# Foreword

This year Idaho students saw their University go into a high-speed program of wartime education . . . watched great changes made in the school they had known in peacetime. But while men have teetered on the edge of the Selective Service Act and while women have worried about the men or the lack of them, the general pattern of college life has somehow gone on quite the same as ever.

Music hall pianos still bang out across the campus as before, the warm spring sun still puts Idaho men to sleep in their classes, and the stink is always with Science Hall. Somehow, vines are still clawing their way across the auditorium wall and the Ad clock is pointing off the hurrying hours of another term.

There are many things about Idaho that never change . . . basic things that hang on and stamp her with tradition. It has been the aim of the 1942 GEM to show this in fitting one more year into the haze of a half-century. If it has succeeded, then you may take this GEM off the shelf ten years from now, lift the cover, and feel that you are back at Idaho.

# Dedication

College life is such a number of things . . . there was the fellow with the "I" sweater and crew haircut who sat by you in Economics 51 . . . the student with thick glasses whose notes pulled you through that history class . . . and the girl whose friendly "hello" three times a week brightened that philosophy class.

. . . Cheering you heard last fall when Idaho valiantly tried and sometimes failed . . . long rows of dripping "I" caps in Neale stadium . . . cheer leaders and fighting teams . . . party politics and Bucket brigades. Such a number of things and such a number of people doing them that it's impossible to select any one individual for a dedication.

There are so many to praise . . . a hundred College Joes who traded sport coats and slacks for olive drab . . . the dozens of co-eds who thought a first-aid class more important than a coke date . . . that we can't find any one student or faculty member deserving of the whole spotlight. So to all those who attended Idaho this year, and in doing so added to her tradition and to the flavor of her atmosphere, this 1942 GEM is dedicated.

The shoulders on which Idaho's ROTC problems rest are those of LIEUT. COL. C. W. JONES, head of the military department. Portly Colonel Jones is an army man who "rose from the ranks" to his present position as commander of the cadet force at Idaho. He instituted cheering on cold Thursdays during the fall, and is interested in seeing that a movie record is kept of Idaho's ROTC corps.

The deep southern drawl of LIEUT. COL. EDWIN U. O. WATERS was transferred from sophomores to juniors this year when the thorough-going officer assumed command of the junior advanced classes. A veteran of the Philippine campaign of forty years ago and overseas with the AEF in the first World War, Colonel Waters is able to enliven any discussion on battles and maneuvers.

*Captain Wilfred S. Stanley  
Assistant Professor Military Science

Straight-backed Captain WILFRED B. STANLEY is adviser, confidant, and instructor to seniors in advanced military. Captain Stanley, appointed last fall, is of the new school of officers rising in the army, and received his training at Fort Benning, Georgia.

# SERVICE

Behind the military department heads are the staff officers who supply much of the energy, do the routine tasks, teach basic classes, and take care of all general work that characterizes the functioning of the department.

To these men falls the year-long task of supervising drill, making clear the difference between left face, right face, and order arms; target shooting with the least danger of blowing off a stray head; and issuing uniforms nearest to the right size.

# Military Life

FROM the time they first check out "monkey suits" as freshmen until their final spring inspection as sophomores, over 600 "basics" enrolled in Idaho's R.O.T.C. unit answer "Yes, Sir" during roll call.

For the 113 advanced course students, students whose goal is a commission, there are tactical problems, mess management courses, and summer camp applications of "book larnin" to be mastered. With present-day advanced students assured of a "position" in the world after graduation, these candid pages of Idaho's military life are mainly devoted to them.

ULTRA ultra of the military department's R.O.T.C. students are members of Scabbard and Blade, upperclassmen's military honorary. Last fall members of the local chapter won the national Scabbard and Blade telegraphic rifle meet.

Each year they have an exchange dinner with the Pullman chapter, and sponsor the Military Ball as well as their own Scabbard and Blade dinner-dance and spring picnic. February 16 they assisted with war-time registration.

A YEAR-LONG struggle against deadlines, censorship restrictions, rising prices, and campus-wide inertia was climaxed this spring when Printer-Binder Ralph York gave his grin of approval to the freshly-printed 1942 GEM OF THE MOUNTAINS.

For Editor Bob Wethern a repetitious process of handing out work to staff heads was ended. For a staff of female preponderance, a season of late permissions, odd jobs, and photo-mounting was over.

Introducing a "vest-pocket" size, more color pictures and a color cover by labeling them as "modern trends," Editor Wethern hoped that they would go over with students . . . feared that student conservatism about such changes would result in sniping.

TO ORGANIZE staffs capable of carrying the work-burden of assignments handed down from the "head office" was the task of GEM minor editors.

They found that fact and data gathering, name checking, picture scheduling and photo-mounting are all production activities which must mesh gears properly in order to even come close to meeting an elastic deadline schedule.

# BUSINESS STAFF

RAPID AND EFFICIENT organization of a staff by Business Manager Ed Benoit last fall was the biggest factor of the 1942 GEM's financial success. Manager Benoit started things off with a registration-line sale that topped all previous marks and continued to spur his staff until an order for 1920 GEMS—an all-time high—was sent to Syms-York Printing Company in February.

Increased space costs and tightening purse strings did not faze other enterprising business staff heads, who sold more space to advertisers and organizations than for many years previous. From his high-g geared staff, Manager Benoit picked Bill Campbell, Spencer Hess, and Warren Lauer as assistant business managers.

Truly a behind-the-scenes organization, the business staff was seldom to be found at the GEM office but rather on the campus or down town in canvassing campaigns.

WAR, an occasional lack of news, free coffee in the Bucket, and restrictions from the OPC (Office of Perry Culp) didn't deter students from being able to open *The Argonaut* and find out who pledged where, and what events were scheduled on the campus.

Editor Bob (Jason) Leeright led his staff through an exciting nine months of news-gathering, assisted by Knox Craig, managing editor, on whose shoulders falls the responsibility for next year. Argonauters spent Mondays and Thursdays in a dither and Tuesdays and Fridays reading the results and hearing varied comments on their own work.

Biggest shift of the year came when the sheet went to tabloid size at the second semester. This gave the staff a chance to "boil" rather than "puff," which in newspaper parlance means they didn't have to write so much about nothing. Known for their odd habits and peculiar night life, the Argonaut crew maintained its sub-rosa "Thank the Deity It's Friday Night Club."

BEHIND the head men on *The Argonaut* were the staff of sub-editors who had their own share in handling the flow of news across the desks. To them fell the task of instilling ambition in reporters, and seeing that campus news was gathered properly.

They read copy on stories, checked names in the university directory, wrote headlines, and straightened out facts over the telephone. When things went wrong, a share of the blame fell upon their shoulders.

# MINOR STAFF

# ARGONAUT

MEMBERS of *The Argonaut* business staff had a problem to keep them guessing during the year: that of building up advertising revenue to meet depleted national advertising income, which fell off during the year. Business Manager Armour Anderson and his assistants, Tom Sneddon and Dick Ryan, solved the problem by concentrating on local merchants to keep their allotted space full.

Circulation of *The Argonaut* was the main function of Patsy McGrath on the business staff. She saw that papers were wrapped, stamped, and addressed and mailed to various parts of the world where ex-Idaho students are now living.

Paul Easterbrook bore the brunt of delivering the "handbills" to all campus residences and other spots where students congregate. Forced to lead a dizzy pace to keep up with the weird antics of the news staff, the business force of *The Argonaut* did an admirable job.

# FRESHMAN HANDBOOK

*Frances Hardin, Freshman Handbook editor, has been chipping off fingernail polish on typewriter keys for Idaho publications since her freshman days. Her creative genius produced "Naive Ann," sparkling Argonaut features, and Gem copy . . . her corresponding temperament gave editors gray hairs. "Deadline" is one word not in her vocabulary.*

HOMESICK, befuddled frosh find easy solace in *The Frosh Handbook*, put out by the A.S.U.I. to give them a good start on their college careers. Carrying everything from church locations to recipes, the publication is a handy guide book as to what Idaho is all about—and is quite often used by sophomores and upperclassmen attempting to acclimate themselves after a summer holiday.

This year's book was notable for its added use of pictures, increase in size, and clarification of many things that help new students orient themselves to college life.

Frances Hardin put her journalistic talents to work as editor, assisted by Mary Ellen Hartigan.

The stringent "do's and don't's" of coed life are outlined in the AWS handbook each year for the benefit of freshmen women and new students. It is also used as a guide book for upperclassmen, refreshing their memory on the oft-times forgotten lore of moral and social rules and regulations at Idaho.

Known as the Coed Code, the book is published each year by the Associated Women Students, and a copy goes to every new woman on the campus. The booklet delves into detail on dating, extra curricular activities, social customs and clothes.

Vera Nell James was this year's editor.

*Vera Nell James, A.W.S. Handbook Editor, calls Home Ec her major but you couldn't prove it by her activity list. ONLY FORESTERS savvy the intricate details of their yearly publication, *The Idaho Forester*, which enjoys a circulation as big as that of any other student edited magazine or paper. The magazine deals with the field of forestry, going into both its technical and commercial viewpoints.

Results show that foresters are able to do other things than identify types of pine. All work on the magazine is done by students in the school of forestry. Editor for this year was Phil Habib, and Paul Easterbrook acted as business manager.

# Idaho Engineer ★ ★ ★

*Ray Reinhardt, George Smalley, Don Holder, Robert Dye  
Fred LeClair, Don Bolton, Jerry Skiles, Gene Luntley, John Nelson, Don Konen, George Oslund, Robert Fortin*

PRIDE AND JOY of the college of engineering is its semi-annual publication, *The Idaho Engineer*, showing that the slip-stick artists can do more than expound on weighty quotations.

The self-supporting publication deals with engineering in specialized phases, going into every field. To the layman it's deep, but to the engineer it clarifies many things. A goodly group of engineers abandon their texts long enough to gather news, solicit ads, and do all the other tasks involved in putting a magazine to bed. Jack Nelson was editor, and Don Konen business manager.

JANE ARDENS with a vengeance could be the term applied to members of Theta Sigma, women's journalism honorary. Argonaut and Gem workers, these women were out to demonstrate by action that men alone don't represent the field of journalism.

Their biggest activity was the annual Theta Sigma *Argonaut* published in the spring.

Members are Elizabeth Bracken, president; Frances Hardin, Nancy June Stafford, Helen Wilson, Norma Lou MacMurray, and Martha MacNamara.

## Sigma Delta

SIGMA DELTA propagates the uncertain career of journalism among men. It is an honorary for upperclassmen, and devoted to journalism from the back shop to news room.

Small in number, Sigma Delta men give a good share of their time to publication of *The Argonaut* and work on THE GEM. Week-end get-togethers seem to be a part of their ritual.

President this year was Bob Bonomi. Other members are Bob Leeright, Knox Craig, Fritz Meagher, and Bob Wethern.

# Dramatic Staff ★

THE SATISFACTION of having five of their students picked as possibilities by a Hollywood talent scout was glowing tribute to the efforts of the A.S.U.I. dramatic coaches, John Sollers and Jean Collette.

These two campaigned incessantly for a good A.S.U.I. dramatic department, and received the cooperation of their entire acting group.

Both shared directing and stage managing duties for A.S.U.I. productions, and last summer successfully fostered and managed Moscow's first "straw hat" theatre.

# Kind Lady

THIS OLD-TIMER, quill-penned by Oliver Goldsmith in the 18th century, proved that good, witty lines still sparkle after two hundred years. "She Stoops to Conquer" was the first dramatic presentation of the year, and was directed by Jean Collette. Leading roles in the comedy were carried by two novices in A.S.U.I. productions, Gene Roth and Helen Gale. Lending them able support was Dennis Savage, familiar character-player to Idaho's play-goers.

# Family Album

SUBTLE LINES, suspense and intrigue typified the A.S.U.I. production of the Broadway show, "Little Foxes." The play, a tale of a malicious southern woman and of her greedy desire for wealth at the expense of others, climaxed weeks of work under the direction of John Sollers.

Mary Lou Sherman played the part of "Meanie" Regina who wrecked her own life through a quest for power. She was supported by a cast including: Gayle Manion, Dwight Hill, Ralph Joslyn, Meridyth Bowler, and Drexel Brown.

# All Ransom Paid

MELODRAMATIC "Mr. and Mrs. North," the year's last A.S.U.I. production, swung along at a jaunty gait, although in the hands of inexperienced actors.

Betty Bean as Mrs. North was convincing with her double-edged expressions and mannerisms, and Mullins (Don Swinney) brought titters from the audience with his earnest humor.

# DEBATE ★ ★ ★

*A. E. Whitehead  
Debate coach, assistant  
professor of English*

CLEAR enunciation, pear-shaped vowels, and "clincher" arguments were the main worries of A. E. Whitehead completing his year as debate coach. Mr. Whitehead was kept busy by combining his coaching activities with teaching speech classes and several English courses. He accompanied the teams on trips and lent aid in the formation of speeches. Checking schedules and making other arrangements for debating appearances was Vernon Ravenscroft, debate manager.

*Keith McCarthy and Milton George . . . Blaine Evans and Ben Kinney . . . Vernon Ravenscroft and Dale*

Prior to December 7, Idaho varsity debaters were wrapped up with the problem of whether or not the United States could expect a Japanese attack, when the question was answered in the affirmative, and not forensically. Team members were forced to shift their arguments to a new question, Resolved: "That the Democracies of the World Should Form a Federation Based Upon the Principles of the Atlantic Charter."

Two first places were garnered by men. One in a November junior college meet; the other in a January joust, the McMinnville, Oregon, invitation, a tourney. Second place was accorded Idaho in Ogden, Utah, at a November meet against thirteen Pacific coast schools and a tri-angular meet with W.S.C. and Whitman in December. Idaho women placed second in their only match of the season against W.S.C. and Whitman.

*Raymond E. Laurenson, piano and organ instructor; Prof. Alvah A. Beecher, music department head; Miriam H. Little, cello and theory instructor.*

*Myrtle Leonard, assistant professor of music and voice instructor; Robert Walls, assistant professor of music and voice instructor; Hall M. Macklin, assistant professor of music and piano, organ, and composition instructor.*

*Lee Gibson, assistant professor of music and instrumental and band instructor; Carl Claus associate professor of music and orchestra and violin instructor; Meitha Hiteman, musical education and piano instructor.*

IDAHO'S music department is harbored in the campus' four "practice" cottages, where strains of Bach or Gershwin can be heard any time of the day. From this department comes the many fine recitals which students enjoy each year.

Notables in the University's world of ivory keys and metronomes are Alvah A. Beecher, department head who takes time out to "do things" with the Vandaleers; Carl Claus, a noted violinist in his own right, who directs the University's symphony orchestra; and Lee Gibson, the band leader, who produces pleasing results.

# BAND

THE CONCERT BAND is a combination of the Military Band and any other aspiring university students who like to swing out in a fast march tempo. Only requirements for membership are attendance and interest.

Directed by Prof. Lee Gibson, the concert band can be called upon to provide a good musical end for any civic function.

# ORCHESTRA

CHANGING their former routine, University Symphony Orchestra members chalked up a record year, climaxed by their being invited to play at one of the Kellogg Community Concert series. Students hep to Mozart, Bach, et al. are eligible for membership in this group of musicians.

Newest innovation of the group around campus music circles was the starting of an annual musicale featuring concerts and arias from operas, and starring student soloists. They were also co-partners in two concerts with Vandaleers, Treble Clef, and the University Singers. The orchestra is traditionally present with somber music at Baccalaureate and Commencement.

Professor Carl Claus is conductor.

# SINGERS

FORMERLY a mixed group, this year the University Singers was made up of twenty-nine male voices. Under the direction of Professor Walls the chorus joined hands with the Vandaleers and Treble Clef to present several recitals.

The University Singers entered Fred Waring's National Pleasuretime Glee Club contest along with eighteen other glee clubs from the western district. While in Spokane to make recordings for the Chesterfield judges in New York, the group gave a 15-minute broadcast over Station KFPY.

*Carl Clause directs the University's Symphony Orchestra.*

*First place winners in the annual Spokane music festival are: Joanne Finley, piano solo; Richard Sarles, piano concerto; Marion Partner, contralto... Summer school musicians practice on the campus lawn.*

*Robert Walls leads the University Singers.*

# Vandaleers ★ ★ ★

PREMIER singing group on the campus is the red-robed Vandaleer A Cappella choir, directed by Professor Alvah A. Beecher. Christmas Candlelight service, a spring concert, and a tour of northern high schools and civic clubs have established wide-spread recognition for the group. This year they participated in a faculty-sponsored Red Cross benefit program.

# Treble Clef ★ ★ ★

A FAIRLY recent innovation to the campus music organizations is Treble Clef, women's singing group.

Open to any woman interested in such a musical group, Treble Clef is under the direction and guidance of Meitha Hiteman. The chorus makes public appearances and collaborates with other musical organizations to give seasonal recitals.

# Community Concerts ★ ★ ★

MUSICAL high point of the year for many Idaho students was reached last fall when they joined the capacity crowd which jammed the W.S.C. gymnasium to hear Paul Robeson, talented and versatile Negro singer, athlete, and scholar. Other programs in the annual series of Community Concerts sponsored jointly by the Idaho and Washington State College student bodies brought outstanding musicians alternately to the two schools. Among the programs presented in Moscow were the Trapp Family singers, who appeared in quaint peasant costumes, and pretty Helen Jepson, widely acclaimed soprano.

## PEP BAND

MAESTRO JACK LEISHMAN led the silver-and-gold clad Pep Band members through an event-laden year of bigger 'n' better pep rallies, grid classics, and basketball games, which culminated in the annual rug-cutting Pep Band show.

The Leishman-Gugnoni production took the audience to a desert island, where Pep Band members in the guise of a shipwrecked crew bumped into a flock of hula cuties. A thin plot was carried along by good music and the hula and tap choruses.

Pep Band trip of the year took the members to Boise, where they played for the Idaho-Montana State football game.

# Sigma Alpha Iota

MUSICALES displaying their talents are fostered by members of Sigma Alpha Iota, national women's music honorary. A "B" average in music subjects and a 2.5 grade average are requisites for members tapped twice a year.

Members co-sponsor a student recital, spring song fest, and McLean field sing with Phi Mu Alpha members.

# Phi Mu Alpha

PHI MU ALPHA, male counterpart of SAI, boasts a versatile group capable of either carrying on "long hair" discussions or playing swing in campus bands on weekends.

A 2.5 grade average, an interest in music, and two musical activities are pledging requisites.

# Judging Teams      ★      ★      ★

FOUR university judging teams gave their subjects the critical once-over and combined their observations with enough plain "horse sense" to win varied honors in judging competition this year. Livestock, dairy products, dairy cattle, and agronomy teams were entered in the Portland International Exposition in October to win several prizes.

A tie for first place in livestock judging with Oregon State was accorded the livestock team, and individual honors for hog judging were given Wayne Sutton. Shelby Williams ranked first in dairy cattle judging. Team members were Keith Martinson, Wayne Sutton, Max Hansen, Shelby Williams, Howard Morrison, and Lawrence Bradbury.

Members of the dairy products team walked away with third place at the Portland show. Entrants on this team were Robert Webster, Floyd Broadhead, and Viggo Hamson.

No prizes were awarded the dairy cattle and agronomy teams entered in the show, although they were consistently in the top brackets. Dairy cattle judges were Edwin Bodily, Wesley Jenkins, Reid Merrill, and Ray Chambers. Judging agronomy specimens were Donald Robertson, Don Beals, and Ronald Baskett.

Coaches for the team were: William Beeson, livestock; Dr. D. R. Theophilus, dairy products; Prof. D. L. Fourt, dairy cattle; and Donald Peterson, agronomy.

LIKEABLE GEORGE GREENE took over last year as the first full-time athletic head in university history. Eight years service as coach and athletic director at Lewiston Normal well qualify Greene for his present post.

Greene has plenty of work to do in his new job, but the hard-driving athletic head seems to thrive on it. Besides supervising varsity athletics, he directs physical education programs for both men and women.

Tall, gray-haired FRANCES SCHMIDT lives and breathes football the year 'round . . . and his teams pay off dividends every fall. Working with virtually the same team which in 1940 had won only one game, Schmidt in his first season at Idaho molded a team which won four games, lost five for the best Vandal grid record since the year 1937.

Vandal fans were satisfied to call the season a success and now are waiting to see what kind of touchdown tricks Coach Schmidt can pull out of his pad of play-diagrams when Idaho enters into full P.C.C. competition . . . confident that the "big time" is nothing new to "Smitty."

## Idaho-Utah Homecoming Flop

EIGHT THOUSAND Vandal homecoming fans converged on Neale stadium to see Utah's marauding Redskins mar opening game festivities with a 26-7 win over Idaho. Playing their first game under Coach Francis A. Schmidt, the Vandals led until the final quarter.

After a scoreless first period, the Idaho gridders opened scoring with Bill Micklich diving over to culminate a 74-yard drive. End Milo Anderson converted, and Idaho had a 7-0 halftime lead.

The Utes tied it up in the third period with a brilliant passing attack, then went on the warpath in the last quarter with three touchdowns, two of them via the aerial route. Brothers Huck and Gay Adelt proved the spearheads of the Utah offense.

Brightest spot for Gem State supporters was the play of Micklich and Howard Manson in the backfield, and Bill Lockey and Cleo Rowe in the line.

# Ducks Duck Vandals Viciously

PLAYING their first night game in nine years, the Vandals fell before the powerful Oregon team 21-7 in the mud and slime of Eugene's Hayward field. Definitely on the upgrade, the Vandals showed a stubborn resistance against a supposedly far superior team.

Oregon struck two minutes after the opening kickoff when Roblin went 62 yards on the famed "bootleg" reverse to the Idaho 11-yard line, then drove over after two Idaho penalties. In the second period Mecham scored for the Ducks on a 35-yard run.

The Vandals retaliated by marching from the Oregon 35—after Hank Crowley recovered a fumble—for a touchdown with Bill Micklich going over from a spread formation. Oregon's final tally came in the game's last two minutes.

Exceptional defensive and offensive play of Irv Konopka, acting captain and tackle, and Micklich drew praise from Oregon spectators.

HELD SCORELESS for two consecutive years by powerful Gonzaga elevens, the Vandals came back with a 21-7 triumph over the Zags under the lights Spokane.

Idaho scored in the second quarter after Pete Hecomovich had intercepted a Bulldog pass. With a versatile attack, the Vandals moved to the five-yard line from where Bill Micklich bucked over. Milo Anderson made it seven points on his place kick.

Five minutes after the second half started Idaho had scored again, this time on a long pass play to Anderson on the 12-yard line, from where he scored, then converted.

Micklich completed Idaho scoring for the evening, driving over after an exchange of punts. Davis converted. Gonzaga scored with three minutes left on a pass to Scherger.

# Vandals Switch Form on Utags

A THIRTEEN-POINT drive by a revived Vandal team, after thirty minutes of listless first-half play, resulted in a 16-0 Idaho win over Utah State at Logan. A 20-yard field goal by place-kicking Milo Anderson in the second period gave Idaho a 3-0 half-time lead.

The Vandals came back in the second half with two long marches for touchdowns. Earl Chandler tallied in the third period on a 19-yard reverse. Bill Micklich made the last touchdown when he plunged 14 yards to pay dirt.

Only serious Aggie threat came late in the game against Idaho reserves. The Utah team drove to the Vandal four-yard line before losing the ball on downs.

## B-League Bearcats Lose Shine

UTILIZING a brilliant passing attack, the Vandals knocked Willamette's Bearcats out of the undefeated class with a lop-sided 33-to-6 victory, to climax the annual Dad's Day celebration. In winning, Idaho lengthened its victory streak to three straight—longest flow of consecutive Vandal victories since 1929.

The Vandals scored first against Willamette when Manson crossed the goal line on a sneak play early in the initial quarter. Other Idaho touchdowns went to Bill Micklich, Joe Malta, Jack Tewhey, and George Nixon. Milo Anderson, place-kicking end, booted three extra points.

The Bearcats scored their lone tally in the second quarter on a 20-yard pass after a Vandal aerial had boomeranged.

Idaho reserves carried the brunt of the attack against the Bearcats. Malta, Tewhey, Bob Vonderharr, Dale Burkhalter, and Ed Keiper, all substitutes, played outstanding ball for the Vandals.

# Prelude to Beaver Bowl Win

AN IDAHO three-game winning streak meant nothing to Oregon State's Rose Bowl champions at Corvallis, with the Beavers slapping down the Vandals 33-0. Bouncing back from a previous W.S.C. defeat, the Beavers took control early in the game.

Suffering from the loss of two injured lettermen, Dale Clark and Rudy Franklin, the Vandals were still able to hold Oregon State to a ten-minute standstill before Joe Day, Beaver fullback, went 37 yards to score. Oregon State scored again in the second quarter, then clinched the game with three counters in the last half.

Strongest Vandal drive came in the second period, when Howard Manson, sophomore halfback, completed eight successive passes. The aerial drive carried Idaho to the Beaver 14-yard line before a fourth down pass intended for George Nixon went astray. Manson threw twelve passes the first half, completing eight for most of Idaho's yardage.

## Idaho Beats W.S.C... On Paper

THAT AGING JINX which Washington State holds over Idaho celebrated its sixteenth birthday as the Cougars unleashed a third-period touchdown barrage for a 26-0 victory.

Playing their best ball of the season, the Vandals completely dominated first-half play, rolling up ten first downs to the Cougar's three in that period, but lacked scoring punch.

Turning point of the game came on the second half's initial kickoff when Washington State recovered a free ball in the Idaho end zone. Bob Kennedy followed with three touchdowns in eleven minutes, one an 85-yard kickoff gallop. Play in the final quarter was evenly matched.

Ray Davis, Bill Micklich, and Earl Chandler were leading Vandal ground-gainers, while the play of Bill Lockey and Bill Piedmont was outstanding in the line.

# The Stein Stayed at Missoula

MUD AND A POTENT Montana football team proved too much for a listless Vandal squad as the Grizzlies slogged their way to a 16-0 victory. The Grizzlies' win once again gave Montana possession of the "Little Brown Stein," traditional symbol of gridiron supremacy between the two schools.

The rain-soaked turf stopped the deceptive Idaho attack with the exception of two scoring threats in the first and fourth quarters. Vandal fumbles proved costly as the Grizzlies recovered five Idaho bobbles, twice halting Vandal marches, and twice setting up Montana scores.

The initial Grizzly score came in the first period when sophomore Arnold Scott broke loose for 57 yards through the entire Vandal team. Fullback Eso Naranche bucked over from the three-yard line for the second tally, then concluded the scoring with a 25-yard field goal.

Fred Nichols, Stan Waskiewicz, and Dean Lewis stood out in the Idaho lineup.

## Micklich & Co. Swamp Bobcats

SOUTHERN IDAHO football followers got their first glimpse of a Francis Schmidt coached gridiron machine, as the Vandals closed their season with a 39-0 victory over Montana State's outclassed Bobcats on Boise Public School Field.

After a slow start the Vandals pushed across four touchdowns for a 26-0 halftime lead, then added one each in the last quarters, meanwhile completely muffling the Montana State attack.

Bill Micklich, 190-pound fullback, battered his way to five touchdowns behind brilliant Idaho blocking, tallying on runs ranging from one to forty-three yards. Senior Fullback Rudy Franklin scored the other touchdown.

Strong Idaho line play . . . best of the season . . . and hard blocking and tackling by Pete Hecomovich proved outstanding. Sophomore Bob Vonderharr averaged eighteen yards per play on six plays.

## WHITMAN

Ray Turner was in old-time form as he bucketed 13 points to lead the Idaho cagers to a 29-23 opening game victory against Whitman at Walla Walla. The Vandals made it two in a row with a 32-23 triumph over the Missionaries on the Memorial Gym court.

## CHENEY

Cheney's pint-sized Savages handed the Idaho five their initial defeat by a 36-27 score at Cheney. Turner continued to spearhead the Idaho attack with 15 points. Revenge was sweet as the Vandal cagers ran roughshod over Cheney here for a 51-33 victory. Turner, Ted Thompson, and Norm Fredekind scored 19, 14, and 10 points respectively.

## MISSOURI

After battling on even terms with the Vandals for the first half, Missouri's barnstorming Tigers collapsed in the second period and the Wicksmen chalked up a 40-28 triumph.

## MONTANA

Three of the four Montana games ended in Vandal victories. The first two games played here were easy for the Gem Staters, as they won by scores of 49-28 and 41-25. At Missoula, Montana took the first 55-35 after piling up a 30-14 half-time lead. Idaho guards found their scoring punch in a 42-29 Vandal victory the next night as they scored half the Vandal points.

## GONZAGA

The Idaho hoopsters won one and lost one to Gonzaga, losing the first 31-34 at Spokane, then evening the series 38-35 at Coeur d'Alene. Center Turner scored 30 points in the two contests.

## LEWISTON NORMAL

In their only game with Lewiston Normal, the Vandals scored an easy 40-27 victory.

# Two States Series ★ ★

VANDAL HOOPSTERS won their first game from Washington State since 1940 by squeezing out a 30-28 decision over the Cougars at Pullman in the first game of the series. Slowing the Cougar fast break down to a walk, the Idahoans iced the game in the late minutes when Turner and Ted Thompson bucketed seven points in a row.

W.S.C. evened the series with a 45-39 triumph here despite Turner's 17 point barrage, then had an easier time in winning the third game by a 41-30 count on the Pullman floor.

Final contest went to the Cougars 43-38, although Turner notched 20 points on six field goals and eight free throws before he was ejected on personal fouls.

A HEARTBREAKING 47-45 overtime loss to Oregon State was the first of four defeats the Vandals suffered at the hands of the title-winning Beavers. Played in Memorial gymnasium, the game was deadlocked 44-44 when regulation period ended, but Beaver McNutt dropped a field goal in the extra session for the victory margin. Thompson scored 17, Turner 13 points, while John Mandic tallied 16 for Oregon State.

O.S.C. came from behind in the second game here for a 34-29 triumph. The Vandals, leading at halftime, could make only three field goals in the second half.

The Beavers rolled up two easy wins at Corvallis 49-30 and 53-30 as interest centered on Turner's efforts to break the scoring mark.

# Oregon-Washington Series

WASHINGTON'S Huskies, sensations of the eastern cage circuit in their holiday tour, found the underrated Vandal squad a "tough cookie" in the season's openers at Seattle, but still managed to win both game 36-28 and 40-33.

Hec Edmundson's crew made it three straight when they outscored the Vandals 44-37 on Memorial gymnasium court. Husky height took its toll after Ray Turner was ousted on fouls in the last half.

With George Steele and Turner teaming up in scoring and on the back-board, the Vandals knocked the Seattle five out of a first place deadlock with a 39-32 triumph in the final game.

OREGON'S 53-39 victory over the Vandals in the season finale at Eugene was almost lost in the shuffle as big Ray Turner sharpened up his shooting eye and blasted northern division scoring records into oblivion with a 192-point total.

Needing nine points in the final game to smash Wally Palmberg's old mark, curly-headed Ray twined 13 counters before going out on personal fouls.

The Webfeet took an early lead to defeat the Vandals 50-30 in the third game. The two-game series in Moscow ended "even-steven" with the Vandals pulling the first out of the fire 38-36, the Ducks winning the following night 35-30 despite an 18-point Turner scoring spree.

# BASEBALL

UNABLE to coordinate hitting and pitching, Vandal baseballers were able to win only three games while losing twelve to finish in the northern division cellar. The season marked the finish of the Idaho coaching career of Coach Forrest Twogood, as the colorful Vandal mentor bowed out after five years of tutoring Idaho diamond representatives.

## O.S.C. SERIES

Four-hit pitching by Veteran Dick Snyder gave the Vandals their only win of the Oregon State series by a 2-1 score in the second contest on the home field. The Beavers won the first three games, two at Corvallis, 14-6 and 5-4, and one here, 7-3.

## OREGON SERIES

A last-inning drive which netted seven runs gave the Idaho nine an uphill 8-7 victory over Oregon's title-winning team in the mud of McLean field. The Ducks' potent batting attack gave them the first two games at Eugene by scores of 16-5 and 19-9. The final game was canceled because of rain.

## W.S.C. SERIES

Washington State took four straight games from the Idaho team in decisive fashion. The Cougars won 3-1 in the opening game on the Vandal field. The other three contests were played at Pullman with the W.S.C. batsmen winning, 9-2, 9-1, and 6-5. The final doubleheader provided a dismal climax for the farewell appearance of a Twogood-coached Idaho team.

## WASHINGTON SERIES

Battering out 15 hits behind Snyder's four-hit shutout hurling, the Vandals knocked Washington's Huskies from the top of the conference heap with an impressive 8-0 victory in the last game on the home diamond. Washington won the first two games at Seattle 8-5 and 4-3, capitalizing on errors in the second game to nullify Dal Bechtol's fine pitching effort, then squeezed out a 7-to-5 victory in the third game.

# TRACK SUMMARY

## INLAND EMPIRE RELAYS

Vandal track and field men opened their 1941 season with a second place in the fourth annual Inland Empire Relay carnival in the Washington State armory. The Idaho thinclads won four events in finishing behind Washington State and ahead of Whitman.

## IDAHO - WHITMAN

Running in the mud and rain at Walla Walla the Idaho tracksters defeated Whitman 73-57, winning nine events to six for the Missionaries.

Idaho's ace distance runners swept the longer races, while Whitman picked up points in the sprints. Leibowitz was a double winner for Idaho, capturing the 440-yard dash and the 880-yard run.

## IDAHO - W.S.C.

A powerful Washington State team proved too much for the Idaho cindermen in an easy 91-40 victory at Pullman. Leibowitz equaled his nothern division mile record with a 4:12.2 time, then shattered Stew Neely's old Idaho half-mile record by four seconds with a 1:52.3 effort. Dyrvall won the two-mile run in 9:32.5.

## IDAHO - O.S.C.

An Idaho invasion of Corvallis ended disastrously when the Vandals fell before Oregon State's Beavers 76-55. Three meet records were broken and one equaled as Oregon State took nine of the fifteen first places. Dyrvall lowered the meet two-mile record with a 9:40.2 effort, while Bell equaled the shot-put mark set by Berg of Idaho in 1935.

## IDAHO - CHENEY

With Phil Leibowitz in the infirmary, the Idaho scanty-clads were forced to the limit to edge Cheney 67-64. Both teams won seven events, but Vandal distance stars accounted for the victory margin. Sprinter Dale Clark, who alternated between baseball and track activity, garnered nine points to tie with Bell and Anderson for high point honors.

## IDAHO - MONTANA

Vandal track and field men finished their dual meet season losing to Montana 68 to 63 on McLean Field. The Grizzlies took eight of the fourteen firsts.

Liebowitz, released from the infirmary only three days before, shaved two seconds off his own meet record in the 880-yard run.

*When Leibowitz snapped this tape in 4:09.3 he had finished the fastest outdoor mile in the nation during 1941; had established a new Berkeley Stadium record; had shattered the old Pacific Coast Conference record of 4:11.6 held by U.S.C.'s Zamperini. A torrid 49-second last quarter gave the Vandal star a two-yard margin over Weed of U.S.C.*

*Dale Clark surprises Northern Division sprint stars by placing fourth in the 100-yard dash . . . Milo Anderson gives the discus a heave that garners a first place in the divisional meet . . . LaVern Bell displays good shotput form against Montana to break Idaho's iron-ball record . . . Leibowitz hits the tape in a 4:20 mile to defend his division crown.*

*Brooklyn-bred Phil Leibowitz began breaking track records at Idaho right after he checked out a pair of "spikes" from Jim Huntbach's equipment room as a freshman. He didn't quit until he had climaxed three years of P.C.C. competition with a record-smashing 4:09.3 mile at the coast meet last spring.*

# TRACK

## NORTHERN DIVISION

The result of a season of hard work by Coach Mike Ryan and the Idaho team became evident at the northern division championships at Pullman when the Vandals finished third with 30 and 2/5 points . . . highest total ever compiled by an Idaho team in the divisional meet.

Leibowitz successfully defended his mile championship by winning in 4:20, while Dyrvall turned in a fast 9:28 two-mile victory. Anderson won the discus, and Makela and Kerby finished in a five-way tie for pole vault honors.

Other Idaho points were scored by Clark, White, Dwyer, Bell, and Ryan.

## PACIFIC COAST

Paced by the sensational performance of Phil Leibowitz, a ten-man Vandal team scored 14 points to finish fifth in the Pacific Coast championships.

*High-flying George Makela and Darrell Kerby displayed a knack for vaulting above the 13-foot mark last spring to gather points for Idaho in that event. They finished in a five-way tie for pole vault honors at the Northern Division meet . . . Alternating between baseball and track as Idaho's "once-in-a-while" sprinter, Dale Clark copped much-needed points in the dash events. An all-around athlete, Clark won letters in football and baseball as well as track.*

Idaho led Oregon, Washington, Oregon State, Montana, and U.C.L.A. in scoring.

Leibowitz set a new coast mile record of 4:09.3, fastest outdoor mile in the nation in 1941. Vic Dyrvall unofficially bettered the Idaho two-mile record with 9:24.5 in finishing second to Noel Williams of W.S.C., while Bob White ran a 4:19 mile in finishing fourth in the mile run. Other Idaho points came when Bell finished fourth in the shotput and Anderson took fifth in the discus.

## BIG TEN-P.C.C., AND NATIONALS

Running under wraps Leibowitz jockeyed into third place in the Big Ten-P.C.C. meet mile race. Dyrvall failed to place in the two-mile event.

One of the ranking favorites in the N.C.A.A., Leibowitz slumped badly in failing to finish among the top men.

*Vic Dyrgall finishes first in the Northern Division two-mile run . . . Bill Piedmont gets hammer-throwing pointers from Coach Mike Ryan . . . Dale Clark and Harold "Bull" Durham finish one-two in the 100-yard dash against Montana . . . Idaho's four distance aces: Leibowitz, Dwyer, Dyrgall, and White.*

*Tireless Vic Dyrgall is the fellow who introduced perpetual motion to the Vandal cross-country and track teams. One of the nation's standout distance runners, he has difficulty in finding races long enough for him. Running to Pullman and back throughout the year is part of his rigorous training schedule.*

# Harriers Go Undeclared ★ ★ ★

*Top: Idaho harriers (left) get a late start in the PCC meet at Hill Military Academy but finish in front of pack. Bottom: Vandal and Whitman Missionary harriers stride around McLean field's track before taking out over the hilly crosscountry course.*

## WASHINGTON STATE

Vandal harriers took their first step towards an undefeated season with a 20-42 victory over Washington State, their sixth over the Cougars in seven years. Idaho runners captured six of the first seven places, although Cougar Noel Williams placed first, edging out Vic Dyrigall 19:37. Bob White, Bob Dwyer, LaMarr Chapman, Sted Johnston, and John Thomas followed Dyrigall and Williams in.

## WHITMAN

With all lettermen on the sidelines, Vandal reserves easily defeated Whitman 20-43. Seven of the first eight places went to Idaho cross country representatives. Roy Griffin, Whitman freshman, beat Idaho's Jack Ragland by six seconds, finished in 17:15. Following Ragland were Sam Auger, Bill Freeburg, Paul Thome, Jim Babin, Bob McLaughlin, and Darrell Dolgner.

## MONTANA

Running on a makeshift course after heavy rains had turned the Idaho course into a quagmire of mud, the Vandals downed Montana 21-41 to maintain their undefeated record. John Thomas, Francis McGuire, and Sted Johnston finished in the first three spots ahead of Montana's Armstrong. Time for Thomas was 18 minutes flat.

## P. C. C. ★ ★ ★

FIFTH consecutive Pacific coast intercollegiate cross country championship came easy for the Vandals as six of Mike Ryan's distance stars finished in the first ten. Idaho scored 19 points for a new team record, while Stanford and Oregon State trailed far behind with 70 and 72 points respectively.

Machinelike Vic Dyrvall monopolized individual honors, finishing first in 20:15, well ahead of teammates White and Dwyer. Dyrvall's time was only six seconds off the old record of 20:09.5 set by Oregon State's Don Vaillencourt in 1939.

Vandals Chapman and Thomas were less than a minute behind the first three Idaho finishers, to give the champions five of the first seven places.

## A. A. U. ★ ★ ★

RUNNING one hour after the completion of the collegiate grind and on the same course, the Vandal thinclads paced the four-mile Northwest A.A.U. championship meet. Iron man Dyrvall set a blistering pace for the field in chalking up a new record of 20:51 for his second victory of the day.

No team title was awarded, although Idahoans finished in the first seven places. For his individual efforts Dyrvall received a trophy. Ragland, Bert Meagher, White, Chapman, Ward Stroschein, and Thomas finished behind the Brooklyn star.

The Idaho performance was the first time in modern cross country history that the same team had participated in two meets on the same day and won both.

# Boxing

AFTER a slow start in dual competition, the Vandal boxing team moved into high gear to place third in the Pacific Coast championships, and bring home two individual titles. Financial and transportation difficulties forced the Vandals to forego defense of their national championship at Baton Rouge.

With Knox at the helm for the first time, the Idaho mittmen opened their season by winning six of seven bouts against Lewiston Normal at Lewiston. A makeshift Vandal team battled the Loggers to a 3½-3½ draw in a return match here.

Washington State's experienced leather slingers won two dual meets from Idaho. The Cougars took the first at Pullman 6-2, then repeated here 5-3. Veto Berllus floored W.S.C.'s Bud DeYoung in the second meet after 40 seconds of the second round.

Idaho split with Gonzaga, the Bulldogs winning

in Spokane 4½-3½, the Vandals evening the count at Moscow 5-3. Sophomore Bill Williams kayoed Tony Felice of the Zags, and Chace Anderson decisioned Bulldog Jerry Cohen in the second meet to gain revenge for old set-backs.

In an auspicious home start, Idaho defeated Oregon State's touring mittmen 5-3. Berllus made his initial 1942 bout a successful one by decisioning bearded Warren Simas of the Beavers.

Berllus and Williams carried the Vandals to third place in the coast tournament. Williams won the 145-pound title, while lanky Berllus took heavy-weight honors. Gordon Ross, Idaho 120-pounder, lost out in the semi-finals, while Warren Briggs and Anderson dropped first round matches. Washington State won the team title with 22 points, followed by San Jose with 19, and Idaho with 16.

# Skiing

A WELL-BALANCED Vandal ski team topped off its eight-meet schedule with a second place in the Pacific Coast Conference meet at Mount Rainier, second consecutive year they have finished in that position. Sixth place in the National Intercollegiate meet at Sun Valley also went to the Idahoans.

Veterans Phil Conley and Jack Numbers and Freshman Bill Brown paced Vandal individual work.

# Fencing

VANDAL fencers placed third in the northern division fencing meet at Seattle after recording one triumph against three defeats in dual meet competition. The Idaho foilmen spilled Washington's Huskies for their one victory and lost only to W.S.C.'s championship squad in the division meet.

Captain George Redford paced the Vandals in their creditable division showing with five victories in six matches, good for second place in individual ratings.

# Wrestling

INDIVIDUAL triumphs took some of the sting out of a disastrous Vandal wrestling season as LaVern Bell and Captain Hank Juran copped honors in the northern division tourney.

Idaho matmen finished fourth in the division meet after Oregon State, Washington, and Washington State all topped the Vandals in dual meet competition.

Bell won the northern division heavyweight crown for the only Idaho individual title. Juran, 1941 champion, was runner-up in the 165-pound division.

CONSCIENTIOUS coaching effort of Student-mentor Bill Piedmont did little to salvage Idaho's undermanned swim team which lost all dual meets and trailed other northern division schools in the championship meet. Brightest spot, however, was the championship diving of Ralph Hollingsworth, who went undefeated in dual meet competition and finished second in the division meet.

# Rifle Team

IDAHO R.O.T.C. rifle team members climaxed a brilliant dual meet season by winning their second consecutive Ninth Corps Area intercollegiate wire match. The Vandal marksmen also captured the William Randolph Hearst trophy and finished second in the Pacific Northwest intercollegiate meet at Corvallis, Oregon.

The Idaho sharpshooters won 25 of 27 dual meets during the regular season. At Gem press time they were still firing in the National R.O.T.C. matches.

# FRESH 'N' MURALS

# FROSH FOOTBALL

UNDEFEATED in three games, the Brown-coached freshman football team had its most successful season in many years. Washington State, Montana, and Gonzaga first-year teams fell before the Vandal Babes.

Back row: Charles Pieper, Harry Whiteman, Del Owens, Bill Celiberti, Joe Kadluboski, Walt Ruderfer, George Frick, LaVern Bell. Third row: Jerry Eide, Bill Grey, Charles Plastino, Lyle Kerby, Robert Williams, Joe Cole, Fred Johnson, Don Whiting. Second row: Bob Spiker, Harold Bateson, Wendell Hinchcliff, Chuck Thomas, John Evans, Bob Briggs, John LeMoyne, Milton Rutstein, Frank Schaub. Front row: Jack Schutte, Art Langlois, Larry Gwartney, Milford Moses, Bill Brown, Gordon Friberg, Lyle Fagnan, Harold Seeds, Coach J. A. "Babe" Brown.

Opening against Montana at Kellogg, the Idaho yearlings won 6-0 when Del Owens scored on a 55-yard pass interception. One more Vandal touchdown on a blocked punt by Joe Kadluboski was called back because of an off-side penalty.

The freshmen came from behind to defeat Washington State 13-7. John Evans scored twice for Idaho on end arounds, while Owen's triple threat play was outstanding.

Concluding the season, the Vandal Babes won their only home game by outscoring Gonzaga's Bullpups 19-9. Owens, Evans, and Chuck Thomas all counted touchdowns for the Idaho frosh.

# BASKETBALL

PLAYING more like varsity hoopsters than freshmen, the Vandal Babes finished a shortened season with nine consecutive victories. A clean sweep of the four-game series with Washington State freshmen proved the season's high spot.

Back row: Coach J. A. "Babe" Brown, Bob Burns, Jay Gano, Bill Jonas, Bob Obendorf, Bob Stratton, Herschel Berenter, manager. Front row: Del Owens, John Evans, Jim Swarbrick, Bob Ryan, Boyd Hansen, Jack Hart.

Other victories came over Lewiston Normal, Kellogg All-Stars, and the Ferdinand town team. With a heavy reserve of material, the Babes rolled up almost 400 points and outscored opponents by 10 points per game. Forward Bob Ryan led the scoring with 91 points.

# FROSH TRACK

A THREE-MEET schedule provided much-needed experience for a 15-man freshman track squad. Strong only in the distance runs, the Vandal Babes still managed to make a creditable showing in meets with Whitman, E.W.C., and Inland Empire Relay entrants.

Back row: Ben Ryan, manager; Ed Thurston, Jack Ragland, Charles Robins, Walt Ettinger, Jack Mosher, Bill Mouat, Bill Freeburg, Coach Mike Ryan. Front row: Harold Stroschein, Wayne McGuire, Bob McLaughlin, Marvin Anderson, Jim Babin, Jack Wing, Darrel Dolgner, Bob Vonderharr.

Outstanding on the freshman roster were Jack Ragland, Ward Stroschein, and Jim Babin, distance runners, and Wayne McGuire in the hurdles and weight events.

# BASEBALL

FRESHMAN baseballers salvaged the remnants of a mediocre season by an even split in their four-game series with Washington State's first-year men. The Idaho yearlings dropped two one-run decisions to Lewiston Normal in their other games.

Clark Woods and Keith Parks were winning pitchers in Vandal Babe victories, while the stickwork of Jack Tewhey, Don Blackburn, and Bill Mangum paced the offense.

## MISCELLANEOUS FRESH SPORTS

Freshmen golfers split even in the two-meet Washington State series which comprised their season. The Idaho yearlings won the first match 7½ to 4½, but the Cougar Kittens evened the count with an 8-to-4 victory at Pullman. Team members were Bruce Barndollar, Dean Wackerli, Sunday Provenzano, Bill Mangum, and John Piper.

Idaho's freshman tennis team broke even with Washington State's yearlings in their only meet, each squad winning two events. Don Carlson and Gus Ranzinger accounted for the Vandal points with wins in the singles. Rodney Frost was the other Vandal Babe netter.

Emulating the example set by varsity harriers, the freshman cross country team finished its two-meet season undefeated. The Vandal Babes eked out a two-point decision over Washington State 27-29, and rolled up a 20-43 victory over Whitman. Dave Stidolph and Bob Eyestone were awarded freshman numerals.

## INTRAMURAL

CHRISMAN HALL I captured its second successive all-university touch football championship as the 1941-1942 intramural program got under way. The Chrisman gridders won decisively over Phi Delta Theta 24-0.

The volleyball crown went to the A.T.O. squad, which defeated Chrisman Hall I 15-8, 15-10 in the finals. In the table tennis competition, Lindley Hall came out on top by edging out Phi Delta Theta.

Willis Sweet basketball teams monopolized honors in that sport. Willis Sweet I won the Class A hoop title with an easy 43-28 victory over L.D.S., last year's champions. In Class B competition Willis Sweet defeated the Idaho Club 32-19 for the championship.

Lindley Hall triumphed in the rifle contest, with S.A.E. in second place. Phi Gamma Delta swimmers won the tank title with a five-point margin over Willis Sweet.

# INTRAMURAL

LINDLEY HALL was leading in total intramural points at *Gem* press time with track, softball, horseshoes, and golf yet to be contested. Lindley had 970 points to 950 for A.T.O., while Sweet Hall, 943; Kappa Sigma, 885; and Sigma Chi, 800, were close behind.

Alpha Phi Chi officers during the year were Dale Reynolds, president; Don Robertson, vice-president; Dick Snyder, secretary; Dick Harland, treasurer.

Sweet Hall won its third intramural championship in four years during the 1940-1941 season as it edged out A.T.O., 1575 to 1540. In winning, Sweet dethroned Phi Delta Theta, champions the previous year.

A.T.O. won four intramural plaques during the season by capturing titles in table tennis, Class B basketball, swimming, and golf. Sweet won the volleyball plaque; Chrisman copped the touch football award; L.D.S. won plaques in Class A basketball and rifle; Idaho Club annexed the track award; Delta Tau Delta took the softball plaque; Sigma Chi and Campus Club split in the horseshoe finals.

Upper left: "B" League basketball winners were Sweet men. Lower left: Sweet men made a clean sweep by taking the "A" League hoop championship. Lower right: This trio from Lindley won the ping pong title. Upper right: Softball action on the diamond between Sweet and Memorial Gym.

*Rachel Swayne, Lois Ream, Virginia Anderson, Alta Mae Muller, Pat Unternahrer, Phyllis Paynter, Miss Margaret Mylne, Marjory Cruickshank, Verle Burstedt, Helen Campbell, Merl Delp*

FIVE WOMEN qualified for membership in the Women's "I" Club this year. Earning the necessary 1,250 points for their sweaters and memberships were Phyllis Paynter, Barbara White, Alta Mae Mullin, Vera Nell James, and Lois Ream.

Officers of the athletic group, sponsor of a special leisure time activities program for all women students, were: Merle Delp, president; Helen Campbell, vice-president; Verle Burstedt, secretary-treasurer; and Pat Unternahrer, historian.

# W. A. A.    ★    ★    ★

UNDER A scoring system devised by the association, women earning 100 points in the after-school hour sports are eligible for membership in the Women's Athletic Association. Women earning 1,250 points are awarded women's "I" sweaters. Helen Campbell, who has earned over 2,000 points this year in W.A.A., was presented with an "I" blanket, highest individual W.A.A. award given.

The association pledged 82 women February 17, who made the necessary points. W.A.A. sponsors a picnic for all freshmen women each fall, and an awards banquet in May.

Phyllis Paynter is president; Pat Unternahrer, vice-president; Helen Newman, corresponding secretary; Barbara Long, recording secretary; Rachel Swayne, treasurer; Mrs. Frances Bascom, advisor.

Doris Johnson is leisure sports head, Merle Delp, basketball; Peggy Massey, softball; Marjorie Childs, tennis; Beverly Weber, badminton; Rae Cleare, swimming; Dorothy Ann Outzs, rifle; Mary Fran Marshall, horseshoe and shuffle board; Kay Paynter, golf; Pat Bowlby, archery; Merrie Lu Kloepfer, ping-pong; and Betty Detweiler, publicity.

## Women's

SOPHOMORE feminine athletes carried off early honors in W.A.A. class tournament sports for this year with triumphs in both speedball and volleyball tournaments. Sharpshooting freshmen hoopsters, however, edged them in the basketball finals by a 37-36 count. When *The Gem* was "put to bed" the golf tournament had not yet been played.

W.A.A. contestants who place on first-string teams get 100 points, second team contestants are awarded 50 points, and all other participants get 10 points apiece. Total points are tabulated for individual sweaters and for "I" blankets.

# Sports

THE LARGE NUMBER of women participants in individual tournaments prove that team sports are not the only ones they turn out for.

Comely sophomore Merrie Lu Kloepfer won the W.A.A. ping-pong title, while top honors in the shuffle board tourney went to Alta Mae Mullin. Marjorie Childs topped the horseshoe contestants, and Beverly Weber won the badminton tournament.

Marjorie Childs and Beverly Weber were finalists in the tennis meet when *The Gem* went to press. Corine Williams, Elnora Arms, and Mary Reynolds were given archer's rating this spring for bow and arrow work.

## President's Message ★ ★ ★

In the tragedy of a world at war we are challenged to strengthen and enrich our American heritage. Civilization is shattered not only because of the perils that assail the body but also because of the dangers that surround the mind. Of us, as of no other generation of Americans, the supreme test is being made.

University Health*

PRIORITIES heckled Buildings and Grounds Supervisor R. W. LIND this year as he attempted to raise a new dairy building and a new engineering laboratory in the midst of steel shortages and building restrictions.

Other university officials saw a busy year, as two men's dormitories were turned over to the navy, the registrar's office force dwindled, and the entire system demanded constant oiling needed to keep things running smoothly.

Beyond the hierarchy of university administration is the Board of Regents, six of the solidest citizens of the state, who regularly lay fat brief cases on President Dale's long table and determine school administration and policy.

Gearing Idaho to a new war turnover this year, they plotted a high speed education-for-defense program, installed the quarter system to become effective this spring, and set about grinding out four-year students in three years.

New Board of Regents President is Asher B. Wilson, Twin Falls, who was elected in March to succeed Coeur d'Alene's W. M. McNaughton.

### MESSAGE

It is with a great deal of hesitation that I address you, the young men and young women who must be the future leaders of the State and the Nation. Yours is peculiarly a heritage of strife, sacrifice, suffering—a war-torn world. Yours must be a resolve to take upon yourselves the burden of reconstruction and to share in leading this State and Nation out of the troubles into which it has been plunged.

My one consolation at this time is the faith that I have in the young men and young women of Idaho in accomplishing this fact. Yours will be a difficult but glorious task.

CHASE A. CLARK.

*Beatrice Olson,  
Dean of Women*

Frequent caller at men's houses and halls is **HERB WUNDERLICH**, dean of men, who can hold his own without reserve in any male bull session on the campus. When not pouring oil on student troubles, Dean Wunderlich decides on NYA allotments, serves on the university draft board, student-faculty council, and some half dozen other student and faculty committees.

Last word on women's activities comes from Dean of Women **BEATRICE OLSON**, who decrees lockout hours, passes on social functions, and censors the annual Pep Band show. She watches with a motherly eye over a brood of several hundred women who receive her dictates with varying degrees of enthusiasm and to her falls the ticklish task of retaining friendships when saying "yes" or "no."

*Herbert J. Wunderlich,  
Dean of Men*

Filling briefly the shoes of absent Dean R. H. Farmer, Associate Professor **WILLARD WILDE** this year stepped up to acting dean of the school of business administration, to serve until July. He received degrees from the Universities of Utah and California, arrived at Idaho twenty-two years ago. Fervent booster of Idaho sports, he seldom misses any athletic event, now finds time himself only for golf.

Dean of the faculty and dean of the University is barrel-chested **JAY G. ELDRIDGE**, who arrived at Idaho in 1901 and this spring turns in his forty-first year of service. He received his bachelor's, doctor's, and master's degrees from Yale, earned a Phi Beta Kappa key, studied in France and Germany, and became a fluent speaker and voluminous reader of foreign tongues. He now heads the department of modern languages, traverses the Ad building's hallways from class to class with a peculiar hippety-hop that makes mockery of his age.

# DEANS

Dean J. E. BUCHANAN, Idaho graduate and one of the University's newest deans, returned to his alma mater only four years ago to become dean of the college of engineering. He graduated in 1927 after cracking top grades in one of the toughest curricula in the University, did highway engineering work, until he became head man in the school which graduated him. Main interests are airport development and flood control.

Coming to Idaho from Wisconsin in 1919, CHARLES W. HUNGERFORD served as head of the plant pathology department, and became first dean of the headless graduate school in 1931. Serving on the academic council and the public events committee keeps him busy, but he finds time to diagnose plant ills for perplexed Palouse farmers, and chew the rag with students who happen by his office on Morrill third.

Dean T. S. KERR, of the college of letters and science, probably has more irons in the fire than any other one facultyman. Author of books on law, chairman of public events and athletic committees, professor of political science and business, he still finds time to guide the affairs of his college. This year he collaborated with Dean Buchanan in working out vital new defense courses.

Eight years of professional experience as assistant district attorney of New York City gave Dean PENDLETON HOWARD a thorough working knowledge of law to supplement his academic training. A Texas graduate, he received his master's and doctor's degrees from Columbia, came west to Idaho in 1929, and within five years was dean of the college of law. Globe trotter and author, he takes great interest in student government.

# DEANS

Because of the agility with which tall, angular J. F. MESSENGER performs his job as dean of the school of education, aspiring pedagogues from a dozen states each year come to Idaho for essential pointers on teaching. Most freshmen, in all departments, read his "Art of Going to College," and universities throughout the country use his "History of Education."

Despite a doctor's degree from Yale University, Dean DWIGHT JEFFERS is a forester, and respected as such among Paul Bunyans in the school of forestry. Because of its comprehensive forestry training program, Idaho is top-rate in the nation, and a mecca for would-be foresters from Maine to California. Each summer, Dean Jeffers takes his men to Payette lakes, where they put to practical use the notes they took in Moscow classrooms.

While Dean A. W. FAHRENWALD followed the government's call this year to California and New York, the school of mines, always important to a mining state, became vital to the nation. For turning out competent mineralogists Idaho's school is fortunate, because Dean Fahrenwald is considered throughout the West as an expert in his field.

E. J. IDDINGS, dean of the college of agriculture, this season finished more than a quarter-century of teaching Idaho aggies the fundamentals of crop production, farm management, and other agricultural "musts." Before settling at Idaho, he shipped off to Europe on a cattle steamer and journeyed up and down the continent studying farming conditions in 16 countries.

# DEPARTMENT

AT IDAHO the department head is instructor as well as counsellor, and if he's a "good Joe" in the classroom he's usually a friendly advisor in office conferences. Students know one from the other for what they are, know the traits which make some easy to talk to, others lofty or diffident. The broad shoulders of the approved ones carry the burden of the students' "blue book blues" and they hear things that never get as far as the busy dean of the college.

# HEADS

Since they are more approachable than deans, their pats on the back every year cut down the number of flunks in each department from journalism to animal husbandry. Yellow cards in U-hut mail boxes have summoned many a skidding scholar to conferences which often turn into "bull sessions" where student and faculty thresh out the whys and wherefores of penciled "D's" and occasional red "F's."

# BALLOTS 'N' BOSSES

# GRADUATE

As long as GALE MIX can keep the bottle of red ink on the shelf, things run smoothly around his offices in the Student Union building. As graduate manager, he controls the expense accounts of all university activities, and gracefully dodges the inevitable wrath of unsweated athletes, ambitious class officers, and assembly chairmen planning the "biggest show in years."

Since taking "Cap" Horton's place in 1939, Gale has seen the addition to the University of ten new departments, and has sung the glories of Idaho to local chambers of commerce up and down the state. He fondly hopes that the minor sports program which he has mothered will some day find its rightful place in the Idaho sun. But with one eye on that bottle of red ink, he sits, and chews his cigar, and wonders.

Perry Culp, Jr., became acting graduate manager when Mix traded his blue serge suit and cigar for an army uniform.

To staffers on *THE ARGONAUT* and *THE GEM*, "OPC" stands for Office of PERRY CULP, hub of the wheel of Idaho publicity. From his corner of the student union building news, photos, and campus gossip radiate to newspapers throughout the state and the northwest, telling home-town folks what's doing "up at Idaho."

As ASUI publicity man, Culp supervises the publication of the Freshman Handbook, football programs, drama and concert programs, and has a word to say about general *Argonaut* and *Gem* policy. Tribute to the success of news-plugging enterprises may be seen on the walls of his office, cluttered with Idaho news clipped from papers across the far reaches of the country.

# MANAGER

*Maria Raphael Smith, graduate manager's secretary. Don Carlson, assistant ASUI publicity director; Evellen Baskett, publicity department secretary.*

MARIA RAPHAEL SMITH—"Mike" to Idaho students—labors long hours untangling knotted finances for student ticket salesmen, who never seem to make their books balance. As secretary to Gale Mix, she puts her boss' words into action, adds long columns of figures for ASUI ledgers, and accounts for all funds that pass through the graduate manager's office. Students like to do business with "Mike," because her patience is practically unlimited.

Right-hand man to News Director Perry Culp, Jr., is DON CARLSON, sophomore journalism major.

When Culp is out of town, Vandal news stories are filed by Don, who also clicks the shutter for most of the ASUI's publicity pictures. Before the war forced a cut in the ASUI staff, Bob Bonomi, senior journalism major, helped with the ASUI publicity. Bonomi, Culp, and Carlson put out a mimeographed press bulletin until the associated students had to pare expenses. Secretary in the publicity department is Freshman EVELLEN BASKETT, who checks *Gem* and *Argonaut* advertising figures and helps "Mike" wade through ticket receipts.

*Sennett Taylor, Rena Eccher, Rachel Swayne, Marjorie Thompson, Norma Lou McMurray, Dean D. S. Jeffers, Milt Eberhard, Gale Mix, Rudy Franklin, Bob Leeright, Stan Olson, Harry Lewies.*

ELECTED to the hyper-active executive board this year were Sennett Taylor, Rena Eccher, Rachel Swayne, Norma Lou McMurray, Rudy Franklin, Kenneth Scott, Stan Olson, and Harry Lewies.

Marjorie Thompson, president of AWS; Dean Dwight Jeffers, advisor; Graduate Manager Gale Mix, and *Argonaut* Editor Bob Leeright sit on the board as ex-officio members.

They meet each Tuesday night in the ASUI office off the Bucket lounge to ponder student problems.

WHILE GREEK politicians remained silent last spring, the Independent party made Lindley Hall's Milt Eberhard ASUI president, without the casting of a single vote. No running mate emerged from non-committal Greek ranks to oppose Eberhard, who automatically stepped into the presidency to succeed bald-headed Les McCarthy. Eberhard helped to dissolve the old Co-op bookstore, put across radical war-time amendments to the ASUI constitution, and with the help of protege Harry Lewies strove to push the Student Union bookstore actually into student hands.

*Milton Eberhard, ASUI President*

Bachelorhood ended for Eberhard with the close of the first semester. He married Soprano Evelyn Failor, moved out of Lindley into a house next the campus, remained in school, and pulled the strings as vigorously as ever.

# ASSOCIATED STUDENTS

UNITED STUDENTS stood on the outside looking in after Independents swept the executive board elections last spring to capture six of eight posts, and rally behind President MILTON EBERHARD in governing Idaho's student body.

This year, as executive board members answered the beckoning finger of the draft board and shuffled off the scene, war stripped the ASUI of much of its political dabbling, forced changes in the ASUI constitution which would be laughed down during another year. The board did away with special elections when its members began to vanish, decided that costs were too high, need too little, and cancelled, for the duration, traditional mid-term class elections.

Biggest project undertaken this year by the board was transfer of the Student Union bookstore to student hands, and an attempted merger with the former Co-op. Regular business included confirming of appointments, voting of awards, a traveling jacket squabble with "down-at-the-heel" football men, the occasional demand for "cokes all around" from Fall Guy Eberhard.

*Harry Lewies, vice-president, and Norma Lou McMurray, secretary*

# ASSOCIATED

*Marjorie Thompson, AWS President*

NUMBER ONE kingpin among campus women is MARJORIE THOMPSON, president of the Associated Women Students. Elected to the vice-presidency in the spring polling last year, her present post came as a shock both to her and to sorority women when she automatically slipped into the president's chair after Mabel Ayres failed to return to school.

Immaculate grooming is second nature to Marj, who majors in home economics, sews most of her own clothes. Genuine friendliness, sincerity, efficiency, and willingness to cooperate have made her a respected leader of women students.

*Betty Armstrong, Helen Campbell, Vera Nell James, Marjorie Thompson, Mary Fran Marshall.*

# WOMEN

Two A.W.S. councillors from each girls' house and hall meet trains and busses bringing new girls to the campus in the fall; assist freshmen and new students in becoming acquainted with the grounds, buildings, professors, and other students; help the "greenies" arrange their schedules; and, in general, "show them the ropes." Councillors are stationed at various points around the campus to guide and direct the neophytes.

The annual A.W.S. Carnival attracts crowds from Pullman and Moscow as well as Idaho students. Each fraternity and men's hall nominates its candidate for carnival queen, who is elected by the merry-makers. Campus honoraries and service organizations sponsor booths, with all proceeds going to the A.W.S., which, cooperating with the University's all-out-for-defense program, this year donated its proceeds to the Red Cross.

Women's activities end on May Day with the crowning of the elected May Queen, the all-campus songfest, tapping of members by honoraries, and the colorful Maypole dance by Spurs.

Independents salvaged some measure of consolation from class elections by capturing all senior offices. Social event of the year was the senior ball on December 6. Using a "Senior Holiday" theme, the graduating students under the direction of General Chairman Dale Clark turned the Blue Bucket into a festive hall of silver and blue.

With the "big grind" almost ended, seniors now wait patiently for June, Baccalaureate, and Commencement.

FOR

AGAINST

**EMERGENCY WAR CLAUSE NO. 2**

Class officers shall serve for a term of one school year. Nominations for class officers shall be made at the beginning of the fall semester at a special nominating assembly for each class which shall be called by the President of the ASUI. This amendment shall operate as to toll such other clauses of the ASUI constitution as are herewith inconsistent with the provisions of this amendment.

This amendment shall become null and void at the beginning of the second successive semester or at the beginning of the third successive quarter following the ceasing of the present war, at which time all clauses herein rendered ineffective are to be given such full force as they had previous to the passing of this amendment.

FOR

Only addition to junior class officers was Warren Weinberg, who replaced Ray Hoobing as vice-president when Hoobing moved up to the presidency spot left by army-bound Gordy Williamson.

The United Student caucus elected Weinberg to the vice-presidency and the ASUI executive board approved the move.

Office-holders Betty Detweiler, secretary, and Joyce Tucker, treasurer, maintained their positions for both semesters.

# OFFICERS

FOR ..... AGAINST .....

## EMERGENCY WAR CLAUSE NO. 2

Class officers shall serve for a term of one school year. Nominations for class officers shall be made at the beginning of the fall semester at a special nominating assembly for each class which shall be called by the President of the ASUI. This amendment shall operate as to toll such other clauses of the ASUI constitution as are herewith inconsistent with the provisions of this amendment.

This amendment shall become null and void at the beginning of the second successive semester or at the beginning of the third successive quarter following the ceasing of the present war, at which time all clauses herein rendered ineffective are to be given such full force as they had previous to the passing of this amendment.

FOR .....  ..... AGAINST .....

*When Clause Number 2 passed 429 to 13, the latter number proved unlucky for Gem editorial heads. A page for second semester officers had been dummied into each class section of the yearbook, and because of production technicalities could not be taken out.*

FOR ..... AGAINST .....

**EMERGENCY WAR CLAUSE NO. 2**

Class officers shall serve for a term of one school year. Nominations for class officers shall be made at the beginning of the fall semester at a special nominating assembly for each class which shall be called by the President of the ASUI. This amendment shall operate as to toll such other clauses of the ASUI constitution as are herewith inconsistent with the provisions of this amendment.

This amendment shall become null and void at the beginning of the second successive semester or at the beginning of the third successive quarter following the ceasing of the present war, at which time all clauses herein rendered ineffective are to be given such full force as they had previous to the passing of this amendment.

FOR .....  ..... AGAINST .....

*Main argument in favor of Clause Number 2 was that by not holding elections the ASUI would be spared \$125 in expenses. With Gem pages costing the ASUI a conservative \$25 each . . . with four pages unavoidably involved . . . the ASUI expended approximately \$100 anyway.*

# OFFICERS

- President* - - - - - JACK NUMBERS
- Vice-President* - - - - - BILL MANGUM
- Secretary* - - - - - EDITH JONES
- Treasurer* - - - - - MAXINE GROVER

Little change was made in the sophomore class as Jack Numbers, Bill Mangum, and Edith Jones retained their respective offices for the entire year.

Maxine Grover replaced Adene Hyde as class treasurer when the latter left school during the second semester. Grover was elected by the United Students caucus and approved by the ASUI executive board.

*Vice-President* - - - - - DICK GREENE  
*Treasurer* - - - - - CAMILLE SHORT  
*Secretary* - - - - - GLORIA STEWART

The freshman class elected their officers, three Independents and one Greek, at the first assembly last fall, and kept the same ones all year.

The first-year students began with a bang last fall when they sponsored the traditional home-coming fireworks. Then the yearlings inaugurated a new custom when they held a mixer for all freshmen. The freshmen held their final fling in May when they sponsored the annual frosh glee week.

*President* - - - - - FRANK JACOBS  
*Vice-President* - - - - - DICK GREENE  
*Treasurer* - - - - - CAMILLE SHORT  
*Secretary* - - - - - GLORIA STEWART

Freshman class officers remained the same during the second semester, with no one leaving school to create vacancies.

Officers were Frank Jacobs, president; Dick Greene, vice-president; Gloria Stewart, secretary; Camille Short, treasurer.

# OFFICERS

FOR ..... AGAINST .....

**EMERGENCY WAR CLAUSE NO. 2**

Class officers shall serve for a term of one school year. Nominations for class officers shall be made at the beginning of the fall semester at a special nominating assembly for each class which shall be called by the President of the ASUI. This amendment shall operate as to toll such other clauses of the ASUI constitution as are herewith inconsistent with the provisions of this amendment.

This amendment shall become null and void at the beginning of the second successive semester or at the beginning of the third successive quarter following the ceasing of the present war, at which time all clauses herein rendered ineffective are to be given such full force as they had previous to the passing of this amendment.

FOR .....  ..... AGAINST .....

*If Gem readers feel that the saving of approximately \$25 has been sufficient compensation to have second semester class officers presented in this manner, all well . . . Seems a trifle silly . . . and monotonous . . . though*

"Where Friends  
Meet and Eat"

# In Boise It's the OWYHEE HOTEL

We consider the friendship of each new generation of students proof that Owyhee hospitality never grows old . . . proof, too, that young Idaho appreciates fine food and fine services.

# Popularity!

Therein lies the answer to the ever-present question: "Entertainment?" The vast numbers of parties, luncheons, dinners, dances held in these pleasant surroundings during the past year all attest to growing popularity of that center of student life and activity.

*An Institution  
As Old as the  
University  
Itself*

**W**HEN DAVID'S STORE was founded, there was written into its policies an inflexible rule concerning the reliability of merchandise. It is not too much to say that our present growth is due entirely to the policy of never selling anything—however small—that we can not fully guarantee. And the most impressive phase of the success that has come to us lies not in its magnitude but in the ever-growing satisfaction, so freely voiced by thousands of our customers, in the reliability of their purchases.

# *The* **Leaders**

In the years since its founding, the Western Engraving & Colortype Company has enjoyed an orderly and steady growth. Parallel with this growth has come an ever-widening clientele whose patronage has placed the Western in a position of unquestioned leadership.

Ours is a simple formula: Ambition, honesty and integrity, constant hard work, keeping abreast of improvements, building a loyal, capable organization, and treating our customers as fairly as we expect them to treat us. All these factors have become welded into one fixed policy, and it will remain constant and unalterable as the years continue their phantom march.

DEFENDER  
*of*  
AMERICANISM

The 1942 *Gem* is off the press, and again printing has given permanence to a vital chapter in American education, American endeavor, and the American way of preserving free thought, free expression, and free enterprise.

That printing has given permanence to this chapter is of greater-than-ever importance at a time when war is endangering some of the finest principles of Americanism.

This is the fifteenth *Gem* printed by the Syms-York Company. Thirty-seven years of printing and a just pride in our craft have equipped us well to make it a colorful, accurate, and worthy delineation of Americanism.
