

GENESEE

Our little town of Genesee is being... The last year's great... wheat block and the complaints of the people against those who failed to furnish cars to carry our grain to market, has attracted the attention of the nation to the Palouse country. The name, Palouse, has suddenly been nationalized and with the name, wheat and immense yields of grain are associated. Our town, Genesee, is in the Palouse country; in the center of the most productive grain growing country in the world. Ours is not the only good town in it, it is only one of many. We propose to speak of the advantages of Genesee as a home and as a place of business. A place of business depends upon the resources of any given point and of the section of country to which it is the business center.

Genesee is the center of an area of country averaging twenty miles in diameter, and the land in this area is unsurpassed in depth of soil and productivity. It is generally an open, rolling, prairie country well watered by small rivulets and in which wells of good water may be obtained by digging from five to forty feet. It is well settled by a hardy, industrious, and intelligent class of people. It is an agricultural section and has a climate which permits the raising of all kinds of fruits, grains and grasses. After a few years our cattle trade will become systematized. We will have good sheds to store our straw, warm barns to fatten, beef in, and each farmer will have on an average ten head or twenty-five head of fat steers to sell in the spring. We will sell beef and pork in the spring and grain in the fall and winter and thus have money the year round to pay as we go, to loan to our neighbors in Spokane and send to our poor relations in the east.

There are few, if any, towns, in Northern Idaho or Eastern Washington, which have so large an area of tributary country around it as Genesee. To the north of its fifteen miles is Moscow, an enterprising village with some money and many friends. Everybody likes everybody in Moscow, but between that town and ours is a range of mountains eight miles from Genesee, over which farmers will hardly draw heavy loads when they have a down, hard, good roads and a better market at Genesee. We pity Moscow? Twenty miles east of Moscow is the town of Voller. An ambitious depot with a historic name and a side-track. A town of some prospects and great expectations. It is twenty miles from Genesee with twelve miles tributary to Genesee. Swinging around the circle to the south and east we reach Kendrick and Jullietta, five miles apart with a depot half way between the two. They are twenty miles from Genesee with an easy grade to our city and eight miles of rocky canyon to cross to reach these two cities and their midway depot.

East and south of us to the Potlatch and Lewiston country we have from ten to twelve miles of rich land who people must find their market at Genesee. Swinging from Lewiston north we have seven miles to the state line, with the rich town of Uniontown lying beyond in the State of Washington. This section has much unoccupied land which is worth from ten to twenty-five dollars per acre, with an occasional choice bargain at five dollars per acre. It is settled with well-to-do people, who are becoming better off each succeeding year. We know of farmers who carry ten thousand bushels of wheat for a year and only sell it to make room for a second crop. We know one farmer within ten miles of Genesee who has raised thirty-seven thousand bushels of wheat in 1899. These are some of our resources. We have not time or space to give them all in one article. We will speak of the City of Genesee, as we see it, in the meantime come and see us and don't wait on the order of your coming, because good bargains and fine opportunities are going and coming every day. Now is the best time, come to Genesee.

TELEGRAPHIC NEWS.

WASHINGTON, May 14.—When the United States senate re-convenes it will contain more new faces than were ever before seen in its history. There will be no less than seven hundred new men, and there may be more.

BREIN, May 14.—The chase of the Itiga by the Charleston is looked on with intense interest by German navy and army circles. The latter ship is considered one of the best in the United States navy, and she will be the first taken as a proof of the efficiency of the naval power of the republic.

New York, May 15.—Secretary Blaine was not so well this morning as he was yesterday. He is suffering from the gout. Doctor Dennis said it would be impossible for him to leave before Monday or Tuesday next.

New York, May 18.—Secretary Blaine is improving. His gout is less troublesome and his general condition is such as to give hope of his leaving the city this week.

WASHINGTON, May 18.—The interstate commerce commissioners, Morrison, Bragg, Vesell and Knapp, left tonight for a tour of the Pacific coast, and return to hear the cases and make investigations at the various points on the route. The commissioners will be at Spokane from Tuesday, May 20, until Sunday, May 27; at Tacoma, from Sunday, May 27, until Wednesday, June 3; at Portland, Thursday and Friday; at San Francisco, from Sunday, June 7, until June 10.

New York, May 19.—Letters and papers received by the last mail from South America indicate that there is no prospect for an immediate ending of the war. In Valparaiso business is at a standstill. Many leading families are leaving the city for Buenos Ayres to avoid persecution at the hands of the dictator. The principal business portion of Iquique has been destroyed. Balboa's army consists at present of 20,000 men.

OTAWA, Ont., May 18.—Sir John Macdonald to-day stated a delegation from the trade and labor congress that the government is not at all likely to legislate against the Chinese immigration, as his opinion the poll tax of \$50 per head is a sufficiently restrictive measure.

Boston, May 18.—The signal office furnishes a special bulletin which shows unusual low temperature for the season on Saturday morning throughout Michigan, Ohio, West Virginia, Western Pennsylvania, and Eastern New York.

Killing and frost were reported throughout Michigan and Northern Ohio and light frosts in other districts named.

Boston, May 18.—At a mass-meeting of Italians last evening a "movement" was started to erect and present to Boston a statue of Christopher Columbus, to cost \$10,000 or \$12,000.

TORONTO, Ont., May 19.—The May bulletin of the bureau of industries gives cheering forecasts of the yield of fruits and grain. So bright an outlook, it says, has not been known for many years for a full wheat crop.

RACIN, Wis., May 19.—The entire strawberry crop of this county was blasted by the recent frosts.

FROM ALL OVER.

Up to a late hour yesterday noon, says the Spokane Chronicle of the 15th, no word had been received from Sheriff Pugh, who is somewhere in the Snake river country on a chase for Bill Mathews, the cattle bandit. Those who are aware of the sheriff's movements positively refuse to disclose any of the facts connected with the case.

Superintendent Crackum is preparing to notify clerks of the school districts of the county, says the Moscow Mirror, of the time of holding the annual election for filling the offices of trustees. Under the new law passed at the last session of the legislature elections must be held on the first Monday in June instead of September as formerly.

A grand hall, says the North Star, is announced by Company G of the state guards, to be held Friday evening, May 22, in the G. A. R. hall, Moscow. The boys intend to make it one of the important social events of the year and are doing everything that can be done to have a pleasant time.

A girl in Kentucky has recovered \$500 damages from a steambath company for naming a boat after her without asking her permission, and they must re-name the boat. She took offense at a marine item stating that "Kittie" Marshall, having been thoroughly scrubbed, painted and re-fitted with canvas covers and new boilers, will hereafter serve as a mail carrier and poke her pretty nose into the river business for all she's worth.

Specials received from fifteen points in the Arkansas valley indicate that all western Kansas is having a soaking rain. This insures the largest wheat crop the state has ever raised.

Forest fires have been raging extensively in Michigan and Pennsylvania. The entire town of Linesville Penn., was totally destroyed on the 16th inst. On the same day 300 buildings were burned in Muskegon, Mich.

More Snake Than Man. Isaac Martin, of Preston county, brought to the county infirmity recently, a frightful monstrosity, says a Wheeling, West Virginia, special. This being which can hardly be described.

HEADQUARTERS FOR LUMBER, LOCATED AT VOLLMER, IDAHO. Mr. E. Erickson, Peterson & Nelson and Johnson & Co. (Swede mill.) have established their headquarters for Native Rough and Dressed Lumber, Shingles, Window and Door Frames, Mouldings, etc., at Voller, Idaho. Office in the Erickson Building.

MONEY SAVED By parties contemplating building, by corresponding or calling at our office for prices and terms. Mr. J. Anderson is our authorized agent to sell lumber, collect and receipt accounts, etc., pertaining to the business. Address: S. A. ANDERSON, Box 145, Voller, Idaho

Go to the Genesee Drug Company FOR PURE DRUGS, CHEMICALS, STATIONERY AND TOILET ARTICLES. They keep the finest line of Perfumery in the City. CIGARS, SCHOOL BOOKS AND SUNDRIES. A new stock at popular prices. Corner of Laurel and Walnut streets. Opposite Herman's hardware store, Genesee, Idaho.

J. N. OLIVER, Proprietor of FARMER'S HOME FOR BUILDER AND REPAIRER OF Wagons, Buggies, Machinery, ETC. ETC. ETC.

THE RECORDER.

GENESEE, IDAHO. THURSDAY, MAY 21, 1901.

LOCAL BREVITIES. J. O. Hoffman has fallen some grain a foot high. Church notices and several other items of news crowded out. T. J. Barringer is building an addition to his shop on 13th St. D. Schornhorst has just finished seeding 300 acres of grain. One of N. Jacobs' 450 cows was killed by the passenger train Saturday night. M. C. Harris has just finished seeding 570 acres. Spring sowing. Downing & Car are in the city with four car loads of horses to be shipped to Illinois.

N. Jacobs has seeded 200 acres of grain this spring and will summer-fallow 600 acres. W. J. Herman is handling the most wheat of any man in town, all in his own outfit.

The Spokane professional baseball team will play the Moscow team at Moscow May 20th. E. Akin has put in 150 acres of grain and is going to summer-fallow 200 more.

E. Akin has commenced work on the new public road from Uniontown to Genesee. The second-class passenger fare between St. Paul and Spokane, and points west thereof was advanced \$5 on the 18th inst.

It is impossible for the railroad company to furnish enough stock cars, they being orders for 150 stock cars ahead at present. Owing to there being no quorum present on Monday evening last the city council was compelled to adjourn until Monday evening.

M. C. Harris and John Kasper will build the fence along the railroad where it borders on their land, this week. One of the liveliest social gatherings for the little people was given by Little Pearl Owens on the 15th, the celebration of her birthday.

Mr. Henry Nelson, of the firm of Nelson & Steltz, will build a fine residence 20x24 feet on Laurel street above Voller's more this spring. The Ladies' Missionary society will give a strawberry and ice-cream social at the Elliott hall on the evening of the 27th. All are invited.

John Kasper finished seeding 400 acres of grain last week. He will break 100 acres or more of new ground this summer. Hill & Mastin are building a barn for Mr. Schornhorst to be 38x60 feet; also a new house. The lumber is all on the ground.

This city has been very lively the past week, nearly every day the streets were alive with teams. Wednesday night the day the entire space in front of J. P. Voller's store was entirely occupied by teams.

E. H. Shaw, district claim agent of the N. P. R. R., will be in Genesee at 9:30 p. m., May 29. All who have had stock injured or killed by the railroad would do well to see him. One reason why this city is so healthy is because of the attention of its citizens to proper drainage. Mr. Stien, section foreman, deserves the thanks of all, as he has done more than any other man by keeping the railroad yards well drained.

Farmers, when in town, call at the Moscow office and subscribe for it, we are just starting out, and, as yet, have not had an opportunity to make our paper as well as we would like. We are so glad to see you come and see us and we will endeavor to return the compliment when we are not so busy. Several of our prominent citizens have subscribed one hundred dollars each for the purchase of a one third interest in one of the baby farms in Genesee. When the amount subscribed reaches one thousand dollars the subscribers will have to pay their respective shares or get out of the baby farm. The Genesee roller mills are running to their full capacity. Besides what is being sent by teams to the surrounding towns there are large shipments by rail road. Mr. Thomas informs us that the average daily sales of his mill for the past five days has been 4,000 pounds per day. Not a bad showing for full times.

Messrs. Harriman, Sulebery and Hart, horse men from Lewiston, are in this city with two stables of trotting horses in training. The track here is in good condition and, as admitted by all horse men, we have the best mile track in the north-west. This being the case, why can't there be a spring meeting here this year? The Farmers' Alliance have already secured \$5,000 in subscriptions and cash toward building their elevator and warehouse. This shows that the farmers intend to look out for their own interests hereafter in this section of the country. See notice to contractors elsewhere in this issue. Messrs. W. J. Merry, Sanford, Evans and Andrew Christensen, building committee of the Farmers' Alliance, held a conference with E. W. Gilbert, superintendent of the Idaho division, Tuesday night, relative to the location of the Alliance warehouse and elevator. We understand that the committee were well pleased with the result of the conference. Deputy U. S. Marshal R. G. Manning while attempting to arrest Geo. Coppigs, a lawyer and banker of Oakesdale, on Wednesday, shot John Blue, of Farmington, who was standing near the door of Howard's saloon in Oakesdale. The arrest was the result trouble growing out of an attempt to keep the saloons open on Sunday.

PERSONALS.

Tuesday night Jos. H. Pierce received a telegram from his mother-in-law, Mrs. Geo. H. Kirk, of Astoria, calling him and Master George Kirk to Astoria, stating that their father had met with the painful accident of having broken one of his legs that afternoon. They started for Astoria early the next morning where we hope they found the old gentleman out of danger.

T. B. Williams, of Jullietta was in our city Wednesday. He is an experienced brick maker and thinks of locating in this city. E. O'Neill, one of Lewiston's prominent farmers, took dinner in our city while on his way to Moscow yesterday on professional business. See his card in this issue. Mrs. Eli Madison and daughter Belle, started for Tacoma Monday morning. C. C. Carpenter and wife registered at the Latah hotel Wednesday. Masters Fred Moore and Geo. Holson with their best girls took a flying trip to Lewiston Sunday. T. J. Johnston, H. J. Bundy, Fred Bressler and Miss Brady started for the Ruby Creek mines Tuesday, but fate was against them, some old corder told them they were to go to the mines, but Mr. Bundy were back home the next day.

C. C. Neal, former proprietor of the Genesee Advertiser, and wife took the train for Spokane Tuesday morning. I. C. Lufftanga, one of Moscow's prominent business men, paid our village a business visit Saturday last. Judge Norman Buck, of Spokane, arrived on the train Saturday night. He is negotiating with the farmer for the sale or lease of land on the mill spur below C. A. Christopher's warehouse for the Alliance warehouse, visiting old friends, fishing and having a general good time.

Billy Kenley, the genial and accommodating clerk in J. Rosenstein's general merchandise store, is over in the Astoria country these days, visiting old friends and having a general good time. S. P. Sullivan from the Middle Potlatch called in on Tuesday and subscribed for the Recorder.

Doctor Cook and wife, of this city, left on Sunday morning's train for Fairhaven, Wash., where he goes as a delegate to the general convention of the Medical Association of the Northwest. Mrs. Cook to visit friends and acquaintances. Doctor Reese, lately from the east and west, is expected to locate in Genesee, this county, is attending to Doctor Colver's professional business during the latter absence.

The Ladies' Missionary society spent Saturday night and Sunday forenoon in Astoria City, where he has a patient with the dyspepsia, who are glad to learn that the patient is improving rapidly. Messrs. Wood and Sampson, two gentlemen of this neighborhood, left for the city on Monday morning, part of the week, where each have mining interests, on which they expect to do considerable work before returning.

Seeing all done, getting rather dry for breaking; grass is good considering the amount of stock on the range; when the dry weather sets in, the range will be largely overstocked. The calves and seal cattle (like the vile Chinaman) stand up into thousands. Mr. Keane is authority for the statement that there is more money in raising horses than cattle. State Senator Brigham will build a residence at Moscow, the estimated cost of which will be \$1,000; also Geo. Daggett, an old and respected well-to-do farmer, will build a residence costing up into thousands.

The Fairview school house built on Tom Linnehan's land in school district No. 25, is a credit to the surrounding community. Its site is well fenced, furnished and finished with the latest improved seats and desks. The building is a fine specimen of the kind in this section and is well adapted to the needs of the district and vicinity. Mr. Carlin is developing the natural talents of the youth at this schoolhouse, and as a result is being built the kid is inclined to do better in the future.

John Armstrong's little daughter who was afflicted with diphtheria, having concentrated her life upon her face, will recover without any lasting injury to her features or general health—so says her father. The prayers of the farmers around here is: Give us, oh Lord, a yield of rye bushels, so that we can get out of the debt, and all these good things will be added unto us, amen.

Mr. H. C. Jones, lately from Kansas, says this is the best country. He intends to locate and raise rye on a big scale. The natural resources of this county are immense, but of them it will not make mention this time, except that there is lots of natural gas, but so far it has not been utilized, except by politicians and horse traders. A band of cattle made a raid on Sims & Kitchin's team, recently, and scampered their grub. It was so good bought at Lewiston that they gobble it all down, toluance and all.

Miss Lizzie Ogler is mourning and refuses to be comforted, her favorite saddle horse has wandered away in search of more nutritious grasses. Trout are quite scarce in the Potlatch, but there is lots of mackerel and herring on the up-lanes. Why is Pat Kinney like a mackerel? Answer: Because he is jumping in sackcloth and ashes that he ever paid the first installment on his shares in the Farmers' union. Why is G. D. Armstrong like St. Paul? Answer: Because he believes in taking a little hell-and-hell for the stomachic acid. Bacteriacron.

Julietta News. On Monday a bullockboard containing a young man and an old lady, upset while trying to pass another vehicle on the grade between Jullietta and Kendrick. The whole outfit went rolling down the hillside. The old lady was severely bruised. Mr. P. Olson is putting up a neat little building in Jullietta to be used as a grocery store.

BUSINESS LOCALS.

Gold Drop flour for sale only at T. Jacobson. For a cool glass of Milwaukee or Genesee beer, drop in to the California Exchange. Bargains in crockery and glassware at T. Jacobson. Robinson & Stevens of the California Exchange, handle nothing but first-class goods in their line. A fine line of ladies' neckties and children's shoes just received from the east, sold very cheap for cash at T. Jacobson. J. H. Custer and A. L. Lancaster white and Colton Blossom cigars at the California Exchange.

A good hotel will find location to trade for ranch or hotel on east term. Address the Recorder. We will give you first-class accommodations at the Valley House, Lewiston and Moscow stage headquarters. L. J. Zeigler, Jullietta, Idaho. Dr. Jao. B. Pilkington, Surgeon, Condit and medical specialist, of Portland will be at the Owen's House, Genesee, all day Thursday June 4, 1891. Eye, ear, throat and lung, and all nervous or chronic cases of liver, kidney, uterine or renal disease will be given a special examination and opinion free. Refers to E. A. McKinnon and A. S. Maston, of Genesee, Id., W. J. McQuinn and Judge J. C. Moore of Moscow and over 100 citizens of Whitman county.

Fred Aik's, of Moscow, now carries a \$10,000 stock of liquors of all kinds which he sells at wholesale or retail. Nothing but the choicest of goods goes over the bar. He and his partner, W. C. Wright & A. H. Pross, are agents for the celebrated Export Pabst Milwaukee beer. The pleasant resort of the county seat.

E. O'Neill, Attorney-at-Law, LEWISTON, IDAHO. Will practice in state and United States courts of Washington and Idaho. All business carefully attended to. Supply Depot for A. No. 1, CUTTER WHISKEY, HENNESSY & MARTEL BRANDY. Fresh beer always on tap here. Opposite S. & P. R. R. depot, Genesee, Idaho.

BEER By the Glass, Quart or Keg. Choice liquors and wines for medicinal purposes. Also a choice line of cigars. Goiger & Kambitch, Prop's. PALACE SALOON, R. JACKSON, Proprietor. Main Street, West of S. & P. Depot. Fine Wines, Liquors and Cigars kept constantly on hand. PARLORS IN CONNECTION. Mrs. M. A. Moser. Takes this opportunity of informing the public that she is now established permanently in Genesee and will keep table bottles by the day, week or month, at her residence, in the J. Rosenstein house, on the hill between Fir and Pine streets where she is now prepared to furnish you a meal for thirty-five cents or three meals for one dollar. Regular boarders will be charged \$4 per week. Give me a trial. Mrs. M. A. Moser.

Notice for Commuted Homestead Prof. Charles Heinrich, Id. No. 2561. To James Emerson and all others. Land Office at Lewiston, Idaho. April 14, 1901. Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the Judge of the District Court at Moscow, Idaho, on May 18, 1901, viz:—George M. White, for his lot 3, sec. 2, T. 4, R. 4. He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz:—Frank Allen, Fred Snyder, Alfred Brigham, Andrew Wardrobe, all of Genesee, Idaho. C. M. DAY, Register.

Notice for Commuted Homestead Prof. Charles Heinrich, Id. No. 2561. To James Emerson and all

A Small but Compact and Convenient Dwelling Described.

(Copyright by American Press Association.) I heard a successful man say at one time that he believed he would sell his house, which was a very grand establishment, build a five roomed structure, and live in peace the rest of his days. At that time this gentleman was governor of a state. He had tested the sweets of a large mansion. He is now United States minister to the Netherlands.

FRONT ELEVATION.

Inter to one of the largest European cities. He wished to get himself and his family away from the labor of the day, and to live in peace the rest of his days. There is nothing more reliable in the world than a small return as a large house.

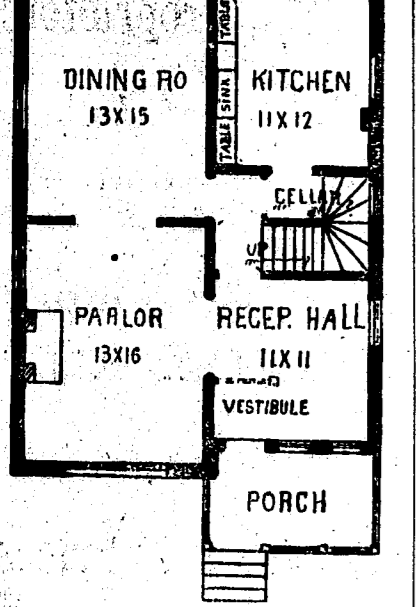

There is a house into which the owner of large establishments might retire and live in comparative comfort. The arrangement is simple and the cost is a minimum.

The kitchen and dining room are arranged so that they are in line with the rest of the house, and the kitchen is reached from the dining room, and in order to reduce the labor required in carrying for the eating and drinking, the kitchen is placed in the center of the house.

The bathroom is arranged so that it is in line with the rest of the house, and the bathroom is reached from the kitchen, and in order to reduce the labor required in carrying for the eating and drinking, the bathroom is placed in the center of the house.

The living room is arranged so that it is in line with the rest of the house, and the living room is reached from the kitchen, and in order to reduce the labor required in carrying for the eating and drinking, the living room is placed in the center of the house.

The bedroom is arranged so that it is in line with the rest of the house, and the bedroom is reached from the kitchen, and in order to reduce the labor required in carrying for the eating and drinking, the bedroom is placed in the center of the house.

room makes that a valuable room. If there is no receptacle for the articles which belong in a vestibule the entire room is rendered useless otherwise than as a passage.

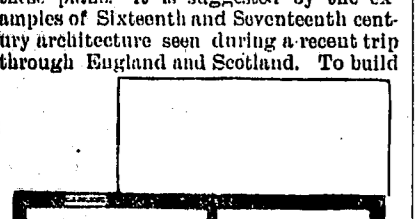

There are those who would object to the single stairway, but as arranged in this plan the stairs are entirely independent of their connection with any room on the first and second floors, and the stairway would disturb the idea that is here in mind—viz., economy of energy in house-keeping.

The room might be made larger, but as now it is made as large as possible, and any thing that could be made into the labor of house-keeping, would be made into a servant's room by extending it out over the parterre.

The most important part of the plan are ground into the earth by building two rooms. They occupy the example of wealthy neighbors. They feel a natural desire for display, and go through life under a constant struggle, or are compelled to yield up their property on the score of the hypothesis that one can get out of a home by building only such as he can comfortably pay for and maintain.

The mere satisfaction of having a large house is buried in the labor and anxiety of caring for it.

The exterior of this building is somewhat more elaborate than generally goes with these plans. It is suggested by the examples of sixteenth and seventeenth century architecture seen during a recent trip through England and Scotland. To build

SECOND STORY.

this house at a moderate expense such a design should not be adopted. This floor plan has been carried out in frame houses well and substantially built, at a cost within \$6,000.

LOUIS H. GIBSON.

NEWS IN BRIEF.

Mr. John McDonald is falling in health. His efforts to induce him to take a trip to Europe.

Michigan has suffered greatly from forest fires. The losses amount to over \$4,000,000 and hundreds of families are destitute.

Rudolph Sigel, son of Gen. Franz Sigel, New York, has been sent to an insane asylum. Overwork is the cause of his derangement.

Astruc discovered a soldier who has been in the Kalanuzoo asylum since 1878, has just received a pension amounting to \$12,800. His aged parents were recently notified.

By direction of the president, the military post at Mammoth Hot Springs, in the Yellowstone National park, known as Camp Sheridan, will hereafter be named after Gen. Sheridan.

Over 8000 people saw Tenny win the Brooklyn handicap. It was one of the grandest races ever seen at Gravesend.

The Freeholders of Pittsburgh desired to hear Col. Ingersoll deliver a Sunday night lecture, but the management was so constituted that the Freeholders were not allowed on Sunday if an admission fee was charged.

At the Virginia Baptist state convention, Rev. Dr. McVickers of Toronto delivered a sermon on the "Work of the colored people of the South, and why they were worse off than they were thirty-five years ago."

Col. John A. Cockrell, for several years managing editor of the New York World, has resigned from that paper.

John A. Dillon, for eight years managing editor of the St. Louis Post-Dispatch, has been elected to the position.

President Harrison is again in Washington. On his trip through the West he traveled 10,000 miles and made 139 speeches.

Charles S. Young of Fort Madison, Ia., went to St. Louis to work. On his return in about four weeks he found his wife had been killed by a train.

Twelve jurors at Syracuse, N. Y., have decided that it is good table manners for a clergyman to remove soap from his mustache by licking his chops.

Joseph E. Young, a member of William Yehrick, proprietor of St. John's military school at Maulus, for salary as chaplain.

Green B. Ramm Jr., son of the commander in chief, upon the request of Secretary Nelson, has resigned as assistant chief clerk of the pension bureau, and the same has been accepted.

Assignee William Nelson Cromwell of New York, who straightened out the affairs of Decker, Howell & Co., has received a dividend in full on a debt of \$200,000, a magnificent result.

Mr. Arthur Brisbane was driving a team of bronchos from his home, six miles east of Alconas, Kan., and in crossing the river, there being no bridge, the team became unmanageable.

The heavy exports of American gold into Europe, generally the Grange and particularly have drawn the attention of financiers to the matter.

The exterior of this building is somewhat more elaborate than generally goes with these plans. It is suggested by the examples of sixteenth and seventeenth century architecture seen during a recent trip through England and Scotland.

RECORDER.

ISSUED EVERY THURSDAY AT... IDAHO... C. M. POOL, Editor and Proprietor.

Having bought Mr. R. W. Jenkins interest in the RECORDER, take this method of thanking the citizens of this place for their help and patronage in the past and ask for a continuation of the same.

THURSDAY, MAY 28, 1891.

Our Uniontown brass band is an organized institution again, says the Journal, the members thereof having had a meeting on Wednesday night, at which Dr. Ehlson was elected their leader.

At the examining trial before Justice Pattison, the Oakesdale marshal William Sargent, and his two deputies, Manning and Thiriot, waived examination and were bound over by the court to appear for trial at the June term.

Volume one, number one of the Dayton Courier, a new advent in the journalistic field, published by Messrs. Carter & Hossett, at Dayton, Columbia county, Wash., has reached our table.

A vigorous protest was entered, last Saturday, by the Reformed Presbyterian general assembly at Philadelphia, against the opening of the world's fair on Sundays.

The great fight between Jackson and Corbett at San Francisco on the 21st was declared a draw by Referee Cook at the end of the sixty-first round.

An English, German and Italian syndicate have recently bought 50,000,000 roubles worth of Russian wheat.

A writ served. Messrs. Conover, Fellows and Hopp, who form the board of regents on the proposed agricultural college to be erected at Pullman, met at that place Monday afternoon.

The plan submitted by Architect Preusse of Spokane was approved, and the contract for the building of the temporary structure was awarded to Builder White of Colfax.

The building will be of brick and will be erected at a cost of \$1,500. In expectation of something of an exciting nature quite a number of citizens were present at the meeting.

The result was up to their expectations. Shortly after their decision was made known an officer from the Tacoma courts presented himself and produced a legal document which proved to be an order restraining the board from entering into any contract for the building of the college until after May 20, on which date the case is to be given a hearing in the superior court at Tacoma.

The board adjourned for a few minutes and again met and concluded to employ Attorneys Turner & Graves, of Spokane, to represent them in court.

The restraining order was issued at the instance of the Yakima people.

Opal mining is in full progress near Moscow, says the North Star. Several fine stones are being taken out every day.

C. E. Hall's men found seven or eight Tuesday which weighed seventy karats, valued at \$10 a karat. Two of them, though, are of much better quality than the others, being the genuine fire opal.

The ones of best quality are usually small, though their values often go as high as \$300.

Up to the 22d no news of the whereabouts of the Itata had been received. The vessel may have reached Chili or it may be in hiding. A New York date of the 25th claims that she is at Valparaiso.

FROM ALL OVER.

near enough to her. The students kissed her hands and hair.

LONDON, May 20.—A dispatch received from Lisbon at noon today does not mention that any disorders have taken place in that city.

TACOMA, May 20.—W. L. Jones of Yakima county today, through his attorneys, made a motion in the superior court for an injunction restraining the agricultural college from locating the college at Pullman and awarding contracts for the building. It is alleged that the commission was illegally appointed, and that Laughton acted in collusion with the commissioners and members of the legislature.

Relic of By-Gone Days. "This settles the question as to whether or not the Palouse country was ever inhabited by buffalo," remarked Senator T. J. Smith the other day as he deposited on the desk of the Palouse Gazette the skull of an enormous size.

The trustees of the Moscow school district have called a special election for June 1 to vote on the issuance of \$25,000 bonds to erect a high school building; also to authorize a special tax of seven mills for salaries.

At the examining trial before Justice Pattison, the Oakesdale marshal William Sargent, and his two deputies, Manning and Thiriot, waived examination and were bound over by the court to appear for trial at the June term.

From the Spokane Chronicle of the 21st we learn the following: Billie Gillipie, the ex-police officer, is not guarding the northern frontier, seeking to prevent the entry of contraband Chinese into this country, but is at Franklin, Wash., guarding the negroes recently imported by the Oregon Improvement company to take the place of white coal miners.

Gillipie is not the only Spokane man engaged in the work, as quite a number left here last week for the same purpose.

Before going they circulated the report that they were going north to head off smugglers.

It seems that a "tip" was given in Spokane last Saturday that the negro train was to pass through, and all idle men who desired to shoulder a rifle and act as a guard were cordially invited to board the train and proceed with it to Franklin.

Only a few learned this, however, and therefore no many took advantage of the offer.

The men engaged as guards are well paid, but as they are quite likely to get killed by the angry miners, the job is not an enticing one, even if they escape the wrath of the tollens of the pit by their wits and courage.

It was learned this morning that the guards were armed shortly after leaving Spokane last Saturday or Sunday.

TELEGRAPHIC NEWS.

WASHINGTON, May 21.—The U. S. consul at Gibraltar, in a report to the state department says that during the last few months thirty-one foreign steamships have touched this port, carrying more than 20,000 Italian immigrants to the United States, and many more are expected soon.

The U. S. consul at Naples reports a vast multitude of Italians leaving for the United States on every steamer, mostly of a very ignorant and undesirable class.

Some districts in Italy are nearly depopulated.

BELFAST, May 20.—Jake Kilrain, William Muldoon, Mike Cleary and Mr. Malloy have arrived from New York and will remain until the 2d of July. To-day Kilrain commenced active training for his contest with Slavin, which takes place on June 15. Kilrain is in poor condition and will be obliged to work hard in order to get in shape. He will train under the same system as Sullivan did.

BUCHARST, May 21.—Ex-Queen Natalie has arrived at Galatz, whence she goes by rail to Jassy. At Bonlin the ex-queen's apartment was filled with floral tributes and silver wreaths were presented her. Before boarding the steamer she kissed all the women who were

THE RECORDER.

ISSUED EVERY THURSDAY AT... IDAHO... C. M. POOL, Editor and Proprietor.

Having bought Mr. R. W. Jenkins interest in the RECORDER, take this method of thanking the citizens of this place for their help and patronage in the past and ask for a continuation of the same.

THURSDAY, MAY 28, 1891.

Our Uniontown brass band is an organized institution again, says the Journal, the members thereof having had a meeting on Wednesday night, at which Dr. Ehlson was elected their leader.

At the examining trial before Justice Pattison, the Oakesdale marshal William Sargent, and his two deputies, Manning and Thiriot, waived examination and were bound over by the court to appear for trial at the June term.

From the Spokane Chronicle of the 21st we learn the following: Billie Gillipie, the ex-police officer, is not guarding the northern frontier, seeking to prevent the entry of contraband Chinese into this country, but is at Franklin, Wash., guarding the negroes recently imported by the Oregon Improvement company to take the place of white coal miners.

Gillipie is not the only Spokane man engaged in the work, as quite a number left here last week for the same purpose.

Before going they circulated the report that they were going north to head off smugglers.

It seems that a "tip" was given in Spokane last Saturday that the negro train was to pass through, and all idle men who desired to shoulder a rifle and act as a guard were cordially invited to board the train and proceed with it to Franklin.

Only a few learned this, however, and therefore no many took advantage of the offer.

The men engaged as guards are well paid, but as they are quite likely to get killed by the angry miners, the job is not an enticing one, even if they escape the wrath of the tollens of the pit by their wits and courage.

It was learned this morning that the guards were armed shortly after leaving Spokane last Saturday or Sunday.

TELEGRAPHIC NEWS.

WASHINGTON, May 21.—The U. S. consul at Gibraltar, in a report to the state department says that during the last few months thirty-one foreign steamships have touched this port, carrying more than 20,000 Italian immigrants to the United States, and many more are expected soon.

The U. S. consul at Naples reports a vast multitude of Italians leaving for the United States on every steamer, mostly of a very ignorant and undesirable class.

Some districts in Italy are nearly depopulated.

BELFAST, May 20.—Jake Kilrain, William Muldoon, Mike Cleary and Mr. Malloy have arrived from New York and will remain until the 2d of July. To-day Kilrain commenced active training for his contest with Slavin, which takes place on June 15. Kilrain is in poor condition and will be obliged to work hard in order to get in shape. He will train under the same system as Sullivan did.

BUCHARST, May 21.—Ex-Queen Natalie has arrived at Galatz, whence she goes by rail to Jassy. At Bonlin the ex-queen's apartment was filled with floral tributes and silver wreaths were presented her. Before boarding the steamer she kissed all the women who were

THURSDAY, MAY 28, 1891.

**THE RECORDER,**  
PUBLISHED EVERY THURSDAY AT  
Genesee, Idaho.  
BY  
C. M. POOR, Editor and Proprietor.  
**TERMS OF SUBSCRIPTION,**  
One copy one year, \$2.00  
One copy six months, \$1.25

**THURSDAY, JUNE 11, 1891.**  
The Recorder has moved to new quarters in the Krump building south of the hardware store of Krump & Scroggin, where we will be pleased to have you call and tell us the news and subscribe for the paper.

What has become of the proposition for water works in Genesee? Gentlemen of the city council, don't let the water works slip your mind altogether, but get in and create a system of water works for our thriving little city.

The house of representatives of Illinois have weakened \$200,000 in the amount of the appropriation to the World's fair. An amendment was adopted at Springfield on the 24 inst., by a vote of seventy-six to seventy-three, reducing the amount from \$1,000,000 to \$750,000.

Sir John Macdonald is no more. The distinguished statesman who has guided the political destinies of Canada for nearly half a century, passed peacefully away at 10:15 on Saturday last, surrounded by his entire household. Lady Macdonald, who bore up so bravely during the fatal illness, is now prostrated with grief.

The city council of Spokane object to cigarette smoking and are preparing an ordinance prohibiting any person from selling cigarettes, cigars or tobacco to any persons under 16 years of age, making the offense a misdemeanor, punishable by a fine not exceeding \$25. It will also be considered a misdemeanor under the proposed ordinance for anyone to smoke cigarettes upon the street corner or any public place, punishable by fine or imprisonment.

As a monetary institution the municipal court is proving a bonanza to Spokane. The spokesman of that place says that the fines turned over to the city treasurer on the 1st and 2d inst. amounted to \$587. The amount of the fines for last Thursday was over \$200. While this showing looks bad for the state of morals of the city, a mercenary view of the matter shows that the amount of fines collected in the police court more than pays the salaries of the city mayor, commissioners and councilmen.

**I. O. O. F. and Liquor.**  
At a meeting of the grand lodge of Odd Fellows for the jurisdiction of Washington, held in Seattle May 13, the following query was submitted by Seattle lodge No. 7, I. O. O. F., namely:  
Should saloon or bar-keepers be considered a reputable means of support under the constitution? Upon this the jurisdiction returned the following resolution, which was adopted:  
Resolved—That the representatives to the Sovereign Grand Lodge be instructed to use every effort to further such legislation as will render saloon-keepers or bar-keepers ineligible to membership in the noble order of the Independent Order of Odd Fellows.

To the uninformed this may seem strange that the order of Odd Fellows should take such a decided stand upon the liquor question. It is a fact, however, that this influential order does take a decided stand against the liquor traffic, as the above resolution implies. This speaks volumes in favor of Odd Fellowship and it is not to be wondered at that the membership is fast increasing throughout the world at large, and especially in Washington. The grand secretary's report shows an increase of twenty-six new in the number of lodges and a membership increase from 3,500 in 1890 to 5,000 in 1891 in the State of Washington alone.

**ORESSA, June 6.**—The crop outlook has been changed by heavy rains, which have fallen lately in southern portions of Russia. It is now believed the harvest will be a little under the average.

**FROM ALL OVER.**

The following is a summary of the changes made in the land laws by the act passed just previous to the adjournment of congress: Pre-emptions and tree claims are now things of the past. No more new claims can be filed of these two kinds, but old ones made in good faith may be completed as under the former law. Persons who have completed with the proper authorities the provisions of the re-located law for four years may prove up on payment of \$1.25 per acre. The desert land law is amended so as to limit the amount of land that may be acquired under it to 320 acres; it was formerly 640, and to require the filing of a map with each claim showing the proposed method of reclamation by ditches and also to provide that at least three dollars an acre must be expended in irrigating—one dollar a year for each consecutive year. After four years title may be secured to the land on payment of one dollar per acre.

Provisions are made for grants for rights of way for irrigation purposes but reservoir sites may not contain any land not necessary for construction or maintenance. The maximum amount of land which any person may acquire is limited to 320 acres. The president is given the right to set apart and reserve in any of the territory for public use as a public reservation, not subject to be entered upon. The object of this last provision is to preserve the forest at the sources of streams in the mountains from being destroyed. This will guard against the danger of disastrous freshets and insure a steady flow from melting snows, and thus make safe the extension of irrigating systems.

Deputy Sheriff F. M. Young arrives here Monday in company with B. McAlpin, who resided down in the Steptoe canyon, but was arrested at Yakima on the charge of having stolen a mare belonging to R. M. Mudgett. About two weeks ago McAlpin crossed the ferry at Alpowai with a band of horses and the description given tallied with that of the mare brought here and his trial took place Tuesday before Squire Thomas Schaffer. Prosecuting Attorney R. M. McCroskey appeared for the state and Attorney Jas. W. Reid for the defense. But the mare not belonging to Mr. Mudgett but tallied with one lost by Al. White, the prosecution dismissed the case and a new trial set which is to come off at 10 o'clock tomorrow, Saturday, before Squire Flowers, at Colton, at 8 o'clock p. m. Mr. McAlpin is, we learn, well known hereabouts and hope he will be able to clear his name.—Washington Journal.

The Vollmer Vidette is authority for the following: "Ever since the discovery of the Moscow opal mines, has the belief been prevalent among many of our citizens that the precious stones existed in and around the Vollmer, as the rocks are of the same formation. But nothing, however, was found until the latter part of last week, when James Hall was coming over from Moscow, he wandered off the road and came across some very peculiar rock. Jim had visited the Moscow opal mines several times last summer and knew that the rocks contained white opals, and supposed that there was something better beneath. He came on to town, however, and borrowing a pick, went back in the afternoon and commenced prospecting, and efforts were rewarded with success; for in the evening he came in with about twenty specimens of fine opals, which will equal if not exceed the Moscow opals. He was offered \$20 apiece for several of his specimens, but refused, as specimens shown from the Moscow mine valued at \$100 were not so large, neither were they of so bright a color. The whereabouts of the mine will be kept quiet for a few days, however. A local company will be formed to operate it.

Report has come to hand that a man named Anderson in the employ of Sam Phinney was thrown from his horse while riding after cattle on Lepwai near Caldwell's ranch and has since died from the injuries received. While riding rapidly to head off some runaway steers, his horse stumbled and fell upon him. He was unconscious when he was found, and though he lived thirty-three hours after his accident he showed no sign of life save a slight tremor of the muscles now and then.—Lewiston Teller.

**TELEGRAPHIC NEWS.**  
Iquiqui, Chili, June 5.—The steamship Itata arrived here yesterday morning from Topoopia and has been delivered over to the American war ships now here. The Charleston is expected to arrive by day from Africa. The Itata has handed over all the arms she took from San Diego, consisting of 5,000 rifles.

WASHINGTON, June 5.—There can be little doubt that the war department has received some assurance of the surrender of the Itata, but officials here will not say so. Still it can be stated that Admiral McCann is expected to send the Itata back to the United States, probably under the convoy of one of his cruisers, as soon as she can sail for the return trip. She will be delivered to the United States officers at San Diego and the proceedings against her for violation of the neutrality laws be resumed and the responsible persons will, if they appear, also be called upon to answer an additional charge of contempt of court.

**WASHINGTON, June 6.**—The account which came from San Francisco yesterday of the naval engagement off Valparaiso has been received with incredulity at the navy department. Such facts as are officially known seem to discredit the story of the engagement reported to have taken place on April 28 in the presence of the foreign man of war. Admiral McCann was there on that date, on board the Baltimore, yet in his report to the department on the next day he failed to mention any such event. In addition to this the department officers say they have no doubt that if an engagement with such pronounced results had taken place the news would have been promptly wired to the United States instead of taking the slower course of the mail steamer.

**ILLIS SUMMONS.**  
In the Justice Court, Genesee Precinct, County of Latah, State of Idaho, C. F. Burr, Justice.  
Frank Brothers Implement Company, a corporation, plaintiffs, vs. J. C. Martin, defendant.  
The people of the State of Idaho send greeting to J. C. Martin, defendant.  
You are required to appear in an action brought against you by the above named plaintiffs in the justice court of Genesee precinct, County of Latah, State of Idaho on or before July 7, 1891. The said action is brought to recover the sum of one hundred and forty dollars and \$10.00, balance due on two certain promissory notes given by defendant to plaintiff as above required said plaintiff will take judgment against you for one hundred and forty-one and 7/100 dollars, together with cost of suit. Make legal service and due return hereof.  
Given under my hand this 6th day of June, A. D. 1891. C. F. Burr, Justice of the Peace for said Precinct.

**THURSDAY, JUNE 11, 1891.**  
The Recorder has moved to new quarters in the Krump building south of the hardware store of Krump & Scroggin, where we will be pleased to have you call and tell us the news and subscribe for the paper.

What has become of the proposition for water works in Genesee? Gentlemen of the city council, don't let the water works slip your mind altogether, but get in and create a system of water works for our thriving little city.

The house of representatives of Illinois have weakened \$200,000 in the amount of the appropriation to the World's fair. An amendment was adopted at Springfield on the 24 inst., by a vote of seventy-six to seventy-three, reducing the amount from \$1,000,000 to \$750,000.

Sir John Macdonald is no more. The distinguished statesman who has guided the political destinies of Canada for nearly half a century, passed peacefully away at 10:15 on Saturday last, surrounded by his entire household. Lady Macdonald, who bore up so bravely during the fatal illness, is now prostrated with grief.

The city council of Spokane object to cigarette smoking and are preparing an ordinance prohibiting any person from selling cigarettes, cigars or tobacco to any persons under 16 years of age, making the offense a misdemeanor, punishable by a fine not exceeding \$25. It will also be considered a misdemeanor under the proposed ordinance for anyone to smoke cigarettes upon the street corner or any public place, punishable by fine or imprisonment.

As a monetary institution the municipal court is proving a bonanza to Spokane. The spokesman of that place says that the fines turned over to the city treasurer on the 1st and 2d inst. amounted to \$587. The amount of the fines for last Thursday was over \$200. While this showing looks bad for the state of morals of the city, a mercenary view of the matter shows that the amount of fines collected in the police court more than pays the salaries of the city mayor, commissioners and councilmen.

**I. O. O. F. and Liquor.**  
At a meeting of the grand lodge of Odd Fellows for the jurisdiction of Washington, held in Seattle May 13, the following query was submitted by Seattle lodge No. 7, I. O. O. F., namely:  
Should saloon or bar-keepers be considered a reputable means of support under the constitution? Upon this the jurisdiction returned the following resolution, which was adopted:  
Resolved—That the representatives to the Sovereign Grand Lodge be instructed to use every effort to further such legislation as will render saloon-keepers or bar-keepers ineligible to membership in the noble order of the Independent Order of Odd Fellows.

To the uninformed this may seem strange that the order of Odd Fellows should take such a decided stand upon the liquor question. It is a fact, however, that this influential order does take a decided stand against the liquor traffic, as the above resolution implies. This speaks volumes in favor of Odd Fellowship and it is not to be wondered at that the membership is fast increasing throughout the world at large, and especially in Washington. The grand secretary's report shows an increase of twenty-six new in the number of lodges and a membership increase from 3,500 in 1890 to 5,000 in 1891 in the State of Washington alone.

**TELEGRAPHIC NEWS.**  
Iquiqui, Chili, June 5.—The steamship Itata arrived here yesterday morning from Topoopia and has been delivered over to the American war ships now here. The Charleston is expected to arrive by day from Africa. The Itata has handed over all the arms she took from San Diego, consisting of 5,000 rifles.

WASHINGTON, June 5.—There can be little doubt that the war department has received some assurance of the surrender of the Itata, but officials here will not say so. Still it can be stated that Admiral McCann is expected to send the Itata back to the United States, probably under the convoy of one of his cruisers, as soon as she can sail for the return trip. She will be delivered to the United States officers at San Diego and the proceedings against her for violation of the neutrality laws be resumed and the responsible persons will, if they appear, also be called upon to answer an additional charge of contempt of court.

WASHINGTON, June

Those who believe that Dr. Sage's Catarrh Remedy will cure them are more liable to get well than those who don't.

If you happen to be one of those who don't believe, there's a matter of \$500 to help your faith.

The makers are the World's Dispensary Medical Association of Buffalo, N.Y. They're known to every newspaper publisher and every druggist in the land, and you can easily ascertain that their word's as good as their bond.

Begin right. The first stage is to purify the system. You don't want to build on a wrong foundation, when you're building for health.

You wind your watch once a day. Your liver and bowels should act as regularly. If they do not, use a key.

The key is—Dr. Pierce's Pleasant Pellets. One a dose.

A ravenous horse and a mad dog with no conscience. Never dispute the right of way with either.

ACROSS THE DEEP, TO THE FAR WEST.

On Steamboats, cars and stage coaches. The most famous of the West. The water of its natural purifying, breakish character, commences the purification effects upon the stomach of bad and indigestible food.

When there was a man who failed in business and did not claim it was because he was too honest.

A Magnificent Sight. STARS OF HEAVEN FLEW AS IF SHAKEN OF A MIGHTY WIND.

The Wonderful Meteor Shower of 1883. Theories as to the Cause and Effect—A Child's Wonderment at the Scenic-Spectacular Appearance of Colorado People.

One of the earliest and most vivid of my personal recollections is of the grand meteoric shower of Nov. 13, 1883.

With reference to the origin of these meteors there have been diverse conjectures, most of which are at best hazardous speculations.

The explanation which says the bird has "the homing instinct" is as lame as that which ascribes to the bird the power of seeing its way to a hundred miles away.

It is supposed to proceed without it. It is a lock that grows out straight at the point of which the bird's head is turned.

It is a lock that grows out straight at the point of which the bird's head is turned.

THE RECORDER. PUBLISHED EVERY THURSDAY AT GENESSEE, IDAHO. BY C. M. POOR, Editor and Proprietor. TERMS OF SUBSCRIPTION, One copy one year, \$2.00 One copy six months, \$1.25

THURSDAY, JUNE 18, 1901. J. J. C. Abbott has been called upon to form a new ministry, and has undertaken the task. It was in conformity with the late minister's desire that Abbott undertake the formation of a cabinet.

A number of crop reports from Canada state that in the districts recently visited by heavy rains the crops have a much more promising look. The hay crop will be a failure, but the average yield is expected to be from fall wheat, while spring grains will return good average crops.

That Illegal Pullman College. Last Saturday Judge Campbell rendered a decision declining to dismiss the Agricultural college case and gave the defendants until next Saturday to show cause why an injunction against the commissioners should not be issued to prevent them from proceeding any farther. He holds that the commissioners were never legally appointed and are not therefore officers of the state. The case will be taken before the supreme court in such a way that the court can pass on the decision at once. This decision virtually declares illegal and void all the acts of the agricultural college commission and that the commissioners were not officers of the state within the meaning of the word and that the board of regents have no right to appropriate money for erecting buildings at Pullman. Attorney Graves, of Spokane, will ask the supreme court for a writ of prohibition to prevent the superior court from proceeding further.

TELEGRAPHIC NEWS. Tacoma, June 11.—It appears that the squatters on the Puyallup Indian reservation are now anxious to get off and are now held only by the laws delay. Agent Eells has been notified by the department of interior that no railway can cross the reservation under any condition or claim whatsoever. While individual Indians have signed a contract giving Frank C. Ross a right-of-way through their property, Agent Eells says that the government will not permit Mr. Ross to build his road to Puyallup, and to prevent any attempt being made, he says, is one of the reasons why government troops have been stationed on the reservation. Neither will condemnation proceedings work, the agent says, as that would be equivalent to a forced sale, and the Indians cannot give a right-of-way, the land under their plea of being subject to levy or forfeiture. Condemnation proceedings have already been instituted by one company desiring to build a direct line from Tacoma to Puyallup. The Ross contract, the agent says, calls for a strip of 100 feet of land and gives Ross immediate possession, with a promise to pay for the land ninety days after congress shall remove the restrictions which now prevent the Indians from selling. The Northern Pacific was allowed land to build an additional track because it already had a charter and the right to cross the reservation. Mr. Eells says the troops will very likely remain a couple of months. Lieutenant Cabell's orders were to reconnoiter and report, and await further orders. The soldiers are enjoying themselves fishing and taking sun baths.

AMBOUR, I. T., June 10.—Reports received here give heartrending accounts of fearful havoc to life and property in the overflooded valley of Red river in Texas and in this territory. Dwelling and business houses were swept away, crops destroyed, and stock of all kinds drowned. Flat boats containing several men who were trying to rescue the families driven to the tops of their houses by the flood was capsized and one of the occupants drowned. It is feared that many people who are now missing have been drowned. It is impossible now to ascertain the loss to property. Many families have been rendered homeless. WALLA WALLA, June 10.—The Washington grand jury, impaneled to investigate the lynching of Hunt by soldiers stationed here, on April 25, reported to the superior court a true bill against seven enlisted men of the Fourth United States cavalry. The report says that there is no doubt that Colonel Compton did not believe his troops would attempt to lynch Hunt, but the attack on the sheriff and his prisoner on the night before the lynching and open defiance of non-commissioned officers supported by the guards, should have been sufficient warning to him of what might be expected in not taking ample precaution to keep his men under direct control. The jury was of the opinion that the sheriff was taken by surprise and was not prepared for defense, and that if he had made any resistance a general alarm would have been sounded and in all probability the mob would have been dispersed without gaining their object. The jury suggests that the county commissioners prepare a statement of expenses incurred by the county on account of the outrage, and present it as a claim against the United States. The jury thought as the relations between the citizens and troops were rather strained it would be well to have the latter exchanged.

WASHINGTON, June 11.—From private advices received at the post-office department from the Universal Postal Union congress, now holding a session at Vienna, it is learned that the long desired accession of the Australian colonies has been effected. This means a reduction of more than fifty per cent. on the rates of postage to these countries. WASHINGTON, June 11.—The June report of the department of agriculture makes the area in winter wheat as compared with last year, 111.5; spring wheat, 103.4; barley, 107.1; rye, 101.5; oats, 97.9. The condition of winter wheat is 98; spring wheat, 92; barley, 90.3; rye, 95.4; oats, 85. The reduction of last year of more than 2,000,000 acres suggests the reason for most of the present increase. There is an advance, therefore, of both replacement and development. The former notably in Illinois, Missouri, Kansas and California; the latter in Washington, Oregon and the Dakotas. SEATTLE, June 12.—The Canadian Pacific railway company has secured terminal facilities in this city from the Oregon Improvement company. It has also secured one of the Oregon Improvement company's steamers and next week the Canadian Pacific will put on two steamers between this city and Whatcom, connecting at the latter point with the New Westminster railroad extension of the Canadian Pacific.

Through Eugene Buchanan the farmers in the vicinity have received a great benefit. Mr. Buchanan is secretary of the Moscow Chamber of Commerce and while in Portland last week held a conference with the chamber of that city in regard to the reduction of rates on grain from here. They in turn held a conference with the Union Pacific officers, who have agreed to reduce the freight rate three cents per bushel on wheat from Moscow and the Palouse country to the Sound. This will prove of thousands of dollars in value to our farmers, and Mr. Buchanan cannot be lauded too highly for his good work.—Democrat.

Gen. Boardman, the Pierce City expressman, brought down the news last Saturday that the original "Lost Cabin" mine had been discovered by a party of prospectors, and that there was to be a general stampede from Pierce City and the Weippe country for that basin. The "Lost Cabin" basin is one of the fabled eldorados of Idaho mining history. It was discovered years ago, but by some unfortunate means lost again.—Teller.

We are pleased to say that John Bellon, who was shot at this place in the recent affray, is getting along nicely. It is now believed he will not lose his limb, but may be a cripple.—Oakerdale Sun.

THE EXPECTED game of base ball between the Leaville nine and the home club did not take place last Sunday as was expected, owing to the fact that the Leaville club did not come in, owing probably to the wet and cloudy weather. There was, however, a game between those present the nine made up from local clubs, and a reporter noticed that Dugger hammered an old-time grass cutter. Jones lost a big foot in the game. Grimes pulled up an ant hill in pulling in a Potlatch; Kennedy struck a sky window; Nelson fanned a hole in the wall. Grimes played plenty curves. The number of tallies made were lost in the excitement of the later part of the game.

PERSONALS. E. F. Tucker, the gentlemanly assistant secretary of the Washington Farmers' Insurance Co., has been in our city the past week talking insurance to the farmers in and around Genessee. Dr. W. C. Cox expects to bid final farewell to Genessee next Tuesday. We are sorry to see him go but bid him adieu wherever he may locate. Mrs. Cox will remain in town for a few weeks. Jos. Hafstuerter, after an absence of two weeks, returned well pleased with his trip to the Casus Prairie country and reports everything O.K. in that section of the country. J. Rosenstein and H. S. Tucker, of this place, paid Moscow a business visit yesterday. Ramey Arent, of Lewiston, is among the visitors in Genessee today. He reports crop prospects the best for the past ten years in the immediate neighborhood of Lewiston, and the peach crop unsurpassed in years. Camp Meeting. A camp meeting will be held at J. Christensen's ranch, on the road between Genessee and Moscow, about one mile south of the M. E. church, commencing yesterday, and continuing two days. Everybody will be welcome. Dinner and lunch will be sold on the place at reasonable prices, also accommodations for sleeping for those who may wish to stop over night. The Hiata En Route. An official telegram from Admiral McCaffrey at Iquique, Chile, to secretary of the navy, at Washington, announces that the Itata sailed under the convoy of the Charleston, Saturday night, June 9, for San Diego, Cal. It is not probable that the ship will be forced, as her machinery is in bad shape, as it is expected that full month will be occupied in the homeward trip. BUSINESS LOCALS. Cuban Bismoke cigars at Jackson's. 20 pounds of sugar \$1 at Vollmer's. FOR SALE—A nice 248 acre ranch near Uniontown. Crop, implements, animals and furniture at a bargain. Call or address J. L. HAGMAN, Uniontown, Wash. Vollmer has received a car of McCormick's self-blades and mowers. Will have a car load of Bain wagons, hucks, carriages, big buggies and carts in coming week. J. P. Vollmer sells the Ludlow shoe for ladies, misses and children. J. H. & T. H. Lorry's fine shoes. Bought at a bargain and sold at low prices. Moscow tracts June 18 to 21, for above, railroad tickets will be sold at rate of \$2.10 for round trip, trip room to return up to \$2.10. A wish to the WINE IN SUFFICIENT—Dr. J. Eugene Jordan's Histogenetic Medicine for sale by C. A. Christopher & Co., Genessee, Idaho. A beautiful line of ladies trimmed hats at Vollmer's. **THE RECORDER,**  
PUBLISHED EVERY THURSDAY AT  
Genesee, Idaho.  
BY  
C. M. POOR, Editor and Proprietor.  
**TERMS OF SUBSCRIPTION:**  
One copy one year, \$2.00  
One copy six months, \$1.25

THURSDAY, JUNE 25, 1901.

The United States treasury department, on the 19th inst, purchased \$559,000 worth of silver.

Wm. McKinley, was nominated governor of Ohio, by acclamation, on the 17th inst, amid scenes of wild enthusiasm, by the republicans.

Three British war vessels have been ordered to the Behring sea to co-operate with the American cruisers in enforcing the sealing agreement.

The National Press says that proceedings have been commenced against Parnell to recover \$3,500 which he was ordered to pay as the costs in the O'Shea divorce case.

The London Times Vienna correspondent says the harvest in Hungary will be middling in quality and quantity, while in Australia it will be decidedly inferior to the harvest of the last five years.

A private telegram from the City of Guatemala says that there has been a general shaking up in the cabinet of President Barrillas. The trouble in the old cabinet was occasioned by the fact that Barrillas wanted to take the responsibility for running every department, without consulting his secretary first.

In accordance with the findings of the court of inquiry in the case of the lynching of Hunt by the United States troops at Fort Walla Walla, Secretary Proctor, on the 18th inst, ordered a court martial to try Col. Charles E. Compton of the Fourth cavalry for negligence in failing to take proper steps to prevent the lynching. The court will meet July 1 next.

"What is everybody's business is nobody's business," and as we have heard nothing from our city council in regard to the much needed waterworks for Genesee, the duty falls on the Recorder to ask the council to make some further effort in the way of procuring a system of waterworks for the city. We feel sure that we voice the sentiments of every property owner of Genesee, when we say beyond the city and thereby protect it against fire and high insurance rates, with an artesian well and reservoir, somewhere in the immediate vicinity.

A month ago the farmers in Latah county and the southeastern part of Whitman county, Wash., were calling for rain, and with a couple of weeks more of dry weather, the crop of this part of the Palouse country would be very light. Since the 20th of last month the outlook has been changed and the farmers of doubtful looks have changed to smiles and feel sure of an average crop without any more moisture. The rain, so general in extent, practically settles the crop question of the great Palouse country for 1901, as one of, if not the largest in years, and especially in Latah county, as there will be harvested, this fall, several thousand acres of grain on the Nez Percé reservation that heretofore has been under the control of the Indians with no return of any kind.

**FROM ALL OVER.**  
Orin Morrill, who was kicked in the side by a mule about two weeks ago, died last Thursday and was buried Friday in the city cemetery. Mr. Morrill was 53 years of age and had been in this section about thirty years. For twenty years he has been in the employ of Grestin & Binnard, and has always been known as an honest and straight forward man. For about twenty-five years he had never heard from any of his relatives, and he finally wrote, last fall, to the postmaster where he had formerly lived, in the west, during his boyhood days, and received a letter in return from a sister. When he received the letter he wept like a child and at once made up his mind to go back on a

visit. Since then he had been saving up his money and was going back in a few months.—**Lewiston Teller.**  
One of the heaviest rain and hail storms ever known to the citizens of Spokane occurred this afternoon, says the Chronicle of the 18th. The wind blew a heavy gale from the west and the rain fell in torrents and the streets were deluged with water. The damage done was not so great as it might have been, but no damage was done.

Considerable excitement was created at E. C. Hall's opal mines Wednesday afternoon, over the discovery of the largest opals yet unearthed, and which weighed a trifle over nineteen karats. Mr. Hall had been working his pit all week with poor success, and was almost in despair when he struck the opals. The stone in dimension is five inches long and one and three-fourths inches wide and three-fourths of an inch in thickness, is of brilliant lustre and in the rough is valued at \$1,000. A number of people from the city have driven out to his place to see this latest find and extend their congratulations.—**North Star.**

The people of Pullman are displaying their grit in regard to the college affair. At a meeting of the board of trade on Tuesday evening of last week, an offer of \$1,000 was made to anyone who could prove that there was any undue means used to secure the location of the college. The meeting was attended by the representatives of the leading daily papers of the state, and also guaranteed, providing the papers would publish a report of the findings of their representatives in regard to the location of the college. While the people of Pullman naturally feel that they are being unfairly treated, the college officials are determined to secure it against the will of the other towns with populations fifty times as large. Fraud or no fraud, Pullman has the energy to maintain her rights against all enemies.

A special to the Spokane Spokesman, dated Kootenai Station, Idaho, June 19, says: Italian laborers at Burns and Chapman's camp are in mutiny. A Mafia flag has been hoisted on the right-of-way. The dagos are armed and threatening. The trouble was caused by a disagreement with the walking boss over his refusal to furnish succor. There are armed officers among the dagos here to quell the insurrectionists.

When the news was received here last night a posse of sixteen officers organized and leave this morning with 1,500 rounds of cartridges. Messrs. Burns and Chapman waited in their office until after 1 o'clock this morning arranging the details of the trip. Among the men that start this morning are Joe Warren, Major Gwyder, ex-Commissioner Davidson, John Cudahn, Dan Anderson and Harry Jennings.

The old building on the site where the new Lewiston National bank will be built, has all been removed, and Tom Worden, who has charge of the work, raked up all the dirt under the building and hauled it away and will wash it out for the gold there is in it. The old assay office a number of years ago was located there and the dirt is quite rich. Several pans of dirt have been washed which averaged 25c to the pan. George Frost found an old crucible and took from it \$80 worth of gold, and it is quite probable by the time everything is cleaned up that the amount will reach \$150 to \$200.—**Teller.**

**TELEGRAPHIC NEWS.**  
New York, June 19.—John L. Sullivan has authorized Jas. Wakely of this city and Chas. Johnson of Brooklyn, two of his former backers, to match him against Frank Slavin, the Australian. The conditions he names calls for ten rounds, Queensbury rules and \$10,000 stake in stakes, the winner to take all and the match to be contested before the Athletic club which offers the largest purse. These stipulations were included in the telegram which he sent from San Jose, Cal., to James Wakely last night. Slavin will probably accept. He promises to remove from England in three months and the champion is that

In the Justice Court, Genesee Precinct, County of Latah, State of Idaho, C. F. Burr, Justice.  
Frank Brothers Implement Company, a corporation, plaintiffs, vs. J. C. Martin, defendant.  
Summons.  
The people of the State of Idaho send greeting to J. C. Martin, defendant.  
You are required to appear in an action brought against you by the above named plaintiffs in the justice court of Genesee Precinct, County of Latah, State of Idaho and to answer before the justice at his office in said precinct, the complaint filed therein on or before July 7, 1901. The said action is brought to recover the sum of one hundred and forty-one and 7/10 dollars, balance due on two certain promissory notes given by defendant to plaintiff for \$75 each, dated April 23, 1890 and August 18, 1890.  
And you are hereby notified that if you fail to so appear and answer said complaint as above required said plaintiff will take judgment against you for one hundred and forty-one and 7/10 dollars, together with costs of suit. Make legal service and due return hereof, this day of June, A. D. 1901. C. F. Burr, Justice of the Peace for said precinct.

**THE RECORDER,**  
PUBLISHED EVERY THURSDAY AT  
Genesee, Idaho.  
BY  
C. M. POOR, Editor and Proprietor.  
**TERMS OF SUBSCRIPTION:**  
One copy one year, \$2.00  
One copy six months, \$1.25

THURSDAY, JUNE 25, 1901.

The boys is the heading of an article in the North Star of Idaho, published at Moscow, in description of the Fourth of July celebration in that town on the coming 4th of July. If the whole programme is as false as stated as is the following taken from the list of exercises of the day, we would advise everybody to stay at home, rather than go there and be humbugged in such a way!

The principal attraction of the day will be the contest drill of four companies of Idaho's national guard, including company L, of Genesee and the company from Lewiston. As far company L, of this place we are authorized to say that they do not intend to go to Moscow or anywhere else to take part in celebrating the Fourth but will stay at home and assist the citizens of Genesee in carrying out the advertised programme for the coming 4th of July here, which has been advertised for the past three weeks. As for the Lewiston company we have been told that they left home on the Fourth they would come to Genesee. Now, Brother Star, we ask you not to stretch your 4th of July programme out so long and on such "broadcloth." If you only wish to infer that Genesee is not going to celebrate, why don't you say so and not beat around the bush? We are here to state that Genesee is going to celebrate and will give all a chance to enjoy themselves all who come here on that day, and that we will not shame the brilliancy of the stars with a \$500 display of fireworks, actual cost \$75 or \$100, but that there will be a display equal to, if not superior to that advertised to take place in Moscow.

**Decorate.**  
The committee on decoration for the coming national holiday especially respect the decorations of dwelling and business houses within our corporate limits do suitably decorate the same on that day. Let Genesee appear in her best gala and most attractive attire, and extend a hearty welcome to all visitors. By order of the Committee.

**BUSINESS LOCALS.**  
Bedroom sets at Herman's.  
Cuban Cigars at Herman's.  
20 styles rockers at Jackson's.  
20 pounds of sugar \$1 at Vollmer's.

THURSDAY, JULY 2, 1891.

Jewish immigrants are arriving at the port of New York at the rate of 40,000 annually.

Col. C. E. Compton has been relieved from command at Fort Walla Walla, pending a court martial, and Major Cooney is in charge. The court, composed of thirteen army officers, will meet in Walla Walla on the 1st of July.

The Iowa weather and crop service report of last week reports that the destroying effects of the heavy rain storm of the 23rd and 24th was limited to an area of nine or ten counties, in which the aggregate damage will not exceed a million dollars.

A letter from Joel Warren, printed in a Spokane exchange, from Crossport, Idaho, indicates that the trouble with the Italian laborers on the Great Northern railroad is not fairly commenced and the probabilities are that it will not be settled until the wages are all driven from the line of the road.

The saloonkeepers and others in Tacoma, who do business on Sunday, did not close on the 28th of June; while in Spokane the saloonkeepers did close up their places of business, but the other business places, generally open on Sunday, did not. The saloon men of Spokane seem determined to obey the law and have asked the authorities to close all other businesses, excepting those mentioned in the law for closing business on Sunday.

**THE FOURTH AT GENESSEE.**  
Next Saturday will be the day that all American citizens look for and honor by laying aside their toils and labors for a day and enjoy themselves by celebrating the anniversary of the nation's birthday. Genesee has completed arrangements for the celebration of that honored day. At 10:30 a procession will start to march, headed by the Genesee Brass band. The citizens have spared neither time or money to make this the grandest celebration of the county. The speaker of the day will be Hon. Norman Buck, of Spokane, well and favorably known in this part of Idaho as an orator, and who will do his best to interest all. There will be amusements of all kinds in the afternoon, and in the evening a grand display of fire-works, after which the band will give a grand ball in the Elliott hall.

The generous people of Genesee extend a cordial invitation to the people of Lewiston and all surrounding towns to be present on that day.

**FROM ALL OVER.**  
W. A. Hall, Mt. Idaho; J. M. Howe, Lewiston; J. C. Harkness, Wallace and J. A. C. Freune, Moscow, have been appointed by the department of justice, as U. S. commissioners of North Idaho; and R. M. Dryden, Coeur d'Alene; W. W. Hamblett, Wallace and C. T. Stranahan, Lewiston, as deputy marshals.—Lewiston Teller.

The turn-table which is to be used at Kendrick passed through this city Saturday night on the Northern Pacific. It is a huge affair and made a good load for two flat cars. The turn-table being placed in position will make Kendrick a temporary headquarters town for the company and she will no doubt improve her opportunity and make her little the sun shine.—Moscow Democrat.

"Keep it out of the paper" is the cry which the local newspaper publisher daily hears. To oblige often costs considerable, though the party who makes the request thinks the granting scarcely worth saying "thank you" for. A newspaper is a peculiar article in the public's eye. The more gathered is stored and because he gets hold of our item, and is abused because he does not get another. Young men and often young women, as well as older, perform acts which become legitimate items for publication and then read

to the newspaper office to beg the editors not to publish their escapades. The next day they condemn the same paper for not having published another party doing the same thing they were guilty of, forgetting, apparently, their late visit to the printing office. The subscribers expect to read the news, and there is always wonder when, for charity's sake, an item on the street and in everybody's mouth is not found in the next issue of the paper.—Kendrick Advocate.

C. W. Hoyt, alias King "B," who we reported last week as being arrested for selling whisky to the Indians, was before Judge McConkey last Monday afternoon. After hearing all the testimony the judge placed him under bonds of \$500 to await trial before the U. S. supreme court, but being unable to get the required backing, Deputy U. S. Marshal Stranahan will leave to-day with the prisoner for Boise City.—Teller.

**TELEGRAPHIC NEWS.**

**COLEMAN, June 27.**—In the case of the state vs. A. T. Manning, Wm. Sargent and John Thiriot, rested on a charge of attempting to murder Hon. Geo. Cooney at Oakesdale three months ago, the jury this evening returned a verdict of guilty as charged in the indictment, after being out two hours. The defense immediately entered a motion for a new trial. The verdict gives general satisfaction.

**WASHINGTON, June 28.**—Attorney General Miller has given an opinion that all claims for horses and other property lost in suppressing Indian hostilities in Oregon and Washington in 1856-6 fled since June 30, 1874, are barred under the provisions of the act of March 3, 1883. One billion two hundred and eighty-four million seven hundred and six thousand have been paid to survivors of the war of 1812, the Mexican war and the war of the revolution.

In the Justice Court, Genesee Precinct, County of Latah, State of Idaho, C. F. Burr, Justice.

Frank Brothers Implement Company, a corporation, plaintiffs,

vs.  
J. C. Martin, defendant.

The people of the State of Idaho send greeting to J. C. Martin, defendant.

You are required to appear in an action brought against you by the above named plaintiffs in the justice court of Genesee Precinct, County of Latah, State of Idaho and to answer before the justice at his office in said precinct, the complaint filed therein on or before July 1, 1891.

The said action is brought to recover the sum of one hundred and forty-one and 74/100 dollars, balance due on two certain promissory notes given to plaintiffs by defendant for \$75 each, dated April 23, 1891 and August 18, 1891.

And you are hereby notified that if you fail to so appear and answer said complaint as above required said plaintiff will take judgment against you for one hundred and forty-one and 74/100 dollars, together with costs of suit. Make legal service and due return hereto.

Given under my hand this 8th day of June, A. D. 1891. C. F. Burr, Justice of the Peace for said precinct.

THURSDAY, JULY 2, 1891.

The new liberty pole will (?) be raised to light.

The prospects for good prices this fall are all bright.

Company L. N. G., have received their guns, fifty in number, from the state.

The old side walk on Fir and Walnut streets has been repaired with a new 8-foot walk the past week.

Adam Koch, intends to open a stationery and cigar store in the postoffice building of the next week.

The Uniontown and Genesee nine played a game here last Sunday, the score 29 to 24 in favor of Genesee.

Read the new ads, this week, of M. J. Shields Company of Moscow, Idaho, and that of Menhard & Miller, jewelers, Spokane, Wash.

In order to see and take part in the Plug-uglies' parade on the 4th, Captain Manning wishes everyone interested to be in Genesee early next Saturday morning.

The regular monthly meeting of the county Alliance took place in Genesee yesterday and transacted their usual monthly business and elected officers for the ensuing term.

We have been informed that there will be several purses, for saddle-horses races here in Genesee next Saturday, so when you come to the celebration, bring along your fast saddle-horses.

Foreman Stein, of the N. P., is doing a large amount of work in the way of laying new ties and leveling the track. He says that there were 4,000 ties laid in the depot on Monday morning to be placed in position in this section of the road.

W. J. Herman has had men and teams at work this week excavating on the lot east of where his store now stands and on which he intends to move the wooden store-building which he has now dismantled, and then commence excavating on the corner lot for the foundation of a brick building.

We learn from private source, that Dave Mohler of Alpowaik creek, arrested for horse stealing, was on Tuesday of this week, bound over to the court in Lewiston in the sum of \$2,500, and not being able to procure the bonds was confined in jail at Lewiston to await the action of the grand jury.

The city marshal requests all the small boys—and big ones too, to do all their fire-cracker shooting on the south side of the railroad track, which is in attendance at the 4th of July celebration here next Saturday. We suggest that teams be hitched to the north side, thus preventing accidents from frightened horses.

The steamer Anna Faxon left Lewiston on Sunday last with a load of men, teams and the necessary tools for getting out the mine at the mouth of Billy creek on the Snake river. The men expected to start to work last Monday morning for the road for the new national bank building at Lewiston. The boat will go up and bring the rock to Lewiston as soon as a load is ready.

The Farmers' Alliance Stock company have let a contract, to parties in Spokane, to build a 45,000 bushel elevator on the lot bought for the purpose, west of the Genesee Roller mills, at this place. The contractor commenced work on the foundation this morning. A spur or side track has been surveyed and staked off which will be built in the near future, for the purpose of connecting the elevator with the main road.

Hill & Mastin, contractors of this city, have about completed a fine lay-out within the residence of C. E. Hibbs; they also have a contract to build a new stable for Horse Sampson on the lots between the N. P. R. and the residence of C. E. Hibbs; they intend to commence the erection of a fine residence for the same gentleman.

**Ruby Creek News.**  
RUBY CREEK, Idaho, July 1.—Things are looking up in good shape in camp. C. S. Johnson has struck ore in the Cup price. Peter Jackson and Ole Suel are working the Blue Bird and it is looking good. R. Miller & Co. are working their shaft on the Rein Deer. Development work is being pushed ahead on the Black Lead.

There has been a great many prospectors coming in during the past few weeks. All the camp lacks is a few men with capital to develop a few prospects, as we have an fine surface prospects as there is found anywhere.

We have been informed by reliable parties that they have had success from the Silver King mine that went all the way from \$75 to \$5,000 per ton, \$3,000 being the highest. They have several tons of the dump and are only down thirty-four feet.

Henry McCoy and Henry Abel, two of the owners of the Silver King mine, expect the end of the Black Lead mine, being on the same belt one that was tested from near the surface by crushing in a mortar and from which they panned out several ounces of native silver. The supposition now is that there is a rich vein of silver between Ruby creek and the Coeur d'Alene, that has never yet been prospected.

They have got the wagon road almost out from the end of the old road at Horse Meadows to the Coeur d'Alene, across the Black Lead. Parties from Kendrick and other places, who own property in that vicinity, have cut the road from the Silver King. The parties who started at the other end of the camp the road out is in good shape to Gunnison's camp, a distance of two miles, over which there is not a decent track-trail, the property in this vicinity is owned by parties in Moscow. The people of Moscow, some of their wealth, we think it would be a grand scheme for them to spend a few dollars on the Ruby Creek road, to open up that great silver company that have got so much money to blow in our mining property. Get in Moscow, more workers less talk.

**LOCAL BREVITIES.**

Frank Robinson, formerly of Lewiston, was accepted a position in the California Exchange here as chief dealer.

H. Sprague, the founder of Sprague, Wash., was a guest at the Latah hotel the fore part of the week.

Miss Lilly Clemens, of Anatone, Wash., was the first to open the state normal school at Cheney, for the past three months, stopped in Genesee to visit relatives and friends while on her way home the fore part of the week.

J. W. King, of Astoria, Wash., was a guest at the Owen house Tuesday last. He reports that the crop prospect was never better in his county than it is this spring.

H. J. Bundy, Will Giles, Peter Hagen and Joe Richards, of this city, all of mixed drink a specialty.

E. J. Marvin is the place to have your boots and shoes mended. You will find him opposite the City-Meat market. 4-4f

J. H. Catter and A. I. Lancaster cigars at the California Exchange.

Stevens & Robinson of the California Exchange have the only billiard tables in the city, and the only one in the city, drop in to the California Exchange.

For white goods, lace, embroideries, silks, satins and any thing you want in the ladies' furnishing goods and dry goods, can be found at Vollmer's store.

A fine line of ladies' gents' and children's shoes just received from the east, sold very cheap for cash at T. Jacobson.

A good hotel with good location to trade for ranch or sell on east terms. Address the Recorder.

Robinson & Stevens of the California Exchange handle nothing but first-class goods in their line.

Nelson & Stelts have the best screen in the city, and the only one in the city, drop in to the California Exchange.

Attention, farmers and header men! Krugger & Scroggin can give you the full line of extras for the Randolph header. Call and see them for your repairs, all orders given them will receive prompt attention.

Fred Ails, of Moscow, now carries a \$10,000 stock of liquors of all kinds which he sells at wholesale or retail. Nothing but the choicest of goods goes over the bar. Go and convince yourself of the fact. Billings and Scroggin in connection. Mr. Ails is agent for the celebrated Export Pat. Milwaukee beer. The pleasant resort of the county seat.

Amendment Section 3, Ordinance 13.

At a regular meeting of the town board of the following and in accordance with the provisions of said section 3, of ordinance No. 13, was adopted, viz:

"That all sidewalks which are, or hereafter may be built on Laurel and Fir streets between Walnut and Chestnut streets, shall be eight feet in width and be constructed of two inch plank laid on 2x4 inch stringers and provided stringers to be laid on foundations of stone or wood not more than four feet apart.

See the ordinance approved this 15th day of June, A. D. 1891.

Signed: R. PUCKENBERG, Chairman.  
R. PUCKENBERG, Clerk.

Ordinance No. 28.

An ordinance providing for the building of a sidewalk on the south side of Walnut street and west side of Laurel street. The town of Genesee does ordain as follows:

Section 1. That a sidewalk in conformity with law and ordinance, on the south side of Walnut street in town fronting lots one and two, in block 10, and on the west side of Laurel street along the east side of lot one in block 10, in the original plat of said town, to be built and same is hereby ordered to be built at the expense of the property liable to contribute therefor.

Sec. 2. It shall be the duty of the street commissioner of said town to build said sidewalk as provided for in section 1 of ordinance No. 28, relating thereto.

Sec. 3. For the purpose contemplated by this ordinance an assessment district is hereby established as follows, viz: Extending along said Walnut street on the south side thereof including and comprising all lots fronting on said street, and all sidewalk, viz: Lots one and two in block 10, original plat of Genesee, which shall be assessed as follows:—The cost and expenses of building such sidewalks shall be levied upon said lots as provided for in section three of ordinance No. 28, relating thereto, and providing further that said sidewalks shall be built within thirty days from the passage of this ordinance.

Sec. 4. The same shall take effect and be in force from and immediately after its passage and approval.

Passed and approved this 15th day of June, A. D. 1891.

Signed: D. SHUBERT, Chairman.  
R. PUCKENBERG, Clerk.

The finest display of fireworks in the country is at Christopher & Co's drug store.

THURSDAY, JULY 9, 1891.

A terrible storm of hail, thunder and rain passed over a large part of Germany, on the night of July 1, causing immense damage to property and loss of life. Every hour is adding to the story of disaster and but few places in the path of the storm seem to have escaped.

Geo. H. Roberts secretary of the state board of land commissioners, writes to S. W. Bingham, of Kendrick, in regard to the settlement of school land in Idaho, thus: "The state school lands are not yet subject to settlement. They cannot be sold or leased until they have been appraised. At present it cannot be told when they will be. No person has a legal right to settle on the state lands except upon authority of a contract of sale, or lease given pursuant to law, and any one making a settlement otherwise is a trespasser against the state."

State Lecturer Prather, of the Kansas Farmers' alliance, has addressed a communication to district alliances setting forth the plan of organization in compliance with instructions formulated at the Washington meeting last February. It is important as showing that the system of co-operation is to heretofore form the sub-structure of the alliance movement. On this point the address says: "We have been working on the competitive plan until we are nearly a nation of wealth producing paupers. Other states have been working on the co-operative plan and are wealthy. Show the difference to our people. We are masters of the situation, not only politically but from a business standpoint, both in buying and selling. If we will only learn the lesson of co-operation. Present an unbroken front and march to victory. Then millions of wage slaves will soon be emancipated, and happiness and prosperity be our reward. The laborer is worthy of his hire, and by the eternal he shall have it."

To Investigate Dry Lake.  
A San Francisco date of July 2 says the Southern Pacific company have sent out from Yuma, an engineering party to investigate the appearance of the large body of water in "dry lake," southwest of Salt Lake. The latest information from Yuma is that the waters have not only flooded along the old channel into what is called the "sink," but have broken out a little north of the point where they usually overflow, that is, nearer to Yuma. Every year there is a flow of water in the "sink," which travels along the old channel and then gradually evaporates and subsides as the year progresses and the waters of the Colorado river fall. The San Diego and Yuma stage line has a bridge over the old channel, and ten months in the year no one would know such a bridge had been built. There is also a ferry there which has been used during the annual flood. North of the sink and southwest of Salt Lake, there is on the same map of the state a long bean-shaped track marked "old dry lake." Between it and the sink is, however, a high ridge of clay in "old dry lake." There is now water covering an area of thirty miles long and twelve wide. It is only twenty-one inches deep, however, and when the ground is dry it is thirteen and one-half feet below the level of the tracks. The theory of the Southern Pacific engineers is that the water from the sink has percolated and so has filled the clay ridge and so has filled the "old dry lake." There is no water whatever by the officials of the water ever reaching the tracks, because the evaporation is very great, especially under the intense heat now prevailing in the desert. The stream running into the "old dry lake" is at the rate of four and a half miles per hour, and it is to determine the source of this stream that the engineering party have gone. Out of the sink the tracks have additional natural protection of one of the highest sand mounds in the United States, extending almost parallel to the tracks for many miles.

Later advices from Salt Lake say that a strong wind from the west set in at 4 o'clock this afternoon and at 5 o'clock it had backed the water south into the depth at the present point. The water receded and the water returned from the north shore 1,200 feet.

GENESEES CELEBRATION  
As Seen by Visitors to This City on Saturday.  
GENESEEE, July 6, 1891.  
ED. RECORDER: By request I will give you my ideas on the merits of the first 4th of July celebration at Genesee, and here permit me to state, that I enjoyed a very similar occasion at the old fort in this valley twelve years ago, the gathering then was not so large, but the same happy friendly and peaceable enjoyment characterized that first celebration as did this, and old Judge Warner rendered the oration, and it strikes me that a great similarity existed between the orator of that day and the one of this. One thing that I noticed is, that the same persons that employed their limited means, skill and muscle to gather the people together in honor of the nation's day in that early day of our settlement, are still found lending aid and assistance in making a happy, harmonious and beautiful national holiday now. Lucky indeed is the country, village or city that can boast of such men; generous, public spirited, self-sacrificing, love-workers, who are the means by which society is held together, reforms advanced and moral courage and patriotism is exemplified, and they surely merit a better reward than they usually receive.

The preparation for the celebration of yesterday was a thing that has always been met with, among the inhabitants of Genesee, consisting of artistic skill, convenience and beauty, coupled with economy. Genesee believes in simplicity, industry and economy and tries to exemplify true principles of equality and justice. Genesee invited its supporters to celebrate, for the purpose of having a good time, and to shake friendly hands with all its patrons. It collected its money and made the preparations according to its means, and done it judiciously, not elaborately. It had no corrupt games, by which to catch hard earned pennies, but had its own called 4th of July prizes, but it had some of the most enjoyable contests for prizes and paid them over to those who won them.

I have seen many processions, but a man could hardly believe that a little country town, at its first effort, could give such a fine display. The procession was headed by the mayor and speaker, in a carriage, then the Genesee Cornet band, followed by the beautiful liberty car, drawn by four span of the finest steeds—the neck horses gray and the off bay. On each side of the carriage were men in military dress, for the safety of that precious and beautiful band, representing forty-four states by forty-four beautiful little girls and one Columbian, standing upright by the states over which she flaunted their lovely folds of that peace, liberty and patriotism-inspiring banner. Beside this group of liberty stood the queen of the mountain—Idaho. A finer pair of living representatives of womanly form and stately bearing, healthful complexion, love-lit eyes and womanly beauty cannot be found in the forty-four states, that was represented by this car the jewels of our lives, may God make them as good as they are beautiful. Next in the column the eye and ear meets an old soldier and his three sons, as the Summit Drum corps. I must say that martial music is as much appreciated on

the 4th as a fire-cracker, and though both may be of inferior quality, there is no 4th of July complete without them; the old patriotism was so well displayed in this little drum band, by the precise time they beat and the neat and simple manner in which the band was decorated that it improved the beauty of the procession to almost make up for the lack in musical skill. Next to the drummers was an almost endless line of carriages, hacks and mounted men, followed by the Genesee Horribles, commanded by the Genesee giant, "Jumbo." The horribles represented all the business houses of Genesee in the most comical manner imaginable, and some were funny enough to make a man burst his sides with laughter.

The procession marched through the principal streets and the column then headed for the Platt & Harris warehouse, where all were comfortably seated. In the center of the house was a stage erected for the speaker and raised so that all could see the speaker; in front of the stage and a little lower was a stage for the band; in front of the band on the floor were the drum corps seat, and farther to the front and facing the stage were the forty-four and queen. The house was tastefully decorated with evergreens, bunting, tissue-paper and flags. The glass club was not very well represented, but consisted of some of the richest voices, and most skilled singers, thoroughly drilled in their eastern homes, and I am sorry to say, that we lost the richness and beauty of our national songs, through the forgetfulness of the committee on music to place an organ on the stand, thereby depriving the singers of the proper support. The mayor then opened the exercises by announcing the promise, then a prayer by Rev. E. L. Smith, song, America, reading Declaration of Independence by Bert Winslow, music, etc., oration by Judge Buck. After dinner we had several amusing contests for prizes by the children and some of them were participated in by the older ones, who were virtually beaten by the little boys.

The day was finished by watching the best fireworks I ever saw. Everyone was happy, no grumbling no accidents and no drunkenness. The youngsters danced in the afternoon and a general good-by rang from one to the other as they rolled swiftly homeward over the smooth and dustless road.

THURSDAY, JULY 9, 1891.

A terrible storm of hail, thunder and rain passed over a large part of Germany, on the night of July 1, causing immense damage to property and loss of life. Every hour is adding to the story of disaster and but few places in the path of the storm seem to have escaped.

Geo. H. Roberts secretary of the state board of land commissioners, writes to S. W. Bingham, of Kendrick, in regard to the settlement of school land in Idaho, thus: "The state school lands are not yet subject to settlement. They cannot be sold or leased until they have been appraised. At present it cannot be told when they will be. No person has a legal right to settle on the state lands except upon authority of a contract of sale, or lease given pursuant to law, and any one making a settlement otherwise is a trespasser against the state."

State Lecturer Prather, of the Kansas Farmers' alliance, has addressed a communication to district alliances setting forth the plan of organization in compliance with instructions formulated at the Washington meeting last February. It is important as showing that the system of co-operation is to heretofore form the sub-structure of the alliance movement. On this point the address says: "We have been working on the competitive plan until we are nearly a nation of wealth producing paupers. Other states have been working on the co-operative plan and are wealthy. Show the difference to our people. We are masters of the situation, not only politically but from a business standpoint, both in buying and selling. If we will only learn the lesson of co-operation. Present an unbroken front and march to victory. Then millions of wage slaves will soon be emancipated, and happiness and prosperity be our reward. The laborer is worthy of his hire, and by the eternal he shall have it."

To Investigate Dry Lake.  
A San Francisco date of July 2 says the Southern Pacific company have sent out from Yuma, an engineering party to investigate the appearance of the large body of water in "dry lake," southwest of Salt Lake. The latest information from Yuma is that the waters have not only flooded along the old channel into what is called the "sink," but have broken out a little north of the point where they usually overflow, that is, nearer to Yuma. Every year there is a flow of water in the "sink," which travels along the old channel and then gradually evaporates and subsides as the year progresses and the waters of the Colorado river fall. The San Diego and Yuma stage line has a bridge over the old channel, and ten months in the year no one would know such a bridge had been built. There is also a ferry there which has been used during the annual flood. North of the sink and southwest of Salt Lake, there is on the same map of the state a long bean-shaped track marked "old dry lake." Between it and the sink is, however, a high ridge of clay in "old dry lake." There is now water covering an area of thirty miles long and twelve wide. It is only twenty-one inches deep, however, and when the ground is dry it is thirteen and one-half feet below the level of the tracks. The theory of the Southern Pacific engineers is that the water from the sink has percolated and so has filled the clay ridge and so has filled the "old dry lake." There is no water whatever by the officials of the water ever reaching the tracks, because the evaporation is very great, especially under the intense heat now prevailing in the desert. The stream running into the "old dry lake" is at the rate of four and a half miles per hour, and it is to determine the source of this stream that the engineering party have gone. Out of the sink the tracks have additional natural protection of one of the highest sand mounds in the United States, extending almost parallel to the tracks for many miles.

Later advices from Salt Lake say that a strong wind from the west set in at 4 o'clock this afternoon and at 5 o'clock it had backed the water south into the depth at the present point. The water receded and the water returned from the north shore 1,200 feet.

GENESEES CELEBRATION  
As Seen by Visitors to This City on Saturday.  
GENESEEE, July 6, 1891.  
ED. RECORDER: By request I will give you my ideas on the merits of the first 4th of July celebration at Genesee, and here permit me to state, that I enjoyed a very similar occasion at the old fort in this valley twelve years ago, the gathering then was not so large, but the same happy friendly and peaceable enjoyment characterized that first celebration as did this, and old Judge Warner rendered the oration, and it strikes me that a great similarity existed between the orator of that day and the one of this. One thing that I noticed is, that the same persons that employed their limited means, skill and muscle to gather the people together in honor of the nation's day in that early day of our settlement, are still found lending aid and assistance in making a happy, harmonious and beautiful national holiday now. Lucky indeed is the country, village or city that can boast of such men; generous, public spirited, self-sacrificing, love-workers, who are the means by which society is held together, reforms advanced and moral courage and patriotism is exemplified, and they surely merit a better reward than they usually receive.

The preparation for the celebration of yesterday was a thing that has always been met with, among the inhabitants of Genesee, consisting of artistic skill, convenience and beauty, coupled with economy. Genesee believes in simplicity, industry and economy and tries to exemplify true principles of equality and justice. Genesee invited its supporters to celebrate, for the purpose of having a good time, and to shake friendly hands with all its patrons. It collected its money and made the preparations according to its means, and done it judiciously, not elaborately. It had no corrupt games, by which to catch hard earned pennies, but had its own called 4th of July prizes, but it had some of the most enjoyable contests for prizes and paid them over to those who won them.

I have seen many processions, but a man could hardly believe that a little country town, at its first effort, could give such a fine display. The procession was headed by the mayor and speaker, in a carriage, then the Genesee Cornet band, followed by the beautiful liberty car, drawn by four span of the finest steeds—the neck horses gray and the off bay. On each side of the carriage were men in military dress, for the safety of that precious and beautiful band, representing forty-four states by forty-four beautiful little girls and one Columbian, standing upright by the states over which she flaunted their lovely folds of that peace, liberty and patriotism-inspiring banner. Beside this group of liberty stood the queen of the mountain—Idaho. A finer pair of living representatives of womanly form and stately bearing, healthful complexion, love-lit eyes and womanly beauty cannot be found in the forty-four states, that was represented by this car the jewels of our lives, may God make them as good as they are beautiful. Next in the column the eye and ear meets an old soldier and his three sons, as the Summit Drum corps. I must say that martial music is as much appreciated on

the 4th as a fire-cracker, and though both may be of inferior quality, there is no 4th of July complete without them; the old patriotism was so well displayed in this little drum band, by the precise time they beat and the neat and simple manner in which the band was decorated that it improved the beauty of the procession to almost make up for the lack in musical skill. Next to the drummers was an almost endless line of carriages, hacks and mounted men, followed by the Genesee Horribles, commanded by the Genesee giant, "Jumbo." The horribles represented all the business houses of Genesee in the most comical manner imaginable, and some were funny enough to make a man burst his sides with laughter.

The procession marched through the principal streets and the column then headed for the Platt & Harris warehouse, where all were comfortably seated. In the center of the house was a stage erected for the speaker and raised so that all could see the speaker; in front of the stage and a little lower was a stage for the band; in front of the band on the floor were the drum corps seat, and farther to the front and facing the stage were the forty-four and queen. The house was tastefully decorated with evergreens, bunting, tissue-paper and flags. The glass club was not very well represented, but consisted of some of the richest voices, and most skilled singers, thoroughly drilled in their eastern homes, and I am sorry to say, that we lost the richness and beauty of our national songs, through the forgetfulness of the committee on music to place an organ on the stand, thereby depriving the singers of the proper support. The mayor then opened the exercises by announcing the promise, then a prayer by Rev. E. L. Smith, song, America, reading Declaration of Independence by Bert Winslow, music, etc., oration by Judge Buck. After dinner we had several amusing contests for prizes by the children and some of them were participated in by the older ones, who were virtually beaten by the little boys.

The day was finished by watching the best fireworks I ever saw. Everyone was happy, no grumbling no accidents and no drunkenness. The youngsters danced in the afternoon and a general good-by rang from one to the other as they rolled swiftly homeward over the smooth and dustless road.

### SOME NEW LIFE

In the Wholesale Trade in San Francisco.

A new hardware concern has just been started under the name of Miller, Sloss & Co. in San Francisco, and to a jobbing business only.

They have secured the four-story building, Nos. 12 and 14 of Pine street, formerly occupied by Messrs. C. Johnson & Co. The building has been completely fitted up for their business, having three hydraulic elevators to facilitate the handling of goods, two of which have just been constructed.

The firm was incorporated in California, and is composed of Charles E. Miller, President; John A. Scott, Second Vice-President; Joseph Sloss, Secretary and Treasurer; Charles E. Miller, First Vice-President; John A. Scott, Second Vice-President; Joseph Sloss, Secretary and Treasurer; Charles E. Miller, First Vice-President; John A. Scott, Second Vice-President; Joseph Sloss, Secretary and Treasurer.

It is proposed to carry a complete line of mining and heavy hardware, tools, mill and shaft supplies, engineers' and railroad supplies, iron and steel, and all other articles of the kind.

Every man who steals like a pickpocket, and every woman who steals like a cat, will find it profitable to do so.

James Robinson, the athletic trainer at Princeton College, Princeton, N. J., says: "I have found it imperative to have sure and simple remedies on hand in case of cuts, bruises, strains, sprains, colds, rheumatism, etc."

Julian Hawthorn has a valuable collection of relics, many of which have descended to him from his father.

For catarrhal and throat disorders "August Flower" has been found to be invariably relieved.

It is pointed out that the faster a man is the sooner age will overtake him.

### ON THE CATTLE RANGES.

WESTERN RANGES BEING DAMAGED BY INJUDICIOUS GRAZING.

A Problem of vast importance—How Buffaloes and Wild Cattle Preserved the Plains, and How Cattle Feeds Their Destruction—An Example.

"I have seen several statements in the newspapers, and have heard it mentioned with great approval by many people, that the buffalo is being exterminated."

C. M. POOR, Editor and Proprietor.

**TERMS OF SUBSCRIPTION,**  
One copy one year, \$2.00  
One copy six months, \$1.00

Reports from all parts of Ontario indicate that all grain and root crops will be above the average, and that they will be away below it.

The Montana state board of equalization has ordered that the county assessors shall include railroad mortgages in their tax levy. Railroad mortgages affected are the Northern Pacific, Great Northern, Montana Central, Montana Union, Oregon Short Line, Great Falls and Canada. A meeting of the board will be held at 200,000,000 to the taxable wealth of the state.

The greatest spring in the world says the Lewiston Teller, has been discovered at Riparian, Wash. Ninety thousand gallons of water every minute comes from somewhere away down under the earth and bursts clear and sparkling into the golden sun light. One hundred and twenty million six hundred gallons is the amount of the flow. No one can explain satisfactorily the origin of the spring. The most plausible theory is that the water comes underground from the Snake river.

A commission was issued last week to Mr. M. J. Shields of Lewiston, as district commissioner of the World's Columbian exposition for the counties of Nez Perce and Latah, State of Idaho. Mr. Shields has had large experience in this line, and had charge of the Nez Perce exhibit at the Spokane exposition last year. He will doubtless see that the two counties in his district make a fine showing at the World's Fair. The appointment of a commissioner for Shoshone and Kootenai counties will be made soon—Teller.

A special dispatch to the Spokane Chronicle dated Orem d'Alene City, Idaho, July 15 says: General Carlin, commanding the United States military forces at Ft. Sherman, has referred the facts in the Kootenai Indian trouble, as they have been presented to him, to the department headquarters at Vancouver, and expects that within a week he will be ordered to proceed to the scene of the disturbance, and make an investigation. The circumstances as far as can be learned are these: For some time past white men have been settling on lands near Bonner's Ferry, held by the Kootenai Indians. The Indians objected, but no attention was paid to their remonstrances. At last the men began driving the white settlers off the land, and for so doing have been reported to the military authorities. It seems that no blood has yet been shed. General Carlin says he has no jurisdiction in the matter, as the Indians are not on any reservation.

**County Commissioner,**  
The county commissioners met Monday, July 13, in regular quarterly session, all members being present. The matter of offering a reward for the apprehension of Leo McCormack was brought up. Considerable discussion arose as to their power in such matter, and no law could be found authorizing them to appropriate money for such purpose, further action was indefinitely postponed. The treasurer and auditor ordered to make a correction in the appropriation fund, \$21.65 having been appropriated to the school fund which should have been credited to the state fund. W. B. Kyle was allowed quarter fees for quarter ending June 30 to the amount \$123.77. Seven dollars per month was allowed for the care of the care of Mrs. Ephram Gustafson during July, August and September, a like amount was ordered for the care of Peter Agrell.

John Paulson, Zach Guard and S. L. Campbell were appointed to locate a road in district No. 10, as petitioned for by Nelson McLaughlin, and Jesse Randall, A. B. Crawford and S. L. Campbell were appointed to locate the same duty in district No. 26, petitioned for by Elias Tuckey.

Retail liquor licenses were granted for the ensuing six months to Thompson & Barge, J. Niederstradt, J. F. Ails, Neiderstradt & Scholer, J. Kanaley, J. F. Ails & Co., M. Weber and Charles Jones, of Moscow, C. F. Hamilton & Co., of Kendrick, William Plummer, C. F. Hamlin & Co. and Lionel and Peterson, of Collier.

The semi-annual report of district road overseers were allowed as follows:  
No. 10—John E. Randall, \$23.00  
No. 22—A. J. Hooper, 42.00  
No. 9—Nels Madson, 45.00  
No. 28—Lewis John, 24.00  
No. 16—J. H. Horton, 30.00  
No. 5—J. H. Grant, 22.50  
No. 20—G. H. Bolhart, 36.00

No. 31—Commencing at northwest corner of 40, r 3, thence south on range line to southwest corner of sec 30, to 40, r 3, thence east three miles, thence south five miles, thence west on section line to its intersection west branch of Bear creek, thence down said creek to forks of Big Bear creek, thence up east branch of Bear creek to intersection with range line between ranges two and three, thence north on said line to northeast corner of 40, r 4, thence west to place of beginning.  
No. 24—Commencing at southwest corner of sec 14, to 40, r 5, thence south five miles, thence west one-half mile, thence south one mile to corporation line of the town of Moscow, thence east on said corporation line to northeast corner of said corporation, thence south on east side of said corporation to section line between sections eight and 17, to 39, r 5, thence east on section line to southeast corner of sec 10, to 39, r 4, thence north three miles, thence east two miles, thence north five miles, thence west six miles, thence south one mile, thence west four miles to place of beginning.  
A new road district was created, No. 25, bounded as follows: Commencing at northeast corner of sec 34, to 40, r 3, thence south five miles, thence west three miles, thence north one mile, thence north four miles, thence east five miles to place of beginning.  
Bonds were approved of O. W. Anderson of road district No. 1, John Morris, No. 11, and J. H. Buchanan, No. 21.

**A Legal Opinion.**  
The corporation counsel has very wisely concluded that the state must enforce its own laws and that the city has nothing to do with the enforcement of Sunday closing statutes. He has no objections, he says to having the state laws enforced, but he can find no warrant in law for the city undertaking to carry out state regulations.  
The position of Judge Houghton would seem to be founded on common sense as well as law, and even as a principle of equity would seem uncontrovertible. If the state has laws which are to be enforced let the state authorities enforce them. Certainly the city should not use its police force to enforce laws which it is the business of the sheriff and state courts to see carried out.  
The information that the chief of police has secured can be used before the proper tribunals, and if the saloons are to be closed on Sunday the sheriff and his deputies can close them as well as the chief and his subordinates. One thing is certain if, as the corporation counsel holds the city has no authority to enforce Sunday laws, its action in attempting to do so is illegal as is the breaking of the law by the saloonkeepers in keeping open, and two wrongs do not make a right. Let the authorities be the ones to carry out the laws, so that when prosecutions are begun there may be no fear about them, but that they may not be dismissed on a technicality for want of jurisdiction. Nothing injures the cause of justice as much as turning it into ridicule.—Spokane Spokesman.

**From the Rubies.**  
We learn from a reliable source, says the Moscow Mirror, that one is being hauled from the Rubies to Vollmer for shipment. The first car load will be forwarded in a short time. These shipments will soon prove the value of the mines and give the owners confidence.

**Accidental Deaths.**  
Yesterday we were surprised to learn of the accidental death of two of the pioneer farmers of this county, by being thrown from the vehicle on which they were riding at the time. Andrew Schulte on Saturday last latched two young horses to a sulky rake and mounted the seat and started for the field to work when the horses all at once became unmanageable and started to run when Mr. Schulte was thrown from his seat on the rake down between the horses, one of which kicked him and the rake passed over him, severely injuring him and from the effects of which he died on Monday morning. Mr. Ray Woodward an old and respected citizen of this county, who was one day last week (on week it happened) was thrown from his wagon and had one of his hips crushed by the wheels of the wagon passing over it; he also has died from the effects of his injuries. The above are the facts as reported to us.

**Quiet Wedding.**  
The residence of Geo. Vennigerholz, Moscow, was the scene of a very quiet wedding last Wednesday week. Mr. Richard Ruddy, one of our most substantial and respected citizens and also principal of our school for the past year, being the contracting party. The ceremony was performed by Rev. E. L. Smith, of Genesee. Only a few intimate friends were present. Mr. Ruddy is building a new house on his farm a mile south of Genesee and as permanent citizens, he and his estimable wife will be a great help in the life of the community. The Rev. extends his congratulations and best wishes.

**Business Locals.**  
Bedroom sets at Herman's.  
Cuban smokers cigars at Jackson's.  
25 styles rockers at Herman's.  
Cold Drop flour for sale only at T. Jacobson.

**Accidental Deaths.**  
Yesterday we were surprised to learn of the accidental death of two of the pioneer farmers of this county, by being thrown from the vehicle on which they were riding at the time. Andrew Schulte on Saturday last latched two young horses to a sulky rake and mounted the seat and started for the field to work when the horses all at once became unmanageable and started to run when Mr. Schulte was thrown from his seat on the rake down between the horses, one of which kicked him and the rake passed over him, severely injuring him and from the effects of which he died on Monday morning. Mr. Ray Woodward an old and respected citizen of this county, who was one day last week (on week it happened) was thrown from his wagon and had one of his hips crushed by the wheels of the wagon passing over it; he also has died from the effects of his injuries. The above are the facts as reported to us.

**Quiet Wedding.**  
The residence of Geo. Vennigerholz, Moscow, was the scene of a very quiet wedding last Wednesday week. Mr. Richard Ruddy, one of our most substantial and respected citizens and also principal of our school for the past year, being the contracting party. The ceremony was performed by Rev. E. L. Smith, of Genesee. Only a few intimate friends were present. Mr. Ruddy is building a new house on his farm a mile south of Genesee and as permanent citizens, he and his estimable wife will be a great help in the life of the community. The Rev. extends his congratulations and best wishes.

 THURSDAY, JULY 3, 1891.

Volume one number one of the New State News, a new six column paper, published at Johnson, Whitman county, Wash., and edited by D. M. Nulky, has made its way to our table.

Pullman, Whitman county, Wash. has been honored with the state military college, which was located at Latah, Spokane county, last year, but which is to be removed from Latah to Pullman where the fall term of school will be opened on October 1.

"It is a curious fact," said a well known divorce lawyer the other day, "that the 4th of July seems to have the effect of bringing on many divorce suits. For seven or eight years past I have noticed that after a very quiet June there is a rush of applications for divorce as soon as the 4th is over."—Ex.

The Walla Walla Journal of last week says that Dr. Cox, formerly of Genesee, assisted Dr. Blalock to remove a tumor weighing twenty-two pounds from Mrs. Cummings, an aunt of the Cummings brother of Uniontown, one day last week. It would seem from the above that Dr. Cox has located in Walla Walla.

The Canadian government has received information that owing to the bright crop outlook in Manitoba and the northwest, the Canadian Pacific has ordered fifty new locomotives and 1,500 box cars to transport this season's harvest to the seaboard. With this as a basis it is estimated that the yield will require ten trains daily for seven months to move the crop.

The N. P. surveyors who have been camped on the Potlatch since last fall were called in to Moscow last Friday, says the Potlatcher. It looks as though Jullietta will be the terminus of the road for a while at least. If the company intended to push the road to Lewiston this summer, they would have left them until the work was completed. But as it looks now Lewiston may not be reached by the N. P. until next summer.

Arthur Rainwater was in the city Wednesday, fresh from a trip to the Big Potlatch country. He was surprised to find such a magnificent country and thinks of moving his family up there. He thinks it is the finest country in the world, and as he is an old resident of this county, he knows a good country when he sees it. If it is better than Columbia county, it must be a paradise.—Dayton Chronicle.

There is every reason to believe that wheat will bring a good price this season, notwithstanding the low quotations in the New York and Chicago market reports. The present low figures published, are evidently the out-come of a combine of middlemen in the east who are scheming to make contracts for the season's crop at 80 and 85 cents per bushel. It is a well-known fact that there is no surplus wheat in the world's markets this year; and it is also well known that the wheat crop of Russia and England and other eastern countries for this season is far below the average. With these facts so apparent, we are convinced that those who hold their wheat and do not contract their crop at present figures, will be the gainer. Those who held it last season realized good prices, and their prospects are doubly good this season.

We understand, says the Lewiston Teller, that Captain Baughman will soon go to Huntington for the purpose of making a voyage from that place to Lewiston, by way of Snake river, with a steamer. The object of this trip is to make a careful investigation as regards the feasibility of running a boat from Lewiston to the Seven Devils mining

district, and to bring the vast amount of ore that is mined in that region down the river to this place. The Union Pacific system has, at the present time, a boat running from Huntington to the mines for the purpose of taking out the ore that way, and find it a hard task and almost wholly impracticable, but are of the opinion that the same scheme can be successfully operated by running to this place. The company has selected Capt. Baughman, who is an experienced riverman, to make the exploring trip, and if he thinks the idea worthy of trial, a boat will be put on the river and make one or two trips a week, and the ore probably taken to the Spokane smelter.

Some days ago in a drunken row between lumbermen and a gang of Italian railroad laborers, at Glonhazel, Pa., Horace Fisher, a lumberman, was stabbed and killed by Paolo Passuzzi, who escaped to the Italian camp, where he has since been protected. The Italians flung the flag of Italy to the breeze and defied the lumbermen to interfere with Passuzzi. The lumbermen are thoroughly aroused and threaten to kill every Italian in the neighborhood. They notified the Italians that unless Passuzzi was delivered to the jail for trial inside of five days they will come prepared to take him at the point of Winchester rifles. The Italians appealed to the Italian consul at Philadelphia, who has demanded protection for the Italian subjects. The district attorney replied, saying that the consul should advise them to deliver up the murderer. The consul has sent men here to investigate.

**Koch's Lympha a Success.**  
 The Spokane Chronicle says that John McCominsky who had been for some time past undergoing treatment at the Sacred Hart hospital for consumption was dismissed on July 4, on which day he went to his home in Wardner apparently a sound man.

It will be remembered that he was the first patient in Spokane to whom was administered Koch's lymph, and the result of this application was looked forward to by all with great interest.

No sooner had the lymph been applied than the patient began to feel its effects and to rapidly recover, and to-day he is able to go about in as good health as he ever had. As soon as it was made known that McCominsky was improving, several others suffering from consumption applied for treatment, among whom was Mrs. Benson of Sprague. Yesterday she went to her home having recovered her health from the use of the great German remedy.

Dr. Harvey, by whom the lymph was administered to McCominsky, was asked to-day by a reported if he had still confidence in the remedy. He replied: "I am satisfied in my mind as to its worth. McCominsky has gone home a sound man, and all the other patients to who the lymph is being administered are doing well. "I am confident as are the other doctors who have applied the lymph that it is going to be a great success."

**A WONDERFUL CURE.**  
 The Wardner News of July 11, says in this connection: John McCominsky who has been in Spokane for ten months returned to his home in this city on Tuesday. During the last three months of his stay at the hospital he was under the care of Dr. R. S. Harvey who daily administered to him the much-talked-of German remedy, known as the Koch lymph. The treatment has proved very effectual, and Mr. McCominsky, who had been pronounced by many eminent physicians as in an advanced stage of consumption, is now entirely recovered and is gaining strength every day. He will remain in Wardner.

**Ingersollian Solace.**  
 Col. Robert G. Ingersoll, the great agnostic, has written a letter to a mother who was inconsolable over the loss of her son. The following extracts show the beauty of his thoughts, the rare power he possesses in weaving his words into a lovely fabric, and the charitable, if not religious, trend of his mind;  
 \* \* "If there be a God let us believe that he is good; and if He is good the good have nothing to fear. I have been told that your son was kind and generous; that he was filled with charity and sympathy. Now we know in this world that like begets like, kindness produces kindness, and all good produces joy; belief is nothing—deeds are nothing; and if your son was kind, he will naturally find kindness wherever he may be. You would not inflict endless pain upon your worst enemy. Is God worse than you? You could not bear to see a viper suffer for ever. Is it possible that God will doom a kind and generous boy to everlasting pain? Nothing can be more monstrously absurd and cruel. The truth is that no human being knows anything of what is beyond the grave. If nothing is known, then it is not honest for any one to pretend that he does know. If nothing is known then we can hope only for good. If there be a God, your boy is no more in his power now than before his death—no more than you are at this moment. Why should we fear God more after death than before? Does the feeling of God toward his children change the moment they die? While alive they say God loves us. True love never changes. I beg of you to throw away all fear. Take counsel to your own heart. If God exists your own heart is the best revelation of him, and your heart could never send your boy to endless pain. After all no one knows. The minister knows nothing. All the churches in the world know no more on the subject than the ants on the ant hills. Creeds are good for nothing except to break the hearts of the loving. If we can get no comfort from what people know let us avoid being driven to despair by what they do not know. I wish I could say something that would put a star in your night of grief—a little flower in your lonely path—and if an unbeliever has such a wish, surely an infinitely good Being has never made a soul to be the food of pain through countless years."

**LOCAL BREVITIES.**

Everybody busy.  
Streets are beginning to get dusty.  
What do you know? Oh, nothing!  
New hay has made its way to town.  
The wheat fields are beginning to turn yellow.  
Special meeting of the city council last evening.  
Streets were crowded with teams and people all day Sunday.  
Hill & Mastin, have dissolved partnership by mutual consent.  
Catholic services in this city were well attended last Sunday.  
Harvest will be commenced in the Genesee valley in about two weeks.  
Several new business buildings are in course of construction in Genesee.  
Mark Mean's little baby was quite sick the fore part of the week, but is now convalescent.  
The population of Genesee precinct was 788 according to the census of 1890 and that of Latah county 9,173.  
Dr. M. B. Reese, of this city, will occupy the pulpit in the Congregational church next Sunday, morning and evening.  
Several of the base ball tossers of this place went to Colton last Sunday and crossed bats with the team of that place.  
The goods for the Genesee Mercantile company, not yet having arrived, the company's ad. will not appear until next week.  
W. H. Thomas, the enterprising proprietor of the Genesee Roller mills, is anticipating the erection of an addition to his mill.  
Fred Moore has been limping around the past week with a lame, suffering from a sore foot, caused by the straining of the cords in the upper part of the foot.  
Several freight teams were loaded the past week with freight from the store of J. P. Vollmer & Co., of this place, for towns in the surrounding country.  
Prairie chickens are reported to be thick in this neighborhood now, and several of the town sports have been out with their guns and with very good success.  
The bank building of H. S. Tucker is nearing completion. The brickmasons having completed their work of laying the brick, and the carpenters are now busy putting on the finishing touches.  
A Mr. Green, brother-in-law of C. Nelson, has been busy the past week fitting up the rooms under the Elliott hall, preparatory to opening a bakery and restaurant. He expects to be ready to advertise next week.  
W. P. Hallday and a Mr. Warren have discovered another ledge resembling the Ruby formation about twenty miles north of the Ruby Creek, says the error, which promises to be very rich. One cropping was found containing a piece of native silver as large as a pea.  
The extreme hot weather of the past days has been a benefit to the country, rather than otherwise, as it was thought by some that the grain would ripen too fast, causing it to shrink, but as yet there has been no damage done to the growing crops from this source.  
R. Jackson, as will be seen by the change in his ad., has moved to his new quarters on Walnut street. He intends to open up his new quarters on Saturday evening and offers everybody a free drink of beer or cigar that calls. He has purchased a new pool table and expects to have it ready for the use of the lovers of that game by the first of next week.  
Mr. Nelson Roberts, an old and respected citizen of American ridge, passed from life Thursday morning, July 23, at 9 o'clock. He was aged 63 years 5 months and 10 days. The funeral took place from Bethel church at 1 o'clock last Saturday. Mr. Roberts died as he had lived, a true Christian, loved and respected by all who knew him. He leaves a wife and four children to mourn his decease.  
The county commissioners before adjourning last week ordered the clerk to notify all road overseers in the county to be present at an adjourned meeting on August 1st with a list and description of all roads in their districts which have become highways under the provisions of section 885 of the revised statutes, which provided that after being traveled for five years all roads become highways.  
A bridge is badly needed over the creek just south of town and near the county line. The road has been worked and made a good road, with the exception of the bridge, and the county commissioners will, we are told, pay for the lumber in the bridge as soon as it is accepted; now let the citizens of Genesee get in and build a good bridge across this stream. There is nearly money enough subscribed to build the bridge; come start the ball rolling, and open this road.  
Company L, last Saturday held the first of a series of target practices here. The shooting was done off-hand at a target 400 feet at a distance of 100 yards; each member had five shots at the board or target and Dr. J. L. Hayes was the lucky soldier, making the best average shots. While others did not hit the board, and it is asserted that one or two did not hit the bill beyond the target. T. E., you should not let the "buck ague" get the best of you on such occasions. The second shoot takes place next Saturday.  
**PERSONALS.**  
R. Pickering, city clerk, paid the county seat a short visit Tuesday.  
Ben Patterson and "Peg" Pearson of Asotin county, Wash., have been in town the past week with a lot of horses which they were offering for sale. They report everything in their county moving along smoothly.  
The Misses Anna and Mary Clark, of Lewiston, have been visiting their sister, Mrs. Means, the past week.

P. M. Davis, of Lewiston, was in town yesterday afternoon on business.  
J. P. Vollmer, of Lewiston, was in Genesee Sunday looking after his interests here.  
Rev. E. L. Smith left on Monday last for Pataha City where he will be met by old class-mates, the Revs. Davis, Penrose, Baird and Hooker, all of whom have congregations in either North Idaho or Eastern Washington. Together they expect to take a vacation of two or three weeks fishing and hunting in the mountains in and around the Wallows lake in the northeastern part of Oregon. We wish Mr. Smith and comrades a happy time and safe return.  
Jos. Bell, for several years a resident of Lewiston, but now of Latah county, called at the Recorder office this week and instructed us to mail him the paper regularly.  
Conductor Johnson of the N. P. railroad has been on the sick list the past few days, suffering with an attack of rheumatism. He is, at this writing, improving and hopes to be able to resume his duties within a day or two.

**Destroyed by Fire.**  
About noon on Tuesday last the residence of Jerald Beuchler, an old bachelor living about five miles south of town, and contents of the building, including \$450 in cash, was destroyed by fire. Mr. Beuchler had been in Genesee the fore part of the day and as he was nearing home about half past 12 o'clock he noticed that his house was on fire and hurried to the spot, but not in time to save anything. There was no one at home and he is unable to account for the origin of the fire. His loss is estimated at something over \$1,000. The above was related to us by a gentleman in from that part of the country and was unable to give further particulars.

**Why not Build?**  
Genesee is in need of several more residence buildings for the purpose of renting. There is hardly a week passes but that some one calls at this office and inquires, "if we know who has a house for rent." The fact is that there is not a suitable residence or business house in Genesee for rent and we are of the opinion that it would be a good investment or some of the parties, owners of lots, to build one or two houses each, for the purpose of renting at a reasonable rate, thereby offering encouragement to new-comers to locate. Who will be the first to build a house to rent? He can rent it as soon as completed.

**Sudden Death.**  
It becomes our painful duty this week to record the sudden demise of Mrs. Jos. Geiger, wife of our well-known brewer, man, on Tuesday morning of this week as was stated in our last week's issue. Mrs. Geiger was very sick, from the effects of a complicated child-birth, and who was supposed to be beginning in health each day up to the time of death. Tuesday morning she got up and set in a chair for a few minutes, feeling quite well, but getting tired laid down on the bed again. She commenced to grow weak from suffocation and died within fifteen minutes after regaining her bed. The funeral took place yesterday morning from the Lutheran church and was largely attended by relatives and friends.

**In Earnest.**  
The city council of Genesee have for the past three or four months been talking over the subject of artesian well water for Genesee, by referring to the new ads. in this issue you will see a "notice to contractors," from the city council asking, or bids for boring a well on the lot next to Miller Brother's shop on Chestnut street, 50x75 feet, donated to the city of Genesee by Mr. L. Kram, one of the enterprising city dads, for that purpose. He benefits to be derived from this well are many, and the citizens should lend the council all the help it needs in this new and much-needed enterprise. The safe-guard against fire and the reduction in insurance rates will more than pay for the well. The council, as stated, have been figuring on a system of water works for some time and have now got one figured out, that will cost, according to their figures, not more than \$6,500, including the pipes for the main streets with fire-plugs on the corner of the streets and other necessary fixtures. These figures are simply estimated, from the cost of water pipes, as taken from catalogues of eastern manufacturers. Placing their estimate of the cost at \$2,000 too low, it will then be a cheap investment for the city. The benefits to be derived from a good system of water works are too numerous to mention, and it is our opinion that every property owner in Genesee will say to the council, go ahead with the inauguration of a good system of water works, let the cost be even double what you have placed it at, for then the benefit will be treble that amount to us.

**BUSINESS LOCALS.**  
Bedroom sets at Herman's.  
Cuban blossom cigars at Jackson's.  
20 styles rockers at Herman's.

Nelson & Steltz have the best screen doors in Genesee, and a new line of the latest patterns of wall paper, at price away down.

**Ordinance No. 29.**  
An ordinance providing for the building of a sidewalk on the north side of Chestnut street.  
The town of Genesee does ordain as follows:  
SECTION 1.—That a sidewalk in conformity with law and ordinance, on the north side of Chestnut street in said town fronting lots 7, 8, 9, 10, 11 and 12 in block 16, and lots 7, 8, 9, 10, 11 and 12 in block 13, and lots 7, 8, 9, 10, 11 and 12 in block 14, all in the West addition to the town of Genesee, be and the same is hereby ordered to be built at the expense of the property liable to contribute therefor.  
SEC 2.—It shall be the duty of the street commissioner of said town to build said sidewalk as provided for in section two of ordinance No. 13, relating thereto.  
SEC 3.—That for the purpose contained in this ordinance, an assessment district is hereby established as follows: Extending along said Chestnut street on the north side thereof, including and comprising all lots fronting or abutting on said street to the center line of the blocks on the north side thereof which are liable by law to contribute to the building of said sidewalk, viz: Lots 7, 8, 9, 10, 11 and 12 in block 16; lots 7, 8, 9, 10, 11 and 12 in block 13; lots 7, 8, 9, 10, 11 and 12 in block 14. All in the West addition to the town of Genesee, which shall be assessed at their real value and the cost and expenses of building such walks shall be levied upon said lots as provided in section three of ordinance No. 13 relating thereto, and providing further that said walks shall be built within thirty days from the passage and approval of this ordinance.  
SEC 4.—This ordinance shall take effect and be in force from and immediately after its passage and approval.  
Passed and approved this 22d day of July, 1891. D. SPURBECK, Chairman.  
R. PICKERING, Clerk.

**Notice to Contractors.**  
NOTICE is hereby given that sealed proposals will be received at the office of the town clerk of the town of Genesee Idaho, up to 12 o'clock in, of the 31st day of August, 1891. Said proposals to contain bids for the sinking of an artesian well, six inches in diameter, within the limits of the town of Genesee. Said proposals to state the price per foot for drilling and for rock. Said well to be drilled to such depth as may be satisfactory supply of water shall have been obtained. The board reserves the right to reject any or all bids. By order of the board.  
12-21 R. PICKERING, Clerk.

No man should deprive his wife and family of a good newspaper. They do not go out from home to learn the news as does the father, and the paper serves to relieve the otherwise lonely lives of his absence. It is the worst possible economy to deprive the family of a local paper.

If anyone thinks that Genesee is not a lively place and a good business point just let him watch our streets on any Saturday when the farmers are in doing their trading or upon a day when there is a public sale of stock. And while speaking of stock sales we wish to urge upon our citizens the great benefits that would accrue from establishing a regular market place and sale day, when and where those having stock or produce for sale or trade can meet those wishing to buy. Other towns have established these markets and found them to be a great convenience, and why should not Genesee? Who will be the first to move in the matter?

Probably the most remarkable case of tuberculosis of the liver on record or known to the medical fraternity has just been brought to light by Dr. A. J. Smith, says the Okadeade Sun. John Wilson, the 17-year-old girl whose death is elsewhere announced, had suffered from enlargement of the liver from the age of five until by its continued growth she could no longer live, passing away July 24. A post-mortem was held by Drs. A. J. Smith and F. Cogwell, and the liver was removed which when placed on the scales weighed 234 pounds. The largest tuberculous liver on record only weighed 140 pounds and this becomes a remarkable curiosity. Dr. Smith has preserved it in alcohol and will likely send it to New York.

The Alliance Railroad company, with headquarters at Pullman, has been incorporated with a capital stock of \$500,000. The incorporators are O. E. Young, W. F. Hickman, W. M. Kinnel, J. H. T. Smith, J. B. Wicks, H. Copley and J. J. Tompkins. The stock is divided into 20,000 shares of \$25 each. The object of the company is to construct, equip, maintain and operate a railroad and telegraph line from or near Pullman westerly to the head of Penawawa creek, and down that creek to Snake river. The purpose of the road will be to make a market for the grain and fruit raised in the fertile and productive sections traversed, the products being brought to Pullman, from where it can be shipped in every direction. Three local alliances are behind the project and without a doubt it will be carried through to success, and the thirty miles of railroad constructed, thereby opening up an avenue for the profitable sale of Snake river produce. The Pullman and Snake river road has long been needed, and those who put their money into the move must find it a paying investment.—Herald.

**A Sweeping Decision.**  
St. Paul, Minn., July 31.—A Pierre, S. D., specialist to the Pioneer Press, says: Considerable comment has been made by the decision of the United States court in regard to the status of children born of Indian women and white citizen husbands. The case was that of the United States vs. Ward on a charge of selling liquor to a half breed. The evidence was that the half breed in question had a negro father, who was a citizen, and an Indian mother. The decision of the court is that the children follow the status of their father and hence are citizens of the United States and amenable only to its laws. If the decision holds good it will affect the ownership of the greater part of the lands taken up in this country by the Indians and the same across the river from Pierre as it will affect all held by squaw men, their children or their wives.

**HORRORS OF THE GANGES.**  
Dardn's a great holiday at Calcutta on the last Sunday in May, a correspondent of the Times of India says: The road to each bathing ghāt on the Ganges was filled with a stream of natives in their gayest dress going on or returning from the bath, which is the first religious duty of the day. Men, women and children, horses and dogs were all in the water together, while on the banks were devotees engaged in prayer and other religious observances. A hundred yards above the bathers and at the edge of the stream was a group of six large vultures and two long-legged scavenger birds. The vultures were pulling at an object which appeared above the water, while the other birds looked on.

The object, on close examination, proved to be the body of a full grown man, who had very probably died of cholera on the same morning, and had been buried to the river with the company of the bathers. A hundred yards below the bathers, stranded some three feet from the water's edge, with its attendant party of vultures, which were just beginning to feed. Half way between the body and the bathers lay a partly buried man. It seems to be nobody's business to remove the drifting bodies from the neighborhood of bathing places; the vultures and the scavengers are supposed to do all that is necessary.

Bodies of persons who have died of cholera are also put into the river without burying, owing to a belief that the Ganges water may possibly revive them. Cholera is very prevalent at present, and as all the victims of this disease are put unburied into the river people seem to be doing all they can for the spread of the disease. A single cholera body, deposited by vultures at the edge of the river, and immediately above a large crowd of bathers, is likely to send cholera flying very freely among them. The bathers not only wash their mouths in the water, but drink, and in many cases carry it home for consumption. An article of water taken from among the bathers on this occasion might have revealed some startling truths regarding the sacred river, or, more properly speaking, sewer that runs by the most important towns of the northwest provinces.

In India the sacrificial character of a river does not resemble that of a river in regard to its use as a sewer and the Ganges is no exception. It is a few years the Ganges was crowned with a title, with all its honors and ceremonies. It is satisfactory to think that what the Ganges loses in sanctity will be more than compensated by what it will gain in cleanliness. Let us wish again that will accrue to the dead by being thrown into it, their numbers will be considerably diminished.

A few days ago the Denver Times addressed the following circular to the Reputable editors of Colorado: "Are you in favor of re-nominating President Harris? If not, why not? Who is your favorite candidate for president? A great many replies have been received to its favorite, which gave him 75 per cent. of the votes, 23 per cent. for Harrison and 2 per cent. scattering. From the letters it is seen that the opposition to Harris is on an account of his well-known anti-silver views."

**Not an Easy Task.**  
The temperance people are having anything but an easy task enforcing the Sunday law throughout the state, says the Rosalia Register. So far as heard from their efforts have proven futile. In Spokane the saloons are still kept wide open, and no one seems to desire to take the responsibility of trying to enforce the law. The cases that were tried in Walla Walla a few days since resulted in the jury hanging in the first instance and on the second trial the defendant was acquitted without even putting a witness on the stand. The following dispatch shows the status of affairs in this line in Tacoma: After two hours of argument Wm. C. Fink, charged with violating the Sunday closing law, went free from the grasp of the law to-day. Judge Parker, of the municipal court, having dismissed the case against him, though his freedom in that regard was short-lived, a warrant having been issued for his arrest within half a hour after he was discharged. The announcement that Judge Parker would make known his decision upon the motion to dismiss the case, drew out a large crowd. Among the spectators could be seen Wm. Patterson and Merritt and prominent liquor dealers and brewers. The legal fraternity was sparsely represented. Shortly after 2 o'clock Judge Parker started the reading of his decision and for nearly three-quarters of an hour a pin could be heard to drop in the court room. As was expected the case was dismissed, but the idea of being barred from further prosecution without the consent of the prosecuting attorney was not so generally looked for. The decision was mainly upon points of law.

**Lower Fruit Rates.**  
The Northern Pacific has made a new and lower rate on fruits from all interior points to Spokane, Portland and Seattle. The new rate is 50 cents per 100 pounds, and on car load or ton lots of freight, means a considerable reduction in favor of the fruit growers. It is claimed that this new schedule will give the people east of the mountains a slight advantage over the California producers. It will be beneficial if it places them on an exact equality, for the commercial relations existing between the east and west sides of the mountains should be cultivated in all legitimate ways.

The fruits of Walla Walla and Yakima are as good as those of California, at the same price, they should be bought in preference. The new rate just established by the Northern Pacific is a practical step in the right direction and its tendency of the best. It would enable the grower to pay less money to the fruit growers of California and more to those of our own state.—Seattle Press-Times.

**LOCAL BREVITIES.**  
Send us the news.  
Take the Recorder.  
Wool wanted on subscription at this office.  
The Vollmer Velleto office is now in the hands of the sheriff.  
Crocket is again the rage on the ground lack of Doctor Hayes office.  
Fifty-five hundred Italians sailed from Genoa for America last week.  
Don't fail to call on Jos. N. Hasdinger before harvest and have your picture taken.  
Don't fail to read the new ad. in this issue of Cunn & Nelson, contractors and builders.  
We are told that Frank Greiner is the happy father of a brand new boy. Born on Friday last.  
The frame work on Mr. Nelson's new residence is making progress toward completion this week.  
The Wiswell divorce case was decided by Judge Piper on the 30th ult. in favor of the plaintiff, E. R. Wiswell.  
B. Jackson has got his new saloon on Walnut street fitted up in a very neat and tasteful manner, and is again in running order.  
The business houses of Rosalia were closed last Sunday, according to the law passed by the legislature of Washington.  
Regular services will be held at the Congregational church next Sunday morning and evening by Rev. T. W. Walters.  
Messrs. Jas. Cunn and O. Nelson have been busy since Tuesday erecting a new residence for H. Rudy, about two miles south of town.  
There will become large yields of wheat, barley, oats and other grain in the Genesee valley this harvest, and we invite the farmers to send us particulars for publication.  
We are told that the N. P. Elevator Co. of this place have engaged several thousand bushels of wheat, to be delivered at their warehouse here, for 60 cents per bushel, clear.  
Harace Sampson has, we are told, contracted his crop of wheat at 75 cents per bushel, to be delivered at Genesee. He expects to commence cutting and threshing this morning.  
Postmaster Burr informs us that the receipts of the Genesee postoffice for the past month was for stamps and stamped envelopes \$116. He is a land showing for Genesee's postoffice.  
The Farmers' alliance elevator at this place is fast nearing completion. It makes its first appearance and when completed it will add greatly to the improved looks of the western part of town.  
The Genesee Merchants' Company's complete stock of goods not yet having arrived and they not believing in halfhearted things are compelled to put off their display ad. another week.  
Carpenters have nearly completed their work on Horace Sampson's new barn across the railroad track, with an exception it adds greatly to the improved looks of the southern part of town.  
The first division of interest on the school fund was made by the state officials at Boise during the latter part of last month. The sum amounted to about \$1,900, which Latah county gets \$228.39.  
Genesee is in need of some one to do laundry work. At present there is no one here but a Chinaman and he does not attend to his work. Any person male or female, can do well by starting in and doing a general laundry business here.  
John Harris, familiarly known as "Grandpa" Harris, has been very sick the past few days, with an attack of cholera morbus, but is at the present writing, fast improving and hopes to be out on the streets within a few days.  
The name of the California Exchange saloon has been changed to that of the N. P. Exchange. Frank Robinson, a brother of the proprietor, William, is now operating there as chief bartender. The saloon will be ready at all times to attend to your wants in a gentlemanly manner.  
Yesterday afternoon and last night was rather cold and considerable rain fell during the afternoon. Those we asked said that they did not think that there would be any danger done to the hay that was down, but if any wind more than be signalled by the benefit to the standing grain.  
T. A. Perrot, recently foreman of the construction of the Farmers' alliance elevator and warehouse at this place, left on Monday morning for Idaho, where he goes to take charge of the construction of an 80,000 bushel elevator for the alliance of that county. D. E. Williamson will fill his position as foreman of the construction here, and is getting along in first-class style. He expects to have the elevator ready to receive grain by the first of next month.  
W. H. Robinson, of the N. P. Exchange has, the past week, gone to the expense of erecting a street lamp on the corner of the street next to his place of business, which gives that part of town a civilized appearance. A stock of dry goods, boots, shoes and men's furnishings goods are daily expected.  
We will give you first-class accommodations at the Valley House. Lewiston and Moscow stage headquarters. F. P. Ziegler, Jullietta, Idaho.  
FOR SALE.—Three horses, top buggy and a set of double harness, good as new. The above will be sold cheap for cash or approved security. Call at this office for further particulars. 12-54

**CITY COUNCIL.**  
The city council met in regular session at the office of B. Pickering, on Monday evening Aug. 3, and called to order by the mayor D. Spurbeck. Present, Krum, Thomas and Herman, Councilman Geiger absent. Minutes of the last regular and adjourned meetings read and approved.  
The bill of Nelson & Steltz, having been referred to the finance committee was upon motion allowed and a warrant ordered drawn for the amount—\$60.  
The committee on the 4th of July expenses asked for an extension of time and on motion the same was granted.  
The following bills were read: James Holson, services as city assessor, \$57.50; Jos. H. Pierce, work on street, \$41.54; Nelson & Steltz, number for sidewalk, \$41.54, and upon motion the same were referred to the finance committee.  
On motion it was decided that the proposed engrossed ordinance on drayage license include car load lots.  
Engrossed ordinance No. 30 was placed upon the second reading.  
The committee of the whole appointed to select a site for the artesian well, reported that they had selected the north half of lot 9, block 20, original plat of Genesee. The same having been donated to the City of Genesee by L. K. Krum, and upon motion the report of the committee was read and the committee discharged.  
Upon motion an ordinance was ordered drawn providing stock from running at large in the incorporate limits of Genesee.  
Meeting adjourned to meet next Saturday evening Aug. 8.

**Target Shoot.**  
Company L, I. N. G., had their second target practice last Saturday, ranging 100 yards. Five shots were taken, with the following result: Private Hanson, 21; Private E. Steltz, 21; Sergeant Hayes, 20; Sergeant Kennedy, 18; Private Hollister, 17; Corporal Bell, 16; Private Miller, 13.  
On Sunday, Aug. 5, the following scores were made, the target at the same distance: Private Gray, 18; Sergeant Hough, 16; Lieutenant Craig, 15; Private Knudsen, 15; Sergeant Krum, 14; Sergeant Pickers, 14; Private Nelson, 13; Private Hollister, 13.  
**Damage to Growing Crops.**  
A Minneapolis date of the 4th inst., says: "Specialists received from North Dakota, Minnesota says that much damage was done to growing crops by the recent hail storms. Wheat in a portion of Minnesota was entirely destroyed. Near Devils lake, N. D., in one place there is 2,000 acres of wheat ruined."

**Card of Thanks.**  
To all those who so kindly volunteered their assistance at the bedside of my wife and also at her funeral. I take this method of expressing my heartfelt thanks.  
Jos. Geiger.  
**BUSINESS LOCALS.**

Saloonkeepers Refuse to Pay High License. MORMON ELDERS AT POMONA. One of the Longest and Most Costly Steel Bridges Being Erected at Vancouver.

Second Comptroller Gilman has approved the report of the Western Union Telegraph Company, amounting to \$1,000, for telegraph service for the United States signal bureau at the rate established by the Postmaster-General.

Princess and Princess Blanche have left Friedrichsruhe for Schonhausen. Secretary Foster grows so enthusiastic about his good baseball play that he throws up his hat like any boy.

A water famine exists on the hills within the city limits of Los Angeles. The Sacramento Typographical Union is preparing to strike for a 10 percent advance in wages.

Chicago will erect a twenty-five-story building. Denver capitalists have secured the practical mines in Colorado.

The Imperial Bank of Melbourne has failed. Emperor William will return to Berlin on August 15.

The Board of Trustees of the Willamette University at Salem has elected Rev. George Whittaker of Marsfield, Oregon, as its president.

Belgium has joined the triple alliance. Rains in Northwest India are partially averting the famine that was feared.

The World's Fair Commissioners are meeting with splendid welcome in London. Sir Curmeil Owen, who has represented England at the Paris Exposition, is in the city to see the preparations for the celebration.

The Oregon and California Railroad Company has commenced with the construction of a steel bridge in the country now being erected by the Union Pacific across the Columbia river at Vancouver.

The Ottoman Empire has become alarmed by the vast increase recently of applications for naturalization.

The striking mill weavers at Dobson's mills in Philadelphia after ten weeks of idleness have agreed to return to work on the 15th of August.

Two Mormon Elders are proselyting in the city of St. Louis, Mo. The Oregon and California Railroad Company has commenced with the construction of a steel bridge in the country now being erected by the Union Pacific across the Columbia river at Vancouver.

The Ottoman Empire has become alarmed by the vast increase recently of applications for naturalization.

The striking mill weavers at Dobson's mills in Philadelphia after ten weeks of idleness have agreed to return to work on the 15th of August.

The striking mill weavers at Dobson's mills in Philadelphia after ten weeks of idleness have agreed to return to work on the 15th of August.

When Washington laughed. It has been observed that Washington seldom smiled and never laughed. This, however, is not correct. One instance is mentioned by a gentleman who has known him for his veracity, with a degree of sang froid. At the time the troops were engaged at Cambridge, information was received at headquarters that the English were about leaving Boston to give them battle. All was bustle and confusion. The officers were all in a hurry to get ready for the approaching encounter. Some of the general's aides were called to his quarters to see him. He was sitting at his desk, and he asked them to bring him a glass of water. One of the aides brought him a glass of water. He drank it and then he said: "I am not a soldier, but I am a man of letters. I am a man of letters."

Women Make Good Swimmers. The records of the humane societies on both sides of the Atlantic show that of late years a far proportion of their medical cases have been women. Several notable instances of rescue from drowning last summer by accomplished swimmers. This is but natural. As their bones are generally lighter, and they have less difficulty to overcome in acquiring the art. Some of them could float at their feet in the most dangerous water. It is not that they are naturally good swimmers, but that they are naturally good swimmers. It is not that they are naturally good swimmers, but that they are naturally good swimmers.

Changes of Climate. All men who have been to the West know that the climate of the Pacific coast is very different from that of the Atlantic coast. It is not that the climate is different, but that it is different. It is not that the climate is different, but that it is different. It is not that the climate is different, but that it is different.

Customs of English Sportsmen. When a London man is asked down to join a shooting party, he would not take a horse to him. He would take a horse to him. He would take a horse to him. He would take a horse to him. He would take a horse to him. He would take a horse to him.

Business Short-hand. A shorthand system is a very useful one. It is not that it is useful, but that it is useful. It is not that it is useful, but that it is useful. It is not that it is useful, but that it is useful.

FOR MEN ONLY. Faber's Golden Female Pills. The female system is a very delicate one. It is not that it is delicate, but that it is delicate. It is not that it is delicate, but that it is delicate. It is not that it is delicate, but that it is delicate.

ST. HELEN'S HALL. The hall is a very beautiful one. It is not that it is beautiful, but that it is beautiful. It is not that it is beautiful, but that it is beautiful. It is not that it is beautiful, but that it is beautiful.

Premier Bicycles. STROWBRIDGE-BODMAN CO. Fire Arms and Sporting Goods. Williams & Groat. Woodworking, Saw Mill, Flour Mill Machinery and Supplies.

FOOD AND DRINK. A Mixed Diet is Best for the Overworked. Another Man - Water During the Heated Season - Concerning "Appetizers" - Berries - Soup - Cold Meats.

While undeniably a mixed diet is the best for man, there is a mistaken notion, which prevails to a great extent, that a mixed diet is the best for man. It is not that a mixed diet is the best for man, but that it is the best for man. It is not that a mixed diet is the best for man, but that it is the best for man.

Women Make Good Swimmers. The records of the humane societies on both sides of the Atlantic show that of late years a far proportion of their medical cases have been women. Several notable instances of rescue from drowning last summer by accomplished swimmers.

Changes of Climate. All men who have been to the West know that the climate of the Pacific coast is very different from that of the Atlantic coast. It is not that the climate is different, but that it is different. It is not that the climate is different, but that it is different.

Business Short-hand. A shorthand system is a very useful one. It is not that it is useful, but that it is useful. It is not that it is useful, but that it is useful. It is not that it is useful, but that it is useful.

FOR MEN ONLY. Faber's Golden Female Pills. The female system is a very delicate one. It is not that it is delicate, but that it is delicate. It is not that it is delicate, but that it is delicate. It is not that it is delicate, but that it is delicate.

THURSDAY, AUG. 13, 1903.

Mrs. T. H. Goodman, wife of General Passenger Agent Goodman, of the Southern Pacific company, died at San Rafael, Cal., Aug. 8.

Prof. C. A. Forsman, editor of the Lewiston Teller, who has been visiting in Indiana for the past six or eight weeks, writes his paper that he was married to Miss Kate L. Kennedy, at Crawfordsville, on Wednesday, Aug. 6.

Attorney-General Jones, of Washington, has filed an opinion, in which he decides that the expenses of the militia in King county must be paid by the county, as they were never ordered into the service of the state, and acted simply as a sheriff's posse.

Councilman Bowles has introduced a unique temperance ordinance in the lower house of the council of Kansas City, Mo. The ordinance requires the purchase from the city of a license by all drinkers of intoxicating liquors, the license to vary in cost from \$20 to \$50, according to the expensiveness of the liquor which the purchaser drinks.

The boom near the Lindsay place, Lewiston, has been completed for the purpose of catching John Byrester's large drive. It comprises 25,000 feet of lumber timber for L. A. Porter, and 1,200 cords of wood for himself, which he will dispose of in Lewiston. This is the largest drive ever brought down the river and it will arrive in about three weeks.

Messrs. J. M. Harrington and A. B. Fort, of Hanford, Minn., whom we mentioned as going to work about having come here with a view of putting in a large mill at this place, have made up their minds that Lewiston is about the best opening in this part of the west, for a good large lumber business, and have already contracted for the site.

Every town has its "kickers." What and who are "kickers"? There are numerous kinds of them, some because they know no better, others because they are afraid of the truth. But the worst one is he who is always "kicking" against every attempt at the improvement of a young town or city, not taking into consideration the benefits to be derived by the town in the future.

Give the Kansas farmers two more crops as good as their present one and they will be out of debt," said Martin Mohler, of Topeka, secretary of the Kansas board of agriculture, to a reporter. "On the farms of Kansas are produced now growing worth \$90,000,000 over and above the amount the farmers require for their own use." Mohler

pleasant sensation increased from day to day, and this morning became almost unbearable. Accordingly a friend was called and a diagnosis made. Nothing wrong could be ascertained, but finally the friend determined to lance the spot and see if the seat of the trouble could not be found. After making one or two strokes with his lancet, what was his surprise to find the instrument arrested by what he knew was not the bone.

When a careful examination was again made he expressed his opinion that whatever it was was of a metallic nature. He soon proved his conjecture by extracting a few minutes later the broken blade of a small pen-knife. The patient then told the friend that several years before he had swallowed the knife blade while eating an apple with it, and showed him his name on the blade, where it had been eaten with acid some twelve years ago. It is certainly a remarkable case, and shows how long it takes to throw such things out of the system. The gentleman can never say that he has never had enough iron in his blood.—Woodland Democrat.

FROM ALL OVER. The second crop of strawberries are in market at Walla Walla and retail at 15 cents. Tacoma elevators are making extensive preparations for receiving the wheat crop of the inland empire.

The Fruit Growers' association of the Snake river country has shipped its first car load of fruit to Chicago. It is only a question of time when Idaho will be supplying the world with more gold than all the other states put together.

THURSDAY, AUG. 13, 1903.

Local Brevities. Send us the news. Haying nearly done. Hot weather has set in in earnest this week.

Regular meeting of Latah campment No. 5, to-night. The value of the Walla Walla wheat crop this year is placed at \$1,000,000.

Notice what E. D. Green has to say in another column. He seems to be the right man in the right place. A trough to drain off the water from the well on the corner of the street just north of this office is needed.

E. D. Wiggins and R. W. Arant, of Lewiston, shipped two car loads of horses from this place, on Monday last, for Indiana. Several more parties in town the past week looking for a horse to rent, but without success, as every residence building is now occupied.

Nagle & Bonberg, of the City Market, are now shipping their delivery wagon through this part of the county delivering meat to the farmers. Both side tracks are full of freight cars waiting to be loaded with the new grain.

W. W. Renfrew and Jas. Parks, of Colton, have gone on their annual bear hunt to the mountains. When they return Colton will be the place to learn how to kill bear.

W. E. Gage, manager of the N. P. elevator here, is authority for the statement that over 200 bushels of this year's wheat was received by him on Saturday at the elevator. The first of this year.

Lieutenant Winslow and Quartermaster Sargent Hunt have been busy this week being the clothing and paraphernalia for Company I. The soldiers are in good regulation and the boys are proud of them.

We are informed by Robt. Stein, foreman of this division of the N. P., that the Lewiston branch of the N. P. railroad will be turned over to the operating department on the 20th of this month, from Pullman to the reservation line.

The Genesee Roller Mills have again commenced grinding and the addition of the barley roller gives the boys a new busy. Mr. Thomas says that he ground one ton of barley in sixteen minutes with the new barley machine one day this week.

Secretary Rusk has appointed J. L. Naylor statistical correspondent of department of agriculture for Latah county. He has selected for his assistants John Jennings, Farmington, Wash.; T. B. Miller, Genesee, Idaho and M. C. Davis, Tully, Idaho.

Messrs. Clark & Nelson have contracted to build a fine two-story residence for Mr. D. Halley on his farm east of Genesee. They intend to commence work as soon as they complete the outfit of coopers now at work on the new house of R. Ruddy, which will be in about ten days.

Charley Bradish and Johnny Stanton of Genesee, have purchased the Moscow-Lewiston stage line from J. F. Deering and expect to take possession and commence operations on Saturday the 15th, with an entire new outfit of coaches. We wish the boys well in their enterprises.

Superintendent Dickerson, of Tacoma, and other officials of the N. P. were over the Lewiston branch from Pullman to the reservation line yesterday, inspecting the road, which is to be turned over to the operating department one week from today, and regular trains run thereafter.

Robert Stein says that the fall sown barley wheat of this place will yield anything of the kind in the state, for the size of the heads and number of kernels to the head. He says that himself and his neighbors, when the wheat was ripe, were making it quite sure, though not seriously hurt, is liable to be a cripple for a few days.

James M. Hall, of Jullietta, called on Monday and visited the Rev. Mr. G. M. Poore, Editor and Proprietor of this paper. He reports harvest just about commenced in his part of the county.

Prof. Ernest, formerly of the Village Academy, of Jullietta, who has been in Genesee, accompanied by his wife were visiting in Genesee on Saturday.

Mr. D. B. McClure, familiarly known as "Doc," one of Asotin county's prosperous stock men, paid us a pleasant call on Monday. He reports that his county has the highest crop this year that was ever raised there, and that everybody seemed to be in good spirits.

Mr. Dan Hatley, who lives in the eastern part of Lewiston, was in town on Saturday last buying material with which to stock his house for the winter, and a new residence on his farm.

Superintendent of Bridges, T. A. Casney of the N. P., was a guest at the Latah Hotel, Saturday night, leaving next morning for Spokane.

L. W. Tait, a gentleman recently from the east, has accepted the position as manager of the business of the Alliance Bank and Trust Co. of Lewiston, Idaho, and is now in our city looking for a house into which he can move his family, who are now in North Dakota, waiting anxiously for Mr. Tait to send for them.

Prof. F. K. Hepburn, director of musical conventions, assisted by Mr. D. G. Gerrick, have been in town the last few days for the purpose of teaching music, both instrumental and vocal. They have also given a couple of musical concerts for the purpose of introducing themselves here.

Those words, of Lewiston, was in town on Monday night on his way home from the Colton team and he had been for the purpose of the new bank building in Lewiston. He informs us that he will be back here in a few days and commence moving money from the Colton branch, commencing with one for W. J. Herran. Tom knows how to do the work in good shape and is also prepared to do it.

Sunday's Ball Game. On Sunday last the Colton nine and the local nine of this place crossed battle on the new ball ground and played the best amateur game of ball that has been played in this part of the northwest this year. The game was called at 2:30 with C. E. Hibbs of the Genesee at the bat, who was followed by C. Kennedy, each of whom made a tally. McKenna was put out at first base, Cowles got to third base and Lovell and Lovell were struck out leaving Cowles on first.

Number struck out by the Genesee pitcher nine, and by the Colton pitcher seven. From this time on to the end of the game there was a general wake-up among the visiting team who scored a "gooseegg" against the home team in the ninth inning, when the home team scored three runs. The game abounded in numerous brilliant plays and good work on both sides until the end of the ninth inning when the score stood 29 for Colton and 31 for Genesee, the score by innings is as follows:

GENESEE 1 2 3 4 5 6 7 8 9 31. COLTON 0 0 0 0 0 0 0 0 0 0 31. Number struck out by the Genesee pitcher nine, and by the Colton pitcher seven. J. K. Bell of this city acted as umpire with one or two exceptions, gave very good satisfaction.

Runaway Accident. On Monday evening about 10 o'clock when H. H. Bangs, who lives a few miles north of town, was on his way home from Genesee, where he had been during the day attending to business connected with the Farmers' Alliance Elevator Company, he met with an accident which would probably cause him to be one or two miles from his home, by being thrown from his car.

W. E. Demott came near getting badly hurt Monday morning while attempting to start a barbed wire at his farm east of town. He was pulling on the wire with a pair of pliers, when the wire broke and the pliers falling struck him on the head, making it quite sure, though not seriously hurt, is liable to be a cripple for a few days.

Numerous tramps have visited Genesee the past week or ten days, all looking for work, and when some farmer offers one of them a job they accept and go home with him, to commence work the next morning. After they have gotten their supper they are ready for bed and prefer sleeping in the barn or some other outbuilding. In the morning they are generally missing, leaving behind some tools or other valuable around the premises and in some cases the blankets that the farmer has generously handed them for the night. As yet the citizens of the town have not been bothered with any petty thieves, but it will be well for the city marshal to keep his eyes on them.

PERSONALS. Charles Parker, a competent journeyman baker from Spokane, has accepted a situation in the Genesee Bakery. Hon. A. S. Chaney, of Voller, spent Thursday evening last week in our city, the guest of M. C. McGrew and finally he said everything seemed to be working along smoothly in that pleasant little village in the eastern part of this county.

We will give you first-class accommodations in the new Hotel, located at the corner of Broadway and Moscow stage headquarters. F. F. Ziegler, Jullietta, Idaho.

FOR SALE.—Three horses, top buggy and set of double harness, good as new. The above will be sold cheap for cash or approved security. Call at this office for further particulars.

FOR SALE.—A nice 28-ackler ranch near Hamilton. Crop, including horses, tools and furniture at a bargain. Call or address, J. L. HAGBERG, 6-20, Uniontown, Wash.

Accommodating and polite attention we guarantee all who drop in at the N. P. Exchange. Come and see my new stock at rock bottom prices, Herman.

A Word to the Wise is SUPERB.—Dr. J. Eugene Jordan's Histological Medicine for sale by C. A. Christopher & Co., Genesee, Idaho. Bargains in crockery and glassware at T. Juselson.

The N. P. Exchange keeps a full line of fine liquors and cigars. 13-14. A fine line of ladies' gents' and childrens' shoes just received from the east, and very cheap for cash at T. Juselson. A good hotel with good location to trade for ranch or set on east terms. Address the Recorder.

If you have a few moments to wait for the arrival or departure of the train (drop for the N. P. Exchange) call on J. H. Johnson with a game of billiards or pool. W. H. Robinson, proprietor. 13-14.

The Northern Pacific will sell excursion tickets to Tacoma and return, good for seven days, account of the Western Washington Industrial Exposition at \$22.05. Ticket sale commences Sept. 9. 14-3t. The Northern Pacific will sell excursion tickets to Portland and return, good for seven days, account of the Portland Industrial Exposition at \$22.05. Ticket sale commences Sept. 16. 14-10t.

Fred Alfs, of Moscow, now carries a \$10,000 stock of liquors of all kinds which he sells at wholesale or retail. Nothing but the choicest of goods goes over the bar. Go and convince yourself of the fact. Mr. Alfs is agent for the celebrated Export Pabst Milwaukee beer. The pleasant resort of the county seat.

Ordinance No. 31. An ordinance regulating and imposing an occupation tax upon retail dealers in Genesee, Idaho, within the limits of the town of Genesee.

The town of Genesee does ordain as follows: Sec. 1.—That any person or persons now engaged, or to be hereinafter engaged in the business of retailing spirits or malt liquors in quantities of less than one gallon shall pay or cause to be paid into the hands of the treasurer of said town an annual tax of one hundred and fifty (\$150) dollars in advance. Provide, however, that the sale of spirits or malt liquors upon a physician's certificate for medicinal, medicinal or sacramental purposes shall not come within the meaning of this ordinance.

Sec. 2.—That the proprietor or proprietors of any saloon, drug store, or any other business wherein spirits or malt liquors are now or may be hereafter sold in quantities of less than one gallon, except upon a physician's certificate as herein before provided, shall before continuing or engaging in such business make the aforesaid payment of one hundred and fifty (\$150) dollars into the hands of the treasurer of said town. Provide, however, that the receipt for the same, which receipt for said amount shall be presented by the said proprietor or proprietors to the said treasurer, shall be returned to the said parties a certificate showing that the full amount of said tax has been paid, and the certificate shall be posted by said proprietor or proprietors, as is provided for by law in the case of the general revenue license certificate.

Sec. 3.—The said certificate shall designate: First, the name or names of the proprietor or proprietors; 2d, the location and style of the business to be conducted; and close of the year for which said tax was paid, and shall bear the signature of the treasurer of said town. Sec. 4.—That any person or persons failing or refusing to comply with the provisions of this ordinance shall be subject to a fine of not exceeding one hundred (\$100) dollars for every such failure or refusal in violation thereof, recoverable with costs, together with imprisonment until the amount of said fine, together with costs are paid, as provided for in section 2,220, revised statutes of Idaho.

Sec. 5.—This ordinance shall take effect and be in force on and after September 1, 1903. Passed and approved this 10th day of August, A. D. 1903. W. H. THOMAS, 14-24 Clerk, Chairman, pro tem.

W. H. THOMAS, 14-24 Clerk, Chairman, pro tem.

Geo. J. Jones editor of the New York Times died at Holland Springs, N. C., on the 12th inst.

Attorney-General Roberts has given as his opinion that there is no law whereby the sheriff can collect from the state for boarding prisoners kept in the county jail.

Acting Secretary Nettleton has written President Bryan, of the World's Fair commission, stating that it is advisable to permit congress to determine what, if any, conditions shall be imposed on the Chinese who desire to enter the country to visit the fair.

**The Great Copper Strike.**  
 A new townsite to be called "Sherman" has been laid out near the scene of the great copper strike on Rapid river. Ten locations have been made on the outcroppings of the vein for a distance of 15,000 feet. The discovery is without doubt the most important ever made in this country. The famous Seven Devils region will have to take a back seat, for it has nothing that can compare with the new strike which indeed, for extent and uniform richness of ore, eclipses anything known on this coast.

Rapid river empties into the Little Salmon three miles above the main stream. It is a picturesque little stream, and runs alternately through deep canyon and open valley. At the point where the discovery was made the stream is confined between perpendicular walls and this particular part of the canyon was deemed inaccessible, on account of the swift current and the steep walls. But nothing is inaccessible to the prospector, and so he invaded this sacred retreat one fine day and saw a sight that made his eyes sparkle.

For in that canyon the great ledge shows itself to be a best advantage. The outcroppings are very large and well defined and tower above the formation as high and firm as a house, while the exposed surfaces of the vein are seams with numerous strings of pure copper, and further ornamented with blossoms as large as the human head containing so much pure metal that it had to be literally chopped and twisted away from the parent ledge. The course of the vein is east and west, and it is enclosed between lime and granite formations. The river flows over the vein and it shows up boldly on both sides of the stream clear to the summit of the hills and beyond, until it is covered by the alluvial drift.

Rapid river heads on the northern slope of the Seven Devils range. It has a tributary called Copper creek, from the abundance of copper ore along its banks, so that the discovery of copper in that region is not new. The entire belt of country between Rapid river and Snake river abounds in a great variety of mineral deposits. The North & South Idaho railroad will open up that region and add two or more new counties to the state when its resources are more fully developed. At present it is only accessible by trail.—Grangeville Free Press.

**Gold and Silver Statistics.**  
 An advance abstract of the report of Robert P. Porter and Dr. David T. Day upon the production of gold and silver in the United States during the year 1899, is published by the Engineer and Mining Journal. The total number of persons employed in and about the mines is set at 57,850. Of these 22,074 are employed above ground, 33,708 below ground and 878 in the offices of the mines. The average output for each employe is \$1,722.

The total expenditures for the year were \$63,449,491, of which \$43,179,246 went for wages, \$13,817,740 for supplies, \$6,452,500 for purposes not definitely stated. The total value of mining plants was \$466,055,839, of which the sum of \$7,565,818 was in buildings, \$1,475,074 in surface railroads, \$1,088,840 in machinery, \$90,834,600 in underground improvements, \$3,921,810 in mine supplies, \$4,112,810 in cash, and \$388,116,221 as the estimated value of the mines, exclusive of the foregoing items. The value of mill and reduction works was \$20,362,872, the building and machinery being worth \$19,142,700, making the total value of works and mines \$436,378,711.

The total number of mines was 6,004, of which 3,729 are producing, 1,009 are worked but not producing, and 1,266 are idle. The amount of gold produced during the year, as nearly as could be determined, was 1,530,808 fine ounces, valued at \$37,888,180. The amount of silver was 51,854,889 ounces, valued at \$66,896,686, making the total value of the precious metals \$99,282,866.

The statistics of this industry collected by the tenth census in 1880 were so defective that little comparison of value can be made with the figures obtained in 1899.

**COUNTY NEWS.**  
 Condensed from our county exchanges:

The board of county commissioners will meet on the 24th of August at the court house in Moscow as a board of equalization, to adjust all matters of taxation that may come before them. Those who consider their assessment too high must appear at this meeting to have the trouble remedied. The board will also meet on the 19th for the transaction of general business.

Moscow wheat buyers are contracting with farmers for their crop of wheat at 62 cents per bushel clear of the sacks. A number of farmers have already sold their entire crop.

The officers of the Pullman Military College have secured the services of Sergeant P. L. Evans, one of the best tacticians in the north-west, and who will take charge of the school as drill master. The school will open on the 5th of October. The sergeant has been instructing company K, of Moscow, and company L, of Genesee, for several weeks.

Of the twenty-eight applicants for certificates who attended the quarterly examination last week but fifteen attained the proper per cent. to justify certificates being issued. Thirteen failed, four got third grade certificates, eight second grade and three first grade. The following are the names of those who received first grade certificates: Viola Scully, Eva Scully and J. P. Rose; Those who received second grade were: L. B. Hart, Viola Y. Evans, M. B. McGraw, Cathlene Ellis, T. C. Alfred Cobbs, Cathlene Ellis, T. C. Alfred Cobbs and Mollie Carrick. Quota a number of the applicants passed a fair examination in all the branches except arithmetic, and in that the contents or rather size of jug bothered them considerably.

Judge Piper has been sick and unable to attend to his official duties most of the past week.

Hon. Willis Sweet started for Blackfoot, Idaho, last Thursday morning.

Mrs. W. J. Johnson, of Cornwall, aged 83 years, died Tuesday morning, Aug. 11, of consumption. The funeral took place from the residence Wednesday and the remains were interred in the Buchanan church yard.

Congressman Sweet informs us, says the Mirror, that he has forwarded the petition for a postoffice at Ruby Creek to the department at Washington, and that the department is desirous of further information on the subject. It is not possible, however, that any definite action in the matter will be taken until after he reaches Washington, in December.

The wheat buyers are looking after the crop in a way that is encouraging to the farming community. Many contracts have been made during the past week for 62 cents per bushel sacked. One contractor per bushel sacked.

**Square dealing, Lowest prices warranted**

asserted that before many weeks the price would reach 70 cents. This is very encouraging as with big crops and an unusually good price the farmers will realize a handsome profit on their labor and investment. The Palouse country has the best crop this year and better advantages than any country on the coast.

Pursuant to instructions from the adjutant general's office, at Boise, Lieut. Robinson, of Co. I, N. G., of this city, will go to Volmer, Idaho, the latter part of the week to muster in Co. M, at that place, and also to supervise the election of officers thereof. Company M, will make the twelfth company organized in the state, and in a short time our militia will compare favorably with the older established militia of our sister states.—Teller.

On Tuesday night of last week someone entered the butcher shop of P. Talbot, at Moscow, through a back window and rifled the cash drawer of its contents, amounting to about \$2.50 in cash and several notes and other papers. No other articles of value were taken. The thieves left no trace by which would lead to their capture.

**NO MORE BACK ACHE**  
 KIDNEY PILLS  
 Recently the following notice appeared in the San Francisco Chronicle:  
 "Judge S.—Last week sick only about two weeks, and it was not until the last three or four days that the malady to a serious form. At the beginning of my illness I suffered from diabetes and stomach distress. Later the kidneys refused to perform their functions and I passed quickly away. This ended the life of one of the most prominent of our California. Like thousands of others his untimely death was the result of neglecting early symptoms of kidney disease."  
 If you are troubled with diabetes, gravel, or any derangement of the kidneys of any organ, immediately take this medicine. It will force to give up your daily duties, do away with waste years, and restore you to the enjoyment of life. It is the best medicine for the disease it cures by acting on the kidneys. It is sold by Dr. J. P. Deering, 151-153 Broadway, New York.

 Send us the news.  
 Read the news locally this week.  
 Old papers for sale at this office for 50 per hundred.  
 The town is full of strangers and has been for the past month.  
 The board of equalization meets at Moscow next Monday.  
 Work on the elevator building was suspended yesterday for want of lumber.  
 Buyers were offering 70 cents for wheat in Genesee yesterday, so we were told by several farmers.  
 Messrs. Koelzer & Stracker have contracted to bore the artesian well for the town of Genesee.  
 Dr. Eaton, of Moscow, will be at the Latah hotel on Sunday where he will be pleased to receive professional calls.  
 The first shipment of grain of this year's crop, was received by Spokane last night and was shipped from Genesee that morning.  
 The Volmer Veddette, after laying dormant for a week or two has again made its appearance, and we welcome it once more to our town.  
 The following from the Spokane Spokesman of the 18th inst., is a very true description of the old adage, "Away from home to learn the news."  
 "Conductor Jeff Johnson, of the Palouse train to Genesee, Idaho, tells that on the farm of E. A. Hanson, located three miles from Genesee, Idaho, while digging for a well, an underground lake was discovered at the depth of 16 feet. Clear pure lake water poured out over the surface of the ground and weighed out three to seven pounds. They have a peculiar appearance and are slightly indented, that they are underground fish. The spring has attracted much attention, and many farmers in that vicinity fear their farms will drop into the lake."  
 From what you can learn the underground lake was the mud spring on the farm of E. A. Sampson, east of town, which he cleaned out last week and is doing so discovered a flowing stream of water some five or six inches in diameter. Mr. Sampson has walled up the spring which is about six feet deep, and will use it for the purpose of watering stock; the fish spoken of, are we told, were from three to five inches long and resembled tad-poles more than fish. Mr. Sampson thinks that he has plenty of flowing water, and he has no intention of allowing the building to be ready to commence business in.

**AN UNDERGROUND LAKE.**

**VOL. 1, NO. 1, OF THE ALLIANCE ADVOCATE, THE OFFICIAL STATE ORGAN OF THE WESTERN FARMERS' ALLIANCE, HAS BEEN SENT TO OUR TABLE. THE ADVOCATE IS PRINTED AT OAKDALE, WASH., BY W. G. GILSTRAP AND IS WHAT IT PROMISES TO BE, THE ALLIANCE ORGAN FOR THE STATE OF WASHINGTON.**

**MR. WM. SMOLT HAS LEASED THE ROOMS JUST WEST OF THE CITY MARKET AND HAS COMMENCED THE MANUFACTURE OF FINE DOMESTIC CIGARS. HIS ESTABLISHMENT HERE IS YET IN THE INFANCY BUT HE HOPES AND HAS A GOOD APPLICATION TO BUSINESS AND LIBERAL ASSISTANCE TO ESTABLISH A GOOD TRADE FOR HIS HOME MADE CIGARS.**

**THE SECOND NINE OF THE GENESEE HALL CLUB WENT OUT TO THORN CREEK LAST SUNDAY AND PLAYED THE LOCAL TEAM THERE A GAME OF BALL, WHICH RESULTED IN FAVOR OF THE GENESEE CLUB BY A SCORE OF 28 TO 9. THE BOYS FROM HERE SAY THAT THEY HAD A GOOD TIME AND THAT THE THORN CREEK BOYS KNOW HOW TO MAKE VISITORS ENJOY THEMSELVES.**

**AT THEIR MEETING MONDAY NIGHT THE COUNCIL REJECTED THE PETITION IN OPPOSITION TO AN ORDINANCE PROHIBITING CIGARS OR OTHER STOCK FROM RUNNING AT LARGE IN THE TOWN. THE LIMITS OF GENESEE AND INSTRUCTED THE CLERK TO DRAW UP AN ORDINANCE PROHIBITING STOCK FROM RUNNING AT LARGE IN THE TOWN. FURTHER ACTION IN THE MATTER WILL BE HAD AT THE NEXT MEETING MONDAY NIGHT.**

**HEAVY NELSON, WHO HAS FOR THE PAST SEVERAL WEEKS BEEN BUILDING A TWO-STORY FRAME HOUSE, FOR A RESIDENCE ON AN EIGHT-ACRE TRACT VOLLMER'S STORE, HAS CONCLUDED TO MAKE A HOTEL OUT OF THE BUILDING AND WILL ACCORDINGLY FINISH THE BUILDING AS A HOTEL WITH TWENTY FINE, CITY ROOMS, WHICH HE EXPECTS TO HAVE FINISHED AND PREPARED FOR HIMSELF AS LANDLORD ABOUT THE 1st OF OCTOBER. THE BUILDING IS TO BE HARD FINISHED THROUGH OUT.**

**BY ORDER OF THE EXECUTIVE COMMITTEE OF THE LATAH COUNTY EDUCATIONAL ASSOCIATION WILL MEET ON SATURDAY, SEPT. 5, AT 9 O'CLOCK A.M. IN THE PUBLIC SCHOOL BUILDING AT MOSCOW. THE FOLLOWING PROGRAMME HAS BEEN ARRANGED FOR THE OCCASION: Song by Association, Recitation, Primary work, Minty McGraw, How to teach fractions, Hortell Cobbs, Recitation, Maggie McCallie, The circulation of C. S. Moody, Essay, G. Strong, How to do it, Recitation, Arnelia Emerson; Business address at 8 p.m. J. C. MURKIN, President, Adia G. Coe, Secretary.**

**PERSONALS.**  
 D. F. Johnson, of Colton, Wash., was in our city Sunday on business connected with his contract and building. He has something to say to you in another column.  
 S. D. Oylear, of near Lovillo, was in town Saturday on his way to Lewiston, Idaho, to attend to the trial of his case on his home-land. He reported everything prosperous in his part of the county and that Mr. Richardson had started his leader to work, last week with good success.  
 Jack Coster, familiarly known as "Happy Jack," came in from the Ruby Creek mines last Thursday. He reports that H. J. Bundy is getting out some fine ore from his mine there, the "Black Diamond." Mr. Coster intends going back to the mines in a few days.  
 A Mr. Baker, of near Lovillo, was in town Saturday on his way to Lewiston, Idaho, to attend to the trial of his case on his home-land. He reported everything prosperous in his part of the county and that Mr. Richardson had started his leader to work, last week with good success.

**LOCAL BREVITIES.**  
 Send us the news.  
 Read the news locally this week.  
 Old papers for sale at this office for 50 per hundred.  
 The town is full of strangers and has been for the past month.  
 The board of equalization meets at Moscow next Monday.  
 Work on the elevator building was suspended yesterday for want of lumber.  
 Buyers were offering 70 cents for wheat in Genesee yesterday, so we were told by several farmers.  
 Messrs. Koelzer & Stracker have contracted to bore the artesian well for the town of Genesee.  
 Dr. Eaton, of Moscow, will be at the Latah hotel on Sunday where he will be pleased to receive professional calls.  
 The first shipment of grain of this year's crop, was received by Spokane last night and was shipped from Genesee that morning.  
 The Volmer Veddette, after laying dormant for a week or two has again made its appearance, and we welcome it once more to our town.  
 The following from the Spokane Spokesman of the 18th inst., is a very true description of the old adage, "Away from home to learn the news."  
 "Conductor Jeff Johnson, of the Palouse train to Genesee, Idaho, tells that on the farm of E. A. Hanson, located three miles from Genesee, Idaho, while digging for a well, an underground lake was discovered at the depth of 16 feet. Clear pure lake water poured out over the surface of the ground and weighed out three to seven pounds. They have a peculiar appearance and are slightly indented, that they are underground fish. The spring has attracted much attention, and many farmers in that vicinity fear their farms will drop into the lake."  
 From what you can learn the underground lake was the mud spring on the farm of E. A. Sampson, east of town, which he cleaned out last week and is doing so discovered a flowing stream of water some five or six inches in diameter. Mr. Sampson has walled up the spring which is about six feet deep, and will use it for the purpose of watering stock; the fish spoken of, are we told, were from three to five inches long and resembled tad-poles more than fish. Mr. Sampson thinks that he has plenty of flowing water, and he has no intention of allowing the building to be ready to commence business in.

**AN UNDERGROUND LAKE.**  
 The following from the Spokane Spokesman of the 18th inst., is a very true description of the old adage, "Away from home to learn the news."

**THE HARD FINISH ON THE INSIDE OF THE BANK BUILDING IS ABOUT COMPLETED, AND BY THE FIRST OF NEXT MONDAY THE BUILDING WILL BE READY TO COMMENCE BUSINESS IN.**

**THE FOUNDATION FOR THE NEW 50-FOOT ADDITION TO THE GENESEE ROLLER MILLS HAS BEEN COMPLETED. THE MILL BUILDING IS NOW BUSY PUTTING UP THE IRON WORK.**

**REV. E. L. SMITH OF THE CONGREGATIONAL CHURCH, WHO HAS BEEN SERVING HIS SEVENTH WEEKS VACATION, IS EXPECTED HOME THIS WEEK, ALSO TO HOLD REGULAR SERVICES AT THE CHURCH NEXT SUNDAY MORNING AND EVENING.**

**TUESDAY NIGHT AND THE FORE PART OF YESTERDAY WERE QUITE A HEAVY FALL OF RAIN IN THIS PART OF THE COUNTY. THE FARMERS ARE OF THE OPINION THAT THIS HEAVY DAMAGE, FURTHER THAN TO DETAIN THOSE THAT HAD COMMENCED THRESHING.**

**VOL. 1, NO. 1, OF THE ALLIANCE ADVOCATE, THE OFFICIAL STATE ORGAN OF THE WESTERN FARMERS' ALLIANCE, HAS BEEN SENT TO OUR TABLE**

The love that never speaks until it does it on a grave stone doesn't mean much.

Cure for Croup or Croup.—As soon as there is the slightest coughing or hoarseness, with difficulty of breathing, or indication of croup, take during the day a few drops of Dr. Williams' Pink Pills. It is a sure cure.

REPTILES AND PILES CURED. We positively cure reptiles and all reptile diseases without pain or discomfort from medicine. We also cure piles, hemorrhoids, and all diseases of the rectum.

SEEDS. Tested goods and cash prices. Our catalogue is sent free on request. F. L. ROSSON & SON, Portland, Oregon.

"German Syrup." I have been a great sufferer from Asthma and severe Colds every Winter, and last Fall my friends as well as myself thought because of my feeble condition, and great distress from constant coughing, and inability to raise any of the accumulated matter from my lungs, that my time was close at hand.

When nearly worn out for want of sleep and rest, a friend recommended me to try this valuable medicine, Boschec's German Syrup. I am confident it saved my life. Almost the first dose gave me great relief and a gentle refreshing sleep, such as I had not had for weeks.

My cough began immediately to loosen, and I found myself rapidly gaining in health and weight. I am pleased to inform these unsolicited—that I am in excellent health and do certainly attribute it to Boschec's German Syrup. C. B. STRICKNEY, Clinton, Ontario.

WOMEN WHO SMUGGLE. TRICKS RESORTED TO BY THEM TO AVOID DISCOVERY.

Smuggling the Government Considered an Act of No Special Honor—An Abhorred Character of Considerable Nervousness.

It takes twenty very zealous and careful women of keen perception, great character and considerable nerve to keep Uncle Sam from getting cheated out of his eyes by other women.

By the way," said Millet, after a little conversation, "I am seeking a bit of information. You know that in the Paris this morning you left the court case in the most alarming situation. She had fallen into an ambush, and was surrounded by those who have every motive to cause her to disappear."

"Yes," said she, "I have been a great sufferer from Asthma and severe Colds every Winter, and last Fall my friends as well as myself thought because of my feeble condition, and great distress from constant coughing, and inability to raise any of the accumulated matter from my lungs, that my time was close at hand."

**Stop in Genesee.**  
We are informed on reliable authority that many citizens of Camas prairie are going to Moscow this year for the purpose of trade, because they are offered better inducements by the merchants of that place. Here is a large and profitable trade being deflected from its true course, by the superior enterprise of neighboring towns. Lewiston is the natural trade center for the Camas prairie country and something is radically wrong when our merchants allow others, with better bargains, to win away their customers.—Lewiston Teller.

There is no need of the "many citizens of Camas prairie" going any further than Genesee, for here the merchants do and are selling goods cheaper than in Moscow, which has proven that by getting the prices from the merchants in Genesee and in Moscow and find that they can make a little out of their bill of goods here in Genesee, besides saving the difference in the price of goods, they make several dollars in the way of extra expense of going to Moscow and several miles of travel over dusty roads. If the farmer of this county can do better by trading in Genesee we feel safe in saying to those parties from Camas prairie that they can do the same, if they will stop in Genesee, which is on their way to Moscow, which is on several dollars and make their journey about two days' shorter than if they went on to Moscow. We have here in Genesee four general merchandise stores, either of which will be glad to give you prices. We think that we are safe in saying that you will save from \$5 to \$20 on your bill of goods by purchasing in Genesee, besides the extra expense and distance to travel. Genesemen give Genesee a trial and satisfy yourselves.

**CANN & NELSON,**  
CONTRACTORS & BUILDERS.  
All work guaranteed first-class in every particular. Terms to suit the times. Leave orders at the Postoffice.  
D. F. JOHNSON,  
CONTRACTOR & BUILDER,  
Colton, Wash.

**MEMHARD & MILLER,**  
Jewelers,  
109 E. RIVERSIDE AVENUE,  
Spokane, Wash.

This man Wilson hired to the Farmers' Alliance Elevator Co. here as J. Wentworth, and was expected to run the engine for the company, but after contracting a board bill on the Owens' house, skipped to parts unknown.  
LEWISTON,  
By a commendable show of energy the citizens of Lewiston have secured the location of a large saw mill plant at this place. Within a very few months the outfit necessary to secure the plant will be returned seven fold. First, there will be an increase of population, for the proprietors contemplate bringing 40 families with them. This will create a demand for a supply of provisions and household furnishings. Houses will be in demand. Many new ones will have to be built. The increase of business and industry will be marked at once. We predict that Lewiston will be the center of a thriving and prosperous lumber trade within a year. All the conditions are favorable for such a result. The Clearwater reaches back into the finest timber belt in the world, and Lewiston will make a great shipping point for the export of lumber.  
Orders of sale of the personal property in the estate of Arnt Anne, issue, and Henry W. Deacon, deceased, were issued by Judge Isa-man Tuesday.

**NO MORE BACK ACHE**  
OKAY  
Recently the following notice appeared in the San Francisco Chronicle.  
"Judge B. had been sick only about two weeks, and it was not until the last three or four days that the malady took a serious turn. Experts began to perform their functions and forced and stomach disorder. Later the kidneys began to perform their functions and passed quietly away. Thus ended the life of one of the most prominent men in California. Like thousands of others his family would have been afflicted with kidney disease if it were not for the timely use of Dr. Williams' Pink Pills for Pale People. Why should it not cure you? Try it. Purely vegetable and pleasant to take. \$1.00 a package for \$2.00."

**LOCAL BREVITIES.**  
Send us the news.  
Streets very dusty.  
Genesee is in need of a street sprinkler. Everybody busy harvesting and hauling grain.  
Painters commenced the work of painting the elevator building yesterday.  
The Ladies' Home Missionary Society will meet Wednesday with Mrs. C. E. Hibbs.  
A young man by the name of Buchanan died at the residence of Grandpa Price yesterday morning.  
W. A. Nixon yesterday contracted his wheat, 2,500 bushels, more or less to Mr. Anderson for 70¢ cents.  
Thos. Worden, of Lewiston, says he is now ready to move buildings in Genesee.  
The regular monthly meeting of the Reading Room Association will be held at the room Monday evening at 7:30.  
The log drive of John Bynaster, on the Clearwater river has about reached its destination at the boom near Lewiston.  
Communion services will be held Sunday morning at the Congregational church. Preaching services at 8 in the evening.  
E. D. Green of the Genesee restaurant now furnishes regular meals from 11:30 to 1:30 o'clock for 35¢ per meal. See the change in his menu.  
Al Craig has had carpenters and painters busy at the work of repairing the house on the lot just west of his shop. Wonder if Al intends to rent?  
The closing exercises of Miss Potter's elocutionary class at the Congregational church last Thursday evening were well rendered and fairly well attended.  
Foreman Stein, yesterday morning commenced the work of laying the side track to the Alliance elevator and expects to have it completed by Saturday night.  
Married—In the parlors of the Genesee hotel, Genesee, on Aug. 31, 1901, by C. F. Burr, J. P., Michael Kotten and Miss Josephine Polansky, both of Lewiston, Idaho.  
The Alliance Elevator company's building was completed on the outside yesterday. Mr. Williamson expects to have the machinery all in place by the end of next week.  
Rev. H. T. Burgess, of the M. E. church, south, will preach in the old school house in Genesee, next Sunday, August 11, at 11 a. m. This is Mr. Burgess' first appointment. His plans for the year will be published hereafter.  
Mr. and Mrs. B. Rosenkohl, of this city, lost their little boy, aged 10 months, yesterday. Bowel complaint being the immediate cause of his death. The parents have the sympathy and good wishes of friends in this their sad affliction.  
A. S. Mastin, contractor and builder was enquiring for carpenters Tuesday. He said that he was in the course of erecting a new building and had three or four more carpenters, as he was to commence the construction of a residence for Mr. Schmidt on Cow creek this week, also to build a new machinery for Fred Schramm near Genesee.  
A Washington dispatch dated the 29th ult., says Congressman Sweet has succeeded in having a postoffice established at Ruby Creek to be called Ruby City. This will no doubt be good news for our mining friends, and in the course of the next few weeks they will be receiving their mail direct at their mines.  
The L. H. M. S. met with Mrs. E. R. Follett last Monday afternoon. The occasion being Mrs. Follett's birthday and twelfth anniversary of her wedding day. After listening to the musical part of the program, tea and cakes were served. Mrs. Follett was the recipient of several presents, among which were three very nice chairs from the society and three extension tables from her husband, and several other presents from the children. All present went to a very enjoyable afternoon, returning home with happy hearts and wishing Mrs. Follett many happy returns of the memorable anniversary.  
On Friday last as Frank Robinson, the gentlemanly bartender at the N. P. Exchange, met with what might be termed a lucky accident while returning home from a drive in the country. As he was crossing the bridge near the "old town" his horse became frightened and jumped off of the bridge, about five feet high, taking the buggy and contents with him. Mr. Robinson and his little child and another gentleman, who were in the buggy escaped without a scratch, the vehicle was badly damaged. Frank is thankful that he escaped with only a \$25 bill of repairs on the buggy.  
**PERSONALS.**  
W. O. Metzger, at one time editor of the Columbia Chronicle, Dayton, and who has been spending a few days in Colton, Wash., paid us a friendly visit in the latter part of last week.  
W. L. Tuff, manager of the Alliance elevator of this place, attended the business meeting of the Farmers' Alliance elevator company at Gardfield last week.  
W. H. Thomas, of the Genesee Roller mills, is on the sick list this week, suffering with a very sore foot.  
J. H. Evans, one of the prosperous fruit growers of Lewiston, was in town yesterday on business.  
Mrs. C. E. Grimes, of this city, started on Tuesday morning's train for Vancouver, where she expects to pay her parents a month's visit.  
H. Pickering, the bustling insurance and real estate agent, was in Moscow for part of the week on business and to attend the circus. Returned home yesterday morning.  
Wm. McCready, of Elk City, Idaho, passed through town yesterday with a load of gold quartz ore on his way to Spokane to have it worked. He reports everything flourishing in that camp.  
Conductor Smith, of the S. & P. freight train has moved his family to Spokane, where they will make their home in the future.  
On the Other Side.  
Barring the dusty roads a very pleasant time can be had, at this season of the year, to the other side of Snake river. On Saturday afternoon of last week we accepted an invitation from Dr. H. S. Williams, of this place, to take a ride with him to Astoria City, Wash., which is situated six miles south of Lewiston and on the opposite side of the Snake river. Vegetation of nearly every kind along the route we found "dried up" or ripe and the color changed from a dark green to a straw color. Arriving at Astoria City about 9 o'clock in the evening we were greeted by a number of old acquaintances and pioneer settlers of that homelike village.  
The next morning we were refreshed by a genuine "home-cooked" breakfast at the table of Mr. Wm. Barker. After breakfast we started down town to see the sights and note what changes there had come about in the village since our last visit, and first stepped into the Sentinel office, a weekly paper published by Waldrip & Son, after a word or two started on and met Mr. Rice, of the firm of J. N. Rice & Co., who assured us that everything was O. K. in the general merchandise business and for some days, account the boy's face for Sunday; at the City Hotel, Mrs. Henry, his proprietress, was as busy as a bee; Johnny Slater, of the old Pioneer saloon, said everything was going smoothly with him, and asked us to mail him the Kalamazoo regularly hereafter; at the general merchandise store of E. Hammond & Co. we found everything for the flourishing and business good. Mr. Jas. Fulton, one of the accommodating clerks, informed us that Mr. Baumeister had been and was still confined to his room with an attack of fever, but was slowly improving. Mr. Garrison, the old stand-by and reliable clerk of the firm, said that he had no complaint to enter as to business, but stated that he did object to "hotel-cooking" and that he intended to quit boarding at the hotel and would be home-keeping by next Sunday and have a cook of his own who he knew could do anything in that country. May his predictions be correct and that a happy and prosperous life be the fate of Mr. Garrison and his bride in the village of the Kalamazoo. On the north side of the street the places of business were closed but each proprietor on that side pronounced everything all right and happy. G. W. Bailey, the attorney-at-law, said good morning, and after a few words asked us to go up to his residence and enjoy the shade of one of his fine fruit trees, and as it was very warm we were only too willing to accept. His little orchard and lawn, like all the other places in the village, are very comfortable places to find on a warm day. In the evening we were invited to go to Mr. Iecker's home and remain over night by that gentleman and whose generous invitation was gladly accepted. The next morning after a quiet night's rest and an inviting breakfast, in company with Mr. Iecker, took a tramp through his orchard and found it in about the same fix as all the others of that place, the trees of various varieties overloaded with delicious fruit. If we had the space we would like to give a pen-picture of the various surroundings of that thriving village. As about 10 o'clock Monday morning we were again sent by the side of Dr. Williams, in his car and on our way home, where we arrived at about 3 o'clock. And let us say that we were very glad to see the Astoria City is going into decay does not read right the signs of the times.  
**Grain Market.**  
The different warehouse and elevator men of Genesee furnish us with the wheat market for the past week. The market has been quiet as to the wheat market, but owing probably to the fact that on last Friday wheat dropped from 60¢@72¢ to 60¢@70¢ and Saturday it went down another cent. Monday and Tuesday however there was a revival and 68½¢@71½¢ were paid, while yesterday evening the price was 67¢@70¢. The sales for the week are 27,730 bushels. Shipped during the week 5,940 bushels.  
**BUSINESS LOCALS.**  
Take the Recorder.  
Bedroom sets at Herman's.  
20 styles rockers at Herman's.  
Wood wanted on subscription at this office.

\*Nelson & Stetler have the best screen doors in Genesee, and a new line of the latest patterns of wall paper, at prices away down.  
If you have a few moments to wait for the arrival of the train drop in at the N. P. Exchange and make yourself with a game of billiards or pool. W. H. Robinson, proprietor. 13-11  
The Northern Pacific will sell excursion tickets to Tacoma and return, good for seven days, account of the Western Washington Industrial Exposition at \$22.05. Ticket sale commences Sept. 9. 14-91  
The Northern Pacific will sell excursion tickets to Portland and return, good for seven days, account of the Portland Industrial Exposition at \$22.05. Ticket sale commences Sept. 16. 14-101  
Fred Alf, of Moscow, now carries a \$10,000 stock of liquors of all kinds which he sells at wholesale or retail. Nothing but the choicest of goods goes over the bar. Go and convince yourself of the fact. Billiard parlors in connection. Mr. Alf is agent for the celebrated Export Pabst Milwaukee beer. The pleasant resort of the county seat.  
**Notice for Homestead Proof.**  
CHARLES D. ARMSTRONG, h.d. No. 1,602, LAND OFFICE AT LEWISTON, IDAHO, August 28, 1901.  
NOTICE is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the Judge of the Probate Court at Moscow, Idaho, on October 14, 1901, viz:  
Charles D. Armstrong.  
For the neig' & s'g' sec 21 and neig' & s'g' sec 28 p 38 n, 4 w, B. M.  
He names the following witnesses to prove his claim, and that said proof will be made before the Judge of the Probate Court at Moscow, Idaho, on October 14, 1901, viz:  
An ordinance to regulate the running of the mines and the sale of mineral merchandise within the incorporate limits of the town of Genesee.  
The town of Genesee does obtain as follows:  
SECTION 1.—That any person or persons owning or carrying on the business of fraying or delivering of mineral merchandise within the incorporate limits of the town of Genesee, or who may hereafter engage in said business within the said town, shall, before commencing said business or entering thereon obtain of the authorities of said town an annual license, the length of time for which the same is issued, the names of the parties obtaining the same.  
Sec. 2.—That before obtaining said license, the party or parties desiring same shall pay into the hands of the city treasurer the sum of \$10, for which the city treasurer shall give his receipt, showing the first quarterly payment, which receipt the applicant shall present to the city clerk who shall thereupon issue the said license, certified that the same shall be good for one year. Provided, however, that the holder thereof shall pay the sum of \$10 into the city treasury at the beginning of each quarter thereafter during the term designated therein.  
Sec. 3.—That the terms of business of fraying within the meaning of this ordinance shall include the delivery, by team, of all goods, wares and merchandise, and exceeding car load lots that may be received within the incorporate limits of the town of Genesee.  
Sec. 4.—That all failure on the part of any party or parties carrying on the business of fraying within the said limits of the town of Genesee, to comply with the terms of this ordinance shall be deemed a violation of this ordinance and shall be punishable with a fine of not exceeding \$40 and cost of action for each and every offense.  
Sec. 5.—This ordinance shall take effect and be in force on and after the 1st day of September 1901.  
For a cool glass of Milwaukee or Genesee beer, drop in at the N. P. Exchange.  
R. PICKERING, Chairman.  
15-9

Hammond & Co. we found everything for the flourishing and business good. Mr. Jas. Fulton, one of the accommodating clerks, informed us that Mr. Baumeister had been and was still confined to his room with an attack of fever, but was slowly improving. Mr. Garrison, the old stand-by and reliable clerk of the firm, said that he had no complaint to enter as to business, but stated that he did object to "hotel-cooking" and that he intended to quit boarding at the hotel and would be home-keeping by next Sunday and have a cook of his own who he knew could do anything in that country. May his predictions be correct and that a happy and prosperous life be the fate of Mr. Garrison and his bride in the village of the Kalamazoo. On the north side of the street the places of business were closed but each proprietor on that side pronounced everything all right and happy. G. W. Bailey, the attorney-at-law, said good morning, and after a few words asked us to go up to his residence and enjoy the shade of one of his fine fruit trees, and as it was very warm we were only too willing to accept. His little orchard and lawn, like all the other places in the village, are very comfortable places to find on a warm day. In the evening we were invited to go to Mr. Iecker's home and remain over night by that gentleman and whose generous invitation was gladly accepted. The next morning after a quiet night's rest and an inviting breakfast, in company with Mr. Iecker, took a tramp through his orchard and found it in about the same fix as all the others of that place, the trees of various varieties overloaded with delicious fruit. If we had the space we would like to give a pen-picture of the various surroundings of that thriving village. As about 10 o'clock Monday morning we were again sent by the side of Dr. Williams, in his car and on our way home, where we arrived at about 3 o'clock. And let us say that we were very glad to see the Astoria City is going into decay does not read right the signs of the times.  
**Grain Market.**  
The different warehouse and elevator men of Genesee furnish us with the wheat market for the past week. The market has been quiet as to the wheat market, but owing probably to the fact that on last Friday wheat dropped from 60¢@72¢ to 60¢@70¢ and Saturday it went down another cent. Monday and Tuesday however there was a revival and 68½¢@71½¢ were paid, while yesterday evening the price was 67¢@70¢. The sales for the week are 27,730 bushels. Shipped during the week 5,940 bushels.  
**BUSINESS LOCALS.**  
Take the Recorder.  
Bedroom sets at Herman's.  
20 styles rockers at Herman's.  
Wood wanted on subscription at this office.

**Notice for Homestead Proof.**  
CHARLES D. ARMSTRONG, h.d. No. 1,602, LAND OFFICE AT LEWISTON, IDAHO, August 28, 1901.  
NOTICE is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the Judge of the Probate Court at Moscow, Idaho, on October 14, 1901, viz:  
Charles D. Armstrong.  
For the neig' & s'g' sec 21 and neig' & s'g' sec 28 p 38 n, 4 w, B. M.  
He names the following witnesses to prove his claim, and that said proof will be made before the Judge of the Probate Court at Moscow, Idaho, on October 14, 1901, viz:  
An ordinance to regulate the running of the mines and the sale of mineral merchandise within the incorporate limits of the town of Genesee.  
The town of Genesee does obtain as follows:  
SECTION 1.—That any person or persons owning or carrying on the business of fraying or delivering of mineral merchandise within the incorporate limits of the town of Genesee, or who may hereafter engage in said business within the said town, shall, before commencing said business or entering thereon obtain of the authorities of said town an annual license, the length of time for which the same is issued, the names of the parties obtaining the same.  
Sec. 2.—That before obtaining said license, the party or parties desiring same shall pay into the hands of the city treasurer the sum of \$10, for which the city treasurer shall give his receipt, showing the first quarterly payment, which receipt the applicant shall present to the city clerk who shall thereupon issue the said license, certified that the same shall be good for one year. Provided, however, that the holder thereof shall pay the sum of \$10 into the city treasury at the beginning of each quarter thereafter during the term designated therein.  
Sec. 3.—That the terms of business of fraying within the meaning of this ordinance shall include the delivery, by team, of all goods, wares and merchandise, and exceeding car load lots that may be received within the incorporate limits of the town of Genesee.  
Sec. 4.—That all failure on the part of any party or parties carrying on the business of fraying within the said limits of the town of Genesee, to comply with the terms of this ordinance shall be deemed a violation of this ordinance and shall be punishable with a fine of not exceeding \$40 and cost of action for each and every offense.  
Sec. 5.—This ordinance shall take effect and be in force on and after the 1st day of September 1901.

**THE RECORDER.**  
PUBLISHED EVERY THURSDAY AT  
GENESEE, IDAHO.  
C. M. POOR, Editor and Proprietor.

**TERMS OF SUBSCRIPTION.**  
One copy one year, \$2.00  
One copy six months, \$1.00

**THURSDAY, SEPT. 10, 1901.**

It is very probable that the impression is among the citizens of this county that the RECORDER will not be sent to their address without the payment of the subscription price in advance. This is not the case, for while we need all the ready money we can get, we are willing to send the RECORDER to any of our former friends, the subscription to be paid at their earliest convenience. If you want your home paper to contain the home news you should assist in gathering the same, as the editor can't get over the whole country and gather the neighborhood news of each precinct. You should take the trouble to send the news to your paper. We would like to have a regular correspondence from each part of the county. Who will make the initiatory move in this direction?

Our latest reports from the Indian agency, comes through Col. G. W. Parker, special investigating agent, lately sent to examine into the affairs of the Nez Percé Agency.

He is well pleased with the management of the present condition of the agency, and speaks in his best praise of those in charge. He believes beyond doubt that Miss Fletcher will finish her work of making the allotment this year. Now that the time is drawing near for opening the reservation, our citizens should see that a bill is pushed through congress this winter opening the whole reserve. It will be remembered that Senator McConnell has a bill now on its passage, looking toward the opening of that portion north of the Clearwater river. This though good is not sufficient. The whole reservation should be thrown open at the same time and by the same act.—Lewiston Teller.

We are reliably informed, says the Star of Idaho, that the Northern Pacific branch line from Pullman to Jellisonville will be turned over to the operating department next Sunday, and that henceforth this division will be operated as the main line of the Spokane & Palouse division, a mixed train being run from Pullman to connect with trains at Jellisonville. Under the new order of management Moscow will now have two through trains daily to Spokane, the north-bound passenger leaving here at 6:45 a. m. and the freight at 9:30 a. m. The south-bound passenger will be due about 7:30 p. m. and the freight 5:10 p. m.

Chas. Leland, our efficient city marshal, captured a youthful prisoner here on Monday last, says the Teller. Advice had been received by him to look out for one Fredie Achenbeck, who had broken jail at Moscow Saturday night, and who was suspected of having taken off in this direction. He was in jail for cattle stealing, and, though but seventeen years old, he is an adept in crime. Marshal Leland apprehended the offender at the boat landing early Monday morning and turned him over to Deputy Sheriff Mix who returned him to Moscow.

From J. D. Riggs we learn that Weber Bros. steam threshing outfit set fire and burned several stacks of grain besides about 500 sacks of threshed grain on Monday, near Uniontown. Just how the fire happened or to whom the grain belonged our informant did not know.—Moscow Mirror.

The Value of a Newspaper. A few days ago while the editors of South Dakota were enjoying themselves at Lake Madison, and the Minnesota editors were having an outing at Litchfield, that state, the Minneapolis Tribune, had the following to say in regard to newspapers and newspaper men:

"Nobody appears to think much about it and yet the men engaged in Litchfield and Madison are more important to their states and through their states to the country at large than an equal number of men from any rank in life that can be named. Take away their newspapers and Minnesota and South Dakota would lapse into a comparative terra incognita. It would be almost as bad as an abandonment of railroads, churches and schools. There isn't an editor at Litchfield or Lake Madison to-day who does not do ten times as much for his

town and his county as any other man in it. Not perhaps, because he is greater, or more useful, or more patriotic, but because his labor is a public labor, his work a constant devotion to the interests of his locality, his efforts a continual advertisement of those advantages which, when known, bring population and trade and prosperity to sections thus photographed for public inspection. A prosperous town is a town with a live newspaper, and as a rule, liberal patronage on the part of the public will result in a newspaper or newspapers of excellence. When any event of moment takes place in a town or county it is the fashion for people to send abroad the copy of it contained in the local press. They do this because of something specially interesting; but there is not an issue of an average weekly which does not contain matter of advantage to the place where it is published, and which it would not pay to circulate outside of the confines of the country. It is worth a great deal to have the world know that there is such a place, and that it has the advantages of civilization, churches, schools and live, progressive newspapers. Some day, we hope, the newspaper will receive its deserts and the editor his reward. Meanwhile a large proportion of them must content themselves with a paucity of patronage and go on building up fortunes for others than themselves."

**CANN & NELSON,**  
CONTRACTORS & BUILDERS.

Does all kind of Brick and Stone Work, Plastering, etc. Call on or address D. F. Johnson, Colton, Wash. 15-16m.

**NO MORE BACKACHE**  
Recently the following notice appeared in the Star of Idaho:  
"Judge S. had been sick only about two weeks, and it was not until the last three or four days that he was unable to get up. At the beginning of his illness, he suffered from rheumatism and neuralgia. After the kidneys refused to perform their functions and were passed quietly away. This ended the life of one of the most prominent men in California. Like thousands of others, his untimely death was the result of neglecting early symptoms of disease."  
**IF YOU** are troubled with diabetes, gravel, or any derangement of the urinary organs, do not delay proper treatment until you are forced to give up your daily duties. Do not waste your money on worthless treatments and worse plaster on the neck of the disease at once by using the greatest of all known remedies, the celebrated Oregon Kidney Tonic. It has saved the lives of thousands. Why should it save one? Try it. Purely vegetable and pleasant to take. \$1.00 a package, 6 for \$5.00.

For sale by the Genesee Drug Company, 15-15-ly

**MEMPHARD & MILLER,**  
Jewelers,  
109 E. RIVERSIDE AVENUE,  
Spokane, Wash.

The most practical jewelers in the Northwest. They carry the most complete line of Watches and Jewelry.

Leave your orders at this office to be forwarded.

Our latest reports from the Indian agency, comes through Col. G. W. Parker, special investigating agent, lately sent to examine into the affairs of the Nez Percé Agency.

He is well pleased with the management of the present condition of the agency, and speaks in his best praise of those in charge. He believes beyond doubt that Miss Fletcher will finish her work of making the allotment this year. Now that the time is drawing near for opening the reservation, our citizens should see that a bill is pushed through congress this winter opening the whole reserve. It will be remembered that Senator McConnell has a bill now on its passage, looking toward the opening of that portion north of the Clearwater river. This though good is not sufficient. The whole reservation should be thrown open at the same time and by the same act.—Lewiston Teller.

**TERMS OF SUBSCRIPTION.**  
One copy one year, \$2.00  
One copy six months, \$1.00

**THURSDAY, SEPT. 10, 1901.**

It is very probable that the impression is among the citizens of this county that the RECORDER will not be sent to their address without the payment of the subscription price in advance. This is not the case, for while we need all the ready money we can get, we are willing to send the RECORDER to any of our former friends, the subscription to be paid at their earliest convenience. If you want your home paper to contain the home news you should assist in gathering the same, as the editor can't get over the whole country and gather the neighborhood news of each precinct. You should take the trouble to send the news to your paper. We would like to have a regular correspondence from each part of the county. Who will make the initiatory move in this direction?

Our latest reports from the Indian agency, comes through Col. G. W. Parker, special investigating agent, lately sent to examine into the affairs of the Nez Percé Agency.

He is well pleased with the management of the present condition of the agency, and speaks in his best praise of those in charge. He believes beyond doubt that Miss Fletcher will finish her work of making the allotment this year. Now that the time is drawing near for opening the reservation, our citizens should see that a bill is pushed through congress this winter opening the whole reserve. It will be remembered that Senator McConnell has a bill now on its passage, looking toward the opening of that portion north of the Clearwater river. This though good is not sufficient. The whole reservation should be thrown open at the same time and by the same act.—Lewiston Teller.

We are reliably informed, says the Star of Idaho, that the Northern Pacific branch line from Pullman to Jellisonville will be turned over to the operating department next Sunday, and that henceforth this division will be operated as the main line of the Spokane & Palouse division, a mixed train being run from Pullman to connect with trains at Jellisonville. Under the new order of management Moscow will now have two through trains daily to Spokane, the north-bound passenger leaving here at 6:45 a. m. and the freight at 9:30 a. m. The south-bound passenger will be due about 7:30 p. m. and the freight 5:10 p. m.

Chas. Leland, our efficient city marshal, captured a youthful prisoner here on Monday last, says the Teller. Advice had been received by him to look out for one Fredie Achenbeck, who had broken jail at Moscow Saturday night, and who was suspected of having taken off in this direction. He was in jail for cattle stealing, and, though but seventeen years old, he is an adept in crime. Marshal Leland apprehended the offender at the boat landing early Monday morning and turned him over to Deputy Sheriff Mix who returned him to Moscow.

From J. D. Riggs we learn that Weber Bros. steam threshing outfit set fire and burned several stacks of grain besides about 500 sacks of threshed grain on Monday, near Uniontown. Just how the fire happened or to whom the grain belonged our informant did not know.—Moscow Mirror.

The Value of a Newspaper. A few days ago while the editors of South Dakota were enjoying themselves at Lake Madison, and the Minnesota editors were having an outing at Litchfield, that state, the Minneapolis Tribune, had the following to say in regard to newspapers and newspaper men:

"Nobody appears to think much about it and yet the men engaged in Litchfield and Madison are more important to their states and through their states to the country at large than an equal number of men from any rank in life that can be named. Take away their newspapers and Minnesota and South Dakota would lapse into a comparative terra incognita. It would be almost as bad as an abandonment of railroads, churches and schools. There isn't an editor at Litchfield or Lake Madison to-day who does not do ten times as much for his

town and his county as any other man in it. Not perhaps, because he is greater, or more useful, or more patriotic, but because his labor is a public labor, his work a constant devotion to the interests of his locality, his efforts a continual advertisement of those advantages which, when known, bring population and trade and prosperity to sections thus photographed for public inspection. A prosperous town is a town with a live newspaper, and as a rule, liberal patronage on the part of the public will result in a newspaper or newspapers of excellence. When any event of moment takes place in a town or county it is the fashion for people to send abroad the copy of it contained in the local press. They do this because of something specially interesting; but there is not an issue of an average weekly which does not contain matter of advantage to the place where it is published, and which it would not pay to circulate outside of the confines of the country. It is worth a great deal to have the world know that there is such a place, and that it has the advantages of civilization, churches, schools and live, progressive newspapers. Some day, we hope, the newspaper will receive its deserts and the editor his reward. Meanwhile a large proportion of them must content themselves with a paucity of patronage and go on building up fortunes for others than themselves."

**Valuation of Latah County.**  
The clerk of the board of county commissioners finished footing the assessment roll of the county last week. The total valuation for 1901, exclusive of the subsequent assessment which will change the amount to a few thousand dollars at most, is \$3,550,120 or an increase over the assessed valuation of last year of \$787,517. The amount of taxes to be collected on the assessment is \$68,403, besides the special levies for school purposes in almost all school districts of the county. With the amount collected the total outstanding debts of county can be paid and leave a sufficient balance in the treasury to pay the expenses of the county until the next assessment is collected.

**The State Lands.**  
Governor N. B. Willey, president, Attorney-General Geo. H. Roberts, secretary, Secretary of State A. J. Pinkham and Superintendent of Public Instruction J. E. Harron, composing the state land commission, met on Tuesday and having ascertained that some of the state lands already selected were desired by intending purchasers at prices above the minimum, the following order was issued:

"Resolved, That the secretary be instructed with all convenient speed to cause the following described lands to be appraised and when so appraised that they be offered for sale after publication of notice, under the direction of the state land inspector as agent of the board, until twenty-five sections thereof are sold, and if it be found that any of said lands are more valuable for the timber thereon than for other purposes, that the timber be sold, and that when the sales are completed the secretary of the board shall deliver the proper contracts of sale to the respective purchasers."

The land included in the list comprises forty-two sections more or less full—in all 25,000 acres. By counties it is located in Ada county, 14 sections; Cassia county, 4 sections; Bingham county, 8 sections; Latah county, 11 sections; Nez Perce county, 5 sections. Of this land one section in Latah and one in Nez Perce are covered with fir timber suitable to cut into lumber. The timber on these lands will be sold alone. One section of land adjoins directly on the city of Moscow, and is of great value, while a number of fine agricultural sections are included in the amount offered. The work of appraisement will be commenced immediately, but will take quite a time to complete.—Boise Statesman.

**Improving the River.**  
The Assin Sentinel of last week gives the following as ascertained from Captain Baughman, on the water way question and the improving of the river:

"It is this," said the captain, when asked by the reporter what was now being done in the way of clearing the Snake. "I have been appointed to engage a crew and see to the blasting out of projecting rocks and the improving of the river between Assin to the Rapids to such an extent as to render navigation safe at the lowest stage of water. My crew consists of sixteen experienced men under the supervision of Leslie Knags, who having run a pusher for me for several years and seen the river at all stages of water, is well acquainted with all the rapids and obstructions. They are now at work about six miles this side of riparian and have quite a lot of drilling already done. The powder I will bring up the next trip."

Improvement in that line is sorely needed, as frequently the boats have to lay up for a few weeks on account of low water, and we are certain, now that the captain has been appointed to the charge, that it will be righted done at the least possible expense to the government, for he knows thoroughly every foot of the river between Assin and Riparian.

a fairly well developed brain. The other is a little shriveled creature whose only claim to individuality is a separate feature. The blood from Lallo's body is pumped into the other's heart and by that distributed through the helpless legs and arms and stunted trunk and head. He has no brain and hence no control over his members. He and Lallo had sunbath together once, but Lallo's other half and strength he has not shared in to great extent. When Lallo is cold he is cold, however, and when Lallo perspires he perspires, and a prick of a pin near the foot of the origin of the little half brother on Lallo's breastbone is felt by Lallo.

All the doctors who saw Lallo and brother say that they could be separated safely. They named a New York surgeon who could do it. This, it was said, is where the American surgery is ahead of the European, for Lallo and his little half brother have been through Scotland and Germany, as well as Hindoستان, and all foreign doctors have decided to leave them together. They will be taken to San Francisco.

THE BRAVE AT HOME. The maid who blinds her master's eyes. While she sits weeping in her room. While beneath the drooping lash. One starry tear-drop hangs and trembles. Though heaven alone records the tale. One fan shall never know her story. Her heart beats a loud and aching cry. As if she were the wife of glory.

Dr. Pierce's Female-Weakness-Cure. The hand of time with a woman in it. But all functions and discharges are regular. Dr. Pierce's Female-Weakness-Cure comes to the aid of no other medicine. It cures them. For pains, prolapsus and displacements, bearing-operations, and all "female" complaints, and weak-ness is a positive remedy, powerful, restorative of nerve, imparting to the whole system of health, and to the uterine and appendages in part. It keeps years from your life. It's guar-anteed to give satisfaction in every case. If it doesn't, money is returned.

NEEDS. NEEDS ARE TESTED. If you are very nervous, that you are over-fatigued, write to Dr. F. J. OSBORN, 170 West Front Street, Portland, Oregon.

Dr. Scott's Emulsion. You have a COUGH, BRONCHITIS, CONSUMPTION, SCOTT'S EMULSION. It is the most powerful and effective remedy for all these ailments. It is a standard of cure. It is a standard of health. It is a standard of life.

German Syrup. For children a medicine should be absolutely reliable. A mother should be able to give her child to rest. It must not interfere with the child's spirits, appetite or general health. These things suit old as well as young folks, and make Boschee's German Syrup the favorite family medicine.

PIANOS AND ORGANS. WINTER & HARPER, 71 Morrison Street, Portland, Or. We have limited, but never exceeded—they are beyond comparison! Why? Because they are Odorless, Harmless, and last for years.

YOUNG MEN. We have limited, but never exceeded—they are beyond comparison! Why? Because they are Odorless, Harmless, and last for years.

INTERESTING PEOPLE. WHO INHABIT TROPICAL ISLANDS IN THE SOUTH PACIFIC. The Gilbert Islands—Many Specimens of Manly and Womanly Beauty—A Curious Crowd—At Home in the Water—A shark.

How the human system ever recovers from the effects of the numerous medicines often taken for the relief of the various ailments of the system. It is a curious fact that the human system is able to recover from the effects of the most powerful poisons.

Dr. J. J. Bowen's California Fig Syrup Co. One enjoys both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, cures habitual constipation, and cures the habit of eating and drinking.

THE PHILOSOPHY OF LIFE. The philosophy of Francis Bacon is the philosophy of life. It is the philosophy of the body, and it is the philosophy of the mind. It is the philosophy of the soul, and it is the philosophy of the spirit.

When slovens get tidy they polish the bottoms of the pans. When servants are given SAPOLIO they are never tired of cleaning up. Two servants in two neighboring houses dwelt. But differently their daily labor felt; Jaded and weary of her life was one. Always at work, and yet 'twas never done. The other walked out nightly with her beau, But then she cleaned house with SAPOLIO.

Buy Your Own Goods if Your Dealer Does Not Carry Them. ADVANCE THRESHERS, PARRY CARTS AND ROAD WAGONS, THE BEST IN AMERICA. Best and Cheapest in the World. Carts, \$15 Up. Wagons, \$50 Up.

THE BLUE FRONT. Feed and Livery Stable. KENDRICK, IDAHO. The Blue Front Livery Stable first-class accommodations. For further information call on or address WAIGHT & ALLARD, Proprietors.

THAT'S IT. CURES RHEUMATISM. The Great Remedy. CURES NEURALGIA. CURES SCIATICA. CURES PAIN. CURES BRUISES.

SMITH'S CASH STORE. 410-418 Front Street, Portland, Oregon. We have the real McCoy, very direct, prompt, fresh but in the best market. Price no cents for any quantity and over 10 lbs. by mail.

ONE ENJOYS Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, cures habitual constipation, and cures the habit of eating and drinking.

SAFETY BICYCLE. FOR LADIES AND GENTLEMEN. Handsome Wheel in the market. Strictly High Grade. Best of the kind. Price \$100.00. For catalogue send for catalogue.

CRACIN, VALERIAN, BARK, HAY FEVER CURED TO STAY CURED. JOHNSTON & LAWRENCE, Plumbers & Engineers' Supplies, and Steam Fitters, Cor. Fifth and Third Streets, Portland, Or.

THE NATIONAL CAPITAL. The Department of State has received a telegraphic dispatch from the Minister of the Interior of the Republic of China, in which he reports a riot at Yangchow.

THE BLUE FRONT. Feed and Livery Stable. KENDRICK, IDAHO. The Blue Front Livery Stable first-class accommodations. For further information call on or address WAIGHT & ALLARD, Proprietors.

PACIFIC COAST.

An Immense Fire Rages on Mount Shasta.

GRAY WOLVES IN OREGON.

The United States Geological Survey Locates Storage Reservoirs in New Mexico.

San Diego has organized a company of naval reservists.

Thirty Mojave Indian polo players have gone from Needles to Albuquerque, N. M., to play at the fair there.

At the navy yard at Mare Island about 100 applications for work have been filed with the labor employment bureau.

The perennial fight of the disposition of the sewage of Los Angeles is about to break out again with renewed fury.

The eleventh annual exposition of New Mexico has opened at Albuquerque, and promises to excel all previous ones.

A syndicate of farmers in the mountainous region of California, with ample capital backing it, has purchased a new rearing factory for a rice mill, and work on the erection of the mill will begin at once.

According to the Virginia City Enterprise a disease resembling diphtheria has broken out in the town of Hartwood, a number of animals have died from it.

In the United States Court at Los Angeles a syndicate of farmers, headed by Frank H. Pierce of New Hampshire, formerly of the Cuban consular service, as Consul Agent there, vice J. J. White, resigned.

At Sacramento gambling is in full blast everywhere, and players can find any kind of a game they wish to play.

Five games running, many of them keeping open day and night.

An immense fire has been raging on the southern slope of Mount Shasta, a few miles east of Sisson, a vast amount of wood, ties, logs and other material has been destroyed.

At the timbered districts of Clatsop and Tillamook counties, large gray wolves are becoming more numerous, and are rapidly destroying the elk, as they kill the young calves of the deer, and the old ones when they catch them alone.

The testimony in the Albetson bank robbery case at Tacoma continues to show that the man in the soap, which they got on from the soap, which they at first were shy of.

The Los Angeles Times prints an interview with Dr. Barth Shurz, who has just returned from a visit to the World's Fair at the management of the World's Fair is to the core, and that he has returned at 2 p. m. after September 30. Bonds which have not been redeemed will be redeemed on present terms.

Secretary Noble has issued an order establishing county lines and counties in the Indian country also to be established by the President.

An idea of the profits that can be derived from a lemon squeezer by taking an estimate from the press is given by a correspondent from H. K. Snow's six-acre grove near San Francisco.

The fish factory is to be built on Meeker Island, in the bay of San Francisco, and the Commission on the number of salmon in the bay recently reported by him.

He advises that the site for the new fish factory is to be located on Meeker Island, and the Commission on the number of salmon in the bay recently reported by him.

At San Francisco Customs Inspector McArthur has authorized the Customs collector at San Francisco to waive requirements imposed by the regulations concerning the importation of goods from Hawaii.

Chicago will have to modify the plans of the White squadron, it was directed to the chiefs of the bureau, and ordered them to prepare the Yorktown for service on the Pacific coast.

A suicide mania has taken possession of the aged members of an agnostic circle in Bradford, Pa., which was held in the city of Philadelphia.

Chicago will have to modify the plans of the White squadron, it was directed to the chiefs of the bureau, and ordered them to prepare the Yorktown for service on the Pacific coast.

EDUCATIONAL.

Teachers in Some European Countries Have Not Pleasantest Experiences.

Twenty-one Sisters of Charity have been licensed to teach in Texas public schools.

Brown University has decided to admit women to its classes on the same conditions as men.

The entering Chautauque class which will pursue a three years' course comprises 1500 students.

The University of Oxford has rescinded the vote admitting women to the Bachelor of Medicine examination.

Harvard College was founded in 1636, Yale in 1701. William and Mary of Virginia was chartered in 1606.

Thirty-two students of Queen's College, Belfast, have petitioned the council that women shall not be admitted to study.

The chair of oratory in the University of Toronto has been given to Miss Minerva M. Crawford of Minneapolis, Pa.

The Legislature in Maine has enacted a law which requires all public school teachers to devote some time each week to teaching kindness to animals.

The girl who carried off the honor of entrance at the University of London examination was Charles E. Hunt, who is but 20 years of age. There were 1,000 male students pitted against her.

Teachers in some European countries do not have as pleasant experiences. In Spain the payment of salaries is habitually in arrears. Although 2,500 Spanish teachers are employed in the United States, it is not surprising that in one place a teacher has taken to selling matches, and his wife and children have gone into domestic service.

According to the late military statistics there are no illiterate persons in Bavaria. Among 2,772 illiterate persons there were only 300 in Prussia.

The New York Evangelist says: Do not the methods of teaching in our public schools need to be overhauled? The teachers are not well prepared. They know of nearly a score of different studies without an ability to write a sentence in the English language correctly.

Children need not to learn so much, but to learn a few things well, and while acquiring such knowledge to learn to think.

In Sweden philanthropy has seized upon the school as the vehicle of teaching the children the principles of the Christian religion.

The trade and commerce of Charleston, S. C., last year amounted to \$68,554,715, a net increase of 47,935,000 over the year preceding.

Judgments aggregating \$14,926 against Alexander Herrmann, the magician, have just been entered in the County Clerk's office in New York.

The trade and commerce of Charleston, S. C., last year amounted to \$68,554,715, a net increase of 47,935,000 over the year preceding.

Judgments aggregating \$14,926 against Alexander Herrmann, the magician, have just been entered in the County Clerk's office in New York.

SUICIDE MANIA OF AGNOSTICS

Chicago Will Have to Modify the Plans Made for the World's Fair

Minneapolis has no desire to consolidate with St. Paul.

Carloads of diseased Chicago cattle have been seized at Buffalo.

There is something over 35,000 natives of Switzerland in and around New York.

A company to insure tobacco planters against loss by hail is one of the latest to be organized in the city.

The house at Appomattox, Va., in which General Lee surrendered to General Grant has been sold for \$10,000.

Canada has sent but 30,000 sheep to Great Britain during the year just ended, as compared with 45,000 for the year before.

A landlords' association has been formed in Boston for the purpose of mutual protection against objectionable tenants.

The organ in the music room of the residence of the late Mrs. Hopkins Searle at Great Barrington, Mass., cost \$100,000.

So great is the homeward rush of American tourists that many of them are unable to find passage on returning steamers.

It is said that the smuggling of Chinese into this country has been recently accelerated by the price having risen to \$100 per head.

Cleveland has passed a law reducing the price of gas to 60 cents per 1,000 feet and giving the city an option on the gas works at any time.

PERSONAL MENTION.

Mr. Gladstone is Said to Have Great Views on Royalty.

Queen Victoria puts in her spare time the croquet needle.

John Simon, the celebrated French economist, detests tobacco, and says that it is an inveterate enemy of alcohol.

James N. Paddock, an elevated railroad man who served with credit during the civil war. He was one of the few who succeeded in escaping from Libby prison.

The ex-emperor of Brazil is moping away existence in a melancholy mood for heart disease. He seems to have lost all interest in passing events.

General Maury is the third distinguished Confederate officer to have a desk in the war record office in Washington. The other two are General Marcus Wright and General George Field.

Prince Bismarck suffers much from his old enemy, rheumatism, and the writing of his memoirs does not progress swiftly. He dislikes the work, and a revival of the past seems to embitter and disturb him.

William B. McCreery, United States Consul at Valparaiso, Chile, is a Michigan man who served with credit during the civil war. He was one of the few who succeeded in escaping from Libby prison.

Suzannah Antnesley, who married Samuel Antnesley, and became the mother of the famous John Wesley, was twenty-third child to her father, twenty-fourth child to her mother, and herself gave birth to twenty.

Colonel Elliot F. Shepard expresses the opinion that, if Chicago permits the opening of her exhibition on the 1st of September, it will be a disaster.

The organ in the music room of the residence of the late Mrs. Hopkins Searle at Great Barrington, Mass., cost \$100,000.

So great is the homeward rush of American tourists that many of them are unable to find passage on returning steamers.

It is said that the smuggling of Chinese into this country has been recently accelerated by the price having risen to \$100 per head.

FOREIGN LANDS.

Theosophy Fad Widely Infects London.

THE JAPANESE CREMATORIES

The Workingmen's Union of Halle, Germany, is Dissolved by the Police.

The Prince of Wales is insured for \$500,000.

There is a newspaper in London which is printed with scented ink.

The total loss of life in Martinique from the recent hurricane was 340.

Electricity is to be the power used.

The proposed ship canal between the Fifth of North and the Clyde is revived.

An underground cable is being laid to connect important German fortifications.

The Prince of Wales is ambitious to race his new yacht in American waters.

Prince Ferdinand of Bulgaria has ordered \$1,000,000 worth of cannon from Krupp.

Russian newspapers say the Czar fears no war on account of the Dardanelles incident, and is hereafter given birth to.

Active supporters of Balmaceda are likely to lose all their property by confiscation.

The theosophy fad is infecting London society widely, and a mission to America is talked of.

The police of the Chilean Junta are still seeking for Balmaceda among the exiles.

Kiamil Pasha, who was removed from the Turkish Ministry, it is said, will be appointed Governor of Syria.

The Munich papers say William did not receive a very enthusiastic welcome on his visit to the Bavarian capital.

A co-operative home for single women is to be started in Vienna, Austria. Each will have a share in the housekeeping.

M. Adier of Paris after expending more than \$100,000 on a flying machine has produced one in which he flew about 100 miles.

A great outcry is being raised in Finland against the recent introduction of the Russian language into the schools of that country.

Russian merchants want their government to abolish its free ports on the coast of the Baltic and remove all restrictions of foreign competition.

Favorable results are shown in the school attendance in England under the new act.

The principal article of export from Russia into Serbia is coal oil. There are at present 3,000,000 kilograms of kerosene in the port of Odessa ready for export.

Since the Pasteur Institute for the cure of hydrophobia was established in favor of 1884 there have been 9,489 persons treated, of whom sixty-four have died.

The stories of destitution among the peasantry of the Balkans are somewhat terrible. In some of the afflicted provinces the people have not eaten bread for days.

Sally, the interesting chimpanzee of the London Zoo, has departed this life. She could count up to seven, had a large acquaintance and had been six miles in length.

In the province of Oriz, Russia, bands of peasants are roving over the highway, attacking the convoys of grain and food, even where the convoys are escorted by soldiers.

Queen Victoria's health is not good, and the physicians regulate her diet more strictly than ever. Visitors find a physician and surgeon.

LOCAL BREVITIES.

Genesee has another new saloon. Wood wanted on subscription at this office.

Several interesting locals crowded out of this issue. A number of Geneseeites attended the races in Moscow the past week.

V. H. Thomas, of the Genesee Roller Mills, has sold one-half interest in the same to T. J. Johnson.

Company L. N. G., intend giving its first grand ball two weeks from to-morrow night. Read the ad. elsewhere.

If you have an item of news do not keep it to yourself, but bring it to us and we will give the Genesee readers the benefit of it.

The street commissioner's attention is called to the fact that the sign for the Jatah hotel and suggest that the same be cleared away.

Sam. Culverston, brother-in-law to H. C. Calhoun, died at the residence of Mr. Calhoun, in this city yesterday morning, after a long illness.

The North Pacific conference of the Swedish Lutheran church is in session at Moscow this week. The services were well attended and will close next Monday.

The long talked of bell for the school house has arrived and was placed in its position in the cupola of the school house last Saturday by H. Scroggin.

The Chestnut-Baker Co. have bought the Central warehouse and will now be found there where they will be pleased to see all their old and new customers.

Two new street lamps this week, one in front of T. Johnson's store and the other in front of J. P. Vollmer's general merchandise store, add to the safety of ladies on the streets at night.

We hear no more about the artisan well and water works in our city. They are one thing useful, but we fear that there are too many kickers here to ever accomplish anything in the way of public improvement.

A man by the name of Gardiner was kicked by a wild horse on Sunday evening last week town, breaking two of his ribs. Dr. Reese dressed the wound and Mr. Gardiner has since been able to get up and around.

Every house in Genesee is occupied and every day we hear inquiries for a house to rent. It seems to us that it would be a good investment for capital to build several new residences and rent or sell them on the installment plan.

The services at the Congregational church will be of especial interest next Sunday as the pastor will have the assistance of Rev. E. H. E. of Lewiston and the Yale band, stationed at Dayton. We expect a good attendance for both services.

Charlie Bradish has sold his interest in the Moscow-Lewiston stage line to John Stanton and Charles Warren. They will in the future run the line in first-class style. The name of either of the new proprietors is not yet given.

Genesee is badly in need of some kind of a fire apparatus. A move would now be in order to organize a hook and ladder company. A set of ladders and buckets would not bankrupt anyone and might be the means of saving a great deal of property. Let some of our business men make a start and plenty to follow will not be lacking.

The engine and machinery at the Farmers' Alliance was started last Saturday morning for the purpose of trying the machine, everything seemed to work smoothly and perfectly. If the engine, which has not yet arrived, here in position there would be nothing lacking and the finest warehouse in North Idaho could now be in full running order.

A row occurred at the new saloon last Sunday evening between one of the proprietors and a drunken hood-carrier. During the row one of the large jars of ginger ale fell from the bar and struck the proprietor on the head, making a half interest in the Genesee Roller Mills, I take this method of informing all interested to me to call and make settlement immediately. W. H. THOMAS, Genesee, Sept. 30, 1891.

Low - A 4-year old horse, weight about 1,000 pounds, black, with a white spot on the forehead, branded on left shoulder with letter S, very thin. Last seen on the vacant quarter of Mr. Dagget's ranch, near the fruit window at Lewiston, Oct. 21. A liberal reward will be paid for his return to J. M. Wheat, six miles northeast of Genesee. 21-1P

CARE OF THAMES - Having sold a half interest in the Genesee Roller Mills to T. J. Johnson, take this method of thanking the citizens generally for past patronage and for the liberal reward for the same for the new firm. Yours truly, W. H. THOMAS, 21-1P

For a copy of glass of All-Weather or Genesee best, call on the Genesee Roller Mills to T. J. Johnson, take this method of thanking the citizens generally for past patronage and for the liberal reward for the same for the new firm. Yours truly, W. H. THOMAS, 21-1P

The N. P. R. will sell excursion tickets to Spokane air and rail on Oct. 4 to 12. The tickets are now on sale for a city of prominence until her citizens work for the interest of this, the most promising village in the whole of the great Idaho country.

PERSONALS. Mrs. Mary A. Martin, wife of J. C. Martin, started east from Moscow, Sept. 23, to visit her sisters in Pittsburg, Penn.

Rev. E. L. Smith goes to Cleary Monday morning to assist in a series of special services with G. E. Harker.

H. B. Hagdins and wife of Hoquiam, Wash., formerly residents of Genesee, are in town on a short visit.

R. Pickering paid Moscow a business visit the arrival of departure of the train, drop in at the S. P. Exchange and amuse yourself with a game of billiards or pool. W. Robinson, proprietor.

Parties having late to late will find it to their interest to call on Krum & Scroggin and get prices on the celebrated cross lead tires, of which they have a large supply on hand. 10-1F

Notice - All those knowing themselves indebted to me by note will call on C. A. Christopher & Co. and make settlement when due, and those indebted by account will call on C. F. E. Harker. 10-1F

Notice - All those knowing themselves indebted to me by note will call on C. A. Christopher & Co. and make settlement when due, and those indebted by account will call on C. F. E. Harker. 10-1F

Genesee, Sept. 23, 1891. Du. W. C. Cox, 23-4

NO MORE BACKACHE. O.K. KIDNEY PILLS. Recently the following notice appeared in the San Francisco Chronicle.

Judge - I had been sick only about two weeks and it was not until the last three or four days that the malady took a serious turn. I was unable to eat, and my system was disordered and stomach disordered. Later the kidneys refused to perform their functions and I passed urine quite away. Thus ended the life of one of the most prominent men in California. I had received the O.K. Kidney Pills. It saved the life of thousands. They are pleasant and pleasant to take. \$1.00 a pack. 50c for 50.

SAFE AND EFFECTIVE.

BRANDRETT'S PILLS are the safest and most effective remedy for Indigestion, Biliousness, Headache, Diarrhoea, Malaria, or any disease arising from an impure state of the blood.

GUATEMALA'S BIRD OF LIBERTY.

The Quetzal is Pictured on Postage Stamps, but seldom seen Alive. "What do you call those birds?" asked a visitor to the store of a well known down town taxidermist, pointing to a couple of feathered creatures, bound separately in paper, and the taxidermist proceeded to show a gorgeous plumage. They were dried and ready for shipping. The body of each, including the tail, measured five inches long, but, throwing the tail into the measurement, either bird would have required a foot of Guatemala, if it were a bird of the land with the tip of its longest tail feather. One of the birds had two long drooping ears, but nature, as if to compensate for this disparity of plumage, had given the bird, that would otherwise have been the shorter one, but nature, as if to compensate for this disparity of plumage, had given the bird, that would otherwise have been the shorter one, but nature, as if to compensate for this disparity of plumage, had given the bird, that would otherwise have been the shorter one.

THURSDAY, OCT. 15, 1891.  
 The wheat arrivals at the West Seattle elevator averages 800 tons daily. Two gangs of men are kept at work until midnight in order to unload the cars.  
 Charles Stuart Parnell, the great Irish leader, died at his home at Waltham terrace, Brighton, at 11:30 p. m., on the 14th inst. He died in the arms of Mrs. Parnell, who is utterly prostrated by the shock.

**Poor Railway Service.**  
 As the Northern Pacific trains are now run the Genesee branch is given very poor service, and a whole-some kick is heard all along the line, says the Pullman Herald. The "accommodation" which is made up at Pullman, does not give the people of the towns along the line their mail until it is one day old, as it reaches the points too late to be distributed till the following morning. There are many good towns on the line, and Lewiston, Genesee, Uniontown, Colton, Johnson and Staley are greatly inconvenienced. The travel is great enough on that part of the line to warrant a first-class passenger schedule, and it should be given. As it is the mixed train does not reach Colton till about 10 o'clock at night.

**Neighboring Towns.**  
 Moscow.  
 Jacob Hoke, aged 77 years and 2 days, died last Saturday at the residence of his son in this city. The funeral took place from the house Sunday afternoon. Mr. Hoke was one of the oldest settlers of the Palouse valley, and leaves a large circle of acquaintances.

Brick laying on the state university was commenced Wednesday morning. Home made brick is being used in the structure, and it is safe to prophesy that it will be substantially and artistically done.  
 Last Tuesday night a fellow entered the boiler room at the electric station and was in the act of taking the engineer's watch when discovered. The engineer started after the thief who ran out of the room. A couple of bullets were sent after the retreating form, one of which struck in the door casing. The fellow had entered the room while the engineer was at the dynamo, and proceeded to see what could be taken, but came near getting more than he could carry.

The board of county commissioners of Latah county, Idaho, met at the court house in Moscow on the first Monday of October 1891, to investigate the matter of the assessment of the First National bank of Moscow, which was increased by said board on the fourth Monday of August 1891, due notice of said increase having been made by the clerk as by law provided. Present, C. C. Carpenter, chairman, A. N. Roberts, D. C. Trible, L. F. Williams appeared on behalf of said bank and its share holders and protested against the increase as made by the board on the fourth Monday of August 1891, and requested that the said assessment as heretofore raised by the board be reduced in the sum of \$7,000 dollars, the board after having investigated the matter, and being fully advised by their attorney, ordered that the said assessment should remain as fixed by them on the fourth Monday of August 1891, and that no further change be made in said assessment.—Mirror.

made at the Lewiston Suburban training track to accommodate the horses that expect to winter here. From present indications at least seventy horses will be in training at the track this winter. Sears, Lindsay, Harriman and other prominent horsemen who were here with their flyers last year, have signified their intention of returning this winter. Beyond doubt this is the finest winter training track in the northwest, and horsemen everywhere are rapidly being apprised of the fact. It would be no surprise to see fully 100 horses here during the winter.

At a meeting of the directors of the Lewiston National bank, on Tuesday last, Jasper Reid was chosen to fill the vacancy in the directorship and C. C. Bunnell was elected president. Both gentlemen are well known and representative Lewiston business men.

We are glad to note that the diphtheria sores of last week has subsided. No cases except those first discovered developed. By wise precautions of the health officers the disease did not spread and the attending physicians, Doctors Hoff and Morris, have all pulled safely through the attack. Let this serve as a caution to the citizens to remove carefully all matter that will tend to breed this and similar pestilential diseases.

**CULP.**  
 A strange mineral discovery was made a few days ago near Medicine Mountain by P. G. Blackford, who owns a claim in that locality, says the Falouse Gazette. Mr. Blackford was in the act of prospecting and told about the particulars of the rock. He says that when taken from the ground it has much the appearance of iron ore and is quite as heavy. The first that was taken was piled up near the shaft one evening and the next morning was found to be smoking. It continued to grow hotter until it became a white heat, remaining in that condition several days, after which it gradually cooled off. It was then found to be half its first weight and resembled much the fragments of meteorites that are found on the surface. Looking like it has ever been heard of in the world, and talked of. Specimens will be sent to the Smithsonian institute.

Tuesday the people of Okanogan were notified by Frank Lyon that there was a dead man lying under a straw stack in a field on his ranch. The coroner at Colfax was duly notified of the fact, and being unable to stand, requested J. F. Fisk, Esq., to act as coroner, to hold an inquest. This duty being a little extra judicial for the justice, Mr. Fisk called Attorney King to his aid, and at once issued a call for a jury of inquest to meet at the place where deceased lay. This they did, and after viewing the remains and hearing the testimony of Frank Lyon, rendered a verdict that the man, whose name they were unable to ascertain, died from a dose of poison self-administered, an empty eighth ounce vial labeled strychnine being found near the corpse, and from the apparent preparation and arrangement of the scene, he evidently suicide. He lay on his back, legs straight out, hands crossed on his breast, and had evidently died without a struggle. He was about 80 years of age, and had nothing on his person to give any clue as to his name or place of residence other than a heavy paper wrapper of Aaron Kubin's Colfax store.

 Old papers for sale at this office for 50¢ per hundred.  
 Read the new ad. of N. Newman and give him a trial when you need anything in his line.  
 Portland won the base ball pennant in the Northwest league this season. Spokane was second on the list.  
 Dr. W. B. Reese has filed up a new office on Fir street, near his residence, and moved his office thereto.  
 Harvesting in this neighborhood is nearly completed and the farmers are busy hauling their grain to Genesee.  
 The school report for the past month of the Genesee public school, unavailably crowded out of this issue, will appear next week.  
 All persons are hereby warned not to purchase wheat tickets from Wm. Nixon by the Central Warehouse Co., as the same has been paid. F. W. Moore.  
 A full attendance of the members of Genesee Lodge No. 30 I.O.O.F., is asked for next Saturday evening at 7:30. Importance is to be brought before the lodge.  
 The majority of the delegates to the grand lodge I.O.O.F., from Lewiston and the Genesee Valley, consisted through this city on Sunday and Monday last, on their way to Moscow.  
 The Grand Encampment of the I.O.O.F., met in Moscow, near the city hall, on Monday at 2 o'clock after a dinner with Wm. Harris, C. F. Burr and E. R. Follet, representing the order from this city.  
 All persons are warned not to purchase a warehouse ticket from the Standard Elevator by the Cheatham-Baker Co., as the same has been paid.  
 N. R. ANDERSON.  
 Driscoll & Stenslie's machine thrashed last Sunday morning, on the ranch of G. A. Peterson, about four miles northeast of Genesee, 620 bushels of wheat from a ten-acre field. Let us know if you can beat that anywhere in the west.  
 Emma Jane, the infant daughter of Rev. J. H. Moody of this city died on Monday at 2 o'clock after a illness of ten days, she was aged 5 months and 9 days. The funeral took place from the residence at 11 o'clock Tuesday.  
 The son of Mr. Darby of Pocatello, who met the mysterious end of his life by hanging at Mr. Demott's by the leaves of a hay-press, is doing well. Dr. Reese set the leg. The following day he was removed to his home without further injury.  
 "One evening last week, a son of Mr. Weatherly, of Elk Ridge, slid off of a hay stack upon the prongs of an upturned hay fork one of the times of which inflicted a serious wound on the abdomen, causing peritonitis. Dr. Reese reports him doing well, however.  
 Articles of agreement have been signed by the board of city council members and the Spokane Water Well Drilling company, for drilling an artesian well in Genesee, the work, according to the contract to be begun within ten days from the date of the instrument which is dated Oct. 12, 1891.  
 The Genesee public schools have enrolled to date 125 students of the high school yet to enter. The patrons of the school should now co-operate with the teachers and see that their children attend at once and when entered, that they attend every day. Children can not do any satisfactory unless regular in their attendance.  
 A grand factory hall under the management of "L. I. G. G." has been arranged for to-morrow evening, Oct. 16, at 8 o'clock, at the hardware store of W. J. Herman, through a back window, drilled a hole into his large safe and by the use of some very powerful explosives, succeeded in blowing the door of the safe off into the floor, resulting in his escape with \$1,000 from the safe about \$250, and then helped themselves to a lot of pocket cutlery, watches and jewelry, leaving without any clue to their identity. There was found near the safe a trace and bit, belonging to Craig & Manning, which was taken by any one, supposed it to be nothing unusual. Mr. Herman says that if the thief had been caught one night sooner the operators would have made a very good haul, as there was then between \$800 and \$1,000 in the safe.  
**BUSINESS LOCALS.**  
**Notice to Creditors.**

 Bargain No. 3—Good walnut lounge for \$40.  
 The N.P.R.R. will sell excursion tickets to Spokane Fall and back Oct. 4 to 12 at one and one-half fare for round trip.  
 Accommodating and polite attendants are guaranteed all who drop in at the N.P.R. Exchange. 13-11  
 A fine line of ladies' gowns and children's shoes just received from the east, sold very cheap at C. M. Poor's. 13-47  
 Notice to Creditors.—All persons knowing themselves indebted to me are hereby notified to come and make settlement immediately.  
 J. C. HANSON, one of the enterprising farmers of this valley, expects to start for his old home in Wisconsin on Monday next.

John Deary, one of the pioneers of Lewiston, was a guest at the public dinner on Sunday night, while on his way home from San Diego, Cal., where his family is now living. Mr. Deary's family from California is in the country for some time, but says North Idaho is ahead of her as a grain country.  
 Mr. H. N. Hooker, one of the managers of the Spokane Glass and Pottery Co., is on a business visit to-day. He thinks this country and Genesee is the place for investments in real estate.  
**At Rest.**  
 A shock came over this entire community last Saturday morning when a telegram came announcing the death of Mrs. W. C. Cox at Lowell, Wash. Three weeks ago to-day she left for the South with the doctor, in good spirits and improved health. She endured the journey well and was evidently much benefited by the change of climate. Dr. Cox had engaged lots and they had expected to build and get settled at once. Mrs. Cox was a devoted and full of interest for her future plans. On Tuesday evening she was prematurely confined of a son but was doing so well that there seemed no cause for alarm. The child lived for a short time only, receiving from his mother the name Clarence Earl. The mother's symptoms all continued favorable until Thursday morning, when she was taken with convulsions lasting for an hour, after which she did not entirely regain consciousness. She died on Saturday morning, Oct. 10, at 4 o'clock, every known remedy proving of no avail in arresting the steady ebbing away of life. The direct cause of death was cerebral convulsions due to meningitis and kidney complications.  
 Mrs. Cox was born in Pinaroot, Wis., Jan. 1, 1870, the oldest daughter of Mr. and Mrs. Lewis Jain and the second in a family of five children. She was married to Dr. W. C. Cox March 4, 1880. Of the esteem in which she was held by a large circle of friends throughout the community little need be said. Sufficient testimony to that fact was the large number of people which gathered on Tuesday at her funeral in the church in Genesee, whether her remains had been brought. The church was filled to overflowing, more than 300 people being present. The body was laid out in a beautiful white casket and in death she wore the same cheerful look which was so familiar to all who knew her in life. The pall-bearers were, Mrs. E. R. Follet, Mrs. T. Kennedy, Mrs. Frank Jones, Mrs. J. S. Larrabee, Mrs. A. E. Mastin, Mrs. M. C. Harris and Miss Cora Harris, all members of the Rebecca Degree lodge of this city to which Mrs. Cox belonged. The funeral services were conducted by Rev. E. L. Smith of the Congregational church. Among those from abroad, attending the funeral were Dr. N. G. Blacklock with Misses May and Rose Blacklock, of Walla Walla, Dr. and Mrs. Price, of Juliaetta, Dr. McCollom, of Colton and Dr. Ehlman, of Uniontown.  
 Mrs. Cox was a woman of great value to her home. She was interested in every good work and was ready to give her strength and means to every cause which meant a real benefit to the town. Active in temperance work, an energetic member of the Ladies' Home Missionary society, a leader in social life, she will be sorely missed by all. During the past year she had publicly proclaimed her faith in Christ by uniting with the Congregational church upon a confession. Blessed is the memory of such a woman.  
 Her husband, Dr. W. C. Cox, extends his sincere sympathy.

**Hold Robbery.**  
 On Wednesday night a daring robbery was committed in this city that compares favorably with some you read about. Parley G. Hill, well known hardware store of W. J. Herman, through a back window, drilled a hole into his large safe and by the use of some very powerful explosives, succeeded in blowing the door of the safe off into the floor, resulting in his escape with \$1,000 from the safe about \$250, and then helped themselves to a lot of pocket cutlery, watches and jewelry, leaving without any clue to their identity. There was found near the safe a trace and bit, belonging to Craig & Manning, which was taken by any one, supposed it to be nothing unusual. Mr. Herman says that if the thief had been caught one night sooner the operators would have made a very good haul, as there was then between \$800 and \$1,000 in the safe.

 Accommodating and polite attendants are guaranteed all who drop in at the N.P.R. Exchange. 13-11  
 A fine line of ladies' gowns and children's shoes just received from the east, sold very cheap at C. M. Poor's. 13-47  
 Notice to Creditors.—All persons knowing themselves indebted to me are hereby notified to come and make settlement immediately.  
 J. C. HANSON, one of the enterprising farmers of this valley, expects to start for his old home in Wisconsin on Monday next.

**Hold Robbery.**  
 On Wednesday night a daring robbery was committed in this city that compares favorably with some you read about. Parley G. Hill, well known hardware store of W. J. Herman, through a back window, drilled a hole into his large safe and by the use of some very powerful explosives, succeeded in blowing the door of the safe off into the floor, resulting in his escape with \$1,000 from the safe about \$250, and then helped themselves to a lot of pocket cutlery, watches and jewelry, leaving without any clue to their identity. There was found near the safe a trace and bit, belonging to Craig & Manning, which was taken by any one, supposed it to be nothing unusual. Mr. Herman says that if the thief had been caught one night sooner the operators would have made a very good haul, as there was then between \$800 and \$1,000 in the safe.  
**BUSINESS LOCALS.**  
**Notice to Creditors.**  
 Having sold a half interest in the Genesee Roller Mills, I take this method of informing all indebted to me to call and make settlement immediately, either by cash or note.  
 W. H. THOMAS,  
 Genesee, Sept. 30, 1891. 22-11  
 House furnishing goods at Herman's.  
 Bargains in crockery and glassware at T. Jacobson.  
 Twenty dollars of heating stoves to arrive soon at Herman's. 19-47  
 Look out for new furniture at Herman's Bargain No. 1—Three piece bed-room suit for \$20.  
 Bargain No. 2—Good bed-room suit for \$15.  
 Bargain No. 3—Good walnut lounge for \$40.  
 The N.P.R.R. will sell excursion tickets to Spokane Fall and back Oct. 4 to 12 at one and one-half fare for round trip.

THE RECORDER. PUBLISHED EVERY THURSDAY AT GENESSEE, IDAHO. C. M. POOL, Editor and Proprietor. TERMS OF SUBSCRIPTION, One copy one year, \$2.00 One copy six months, \$1.00 THURSDAY, OCT. 29, 1891.

A Berlin dispatch of the 24th says that Dr. von Hollen, the German minister to Japan has been appointed minister to the United States to succeed the late Count Arcovaly.

Donald & Howell, railroad contractors, left Moscow with all their materials for Spokane on the 14th, where they will go into winter quarters. Their live stock, plows, scrapers, etc., were shipped on the 9th, occupying 93 cars. On the 14th their office furniture was shipped. Their work on the Lewiston branch is finished for the present.

The N. P. mail train will commence running on this line on the 9th next month. The train will arrive here about 10 o'clock in the evening and leave in the morning about 5. As soon as this change is made the stage line to Moscow will be discontinued.—The Potlatch.

From a letter from George H. Roberts, secretary of the state board of land commissioners, we learn, says the Moscow Democrat, that the date of sale of the school land in Latah county is not yet settled, but will likely occur next month. The county commissioners inform us that they will finish the appraisal in about ten days. The section adjoining Moscow is to be divided into ten acre tracts.

The Indianapolis News of the 21st says: "A high official of the Pennsylvania company states that the object of President Roberts' recent trip west was to negotiate the consolidation of the traffic alliance with the Northern Pacific Railroad company thus opening up to the northwest the Pennsylvania company. If this is accomplished it will create a system 13,000 miles long giving a direct line from ocean to ocean. The subject has been in contemplation in Pittsburgh and New York during the past year."

RUBY CREEK ITEMS. RUBY CREEK, Idaho, Oct. 24.—People are beginning to come into camp to prepare for winter. There will be more work done this winter in the way of developing mines than altogether heretofore.

Mr. Sam Laird has come in with a force of men to commence work on his mine, known as the Little Maiden, on which he sank 75 feet last winter and struck some very fine ore. Mr. Laird lives in Garfield, he is a man of push and enterprise, having been successful in mines before in the Couer d'Alene country and we are told that he is a stayer, we think with the prospect that he has to work on he will leave Ruby creek with a handsome little stake.

Mike Meyer is pushing the tunnel on the Northern Light. The Black Lead and Sunset mines have shut down for a short time but will start again soon. The Cameron Bros. & Co. are pushing work on the Black Hog mine.

Stock, Hagan, Schutte & Co. expect to work the Home Stake mine this winter. The following is the amount of work done on a few of the principal prospects in Ruby creek: The Sunset mine, 200-foot tunnel; the Mayflower, 250-foot tunnel and 30-foot shaft; Northern Light, 75-foot shaft; the Black Lead, 150-foot tunnel and 92-foot shaft at end of tunnel; Free Colgate, 150-foot tunnel; Little Maiden, 75-foot shaft; Blue Bird, 75-foot shaft; Rein Deer, 50-foot shaft; Gray Eagle, 87-foot shaft; Silver King, 40-foot shaft. All of which are good prospects.

All we lack to make Ruby Creek one of the leading mining camps of the state is a few men with capital to open up some of the above named prospects as the owners, like in all others now mining camps, are poor men and have no go slow.

"On my way to Ruby Creek I often heard people, living near the camp, make the remark, 'I hope they will strike something good in the way of mines in Ruby Creek,' but, said he, you have already struck it. I have never in a camp before that struck up as good, with the amount of work that has been done in Ruby Creek. The Black Lead, the Mayflower, the Silver King and the Sunset mines are throwing good concentrating ore over the dump, in fact enough to open up the mines if it was saved and worked."

Commissioner's Proceedings. The board of county commissioners for Nez Perce county, met in regular session at Lewiston on the 12th inst. Present, D. M. White, chairman, John A. Wilkinson, G. W. Walker and H. K. Barnett, clerk. The minutes of last regular session were read, also the minutes of a special meeting in September, after which the following business was disposed of:

In the matter of the petition of A. O. Christensen et al., in road district No. 3, it appearing to the satisfaction of the board, that said petition was in writing and signed by more than ten inhabitants of the aforesaid district, taxable therein and had signed said petition for the purpose of laying out the said road to-wit: Commencing on the section line between sections 22 and 23, to 37 1/2 N., R. 3 W., one-half mile south of the boundary line between Nez Perce and Latah counties, thence to run due north one-half section line one-half mile connecting with the county road leading to Genesee, Idaho. And it further appearing to the satisfaction of the board that said petition sets forth the necessity for and advantages to be gained by the opening of said road, and also through whose land the road proposed will run, and that the said petition was accompanied by a good and sufficient bond approved by the board of county commissioners, in double the amount of the probable cost of viewing and laying out of said proposed road, and that all costs of viewing and surveying said proposed road, in case the prayer of the petition is not granted. It is therefore ordered by this board that M. L. Goldsmith, Theo. Loring and W. P. Bell, county surveyors, be and they are hereby appointed viewers to view out and survey said road. In the matter of the bond of John Madden for the sale of intoxicating liquors, it is ordered that the bond be not approved so far as pertains to Daniel McKinnie.

Second day, Oct. 13.—The following bills were examined and allowed and warrants ordered drawn. ON THE CURRENT EXPENSE FUND. Pioneer Stamp Works, \$ 12 75 Phoenix Bindery, 7 50 Wash. The Genesee Roller Mills of this city seem to have all the work they can do and a little more, for the past two weeks they have been running night and day.

Henry Marston, who called yesterday, says that the farmers in that neighborhood have about finished hauling and are ready to commence plowing and seeding.

We are told that Dr. H. S. Williams, of this place, and Miss Anna Baileister, of Astoria, Wash., were married at the latter place on Tuesday evening of this week.

Work on the arduous wall was commenced yesterday morning. It is hoped that within a few weeks it will be the pleasure of all to see a large stream of water belching from the mouth of one of the best wells on the coast.

Wedding invitations are out announcing the marriage of B. F. Hall, of Portland, Oregon, to Miss Bessie Nelson, of this city, to take place at the residence of Mr. Henry Nelson, in this city on the 12th of next month.

The telephone line between Genesee and Uniontown will be completed into Genesee to-morrow, if nothing unforeseen arises to prevent. The office will probably be in the rear of C. F. Burr's office next door to the post-office.

Johnny Cox, who has been in Genesee the greater part of this fall dealing a twenty-one game, was last week indicted for an assault with a deadly weapon by the district court of Idaho county and sentenced to five years in the penitentiary of Idaho.

C. A. Christopher & Co., dealers in drugs and stationery, intended to have a new ad. this week, but from the fact that the copy was not furnished as usual a few moments before going to press, it was unavoidably left out of this issue, look for it next week.

Notice to Stockholders.—The First National bank of Genesee, Idaho, by a vote of its directors on Oct. 7, 1891, declared to pay a dividend of 40 per cent. upon the capital stock. President October 21, 1891. J. P. Vollmer, Cashier.

We have good side walks in Genesee, which are, however, of but comparatively little benefit at night. To make them complete for night use, we have arranged for lighting for Genesee in now in order. May the council take this matter in hand and cause a lamp to be placed on the corner of the principal streets in the vicinity of our residents.

Geo. Jenness has purchased the interests of T. P. Manning in the firm of Craig & Manning, general merchandise, Oregon, to an oversight on our part their advertisement was not changed this week as ordered; our mistake will not effect the new firm of Craig & Manning, who will be in charge of the business, but you may depend upon first-class work at their shop on Elm street.

PERSONALS. Joe Richards is now the accommodating clerk at the Jatah hotel. You will always find him ready and willing to assist you in any way around the hotel.

A. A. Means, manager of the J. P. Vollmer here, had a visit on Saturday and Sunday last.

Clara Shilts is on the sick list this week and is unable to be for several weeks yet, suffering with a severe cold on the index finger of her right hand. Dr. Williams' liniment has done her the most good.

Barney Kolenkohl and Frank Jones will leave to-morrow or Saturday for Boise city, where they go to act as grand jurors for the U. S. court which is to convene at that city on the 2d of next month.

Wm. Mervyn and Horace Sampson expect to start for Boise City the coming week, but of course before the U. S. court at that city.

Miss Bessie Hodgins, of Uniontown, is visiting this week with the family of L. W. Tait of this place.

W. H. Thomas, one of the leading proprietors of Genesee Roller Mills, left on Monday morning's train for Tacoma and other round cities, to be absent about a week.

Dr. P. Manning, formerly of the firm of Craig & Manning, is in the employ of the Frank Bros. Implement house in this city.

Mrs. McGraw and children are visiting with the family of Mr. Yockey on American Kluge, this week.

John Larabee, well and favorably known in this place, has accepted a situation in the store of J. P. Vollmer, of this place.

As announced in our last issue, the noted temperance lecturer, Francis Murphy lecture in the Elliot hall on Tuesday and Wednesday evenings of this week.

On Tuesday evening the hall was jammed full, while last evening the crowd was fully as large as on the night previous. Mr. Murphy's way of talking temperance is somewhat out of the ordinary and his lectures are full of interest and instruction.

Teachers' Association. Miss Addie Cable, secretary of the Teachers' Association of Latah county, furnishes us the following program of the Teachers' Educational association, which will meet in Genesee on the 7th of next month.

OWEN HOUSE, Genesee, Idaho. Mrs. E. A. McKenna. Families will find all the comforts of a home at the Owen House.

NO MORE BACKACHE. O.K. Recently the following letter appeared in the San Francisco Chronicle: "Judge Jones had been sick only about two weeks, and it was not until the last three or four days of the illness that he suffered from backache and stomach distress. He had been suffering from the disease for several months, and his kidneys refused to perform their functions and his blood was poisoned. This ended in the death of one of the most prominent men in California. He had been suffering from the disease for several months, and his kidneys refused to perform their functions and his blood was poisoned. This ended in the death of one of the most prominent men in California. He had been suffering from the disease for several months, and his kidneys refused to perform their functions and his blood was poisoned. NO MORE BACKACHE. O.K. Recently the following letter appeared in the San Francisco Chronicle: "Judge Jones had been sick only about two weeks, and it was not until the last three or four days of the illness that he suffered from backache and stomach distress. He had been suffering from the disease for several months, and his kidneys refused to perform their functions and his blood was poisoned. This ended in the death of one of the most prominent men in California. He had been suffering from the disease for several months, and his kidneys refused to perform their functions and his blood was poisoned. This ended in the death of one of the most prominent men in California."

THE RECORDER.

Published Every Thursday at Genesee, Idaho. O. M. POOR, Editor and Proprietor.

TERMS OF SUBSCRIPTION. One copy one year, \$2.00. One copy six months, \$1.00. THURSDAY, NOV. 12, 1891.

The taxes collected last month by Assessor Vennigerholm amounted to over \$10,000, an increase of \$3,000 for the corresponding month in 1890.

H. S. Coburn was arraigned last Saturday on the indictment brought against him by the grand jury for embezzlement.

At the grand lodge I. O. O. F., held at Moscow, recently, the location of the Odd Fellows' home for orphans was determined and the plan was captured by Idaho Falls.

The farmers of the Potlatch country have organized a stock company for the purpose of building a warehouse and carrying on a mercantile business.

J. P. McCroskey put 1,100 acres in grain last season, says the Oakesdale Sun. From this acreage he has threshed 56,000 bushels.

Where settlers have improved the lands which are sold, the law provides as follows: Sec. 12, session laws of 1891.

Any person purchasing lands upon which improvements have been made by any other person, the purchaser shall pay full price of said lands and improvements to the county treasurer.

Purchasers can pay any amount on the principal, or purchase price of the land that they choose, and the treasurer of the county shall receipt for the same.

School Lands.

Below we give the date of sale and description of school lands in Latah county to be sold this year.

The lands cannot be sold for less than the appraised value, which is not less than \$10 per acre or amount of appraisals.

For timber lands, valuable chiefly for timber, oak in hand; other timber lands, at least one-half of the purchase price cash in hand.

At the Northern agent said that his road was delivering at Tacoma, where there was uninterrupted traffic, ample facilities and no delays.

Harvey Got Five Years. Dell Harvey, who was tried last week for stealing a pair of horses, has been convicted and sentenced to five years in the penitentiary.

Boeche writes over an assumed name. "Modesty"? "No, Self-respect I fancy."

Never expect a lawyer to mind his own business. He'd starve to death if he did.

The man who lives in the public eye must expect sometimes to be under the lash.

Humble citizen—"See here, barber, you've cut off a piece of my ear."

Tonsorial artist—"Yes, they seemed to me a trifling rarity."

Grain Blockade.

The Farmers' Advocate says that the threatened blockade at Albion, Oregon, has become a fact and loud are the wails from shippers who trusted to the assurance of the Union Pacific that the through line would be kept open.

It is learned positively that the accumulation of grain at Oregon's chief shipping port is such that it will take at least 30 days to clear it up.

It is probable, however, that shippers are kept ignorant of this until their grain is loaded and when considerable expense and annoyance would be incurred in transferring it.

At the Northern agent said that his road was delivering at Tacoma, where there was uninterrupted traffic, ample facilities and no delays.

Harvey Got Five Years. Dell Harvey, who was tried last week for stealing a pair of horses, has been convicted and sentenced to five years in the penitentiary.

THE RECORDER.

Published Every Thursday at Genesee, Idaho. O. M. POOR, Editor and Proprietor.

TERMS OF SUBSCRIPTION. One copy one year, \$2.00. One copy six months, \$1.00. THURSDAY, NOV. 12, 1891.

Local BREVITIES. Take the Recorder. Read the Recorder.

Blacksmiths are kept busy sharpening plows. Everything very quiet around town the past week.

The first ice this fall was formed on the main-pavement in the streets of Genesee last Tuesday night.

Both the blacksmiths are over-work with the plows, which is sharpening and repairing plows.

The dance given by the Elliot Hall committee last Friday evening, though not well attended, was a very enjoyable affair.

The Genesee Drug company have received a large lot of goods the past week and have now a new display in their show window.

Local items are as scarce as hen's teeth this week. Can't you send me some for next issue from the neighborhood in which you live?

It is expected that Gov. Van Dusen, of Spokane, will speak at the Congressional church, in Genesee, next Sunday morning and evening at the regular hours.

From Mr. Snyder, who lives in the northeastern part of the county, we learn that there was about ten inches of snow on the mountains east of Moscow last Saturday.

PERSONALS.

J. S. Bennett, one of the pioneer settlers of the valley and also a thrifty and prosperous farmer of the past, has now sold out all his interests here and is about to start for the West.

Recently the following notice appeared in the San Francisco Chronicle. Judge G... had been sick only three or four days that the malady took a serious turn. He was unable to perform his duties and his health was so affected that he was compelled to resign his office. He was, however, so fortunate as to be cured by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He writes: "I have used your medicine and I feel that I am now as well as ever. I have never before experienced such a cure. I have used your medicine and I feel that I am now as well as ever. I have never before experienced such a cure." THE DEARING Livery and Feed Stables, East end of Walnut street, Genesee, Idaho. Charges reasonable. J. F. DEARING, Prop.

GOOD LUCK.

Dr. Price's Cream Baking Powder is often called the Good-Luck Baking Powder.

Owing to the fact that good luck always attends the use of Dr. Price's, it is not essential to use it the moment it is mixed nor is it required to have the oven always just so, as in the case with ammonia or alum powders. It is not luck after all, but the exact accuracy and care exercised in the preparation and combination of all the ingredients of Dr. Price's Cream Baking Powder. Competent chemists are employed to test the strength and purity of each ingredient. Nothing is trusted to chance. Hence; it is always uniform in its work.

House wives never fail to have "good luck" in making most delicious bread, biscuit, pastry and cakes that remain moist and sweet. Only Baking Powder that contains the white of eggs.

Dr. Price's Cream Baking Powder is reported by all authorities as free from Ammonia, Alum, or any other adulterant. In fact, the purity of this ideal powder has never been questioned.

FREE EXHIBITION

From California, Utah, Montana, Idaho, Washington and Oregon to Portland.

STORY OF AN EX-BRAKEMAN.

Driven from His Position by Errors Inconsequential to His Calling. "I was a brakeman on the Harlem road before I entered the ministry," said a well known Brooklyn preacher...

HELPLESS.

Chicago, Ill. WAS confined to bed; could not walk from lame-back; suffered 5 months; doctors did not help; 2 bottles of ST. JACOBS OIL cured me. No return in 5 years.

TEA POUNDS

THINK OF IT! As a Fresh Product there can be no question of its purity.

SCOTT'S EMULSION

Of Pure Cod Liver Oil and Hypophosphites of Lime and Soda is without a rival. Many have tried it and found it to be the best.

CONSUMPTION

Sorting and Cleaning Wool. The wool comes into the mill dirty, greasy, burry, sometimes washed by the farmer, but generally just as it comes from the sheep.

STANDS ON ITS MERIT.

Drummer—Here is my card, sir. This is my first trip on the road. I neither drink, smoke nor swear. I know little about human nature and care less. I am independent, as you see, and you can buy my goods or not as you please.

Louisiana sugar men are objecting as to the appointment of negroes as inspectors of the sugar industry. The inroads of the river on New Orleans continue, and may prove a serious matter for a part of the year.

A canal to connect Jamaica Bay with the Great South Bay, on the south shore of Long Island, is spoken of as probable. The number of postoffices in the United States is officially stated to be 12,000.

Statistics in England put ammonia thirteenth in frequency in the list of poisons. Alexander Winter Thiry, medical officer of health in the St. Marys district, London, died thirty-one years of age, after a long illness.

Even the famous Frenchman, who has been so long in the hands of the Japanese, has been released. The number of postoffices in the United States is officially stated to be 12,000.

During the last eight months the number of locomotive engines exported from the United States was 25, against 17,500 in the corresponding period of 1890.

The New York naval reserve artillery is rapidly filling up its ranks to the number of 1,000 men. The number of postoffices in the United States is officially stated to be 12,000.

The Delaware Indians have just received \$45,000, being one-half of the sum given them by the government for the purchase of their lands.

An ingenious person in Chicago has invented an automatic Adeline Patti. The number of postoffices in the United States is officially stated to be 12,000.

The Governor of Tennessee has offered a reward of \$5,000 for the arrest and conviction of the leader of the Breckenridge party.

An agreement has been concluded with the Tonkawa tribe of Indians of Oklahoma, which will give them 10,000 acres of land.

Kansas City officials have been brought up to a high state of excitement by the discovery of gold in the waterworks tunnel under the Missouri river.

President Noel of the Olympic Club at St. Louis has telegraphed Sullivan's agents in New York offering to sell the Slavin-Sullivan contract for March 20, 1892.

Black diphtheria spreading at an alarming rate in a Norwegian settlement in Soldier Valley, Harrison county, Iowa. Fourteen persons recently died of the disease.

THE RECORDER, PUBLISHED EVERY THURSDAY AT GENESEE, IDAHO. C. M. POOR, Editor and Proprietor. TERMS OF SUBSCRIPTION. One copy one year, \$2.00. One copy six months, \$1.00. One copy three months, \$0.50. THURSDAY, NOV. 19, 1891.

It has long been the boast of Great Britain that here is the only realm on which the sun never sets. The boast is a false one, or has been such since the purchase by the United States of Alaska. When it is 6 o'clock p.m. at the westernmost of Alaska islands, it is 9:30 a.m. the next day on the eastern boundary of Maine.

Among the passengers on the City of Paris, which arrived in New York from Panama on the 18th inst., was C. A. S. railroad engineer, who has passed the last two years in Chile. He does not think there is any chance of the Baltimore incident resulting in serious trouble, and says: "I believe the war talk will subside."

Edison can crush a whole mountain, he says, by his new electrical mining idea. He will no longer have mines worked by the slow and painful process of following veins. He will simply blast the whole mountain down at one blow and then claw the mineral out of its ruins. Furthermore, he is going to have that kinetograph ready to astonish foreigners and natives at the world's fair by its ability to reproduce before an audience an entire opera, figures, costumes, gestures, singing and all.

Among the industries to be developed in the promising town of Genesee, none stands more prominently than does the establishment of a starch factory. Latah county raises larger and better potatoes and more of them to the acre than any other county in the young state of Idaho and it is only a matter of a few years when starch factories and numerous other factories will be running in all the best towns of North Idaho. It is a positive fact that Genesee, situated as it is, in the heart of the best agricultural country in Idaho, has limitless resources which only need capital and enterprise to develop.

It is in danger. The Palouse Gazette of last week says that D. M. Jesse, state fruit inspector, arrived in Colfax Wednesday from Walla Walla to investigate the rumors that the fruit of the Palouse country was becoming infested with the California scale bug, as had been reported by fruit growers. He has been all over the state on similar business and found tons upon tons of fruit damaged with this insect. But Palouse fruit, he thinks, is almost free from it.

"In Spokane county I found several orchards that were in danger of being entirely destroyed by the bug," he said to the Gazette, "and in the city of Spokane I condemned 'not less than twenty tons of fruit, which I ordered thrown into the river."

"This scale bug," he continued, "is the puzzle of the age with our artists. We don't know what to make of it. The naked eye can't see the insect, which, at its first appearance, deposits hundreds of eggs just beneath the peeling of plums, peaches, pears, apples or apricots, or any other kind of fruit. These eggs soon hatch and wherever they are found the fruit immediately turns a blood red. It is then very poisonous. I have heard prominent physicians say that for \$100 they wouldn't eat an apple so affected. Well, from the fruit the insects spread to the tree, which is sure to die within a year after they attack it. They deposit their eggs just under the bark, and the bugs that hatch have exactly the same effect on the tree as on the fruit, turning it a blood red. We are experimenting with remedies, but haven't yet found a cure. It is certain, though, that the tree must be operated upon while the sap is down, or while it is in its dormant condition. "I have found some fruit here infested with the scale bug, but it came from Walla Walla. My opinion is that generally the Palouse orchards are clear of it, and if the fruit growers know themselves they will keep clear. The bug gets to this state through California fruit, but can be killed before it gets much of a headway, providing we are cautious. Mr. Jesse will remain several days in Whitman county, inspecting fruit in every locality.

Where Will be the Route? The Kendrick Advocate of last week has the following to say to the farmers and stockmen, under the above heading: "There are but few farmers but what have some desire to improve their stock; but improvement with many seems a sort of utopian idea, or perhaps a luxury that none but the rich can really afford, where improvement in farming stock is at the present time within the reach of every farmer, no matter how poor he may be. In fact a poor man can't afford to keep poor stock. By this we do not wish to be understood that it would be advisable for him to run in debt for high-priced animals but to take his common stock and grade it up. With but little outlay for a good sire, or even less for service of stock from an enterprising neighbor, he could in a few years nearly double the value of his stock and its profits without realizing any burden in so doing. All that is needed is a reasonable stock of common sense and a determination to improve. Why go behind all the way and all the time, when it is so much easier to be at least even in the race for life?"

While the above is a good suggestion and about the only way for a farmer or anybody else, with a limited means, to get started and it will, we think, apply just as well to property owners in Genesee, and if they wish to improve the value of their city property they must make a start. You need not expect to make a Central Park out of your residential lot all in a year, but you can make the initiatory step towards beautifying and improving your lot by planting young trees and laying off your yards in nice flower-beds and grass lawns, which will, in a year's time surprise you in their growth. Besides the increased valuation of the property there will be lots of comfort, two or three years hence, to sit in the shade of the trees that you planted for an experiment, to improve your property. If the above is correct for the farmer it is to the business man. Now is the time to commence.

Not Satisfied. "On Nov. 9 the mail car on this branch of the N. P. R. R. was discontinued and we now have to depend on pouch mail made up at Pullman. This is a serious inconvenience as regards local mail between Pullman and Genesee. For instance, a letter mailed to-day for Genesee would not leave this office until to-morrow morning when it would be placed in the pouch for Pullman and be returned from there to Genesee that night and be ready for delivery next morning, or three days later, as the case may be." - Washington Journal.

The Journal is about right, as we know that it is a great inconvenience to both Uniontown and Colton as to quick delivery of mail between Pullman and Genesee, but where Genesee does not receive any good inconvenience in the way of regular mail service under the new system of carrying the mail the intervening points do. The Recorder suggests that an effort be made for an increased mail service between Genesee and Pullman, and that the postmaster-general be petitioned to that effect. Get in and rustic Uniontown and Colton.

The Weippe Road. The contract for Kendrick's portion of the new Weippe road was let last Monday night to our fellow-townsmen W. H. Corum, says the Advocate, the price being \$500, and we can congratulate the committee upon their good fortune in securing Mr. Corum to do this work, as it is a guarantee that the road will be completed to the satisfaction of all concerned. The contractor has had a large experience in road building and work which he has undertaken in the past was done in a masterly manner. The contract is for that portion of the road from Snell's mill to the forks of the river. Mr. Corum will begin work immediately and the road will be completed as rapidly as possible.

A Million Friends. A friend in need is a friend indeed, and not less than one million people have found one in friend in Dr. King's New Discovery for Consumption, Croup, and Cough. If you have never used this Great Cough Medicine, one trial will convince in all diseases of the Throat, Chest and Lungs. Each bottle is guaranteed to cure, or a refund of money will be returned. Trial bottle free at Genesee Drug Co., W. H. Harris proprietor. Large bottles 50c and \$1. 25-1y

There is a light covering of snow on the ground today. An interesting letter from J. C. Hanson from Wisconsin received to-day at this issue. About two inches of snow fell in this valley last Saturday night, the first this winter.

Proks, the wife of Mr. Spokane, is to be hung in this city on the 21st of next month. Mr. H. Nelson has moved into his new hotel building and intends to open it to the public next Monday. A residence and a half pound boy arrived at the residence of Mr. and Mrs. John Larabee, of this city, on the 10th inst.

Rev. Davies, of Spokane, held regular services, morning and evening at the Congregational church last Sunday. C. S. Scott, formerly of this city, but now at Moscow, has been appointed lieutenant-colonel in the Idaho National Guard and promoted as aid on the staff of the governor. Monday morning was the first morning of which the following is a list: Silver water set, Leo Morris, piano cover, H. P. Glass; hanging lamp, Krum & Scroggin; Angora rug, Fred Long; silver fastener, Fred Moore and George Holson; China fruit dishes, Mrs. C. Nelson and Mrs. E. Babcock; tea set, Mr. and Mrs. J. Hobson; silver tea spoons, Calla Cavert; water set, Mr. and Mrs. Wm. Brown; handkerchief case, Mrs. C. Nelson; pair of pillows, Mr. and Mrs. Herman; celery dish, Mrs. Dr. Reese; steel engraving, Mr. and Mrs. E. R. Follett; glass water set, R. W. Johnny Cox who was convicted at Mt. Idaho for assault with intent to commit murder and sentenced to Boise for five years, says the Free Press, has been brought before the supreme court on a writ of habeas corpus, seeking to be released on a legal technicality. The matter will come up for hearing in a few days.

Senator Mitchell, of Oregon, has announced the engagement of his daughter, Miss Mattie E. Mitchell, to Duke Francis de la Rochefoucauld of France. The wedding will take place in Paris next January. The duke is said to be quite wealthy and to occupy a prominent and influential position.

The Vollmer Ledger and all other exchanges are welcome to copy anything that originates in these columns, but in such case a credit mark would be made as a proof of bona fide desire to maintain diplomatic relations with this great organ of universal reciprocity—Mocow Democrat.

We suggest that the Democrat practice what it preaches and give the RECORDER proper credit for the major portion of its Genesee News.

F. A. McKenna, prominent mining man of the Ruby Creek district, in Idaho, was down the first part of the week, and spent several days in Oakesdale, says the Sun, the guest of Messrs. McKane & Willard who are interested in the mining property with him. Mr. McKenna is delighted with Oakesdale and her prospects, and declares they are only equalled by the bright prospects before the Ruby Creek district. He is confident of a boom for that country in the early spring.

The World's Fair commissioner-ship still remains vacant says the Boise Statesman of the 26th ult. After Mr. Clark's resignation, Governor Wiley tendered the place to Dr. W. W. Watkins, of Moscow. The doctor, in reply, stated he would be willing to accept if a guarantee were given that the moneyed men of the state would supplement the legislative appropriation with a sum sufficient to enable the commissioner to make such a display as the doctor would wish to present on behalf of Idaho, and attach an eulogy to the office sufficient to justify his abandonment of his practice for two years. The governor could not give such a guarantee, but he has written the doctor urging him to accept, and will hold the appointment open until Friday evening, Nov. 27, in order to hear from him.

**Close to a Billion.**  
Seven hundred millions of dollars—\$700,000,000, equal to a good-sized national debt—this is the increase in the value of this year's crops in the United States over that of the crops of last year, says the New York Evening Telegram. The estimate is that of Jeremiah M. Reek, secretary of the department of agriculture, yet it is probably correct. Certainly it is approximately correct. Wisconsin's bluff old-exaggerator driver may not be much on figures, but he can tell a hawk from a henhawk when the wind's not west. That beyond question is the direction of the favoring financial gales that are filling the sails of all legitimate business enterprises in this country, at the present time. Seven hundred millions! It is a godly wind. It will scatter relief and comfort and blessings and independence and courage in endless succession among the millions of right-possessors into whose hands it goes. It is not merely so much money. It is not as if so much value had been withdrawn from one class in this country to endow another class, or from one quarter of the world to endow this quarter of the world. There is no derangement, no uncompensating loss, to balance this enrichment. It is, so to speak, so much out of nothing, as is substantially all clear profit. It is derived from prey nearly the same acreage and the same tillage and the same ownership as were invested in agriculture in this country last year, with whose production this increase in value is compared.

**LOCAL CLIPPINGS.**  
(Moscow Mirror.)  
HONEY IS THOUGHTFUL.  
Last Saturday Auditor W. B. Kyle began his actions against J. Brown for libel and on Tuesday three actions for \$10,000 each for defamation of character. The latter proceedings were commenced before Probate Judge Creekmur. The bonds for his appearance for examination were fixed at \$5,000. The first four actions were begun before the Peace J. Q. Kelly, and the bonds on each charge were fixed at \$500. It was with considerable difficulty that bondsmen were secured, but finally A. A. and C. C. Lieutallen came to his rescue and kept him from spending a few days, at least, in the county jail. The examination on the first charges was set for Monday next.

**JAIL BREAKER CAPTURED.**  
Last Saturday two deputy sheriffs came up from Colfax looking after a fellow who had been discovered giving tools to a man who was confined in the Whitman county jail, charged with robbery, and who was an associate. The fellow was found in the Mammoth saloon and was arrested and placed in the county jail to await registration papers from the governor. He gave the name of Frank Rowles.

**THE BARNETT CASE.**  
The Barnett or I. R. Dawson vs. John Bark case, mentioned last week as being set for trial on Dec. 14, in Moscow, was set for Jan. 14 next, and will be heard by Judge Piper in Chambers at that time. That case is of considerable importance as the amount in controversy is large and both parties are fighting for all there is in it. A large number of witnesses will be in attendance during the trial.

**QUIET WEEK IN THE COURTS.**  
This has been an unusually quiet week in the courts. The cases filed in the district court were: A. P. Hotelling Co. vs. Schutte Brothers, money due on account; W. B. Kyle vs. J. L. Brown, \$30,000 damages for libel; Jno. P. Vollmer vs. J. G. Addison and H. L. Frost, appeal from justice court at Kendrick by defendants.

**GUARANTEE THE COSTS.**  
After filing the suits against J. L. Brown of this place Tuesday, W. B. Kyle had to give \$6,000 bonds guaranteeing the costs of the suits and any damages that might accrue. He furnished the bonds promptly, M. J. Shields and R. S. Browne, being his bondsmen.

**ROWLAND AGAIN IN DUNMIRE VILE.**  
Rowland, the man who broke jail here some time ago, and was wanted for assault with intent to kill, was captured last evening near Vollmer by Pete Donahue and Constable Taylor of Vollmer. Rowland was on a horse and endeavored to escape while two big six-shooters were snapping in his face. He was brought here and lodged in jail this morning together with another prisoner, one Reads, who hid himself last night under the steps, attempting to escape and was not discovered until to-day at noon.

**A Puzzled Heathen.**  
A distinguished Japanese official visited New York recently, and a member of the municipal government who had been in Japan and could speak the language of that country undertook to show him around.

"Is that officer making an arrest?" asked the Japanese, as he saw a man stop a milk wagon.  
"Not exactly," replied the official. "He is a milk inspector, and his duty is, under the law, to see that no impure milk is sold in the city. If the milk is all right he will let milkman pass on, otherwise he will arrest him."  
"What is impure milk?"  
"Milk that is mixed with chalk or water."  
"Is chalk a poison?"  
"On, no; it impairs the quality."  
"Does water in milk make anybody sick?"  
"Why, of course not. But when a person puts a milk can in the water, it is a swindle on the series of right-possessors into whose hands it goes. It is not merely so much money. It is not as if so much value had been withdrawn from one class in this country to endow another class, or from one quarter of the world to endow this quarter of the world. There is no derangement, no uncompensating loss, to balance this enrichment. It is, so to speak, so much out of nothing, as is substantially all clear profit. It is derived from prey nearly the same acreage and the same tillage and the same ownership as were invested in agriculture in this country last year, with whose production this increase in value is compared.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.  
Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica cured him entirely. Sold by Genesee Drug Co., W. Harris Proprietor. 25-26.

LAND OFFICE AT LEWISTON, IDAHO, Nov. 2, 1891.  
NOTICE is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim to the above described land, to-wit: S. L. LAM, of the County of Blaine, State of Idaho, viz: Section 26, T. 20 N., R. 20 E., S. 10 E., 1/4 Sec. 33, to 35, N. 1/4 Sec. 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 56

KILLED HIS SWEETHEART. A Terrible Crime Which Has Shocked the People of New England.

CONDEMNED. Another grand jury for a murderer.

AMMONIA BAKING POWDER MUST GO. Bills have been introduced in the New York, Illinois and Minnesota Legislatures compelling the manufacturer of such baking powders to brand on the label in bold type, this powder "Contains ammonia."

IT IS GRATIFYING TO KNOW THAT THERE ARE PURE BAKING POWDERS TO BE HAD ON THE MARKET AND AT NO GREATER COST TO THE CONSUMER THAN SOME OF THESE SO-CALLED "ABSOLUTELY PURE" AMMONIA POWDERS.

DR. PRICE'S CREAM BAKING POWDER, THE STANDARD PURE CREAM OF TARTAR POWDER FOR FORTY YEARS. FREE FROM THE TASTE OF EITHER AMMONIA OR ALUM. NONE SO PURE—NONE SO WHOLESOME.

DR. PRICE'S CREAM BAKING POWDER IS REPORTED BY ALL AUTHORITIES AS FREE FROM AMMONIA, ALUM, OR ANY OTHER ADULTERANT. IN FACT, THE PURITY OF THIS IDEAL POWDER HAS NEVER BEEN QUESTIONED.

THE MAJORITY OF WELL-READ PHYSICIANS NOW BELIEVE THAT CONSUMPTION IS A GERM DISEASE. IN OTHER WORDS, INSTEAD OF BEING IN THE CONSTITUTION ITSELF IT IS CAUSED BY IMMENSELY SMALL CREATURES LIVING IN THE LUNGS HAVING IN THEM THERE AND EATING THEM AWAY AS CATERpillARS DO THE LEAVES OF TREES.

THE PHLEGM THAT IS COUGHED UP IN THOSE PARTS OF THE LUNGS WHICH HAVE BEEN GAWDED OFF AND DESTROYED. THESE LITTLE BACILLI, AS THE GERMS ARE CALLED, ARE TOO SMALL TO BE SEEN WITH THE NAKED EYE, BUT THEY ARE VERY MUCH LIKE THE GERMS IN THE AIR WE BREATHE, AND THROUGH THE PORES OF THE SKIN. THEY GET INTO THE BLOOD AND FINALLY ARRIVE AT THE LUNGS WHERE THEY FASTEN AND INCREASE WITH FRIGHTFUL RAPIDITY.

 One copy six months, \$1.00

THURSDAY, DEC. 17, 1891.

**Taxes and Taxation.**

This is the season when we feel the burden of taxation—and it is a burden. Four and one-half per cent. This is an outrageous burden and one which ought not to exist in any government. It is raising a revenue which is greater than an honest government ought to cost. But to say that four and one-half per cent. is enormously high is only to state it mildly. The assessment is as much above the true value as the rate of taxation is above a reasonable rate. One of the best men, who resides in our state, an old resident of Geneseo writes, "I would be glad to sell all my property at Geneseo for one-half its assessed valuation." This man is a judge of values.

Who is to blame for our rate of taxation? First of all those who control the political power of the state are to blame. They control the legislature and they control the officers. For the purpose of carrying some point politically they will vote appropriations for roads and public buildings where they are not needed and which the state, in its infancy, is not able to build. This is done to buy up the members of the legislature. If they will do as the political leaders tell them, the political leaders will cause an appropriation to be voted for some scheme for their own town or county.

After doing this they tax the people to pay for their bribery; our state is suffering from this thing to-day. We are taxing the people for improvements before we are able to make them. Our government costs double what it ought to and our assessment is double what it ought to be and thus the burden of taxation on the people is twice as heavy as it should be.

**Local Clippings.**

[Moscow Mirror.]  
 A dispatch was received by Hon. W. J. McConnell Tuesday evening from Fred T. Dubois stating that he had, been sworn in and that it was practically conceded that the Clagget fight was ended. If this is the case Idaho will be represented in the senate as was the intention of the electors, and the jobbers have been vanquished. If Clagget wanted the senatorial plum so bad he should have used some discretion and not wanted the earth.

Last Wednesday night about 10 o'clock two men in disguise went to "French Joe's" house and beat the woman found there, after which they gagged and bound her. They pilfered the rooms in search of valuables, but took nothing except a revolver. The woman was found several hours afterward in an insensible condition. There was no trace of the robbers found.

As an indication of the rapid development of Idaho, all point with pride to the fact that her permanent school fund has now reached the snug sum of nearly \$400,000. This is as it should be, for there can be no better advertisement to any state than to let the knowledge get abroad that her young are being cared for and the foundation laid for the thorough equipment of our public school system.—Ex.

[Lawton Teller.]  
 Joe Alexander has just returned from a business trip to Uniontown and Oakesdale. He reports copious rains there and that the outlook for a big crop is good, and predicts that the Palouse will boom next year.

Geo. Young has suffered terribly from his wounds this week, being most of the time raving with pain, and requiring the forces of several men to keep him in bed. He is, however, better and with proper care may recover.

J. M. Harrington has returned from his camp on Clearwater and is now busy with a considerable force in getting ready his mill site here on the slough. A great deal of earth-work and piling must be put in before everything is ready to receive the logs from next spring's freshets. Mr. Harrington finally made winter camp at George White's old cabin on the north fork of Clearwater, about twenty miles above Chapman's mill. Here he will work until spring at which time he will push back further up the stream to get out

cedar for a big contract of shingles. The party got started too late this season to reach the locality they wished this winter, and they labor under many disadvantages in consequence.

Paddy Connelly, who was convalescing at the hospital, quietly decamped Monday night, but was found and arrested Tuesday morning. Warrants had been sworn out for Connelly, but owing to his precarious condition, he was not molested. It seems that he had been improving more rapidly than was supposed, and probably concluded that things might be a little warm for him, he decided to leave between two days. He attempted to hide himself in a dwelling in town; failing in this, he left town by stealing through back streets, and going up Snake river took refuge in the cabin of Dick Green. Here he was found by the officers snugly ensconced in bed with the covers smoothed down and a pillow over his face. The trick was easily discovered and Paddy was brought back and lodged in the county jail. His trip has given him an uncomfortable birth and an aggravated set of wounds to deal with.

[Star.]  
 J. I. Brown was bound over to the district court in the sum of \$1,000 by Judge Jolly Monday. This is only two of the libel suits against him, the others being postponed until next January.

It has long been known that the country adjacent to Moscow, could grow from thirty to eighty bushels of wheat to the acre, but it has just come to light that it can also grow three-legged pigs. Ben Shaw, living near here, is the owner of a porker of this kind that is five months old. The two fore legs of the pig are thoroughly developed as is also the right hind leg, but the left hind leg is not there—at least it is not visible. The pig is healthy, and is quite a "pet." Now, if the Palouse country don't produce what you want just ask for it.

**The Timber and Public Lands.**

The following letter, which imparts some valuable information, is of general interest in all sections of country west of the Mississippi and south of the Ohio rivers:  
 DEPARTMENT OF THE INTERIOR,  
 GENERAL LAND OFFICE,  
 Washington, D.C., Oct. 9, '91  
 N. M. Ruick, Halley, Idaho:

Sir—I have your letter of the 30th ult., asking first: Is the act of March 3, 1891, intended to prohibit the cutting of cord wood upon public mineral lands for sale in town for domestic uses, except upon previous compliance with sections 6, 7 and 8 of rules and regulations, dated May 5, 1891?  
 "2. Does such compliance confer any exclusive privilege to cut timber upon the tract included in the application?  
 "3. Are the regulations intended to apply to the cutting of dead timber?"

In reply to your first inquiry, I have to say that the act of March 3, 1891, does not apply or relate to the cutting of timber for cord wood or other purposes known to be mineral in character.

The act of June 3, 1888, (20 Stats., 88) authorizing the cutting of timber for building, agriculture, mining, or other purposes on public lands which are known to be mineral, is not repealed by this act, but remains in force subject to the rules and regulations prescribed by the honorable secretary of the interior, as set out in detail in a circular of this office dated August 5, 1886, a copy of which is herewith enclosed.

For answer to your second inquiry I have to say that no exclusive privilege or monopoly will be granted by this office to cut timber upon any tract or tracts which may be included in an application for a permit to cut. It is the policy of the office and of the department to grant several permits where they may be made for the very purpose of preventing the creation of a monopoly, and thereby an increase in the cost to the consumer of the timber product. To what extent permits may be granted has not yet been determined, all applications for such permits that have been received in this office being now in the hands of special agents for examination under specific instructions in connection with the advisability of establishing forest reserves, for which provision is made in the 24th section of the act of March 3, 1891.

To your third question I have to say that the regulations made under the act first mentioned apply to dead timber as well as that living, and any person felling or cutting such timber, without having obtained a permit from the honorable secretary of the interior, provided for in the circular of May 5, 1891, are guilty of trespass and liable to criminal prosecution.

Very respectfully  
 THOS. H. CARTER,  
 Commissioner.

**Nothing in Life for Him.**

"Your honor," said a prosecuting attorney in an Alabama backwoods court, according to the Arkansas Traveller, "the prisoner at the bar is charged with killing one of the most exemplary citizens of this country. Andrew D. Boyson, your honor, was in every respect a model man. He was a beloved member of the church and was never known to be guilty of an unchristian act. Why your honor, he was never known to bet on horses, play poker, drink whiskey, or use tobacco. He—"

"Hold on a minute," the judge broke in; "you say he didn't bet on horses?" "That's what I say, your honor."

"And he didn't play poker?" "Never was known to play a game."

"And he never drank liquor?" "Never drank a drop, your honor."

"And he didn't chew tobacco?" "Never took a chew in his life."

"Well, then," said the judge, leaning back with a sigh, "I don't see what he wanted to live for. There wasn't anything in life for him, and I don't see why he ain't about as well off dead as alive. Release the prisoner, Mr. Sheriff, and call the next case."

**Electric Bitters.**

This remedy is becoming so well known and so popular as to need no special mention. All who have used electric bitters give the song of praise.—A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, salt rheum and other affections caused by impure blood.—Will drive malarial from the system and prevent as well as cure all malarial fevers.—For cure of headache, constipation and indigestion try electric bitters—entire satisfaction guaranteed, or money refunded.—price 50 cts. and \$1. per bottle at Geneseo Drug Co., W. Harris, proprietor 25-17

Read the business locals.

Old papers for sale at this office for 50¢ per hundred.

Taxes became delinquent at 12 o'clock last Monday.

C. A. Christopher & Co. have an improvement in their ad. this week.

A new side walk has been laid from the Palace hotel to the street west.

Wm. Brown has treated his new barber shop to a coat of paint the past week.

Born—To the wife of Fred Follett of this county, on Friday Dec. 12, a fine baby girl.

Business men of Genesee, will it not be to your interests to organize a board of trade here?

(Get your name on The Recorder's subscription list. You need the paper; we need your support.)

The Sunday school of Genesee intend to have a Christmas tree at the Congregational church. Read the names of the committees elsewhere.

Street Commissioner Steltz has been busy the past few days laying a sidewalk from Craig & Jameson's shop to Walnut street. A needed improvement.

We are informed that Pat Conneley, the man shot in Lewiston by a deputy city marshal two weeks ago, was last Saturday bound over to appear before the grand jury.

The annual Christmas tree and entertainment will be held at Elliot hall next Thursday evening at half past 7. Everybody is invited to come and join in the celebration of the anniversary of the Saviour's birth.

Chris Anderson has carpenters at work this week fitting up the Sullivan building recently bought by himself, for a wagon shop and into which he will move his shop fixtures and tools as soon as the building is completed.

Sam Holt, of this city, the past week purchased a one-half interest in the Robert Lee mine at Ruby Creek from Charlie Miller, paying \$500 for it, and expects in the early spring to commence work on the mine in a workmanship style.

The well diggers last week completed their contract of 200 feet without getting flowing water. Since then the committee for the city council who have the charge of the artesian well, contracted with the Messrs. Fee to sink the well another 100 feet at \$5 per foot.

Don't forget the oyster supper at the hall to-morrow evening. In addition to the sun-flower brigade, the ladies tell us they are going to give some tableaus and an art gallery—entirely new. They say don't mind the mind everyone must be used to it by this time.

Congregational Church services every Sunday as follows: Morning worship—10:30 a. m. Sunday school—11:4 a. m. Evening worship—7 p. m. Prayer meeting Thursday evening at 7 p. m. Everyone cordially welcomed. E. L. SMITH, Pastor.

On Friday last Fred Follett had the misfortune to lose the fine Clydesdale stallion, which he purchased last summer from Harace Sampson. One night last week the horse got loose and was in the field all night. During the night he ran into a barbed-wire fence and received injuries from which he died. Mr. Follett loses \$1,500 by the accident.

Genesee Lodge No. 33, I.O.O.F., are going to give a grand ball in the Elliot hall on Friday evening January 1, 1902. Tickets will be sold at \$2.50 each, including supper at the Owen house. The best music obtainable will be produced for the occasion. The lodge is expecting a large crowd at the public installation and ball and are arranging accordingly. Tickets for sale by E. L. Follett, W. F. Morrison and C. M. Poor.

Parties in Genesee have made a proposition to the citizens of this place to light the city with electric lights and asks the citizens to subscribe for a certain number of lights, enough to pay the running expenses. If there are enough lights subscribed for, Genesee will be lighted with electricity within the next thirty days. Let every one take from one to two lights, at the least, thus making the enterprise a success.

At the meeting of Co. L, last Saturday night, Mr. Al. Haymond was elected captain of the company to fill the vacancy caused by the resignation of Capt. E. A. McKenna. Under the command of the new captain we hope to see company L make one of the best drilled companies in the state. Captain Haymond will spare neither time or money in the way of instructing the boys in the manual of arms. Now, members of the company, lend your captain a helping hand and attend drill regularly.

The special services which have been in session at the Congregational church for the past ten days closed last evening. The purpose of the meetings has been the clear and forcible presentation of Christ as the only way of salvation from sin and to the better life. The sermon of Mr. Penrose on Saturday evening and of Mr. Baird on Tuesday were especially interesting and convincing. A number have begun the Christian life during the meetings and although the attendance has not been such as to tax the seating capacity of the church, still the interest has been deep and the influence of the best. The visiting gentlemen left on the passenger this morning and will receive a warm welcome whenever they can visit Genesee again. A great assistance in the music has been the constant accompaniment by Mr. D. R. Grant.

T. J. Johnston and Chas. H. Hough, of Genesee, have been out to the Ruby Creek mines the past week. They are expected to return to-morrow and if possible we will have them tell you, next week, something about the bright prospects of the Ruby Creek mining district.

Wm. Birmingham, who has been the guest of W. H. Thomas for the past few weeks, returned to his home in Tacoma this week.

W. H. Robinson has been spending the past week in Lewiston, visiting relatives.

Geo. H. Beachler, of Uniontown, was in Genesee on business Monday last. He reports that several couples from Uniontown will be in attendance at the I.O.O.F. installation and ball Jan. 1.

G. G. Felland, the saw mill man of Vollmer, was in Genesee on business Saturday last.

A Mr. Rabold, recently of Spokane, has accepted a situation with J. Rosenstein.

Jacob Hazelbauch has accepted a position in the store of W. J. Herman, as a salesman.

John Schutte, "Dutch Louie" and Charley Miller left here yesterday for the Ruby Creek mines. Mr. Schutte will return in about ten days, while the others expect to remain in the camp all winter and work their claims.

**Committees.**

Last Sunday the Sunday school of the Congregational church appointed the following committees for the purpose of perfecting arrangements for a Christmas tree at the Elliot Hall on Christmas Eve. Following is a list of the different committees and it is hoped that each member will consider it either his or her duty to do all in their power to make the entertainment a success:

Literary Committee—Rev. E. L. Smith, Prof. Rogers, A. Cordell, Miss Minby McGrew, Miss Dabbie Nelson, Mrs. Kuddy, Miss Fanny Taft and H. Nelson.

Hall Committee—C. A. Christopher and Rev. E. Smith.

Decorating church and placing tree—T. E. Miller, Dr. Hayes, C. E. Hibbs, B. O. Winslow, Wilson, A. N. Hill, Mrs. Keiser, Mrs. Spencer, Mrs. Schutte, Mrs. Hobson, Mrs. Herman and Mrs. Brown.

Receiving presents—A. Cordell, C. M. Kennedy and C. M. Poor.

Decorating tree—Rev. E. L. Smith, Prof. Keese, O. Erickson, Clayton Jones, Mrs. McMahon, Mrs. Keese, Mrs. Williams, Mrs. Morrison, Mrs. Grant and Mrs. Bressler.

Finance and purchasing—Jas. Hobson, Dr. Hayes and A. Cordell.

Committee on making sacks—Mrs. Hibbs, Mrs. Grimes, Mrs. Al. Harris, Mrs. Bundy, Mrs. Follett, Mrs. Stamps, Mrs. Platt and Mrs. Hill.

Pop corn and candy—Mrs. H. Sampson, Miss Elsie Fleming, Miss Addie Taft, Miss Edith Hollister, Miss Emma Deuring, Miss May Nelson, Miss Lulu Hough, Miss Wally and Miss Bar'eger.

On taking down presents—H. Sampson, E. T. Platt, D. B. Gil and Rev. E. L. Smith.

For organ and chairs—Wm. McMahon, Wm. Brown and H. Sampson.

Robt. Near left for the Sound yesterday morning, were he expects to remain until after the holidays.

Jos. S. Vincent, of the Kendrick Advocate, called on us Monday last while on his way home from Lewiston. Mr. Vincent tells us that he is about to order another newspaper outfit for a new paper, the Advocate plant having been sold by its owner, Mr. Frost, to other parties.

Dr. W. C. Cox, formerly of Genesee, is now living in New York City.

Judge Buck was in town on Sunday. He left for Colfax on the 2:15 train of that day.

Jos. Hasfurther, the photographer, is suffering this week with a very sore hand.

Rev. H. Reike and family left yesterday a train for Fairfield, Wash., where they will make their home in the future.

THE RECORDER, PUBLISHED EVERY THURSDAY AT GENEESE, IDAHO. C. M. POOR, Editor and Proprietor. TERMS OF SUBSCRIPTION. One copy one year, \$2.00. One copy six months, \$1.00.

THURSDAY, DEC. 24, 1891.

GENESEE. In our former article on the Palouse country we mentioned our town as the center and supply point of a large section of the Palouse country. Genesee is not the only thriving town in this country. It is one of many and we wish to mention some of its advantages. It is situated on an elevated plain and is about 3,000 feet above the sea. On the Pacific slope, the climate is determined by its altitude above the sea. Boise City, the capital of Idaho, is 2,800 feet higher. In the same latitude its climate would be much like our own, but it is 300 miles south of us and it therefore has a warmer climate. Southeastern Minnesota and Northeastern Iowa are about 1,500 feet above the sea but they are much colder than the Genesee country. In the winter season we have sharp cold weather, the thermometer going sometimes as low as 30 deg. below zero, while in Minnesota it often goes 40 deg. below. Our season of cold weather however is short, about two months generally, with an average temperature above zero. Cold weather is good for wheat and other grain and our soil and climate has given the Palouse country a world-wide reputation as a wheat field.

Our little town has a population of about 800. It is new—only three years old. When the Spokane and Palouse railroad was completed to this point there was about a dozen houses in it. The stage passed through once a day and brought our letters and a passenger or two. If some one had said before that time, in three years you will see a mile of freight cars standing in this basin full of hay, you would have smiled and yet all this season a mile and more of freight cars being loaded and unloaded and switched here and there to mills and warehouses have been seen almost daily in our village. What have they been doing? They have been shipping grain and freight in. Up to this time we have shipped: 25,000 bushels of wheat, 16,200 bushels of barley, now in the warehouses, 10,000; wheat, now in the warehouses, 17,000 bushels.

This is what we have in town, but all around the town, in the country, in the farmers granaries, is more to come. Many car loads of cattle and horses have been shipped, of which we have not an exact account. In the immediate vicinity of our town are many farmers who raise from 10,000 bushels of grain and more in a year. Two, three and five thousand bushels a year is common and one farmer within eight miles of our town within a year or two raised 37,000 bushels of grain in one year. This year the price of wheat has run in our warehouse, from 80c to 90c a bushel. The average cost of raising it, including interest on the value of the farm and farm-machinery will not exceed 35c per bushel. We raise grain cheaper here than in eastern states because we can plow ten months in the year and we have so little rain in the season that we lose more time to save our crops and labor more can do it. An ordinary farmer with modern machinery can generally harvest and stack his grain with his own help or perhaps a hired man, hired for the season. Our dry climate allows the wheat to stand in the field without cutting for months with little waste from shelling. We have seen wheat standing in several inches of snow, late in the fall while its owner was off cutting some one else wheat.

In the midst of this rich section is our little town of Genesee. It is a healthy growing town in a valley with hills rising from one to two hundred feet on three sides of it. We have as many hills as Rome had and, we think, we make better use of them. On one hill is the Catholic and Lutheran churches; on another is a two-story central school building and in front of it is the City Park, without any trees yet, but an excellent place for them. However, the town council have plowed it and are preparing to plant trees on the other. Next to the school is the Congregational church, and on the other corner, opposite the public park, the Methodists are about to build. On the next hill is the Palace hotel, all new and bright and comfortable. It is a first-class

house in all respects, and rumor has it that there are several attractions in it which editors like myself, with no helpmeet in life, ought to know. Many of them, but we don't. Some young men in town have told us about these things, apparently to tantalize us. They say you get good office and nice food all cooked by the women up there. But while we are speaking of hotels, we will have to talk with all their attractions, and come down to the Owen house. Fred Gaylord keeps well of it. Passing on we will call at the Latah house where our good-natured friend Hollister with Spaulding to help him in entertaining all comers with a pleasant smile and an ample larder. Mr. Green keeps a restaurant where those who come in late on the train or in consequence of domestic trouble are obliged to leave home can get a good meal, on short orders at reasonable figures. There are constant public places of entertainment in the hotel line. Some say we need another hotel. We know that sometimes the landlords have to rustle on the outside for lodging rooms or give up their own beds to their guests. They say that during the winter Hollister used to put people to bed on the lounge and after they got asleep he stood them up against the wall around the room, and put another in their place. In this way one night, they say, he had Fred Moore, Lou Krum, Fred Fressler and Sam Holt all standing up before morning leaning against each other, like bricks in a row, but we don't doubt for this.

We have four general merchandise stores (and need more) two drug stores, two hardware stores, one agricultural implement store, one photographic gallery, one millinery store, one jewelry store, one shoe-maker shop, one cigar factory, public reading room, one bank, two livery stables, one lumber yard, two wagon shops, one steam flouring mill, one feed mill, one dentist, two real estate agents, two wood yards, four carpenters and contractors, two blacksmith shops, one newspaper, six warehouses, four saloons, one butcher shop, one meat market and are the terminus of the Spokane and Palouse railroad. Those in the east wishing to come to the Pacific coast for good homes and good neighbors should buy their tickets to Genesee. They will find here what they are looking after.

Local Clippings. (Lewiston Teller.) Laughing George, the Indian mail carrier, was accidentally shot by Nat White, another Indian, last Thursday. Laughing George was placed under guard for some offense and White was to mount guard for the night, while examing his pistol. Young White's hand slipped off the trigger and the pistol was discharged, the ball passing through George's abdomen. He lived only thirty-six hours. The shooting was purely accidental as they were the best of friends.

Paddy Connelly received his preliminary hearing, Saturday last, and was bound over in the sum of \$500 for assault, with intent to kill C. F. Leland, city marshal. The other complaints have not been tried yet. Rand & Howe have been retained by the prisoner for his defense. Connelly is feeling remarkably well, or possesses wonderful nerve, as he was in high spirits before the trial, and when asked by the judge if he were the defendant in the case replied jocosely that he must be as he got the worst of it. No bonds were furnished so he was remanded to jail.

The prosperous condition of the farmers of Latah county is evidenced by the fact that on last Monday and Tuesday fifty-two releases of mortgages were filed in the recorder's office.

Of the state, county and school taxes due from taxpayers of Latah county outside of Moscow, the tax collector reports having collected during the month of November, the sum of \$28,888 85, which amount has been paid to the county treasurer.

Father Hartlieb will hold divine services on the first and third Sunday in each month at the Catholic church, Moscow, and the second and fourth Sundays at Genesee.

The preliminary examination of the Keyes brothers, accused of cattle stealing, was commenced yesterday afternoon in Judge Crocker's court. Both men own ranches near Vollmer.

R. F. Jacks not with quite a severe accident on Friday morning last near Southwick while on his horse in the woods. He was coming to town with the front running gear of his wagon, when going down a hill the piece of timber he used to stiffen the tongue broke throwing him forward onto the double-trees,

one of the horses kicking him in the face, and one wheel passing over his head and shoulders, throwing his right shoulder out of place, and bruising his head and neck very badly. Dr. Justice was called and reset the dislocated shoulder and dressed the wounds, and the patient is doing as well as can be expected.

PERSONALS. T. M. Smith, representing the twelve page New Year edition of the Moscow Mirror, paid this office a friendly call on Tuesday.

County Surveyor Bell, of Nez Perce county, was in Genesee last Friday surveying the cemetery recently purchased by the Genesee lodge No. 31, L.O.O.F.

Nothing is so detrimental to the growth and development of a town or community as jealousy. Jealousy is the basest of the base passions. When the monster like feels his chilling blight, it does not stop to enquire whether it has any right to enter the home, everything that is home-like feels its chilling blight. It does not stop to enquire whether it has any right to enter the home, everything that is home-like feels its chilling blight. It does not stop to enquire whether it has any right to enter the home, everything that is home-like feels its chilling blight.

THE RECORDER. PUBLISHED EVERY THURSDAY AT GENEESE, IDAHO. C. M. POOR, Editor and Proprietor. TERMS OF SUBSCRIPTION. One copy one year, \$2.00. One copy six months, \$1.00.

THURSDAY, DEC. 24, 1891.

GENESEE. In our former article on the Palouse country we mentioned our town as the center and supply point of a large section of the Palouse country. Genesee is not the only thriving town in this country. It is one of many and we wish to mention some of its advantages. It is situated on an elevated plain and is about 3,000 feet above the sea. On the Pacific slope, the climate is determined by its altitude above the sea. Boise City, the capital of Idaho, is 2,800 feet higher. In the same latitude its climate would be much like our own, but it is 300 miles south of us and it therefore has a warmer climate. Southeastern Minnesota and Northeastern Iowa are about 1,500 feet above the sea but they are much colder than the Genesee country. In the winter season we have sharp cold weather, the thermometer going sometimes as low as 30 deg. below zero, while in Minnesota it often goes 40 deg. below. Our season of cold weather however is short, about two months generally, with an average temperature above zero. Cold weather is good for wheat and other grain and our soil and climate has given the Palouse country a world-wide reputation as a wheat field.

Our little town has a population of about 800. It is new—only three years old. When the Spokane and Palouse railroad was completed to this point there was about a dozen houses in it. The stage passed through once a day and brought our letters and a passenger or two. If some one had said before that time, in three years you will see a mile of freight cars standing in this basin full of hay, you would have smiled and yet all this season a mile and more of freight cars being loaded and unloaded and switched here and there to mills and warehouses have been seen almost daily in our village. What have they been doing? They have been shipping grain and freight in. Up to this time we have shipped: 25,000 bushels of wheat, 16,200 bushels of barley, now in the warehouses, 10,000; wheat, now in the warehouses, 17,000 bushels.

This is what we have in town, but all around the town, in the country, in the farmers granaries, is more to come. Many car loads of cattle and horses have been shipped, of which we have not an exact account. In the immediate vicinity of our town are many farmers who raise from 10,000 bushels of grain and more in a year. Two, three and five thousand bushels a year is common and one farmer within eight miles of our town within a year or two raised 37,000 bushels of grain in one year. This year the price of wheat has run in our warehouse, from 80c to 90c a bushel. The average cost of raising it, including interest on the value of the farm and farm-machinery will not exceed 35c per bushel. We raise grain cheaper here than in eastern states because we can plow ten months in the year and we have so little rain in the season that we lose more time to save our crops and labor more can do it. An ordinary farmer with modern machinery can generally harvest and stack his grain with his own help or perhaps a hired man, hired for the season. Our dry climate allows the wheat to stand in the field without cutting for months with little waste from shelling. We have seen wheat standing in several inches of snow, late in the fall while its owner was off cutting some one else wheat.

In the midst of this rich section is our little town of Genesee. It is a healthy growing town in a valley with hills rising from one to two hundred feet on three sides of it. We have as many hills as Rome had and, we think, we make better use of them. On one hill is the Catholic and Lutheran churches; on another is a two-story central school building and in front of it is the City Park, without any trees yet, but an excellent place for them. However, the town council have plowed it and are preparing to plant trees on the other. Next to the school is the Congregational church, and on the other corner, opposite the public park, the Methodists are about to build. On the next hill is the Palace hotel, all new and bright and comfortable. It is a first-class

house in all respects, and rumor has it that there are several attractions in it which editors like myself, with no helpmeet in life, ought to know. Many of them, but we don't. Some young men in town have told us about these things, apparently to tantalize us. They say you get good office and nice food all cooked by the women up there. But while we are speaking of hotels, we will have to talk with all their attractions, and come down to the Owen house. Fred Gaylord keeps well of it. Passing on we will call at the Latah house where our good-natured friend Hollister with Spaulding to help him in entertaining all comers with a pleasant smile and an ample larder. Mr. Green keeps a restaurant where those who come in late on the train or in consequence of domestic trouble are obliged to leave home can get a good meal, on short orders at reasonable figures. There are constant public places of entertainment in the hotel line. Some say we need another hotel. We know that sometimes the landlords have to rustle on the outside for lodging rooms or give up their own beds to their guests. They say that during the winter Hollister used to put people to bed on the lounge and after they got asleep he stood them up against the wall around the room, and put another in their place. In this way one night, they say, he had Fred Moore, Lou Krum, Fred Fressler and Sam Holt all standing up before morning leaning against each other, like bricks in a row, but we don't doubt for this.

We have four general merchandise stores (and need more) two drug stores, two hardware stores, one agricultural implement store, one photographic gallery, one millinery store, one jewelry store, one shoe-maker shop, one cigar factory, public reading room, one bank, two livery stables, one lumber yard, two wagon shops, one steam flouring mill, one feed mill, one dentist, two real estate agents, two wood yards, four carpenters and contractors, two blacksmith shops, one newspaper, six warehouses, four saloons, one butcher shop, one meat market and are the terminus of the Spokane and Palouse railroad. Those in the east wishing to come to the Pacific coast for good homes and good neighbors should buy their tickets to Genesee. They will find here what they are looking after.

Local Clippings. (Lewiston Teller.) Laughing George, the Indian mail carrier, was accidentally shot by Nat White, another Indian, last Thursday. Laughing George was placed under guard for some offense and White was to mount guard for the night, while examing his pistol. Young White's hand slipped off the trigger and the pistol was discharged, the ball passing through George's abdomen. He lived only thirty-six hours. The shooting was purely accidental as they were the best of friends.

Paddy Connelly received his preliminary hearing, Saturday last, and was bound over in the sum of \$500 for assault, with intent to kill C. F. Leland, city marshal. The other complaints have not been tried yet. Rand & Howe have been retained by the prisoner for his defense. Connelly is feeling remarkably well, or possesses wonderful nerve, as he was in high spirits before the trial, and when asked by the judge if he were the defendant in the case replied jocosely that he must be as he got the worst of it. No bonds were furnished so he was remanded to jail.

The prosperous condition of the farmers of Latah county is evidenced by the fact that on last Monday and Tuesday fifty-two releases of mortgages were filed in the recorder's office.

Of the state, county and school taxes due from taxpayers of Latah county outside of Moscow, the tax collector reports having collected during the month of November, the sum of \$28,888 85, which amount has been paid to the county treasurer.

Father Hartlieb will hold divine services on the first and third Sunday in each month at the Catholic church, Moscow, and the second and fourth Sundays at Genesee.

The preliminary examination of the Keyes brothers, accused of cattle stealing, was commenced yesterday afternoon in Judge Crocker's court. Both men own ranches near Vollmer.

R. F. Jacks not with quite a severe accident on Friday morning last near Southwick while on his horse in the woods. He was coming to town with the front running gear of his wagon, when going down a hill the piece of timber he used to stiffen the tongue broke throwing him forward onto the double-trees,

one of the horses kicking him in the face, and one wheel passing over his head and shoulders, throwing his right shoulder out of place, and bruising his head and neck very badly. Dr. Justice was called and reset the dislocated shoulder and dressed the wounds, and the patient is doing as well as can be expected.

# The Sham and the Real.

Every good thing has its imitators, every genuine article its counterfeiters. The Ammonia and Alum Baking Powders sold over the counters are no more like Dr. Price's Cream Baking Powder, than the paste is like the real diamond, or a counterfeit is like one of the old master's genuine paintings.

When greedy and mercless manufacturers claim their adulterated and harmful baking powders are as good as Dr. Price's, they know they are not telling the truth. These people know they are destroying the stomachs and the complexion of the consumers, and there are many grocers recommending such powders over their counters—knowing same to be injurious and worthless—simply to make a large profit.

Dr. Price, a conscientious physician, has spent a lifetime in perfecting and popularizing his Cream Baking Powder, the only Pure Cream Tartar Powder now to be obtained.

Multitudes of imitators all over the land have sprung up, not to imitate the purity of Price's Cream Baking Powder, but to see how cheap they could make their counterfeits and hoodwink the public.

Some use Ammonia and others Alum, but all these shams cry in chorus, "Buy this, its just as good as Dr. Price's and much cheaper."

Price's Cream Baking Powder is the standard for purity and perfection the world over, and is beyond comparison.

Dr. Price stands for Pure Food and a foe to all shams.

### THE CZAR'S CAR IS SHOT PROOF.

A Male Who Travels Constantly Between Two Cities of Soldiers.

When the czar travels in Russia the precautions taken for his safety could not be greater if he were in any other country. A battalion of infantry is detailed for every two miles of distance, and allowing 500 men as the effective force of each battalion, every spot of ground he passes over is covered by several hundreds of rifles within easy distance of each other. The czar is suddenly whisked off to the station, so accompanied by the chosen twelve of his body guard. There are two sentry boxes in the carriage, one at each end, and each looking out at an opposite side from the other.

The windows, while ample for light, are so constructed that sitting down is invisible from the outside, and the sides of the car are fortified with plates of steel concealed in the ornamental woodwork, but strong enough to resist bullets. There are two sentry boxes in the carriage, one at each end, and each looking out at an opposite side from the other.

The guardmen on duty in these apartments are armed with revolvers and pistols, and are instructed to shoot on any occasion. The czar is seated in the rear, occupied by the guardmen on duty. So far, therefore, as the train itself is concerned, the czar could be no more secure in St. Petersburg.

The train speeds on to its destination without a halt, except on account of accident. At a distance of not less than five miles ahead a pioneer train, in which the imperial retinue of rail cars and the chief engineer of the imperial railway are seated, the czar is traveling always. As the pilot train whizzes by the reserves along the line rush to arms and guard the tracks about the czar's train. When the imperial train has passed, so that the spectacle is presented of continuous lines of soldiers for hundreds of miles. Arrived at the end of his journey, the czar is escorted to the quarters intended for the imperial family.

The streets are guarded by special constables, in the attire of citizens. Every property owner has been called upon to supply one or more of these men at his own expense to do duty when the sovereign makes a public appearance. The constables average one in ten of the crowd that throng the streets, and being in ordinary dress they are not easily distinguished from the rest of the people. It is not that attached to his mother he is not a bed of dried grass on the ground, in all the simplicity in which nature brought him into the world, and he is not a bed of dried grass on the ground, in all the simplicity in which nature brought him into the world, and he is not a bed of dried grass on the ground, in all the simplicity in which nature brought him into the world.

### MASTIFF CUT PUG Smoking Tobacco

There is always a best even among a score of good things, and every pipe smoker who has tried the Mastiff brand acknowledges it to be the sweetest, coolest smoking tobacco made. It does not bite the tongue, and is positively free from any foreign mixture.

J. B. Pace Tobacco Co., Richmond, Virginia.

### "August Flower"

"I have been afflicted with biliousness, indigestion, constipation, for several years, and with dyspepsia, stomach pain, and another preparation was suggested to me and tried but to no purpose. At last a friend recommended August Flower, and I took it according to directions, and its effects were wonderful, relieving me of those disagreeable stomach pains which I had been troubled with so long. Words cannot describe the admiration with which I hold your August Flower—it has given me a new lease of life, which before was a burden. Such a medicine is a benediction to humanity, and its good qualities are beyond all praise."

Printer, Humboldt, Kansas.

G. G. GREEN, Sole Man for Woodbury, N.J.

### TUTT'S LIVER PILLS

"The smallest pill in the world!"

WANT AN AGENT IN EVERY TOWN IN OREGON, WASH. OR CALIF. THE BEST OF THE SOUTH SEAS ISLANDS. THE MOST CURIOUS BELIEFS OF ALL—ONE CLOSELY ALIKE TO THAT OF THE SOUTH SEAS ISLANDS. ACCORDING TO THEIR NOTION, THE ROLLING OF THE SEA IS CAUSED BY A "THUNDER GOD." IN OLD TIMES THIS "THUNDER GOD" WAS BELIEVED TO BE A GIANT.

WAS CONFIRMED UNDER THE OATH AS A PUNISHMENT. HIS ROLLING WITH THE WAVES CAUSED THE WAVES.—St. Louis Republic.

### HOYT & CO.

THE GREATEST TEMPERANCE BOOK EVER WRITTEN

Immense Sales

Large Profits

Agents wanted every where. Non-competitive territory. Free literature and territory. 175 Market Street, San Francisco, Cal.

### PIANOS AND ORGANS

On Commission. No stock or capital needed. Write for particulars.

PORTLAND, OR.

### What Kind of a Store Was It?

He wandered into a store and dry goods store and asked for a pair of overalls. It was evident that he had not been long in town, and the clerk eyed him with amusement depleted plainly on each face.

"Very sorry, my friend," explained the polite gentleman behind the counter, "but this is a dry goods store and we have no overalls in stock."

"Aint, eh? Well, just give me three or four best flannel shirts and a pair of socks."

"Sorry, but we don't keep them, either."

"Show me a pair of long legged boots, then. My time was completely wasted."

"No boots either."

"Got any pig tobacco?"

"No."

"Any pipes or long candles?"

"No."

"Skittles or tryin' pants?"

"Not here. You'll have to go to a hardware store."

"Well, have you got any blood and thunder novels?"

"Sorry, but—"

"See here, old man. I've come all the way from Alpine to lay in my supplies, and the first place I strike I run up against a snag. I always had a great respect for you, but now I feel down here was fraud, and now I know it. There ain't one of them things but what I can get in the little store up to home, and here you don't keep 'em."

So long, and he strove out of the door with a look of disgust on his face and disappeared in the throng on the street.—San Francisco Call.

### FORREST'S CASTLE.

The wreck of his home brought about by Forrest's jealousy is still visible to the eye, and passengers by the Hudson river steamboats may even now see the ruins, and partially completed baronial castle which Forrest built upon the banks of the Hudson, some thirty miles above New York, and which was his purpose to entertain his guests with the hospitality of a building of the castle was an attempt something like that of Alexander Dumas, who with his earnings from the sale of "Monte Cristo," undertook to erect near Paris a castle which he called by the name of this great romance, and which would have required the income of a duchy to maintain.

Had Forrest lived as he proposed to live, his earnings must have been very great, and he would have maintained the life he tended to live in this estate upon the Hudson. Mrs. Forrest never saw it after she left it. Although after eight years of litigation she won a victory over her husband, yet with a victory in her hand she was left with a broken heart and a ruined home.

As she grew old her heart softened toward Forrest, and in her declining years she only spoke of him in terms of endearment, which suggested that her sections of him went back to the earlier days—when she was his bride and was happy.—Cor. Philadelphia Press.

### STOP THAT CHRONIC COUGH NOW!

For if you do not get it now you will have to pay for it later.

General Health and Healing Diseases.

Address all communications to the Recorder.

### SCOTT'S EMULSION

Of Pure Cod Liver Oil and Hypophosphites

It is almost as palatable as milk. Far better than any other cod liver oil. Contains the most valuable food elements.

There are poor imitations. Get the genuine.

### RAINING!

THE RECORDER. PUBLISHED EVERY THURSDAY AT GENEESE, IDAHO. C. M. POOR, Editor and Proprietor.

A new swindle has developed near Rosalia. The rogues watch the newspapers for stray notices and one of them goes and looks at the animal. Of course the unsuspecting farmer, on application shows the beast, and the fellow decides it is not his, and then returns to his partner and describes the animal minutely to him.

According to the Geographisch-Statistische Tabellen just published by Prof. Turschek, of Leipzig, and based upon the census of 1890 and 1891, the population of the world numbers 1,564,600,000 persons.

The stocks of grain in Chicago elevators Saturday evening, December 12, according to the American Home, were 8,008,914 bushels of wheat, 617,025 bushels of corn, 670,612 bushels of oats, 535,082 bushels of rye and 112,565 bushels of barley.

The stocks of grain in Chicago elevators Saturday evening, December 12, according to the American Home, were 8,008,914 bushels of wheat, 617,025 bushels of corn, 670,612 bushels of oats, 535,082 bushels of rye and 112,565 bushels of barley.

Local Clippings. Snow is now about two feet deep here, but is as light as frost. Caldwell has been having pugilistic contests, on which considerable money changed hands.

Some three years ago Gilbert Smith with his family left the country for Kansas. Saturday night they returned. Mrs. Smith was confined on the train at Green River (U. P. R.) the child died, the mother contracted pneumonia, and arrived at the McGregor hotel in a dying condition, and died the next morning; very kindness was shown them by Mr. McGregor and lady.

Photographer, GEENESE ART STUDIO. Jos. M. HANFERT, Proprietor. Call and Examine Work. Photographs, Landscapes and Enlarging Pictures a Specialty. Walnut Street, Genesee.

THE DEARING Livery and Feed Stables. East end of Walnut street, Genesee, Idaho. Charges reasonable. J. F. DEARING, Prop.

No trace has been found of the whereabouts of J. E. McFlynn, the fellow who last week forged notes amounting to \$300. It is supposed that he skipped across the Idaho line, though nothing indicates that he did so except the natural supposition that he would try to escape by getting into another state.

Two Chever. The report that the Tilden case was at an end was premature. It is a good deal nearer the front than the latter end. Once there was a lawyer who closed up an estate case, but he died many years ago. He was a young man. He had studied law in his father's office and his father finally retired and gave the practice to him.

A Million Friends. A friend in need is a friend indeed, and not less than one million people have found just such a friend in Dr. King's Great Discovery for Consumption, Coughs, and Colds.

Ordinance No. 33. An ordinance granting permission and authority to W. H. Thomas, J. T. Johnston, electricians, administrators and assignees of the estate of the late W. H. Thomas, to erect, construct, maintain, use and operate an electric light and power system for the purpose of producing, distributing and conveying electric light and power, and for other purposes.

# Testing the Baking Powders.

## Comparative Worth Illustrated.

BY PROF. PETER COLLIER, LATE CHEMIST IN CHIEF OF THE DEPARTMENT OF AGRICULTURE, WASHINGTON, D. C.

DR. PRICE'S.....	Contains Ammonia.
ROYAL.....	Contains Ammonia.
UNRIVALED.....	Contains Ammonia.
Trylor's 1 Spoonful.....	Contains Ammonia.
MONARCH.....	Contains Ammonia.
SNOW BALL.....	Contains Ammonia.
GALANET.....	Contains Alum.
ROYAL.....	Contains Alum.
YARWALL.....	Contains Alum.
HILL.....	Contains Alum.
SEWARD'S.....	Contains Alum.
SON OF.....	Contains Alum.
JOHN CITY.....	Contains Alum.
CHICAGO YEAST.....	Contains Alum.
CROWN.....	Contains Alum.
SILVER STAR.....	Contains Alum.
DODSON & HILL.....	Contains Alum.

Above diagram was drawn and verified in all its details, by Prof. Peter Collier, who is pre-eminent as a Chemist, and Scientist. The illustration is made in accordance with his chemical tests of each brand enumerated. The Carbonic acid gas was calculated to get the leavening strength and the quantitative analysis to ascertain the comparative wholesomeness, purity, and general usefulness of the leading Powders. The result of Prof. Collier's examination and test, reveals the fact, that, with but one exception, every brand tested contained either Ammonia or Alum, and a number both. Not one woman in ten thousand would use an Ammonia or Alum Baking Powder if she knew it. Such Powders not only undermine the health, but ammonia imparts a sallow or blotched complexion. NOTE.—Dr. Price's Cream Baking Powder, as shown by Prof. Collier's examinations, is the only pure Cream Tartar Powder found free from adulteration and the highest in strength. All authorities report Dr. Price's free from Ammonia, Alum, Lime, or any other adulterant. The purity of this ideal Powder has never been questioned.

Mrs. Henry Ward Beecher writes: 40 ORANGE STREET, BROOKLYN, N. Y., Feb. 11, 1890.

I have used ALCOCK'S POROUS PLASTERs for some years for myself and family, and as far as able, for the many sufferers who come to us for assistance, and have found them a genuine relief for most of the aches and pains to which flesh is heir. I have used ALCOCK'S POROUS PLASTERs for all kinds of lameness and acute pain, and by frequent experiments find that they can control many cases not noticed in your circulars.

The above is the only testimonial I have ever given in favor of any plaster, and if my name has been used to recommend any other, it is without my authority or sanction.

The street car furnishes the only platform upon which men of every shade of political belief will stand.

### MASTIFF PLUG CUT

HAS REACHED THE HEIGHT OF POPULARITY.

If you are willing to pay a few cents more for a strictly pure Smoking Tobacco, buy the Mastiff cut plug. Packed in patent canvas pouches, which retain the moisture and flavor of the tobacco.

It is an old-fashioned notion that medicine has to taste bad to do any good. Scott's Emulsion is cod-liver oil with its fish-fat taste lost—nothing is lost but the taste.

This is more than a matter of comfort. Agreeable taste is always a help to digestion. A sickening taste is always a hindrance. There is only harm in taking cod-liver oil unless you digest it. Avoid the taste.

Scott & Bowne, Chemists, 135 South 5th Avenue, New York.

AGENT made in four days on my Electric Corset and specialties. 100 per cent profit and cash return. Sample One Dr. Brillemann Broadway N.Y.

### Conquest of the Smoker.

The following little incident is worth noting as arising out of a great change in national custom. Scene—A railway carriage, occupied by an enormous man smoking a cigar, with which he makes the atmosphere resemble the Strand in a November fog, and a thin, nervous person, with a bag of sandwiches. Says the latter: "I beg your pardon, sir, but will it incommode you if I venture to cut?" The former, with a gracious wave of the cloud giving weed: "Not at all."

Twenty or thirty years ago this world have looked like burlesque. Then the smoker had only a bare toleration afforded him. He was not allowed to indulge his favorite propensity even on the platform of a railway station, but was warned off by placards, which may still be seen at some stations. The accommodation provided for him was poor and scanty, and woe betide him if he ventured to take any liberties in prohibited places. Now he has things all his own way. To his supreme will and pleasure the misguided persons who do not smoke must conform, and wherever friends meet arrangements are made for the convenience, while even those strong minded ladies who assert their rights to attend public dinners and other functions heroically endure rather than protest against the once detested fumes. This is nice for the smoker, who would go to five dinners if deprived of what Prince Bismarck has called the delicious seventh course.—London Globe.

The Quaker Carb Has Had Its Day. While the faith of the Quakers has undergone no radical change since the days of Mary Dyer, the simple manners and customs of the sect are rapidly disappearing. Here and there, it is true, one of the "old fashioned" Quakers is to be seen. When Jonathan Chase occupied a seat in the senate of the United States his coat was of the orthodox cut, and his correspondents could not please him better than by addressing him as plain Jonathan Chase. A consistent Quaker, too, is Jonathan Chase, for he, with his plainly dressed wife, rather than deprive their coachman and horses of their Sunday rest, will frequently walk two miles and more to meeting and return by the same conveyance.

But the old time straight cut coats are fast passing away, and even Jonathan Chase has discarded the drab, and his black coats, though of the Quaker cut, are of the very finest piece of broadcloth that the looms can weave. It is with regret that the public part with the quaint costume of the Friends, for when seen upon the street it formed a delicious picture. We may see something akin to it at the Shaker settlements if we take the trouble to visit them; but the costume when poor heroic Mary Dyer wore in her last hour has almost passed from the sight of men.—Boston Journal.

Waterproof Whitewash. A waterproof whitewash is in use in Germany. The powder from three parts silicious rock (quartz), three parts broken marble and sandstone, two parts of burned porcelain clay and two parts freshly slaked lime, still warm, is mixed together. This forms a silicate if often wetted, and becomes after a while almost like stone. It is applied quite thickly to a wall or other surface and allowed to dry one day. The next day it is covered frequently with water, which makes it waterproof.—New York Mail and Express.

## THE HISTORIAN OF OHIO.

Despite His Years, He is Still a Bright and Vigorous Man. Patriotic citizens of Ohio are congratulating themselves over the completion of a history of their state, which in its method, arrangement and conditions of authorship is one of the most noteworthy books ever issued.

Its author, Henry Howe, was born in New Haven, Oct. 11, 1816. The son of the first publisher of Webster's Dictionary, and bred in an atmosphere of books under the shadow of Yale college, it was but natural he should take to authorship and publishing. His first work was "Memoirs of Eminent Mechanics," issued by the Harpers in 1839. In 1840 he traveled over the state of New York in association with John W. Barber, making drawings and collecting material for an historical work on that state, which was issued in 1841. Two years later was issued by them "Historical Collections of New Jersey."

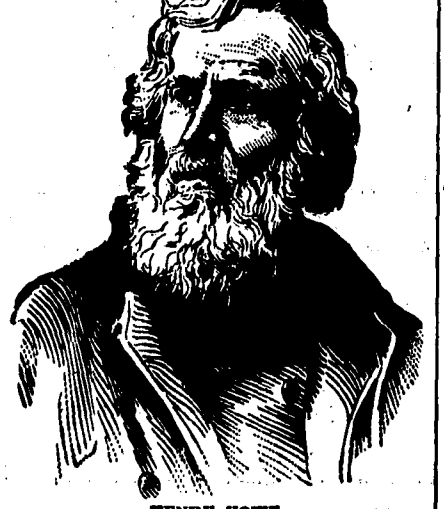

In 1843 Mr. Howe singly made a tour over Virginia, largely pedestrian, and in 1848 published "Historical Collections of Virginia." These state works—New York, New Jersey and Virginia—are scarce and out of print. The term "old gold" has been applied to them by admirers as books thumbed in youth which they in vain attempt to find in old age.

In 1846 Mr. Howe went out over the mountains to Ohio, passing successively through every county in it on the back of an old, slow going horse, named, in irony, Pomp. Much of the state was then a wilderness. He made drawings of the historical points and county seats, talked with the pioneers and eminent men of the commonwealth and gathered its history from those who laid the foundations.

In 1847 he published the "Historical Collections of Ohio," a work of 600 pages, with 177 engravings from his pencil sketches. It was immensely popular and had a greater sale than any state work even to this day issued. On its publication he settled in Cincinnati, where for some thirty years he has resided, engaged in writing and publishing books, mainly historical, which were sold by subscription all over the country.

In 1877 he returned to New Haven, and after some literary ventures there, in the fall of 1885, on entering his seventieth year, again went to Ohio to make a second tour of the state for a new edition of his work. This, after about six years of close application, he accomplished by its issue in three large volumes.

The new work contains all of the old; in it are the portraits and histories of Ohio's eminent characters for the last hundred

HENRY HOWE years; local and general information, legend and story, geography and antiquities; indeed, everything pertaining to Ohio and Ohio history.

Throughout the work is contrasted the Ohio of today with that of nearly fifty years ago. On his tour, he kept "Traveling Notes," which he has introduced into his chapters readers of the dignity of history or art. These have a literary bonhomie that gives an agreeable individuality to his chapters. He is exceedingly bright and entertaining, varied in anecdote, kindly in sympathy and pervaded by a rare spirit of humor. It is indeed a remarkable work, and Ohio is fortunate in the possession of such a historian. The general assembly of the state has given official indorsement of its worth by purchasing 1,200 sets for public libraries and other institutions. Otterbein university has conferred the degree of LL. D. upon Mr. Howe, and he has been elected to honorary membership in many historical societies both within and out of the state. He now resides in Columbus, where he publishes his work in connection with his son. No one in looking upon his slight frame and snow locks of age would suppose that he had the physical vigor and mental power to have accomplished such a great work.

They Must Respect the Kaiser. It isn't safe to discuss the emperor of Germany in his own realm save with laudatory phrases. Not long ago a young American got into serious trouble because he carelessly said to a companion in Berlin cafe: "I cough at the Kaiser." The police had him locked up almost before he could catch his breath. The latest offender is a Roman Catholic priest, who recently remonstrated with the head of a household for hanging Emperor William's portrait between the pictures of two saints, remarking that a mere Protestant sovereign ought not to be placed so near the holy ones of the Catholic church. His words were reported, and the priest was brought before a neighboring tribunal and condemned to four months' imprisonment in a fortress for treason.

Density of Population in Cities. According to a recent census bulletin the density of population per acre in the large cities of the United States ranges from 4 in St. Paul, 5 in Minneapolis, 9 in Omaha, 10 in New Orleans and Buffalo, 11 in Chicago and Denver, 13 in St. Louis, to 59 in New York, 48 in Brooklyn, 81 in Washington and 80 in San Francisco. For other cities the figures for population per acre are, in round numbers, Baltimore, 24; Boston 20; Cincinnati and Milwaukee, 19 each; Cleveland, Detroit, Indianapolis and Newark, 18 each; Nashville, 14; Rochester and Philadelphia, 13 each.

He Will Cross the Black Water. Caste prejudice is lessening among Indian princes since many of them have visited Europe. To a rigid Hindu "crossing the black water" means a grave sin, and so the monarch of Mysore—one of the richest and most powerful native rulers—has been much perplexed between his wish to accept the queen's invitation to England and his dread of infringing the rules of his faith. Finally he called a council of eminent Hindu priests to solve the difficulty, and with their sanction he will journey to England in the autumn.

Dr. Salvador de Mendonca, who has just left his legation at Washington for a visit home to Brazil, is the richest of the foreign representatives at that capital.

## AN ACHING VOID FILLED.

There Were Vacant Chambers in His Heart and She Filled Them. "In every house, Miss Powelson," said young Mr. Haybenslaw, with some agitation, "there is a spare room. It is kept for the use of some honored guest. In every heart, too—and he laid his hand impulsively on his own—"there is a spare room."

"And we find one, too, in so many hearts!" she murmured. "Miss Powelson—Irene!" the young man exclaimed, choking down a large and expansive lump of rising sighs, "in my heart there is a spare room sacredly set apart for you!"

"Only one, Mr. Haybenslaw!" she asked dreamily. "Do not mock me, Irene Powelson! It shall be a whole suite if you like. More than that! You shall have the entire premises if you'll only say so, and if that isn't enough we'll tear down and build bigger."

"This spare room—the suite of rooms, Arthur," said the maiden softly, "thou art speaking of—how—how are they furnished?"

"In first class modern style, Irene," replied the young man, with a business like ring in his voice. "Uncle Bullion died last week."

"Say no more, Arthur," whispered the lovely girl as she pillowed her rich blonde head on the young man's heart and listened to the wild thump! thump! that resounded through its spare chambers: "I'll take them!"—Chicago Tribune.

Had an Object. "My friend," he said, as he entered a shoemaker shop on Gratiot avenue, "I should like to sing you a song." "How much you charge?" "Not a red cent." "Vhas it a nice song?" "Very nice. I am sure you will be pleased with it." "Vhell, go ahead."

The man drew a long breath and started off. It was an awful noise. It was intended to lift the shoemaker right off his bench. It did so, and after the first verse he said: "Maybe you haf some object?" "I have, my dear sir. While I don't charge anything for singing, I do charge twenty-five cents to stop."

"I see; vhell, I vvas going down to Springwells for dis afternoon. While I doan't charge you to come in, I make you pay feifty cent to get out." And he stepped out and locked the door, and for two hours the itinerant talked with an inquiring public through a broken pane of glass, and freely acknowledged that there were better places than his.—Detroit Free Press.

Everything in Its Place. Architectural Upholsterer—And how do you think of having the library furnished, Mr. Gasbuhm? Mr. Gasbuhm—Why, I want a pool table in it, and a sideboard, of course; a couple of card tables and a lay out for the chess club, and what little whimwhams and frenzies you want to make it look well. A. H.—And about the book shelves; will you—Mr. G.—Oh, shoot the book shelves; put the books in the boys' room; they're going to school; I don't want books stuck under my nose when I'm busy enjoying myself.—Burdette in Brooklyn Eagle.

Use Enameling Stone Polish; no dust; no smell.

Tax GEMMA for breakfast.

### In 15 Minutes.

I suffered severely with face neuralgia, but in 15 minutes after application of ST. JACOBS OIL was asleep; have not been troubled with it since. No return since 1882. F. B. ADAMS, Perry, Mo.

"ALL RIGHT! ST. JACOBS OIL DID IT."

### SHILOH'S CONSUMPTION CURE.

The success of this Great Cough Cure is without a parallel in the history of medicine. All druggists are authorized to sell it on a positive guarantee, a test that no other cure can successfully stand. That it may become known, the Proprietors, at an enormous expense, are placing a Sample Bottle Free into every home in the United States and Canada. If you have a Cough, Sore Throat, or Bronchitis, use it, for it will cure you. If your child has the Croup, or Whooping Cough, use it promptly, and relief is sure. If you dread that insidious disease Consumption, use it. Ask your Druggist for SHILOH'S CURE, Price 10 cts., 50 cts., and \$1.00. If your lungs are sore or Back lame, use Shiloh's Porous Plaster, Price 25 cts.

### TUTT'S TINY LIVER PILLS.

THE SMALLEST PILL IN THE WORLD!  
TUTT'S TINY LIVER PILLS have all the virtues of the larger ones; equally effective, purely vegetable. Exact size shown in this border.

PORTLAND BUSINESS COLLEGE  
Portland, Oregon. A. P. Armstrong, Prin.  
Branch School: CAPITAL BUS. COLLEGE, Salem, Oregon.  
Business, Shorthand, Typewriting, Penmanship, and English Department.  
In session throughout the year. Students admitted at any time. Catalogue from either school, free.

## SOMETHING FOR THE NEW YEAR.

The world-renowned success of Hostetter's Stomach Bitters, and their continued popularity for over a third of a century as a stomachic, is scarcely more wonderful than the welcome that greets the annual appearance of Hostetter's Almanac. This valuable medical treatise is published by The Hostetter Company, Pittsburg, Pa., and their own immediate establishment, employing sixty hands in that department. They are running about eleven months in the year on this work, and the issue of same for 1892 will be more than 100,000 printed in the English, German, French, Welsh, Norwegian, Swedish, Holland, Bohemian and Spanish languages. Refer to a copy of it for valuable and interesting reading concerning health, and numerous testimonials as to the efficacy of Hostetter's Stomach Bitters, amusement, varied information, astronomical calculations and chronological items, etc., which can be depended on for correctness. The Almanac for 1892 can be obtained free of cost from druggists and general country dealers in all parts of the country.

Good Pastor—I did not see you at church last Sunday. Average Worshiper—No; I had nothing less than a quarter about me. Sudden changes of the weather often cause pulmonary, bronchial and asthmatic troubles. "Bromen's Bronchial Troches" will allay the irritation which induces coughing, giving immediate relief. As no roads are so rough as those that have just been mended, so no sinners are so intolerant as those who have just turned saints.

HOW'S THIS We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by taking Hall's Catarrh Cure. F. J. C. KEELEY & CO., Props., Toledo, O. We, the undersigned, have known F. J. Cheney for the last fifteen years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by their firm. West & Traux, Wholesale Druggists, Toledo, O. Walsing, Kinman & Marvin, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Price, 75c per bottle. Sold by all Druggists.

Girl violinists are becoming numerous. Girls are almost after beaux. It is said that the scales used by the manufacturers of Star Plug for weighing the tobacco for a plug of Star are so constructed that, if anything less than sixteen ounces is put into the scales, an electric bell rings automatically. Most tobacco choppers throughout the United States use Star Plug; it being the best.

### ONE ENJOYS

both the method and results when 'Yrup of Figs' is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers, and cures habitual constipation permanently. For sale in 50c and \$1 bottles by all druggists.

### PISO'S CURE FOR CONSUMPTION.

Best Cough Medicine. Recommended by Physicians. Cures where all else fails. Pleasant and agreeable to the taste. Children take it without objection. By druggists.

As she enters womanhood, every young girl needs the wisest care. Troubles beginning then may make her whole life miserable.

But the troubles that are to be feared have a positive remedy. Dr. Pierce's Favorite Prescription builds up and strengthens the system, and regulates and promotes every proper function. It's a generous, supporting tonic, and a quieting, soothing nerve—a legitimate medicine, not a beverage, free from alcohol and injurious drugs. It corrects and cures, safely and surely, all those delicate derangements, weaknesses, and diseases peculiar to the sex.

A remedy that does cure is one that can be guaranteed. That's what the proprietors of "Favorite Prescription" think. If it doesn't give satisfaction, in every case for which it's recommended, they'll refund the money. No other medicine for women is sold on such terms. Decide for yourself whether something else sold by the dealer, is likely to be "just as good" for you to buy.

### Sportsman, Attention!

If you want to shoot accurately, don't fail to sight your gun with the celebrated

**LYMAN'S SIGHTS.**  
Made to fit any rifle. Peep Sight, Ivory Bone Front Sight, Ivory Hunting Front Sight, 50 cents. Sent by mail on receipt of price.  
N. T. HUDSON, 83 First Street, Portland, Or.  
Send for new illustrated Catalogue.

### POISON IN THE PIPE

Leading medical authorities state that new and improperly cured tobacco when heated in the pipe produces a rank vegetable poison. Tobacco like liquor can only be improved by age. This is the reason why "Seal of North Carolina" is the most popular brand of smoking tobacco in the United States. It is made from tobacco, at least three years old. Its rich mellow smoke has never been equaled. Seal of North Carolina is now packed in Patent Cloth Pouches, as well as in foil.
