good spirit, which makes it full of interest and fun for the players and spectators.

Hiking

HIKING is one of our most enjoyable sports. It is individual in nature, any girl can take advantage of it in her spare hours. It is possible to make 50 points a semester, or 100 a year in hiking, which puts it on a par with other major sports. The rules for earning points are walking not less than three miles; and reporting the hike to the sport manager not less than three days after going. Sixty miles is the distance required and amounts to 50 points toward earning a sweater.

Idaho Pep Band

PERSONNEL

Trumpets—Ross Woods, Fairley Walrath, Milton Nunamaker, Maurice Nelson.

Clarinets—Sam Hutchings, Howard White, Clair Walden, Eugene Beebe, Paul Atwood, Tom McGonigle.

Trombones—Sven Moe, Howard Taylor, Roy Bolinger, Roland Swanson.

Horns—Cliff Reem, George Benson, Ryle Lewis, Melvin Fuller.

Drums—Charles Terhune, Brick Elrod, Lambert Cannon, John Taylor.

Baritone—George Johannesen.

Bass—Robert Reed.

Piano—John Taylor, William Lambdin.

The Pep Band this year made its annual trip around the Northwest in which it played in the following towns: Spokane, Coeur d'Alene, Boise, Nampa, Caldwell, Walla Walla, Baker, Pendleton, Twin Falls, Weiser, and Lewiston.

It was organized seven years ago and since then has served the triple function of advertising the university, playing for the athletic games and in furnishing music for the various entertainments on the campus. This year the annual Pep Band Show was given in the fall and the band was featured in concert, dance, and special numbers.

VESPER RECITALS

Vesper services are held on Sunday afternoons at the University auditorium. The Glee Club, University Orchestra, Cadet Band, Stringed Quartet, music students, and music faculty help to make these pleasant.

She walks in beauty, like the night
Of cloudless climes and starry skies;
And all that's best of dark and bright
Meet in her aspect and her eyes;
Thus mellow'd to that tender light
Which heaven to gaudy day denies.

One shade the more, one ray the less,
Had half impair'd the nameless grace
Which waves in every raven tress,
Or softly lightens o'er her face;
Where thoughts serenely sweet express
How pure, how dear their dwelling-place.

And on that cheek, and o'er that brow,
So soft, so calm, yet eloquent,
The smiles that win, the tints that glow,
But tell of days in goodness spent,
A mind at peace with all below,
A heart whose love is innocent!

Society

My first year of college is finished and what a wonderful time I had! I thought I was tired of books but now I find myself running through the old collection—that one with the worn red cover must be my Spanish text—the large blue one is full of history notes—. But what is the wee interesting-looking black leather one? How could I forget my engagement book? My freshman year is over and one of the happiest years of my life but this little book is filled from cover to cover with memories that will never be forgotten. I believe I'll just look through it now.

SEPTEMBER 19. Bury the Hatchet dance, my first college dance. Just the sophomores and freshmen were there and still it seemed to me I had never seen so many strange faces. Everyone was nice and I had a lovely time although I was disappointed in having no programme for my memory book. I was rather disturbed about the "hatchet" but found out it was only the college way of settling frosh and sophomore difficulties. There is so much to learn when one is a freshman but I must pass on to—

OCTOBER 3. The Foresters' dance. I can smell the odor of pine trees now when I think of this dance. I could hardly recognize the old gym it was so transformed into a tiny forest. Shaded lights sent a rosy glow over us all with a very pretty effect. I was so thrilled when I danced the "Foresters' Special" as everyone stood around and watched us. I have my program yet packed away in a big box with loads of others.

OCTOBER 10. This was the night of the Ag. "Bawl." I had the best time! Everyone was dressed in some funny costume and it was all so informal. I had never been to a dance quite like this before. We all marched around the gym in a big line while the judges looked us over. I was so surprised when I was presented with the box of candy for the best girl's costume. I dressed in such a hurry, I never dreamed I'd be so lucky. When we were tired of dancing,

we sat around on bales of hay and ate apples. The gym was decorated with strings of corn-cobs, apples, pumpkins and stacks of hay in true farm fashion and cider and doughnuts were served to us. The orchestra carried out the idea in their uniforms of overalls and straw hats. Some of them even painted freckles on their noses.

OCTOBER 17 seems to be the next date. The Athletic Ball—my first formal! I can hardly think of it in the same breath with the "Ag Bawl." It was so dignified and I felt so proud in my new evening dress. I can't decide which is nicest, formal or informal dances. Streamers covered the walls and ceiling of the gym and a huge football was arranged in the center of the room. Our programs were tiny, red leather footballs with a white "I" on the cover. I was so pleased with mine. I was a little bit frightened during the grand march and receiving line although I did enjoy them and arrived early so as to be sure and not miss either.

OCTOBER 24. The Co-ed Prom was the best party! I met so many new girls, and renewed old high school acquaintances. I had been so busy with school that I hadn't even seen some of my old friends before. I dressed as a boy with a funny old suit and hat and took my chum. We both had a good time. About 10:30 we discovered a boy in our midst but he didn't stay long after that. I think he was really quite bold to come to a girls' party.

NOVEMBER 11. It was Wednesday night but we had a holiday and were allowed to attend the American Legion dance at the gym. It seemed quite nice to be able to go on a week night just as the seniors do and still not break a rule. There was quite a crowd at this dance as everyone wanted to help the American Legion. The decorations were of red, white and blue befitting the occasion.

DECEMBER 11. Imagine it—I went to the senior formal. I felt quite small and insignificant among all the seniors but really they are not as dignified as one would imagine. I soon felt quite at home. They gave their dance at the Blue Bucket which made it especially enjoyable and the music was heavenly. The programs were so dainty, in black and white, the senior colors. I was quite impressed by it all and long for the day when I'll be a distinguished senior.

DECEMBER 12. The Intercollegiate Knights gave the first dance in December and already we had turned our thoughts toward Christmas. The decorations were carried out in red and green with evergreen trees and streamers. A clever lighting effect was produced by a large red bell formed over the center light with green shades covering the others. A Christmas motif was used on the programs. The whole atmosphere filled me with excitement and I could hardly wait for Christmas to come. I have never been to a peppier party.

DECEMBER 23. The "I" men No thrill can equal that I experi- hero after another and even the couldn't say a word. When the in the three fireplaces and we all was just like the college stories I

I gave a big dance at the Beta house. enced when I danced with one school coach. I was so in awe of him I dancing was finished they built fires joined in singing Idaho songs. It used to read about in books.

FEBRUARY 6. The Spurs gave a dance at the Blue Bucket. There was a nice crowd there and everyone was happy with the final examinations over. I watched them dance the "Spur Special" and I was proud that I could call most of the girls by name. I think I would like to be a Spur when I'm a sophomore.

no programs so there is one break in my little collection of souvenirs. Nevertheless, I'm sure I'll always remember one of the best times of my freshman year.

FEBRUARY 22. Mortar Board took advantage of our half holiday on Washington's birthday to give a unique "Spinsters' Skip." It was surely a novel idea to have the girls ask the boys for dates; and I was so excited, because at last I had an opportunity for a date with my "secret sorrow." He quite lived up to my expectations and I enjoyed myself immensely. The dance was so informal and all the more appreciated since it was given on a week day. We were given

FEBRUARY 27. I shall never forget my very first Military Ball. Formals have always thrilled me, but this one just surpassed them all. As I stood in the doorway of the Blue Bucket Inn and gazed at the shining crossed swords above the door, and the fellows strutting about in their handsome uniforms, I felt as if I were truly transplanted into a military atmosphere. And how proud I was to stand by the side of my lieutenant in the grand march! I am still treasuring my program of brown leather; and the little silver sabre that I received as a favor will always remind me of the wonderful time I had.

MARCH 13. Bizad dance—what a queer name! Oh yes, I remember now. That was the dance sponsored by the business fraternities, Pi Beta Gamma and Alpha Kappa Phi. I just had the best time! The orchestra was so peppy, and during the feature dance we were given the most ridiculous little paper hats of every imaginable color. I know we all must have looked awfully silly, but we were too busy having a good time to think about that.

MARCH 20. The Ag. Carnival—More fun! Really, the very thoughts of it make me laugh! There seemed to be nothing lacking to furnish amusement—booths of all kinds and descriptions, gypsy fortune tellers, side-shows, and all sorts of ridiculous costumes that served as a perfect background for the “hayseeds” that swarmed the gym. An old time bar, where cider was liberally dispensed rivaled a “forty-niner” dance hall in popularity. I was having such a hilarious and noisy time that even when twelve o’clock came I hated to leave.

APRIL 9. The Junior Prom at last! My very first prom—how long had I looked forward to it, and how afraid I was that I might not have a chance to go. But fortune was with me, and on the eventful night, I found myself clad in a new evening dress, in the gym once more. But how different it looked! The clever juniors had completely transformed it by means of Turkish panels, hundreds of bright streamers, and colored lights. I got such a thrill out of the grand march, which was a real fashion parade. And when I looked enviously at the juniors proudly dancing the special, it seemed to me I could scarcely wait till I might be a junior too. I shall always treasure the program of my first prom—with the tiny Turkish crescent and star.

APRIL 30. Though I confess I hadn't anticipated the Junior Cabaret as much as the Prom—I surely had a good time, since it was the first dance of that kind I had attended on the campus. The feature dancers I enjoyed especially.

APRIL 17 is the date of the Miami Triad dance. I must admit to my secret shame, that being a dumb little frosh I was blissfully unconscious of what constitutes the Triad. Nevertheless my ignorance did not prevent me from having a good time and I was quite thrilled by the serenade afterward.

APRIL 23. The Sophomore Frolic—just one more good time added to my long list. Once more I found myself in the gym, and in the midst of a very clever spring dance. The sophomores managed to conceal the ugly old walls entirely and the programs surely will be an attractive addition to my memory book.

MAY 1. Another formal! I was so tickled to be invited to the "I" Club formal, because I enjoyed their last dance so much. The sight of one member of the exclusive "I" club just thrilled my little freshman heart a lot, and the fact that I was a guest at their dance was my most secret vanity. I had a marvelous time—and the memory of this dance stands out as one of the most pleasant of my freshman year.

A Dramatic Appreciation

The success of the year's dramatic productions has been largely due to the work of John Cushman, David Nyvall, Jr., and Talbot Jennings.

The *Annual Song and Stunt Fest* was the independent work of the students of the several classes.

The *May Festival*, the dramatic feature of Campus Day, was directed by Mrs. William Michael and Miss Lillian Wirt.

Mr. Nyvall, Jr. arranged the music for the commencement play, *The Man Who Married a Dumb Wife*, which was directed by Mr. Cushman.

Mr. Jennings, Miss Burke, and Mr. Cushman collaborated in writing this year's Pep Band Show, *The Tea Hawks*, music for which was composed by Mr. Nyvall, Jr.

Walter Hackett's *Captain Applejack*, was produced by the Advanced Play Production Class under the direction of John H. Cushman.

The dramatic finale to the semester, *Romeo and Juliet*, was revised by Talbot Jennings and presented by John Cushman.

The Curtain, the honorary dramatic fraternity, will sponsor the Commencement production of 1926.

The Stunt fest, 1925

JOHNSON'S DREAM

Presented by the Class of '26

THE JUNIORS carried off all honors in this year's Stunt Fest by winning both the stunt and the song. The song was composed by Miss Opal Hunt. The stunt, written by Mr. Blaine Stubblefield, was the portrayal of the career of a frosh as viewed through the eyes of his doting parents. The scene was laid in the office of the President of the University.

Debate

Prof. Michaels
Coach

Montgomery
Manager

Debate

SOME three years ago when Idaho was looking for a new coach the interest in Debating and Oratory had declined almost to the vanishing point. Since the coming of Coach Michaels and largely through his ceaseless efforts the interest and participation in debate has been greatly improved. From a schedule of only two debates with poor crowds and practically no competition for a place on the teams Idaho now has a complete schedule of seven good debates with good interest in debate and fine turnouts for the team. In the last two years we have chosen our opponents from the best available including such teams as the Oxford University for last year and the University of California and the University of Southern California for this year.

Likewise women's debating, which did not exist at all prior to three years ago, has been taken up and is proving itself to be well worth a place in the student body activities.

Intra-mural debates, which were taken up only last year, have been continued and are developing more interest as they allow a larger number of students the actual opportunity of participation in debate.

OREGON-WASHINGTON-IDAHO TRIANGULAR DEBATE

Disney

McClellan

Peavy

W. S. C.-IDAHO DUAL DEBATE

In short we can say that great progress has been made in the past few years and that never before was the outlook for debating more promising than it is today.

The men's debating schedule began on January 16 with a single debate with Gonzaga in Spokane. The question was: "Resolved, That it is more consistent with the economic welfare of the whole country that congress should so amend the Commerce Act as to take from the Interstate Commerce Commission the power to permit the railroads to charge more for a short than a longer haul." The subject was well chosen and in keeping with the general plan to make debating as interesting as possible to the public, as the long and short haul vitally concerns Spokane. Idaho took the negative and Gonzaga the affirmative. The Idaho team was composed of Herbert Wunderlich, J. L. Simmons, and Edwin Becher, who put up a fine case but the decision was two to one for Gonzaga.

OREGON-WASHINGTON-IDAHO TRIANGULAR DEBATE

Simmons

Becher

Wunderlich

GONZAGA-IDAHO DEBATE

A week later, on the 23rd of January, Idaho met the University of California, at Boise. The debate was held in the high school auditorium before a good audience. The question was: "Resolved, That our national defense should be reorganized under one cabinet officer with three coordinate divisions; army, navy, and aviation." The Idaho team was composed of Warren Montgomery and Frank Wyman. Idaho took the affirmative and while they lost the debate they presented the subject very well.

On the 28th of February the Oregon-Washington-Idaho triangular was held. The question was the same as in the California debate. Oregon, last year's winner, repeated again. The Idaho team was composed of Ben Mahoney and J. L. Simmons, who debated in Moscow against Oregon, and Edwin Rule and Warren Montgomery, who debated against Washington at Seattle.

Freese

Reading

W. S. C.-IDAHO DUAL DEBATE

On the first of April Idaho met Washington State College in a dual debate. The question was: "Resolved, That the eighteenth amendment should be repealed." Edwin Becher, George Freese, and Alvin Reading represented Idaho at Pullman, and Dwight Disney, Sidney McClellan, and Arthur Peavy met the opposing team at Pullman. It was a non-decision debate.

The last debate on the schedule was with the University of Southern California at Moscow. The question was: "Resolved, That war, except in cases of invasion or internal rebellion, should be controlled by a direct vote of the people." Idaho took the affirmative and U. S. C. the negative. Warren Montgomery and Ben Mahoney represented Idaho and presented a well prepared case. The debate was non-decision.

Collette

Women's Debate

THE WOMEN for the first time had two debates on their schedule this year. The first one was with Washington State College on the fourth of December. The question was: "Resolved, That the Immigration Act of 1924 should be amended to admit the Japanese on an equal basis with the Europeans." Idaho was represented at home by Dorothy Darling, Helen Milliken and Maurita Miller. At Pullman the Idaho team was composed of Marjorie Albertson, Marjorie Simpson and Jean Collette. The debate was decided by the audience in each case and the vote each time was for W. S. C.

The final debate of the year for the women was a triangular with Washington and Whitman. The question was: "Resolved, That present freedom granted youth tends toward a higher type of personality and character." Marjorie Albertson and Maurita Miller debated Whitman at home and Marjorie Simpson and Helen Milliken met the University of Washington at Seattle. The debate was a non-decision debate and one of the most successful of the year.

Military

Military

Col. E. R. Chrisman

THE RESERVE Officers' Training Corps is the visible source from which the nation must draw the vast number of trained junior officers who must lead its forces in the event of a great war. It has been proven that the leading of troops in modern combat requires a higher degree of efficiency and training than ever in the past, so by the wise forethought of Congress, a law was enacted whereby Military Science and Tactics shall be included in the curricula of all educational institutions receiving financial help from the government, such as land grant colleges.

The Military Department at the University of Idaho has long been recognized as an important unit of the University. This department has taken its place on an equal footing of importance and dignity with the other college departments. It has a definite course of theoretical and practical instruction, including discipline and training in the direct and practical methods of accomplishing results characteristic of military procedure which is one of the greatest benefits to the students in their future careers in civil life. Such a course enriches the educational resources of our University.

The Military Department is a growing unit. Each year there is an increasing interest in the advanced course which affords college men the opportunity to get a reserve commission in the Reserve Corps. The present strength of the Military units at the University consists of one regiment, which in turn consists of three battalions.

Each year the advanced course men have the opportunity to attend a six weeks' summer camp at Camp Lewis, Washington. Here the men are especially trained in marksmanship, scouting and patrolling, and in practical problems of tactics. The camp program consists of the practical application and theory of the rifle, automatic rifle, machine gun, howitzer weapons, Tactics, Field Exercises, Field Engineering, Musketry, Scouting and Patrolling, Bayonet, Interior Economy, and practical demonstration by troops of all arms from the regular army.

At these camps which are entirely free from expense to the students, the government provides all equipment of latest design, including uniforms, furnishes transportation and subsistence and arranges for healthful recreation and amusement.

Chrisman

Regular Army Men

EDWARD R. CHRISMAN, Colonel U. S. A. Retired.

Colonel Chrisman has been connected with the Military Department of the University for fifteen years. He is largely responsible for the growth and recognized importance that the Military Department now has.

FRANCIS R. FULLER, Major, Infantry D. O. L.

This is Major Fuller's first year at the University. He has acted as Executive Officer and has proven very valuable as an instructor.

BENJAMIN B. BAIN, Captain, Infantry D. O. L.

Captain Bain came to the University four years ago. He has proven especially valuable as an instructor in the use of the machine gun and the larger weapons.

CHARLES H. HART, JR., First Lieutenant, Infantry D. O. L.

Although this is only Lieutenant Hart's second year at the University, he has instilled in the cadets a high interest in military drill and tactics and is a very popular instructor.

EUGENE NAGELE, Staff Sergeant.

Sergeant Nagele has been with the University for over seven years and besides instructing, also handles reports.

LONIE WOODS, Staff Sergeant.

For the past six years Sergeant Woods has been connected with the University Military Department and devotes much of his time to the instruction of the first-year cadets.

Judging Teams

Stucky D. Warren Fales Lamphere
 Derrick Hickman (Coach) Peterson

Livestock Judging Team

THIS fall at the contest at Portland five states were represented. Each team was composed of five men and out of this entire group Idaho had four men in the first six. The contest was won by the Idaho team with a score of 4295 out of a possible 5000. The next nearest team was 140 points behind. Ralph Stucky was high point man on the Idaho team and of the entire contest.

The stock judging team this year maintained the high standard that it has set for the past several years. Out of thirteen years of competition at The Pacific International Livestock Exposition, Idaho stock judging teams have placed first five times; second, five times; and third, twice. During this time they have met teams from Utah Agricultural College, Oregon Agricultural College, Montana Agricultural College, Washington State College, University of California, and University of British Columbia.

The prospects for next year are good for a team that will place well up in the rating.

Brinkman

Anderson

Kibler

Cagle

T. Warren

Atkinson (Coach)

Dairy Cattle Judging Team

IN CLOSE competition with teams representing the leading colleges of the Northwest and Canada, Idaho's Dairy Cattle Judging Team placed third at the Pacific International this year. British Columbia, a Canadian team, walked away with first place but not until Oregon Agricultural College and Idaho put in a strong bid for the coveted position. During the seven years that Idaho has competed at the Portland show, the Dairy Cattle Team has never been lower than third in a contest and has taken more than her share of firsts and seconds.

Under the excellent leadership and coaching of Professors Atkison and Anderson, the Dairy Cattle Team has set a high standard for itself and it is expected that Idaho will uphold this standard in the future as they have in the past.

Bever

Irving

Hulbert (Coach)

Raeder

Grain Judging Team

THE UNIVERSITY of Idaho Grain Judging Team, in a close contest with teams from Oregon and Montana, took second place at the 1925 Pacific International Livestock Show, held at Portland, Oregon. There was only thirty-five points between the winning and losing teams. Competition was the keenest in history of the Pacific International, each team being pointed for the contest. Idaho's Grain Judging team last fall ranked higher than any of her grain judging teams of previous years.

The average of the team was 88.5 per cent. Wayne Bever of Lapwai, was high point man on the Idaho team and second high point man of the contest, scoring 2110 points out of a possible 2200. Lewis Raeder of Moscow was second high point man on the Idaho team and fifth in the contest. Royal Irving of Rupert placed third on the team and sixth in the contest.

Much credit is given Professor H. W. Hulbert (Coach) for the able showing made by the team.

THE CURTAIN is a dramatic fraternity composed of student and faculty members who have passed certain eligibility requirements in dramatic work at Idaho in acting, playwriting or play production. The purpose of the Curtain is to further dramatic activities at the University of Idaho; to make a study of acting, playwriting, and play production; to establish on the campus certain ethics of the theatre; to encourage, through its alumni the production of desirable amateur plays throughout Idaho.

The annual commencement play is presented under the auspices of the Curtain. Last spring the famous French play—"The Man Who Married A Dumb Wife" was produced. This Spring Talbot Jennings has dramatized the Battle of Lexington and is giving in "Homespun" a fitting tribute to the two hundred and fiftieth anniversary of our independence. This is his second long play to be produced at the University and playgoers are looking forward to it with eagerness.

“I” Club

THE “I” Club is an organization which includes all men of the University who have been officially awarded a letter for participation in intercollegiate athletics according to the provisions of the Associated Students organization. It was formed as a common meeting ground for all athletes, to aid in keeping Idaho athletics clean, and to build up the University’s athletic activity.

Associated Miners

OFFICERS

President - - - JOSEPH SKIDMORE *Secretary* - - - - THOMAS WHITE
Vice-President - - NORMAN WHITE *Treasurer* - - - - OTTO HUEFNER

The Associated Miners, more commonly known as the "Muckers' Club," was organized in 1899. Its membership is composed of the faculty and students of the School of Mines.

Meetings of the Club are held every two weeks. Its purpose is to broaden the technical student's understanding of Mining Engineering and allied subjects. This is accomplished by having prominent mining men talk on technical problems.

The Associated Engineers

OFFICERS

<i>President</i>	- - - - -	PAUL S. BALLIF
<i>Vice-President</i>	- - - - -	RICHARD C. BEAM
<i>Secretary-Treasurer</i>	- - - - -	HOMER T. CURTIS

This organization has for its purpose the furthering of the professional atmosphere, and promoting closer cooperation between practicing engineers and students.

The Ag Club

OFFICERS

<i>President</i>	- - - - -	WILLARD LAMPHERE
<i>Vice-President</i>	- - - - -	NEIL DERRICK
<i>Secretary</i>	- - - - -	LEWIS RAEDER
<i>Treasurer</i>	- - - - -	DAVID FALES

THE AG CLUB is composed of all members of the College of Agriculture. Its purpose is to further interest in agriculture among the students and to promote extra curricular activities.

Each year the Club sponsors a "Little International" stock show and judging contest. The students take part in competitive judging contests of all agricultural products. In the evening a stock show is held of the animals fitted by the students. The "Ag Bawl" is the main social event of the season.

The Idaho stock judging teams hold an enviable position in the Pacific Northwest. Intercollegiate judging contests are held each year in animal husbandry, dairy cattle, dairy products, and grain judging.

GEORGE M. AUSTIN	<i>Associate Justice</i>	PAUL HYATT
MILTON ZENER	<i>Clerk</i>	GEORGE PAULSON
DWIGHT DISNEY	<i>Treasurer</i>	DWIGHT DISNEY

THE Bench and Bar Association was organized in 1912. Its membership includes all of the students regularly enrolled in the College of Law. The purpose of the Association is to promote social and intellectual intercourse among its members; to preserve and enrich the traditions of the law school; to develop and foster among its members respect and honor for the legal profession; and to unite with the faculty in the development of well trained lawyers toward their highest usefulness in private life and public service.

The Bench and Bar has established and successfully maintained the "Honor System" in the law school. In this field it is a pioneer, being the first school of the University to adopt the "Honor System." The Association is active in securing prominent lawyers, jurists, and law makers as speakers before its meetings, thus perfecting a better understanding of the practical problems of the legal profession. It cooperates with the faculty in forming the personnel of the "practice court" making it possible under a well-trained instructor to perform all the procedure of the modern trial courts. The association is at all times ready to promote and support all movements toward the realization of its objects.

THE Association of Pre-Legal Students was organized in 1925. Its membership includes all students regularly enrolled in the University of Idaho who signify their intention of studying law. The purpose of the association is to stimulate fellowship among students intending to study law; to acquaint the members with the requirements, standards and activities of the legal profession, and to better prepare for the study of law.

The English Club

1925-26

President - - - WALLACE C. BROWN
Vice-President - - - ADA YOST
Secretary - - - MAURITA MILLER
Treasurer - - - WARREN MONTGOMERY

COMMITTEE CHAIRMEN

Program - - - SARAH TROUSDALE
Membership - - - MARY HELPHREY
Book Shelf - - - PAULINE MITCHELL

IN THE good old days the English Club was a popular organization to which everyone belonged and which no one attended except once a year to elect officers. Then, in 1917, with the coming of Dr. G. M. Miller as head of the English Department, a new era began. From that time the English Club has been one of the most active and influential organizations on the Idaho Campus.

In addition to stimulating an interest in English through regular programs, the club each year has made a definite contribution to dramatic or literary activity at Idaho. It first revived dramatics, a department now under the direction of John Cushman of the English Department. In 1923 the club sponsored "The Blue Bucket," a student magazine of literature and humor which has now been taken over by the A. S. U. I.

For the last two years the club has maintained a circulating library of new fiction, "The English Club Book Shelf"; and has sponsored an art exhibit of famous original paintings for students, faculty members and Moscow townspeople.

Eligibility to membership is based upon excellency and interest in English, and upon participation in dramatics, journalism and debate. English instructors and English majors are ex-officio members.

Home Economics Club

President - - - ANNA MARIE LEITHE Secretary - - - - BERNICE SUPPIGER
 Vice-President - - - MILLIE MCCOY Treasurer - - - - HELEN JENSEN

THE Home Economics Club was organized for promoting good fellowship among the girls of the department and an interest in Home Economics work. All women in the University who are enrolled in Home Economics are members of the Club. The girls have charge of the Co-Ed Prom, and in the spring an exhibit is given of the work done in the department.

ATTELIER Idaho was organized on the campus in the fall of 1925. It is composed of students registered in the Architectural Curriculum. The purpose of the organization is to promote a feeling of fellowship not only between the students themselves, but also between the students and faculty of the department. Whenever it is possible, visiting architects are invited to speak, and thereby help to link the practical with the theoretical side of the profession.

THE Young Women's Christian Association is an organization which tends to promote Christian Fellowship and bring about good in the world through a knowledge of a Supreme Being. The aims of the Y. W. C. A. are chiefly to lead students to faith in God through Jesus Christ, to lead them into membership and service in the Christian faith and church, and to influence them to devote themselves, in united efforts with all Christians to making the will of God effective in all human society, and to extend the kingdom of God throughout the world.

<i>Membership</i>	- - - - -	GEORGE WATERS

THE Student Young Men's Christian Association of the University of Idaho is a non-sectarian organization. It has for its ultimate aims the development of Christian character; the promotion of fellowship among the students; the fostering of the highest ideals on the campus; the encouragement of high scholarship and clean morals among men; and the training of Christian leaders.

Through a program of discussion groups, weekly meetings, open forums, deputation trips, intercollegiate conferences, social activities, and through associating itself with the International Student Young Men's Christian Association the organization seeks to attain its objectives.

Active membership is open to all student and faculty men of the University.

THE PURPOSE of the Westminster Guild is to train young women for leadership and to develop a symmetrical young womanhood.

Membership is extended to any woman of Presbyterian preference who is in sympathy with the purpose of the organization. The University Chapter of Westminster Guild was organized in 1922 and is affiliated with the national organization of Westminster Guild.

Meetings are held monthly throughout the school year. The two special events are an annual banquet and play which are given by the members of the chapter.

Daleth Teth Gimel

DALETH Teth Gimel are Hebrew words meaning Associated Town Women. Every woman enrolled in the University, living off the campus, in or around the city of Moscow, is urged to join this organization. She becomes a member on a two-thirds vote of the club. The object of the association is to provide for the social and civic betterment of its members; to advance and strengthen Idaho spirit, and to preserve Idaho traditions.

Stray Greeks

GEORGE MILNES AUSTIN	- - -	<i>Phi Kappa Sigma, University of Virginia</i>
EDNA MINDEN	- - - - -	<i>Phi Mu, Whitman College</i>
RUTH PHILLIPS	- - - - -	<i>Phi Mu, Whitman College</i>
MARION TAFT	- - - - -	<i>Delta Zeta, University of Washington</i>
MANDELL WEIN	- - - - -	<i>Delta Delta Delta, Whitman College</i>

This organization is composed of Greek letter men and women whose fraternities have no chapter on the local campus. Although strayed from the fold, these students have found a common meeting ground, and their organization is to further and promote that interest.

Humor

Pearle of the Hills

BEING a log of happenings humorous and otherwise, participated in by students and others enrolled at the University of Idaho, during the fifth year of the Upham Regime.

VOLUME MCMXXVI

The University Campus viewed from the stand pipe. The great wide patio in the foreground, where students leisurely stroll is not one of hard cement but is of that non-destructable Idaho white pine, "aged in the wood." The large great trees that shade this walk are not of a common kind but are of that rare specie Lombardy Poplar.

The great edifice on the right, with its awe inspiring steeple and great marble frontage bespeaks with strength the power of knowledge. Each inclining step to that edifice lends enchantment to your words and distillation to your thoughts. Having once arrived at the very pinnacle of this Gothic structure your future is, without question, one of uncertainty.

The Roman-Celtic building in the center does not need introduction. It was here where the engineers first conceived the idea of the Brooklyn bridge and where others formulated the plans for the Woolworth building and the dredging of the Panama Canal.

Through the wise forethought of some men, realizing that women would soon take their place among men, deemed it necessary to construct a great dwelling place for those co-eds to enrich their mind in the proper channels of law-making. The building on the left which was built in less than four years is now the home of our greatest school athletes and dietitians.

It lies not in my power to describe further the great buildings of this campus but I refer you to Idaho Catalogue Vol. MCV.

foreword

“Pearle of the Hills”—the very name smacks of the romance of the far west—the old prospector’s beautiful daughter, dressed in the plainest of homespuns, her lovely hair falling around her shoulders and waving in the gentle evening breeze as she gazes into the valley below. What an opportunity such a name would present to G. W. Driffiths or Blaine Stubblefield.

Yet, it was not with this in mind that the above name was chosen for this volume. Realizing that our state flower is the Syringa, the most beautiful flower that grows, and knowing that pearls come from oysters, and oysters are not found in hills, thus, by a process of induction, we have “Pearle of the Hills.”

Table of Contents

QUESTIONABLE

Dedication

To those intrepid students who have worked so hard for their school so as to remain five years or more and who are now graduating with a degree of B.S. (Ed.) we do dedicate this volume.

A. S. U. I.

*Old Caesar Strobeck, tall and gaunt,
Beckoned his compatriots "Avant";
The bally lot strolled down the aisle,
And seated themselves in double file.*

*Then up spake Politician Bjork;
And some fool jester pulled the cork
To drink a toast to Baughman high,
For next year's president of the A. S. U. I.*

*And, amidst the noisy crowd,
Thoughts on campus politics were spoke aloud,
The wise old heads nodded assent,
And smiled the smile of sweet content.*

*The committe reports rang out so clear,
The reporters stopped to drink a cheer,
And Generalissimo Yager said,
That May Festivities had come to a head.*

*"Bravo! Bravo!" shouted the populace,
And everyone jumped to bow;
The compliments were slammed around.
And many new foes were found.*

*The jobs as officers were read,
And most of the aspirants were dead,
They had to use some bribes and sobs,
To make the men accept the jobs.*

*Then a knave in the rear of the forum,
Talked with a keen sense of decorum,
The oration was pretty and he stood his ground,
But popular opinion took him off his mound.*

*A debate began on the wherefores and whys,
And the wise guys, in a body, started to rise,
They hurled epistles of flowery talk,
And the intelligensia started to balk.*

*Then Caesar got up and with a mighty gesture,
Halted the rabble and the heated contesture,
He called for order, but the order was given,
By someone in desperation driven.*

*New business was next on the floor,
And everyone jumped for the door,
No one was recognized in turn,
For they all shouted, "I move we adjourn."*

R. M. A.

Dramatics

The Drama League
With plots intrigue
Did organize a cast.
They took each guy
Who passed the try
And tied him to the mast.

The hero and the heroine
Were caught behind the drop
And what is more they each got sore
When the curtain man yelled "Stop!"

At the Pep Band Show
 As you may know
 The Tea Hawks flew around
 And upset the dope
 For Cushman's hope
 And it classically fell to the ground.
 For with dances, skirmishes,
 And a hang-over cast
 The Pep Band Show-ed three speeds
 For when the Ladies Band came out
 They shifted the proceeds.

What beat the dramatic qualities
 In "The Man With The Dumus Wife"
 Was the way Bert Stone
 Hung from the roof of his home
 Until cut down by a knife.
 The audience smirked
 The stage hands worked
 The rest of the cast just flopped.
 And before their eyes
 Old Bert in disguise
 Replaced his cue as he dropped.

Now Apple-Jack, the hero at sea
Did do his stuff all right
But behind the scene their work was
 kept
For the stage hands had their night.
The next scene spread on Miss Dar-
 ling's head
And knocked her cold as ice
While some dramatic bore
Dropped tacks on the floor
And crippled the Sailor's dance thrice.

At last there came Park Romeo and
 Maria Juliet
So advertised—we sympathized
And went still more in debt.
The show was long
The night was hot
But this much I recall
How Benvolio did stop the show
And took a curtain call.

One word for Play production class
 We here must speak of them en masse
 For despite their youth and despite
 their grace
 We must not slight them before their
 face
 For the play of "The Man With the
 Bowler Hat"
 Drew a crowd of intelligent ones to the
 mat
 While on a two-by-four stage
 Their battle scene page
 Was a most complete little spat.
 But nevertheless
 We are bound to confess
 The "Gentleman" whom you may know
 Did get a man's suit
 With a mustache to boot
 From the house of the A. T. O.
 And though she got by
 There was many a sigh
 When the cigar from her mouth did
 drop
 For the filthy weed
 Made her ill indeed
 And she was carried out on a prop.

One word for the coaches
 Who swept the big stage
 And pulled all the curtains
 Before each big rage
 And brought down the house
 As they ushered the crowd
 And made costumes and drapes
 For the actors who bowed.
 These same poor old coaches
 Each as withered as each

Who now will depart
 To Podunk to teach
 We say good-by and good-luck
 As you leave in Scogg's truck
 To acquire the boarding house reach.

Athletics

The sun was bright, the moonshine white,
The gang came one by one;
The lanky blokes and the gay old soaks,
The meet had just begun.

The little green caps on little bald pates,
And the dumb fedoras inebriate,
And the worldly saps with their bamboo canes,
All stampeded to the games.

In a track event old lanky Pickett,
Jumped the stick like a full-grown cricket;
And Thompson and Mitchell also ran,
Like dried-up molasses from an old tin can.

The baseball squad came on the alert,
On the first little hit "Bill" hit the dirt,
And "Lief" threw a ball, it flew into space,
Some bird in the Arboretum was hit in the face.

The football crew came into view,
Their pretty little legs all black and blue;
There was Nelly and Sody, Stud and Chuck,
Ray and Chick, Noisy Jones and Buck.

In the little gym the quintet ran,
Spread out on the floor like a Chinese fan,
Throwing the ball into a Cougars hand;
Maybe Red or Johnny or Fields could understand.

The best thing that the "I" men did
When they saw a blank pate minus a little green lid,
Was apply the Royal Pendulum,
Much to the distress of the unlucky scum.

What's in a Name

Sororities are quite the thing,
As you can plainly see,
Each house is planned to exceed its
demand
Of its natural capacity.
So whatever they take,
If it's good or a mistake,
All pledges are one and the same.
For if it's national or not,
If Greek letters it's got,
They care not a jot—IT'S THE
NAME.

Delta Gamma;
Charleston's own,
Shakes a leg,
To Hod's trombone.
Lots of pep,
Lots of Rep,
How they step,
To the telephone.

Gamma Phi Beta,
Tra-la tra-la,
Pledged Sigma Nu
Blah-Blah Blah-Blah.
Sigma Nu returned the grace,
And now They'll build a parking
space.

Omega Alpha checking room,
For arboretum show;
Has much to see
If they should be
Inclined that way to go.

Pi Phi house
With porch light blue,
Lends enchantment to their crew.
The light that lights the way to bliss,
Is found complete in such as this.

Ridenbaugh tenement,
Lost its sentiment,
In two by four rooms for six.
With squeaky doors,
And creeky floors,
And mice with curious tricks.

The Kappa Kappa Cabaret,
Is out to show their style of play.
Their talent goes,
In Pep Band Shows,
They're here to save the day!

The Clearing House consists of those
Who have no place to hang their
clothes,

The Stray Greeks Cosmopolites,
Who needs must fight for equal rights
Are classed as those,
Who heaven knows,
Are Foreign Campus Lights.

Pi Sig Hotel of Alpha Phi,
Has lots of room as you can see,
They advertise as most hotels,
Steam-heat—bright lights—and lots
of swells.

The board is good as any place,
They have cut-rates for parking
space,
But if they pledge to Alpha Phi
Their rates must rise to pay their
fee.

Forney Studio;
Beautiful lines,
Built on Greek, Gothic,
And Roman designs;
Slender and tall,
Some short and some small,
Improve the Site many times.

Alphi Chi rest room,
For men who will stop
And put on the record,
For an afternoon hop.
Much entertainment is good for us
all,
And makes us most popular *Spring,*
Summer, and Fall.

Theta Sub-Station number 10,
Without protection from mice or
men,
Deserves the honor once again
Of getting in late,
From the usual date
Once in a-while—now and then.

The new consolidated musicians union is looking for new members. Qualifications are:

1. Sneezing fifty times in two for a quarter (2/4) handkerchiefs without coming up for the third time.

2. A four-year course in snoring in assembly to the tune of verse 98 in the Book of Job.

3. A nightly course in serenading under the Delta Chi long-winded heart-rending champion warbler, David Cook.

4. The classic art of double shuffling during chapel exercises is also good.

PEARLE OF THE HILLS

New designs in wall coverings have been made for the Bulletin Board for the coming year. The usual light BOARD and dark ROOM combinations, and the gloomy shades of LOST AND FOUND will be arranged in futuristic designs with just a touch of PAST-el to connect things with the Antediluvian tones of the preceding years.

PEARLE OF THE HILLS

A song was recently written in dejection at Lewis Court. It is an exceedingly patriotic song, the chorus of which is:

*"Hurrah for the red, white and blue,
ditto, ditto, ditto, ditto,
The Army and Navy forever,
But \$5% 7' " ? @.c. with the R. O. T. C."*

PEARLE OF THE HILLS

All contestants for the championship honors for the "hunt and jab" system of typing report to the Zoology Dept. All those averaging 150 words a minute come and get your leather medal.

PEARLE OF THE HILLS

A plan has been devised to help pay for the new Memorial gymnasium by charging for parking space in the broken-down cars around the campus. An agreement can be made with the owners so that they will receive 20% of the profits. A ticket collector will be stationed at each wreck and will charge a reasonable fee. Limit amount of parking space allotted to one couple will be three hours. There is no doubt as to the success of the plan under efficient management.

Several suggestions have been made as to the best place for the weaker sex to take their after dinner, between meal, and before bed cigarettes. It is believed that the most popular and the most frequented place is in back of the little barn behind Forney Hall. However nothing definite has been done to have this place sanctioned by "the powers that be."

PEARLE OF THE HILLS

C. C. Crawford Dodges Hg. Parade Major Domo Leads

Dean Crawford of the School of Education has lately dissembled his bicycle and "reorganized his plan" of locomotion. The Dodge is a jarring success and will be used for daily transportation services free of charge.

PEARLE OF THE HILLS

An organization has just been founded on the campus. It is called the Hobos Club. The members consist of all students of the University who live east of the Mississippi River. The name was suggested because of the members' mode of travel. At the close of school the members will start to "walk" back to the East.

PEARLE OF THE HILLS

The Fashion Hints Of the Day

Galoshes are now being worn on the third floor of the Ad. Building on rainy days. Owing to the perforated condition of the roof, bathing caps may also combine in beautiful color combinations denoting severe brain attacks for the coming season.

PEARLE OF THE HILLS

The following specials will be given in the fall term:

1. *How to be Collegiate.* Modern magazines will be used as text books. Laboratory work will be held in the open; mostly evenings. The classes will be held in the arboretum.
2. *Poetry for Smokers.* A very special course open to the men only. Smoke house poetry will be studied with the idea in mind of training the men to be a social asset to the houses.
3. *Love Lyrics.* A course to be given during the Spring Vacation. Open to all students who wish to compose slapstick rhyme to dazzle the opposite sex. Attention guaranteed.

Big Cases Develop in Law School

A still STILL was found working overtime in the law library recently behind volume 999 of the Idaho Decisions. The stuff leaked out in the pages of legal cases on MINORS, and being out of place it was quickly detected. The culprits have not been found, but it is believed that they are hiding over in the Home Ec. Department where the pure food laws protect all HOME-WRECKERS.

PEARLE OF THE HILLS

Campus Day Hints

Operations are now under way to dig up the remainder of the Engineer Building and seed in a more modern affair so the Parsonage will not have to go in debt for another financial success. We hope by the time the class of 1999 comes in the building will be quite grown up.

PEARLE OF THE HILLS

Student Opinion

In behalf of the moralists who spend all their money in keeping things moral, it seems a needless expense to light the way to matrimony by 150 kilowatts every fifteen paces. There is no doubt of the benefit of light when the first squad of freshmen took advantage of sneak dates, but in this day of the Washington Club and the Knights of The Ball and Chain, it is unnecessary to cope with modern ignorance. Think of the peaceful iridescence of the moonlight! But—alas, with 5,250 kilowatts running competition to Saturn, who, without taking a two-year course in Professor Wade's astrology, can discover the romantic situation of the moon?

So—let us dim our lights as we leave the library at 9:30, and thus economize on the high cost of loving.

PEARLE OF THE HILLS

Idaho rates big. The Sport section of the *New York American* had an illustrated article about a famous Idaho jockey. This jockey made the statement that besides himself, Idaho is noted for potatoes. The New Yorkers have stretched their imaginations and now conceive of the state of Idaho as a gigantic potato patch.

There has been much controversy among the Seniors as to the correct manner of carrying a cane. The following method is suggested. Take two baseball bats and swing around the head several times. This is done so that when the cane is taken in the hand it will feel like a matchstick and hardly noticeable. To overcome self-consciousness try going about the campus in a bathing suit and straw hat. If you succeed in doing this, without becoming flustered or red behind the ears, then carry your cane. By all means do not let a blade of grass or a piece of paper remain before you. Always keep the cane near the ground so as to prevent legal action in a damage suit.

PEARLE OF THE HILLS

Poet's Colyum

*Her has gone,
Her has went,
Her has left I all alone.
Can her never come to me?
Must me always go to she?
It can never was.*

PEARLE OF THE HILLS

*At Idaho they rush you hard,
And drag you forth across the yard,
And tell you quick about their frat,
How much they owe for this and that,
And ask you in,
And ask you what,
And ask you how much have you got,
And if you're dumb . . . they pledge your "Mon."
But if you're wise . . . YOU'RE NOT.*

HISTORY OF THE UNITED STATES
YOU ARE NOW ENTERING

MOSCOW

Moscow is the capital of Latah county, the seat of the U.S. Federal Court, also of the Idaho State University, State School of Mines, State Agricultural College and the State Experimental Farm.

"Down in front," cried the
frosh triumphantly, as he gazed
into the mirror.

"Dick is already preparing for
married life."

"Starting a bank account, I
suppose?"

"Not only that! He's turning
out for debate and track."

America looks to you

Youth and progress are inseparable. The youth of yesterday was first to adopt the modern sanitary and heating equipment that brings health and comfort to our country today. You are tomorrow's builders of homes and business structures. You will lead in recognizing and accepting still greater refinements in plumbing and heating. So to you we take special pleasure in extending a cordial welcome to the Crane Exhibit rooms where the newest fixtures and fittings are on display.

DAVID ("MAC") MACMILLAN
Basketball Coach, University of Idaho

WEARING HIS

Wil Wite **MASTER SWEATER**
THE FINEST SWEATER MADE

The Olympia Knitting Mills, Inc., ("End of the Old Oregon Trail") Olympia, Washington, manufactures the Wil Wite Master Sweater. No other knitting mill in the country produces a sweater its equal. Fine strands of pure virgin worsted wool are twisted into heavy cables. These cables are tightly knitted into the garment fabric. This accounts for the more-than-ten years of normal wear in every Wil Wite Master Sweater.

Hand lacing eliminates the customary shoulder seam. Armholes and sleeves are full-fashioned—sleeves "set in" by hand. Pockets are hand laced and anchored. Hems, cuffs and braids are also hand laced. There is a tremendous difference between the craftsmanship required to make a Wil Wite Master Sweater and the machine effort that suffices for the best customary shaker sweater. When a High School or College awards its Letter Winners genuine Wil Wite Master Sweaters, it awards the finest sweaters that money can buy.

We Are Satisfied When You Are

Perhaps at first thought you'll conclude that we define a profitable transaction in terms of dollars and cents to us. That is not true. For while the money problem is a factor not to be overlooked, the fact remains that only as a purchase is profitable to you, is it of lasting satisfaction to us.

We are determined to make this store so right at every point that whenever you buy anything here and especially after you get home and use it—you'll feel more satisfied than ever to trade here.

For more than thirty years the home of good clothes for Men and Women.

MOSCOW,

IDAHO

Helpful Small Boy: "I beg your pardon, sir, but your car was stolen about ten minutes ago."

Car Owner: "Well, why didn't you raise an alarm and stop the thieves?"

Boy: "I never thought of that, sir; but it's all right—I took the number of the car."

—Punch.

Anne (after the dance): Don't you think Swen plays the saxophone just too sweet for words?

Kitty: You bet; he's a born musician.

Anne: What makes you think so?

Kitty: Why, he was born with drums in his ears.

W. Third St. MOSCOW

"Are you busy tonight?" asked the very young and exceedingly good looking English professor.

"Oh, no, I'm not." gushed the fair young thing, with visions of a date floating before her eyes.

"Then I'd advise you to correct your back themes and hand them in tomorrow," was the disappointing reply.

Frat: We have a new dishwasher at the house.

Frater: How so?

Frat: I noticed the difference in the finger prints on my plate.

"I heard Josie kissed Ken right in public."

"Did you ever!"

"No."

"Bertha is certainly showing her age."

"How's that?"

"Why, look how wrinkled her knees are."

"Are you going to the fair?"

"What fair?"

"The paper says, 'Fair here today and tomorrow'."

A hunter came across a man guarding the entrance to a cave. The man said he was guarding a gold mine. "Is it quartz?" asked the hunter.

"No, pints."

Jim: "Why does Johnny stay so long? Doesn't he know how to say good-night?"

Betty: "Of course, he does. That's what makes him stay so long."

Vassar: That Princeton man said I was like Scrubben's tooth paste.

Smith: How's that?

Vasser: Good to the last squeeze.

—*Yale Record.*

She: Wasn't that one of your fraternity brothers?

He: Yeh.

She: Why didn't you speak to him?

He: Because he's one of my fraternity brothers.

"Awful torture they used to inflict in the Orient."

"Why, how's that?"

"I was reading the other day that they plastered up the chinks in the walls of the old forts."

—*Stanford Chaparral.*

"Have you anything to say, prisoner, before sentence is passed on you?" asked the judge.

"No, your lordship, except that it takes very little to please me."

NO OTHER METHOD APPROACHES

Electric Cooking

IN ECONOMY, CLEANLINESS,
EFFICIENCY AND COMFORT

FACTS and figures covering electric cooking costs in Idaho prove conclusively that it is the most economical method you can employ. And in addition to low fuel cost, electricity offers many other advantages.

Electricity gives quick cooking heat. No delays. Less evaporation of food while cooking. A cooler kitchen in summer. More comfort for the cook.

A RANGE FOR EVERY KITCHEN AND EVERY PURSE

Whatever your cooking requirements demand, we have a type of range to satisfy them fully. Electric ranges of varying heights, numerous sizes and at prices to suit every income.

Service Assurance

Back of every range or other electrical appliance we sell is the *service* of the Idaho Power Company.

In Appreciation

AS THE last signature of this book goes to press the Editor realizes his work is at an end. It seems but a few weeks ago that this book was planned, and yet for more than nine months the producers have been working to create a book equal to those of the past.

Very few persons realize the great amount of work and cooperation necessary to produce a college annual. For this reason the Editor wishes to express his appreciation to those who have worked, labored, and rendered the efficient service in the production of this book.

To the Caxton Printers, with special mention of Mr. R. S. Clore and all the workmen in the mechanical departments, and to Western Engraving and Color-type Company, with special mention of Mr. Fred Wiman, we owe the success and realization of this book.

To the photographers, with special mention of Mrs. Sterner and Mr. Charley Diamond, the Editor wishes to express his thanks.

This book is indebted to the staff of the Gem of the Mountains for the many hours they have worked in order to make it complete.

For the students of the University this book is published and we thank you for your loyal support.

THE EDITOR.
