OF THE MOUNTAINS 1965

DEDICATION

DR. D. R. THEOPHILUS
Eleventh President of the University of Idaho

Dr. D. R. Theophilus. . . . He ranks No. 1 among the University of Idaho's builders of bridges. Most significant of his contributions was the link of understanding he welded between the President's Office and the students.

He was responsible for many other structures of strength. Throughout his tenure as president, he placed great stress on academic excellence. He continually gave first priority to salary increases and other benefits for faculty and staff to bolster that excellence. Under him were instituted the advanced placement program for high school students and a visiting scholars program. He was quick to defend freedom of speech and academic freedom, coupled with responsibility and good taste. He established Adult Education Centers throughout the State of Idaho and at the University he created the Water Resources Research Institute. He worked to bring to the University its first Library Building and many other significant structures, including a \$2,000,000 addition to the Student Union which has made the building outstanding in the Northwest.

Dr. Theophilus retires as president August 1, 1965. In years to come, many of those who attended the University under him will forget many of his accomplishments. However, they will not forget that his door was always open to any student and that he would talk with each one honestly, freely, and sincerely.

To this man, Dr. D. R. Theophilus, who bridged so well that gap between Administration and Student Body, this issue of the *Gem of the Mountains* is dedicated.

Administration

Countless duties are performed by the organized administration which is constantly at work for the University of Idaho. The multitude of tasks managed by this group include registration, publications, finances, the student health services, the library, and the dormitory system. This group seeks constantly to improve educational facilities in Idaho, to improve the quality of teaching, to promote research, and to expand educational service within the state.

Vice-Presidents

These two offices were created to help alleviate some of the burdens of the Office of the President. Vice-President Steffens is in charge of academic affairs and Vice-President Dick is in charge of financial affairs. They both have performed their duties with utmost efficiency during their respective tenures at the University of Idaho.

Student Affairs

Acting as a link between the students and the administration, Dean Neely, Dean Decker, and Associate Dean Wicks coordinate and guide the course of student affairs at the University. This office is of vital importance to the University of Idaho and its personnel is always ready to help students solve academic, vocational, and personal problems.

Graduate School

Organized in 1925, the Graduate School of the University of Idaho now meets the needs of many college graduates who desire additional training in their respective fields. The first Master's Degree was awarded in 1897 and since then the Graduate School has been providing the opportunity for advanced students to develop within themselves the ability to make creative advancement. The School offers extensive specialization in more than fifty departments.

Jeffrey Hubert, a Master of Science degree candidate in the field of plant pathology, inspects a few of his research plants. His area of investigation is the ringspot virus migration in stone fruit trees and his work will eventually lead him to a Ph.D. in plant pathology or biochemistry at the University of California in Riverside.

Duff, a Master of Science Degree candidate in zoology is doing research in the field of fresh-water biology and his thesis title is "Some Linnological Aspects of Spring Valley Reservoir." He plans to work toward a Ph.D. in physiology at the University of Missouri next fall.

"Some Chemistry of Peroxodisulfuryl Difluoride and its Derivatives" is the thesis title and research area of Joseph Delfino, a Master of Science Degree candidate in the field of inorganic chemistry. Joe will enter the University of Wisconsin in Madison next fall to begin doctoral studies in marine chemistry and the chemistry of natural water bodies at the UW Water Chemistry Laboratory.

Ted P. Stoltenberg, a graduate student in chemical engineering, demonstrates techniques in using the Aerograph Model 92 Gas Chromatograph which he uses in research for his thesis, "The Anaerobic Bacterial Utilization of Potato Wastes as a Method of Disposal." Stoltenberg will receive his Master of Science in Chemical Engineering Degree at the end of summer school.

DR. RAYMOND K. KOOI
Director
Adult Education and Summer School

Adult Education

The Division of Adult Education and Summer School, organized in 1959, provides continuous education to the University and to the State of Idaho. Adult education centers are maintained in Boise, Coeur d'Alene (summers only), and Idaho Falls. Many Idaho citizens enroll in extension classes scheduled from Salmon to Sandpoint.

For those who want to continue their education during the summer months, a full-fledged summer school is held in Moscow together with smaller programs in Coeur d'Alene and Boise. Thousands of persons, some from foreign lands, enroll in correspondence courses each year.

A fully-staffed central placement service is maintained in Moscow to assist students, seniors, and graduates in securing career positions as well as part-time employment.

The newest role is in special non-credit programs throughout Idaho. A comprehensive civil defense program is included and a humanities program is now underway.

What could be more ideal than a pleasurable summer of study and recreation on the beautiful University of Idaho campus?

"Workshop on Wheels," now in its eleventh year at the University of Idaho, combines a vacation with serious and intensive painting. This is but one of the many services offered by the Division of Adult Education and Summer School.

The summer session is filled with many recreative events. The "Get Acquainted Steak Fry" pictured here indicates that summer school is a place where life begins at 40.

A Tribute To University of Idaho Alumni

Knowledge . . . the bridge to worldwide understanding of science, of humanities, and of people. Knowledge . . . gained at the University of Idaho. Knowledge . . . spread worldwide by Idaho alumni who bring honor and recognition to the University through their excellent work.

**Dr. Alfred O.
Shaw**
Class of '32

Dr. Alfred O. Shaw received his Bachelor of Science and Master of Science degrees from the University of Idaho and his Doctor of Philosophy degree from Pennsylvania State University three years later. He returned to the University of Idaho in 1935 to serve as an instructor of dairy husbandry. In 1939 he became an associate professor of dairy husbandry at Kansas State College and in 1941 accepted the responsibilities as Head of the Department of Animal Industry at North Carolina State College. Dr. Shaw then left education for a year to become superintendent of Cable Dairy Products in Lexington, North Carolina but returned to become Head of the Department of Animal Industry at the University of Maine. In 1947 he became Chairman of the Department of Dairy Husbandry at Washington State University and in 1954 he went to Lahore in West Pakistan as a dairy scientist and as chief adviser of the Washington State University Pakistan program. In 1956 he served as an

official United States delegate to the International Dairy Congress in Rome. Dr. Shaw then returned to Washington State University to resume his position as Chairman of the Dairy Department. In 1961 he returned to Pakistan to be affiliated as an animal scientist in the West Pakistan Agricultural University and in 1963 became Chief of Party of the Washington State University delegation to the new Pakistan university.

Dr. Shaw holds membership in various professional organizations as well as membership in the scholastic and professional honoraries: Sigma Xi, Alpha Zeta, Phi Kappa Phi, Gamma Sigma Delta, Pi Kappa Alpha, Rho Epsilon, and Lambda Rho Epsilon. A bridgebuilder in the field of agriculture, Dr. Shaw has bridged successfully his career as an international scientist and scholar with a productive career in publications concerning dairy cattle, nutrition, and biochemistry.

College of Agriculture

The College of Agriculture, one of the first schools to attain the status of a college on the University of Idaho campus, was created in 1901. The College has progressed on the Idaho campus and throughout the state as a whole. It maintains Branch Experiment Stations and Agricultural Extension Service Agencies on a state-wide basis and has played a vital role in Idaho's agricultural economy. The College of Agriculture offers such major programs as agricultural chemistry, agricultural economics, agricultural education, agricultural engineering, agronomy, animal husbandry, bacteriology, dairy science, entomology, horticulture, plant pathology, and poultry husbandry.

L. E. Oliver

Class of '26

L. E. Oliver, Territorial Vice-President of Sears for the South, was a member of Delta Chi fraternity and received his Bachelor of Science degree in Business Administration from the University of Idaho in 1926. He began his business career with the J. C. Penney Company and in 1929 became associated with Montgomery Ward as manager in Monterey, California. Mr. Oliver helped to organize Western Industries in Monterey and held the position of President until he joined Sears, Roebuck and Company in 1933 in Fresno, California. In 1952 he assumed the Presidency and Chairmanship of the Henry Rose Stores until that firm merged with Sears in 1955 when he became General Manager and Assistant Vice-President of Sears in New York. In 1958 Mr. Oliver was transferred to Atlanta, Georgia, as Vice-President and a Director of Sears.

Mr. Oliver holds directorates in the Allstate Insurance Company and the Allstate Enterprises. He is a director and member of the Executive Committee of the First National Bank of Atlanta, of Colonial Stores, and of the Louisville and Nashville Railroad. He is also a past director of the Atlanta Chamber of Commerce and is currently a director of the State of Georgia Chamber of Commerce.

Mr. Oliver has bridged his life as a leader in the world to that of civic affairs. He is a past-president and a current director of the Advisory Council of Georgia State College and is also a member of the Board of Visitors at Emory University. Mr. Oliver's interest in education has been further recognized by honorary memberships in Beta Gamma Sigma from the University of Georgia and in Eta Mu Pi from the New York University School of Retailing.

Mr. Oliver has also been active in Atlanta, Georgia, civic and cultural events. He has served as past-chairman of the Red Cross for the State of Georgia, past-president of the Atlanta Symphony Guild, vice-chairman of the Board of the Atlanta Arts Alliance, and is a director of the Atlanta Music Club. He is currently a director of St. Joseph's Infirmary, Egleston Hospital, and the National Jewish Hospital in Denver. In addition, Mr. Oliver has served as president of the Defense Supply Association in the United States Army and as an adviser to the Navy stores in New York. He has successfully bridged his career through service to his country, community, and his state.

College of Business

The College of Business keeps abreast of developments in business through various organizations and by constant consultation with Idaho businessmen. The quality of the program is attested to by the outstanding achievements of Idaho graduates in all fields of business throughout the nation. One graduate is the head of one of the nation's largest chain of supermarkets and others hold high positions in major insurance companies, banks, and other business enterprises. The College seeks to give its students an adequate background in the basic principles and responsibilities of businessmen.

Alpha Kappa Psi

Alpha Kappa Psi is a national professional fraternity for businessmen, which has become one of Idaho's most active professional fraternities. Any student in the College of Business or an economics major with a 3.2 average is eligible for membership. The purpose of the fraternity is to offer experience in the field of business by aiding the University administration.

Dwight J. Ingle

Class of '29

A distinguished alumnus who has successfully bridged the fields of education and research is Dr. Dwight J. Ingle of the University of Chicago. Dr. Ingle received his Bachelor of Science degree from the University of Idaho in 1929 and his Master of Science degree in 1931. He earned his Doctor of Philosophy degree in 1941 from the University of Minnesota and was granted an honorary Doctor of Science degree by the University of Idaho in 1962. Dr. Ingle is Chairman of the Department of Physiology at the University of Chicago and is engaged in cancer research. He edited "Perspectives in Biology and Medicine," which won an outstanding achievement award in 1964. Dr. Ingle's devoted research has been recognized by the National Academy of Sciences, Phi Beta Kappa, American Academy of Arts and Sciences, American Society of Experimental Biology and Medicine and by his election to the presidency of the Endocrine Society. He is a consultant for the American Cancer Society and serves as a committee member on the National Research Council, the Endocrinology Panel, Committee in Research-Medical Sciences, and Institutional Research Grants.

College of Education

The College of Education was organized as an independent unit by the University's Board of Regents in 1920. It is the official teacher-education division of the University and consists of the departments of Education, Psychology, and Health, Physical Education, and Recreation. Special units are offered in Music Education, Business Education, Industrial Arts Education, and Guidance and Counseling. After completion of the curriculum in the College, the student is certified to teach in Idaho and nearly every other state.

Harold T. Nelson

Class of '30

Bridging academic pursuits and social endeavor in his college fraternity Harold T. Nelson has risen to the ultimate heights of attainment in his field, engineering. Mr. Nelson is a native of the Pacific Northwest and is a career engineer for the Bureau of Reclamation—a position which he has held since 1937. Mr. Nelson, a member of Lambda Chi Alpha fraternity, received the Sigma Tau medal for highest class scholarship as a freshman and later became a member of Sigma Xi, graduating with highest honors. In 1949 he became regional director of the Bureau of Reclamation for the Pacific Northwest states and later served as chairman of the Columbia Basin Inter-Agency Committee. Previously, Mr. Nelson worked in the chief engineer's office in Denver, Colorado, and on construction of the Roza Division of the Yakima Project in Washington. In his work with the United States Bureau of Reclamation, Mr. Nelson is primarily concerned with land and water resource de-

velopment of the Columbia River Basin in Washington, Oregon, Idaho, and western Montana. Mr. Nelson serves on the University of Idaho Research Advisory Council and the Bonneville Advisory Board. He is a member of various committees such as the United States Committee on Large Dams of the International Commission on Large Dams, the American Concrete Institute, the International Commission on Irrigation and Drainage. Mr. Nelson is a member of the Boise Chamber of Commerce, vice-president of the Boise United Fund, National Representative for the Mountain View Council of the Boy Scouts of America, and vice-president of the Boise Red Cross Chapter. He is the director-emeritus of the El Korah Temple of the Shrine of Boise and has been re-elected to a four-year term on the "Grand High Zeta," a national advisory board for the Lambda Chi Alpha fraternity.

College of Engineering

The College of Engineering offers a wide field of study for those interested in practical and economic application of science, in the utilization of forces and materials of nature, and in the improvement of industry and commerce. There are six major departments in the College of Engineering offering training in these areas. Included are the departments of Agricultural Engineering, Chemical Engineering, Civil Engineering, Mining Engineering and Metallurgy, Mechanical Engineering, and Electrical Engineering.

Sigma Tau

Sigma Tau is an honorary established to give recognition to the outstanding men in the field of engineering. The group strives to attain practicality, sociability, and scholastic excellence. In order to be eligible for membership the student must be of junior standing with a grade point average of 3.0 or better. Members are selected by the group and membership is for life.

Row One: Gene Kawakami, L. A. Charles A.
Connaughton
Class of '28

Charles A. Connaughton, a native of Placerville and a 1928 graduate of the University of Idaho, is a United States Forest Service Regional Forester in San Francisco. His outstanding work rated the Superior Service Honor Award from the Secretary of the Department of Agriculture in recognition of "dynamic leadership in applied forestry and the forestry profession . . ."

He has been employed by the United States Forest Service since graduating from Idaho. Mr. Connaughton received a Master of Forestry degree from Yale in 1934. He has worked in research directing several research facilities concerned with range and watershed use, multiple use and sustained yield. He is vice-president of the American Forestry Association, president of the Society of American Foresters and a member of its council. The society honored him in 1960 "as a forester who has been generally recognized throughout the profession as a person who has rendered outstanding service to professional forestry and to the society."

College of Forestry

The purpose of the College of Forestry is to train students as competent individuals and professionals. The goal is to offer an educational program which will give the students a well-rounded college education, both scientific and cultural.

This nationally top-rated college draws students from nearly every state of the United States as well as several foreign countries. These students enter a program which includes the study of forest, fisheries, ranges, wildlife, plants, game birds, and wood utilization in laboratories and classrooms.

The College of Forestry was recently given unrestricted accreditation for the maximum period permissible. This accreditation assures to the student high quality education in any branch of the College, including Range Management, Wildlife Management, Fishery Management, and Wood Utilization Technology.

ERNEST W. WOHLLETZ
Dean
College of Forestry

Xi Sigma Pi

Xi Sigma Pi, the national forestry honorary, is composed of students selected on the basis of high scholastic achievement in the field and in related courses. The purpose of this honorary is to promote the interest of the professional aspects of forestry to students. Meetings feature professional speakers who give insight into various fields of forestry.

V. R. Clements

Class of '20

V. R. Clements, or "Red" as many of his clients and friends know him, was graduated from the University of Idaho in 1920 with a Bachelor of Laws degree. In June of 1920, he was admitted to practice in all Courts of Idaho by the Supreme Court of Idaho. In 1921, he was admitted to practice in the United States District Courts for the Districts of Idaho and Washington, and, in 1931, was allowed to practice in the United States Ninth Court of Appeals.

The first ten years of Mr. Clements' practice was devoted to criminal law. Thereafter his practice was confined to the civil law, where he was extensively engaged in Trial and Appellate Court practice in both the State and Federal Courts of Idaho and Washington.

Mr. Clements served as City Attorney

for the city of Lewiston, Idaho, from 1925 to 1935, a period of intense construction and improvement. Mr. Clements' work involved considerable legal planning and litigation, some of which went to the Supreme Court of the United States. An excellent record as City Attorney enabled Mr. Clements to be elected mayor of Lewiston, a position he held from 1933 to 1945.

Mr. Clements' special honors include membership in the following professional organizations: the American College of Trial Lawyers, the Clearwater and American Bar Associations, and the Idaho State Bar Association. His work bridges both private practice and public service and makes Mr. Clements highly qualified for these honors.

College of Law

The College of Law offers top quality training for those seeking a scientific legal education. The College of Law is a member of the Association of American Law Schools, which is the highest accrediting agency in the United States for law schools. It is approved by the American Bar Association and is the only law school in the State of Idaho. The College of Law seeks to give students a thorough knowledge of functional law and to train them in scientific habits of legal thought.

Chester and Anna Southam

Classes of '41 and '42

A Zoology I class at the University of Idaho served as the meeting place for Chester and Anna Southam, who later married and became one of America's most outstanding "medical families." Although they specialized in separate fields—Dr. Chester Southam in cancer research and Dr. Anna Southam in reproductive physiology, endocrinology, and world population control — they are both bridging gaps in medical knowledge.

Dr. Chester Southam received his Bachelor of Science degree in 1941 and his Master of Science degree in 1943 from the University of Idaho. He completed his Doctor of Medicine degree at Columbia University in 1947. Dr. Southam is a physician in cancer research at the Sloan-Kettering Institute for Cancer Research. He is the author of sixty-nine articles and books concerning his research and has served the United States Public Health Service as an exchange scientist in the Soviet Union and in Japan, and as chief of a virus diagnostic and research laboratory for the army. Dr. Southam is a member of the American

Association for Cancer Research, American Association of Experimental Pathology, American Association of Immunologists, American Association for Clinical Research, James Ewing Society, New York Academy of Science, and the American Medical Association.

Dr. Anna Skow Southam received her Bachelor of Science degree in 1942 from the University of Idaho and her Doctor of Medicine degree at Columbia University in 1947. She took a residency in obstetrics and gynecology at Sloan Hospital for Women and later attended Sloan-Kettering Institute for clinical and research training in cancer. Dr. Southam is the author of twenty-six articles and books on medicine; the majority concern her specialization, reproductive physiology and endocrinology. Recently Dr. Southam has become involved with the problems of world population control. She has been abroad on projects for the Population Council and the Ford Foundation, and spent a year as visiting professor at the All-India Institute for Medical Research.

College of Letters and Science

Organized at the University of Idaho in 1901, the College of Letters and Science is dedicated to providing both liberal education and professional training in selected fields of study. The College is divided into nine major departments: Art and Architecture, Biological Science, Communications, Humanities, Home Economics, Mathematics, Music, Physical Science, and Social Science. Each of these departments provides quality education and makes effective contributions toward the advancement of integrity, character, and personal development.

DR. BOYD A. MARTIN
Dean
College of Letters and Science

Row One: Sharon Talbott, Cheri Berg, Sherry Diethelm, Lysbeth Fouts, Nancy Grubb Nelson, Judy Stuebbe, Judy Bond Hanson, Janet Louise Buckley, Paula Artis, Nancy Kaufmann, Hilda Strong, Judy Manville. *Row Two:* Steve Merlan, Boyd Earl, Charles Ferguson, Don Marshall, Karl Urban, Sam McNary, Jeff Tollefson, George Alberts, Dick Jennings, Bruce Keithly.

Phi Beta Kappa

In order to be elected to membership in Phi Beta Kappa a student must have junior or senior standing and have a high scholastic average. Alumni of Idaho working on some scholastic endeavor and making superior achievement may be chosen for membership in this honorary, the objectives of which are to promote and recognize high scholarship in the College of Letters and Science.

Phi Sigma

Phi Sigma is a national biological sciences honorary for both undergraduates and graduates. The chapter here at Idaho is fairly new as it was organized four years ago. Students eligible must meet a grade point requirement and be in any field related to biological sciences.

Rob Lapen, Dale Hansen, Jan Gisler, Larry Pennington, John Paden, Dick Roberts, Dr. Alvin Aller, Earl Larrison.

Theta Sigma Phi

Theta Sigma Phi, women's journalism honorary, promotes writing as a career among junior women majoring in journalism with a 3.0 accumulative in journalism subjects and a 2.5 accumulative in other classes. Membership is also available to women who have done exceptional work on campus journalism activities and who possess high scholarship.

Row One: Valerie South, Janice Craig, Joyce Arthur, Dianne Stone, Jane Watts. Row Two: Helen Black, Jean Monroe, Christy Magnuson, Ellen Ostheller, Mike Seibert.

Phi Mu Alpha Sinfonia

The purpose of Phi Mu Sinfonia is to further the cause of good music on the Idaho campus. Male students who actively participate in one of the major musical organizations on campus and have a 2.5 GPA may join. Each year the chapter sponsors an American Music Concert. The members usher for music recitals and concerts. There is also an annual tea for music students, faculty, and other persons interested in musical activities.

Row One: Lawrence Gee, Jon Wells, Wayne McProud, Travers Huff, Bill Jones, Gary Nyberg, Dale Bening, Jeff Grimm, Woody Bausch, Jim Roger. Row Two: Gil Piger, John Lind, Travis McDonough, Winston Cook, Jim McConnell.

Letters and Science

Sigma Delta Chi

Sigma Delta Chi is a national journalism fraternity for outstanding students active in journalism on the Idaho campus. The organization provides an opportunity for students to associate with professional men in the field of journalism on the Idaho campus. The organization sponsors professional speakers in the fields of journalism, radio, and television.

Row One: Fred Freeman, President; Bob Hofman, Bert Cross, Advisor; Rick Willhite, Jerry Brown. *Row Two:* Jack Marshall, Tom Walton, Bill Jennejohn, Paul Schneider, Leo W. Jeffres, Jim Peterson.

Pi Gamma Mu

Pi Gamma Mu is an honorary for social science majors. Members are juniors and seniors who have at least 20 credits in social science and a 3.0 grade average.

Row One: Mick Morfitt, President; Melanie Wetter, Jana Smith, Cheryl Robinson, Harriet Hosack, John Baker. *Row Two:* Gerald Cowden, William Griever, Philip Felt, Richard A. Slaughter, Thomas D. Lynch.

Delta Sigma Rho

Delta Sigma Rho recognizes outstanding students in debate. A pre-requisite for membership is that the student must have competed in at least six debates. Idaho's fine debate record is but one indication of the hard work put forth by this honorary and its advisor, Dr. Whitehead.

Row One: Dan Williams, Coleen Ward, President; Larry E. Craig, John Cossel. *Row Two:* Michael E. Wetherell, Dr. A. E. Whitehead, Advisor; Bill Martin.

Phi Upsilon Omicron

Phi Upsilon Omicron is an honorary and service group for home economics majors. To be eligible for membership, a student must be a sophomore and have a 2.8 accumulative.

Row One: Mrs. Norma Lewis, Advisor, Sharon Swenson, Carol Hussa, President; Nancy Tucker, Gail Nystrom. *Row Two:* Marian Johnson, Merry Van Deusen, Carolyn Stephens, Arlene Ultican, Kathy Pipal, Cheryl Backer, Pat Pratt.

Sigma Alpha Iota

Sigma Alpha Iota is a professional fraternity for women in the field of music. The requirements for membership are an over-all GPA of 2.8 with no grades below a 3.0 in music courses. Members of this honorary usher at musical functions on campus. They also act as hostesses for community concert performances and musicals.

Row One: Sharon Parriott, Bernardean Carey, Donna Bacter, Joan Littleton, Dianne Green, Cheryl Stoker, Janet Satre, Merial Grimm, Daryl Hatch. *Row Two:* Sherry Diethelm, Betty Webster, Rosanne Becker, Diana Gray, Karen Oleson, Marjorie Drago, Janet Hall, Judy Sinclair, President, Roberta Timm, Gerry Cosby, Ruth Ann Knapp.

Mu Epsilon Delta

The purpose of MED, local pre-medical honorary, is to encourage excellence in pre-medical scholarship, to stimulate appreciation of pre-medical education in the study of medicine, and to promote cooperation among pre-medical and medical students, and the faculty. The members of this organization are chosen the second semester of their sophomore year and must have a 3.0 accumulative. The honorary is open to either pre-medical or pre-dental students.

Row One: Max Walker, Janet Cox, Sandra McKean, Ron Reagan, John Armstrong, Muriel Vermaas, Tony Wolff, President, Lysbeth Fouts, Bonnie Johansen, D. A. Gustafson, Pris Anderson, Carol Groves, Mick Morfitt. *Row Two:* Brian Beasley, David Drafall, Don L. G. Donald Emigh

Class of '32

Dr. G. Donald Emigh, a native of Burley, Idaho, attended the University of Idaho during his junior and senior years. He completed his college education with money earned in a summer job studying the gold mining districts of central Idaho for a United States Geology Survey. Dr. Emigh received a Bachelor degree in mining engineering in 1932, from the University of Idaho, and a degree of Master of Science in metallurgy in 1934. The following two years, Dr. Emigh began graduate work on his Doctor of Philosophy degree in geology; six months of this time was spent doing thesis work in Central Mexico. Before Dr. Emigh completed his thesis, he was sidetracked by a job offer in Washington. Twenty years later, in 1956 he bridged his academic career by writing a thesis on another subject and obtained a Doctor of Philosophy degree in geology at the University of Arizona.

Dr. Emigh was employed by General Electric Com-

pany in 1936 in the Fruitland, Idaho, Germania tungsten mine. In 1937 he joined the United States Vanadium Corporation, the mining subsidiary of Union Carbide in New York. After eleven years Dr. Emigh left to become Eastern Manager of the Western Knapp Engineering Company. In the spring of 1949 Dr. Emigh left Western Knapp to begin prospecting in Montana on his own. After two months he was contacted by Monsanto Chemical Company to investigate western phosphate deposits. Dr. Emigh became production superintendent of the electric furnace plant which produced elemental phosphorus at Soda Springs, Idaho; in 1953 he accepted his present position as Director of Mining for what is now the Inorganic Chemicals Division in St. Louis, Missouri. He is presently concerned with mining operations in Tennessee and in Idaho, and with development of new salt mines in Louisiana.

College of Mines

The University of Idaho offers valuable opportunities for studying the natural geological structures located in the surrounding area. The College of Mines was established in 1917 and has offered curricula leading to Bachelor of Science in Mining Engineering, Metallurgical Engineering, Geological Engineering, Geology, and Geography. The Mines Summer Camp offers additional opportunities to study deposits of ore materials, fossiliferous rocks, and igneous rocks.

JOHN RICHARD JENNINGS PSYCHOLOGY

A psychology major from Lewiston, Idaho, Dick served on Election Board, as Frosh Campaign Chairman for the United Party, as a delegate to the Model United Nations, ARGONAUT reporter, and as a member of Extended Board. He maintained a proper balance between academics and extra-curricular activities throughout his years at the University. During his sophomore year, Dick was Chairman of New Student Days, Chairman of the Model United Nations, a National delegate for Phi Eta Sigma, and attended the Student-Faculty Retreat. In his last two years of school, he was Activities Director, a regional board member of the Association of College Unions, and a member of the Forum, Exhibits, Community Concerts, and New Student Days Committees. He was elected to membership in Phi Eta Sigma, Phi Kappa Phi, Phi Beta Kappa, and Blue Key. He was vice-president of his living group, Delta Sigma Phi. A bright future awaits Dick at the University of California, Berkeley Campus, where he will be a National Science Foundation Fellow in experimental psychology.

BARBARA R. SUTER HENRIKSEN BUSINESS EDUCATION

A graduate from the University in only three years, Barbara Henriksen, from Parma, Idaho, will be one of the youngest members of the 1965 graduating class. Barbara was a member of Spurs, and served that group as songleader and as chairman of Songfest. She was secretary-treasurer of the Sophomore class and financial chairman of Campus Chest fund drive. A business education major, Barbara served as treasurer of Phi Beta Lambda, national business education honorary. During her busy senior year, she was a student representative on Student-Faculty Council, a member of AWS handbook committee, and was initiated into Mortar Board. Barbara found time to serve on the Women's Recreational Association Board and to represent the University of Idaho for two years at the Northwest Intercollegiate Bowling Tournament. Barbara plans to teach for several years and to return for graduate work.

Distinguished Seniors

JAMES RALPH FIELDS
BUSINESS-LAW

As a student from Filer, Idaho, in the College of Law, Jim was very active in campus activities throughout his four years as an undergraduate. He was a member of Activities Council Board and served as Area Director and Budget Director. He was Blue Key Vice-President, a member of Bench and Bar, Intercollegiate Knights, and served on the freshman, sophomore, and junior extended boards. Jim received the Executive Board Merit Citation for service to the University in 1964. Jim's many other activities include co-chairmanship of the Junior-Senior Prom, staff member of radio station KUOI, and member of Frosh Week and Holly Week committees. He received the Outstanding Pledge award from his living group, Farmhouse, and was an Interfraternity Council representative.

CAROL DIANE HUSSA
HOME ECONOMICS

Carol, a native of Cataldo, Idaho, and a home economics major, made many contributions to our University. She served as secretary and president of the Associated Women Students with great efficiency and helped see that many projects were carried out in her work with Spurs, Mortar Board, and various campus committees. Carol was vice-president of her living group, Hays Hall. She was also an active Student-Faculty Committee member and ASUI Executive Board member. She was a member of Alpha Lambda Delta, Phi Kappa Phi, and Mosaic. She was treasurer and president of Phi Upsilon Omicron, a home economics honorary. After her graduation from the University, Carol will be an International Farm Youth Exchange delegate to Japan for six months, beginning in the summer of 1965.

Distinguished Seniors

JOHN IRVIN SACKETT
MECHANICAL ENGINEERING

A member of Phi Gamma Delta, this mechanical engineering major from Twin Falls, Idaho, was an outstanding student at the University in all areas. John, a member of the engineering honorary Sigma Tau, received the Outstanding Graduating Engineer Award and the Outstanding Graduating Mechanical Engineer Award during his senior year. He served on the ASUI Executive Board, New Student Days Committee, and the Student-Faculty Recreation Committee. John was also a member of the Vandal Flying Club, vice-president of the Vandal Ski Club, and a member of Intercollegiate Knights. He was a recipient of the Boeing Company Scholarship for two years and a recipient of the National Science Foundation Traineeship to study nuclear engineering at the University of Arizona in the fall of 1965.

JANICE SENNETT CRAIG
ENGLISH EDUCATION

Janice, an English major from Sandpoint, Idaho, was an excellent example of scholarship, leadership, and service at the University. She served Panhellenic as President, Vice-President, Secretary-Treasurer, and advisor for Junior Panhellenic. Following the lines of her journalism minor, she was ARGONAUT news editor and vice-president and treasurer of Theta Sigma Phi. Her outstanding achievements qualified her for membership in Mortar Board, Phi Kappa Phi, and Alpha Lambda Delta. Janice served the Kappa Alpha Theta sorority as vice-president, corresponding secretary, editor, and she was chosen as the Outstanding Greek Woman of 1965 by the sorority women on campus. She acted as publicity chairman for New Student Days and the Junior-Senior Prom. In her education career, she was treasurer and editor of the Student Idaho Education Association. Next year she will teach English and journalism in Madison, Wisconsin.

Distinguished Seniors

FREDERIC GEORGE FANCHER
SPEECH-PRE-LAW

Rick Fancher came to the University of Idaho from Lewis and Clark High School in Spokane, Washington. A third year law school transfer, Rick previously carried a double major in pre-law and speech, and traveled throughout the Northwest to participate in speech and debate contests. The Outstanding Intercollegiate Knight for 1962-63, Rick served as an officer in IK's and as stage director for the Miss University of Idaho pageant. He was president of Blue Key and a member of Phi Alpha Delta national law fraternity. Rick participated in Moot Court and won third place in competition before the Idaho Supreme Court. An outstanding athlete, he was awarded a full scholarship in football and received the "Lineman of the Week" award for his performance in the 1962 San Jose game. Rick is a member of Delta Tau Delta fraternity and served the Deltas as an officer and as representative to the Western Divisional Conference at Manhattan, Kansas. Rick plans to finish law school and to enter private practice in the state of Washington.

Distinguished Seniors

Intent on acquiring knowledge to better their positions in the world and crossing bridges of intellectual maturity, Idaho collegians march down the corridors of time—season on season—imperceptible of the silent sentinels of the University of Idaho's history.

Freshman Honoraries

ALPHA LAMBDA DELTA

Alpha Lambda Delta invites for membership freshman women with grade points of 3.5 during the first semester or a 3.5 accumulative for both semesters during the freshman year. It is a national freshman woman's scholastic honorary which has been active at the University of Idaho for many years.

Row One: Mike Skok, Lynda Tochikof, Chrystelle Mitchell, Brooke Clifford, Liz Smith, Karen Pyrah, President; Karen Longteig, Christine DeThomas, Nancy Peterson, Judy Abernathy. *Row Two:* Karen Hoffbuhr, Sandy Brown, Evelinda Hintze, Judy Mustard, Kathy Humbach, Wanda Sorensen, Karen Hamilton, Margaret Heglar, Jean Crowley, Janet Cox, Elizabeth Schimmel.

PHI ETA SIGMA

Phi Eta Sigma recognizes and honors freshman men who attain high scholastic marks. Any freshman who earns a 3.5 grade point average is eligible for membership. Initiates remain active during their sophomore year.

Row One: Jeff Anderson, Mike Wicks, President; John Cooksey, Burt Anderson, Cecil Johnson. *Row Two:* John Taft, Ken Hill, Joe McCollum, Jerry Reynolds, Steve Woods, Dennis Wiese, Doug Reilly, P. Peterson, Terrance Gough, Craig Storti. *Row Three:* Jim Watt, Les Murray, Earl Higginson, Gary Clark, Stephen Miller, Jim Meidinger, Joel Caldwell, Jim Carlson, Leslie Webb, Tom Merlan.

Faculty Achievements

Significant contributions to the field of art have been made by PROFESSOR ALFRED DUNN of the University's Department of Art and Architecture since he first joined the staff ranks 24 years ago. In his field of specialization, commercial design and watercolor, Professor Dunn has contributed to commercial publications and periodicals and to the United States Information Agency's Traveling Exhibit to Russia, Africa, and France.

PROFESSOR DWIGHT S. HOFFMAN of the chemical engineering department received the first Western Electric Fund for excellence in engineering education during the 1964-65 school year. He was selected from nominees at engineering colleges throughout the Pacific Northwest. Professor Hoffman has been associated with the University for 21 years and in 1952 he initiated the first course in nuclear engineering on the Idaho campus.

One of Idaho's most prominent women in professional education is DR. FRANCES MAIB of the University's College of Education. During her 14 years at Idaho, Dr. Maib has made significant contributions to her field of specialization, children's literature. Dr. Maib's publications include, "Improving Children's Literary Tastes," and "Selected Book Lists for Children." For educational improvement on a statewide basis Dr. Maib edited the "Grapevine" for Idaho elementary principals.

Faculty Achievements

1965 marked the retirement year of DR. ERWIN GRAUE who has been a professor of economics in the University's College of Business since 1928. During his tenure at the University Dr. Graue was a prolific writer in the field of economics and received a Fulbright lectureship grant in general economics at the University of Ankara, Turkey, in 1951 and 1952.

DR. W. J. BROCKELBANK, Professor of Law, has gained international recognition since he first came to the University of Idaho in 1943. Among his accomplishments are his linguistic abilities which permitted him to practice law in France as well as in the United States, Canada, and England. A prominent and well-known figure on the Idaho campus, Dr. Brockelbank will retire from the college scene this spring.

Forty-four years of service to the University of Idaho will mark the climax of the educational career of DR. LOUIS C. CADY, Dean of the Graduate School. Among Dr. Cady's achievements are numerous citations which he has received from the Northwest Scientific Association for outstanding contributions to science in the Pacific Northwest region.

Faculty Achievements

CHARLES E. P. SIMMONS, instructor of history at the University of Idaho since 1963, was awarded a visiting fellowship to Dalhousie University, Halifax, Nova Scotia, for preparation of his doctoral dissertation during the 1965-66 academic year. An expert in the field of the history of Latin America, the 34-year-old historian is currently completing requirements for his Ph.D. at Washington State University.

DR. WILLIAM B. HUNTER, JR., Head of Idaho's Humanities Department, has been responsible for improvements and expansion in his department since he came to the University in 1959. An authority on Milton, Dr. Hunter has written many articles on this figure and in 1963 he edited a book entitled, "The Complete Poetry of Ben Jonson." Dr. Hunter resigned from the Idaho staff during the spring term and he will become Chairman of Humanities at Macalester College in St. Paul, Minnesota, next year.

The University of Idaho salutes MISS MARGARET RITCHIE, retiring after many years of service on the home economics faculty. Miss Ritchie, who served as Home Economics Department Head from 1938 to 1959, was instrumental in the 1938 renovation of the old frame infirmary building for use as a home management house and in obtaining the present Home Economics building. In 1917 her efforts helped spark a dietetic communications conference which led, eventually, to the formation of the American Dietetic Association. She served as president of the Idaho division of that organization in 1946-47.

Students Arriving

Enrollment continued to increase this year with nearly 5,300 students filing through the registration lines. The onslaught began on September 13 with the arrival of 600 Greek Rush participants. The largest group, however, moved in the following week with the opening of the University's dormitory system. Due to the large number of students, confusion was at its peak, particularly for new students. Idaho's Spurs and Intercollegiate Knights helped students become settled in their respective living groups.

Rush

Good weather prevailed on September 13, while Spurs and IK's moved over one hundred ninety women rushees into their temporary homes. Women's rush was well underway when men's rush started on the 15th. Throughout the hectic week, the prospective pledges walked all over the campus saying only, "Hi." Squeal Day found the Greeks pledging one hundred sixty-five women and three hundred thirty-five men.

Freshman Orientation

University of Idaho freshmen were introduced to campus life during Freshman Orientation Week. Assemblies, dances, library tours, exchanges, and student-faculty forums kept members of the Class of 1968 fully occupied. Climaxing the orientation period was a televised presentation of the student-faculty forum which was highly successful and another "first" for the University of Idaho. At the end of the orientation program, much wiser freshmen faced the trials and tribulations of typical freshmen as they entered upon the quest for knowledge that would eventually bring success.

Registration

An air of concentration prevailed as a record number of new and returning University of Idaho students filed into Memorial Gymnasium for fall semester registration. Students found a new IBM system of registration awaiting them which hastened the long process for the University's administration while simultaneously perplexing the student. Fall enrollment reached an all-time high mark of 5,174.

Students begin the last lap of registration as they scrutinize their class cards for the final step.

Approximately five hundred girls attended the second annual Coed Capers, a combination folk dance festival and get-acquainted picnic sponsored by AWS and WRA. Nine women's living groups participated in the program, presenting an array of dances native to countries from the Orient to the Occident. The Alpha Phi's won first place with the "Banjo Polka," the Delta Gamma's were second with "Stamp and Dance," and French House and Pi Beta Phi tied for third place.

Coed Capers

The members of Mortar Board, Spurs, Alpha Lambda Delta, and WRA gave skits, speeches, and songs depicting their group activities. The Brown Mountain Four, an instrumental and vocal group, presented several selections during the picnic which was held in Shattuck Arboretum.

Parents' Day

"You and I at the U of I" was this year's theme for Parents' Day Weekend. The weekend began on Friday with Parents' registration at the various living groups. That evening a big rally was held in front of the SUB. Friday's activities concluded with a concert at the Memorial Gym which included the Wayfarers with Wilson and Castro, and Richard and Jim. Saturday began with a pre-game luncheon at the SUB followed by the big game with the University of Oregon Ducks. The day's activities concluded with the Parents' Day Dance in the SUB ballroom. Sunday brought the weekend to a close with Parents' Day services in all the local churches.

Parents' Day

The Vandals lost the game but the festivities went on during Parents' Day weekend. The Betas won the men's residence decoration award and the Gamma Phis took top honors in the women's division. Fourteen Idaho high school bands from Kendrick, Priest River, Wallace, Nez Perce, Weippe, Post Falls, Grangeville, Clearwater Valley, Cottonwood, Orofino, Moscow, Pottlatch, Kamiah, and Lapwai participated in Band Day as part of the halftime entertainment.

Campus Conventions

Working in conjunction with Washington State University, the University of Idaho served as host to the Association of College Unions Region Fourteen Conference on November 5-7. Described by Gale Mix as "one of the most important meetings held at Idaho in some time," this conference was attended by representatives from twenty-three of the forty colleges found in the region including Idaho, Montana, Oregon, Washington, western Canada, Alaska, and Japan.

Fall Dances

Dances held at the various living groups during the fall of the year always seem to add considerably to the social life on campus. Whether formal or raunch, they offer an evening of enjoyment to all who attend.

Navy Ball

Members of the Naval ROTC enjoyed a splendid evening with their dates at the annual Navy Ball. Highlighting the evening was the crowning of the new Navy Color Girl, Gwen Tolmie of Gamma Phi Beta, by Commander Barton.

Commander Barton stands by with the Color Girl trophy as Jerry McKee presents Gwen Tolmie with a bouquet of red roses.

Members of the Navy Ball Court are Sheri Moltke, Carla Hennings, Gwen Tolmie, Color Girl; Pam Anderson, and Stephanie Hull.

Military Ball

The highlight of the annual Military Ball, held March 13 in the SUB Ballroom, was the crowning of the 1965 Queen, Tina Greske. Dancing was to the music of the 17-piece United States Navy Band of Seattle. Also featured were several military exhibits.

The dance floor was crowded with couples enjoying the big event.

The popular "Triads" entertained with their singing and playing during the dance intermission.

It was a great day for the Vandals!—as they gathered over 18,620 strong in Neale Stadium to watch their team win the annual Battle of the Palouse 28-13 over the WSU Cougars for the first time in ten years.

The day began with a Homecoming Parade through downtown Moscow, led by University President D. R. Theophilus. Also featured were Governor and Mrs. Robert Smylie; Senator and Mrs. Len Jordan; Senator and Mrs. Frank Church; Representative and Mrs. Compton White; and Miss Idaho, Judy Stuebbe.

Homecoming was climaxed with a dance in the SUB Ballroom to music by the Johnny Reitz Orchestra, where Miss Lorna Kipling, DG, reigned as 1964-65 Homecoming Queen.

WSU Walk

After a ten year vacation, the Cougars again took the nine mile walk from Pullman to Moscow. Approximately one hundred seventy-four Washington State University students left Pullman at 2:15 p.m. on Wednesday, the fourth of November. At 5:00 p.m. they were greeted in front of the Idaho Student Union Building by 300 Idaho students. ASUI President Jim Johnston and the Pom-pon girls led the Idaho fans in welcoming the long-missed Cougars to Vandal country. Following the traditional foot-washing ceremony, cider, coffee and doughnuts were served in the Bucket to tired WSU walkers and jubilant Vandal fans. Idaho students then provided cars to take the Cougars back to the strange land across the border—Pullman.

Alpha Epsilon Rho, Radio-TV honorary, sponsored an all-campus mixer at the beginning of the year. Music was by the Night People.

International Student Days included a style show of costumes from different countries. Judy Stuebbe and Judy Aldape were Mistresses of Ceremonies.

Campus Life

Any time, day or night, there is a spark of activity on the Idaho campus. For the college student, whether he be scholar, social-climber, rebel, or creative thinker, some type of activity in the cosmopolitan atmosphere of the Idaho campus attracts his interest.

A Model United Nations session helped to make the International Student Days an educational success. Idaho students, both foreign and American, made up the delegations from different countries.

A FAIR EXCHANGE—five cents for fifteen minutes with an Idaho coed. The Spurs realized a profit of \$378 from their Nickel Hop project this year. The money will be used for the support of a Korean orphan and will provide a travel fund for delegates selected to attend regional and national conventions.

Holly Week

Holly Week 1964 proved a festive occasion for all as annual events including the sophomore caroling party, the selection of finalists for Holly Queen, and the big Holly Dance were high on the agenda. The climax to the fun-filled week was the crowning of Carol Groves, Kappa, 1964 Holly Queen. Chosen as outstanding sophomores were Cecil S. Johnson, Willis Sweet; Betty Jean Lynch, Forney; Alfred Susu, Shoup; Jon Wellner, Chrisman; Shirley Ann Dirks, off-campus; Courtney Chamberlain, Gault; and Joe McCollum, SAE.

Adding beauty and charm to the holiday week was the new Holly Queen, Carol Groves.

Community Concerts are sponsored jointly by the University of Idaho and Washington State University and civic organizations. Approximately six concerts are held each year in alternating locations—Bowler and Memorial Gymnasiums. The purpose of the series is to make high-level entertainment available to college and community persons.

Theodor Uppman, baritone, presented a concert in early October featuring both classical and contemporary works.

The Branko Krsmanovich Chorus of Yugoslavia presented a concert during the 1964-65 season featuring folk songs and authentic costumes.

Packing gear after the rollicking Idaho show, Hirt stopped for a Gem picture.

The audience found there are few sounds that a trumpet cannot produce, especially the instrument of the 299-pound Hirt.

Big Entertainment

The Memorial Gym was filled with an enthusiastic crowd and the rich sounds of a trumpet in the hands of Al Hirt when he and his group came to the University campus. The satisfied crowd enjoyed two hours of the bearded trumpeter's music and capers. Hirt's personality topped the complete performance, his first in the Northwest. Among the selections featured were album hits such as "Sugar Lips," "Cotton Candy," "Java," and "Fancy Pants."

What could be a better souvenir of the evening than an autographed picture from the big man himself?

Engineering students dance to music by the Ambassadors.

Engineer's Ball

Competition for the best project was the main attraction of the Engineer's Ball held Saturday, February 27. With the five branches of engineering submitting entries, the Mechanical Engineers were awarded a plaque for the outstanding display. Two other awards given were: Sigma Tau's outstanding freshman award to Alfred Susu, Chemical Engineer, and the senior Chemical Engineer's Award to Sam Taylor. Music for the ball was furnished by the Ambassadors.

Mechanical Engineers won the award for the best engineering project.

Forester's Ball

Dressed in the rustic garb of typical foresters, couples danced to the music of the Jeff Grimm trio at the annual Forester's Ball held February 13. Weary dancers retired to a Harold's Club atmosphere of punch-bowl saloons and friendly betting at a lively roulette table.

Dancers listen as the Foresters' Jug Band puffs to the tune of "Little Brown Jug."

Campus Chest

A record of \$3,114.93 was raised this year during Campus Chest Week, sponsored by the sophomore class. Dick Rush was general chairman of the week of activities. Events included the Ugly Man contest, house auctions, car smash, and dance. Interesting party names included the Gamma Phi's "Parking Lot Panic" and the Kappa's "Splendor in the Ice." The dance included gambling and a Charleston contest which was won by the DG's. The money made from these events will be donated to Idaho charities and national organizations.

The Alpha Phis enthusiastically perform a Charleston routine.

Winner takes all!

Dick Rush and Carol Groves crown LeRoy Gornick as Ugly Man.

Blood Drive

Idaho again surpassed all expected marks and donated a record total of 905 pints to the Red Cross blood drive. The anticipated goal was 850 pints. Four living groups, Lambda Chi, Pi Kap, Tri Delta, and Teke contributed 100% to help maintain Idaho's reputation as the bloodiest campus in the nation.

Derby Day

Derby Day festivities were held February 27 in conjunction with the Sigma Chi Sweetheart contest. Points were given for first, second, and third place in such events as the tomato throw, the balloon grab, and the flour box. All participating living groups paraded around the campus in "vehicles" depicting this year's theme: "Beasts of the Jungle." A grand winner of Derby Day was announced and received a permanent trophy.

Chuck Cropley was the winner in the Deck a Pledge contest. He was decked by the Alpha Chis.

Peggy Price, Alpha Chi, was the grand winner of the first annual Sigma Chi Derby Day.

Frosh Week

The activity-packed Frosh Week 1965, with Dave Schmirler as chairman, began March 29 with voting for King and Queen finalists. The first event on the agenda for the busy week was the Freshman legs contest. A crowd of 1,500 gathered to see Steve Cannon and Karen Smith selected Mr. and Miss Legs. Other entertainment included a hootenanny with several folksinging groups. Saturday, a big day filled with excitement, started off with a pep rally prior to the traditional Tug-of-War at Paradise Creek. It was a wet afternoon, not only for participants in the Tricycle Race, but also for the observers. Water-filled balloons sailed through the air as Gault Hall captured first place. Climaxing the week was the Frosh Dance with music by the Hitch-hikers. Barbara Schulte, Kappa Kappa Gamma, was crowned Frosh Queen and Steve Woodall, Sigma Chi, Frosh King.

Activities

The Phi Delt Street Dance starts off the Mother's Day Weekend festivities.

The Mucker's Ball, sponsored by the Associated Miners, provides gambling, dancing, and fun for all.

Spring Dances

The SUB Ballroom is the scene of many dances—formal, casual, and raunch.

"Diogenes' Lantern," one of the special visitors of the show, appears as also did Fred Freeman and his "Finger of Truth."

"Maggie" and "Charming Charlie," with their repertoire of "Won't You Come Home, Jill Bailey?" and "I Can't Give You Anything But Rules, Baby," appear in the special Blue Key night club act.

Small group—Tom and Wally, a sing-along medley; individual—Barbara Howard, tap dance; and all-house—Kappa Sigs, satire on "Goldfinger," receive trophies.

Blue Key Talent Show

"Spicier" and "a little on the wild side" were used to describe this year's Blue Key Talent Show, presented April 2. Emphasis was placed on the "Goldfinger" theme with two dance interpretations of the movie and an all-house act doing a satire on the James Bond character. Among the other sixteen acts were a drum solo, magic tricks, tap dance, vocal solos, and singing groups. The masters of ceremony, Derald Hurlburt and Bob Marley, did routines between acts.

The Kappa Sigs present their act based on the theme of Agent 007 James 'Bomb.'

Campus Elections

The elections this year were confusing, with the outcome unknown until two weeks after the election because of controversy over candidate eligibility. Final results showed Bill McCann elected to the presidency with a margin of 466 votes. Also elected were Dave McClusky, Vice-President; and Lon Atchley, Bob Aldrich, Dianne Green, Denny Dobbin, Ken Johnson, Ruth Ann Knapp, Don Fry, Judy Manville, and Mick Morfitt all to Executive Board positions.

Conventions are a regular part of campus politics. Here, delegates to the Campus Union Party Convention decide who their candidates will be.

E-Board Installation

Old and new E-Board members enjoy the installation banquet.

Retiring President Dr. Theophilus was honored at the E-Board installation banquet. He spoke to the students about the importance of being accountable for their actions. University co-eds have a great deal of freedom and must accept the responsibilities that come with it. Dr. Arthur Gittens, E-Board Advisor, and Mrs. Richard Farnsworth, SUB social director, were also honored at this event.

Religion in Life Conference

Keynoting this year's Religion in Life Conference was Dr. James "Gus" Kallas, chairman of the division of theology and philosophy at California Lutheran College in Thousand Oaks, California. Centering his talks around the conference theme, "Is Christianity Relevant in Our Time," Dr. Kallas delivered the two main addresses of the conference. In the convocational address pointing out "The Achilles Heel of Christianity," Dr. Kallas insisted that the Christian faith cannot be meaningfully considered apart from a Satanic context, and strongly advocated a return to a more conservative theology.

SAE Olympics

Approximately three hundred coeds participated in the SAE Olympics this spring. The events held were the pie-eating contest, balloon throw, tennis ball push, four-legged race, tug-of-war, and 25-yard crawl relay. First place winner was Alpha Phi, second place went to Ethel Steel, and Delta Gamma placed third.

Miss U of I Pageant

The theme of this year's Miss U of I Pageant was "Our Fair Lady" and was under the chairmanship of John Cooksey. The five finalists were judged in three divisions: bathing suit, talent, and evening gown. Entertaining between acts were Bob Caron and The Singing Sigs. Jim Johnston was Master of Ceremonies for the annual event.

Barbara Howard, runner-up presents a character dance to "Basin Street" and a tap dance to "This Could Be the Start of Something Big."

Mother's Day

Mother's Day Weekend on the Idaho campus has traditionally been a time of celebration and festivity, and the events of the past year show that this tradition has not been changed. Centering events around a theme of "Ma Mere Cherie" or "My Dear Mother," students planned a whole host of activities ranging from the annual Phi Delta Theta Turtle Derby to the Fifty-sixth Annual May Fete and presentation of the May Queen.

Fine Arts at Idaho

Musical activities, Borah Lectures, Public Events, Drama Productions and Community Concerts help to broaden the knowledge of students at the University. The appearances of these groups are made throughout the year.

Vandaleers

Vandaleers appearing in spring concert are soprano: Gerry Cosby, Sherill Diethelm, Bonnie Dowd, Dianna Gray, Dianne Green, Tecla Guerra, Janet Hall, Janice Johnson, Lorna Kipling, Jan McKeivitt, Karen Nelson, Dorothy Neuer, Mary Jodeen Peterson, Cheryl Pratt; alto: Danette Allert, Sandra Brown, Karen Gormsen, Susan Irwin, Kalle Jergensen, Karen Longteig, Donna Meacham, Kaye Nally, Karen Oleson, Sharon Parriott, Janet Satre, Dawn Shepherd, Cheryl Stoker, Roberta Timm, Martha Watson, Sandra Wood; bass: Dale Bening, Alvin Burge-meister, Winston Cook, Dennis Dossett, Robert Farnam, Jeffrey Grimm, James Johnston, Harold Lee, William Lee, John Lind, James McConnell, John Mundt, Adrian Nelson, Nicholas Parker, Dale Uhlman; tenor: David Cada, Robert Caron, Gary Dalton, Mark DeVries, Jr., Lawrence Gee, Doran Parkins, John Pedersen, Robert Perkins, Larry Ratts, Frederick Schoepflin, Thomas Schorzman and Stephen Scott.

Karen Oleson, with accompanist Judith Schoepflin, presented a senior recital in early March. Karen was also soloist in the Vandaleer Christmas Concert and spring tour.

The Vandaleer schedule was full this year with a pre-Christmas two day tour of northern Idaho and the annual Candlelight Concert. Second semester saw a weeklong southern Idaho tour which ended in Portland with a performance of professional caliber at the Music Educators' Conference. Performances at many banquets, a spring concert and Commencement completed the year for these active vocalists. Mr. Glen Lockery is Vandaleer director.

University Singers, directed by Mr. Norman Logan, enjoyed a very busy musical year. First semester they performed Haydn's "Third Mass" and assisted the Vandaleers in their presentation of Handel's "Messiah" at the Candlelight Concert. Second semester saw the traditional performance at May Fete and a spring concert which featured works by Thompson, Bright, and Picket. High point of the concert was "Saint Nicolas," a contemporary cantata by Benjamin Britten with Charles Walton of the music faculty as tenor soloist and Miss Marion Frykman as organist. Rehearsal accompanists were Patricia Folz and Linda Graves.

University Singers

University Singers sang Bright's "A Song in the Wind" and Johnson's "Ain't Got Time to Die" at the May Fete.

Gerry Cosby presented her senior recital this spring, accompanied by Thomas Schorzman. She also appeared as soloist with the Vandaleers and the Symphony Orchestra.

A spring senior recital and soloist appearances with the Symphony Orchestra and Vandaleers filled Winston Cook's calendar this year. His accompanist was Ellen Morgan Greenwood.

PERCUSSION: Diana Gray, Michael Requist. TIMPANI: Phillip Coffman. KEYBOARD: Judith Sinclair.

University Symphony Orchestra

The orchestra enjoyed a successful year under the direction of Mr. Bauer. They presented a series of three concerts including the Senior Soloists Concert. They performed Gershwin's "Rhapsody in Blue" with Sydney Thompson as soloist. A composition by Travers Huff was also presented. The Little Symphony also performed first semester.

Lynne Patton played a senior recital in late May and was also a soloist with the orchestra. Mrs. Marlene Bachelder was her accompanist.

Thomas Turner and Leroy Bauer performed in a Faculty Recital early in the second semester.

FLUTE: Norma Hagerman, Sharon Sheeley, Jonathan Wells, Mary Jane Horton, Bette Webster, Susan Pearce, Barbara Blair, Sharon Gunderson. PICCOLO: Mary Jane Horton. Bb CLARINET: Woody Bausch, Kay Hostetler, Lonnie Gunther, Gary Clark, Bill Dugger, Thomas Beck, Barry Boydston, Kathleen Ardrey, Karol King, Fred Burton, Roseanne Becker, Barbara Razdoroff, Frank Smith. PERCUSSION: Alfred Boling, Gary Strong, Renee Kunz, James Howerton.

University Bands

The University bands had a very eventful year beginning with marching band and the trip to the Boise game and Southern Idaho Band Day. The symphonic band appeared in concert during each semester and also went on a one-day trip to Northern Idaho. The varsity pep band performed at home basketball games this year and the stage band appeared in Jazz in the Bucket. 1964-65 can be termed a very successful year under the direction of Mr. Warren Bellis, Mr. Phillip Coffman, and Graduate Assistant, Mr. Dan Bachelder.

Dennis Lindahl, trumpet, presented a senior recital in early May. He was accompanied by Richard Bourassa.

A senior recital and solo with the orchestra and Little Symphony kept flutist Norma Hagerman busy this year. Her accompanist was Janet Satre.

Judith Sinclair presented her senior recital on piano in April. Her program included compositions by Beethoven and Bartok.

Compositions by Bach and Frank highlighted the program of Roberta Higgins, organist, when she gave her senior recital in May.

Senior recitals on the piano and in voice kept Judith Schoepflin busy this year. She was also a senior soloist in the Orchestra's Concerto Concert held in May.

Music Recitals

The Music Building's Recital Hall was again the scene of many concerts as 12 senior recitals, two graduate recitals, two performances of Opera Workshop, and two student composition recitals were presented. Student recitals were also held throughout the year with many students participating, thus lending a variety of sounds to the musical life of the University.

Richard Bourassa performed numbers by Schubert, Schumann, and Brahms for his senior piano recital held in March. He also accompanied Dennis Lindahl for his trumpet recital and Opera Workshop performances.

Mrs. Merial Grimm presented her senior recital on the organ in the fall. Compositions featured were by Bach and Dupre.

Borah Lectures

The William Edgar Borah Outlawry of War Foundation was established to further understanding of "the causes of war and the conditions of peace." To achieve this end, the Borah Committee joins with the Public Events Committee to sponsor guest lecturers on campus.

The 1964-65 Borah Committee recommended a Borah Prize be awarded to the best book, article, or manuscript submitted on the causes of war or the conditions of peace. The award will be \$2,500 for a book-length work and \$1,200 for an article or short manuscript.

ROBERT S. ELEGANT, Pulitzer Prize-winning foreign correspondent for *Newsweek* magazine, spoke to students on "Europe and Asia: Winds of Change."

JOHN J. JOHNSON, social science professor at Stanford, delivered a public events address on "Non-Communist Left in Latin America" in early April.

Historian **STRINGFELLOW BARR**, former President of St. John's College in Annapolis, Maryland, discussed problems of misunderstanding between our country and other nations arising through our foreign aid program at a Public Events lecture held March 1.

PAUL ROLLAND, violinist and professor of music at the University of Illinois presented a public concert and clinic workshop on November 22.

Public Events

Throughout the academic year prominent figures and groups visit the Idaho campus to discuss current affairs or to relate experiences which they have encountered in their life's work. Public events on the campus are a vital link in the matrix of contemporary education.

DR. DUMAS MALONE, biographer-in-residence at the University of Virginia discussed the life of Thomas Jefferson in a public events lecture delivered May 4.

WALTER C. DOWLING, United States ambassador to West Germany, spoke on "Germany's Role in the Atlantic Alliance" in the first public events lecture of the year.

Laura Wingfield, played by Harriet Hosack, cares for the glass menagerie.

"The Glass Menagerie"

Tennessee Williams' "The Glass Menagerie," a play presented in a series of flashbacks, was given a 6 day run in the U-Hut arena theatre May 3-8. The play centers around the life of shy, crippled Laura Wingfield, played by Harriet Hosack.

Unable to face reality, Laura retreats into a fantasy world of glass figurines. Her mother, Amanda, played by Nancy Knight, and her brother Tom, played by Walter Brennen, also live in a world of self-delusion, so that it is only Jim O'Connor, the gentleman caller played by Mike Wetherell, who touches upon reality.

As Jim and Laura reminisce about their high school days, Jim tries to help Laura face the real world surrounding her.

Jim and Mrs. Wingfield pose a toast at the dinner table as Tom looks on.

"Still the Mountain Wind"

"Still the Mountain Wind," written by Idahoan, Captain David L. Wright, and set in Idaho mountains, was selected as the first ASUI drama production of the year. The play, presented October 29, 30, and 31 in the University Auditorium, portrayed the conflicts, events, and emotions in the life of a farming family as seen through the eyes of the youngest son, Alvin Simmons. Abstract settings, colored in hues of green, blue, and lavender, were used to set the mood for the play which was directed by Jean Collette, dramatics chairman.

A second one-act play, "Garry Owen," relating to Custer's last stand, was also presented.

"Still the Mountain Wind" cast, shown in character, are from left Donna Newberry as Bertha Simmons; John Snyder as Alvin Simmons; Walter Brennen, Rich Simmons; Caryn Snyder, Gloria Glenn; Vicki Haight, Jean Richards; and Mom and Dad, Laura and Carl Simmons, portrayed by Synthia Woodcock and Robert Perky.

Rich and Jean, immersed in life, contemplate a balmy June sky.

Bertha, Laura and Rich relax on a summer evening with their favorite, "Swing Low Sweet Chariot."

"Sleeping Beauty"

Adults in the audience found little difficulty in drifting back to the wonderful world of imagery and fairies, as the University Children's Theatre presented "Sleeping Beauty" December 11 and 12 in the University Auditorium. As the curtain rose, familiar scenes of the beautiful princess cursed to die at 16 by the evil fairy Frytania began to unfold. But the decree was changed by the good fairies and when Sleeping Beauty pricked her finger on a spindle, she fell into a deep sleep of 100 years which ended only when a young prince awakened her with a kiss. New features added to the old tale in the Idaho production included a semi-ballet number and a minuet courtroom dance held on the princess' 16th birthday. The play was directed by Joanne Meyers and Nikki McDonnell, assistant, under the supervision of Edmund Chavez, professor of dramatics.

Sleeping Beauty, portrayed by Harriet Hosack, is lured to a secret tower by Frytania, Pam Fawcett, where she pricks her finger and falls into a deep sleep.

Dick Nelson as Elano the Prince begins his struggle through the evil forest to awaken Sleeping Beauty. Also shown are Karen Lee as Una and Frytania, portrayed by Pam Fawcett.

Good fairies, Karen Hansen, Patty Lukens, Jan Hendrick, and Karen Lee, present gifts to the young Sleeping Beauty while Pat Pope—attendant, Jan Kindschy—Ella, Dick Nelson—Elano, Joyce Conrad and Fred Lillige—the King and Queen, and Mike Whetherall—Gort watch.

Plays

A capacity crowd viewed the presentation of three plays by the advanced play production class January 21 and 22 in the U-Hut and arena theater. "Blood Wedding," a story of love and murder, was directed by Don Volk. Walter Brennen directed "Life With Father," a comedy about family life in the 1890's. "The Bald Soprano," an abstract play, was directed by Cary Ambrose.

Father, played by Wallace Lewis, demands to know why Mother, Elizabeth Hoss, bought an umbrella with the coffeepot money.

Mr. and Mrs. Martin, Bob Seale and Mary Gladhart, discover they are man and wife. The maid, Kathy Schorzman, explains that they are not really man and wife??!!

The Bride, Pam Fawcett, is saved from the wrath of the Mother, Julie Martineau, by the Neighbor, Judy Siddoway.

Clarence, John Snyder, is being firm with his girlfriend, Gora, Joyce Conrad.

Another family crisis is brought to Father's attention.

"Life with Father"

"Life With Father," a portrait of the late Clarence Day's father, was presented March 25-27 under the direction of Professor Jean Collette, chairman of drama. The play illustrated the problems which Father must face as the head of a house full of growing boys. The sometimes fierce and irate Father was played by Lorenzo Nelson. His wife was played by Mary Gladhart. Others in the cast were Harlan, Tim O'Meara; John, Richard Parker; Clarence, Fred Lillge; and Whitney, Bruce Robertson. The maids were Joyce Conrad, Lynell Kynaston, Cary Ambrose, and Rosalie Maio with Julie Martineau as the cook. The priest was played by Larry Parachini.

Father's self confidence is shattered when Mother falls ill.

Only the cook is able to stand against Father's anger.

Orchesis and Pre-Orchesis

Orchesis and Pre-Orchesis, modern dance honoraries on campus, presented their annual spring concert to the theme of "College-Art Forms" as part of the festivities of Mother's Day Weekend.

ORCHESIS—Row One: Barbara Howard, Elizabeth Jones, Rosalie Maio. Row Two: Larry Byrne, Mary Bjustrom, Cliff Mills.

An experiment in attitude.

Helldivers

"Broadway Beat" was the theme of this year's show on Mother's Day Weekend. The duties of the pageant director and mistress of ceremonies were carried out by Jackie Kimberling. The swim club's adviser is Miss Tuttle of the Women's Physical Education Department.

Helldivers on a picnic include from left, *Row One:* Deanna Kriegel, Claudia Blair, Gwen Hyke, Sue Harris, Sue Garten; *Row Two:* Anne Sundby, Karen Hansen, Kalle Jergensen, Phyllis Rathbun, Pat Anderson, Becky Ranta, Carol Meek; *Row Three:* Nancy Shiern, Keanna Hughes, Margaret Heglar, Juliene Fischer, Rose Terry, Steve Scott, Art Peavey, Tom Kirkland; *Row Four:* Joe Goffinet, Miss Tuttle, Kris Kirkland, Georgia Cutler, Shellie McKeen, Jackie Kimberling.

Camilla Good, Kalle Jergensen, Janet Berry, and Phyllis Rathbun perform "The March of the Siamese Children" from "The King and I."

Nancy Pfaff and Tom Kirkland swim a duet to "Goodnight My Someone" from "The Music Man."

Tom Kirkland, "Jets," and Kris Kirkland, "Sharks," swim "The Rumble" from "West Side Story."

Campus Life

Anyone visiting the University of Idaho campus during the course of a year might find almost anything going on. Student activities reflect a whole spectral array of events which range in mood from the gay abandon of sidewalk surfing to the responsible functioning of student government.

As construction on the new University Classroom Building progresses, one sees that life on this campus includes more than the functions of an active student body.

Student government at the University of Idaho is designed to be of benefit to all students, not just those of us who have "cast our bread upon the waters" and were elected to positions within the Associated Student Government.

Over the past few years while I have been a student here at the University of Idaho, I have learned through my participation in extra-curricular activities that there is more to a college education than just occupying a chair in a classroom and keeping the seat warm while assimilating without question that knowledge which is presented.

Some of the most valuable educational experiences that a person can have are gained outside the classroom in organized group activities or in casual sessions where an interchange of ideas is invited. The University of Idaho, being a relatively small institution, makes it possible for us to get to know our fellow students and our faculty people outside the formal classroom situation. Our Student Union Building is the hearthstone of the campus. Our student government in cooperation with the University has sponsored culturally stimulating activities whereby those of us who participate and those who observe are able to benefit and prosper.

Let us remember that our learning is not over. Let us not forget to contribute our time and talents to the betterment of those communities in which we settle. Remember that we represent our alma mater and will continue to represent her throughout our lives. Wherever we go and whatever we do, we will reflect on our University and be examples of the kind of training and the type of people that she turns out. When our college years are over, let us hope that we will not stop learning but that which we have learned will be used as stepping stones to new horizons.

Executive Board

The Executive Board this year was characterized by a cohesiveness not usually found on an Executive Board. The cohesive nature made it possible for the group to work much more closely and to accomplish much for student government. These accomplishments include modification of the *Gem* specifications, coverage of 70% of the campus by KUOI, color in the *Argonaut*, and one of the best handbooks yet to be published.

In the area of educational improvement, the Executive Board set up course evaluations and a committee to hear legitimate grievances about the faculty.

Innovations of the Board included a mass meeting of the student body, affiliation with the Associated Student Governments, and the establishment of a budget committee and budget hearings. The Board also set up an Off-Campus Housing Board, presented a better foreign-student program, and improved relations with the class officers.

Another area of advancement in student government was in the area of public relations. The Public Relations Director did much to improve the image of the University throughout the state. Examples of his work include banquet in Boise for all the Student Body Presidents, Chamber of Commerce banquet, and selection of lifetime members of the ASUI.

ASUI Office

Known affectionately to the Idaho collegiate as the "SUB" and to others more removed from the college scene as the "Idaho Student Union Building," the beautiful building on the corner of Deakin and Sixth weathered another kaleidoscope of events, activities, and conventions that labeled the 1964-65 academic year the busiest yet. Under the able supervision of Gale Mix, General Manager, the building—unscathed by remodeling for the first time in many years—served its purposes in a commendable manner. Mrs. Richard Farnsworth, Conference and Social Coordinator, kept pace with the coordination of conventions. Student activities benefited from the work of Maun Rudisill, first Program Adviser in ASUI history.

Public Relations

Playing a vital role in promoting the image of the University of Idaho, the Public Relations Office did just that through the efforts of PR Director Carl Johannesen. The activities of this essential part of student government were quite diverse, ranging from fair exhibits to informal breakfast-discussion sessions with high school student leaders. Highlighting the busy calendar of the PR bureau was a pre-game discussion session between high school student leaders and ASUI government representatives prior to the Utah State-Idaho game in Boise. Students from Borah, Council, Cascade, Kuna, Bishop Kelly, Boise, Twin Falls, Kimberly, Gooding, Glens Ferry, Melba, Fruitland, Emmett, Payette, New Plymouth, Weiser, Midvale, Meridian, Middleton, Caldwell, and Nampa attended the event and left with the realization that the "Keystone to the Future" lies in higher educational opportunities available to them at their state-supported institute of higher learning, the University of Idaho. Enjoying much success in its second year of existence, Public Relations has become indispensable to the ASUI.

CARL JOHANNESSEN
Public Relations Director

Students from southern Idaho high schools chat with ASUI President Jim Johnston during the highly successful pre-game discussion session in Boise. More than twenty high schools were represented in the image-boosting event.

Carl Johannesen's position as PR Director encompasses the entire State of Idaho.

KUOI

Making a dramatic comeback after several "slow" years, the voice of the Vandal again served the University campus. Many hours of hard work on the part of Alvin Burgemeister, station manager, and his hard-working staff put the radio station back on a sound basis.

KUOI STAFF MEMBERS: *Row One:* Bonnie Sword, Mike Seibert, Brenda Bohlin, Betty Smith, Jolene Harshbarger, Emma Sawyer, Melanie Wetter, Eileen Johnson, Georgia Anderson, Sandra Hofmann, Mary Jane Horton. *Row Two:* Joel Caldwell, Stephen Peck, Robert Schroeder, Gary Askew, Darryl Bybee, Elaine Jackson, Frank Sawyer, Robert Sparks, Claude McGill, Jim England, Harold Rathjen, Mike Niesley. *Row Three:* Roger Rayburn, Robert Matthews, Jim Kuehn, Joe Oliver, Mike McCoy, Alvin Burgemeister, Station Manager; Peter Haggart, Mark DeVries, Willard Gribble, David Bodine, Judd Reed, Lyle Eliassen, Roger Lackey, Chief Engineer; Jon Wells, Fred Lillge.

ALVIN BURGEMEISTER
KUOI Station Manager

Adopting the attitude that apathy had no place on the Idaho campus the director and staff of the campus radio worked diligently to prove that they could and would set the station back on a solid base. Following the resignation of the appointed station manager who did not return to school in the fall, Alvin Burgemeister assumed the responsibility of proving to the ASUI that KUOI was here to stay. The results of his efforts were labeled the "success story of the year" by the campus newspaper.

Gem of the Mountains

This year's *Gem* staff worked diligently under the supervision of capable section editors. Kathy Thorne edited the academics section; Bob Anderson headed the sports division; Sandy McKean kept tabs on the organizations section; Ruth Ann Knapp and Carolyn Smith met the onslaught of activities; and Thine Cochran did a tremendous job with the residences section.

A competent writing staff was formed during the second semester to further increase the efficiency of production and to improve the quality of the copy. Donna Sutton, Wanda Sorensen, and Susan Irwin worked especially hard in this area to complete the '65 book.

SPECIAL STAFF: Dottie Carson, Joe Goffinet, Donna Sutton.

SPORTS STAFF: *Row One:* Dennis Reiersen, James Watt. *Row Two:* Pat Ducey, Tom Gannon. Not pictured is Bob Anderson, Sports Section Editor.

Karl Urban, splitting his hours of free time between the *Gem* office and the tissue culture laboratory, felt that his efforts and endeavors were well rewarded. A senior botany major from Kimberly, Idaho, he was tapped for Phi Kappa Phi during the spring semester.

Anne Yenni found time to edit the yearbook, to serve as corresponding secretary for her sorority—Kappa Kappa Gamma, and to work as an assistant in the University's language laboratory during her senior year. A senior Spanish major from Southwick, Idaho, she plans to embark upon a career of work with the foreign consulate offices in the United States.

Many hours of tedious labor by *Gem* editors Anne Yenni and Karl Urban resulted in another annual publication for the University of Idaho. Formulating plans for the book's layout in the summer months of 1964, the editors sought methods and means for speeding up production of the publication. As the year passed by, deadlines were almost met. With the cooperative efforts of a 48-member staff, responsibilities were distributed and delegated to section editors. Everything went more smoothly than usual in the familiar northwest corner of the third floor of the Student Union despite hectic pre-deadline minutes. Early in the spring, history was made in the *Gem* office when ASUI General Manager Gale Mix responded "magnificently" to the groans and wails of the co-editors and presented a new 1966 model Royal typewriter to the office. Not to be forgotten, too, were the many hours of consultation and assistance so readily given to the staff by Jim Gipson, Jr., of Caxton Printers.

Gem co-editors Anne Yenni and Karl Urban managed to sail through the storms of deadlines, phone calls, picture-scheduling sessions, journalism conferences, conferences with the printer, Communications Board meetings, Executive Board meetings, interview sessions, etc., to end the year on a good note. Both concurred that editing the annual publication of the University of Idaho was an "experience never to be forgotten."

Associate editors Dianne Epling and Penny Craig worked diligently through the year. Helping supervise the work of the section editors and incorporating originality into the 1965 *Gem* were their most valuable contributions.

ORGANIZATIONS STAFF: The organizations staff was reorganized at the end of the first semester after editor Mary Jo James decided she preferred the tune of wedding bells to that of the typewriter pecking in the *Gem* office. Sandra McKean assumed the responsibilities at the beginning of the second semester and after two weeks of packed-full photo scheduling she began to make up for lost time. Much of the hectic work in the section was done by Joe Goffinet and Linda Derr. **STAFF:** *Row One:* Linda Derr, Sandy Wood, Anne Graham. *Row Two:* Sandy McKean, Peggy Bauman, and Susan Banta.

ARDEN LITTERAL
Gem Photographer
Without his help and cooperation the 1965 *Gem* could never have been produced.

RESIDENCES STAFF: The residences staff, under the direction of editor Thine Cochran, spent many hours of overtime in meeting deadlines. This section, which was the first to be completed, supplied the bulk necessary for meeting deadlines. **STAFF:** *Row One:* Thine Cochran, Jeannie Gibb. *Row Two:* Ruth Revelli.

ACTIVITIES STAFF: The never-ending task of keeping activities pictures scheduled with the photographer belonged to activities editor Ruth Ann Knapp. Carolyn Smith kept tabs on section progress while Ruth Ann campaigned for Executive Board. **STAFF:** *Row One:* Carolyn Smith, Ruth Ann Knapp, Jan Nelsen. *Row Two:* Ted Chandler, Darrel Edson, and Doug Tully.

FRED FREEMAN
"Jason"
First Semester and Second Semester

Idaho Argonaut

The University of Idaho's student newspaper took on a new slant this year under the direction of Fred Freeman, who served as "Jason" for both semesters. Increased advertising volume and more complete campus coverage were features unique to the '64-'65 *Arg*. More four-color process pictures appeared in the twice-weekly publication. Other features unique to Freeman's tenure at the helm were line drawings of outstanding alumni and the addition of the Gaffly column which was written by David Soper.

Mass confusion usually reigns when "Arg" day rolls around. And from the hectic atmosphere of the office in the basement of the Student Union, issues forth the *Argonaut*.

Idaho's *Argonaut* received a first-class honor rating this spring in a critical survey of college newspapers which was conducted by the Associated Collegiate Press. Features that boosted the *Arg's* excellent rating were: spot color editions, four-color process pictures, cartoons by John Schwindley, and a more-comprehensive-than-ever coverage of campus and state affairs.

FRED FREEMAN
"Jason"—'64-'65

The *Argonaut* followed tradition again this year when the Vandals won the Battle of the Palouse. Following the victory, the "Cougar blood edition" of the *Arg* appeared.

Keeping tabs on the year the *Arg* carried feature stories and press releases on the new University President, proceedings of the legislature, sales tax measures, Idaho's educational budget, and the Jim Winegar case in the ASUI spring election.

Associated Women Students functions as the governing body of all registered women at the University of Idaho. The active membership is composed of the president and one representative from each women's living group. The organization strives to help each coed derive the best from college living, to regulate women's standards, and to provide leadership opportunities. A clothes drive for State Hospital North and a fall picnic for all Idaho coeds are among the AWS activities.

Spurs

Spurs is a sophomore women's honorary which has long been known for its motto, "at your service." Helping freshman women move into their new residences, ushering at games and plays, supporting a Korean Orphan, and sponsoring the Song Fest Mother's Day Weekend are among their many activities. Membership is based on scholarship, activities, and genuine interest in the University. Freshman girls are tapped for Spurs early in the morning on May Fete Day by the beating of pans and jingling of spurs. The girls made many outstanding contributions to the University this year under the able leadership of President Janet Berry and Miss Rosemary Aten, their adviser.

The purpose of this organization is to develop contact between electrical engineering students and professional men. Any student majoring in electrical engineering is eligible.

SOCIETY OF AUTOMOTIVE ENGINEERS

The Idaho chapter of the SAE is a student branch of the national organization. Anyone interested in the design and function of various rocket or combustion engines is eligible to join. The organization meets twice a month.

Row One: Doug Doane, Gary Crandall, Steve Lackey, Gerald Green, Garry Laursen, Donald Dana. *Row Two:* Bhatia Chandrakant, Kent Bailey, Mel Mohr, Gary Halladay, Neal Hicks (Faculty Advisor).

AMERICAN SOCIETY OF MECHANICAL ENGINEERS

ASME provides for the advancement and dissemination of knowledge of the theory and practice of mechanical engineering. Any student regularly enrolled in the engineering curriculum is eligible for membership.

Row One: Richard Sanders, Mel Mohr, Gary Crandall, Steve Lackey, Gerald Green, Harold Malone, John Osgood, Delbert Killian, Neal Harwood, Bruce Wright, Garry Laursen, Marshall Hauck. *Row Two:* Doug Doane, Bhatia Chandrakant, Bruce Harold, Donald Dana, Kent Bailey, Elvin Smith, Robert Wheeler, Lance Whitehead, Thomas May, Bruce Simon, Gary Halladay, Ronald Armacost, Jasper Avery (Faculty Advisor).

AMERICAN SOCIETY OF CIVIL ENGINEERS

The Idaho chapter of ASCE seeks to keep civil engineering students informed on the trends, methods, and equipment of the profession and to encourage them to belong to the organization after graduation. All civil engineering students are eligible for membership.

Row One: Malcolm Bohlman, William Smith, Clyde Weller, Jesse Abbott (President), Roger Gordon, John Soderling, Thomas Schafer, Timothy Crowder, Ronald Forsyth, Keith Loveless. *Row Two:* Douglas Sprenger, Stanley Burns, Bruce Erickson, Marvin Gilbert, Robert Hathaway, Ronald Morton, Robert Ewing, Gary Steinbach, Joseph Haynes, Raymond Ames, K. Lynn Manus.

Organizations are the lifeblood of activity, both social and academic, on the University of Idaho campus. By sponsoring various events during the school year, each organization promotes communication between itself and the rest of the campus, between members, and between students and faculty members. Active participation in the various organizations is, for the student, one of the most beneficial educational experiences he can derive from college.

WOMEN'S RIFLE TEAM

Row One: Jane Miesbach, JoAnn Sanborn, Sharon Herrett, Marcia Ingraham, Nancy Wing, Betty Gilbert. *Row Two:* Laura Tuttle, Adviser; Paulene Reynolds, Whitney Martin, Sue Sweetwood, Susan Wickman, Claudia Glaze, Jo Ann Clever, Deena Williams.

AMERICAN INSTITUTE OF CHEMICAL ENGINEERS

The purpose of AICE is to promote the professional development of its members by its programs and relations with other student chapters and the parent body. Any student enrolled in chemical engineering is eligible for membership.

Row One: G. R. Bopp, Faculty Adviser; Gene Livingston, Rick Fogerson, President; Deena Williams, Rolf Prydz. *Row Two:* George Simmons, Richard Smith, Pat Wicks, Lynn Widdison, Michael Wynn, Sam Taylor, Dean Siddoway.

STUDENT AFFILIATE OF THE AMERICAN CHEMICAL SOCIETY

The purpose of the Student Affiliate of the American Chemical Society is to acquaint undergraduates enrolled in work leading to a degree in chemistry or chemical engineering with the professional society representing the field of chemistry. Members are given training in the organization of meetings, reports, and the communication of information.

Row One: Evelyn McGown, Leslie Heasley, President; Marylyn Ravenscroft, Mary Oliver. *Row Two:* John Moellmer, Brian Hill, Donald Hall, Deena Williams. *Row Three:* R. C. Army ROTC

The highly qualified Military Science student at the University of Idaho has the opportunity to acquire a Regular Army commission upon graduation. Students who do not accept a Regular commission are commissioned in the United States Army Reserve. During the first two years of basic Army ROTC training, cadets study military organization, American Military History, weapon systems, geography and map reading and unit tactics. The advanced program is designed to further develop personal qualities which will not only make capable Army officers but also capable executives and leaders in nearly any chosen career field. Instruction and practice are both designed to emphasize methods of accomplishing maximum motivation.

Navy ROTC

Now in its 19th year on the Idaho campus, the Idaho Naval Reserve Officer Training Corps is one of 52 such Navy units in major universities throughout the United States. The Naval ROTC program is designed to supplement the Naval officer output of the United States Naval Academy at Annapolis. Providing a four-year course in naval subjects, the NROTC produces Navy and Marine officers who are qualified for duty in the field upon graduation from Idaho.

At the Left: Idaho Midshipmen sweat it out inside a Marine landing vehicle during exercises off the southern California coast. From the left are Rick Hicks, Don Fry, Dennis Nelson, Lee Brannan, and Roy Bentson.

Clockwise: Professor of Naval Science Captain Harry E. Davey, Jr., presents a promotion warrant and hat to Idaho student Bob Maisch upon his promotion to Chief Electronics Technician. Chief Maisch is one of 45 active-duty Navy and Marine Corps enlisted men attending the University under the Navy Enlisted Scientific Education Program (NESEP). Upon graduation, NESEP's are commissioned ensign, U.S. Navy, or second lieutenant, U.S. Marine Corps.

Idaho Midshipmen returned to campus from summer cruise at Corpus Christi, Texas, and Coronado, California, with nearly all the honors there were available to win. Competing with Navy Midshipmen from 23 other universities, Idaho "middies" were designated first in overall performance and first in unit physical fitness. Kris Kirkland, center, and Lee Brannan, right, both participants in the cruise, display hardware won to NROTC Commanding Officer Harry Davey.

The Idaho Navy staff this year included (*Left to Right*): Lieutenant Ernie LeDuc, Lieutenant Commander Mark Moore, Commander Elbert Barton, Captain Harry Davey, Major Richard Campbell, Lieutenant Ed Miller, and Lieutenant (junior grade) Brent Bradberry.

Vandals Compile 4-6 Record in Toughest Competition Yet

Under the supervision of Coach Dee Andros the '64 Vandal gridiron squad wrapped up a 4-6 record in a season characterized by some of the toughest competition seen in Vandal history. And the Vandals withstood the siege—threatening a Big Ten Iowa team with an impressive half-time lead, walloping the WSU Cougars 28-13, and stopping the powerful Utah State Aggies 27-22.

Idaho's power came from sophomores Ray McDonald and Tim Lavens and fourteen senior Vandals. Playing their last season for the Vandals were Paul Lawrence, Max Leetzow, Vern Leyde, Dick Litzinger, Cecil Meiser, Dale Meyer, Tom Morris, Rich Naccarato, Mickey Rice, Bob Ruby, Larry Strohmeyer, Mike Whiles, and John Whitney.

Mike Monahan, senior Vandal quarterback was named winner of the Clarence (Hec) Edmundson Award as the most inspirational player on the 1964 Idaho squad. Monahan set an all-time record for the longest pass in the Iowa game and turned in a total of 1,100 yards rushing in his Vandal career.

All-in-all, it was a great season for the Vandals with a "first in ten" win over the WSU Cougars and with a decisive victory over Utah State in Boise.

Coach Dee Andros and his Vandal gridiron squad opened the '64 season in sunny California with a 3-0 victory over the San Jose State Spartans. Putting on a defensive exhibition that was simply "magnificent," the Vandals didn't let the Spartans get close enough for even a field goal. Rich Naccarato's recovery of Spartan quarterback Charley Harraway's fumble at the Spartan 27, followed by Tim Lavens' 29-yard field goal, set the Vandal side of the scoreboard into action with Idaho coming out on top 3-0.

Idaho impressively invaded the Midwest for its first game against a Big-Ten team on September 26. The rapidity and effectiveness of the Vandal attack stunned highly-favored Iowa during the first half of the game but in the waning minutes of the game the Hawkeyes retaliated with two lightning fast touchdowns. More than 43,000 rain-soaked fans watched Mike Monahan as he gracefully tossed the pigskin to Joe Chapman who carried it 80-yards for an Idaho touchdown.

Quarterback Bob Berry and the Oregon Ducks dazzled the Idaho gridiron squad for the first quarter and then held on grimly until the final gun sounded to win the annual Oregon-Idaho tilt. Idaho's only touchdown in the hard-fought contest came when Mike Monahan passed to Joe McCollum who then sprinted ten yards for the touchdown run. More than ten thousand Moscow fans watched the Vandal attack come back strong after the first quarter, but the Ducks' passing offense proved to be too strong an adversary.

Late in the third quarter, Dan Espalen carried the pigskin 42 yards to score and gave the Rose Bowl-bound Beavers a come-from-behind victory over the Idaho Vandals. Early in the game a 2 yard plunge by Ray McDonald gave Idaho its lone tally and until late in the third quarter, it looked as though the Vandals would win. Following the well-played game, OSU Coach Tommy Prothro called Idaho a "vastly underrated team."

It took ten years, but the Vandals came up with a decisive victory formula and defeated the Washington State Cougars in the annual Battle of the Palouse before a crowd of 18,600 fans. After a slow first quarter, the Vandals buckled down and picked up two touchdowns in the second quarter. The Cougars were too worried about big Ray McDonald crashing through their line and left themselves open for the medium and long passing attack of quarterback Mike Monahan to ends Joe Chapman and Vern Leyde. McDonald scored three of Idaho's four touchdowns by crashing through WSU's line from the 1-, 2-, and 5-yard lines, and also set a new record for the number of carries at 34.

Idaho's Ray McDonald (32) leaves WSU's Bud Norris (89) in the dust as he flashes downfield for one of his three touchdowns.

The Vandals broke loose from three straight losses to soundly defeat the University of the Pacific Tigers at Stockton, California, by a score of 40-0. The extensive Idaho ground game was played mostly by the reserves. Ray McDonald saw very little action, which was probably the only break given to the Tigers all day. The record for the number of first downs increased to 27 over the record of 25 set in 1948. This victory gave the Vandals a 4-3 record for the season with three more games on the schedule.

Cougars beware! This is Vandal country!

The Vandal line leaves an opening in the Cougar defense and Mike Monahan turns this into a score.

Idaho 7

Arizona 14

What was billed to be a strictly defensive game turned out to be just that as the Wildcats of Arizona outscored the Vandals by a touchdown. The Vandals only score of the game came in the final minutes of play in the first half after moving from the Idaho 45 to the Arizona 3 on a series of option plays. From the 3, quarterback Mike Monahan pitched to Vern Leyde who carried the pigskin and an Arizona player over the goal line. Campbell converted the point after to even the score before the half ended. The next offensive action didn't come until the final minutes of play when a blocked field goal attempt by Idaho shattered the Vandal's chance of victory. With the ball on the Idaho 35, a fourth and 18 situation, and 44 seconds left to play, Arizona came up with their one big play of the day to defeat the Vandals 14-7.

IDAHO INVADES BIG TEN TERRITORY: Hawkeye's Dalton Kimble (44) is nailed on the spot by the strong Vandal defense.

An intercepted pass with 20 seconds to play killed what seemed an almost certain Utah State touchdown drive and preserved a 27-22 football victory for the University of Idaho Vandals in Boise. More than 10,000 spectators became "cardiac candidates" in the final minutes of the game when halfback Bill Scott snared a pass by Utah State quarterback Ron Edwards in the end zone and ran the ball out to the Idaho 23. One running play later and the score changed hands—with Idaho on top 27-22.

Arizona State quarterback John Torok led his fellow Sun Devils to a 14-0 victory over the Vandals in the Idaho club's last game of the season. Although the Vandals played a really aggressive game, the Arizona team was the speediest team they had encountered all year. The Sun Devil attack contributed to their victory with receivers who could run with the ball as well as anybody after they caught it. During the finale, Ray McDonald and Joe Chapman both broke individual school records. McDonald broke Wilbur Gray's 10-year mark in the rushing department with 44 yards and a season total of 583 in six and one-half games. Chapman caught three passes for 78 yards in the scorebooks and broke Reg Carolan's three-year-old mark of 498 yards with a seasonal total of 512 yards.

The Idaho Frosh posted another winning season with victories over Washington and Washington State and a tie with Montana. Boise Junior College was the only team to better the Babes' efforts. After the opening loss to the Broncos, Coach Bud Riley's troops pasted Washington 24-14 and buried Washington State 30-6. Montana managed to come through with a tie, 16-16, on a last-second field goal to close another highly successful season for the Vandal Babes.

Cross-Country

Under the fine direction of Coach Doug MacFarlane, the Idaho cross-country team finished a six-meet season with one win, three second-place trophies, and two third-place awards. The defending Big Sky Conference champions placed second in the conference meet this season with Paul Henden taking a sixth place in the individual competition.

Vandal Tom Dietrich finishes the grueling course well ahead of an unidentified Washington State competitor.

Basketball

The Vandals, under Coach Jim Goddard, began the season with returning seniors Moreland and Kozak who were reinforced by Junior College transfers John Rucker and Jerry Skaife. The Vandals started off what promised to be a successful year by defeating Washington State University 76-54. Idaho used accurate passing and fast breaks to bewilder the Cougars and go on to an easy victory.

Members of the Vandal cage squad proudly show off trophies awarded to them in their final game of the season in Memorial Gym. Tom Moreland holds a special award presented to him by the Coeur d'Alene Quarterback Club. Jerry Skaife was voted the most inspirational player by his teammates and was awarded the Jay Gano Award. Chuck Kozak holds the King Spud trophy and also helps Coach Goddard display the Ronald White Award presented to Tom Moreland as the most outstanding player.

Vandal field goal record smasher Tom Moreland leads the Vandal attack on the Cougars.

Despite the early win over the Cougars, the Vandals were to have their troubles before the season closed. After defeating the Cougars, the Vandals went on the road and lost five consecutive games, losing to Nevada by 6 points, to Santa Barbara by 8 points, to San Jose by 10 points, to the University of Oregon by 10 points, and in the return game with WSU, Idaho lost a close-fought contest by 5 points.

Idaho's bad luck followed them home to a close defeat by Augsburg College 90-95.

The Vandals broke their six game losing streak by defeating Montana 77-58 in their first Big Sky Conference game. However, this was not to last for in the next game Idaho lost to Big Sky Conference champions Weber State College.

The remainder of the season followed the same pattern seeing Idaho close out the season against the University of Washington with an 87-99 defeat. This defeat was Idaho's 19th contrasted with 6 victories.

Although it was a disappointing season, three of Idaho's cagers were selected for Big Sky Conference honors. Jerry Skaife, Idaho's hustling 5' 11" guard, was picked for first team honors. Tom Moreland, 6' 7" Vandal center broke the Idaho field goal percentage mark with a three year average of 48.1 percent. And, finally, Ed Haskins, who made the best individual effort of the season with 30 points against Gonzaga, was placed on the Honorable Mention team.

The Idaho turfmen completed their 14th consecutive winning season this year with a seasonal record of 11 wins, 6 losses, and 1 tie. In Big Sky competition the Vandals won 4 and lost 2 and placed second to Montana State University in the conference playoffs.

Outstanding team members were Larry Kirkland, who was voted Most Valuable Player and received the "Doc" Barton award for his endeavors on the links, and Dick Trail, who ended the season with the lowest scoring average for all competitive rounds played. Trail was elected team captain by his teammates.

At the close of the season, Bill Carter and Dick Trail were chosen for the all-conference first team and Larry Kirkland, Dick Jensen, and Ros Rognstad were nominated for the second.

Jerry McKee, Jon Bloxham, Steve Richards, John Slayton.

"A" Basketball

Row One: Denny Almquist, Coach Bill Stokes, Harrell Osborne. *Row Two:* Larry Riggers, Bob Ruby, Gary Mires, John Siath, Al Klidzjes.

Willis Sweet defeated the Greek league champions from ATO in a surprising upset in Memorial Gym. A huge crowd watched the game as the ATOs made a comeback attempt but were put down in the final minutes of play.

A strong team from Beta Theta Pi emerged as champions from the "B" basketball tourney. The Betas overcame all opponents that challenged them in their quest for the title.

Row One: Butch Cray, Wayne Dean, Dave Driscoll, Eric Hove. *Row Two:* Bob Warmsted, Les Fowers, Tom Eidson, Ron Lichau.

"B" Basketball

Bowling

The SAEs came up with a strong bowling team this year as they took the campus intramural bowling tourney.

John Whitney, Bob Wise, Tony Waliff, Bill Wilund, Clyde Nelson.

Weightlifting

The Delta Tau Delta weighty crew copped the campus crown in the weightlifting tournament this year.

Kneeling: David Klinchuck, John Richardson, Doug Gregory. *Standing:* Jack Post, Paul Taylor, Bob Terrell, Doug Bishop.

Skiing

The Delts' ski team raced down the slalom course at the North-South Ski Bowl ahead of all other competitors and won the ski meet trophy for 1965.

Rob Palst, Rick Dean, Sherm Ely.

Row One: Dennis Poffenroth, Duane Goicoechea, Bill Closson, Gordon Judd. Row Two: Jim Currie, Dick Curtis, Tom Little, Bob Bruce.

Volleyball

The volleyball team from Delta Tau Delta won the campus championship this year.

Table Tennis

Gault Hall's table tennis team, composed of Jim Winger, Manoutchehr Basstanpour, and Swede Almquist (not pictured), won the campus crown by defeating all other competitors.

Mike Wicks sprints across the finish line as he sets a new record in the 1,320 yard run and cops another first place for his fraternity, Alpha Tau Omega.

Track

Placing their hopes on a depth-filled cinder squad, the SAEs posted the top score in the intramural track meet. Second to the SAEs' 208 points was ATO with 183.5.

Row One: G. Albin, R. Bentson, D. Wright, D. Severn, C. Wilson, P. Kirby, P. Peterson. *Row Two:* B. Graham, L. Rassmussen, E. Poppleton, S. Kirkham, P. Armstrong, D. Slusarenko, J. Patterson, B. Schmidt.

Men's Residences

University students enjoy the pleasant environment of spacious, modern dormitories. Nine men's dormitories and seven women's dormitories promote the independent spirit on the Idaho campus. Individualism is held in high esteem and scholastic endeavor is emphasized within each independent group.

Instilling social graces into those students joining its ranks, the Greek way of life on the Idaho campus is as traditional as the school itself. Nine women's sororities and seventeen men's fraternities comprise the Greek system at Idaho.

from the editor's desk . . .

As a symbol of academic achievement, the University of Idaho bridges the way for thousands of students to a future unlimited. This bridge spans the path from sports, collegiate activities, and scholastic endeavors to a life full of reward and success. We have tried to capture some of the most memorable events of this past year in these pages. We hope that the 1965 GEM OF THE MOUNTAINS will be a reminder to the students of the course they have followed, and the bridge they are traversing—

The last few pages have been sent to the printers, and now as we think back, we recall the pleasant times spent at the office, the silly mistakes we made, and the time, patience and advice that was so graciously given by many people. We, the editors of the 1965 GEM OF THE MOUNTAINS, would like to recognize each of these persons for his contributions.

Our thanks to Jim Gipson, who gave his time to help us organize our ideas and our layout into this 1965 issue. A special acknowledgement goes to Paul Evans, the Caxton artist who made the GEM come alive.

Gale Mix deserves recognition for his ever present good humor and encouragement, and for the beautiful new typewriter, which was much needed.

The publication office was busy too. Rafe Gibbs wrote the copy for the dedication spread. Leo Ames and Frank McCreary supplied us with activity shots and information for the opening section and faculty achievements.

Arden Literal and the photo staff provided us with pictures of all campus events, and kept long, irregular hours in order to complete the GEM on time.

Jim Lyle, University of Idaho Alumni Secretary, spent hours communicating with each of the outstanding alums, obtaining their photographs, and supplying us with the necessary information. A heartfelt thanks to you Jim for your interest in this feature, which is new this year.

Rudy and Hutchinson's Studios cooperated with the GEM in setting up and meeting our deadlines for the class and residence sections—a big job!

Bert Cross and Communication Board have been our backbone this past year, and have taken a deep interest in the quality and publication of the GEM. Thank you for your suggestions and advice.

It has been a rewarding year for the GEM staff, which carried a great deal of responsibility. A special recognition to: Wanda Sorensen, Carolyn Smith, Kathy Thorne, Thine Cochrane, Susan Irwin, Penny Craig, Dianne Epling. We thank you for a job well done!

To Carolyn Smith and Wanda Sorensen, we wish a successful year in editing the 1966 GEM OF THE MOUNTAINS.
