**No Extra Charge**

We are not making any extra  
charge for shaving the long faces  
of those affected by the present  
financial flurry. As another in-  
dication that our heart is in the  
right place we will accept per-  
sonal checks in payment for  
work.

**C. L. JAIN**  
STAR BARBER SHOP

**MAY NOT OCCUR TILL 1911.**

The opening of the Coeur d'Alene  
reservation for homesteaders may not  
occur till the spring of 1911.

This is the opinion of a govern-  
ment official, as expressed in a letter  
sent out. He sums up his rea-  
sons for this as follows:

"The matter cannot be definitely  
determined at this time. But I can  
tell you what has to be done before  
the land will be open. I am informed  
that the surveys are nearly completed,  
nearly enough so that the allotments  
will probably be early in the spring  
of 1908.

"The number of Indians to be al-  
lotted on the reservation is estimated  
at from 600 to 800. Judging from  
progress made in allotting other  
reservations, these should be com-  
pleted in two seasons, or late in 1909.  
"Then the allotments will be sub-  
mitted to the Indian department for  
approval and after approval the land  
that is not allotted will be classified  
and appraised.

"In doing this appraising the  
officer must visit each legal subdivi-  
sion. How long a time will be re-  
quired in doing this one can only  
guess at; certainly not less than one  
year.

"So I think one is safe in saying  
that the reservation may be opened  
some time in 1911. There is a ques-  
tion as to whether or not it is neces-  
sary that the surplus lands be ap-  
praised, but the facts are probably as  
stated in this communication."

**INDICATES SENTIMENT.**

The Scripps-McRae league, com-  
posed of independent daily newspa-  
pers, recently requested the editors of  
the leading independent newspapers  
of the various congressional districts  
of the United States to indicate the  
sentiment of their district in regard  
to the choice for the presidency in  
1908.

Two questions were sent out. The  
first was: "If Roosevelt is eliminated,  
whom will your congressional district  
favor as the republican candidate?"  
The 285 responses indicated the  
choice in that number of districts as  
follows: Taft 136, Fairbanks 18,  
Hughes 15, Cannon 8, Knox 22, La  
Follette 9, Shaw 1. This gave the  
secretary of war a majority over all  
of 63.

The second question was: "Who  
do you believe will be the next presi-  
dent of the United States?" The an-  
swers were divided thus: Taft 69,  
Roosevelt 64, Bryan 37, Hughes 10,  
Knox 4, Fairbanks 2, Folk 2, Cannon  
1, Culbertson 1, Cortelyou 1.

The replies, if they may be taken  
as an indication of the sentiment pre-  
vailing throughout the entire country,  
favor Secretary Taft very strongly.  
However, they do not dispose of  
Roosevelt as a candidate, and there  
are reasons for believing that he will  
not dispose of himself by his refusal  
to consider a renomination.—Wallace  
Press.

**A "DANGEROUS CITIZEN."**

"Dangerous Citizen" is the appella-  
tion recently bestowed upon a ma-  
chinist, after asserting that he owed  
fealty only to such laws as suited his  
purpose. The machinist confessed to  
being a socialist and made his decla-  
ration while being examined for  
veniteman. This impertinent fellow  
was roundly scored by the judge, who  
said:

"Sir, if you only believe in part of  
the law and you have that part to be  
held by yourself, you are a dangerous  
citizen and should not be protected  
by the law which protects good citi-  
zens. You are dismissed."

Now and then one hears of social-  
ists and union speaking disrespect-  
fully of our country's laws. This  
class of people seem to have no con-  
ception of the benefits derived from  
the very laws they so glibly abuse.  
Sometime ago an eminent Chicago  
judge, in rebuking a union man  
who had been summoned for jury  
service, said:

"Do you know there is no other  
friend you have that is as good a  
friend to you as the law? It made  
provision for you before you were  
born, it enables you to wear that coat  
which you have on your back, the  
shoes on your feet, or some one  
stronger would take them away from  
you.

"It is a guard over your house. It  
protects you from burglars; it stands

guard over your property, your repu-  
tation, your life; and if you are sick  
and friendless it will take care of you  
in the hospital; if you are dying it  
will protect your body.

"A man may be friendly to labor  
unions. Yes, but no labor union has  
ever been the friend to you that the law  
has been. The law makes it possible  
for you to earn wages; without it you  
could not collect wages, even though  
you earned them. You ought to have  
respect for the law above any other  
institution."—Harnessmakers' Re-  
view.

**INDUCEMENTS TO THE INLAND.**

At a meeting of the Twenty-one  
committee of the Promotion bureau  
today in the Raymond house,  
steps were taken toward offering the  
Spokane and Inland Electric railway  
inducements to build into Lewiston in  
the immediate future. The prelimi-  
nary action was to appoint a commit-  
tee consisting of D. J. McGilvery,  
chairman; Dr. J. B. Morris, M. W.  
Barnett, M. A. Means and R. B.  
Hooper to take up the matter with  
Jay P. Graves and his associates.

The plan of the bureau is to induce  
the railway to build down Hatwai  
creek, through the Genesee country,  
rather than by the proposed Steptoe  
butte canyon route.

The committee on reorganization  
and continuance of the work another  
year asked for another week in which  
to prepare its report. This was  
granted.

Though there was a warm discus-  
sion of the prospects of the bureau  
raising a fresh fund, no action along  
this line was taken.—Lewiston  
Teller, Dec. 31.

**DEATH STALKING PETTIBONE.**

Boise, Idaho, Dec. 30.—The illness  
of George A. Pettibone caused a de-  
lay of his trial today and an adjourn-  
ment was taken until tomorrow morn-  
ing.

When court convened certificates  
were presented signed by the defend-  
ant stating that he was unable to ap-  
pear in court.

Last night he became violently ill,  
and was taken to St. Alphonsus' hos-  
pital. For a time his condition was  
extremely critical, but today much  
improvement was noted.

Pettibone has been a sick man all  
through the trial and has frequently  
been taken to the hospital at nights  
because of his sufferings; but hereto-  
fore has been able to appear in court  
each day.

It is thought that his malady is in-  
curable and it is regarded a question  
if the trial will ever be concluded.

Judge O. N. Hilton of Denver was  
entered as an attorney for the defense  
today. He has been acting as attorney  
for the Western Federation of  
Miners in the Goldfield controversy.

On the day following the above oc-  
currence Pettibone was again able to  
appear in court.

—Robert Grostein, for forty-five  
years a resident of Lewiston, having  
been one of the first merchants of the  
town, died Sunday morning of this  
week. The deceased was about 75  
years of age. He was a native of  
Poland.

—General Elliot, commandant of  
marines, has reported to Secretary  
Metcalf that for the first time in many  
months the marine corps was now up  
to its full equipment of 8,700 enlisted  
men. General Elliot reports that not  
only has he secured all the men he  
wants and has withdrawn from the  
newspapers advertisements calling  
for recruits, but is now in a position  
to pick his men when there is need  
for further recruitment. The reasons  
assigned for this state of affairs repre-  
sent the depressed conditions of in-  
dustries, resulting in forcing men to  
obtain employment outside the fac-  
tories, mills and mines and to such of  
these as are not able to perform  
sailors' duties, yet make good sol-  
diers and desire to see the world, the  
marine corps offers a tempting refuge.

**A CURE FOR MISERY.**

"I have found a cure for the misery  
malaria poison produces," says R. M.  
James, of Louellen, S. C. "It's called  
Electric Bitters, and comes in 50c cent  
bottles. It breaks up a case of chills or  
a bilious attack in almost no time; and  
it puts yellow jaundice clean out of com-  
mission." This great tonic medicine  
and blood purifier gives quick relief in  
all stomach, liver and kidney complaints  
and the misery of lame back. Sold un-  
der guarantee at Dicus & Co's drug store.

**At the Genesee Opera House**

"As Told in the Hills" at the  
Grand is one of the prettiest dramas  
that has been put on the local stage  
this season. Perhaps that is not say-  
ing enough for it. Here and there is  
the course of a plot that leaps from  
one situation to another with the  
feverishness of the real gallery piece.  
There is an artistic touch which  
makes one wish the drama had been  
cast in a better mold. The pictur-  
esque Indian character of Pannena  
and Little Fox, when they are bent  
on their love making, have a sugges-  
tion of the Fenimore Cooper romance,  
"Hiawatha." Dorothy Grey, comes  
to us with all the delight of a fresh  
poster. Little Fox, the young In-  
dian, is a specimen of manhood worth  
seeing. The comedy parts are well  
handled by Don Macmillan and Bert  
Boza, as the silly negro and the  
"crushed actor," with Little Fox  
springing up from behind a con-  
venient rock whenever Pannena is in  
danger and Pannena getting the  
"drop" on the "bad man," whenever  
Little Fox is not there, is sufficient to  
make a drama that pleases the masses.  
Taking the play as a whole as it is  
presented at the Grand this week, it  
is a pleasant surprise.—Angeles Ex-  
aminer, Dec. 17, 1907.

"As Told in the Hills" will be pre-  
sented at the Genesee Opera House,  
Friday evening, January 10. Prices,  
25c, 50c and 75c.

Williams' Jubilee Singers, the  
colored organization which has ap-  
peared here during the past two sea-  
sons, is again booked to appear at  
the Genesee Opera House, Tuesday,  
January 28. The company is the  
same as in former years with the ad-  
dition of one lady member.

—For 1907 taxes in Latah county  
the Northern Pacific railway company  
last week enriched the county's ex-  
chequer to the amount of \$11,000.  
The Potlatch Lumber company's  
share of the county's taxes for the  
year is \$36,000.

—Stephen A. D. Puter, the Oregon  
"land fraud king," has been granted  
a full pardon by the president at the  
solicitation of Francis J. Heney. It is  
expected that Puter will appear as a  
government witness at the land fraud  
trials to be held at Portland the pres-  
ent month and that he will spring a  
number of sensations.

—A society for the suppression of  
the treating habit, unsupported by  
church, school or political party, has  
been launched at Kelso, Wash., with  
a membership of 65 men, one of whom  
is a saloonkeeper, and two of whom  
are bartenders. A fund of 48 cents is  
collected from each member for cards,  
buttons, etc. There is no fine for the  
violation of the pledge, each member  
being pledged on his honor not to  
"treat any person or persons to ci-  
gara, liquor, soda water, lemonade or  
any other beverage, kept for sale at  
any saloon, confectionery store or  
cigar stand." The pledge specified  
that the obligation shall not be bind-  
ing on the "entertainment of friends  
at home, or to treating families or  
lady friends."

When you want the best, get DeWitt's  
Carbolized Witch Hazel Salve. It is  
good for little or big cuts, boils or  
bruises, and is especially recommended  
for piles. Sold by Greaves Pharmacy.

**RANK FOOLISHNESS.**

"When attacked by a cough or a cold,  
or when your throat is sore, it is rank  
foolishness to take any other medicine  
than Dr. King's New Discovery," says  
C. O. Eldridge, of Empire, Ga. "I have  
used New Discovery seven years and I  
know it is the best remedy on earth for  
coughs and colds, croup, and all throat  
and lung troubles. My children are  
subject to croup, but New Discovery  
quickly cures every attack." Known  
the world over as the King of throat and  
lung remedies. Sold under guarantee at  
Dicus & Co's drug store. 50c and \$1.00.  
Trial bottle free.

It is very important and in fact it is  
absolutely necessary to health that we  
give relief to the stomach promptly at  
the first signs of trouble—which are  
belching of gas, nausea, sour stomach,  
headache, irritability and nervousness.  
These are warnings that the stomach has  
been mistreated; it is doing too much  
work and it is demanding help from you.  
Take something once in a while; espe-  
cially after meals; something like Kodol  
For Dyspepsia and Indigestion. It will  
enable your stomach to do its work  
properly. Sold by Greaves Pharmacy.

**THE GENESEE NEWS.**  
ENTERED AT THE POST OFFICE AT GENEESE AS SECOND-CLASS MAIL MATTER.  
CHAS. POWELL, PUBLISHER.  
Subscription price, strictly in advance, \$1.50.  
—The News wishes its many readers a happy and prosperous New Year.  
—Mr. and Mrs. A. Meyer, of Uniontown, were visitors with Mr. and Mrs. John Kempf Wednesday.  
—The Rosenstein store reports the sale of a large amount of clothing during the past two weeks, a liberal discount having been given. See change of advertisement.  
—Beginning with Monday of next week Thomas Davis will conduct a two week's inventory sale. The price-cutting knife has been vigorously used in all departments and some very liberal prices have been quoted. Read the big price list.  
—A petition in bankruptcy has been filed in the U. S. court at Moscow by Ed Walters, of this city, and the case has been referred to Referee G. Orr McMinimy here for hearing. The date of the hearing will be announced in a few days. The assets are specified to be \$3,800.—Lewiston Tribune, Wednesday.

**A HIGHER HEALTH LEVEL.**  
"I have reached a higher health level since I began using Dr. King's New Life Pills," writes Jacob Springer, of West Franklin, Maine. "They keep my stomach, liver and bowels working just right." If this pills disappoint you not a trial, money will be refunded at Dicus & Co's drug store. 25c.

**AT THE CHURCHES.**  
M. E. church, South. E. P. Warren pastor. At 11 a. m., "The first great doctrine of christianity." At 7:30 p. m., "The contagion of determination."  
A meeting of the ladies' aid society will be held Wednesday afternoon of next week at the church to elect new officers for the coming year.  
The annual meeting and banquet of the Congregational church will occur Wednesday evening, January 15, 1908. The banquet will be served at six o'clock in the evening and will be followed by the annual business meeting for the election of officers for the ensuing year. All members of the church and their families, including their children, are invited to be present and an effort will be made to secure the attendance of two or three congregational ministers from neighboring towns. Let this event be thoroughly advertised among the members that the full membership may be present. We shall all have a good time.  
Next Sunday will be communion Sunday at the Congregational church and you are invited to start the new year right by gathering around the Lord's table with us. The advent of the new year will be observed by the use of appropriate themes for sermons. "Behold I make all things new" is the sweet benediction of the season and we trust that all are entering into the fullness of its joy.  
C. H. NELLOR, Pastor.

**WOODMEN OF THE WORLD, TAKE NOTICE.**  
On Saturday evening, Jan. 11, 1908, a regular meeting of the lodge will be held at which time important business will come up for consideration. ALL members are urgently requested to be present.  
D. C. BURR, Clerk.

**Notice of Stockholders Meeting.**  
Notice is hereby given that the annual meeting of the stockholders of the Genesee Exchange Bank will be held at the banking house Tuesday, January 21, 1908, at 2 o'clock p. m. for the purpose of electing directors for the ensuing year, and transacting any other business that may come before the meeting.  
Genesee, Idaho, January 2, 1908.  
FRANK K. BRUNSLER, Cashier.

**LAME SHOULDER CURED.**  
Lame shoulder is usually caused by rheumatism of the muscles and quickly yields to a few applications of Chamberlain's Pain Balm. Mrs. F. H. McElwee, of Boise, writes: "Having been troubled for some time with a pain in my left shoulder, I decided to give Chamberlain's Pain Balm a trial, with the result that I got prompt relief." For sale by Dicus & Co.  
Kodol For Dyspepsia and Indigestion is the result of a scientific combination of natural digestants with vegetable acids and contains the same juices found in a healthy stomach. It is the best remedy known today for dyspepsia, indigestion and all troubles arising from a disordered stomach. Take Kodol today. It is pleasant, prompt and thorough. Sold by Greaves Pharmacy.

**W. J. HERMAN CO.**  
In order to show you how we have appreciated your patronage during the year just passed, will have something to say of interest to everyone in next week's paper.

**CAWFFEE TIME AT MURPHY'S CAMP.**  
HUR-roop, hur-roop, oh, Murphy's crew,  
It's cawffee time—It's cawffee time!  
Out of your bunk, there's work for you,  
And it's cawffee time, it's cawffee time.  
"Tain't sun-up yet, but the sky is red,  
Beans are hot and the table spread,  
If it wa'n't for your snores I'd think you were dead;  
Hi, up my man, for it's cawffee time.  
Wake up, my hearties of Murphy's crew,  
For it's worth your while at cawffee time.  
It's cawffee that's real that we buy for you;  
It's CHASE & SANBORN's Satacawffee time.  
There's no one works like a woodsman works,  
There's no one here for a man who shirks,  
And we buy the cawffee that has no quirk,  
For it braces the boys at cawffee time.  
You can't fool us, you understand,  
With any weak-kneed sort of brand,  
For it's CHASE & SANBORN's good old brew  
That puts the gimps into Murphy's crew.

—Miss Sophia Esser is a visitor here from Uniontown.  
—Johnnie Meyer, who has been spending his vacation at home, will return to Olympia Sunday.  
—Mr. and Mrs. George H. Ruddell, of Moscow, the latter a sister of Mrs. L. L. Goodnight, were visitors here the latter part of last week.  
—Misses Maggie and Hattie Botter left Tuesday for Palouse. The first of the week Miss Maggie will again take up her work as a teacher in a school near Garfield.  
—While calling yesterday morning on a steep hill near his home Harold Jackson, by a fall from his sled, cut a deep gash in the back of his head. It was necessary to take two stitches in the wound.  
—On New Year's day, at Moscow, Walter Green and Miss Maude Woodside were united in marriage. They will at once go to housekeeping on the farm of the groom's father, J. M. Green, east of town. The bride is a daughter of Mr. and Mrs. E. Woodside, former residents of the Pine Grove neighborhood. Their numerous friends join in wishing them a long and happy married life.

—Both county and state taxes become delinquent Monday of next week, and if the delinquent penalty is to be avoided your money must be deposited with the assessor not later than tomorrow (Saturday). After the taxes become delinquent the assessor is allowed thirty days to prepare the delinquent list before again receiving taxes before the date of publication of the delinquent list.  
—Yesterday morning Mrs. J. H. Greaves received the sad intelligence from Spokane that her aged mother, Mrs. Margaret Eley, had died in that city. As the message was not received until after the departure of the morning train Mrs. Greaves drove to Moscow from which place she took the O. R. & N. for Spokane. The deceased was quite well known to a number of Genesee people, she having visited here a number of times.  
—Tuesday of this week Judge Steele passed sentence on A. H. Squires, a colored man of Troy who was recently convicted of manslaughter, the offense having been committed last August. He was given three years in the penitentiary. Three others who some weeks ago were arrested charged with burglarizing a grocery store in Moscow, and who pleaded guilty to the charge, were sentenced to one year each in the penitentiary.

—A social gathering took place at the home of Mr. and Mrs. O. H. Norby on New Year's eve. The time was spent in the playing of numerous games and at eleven o'clock refreshments were served. Those present were: Misses Anna Howe, Marie Olson, Anna and Della Smith, Amelia Ficken, Clara Rosenau, Lillie Nordby, Messrs. Oscar Larson, Gustav and Willie Rosenau, Hans Larson, Ole and Rudolph Nordby, Albert and Joseph Anderson and Julius Nordby.  
—The Genesee Fruit Products company closed their season's run Wednesday of this week. The company in addition to doing a large amount of custom grinding, has made about 500 barrels of vinegar and between eight and ten tons of apple jelly and apple butter. For the first year the business done has been very satisfactory. Prior to the next season's run the company proposes to make some extensive improvements about the plant and aim to operate the big press twenty-four hours each day throughout the season.  
—After all, money talks. That "cross of gold" is not so much of a bugbear to the Bryanites as it was a few years ago. Denver was awarded the democratic national convention because she came forward with a pile of the precious metal that none of the other contestants for the honor could or would match. Democrats may virtuously spurn the contributions of private corporations for campaign purposes, but it is another matter when a municipal corporation plunks \$100,000 in gold before their very eyes as the price it is willing to pay for the privilege of securing the great national powwow.—Toledo Blade.

**SOMETHING NEW**  
I have added to my stock of Confectionery, Cigars and Tobacco and Lunch Goods, a New Department made up of  
**5c, 10c and 15c Counters**

On which you will find Fancy Glassware, Vases, Granite-ware, Cups and Saucers, Box Stationery, Hosiery, Towels, Laces of All Kinds, Handkerchiefs, Cushion Covers, Notions, Pencils, Tablets, Post Cards, etc., etc.  
All Sold at Prices Which Cannot be Duplicated Elsewhere in Genesee  
**WM. SMOLT**  
NEXT DOOR TO POST OFFICE

—Will Harris was up from Pullman Sunday.  
—Ray Pickering left Sunday of this week for the Sound country.  
—Tim Sullivan was here from Coeur d'Alene the first of the week.  
—Mr. and Mrs. A. Murphy and Miss Helen Lincham returned home yesterday.  
—Mr. and Mrs. Ball and son Harry were guests of Colton relatives the latter part of the week.  
—At the dance given Wednesday night by the Army company 104 numbers were sold. Notwithstanding the large crowd a fine time is reported by those present.  
—"As Told in the Hills," which comes to the Genesee opera house Friday of next week, promises to be a grand attraction. The same company is playing in all the large cities.  
—The Northern Pacific railway company has paid taxes in Nez Perce county this year aggregating \$22,471.04. The Clearwater Timber company pays the county about \$12,000.

—Last week Will Baumgartner had four fingers on one of his hands considerably mutilated by their coming in contact with a wood saw. The bone of the index finger having been cut he will probably have a remembrance of the accident for life.  
—V. Mayer, for years one of the most prominent farmers and residents of the Uniontown section, Saturday of last week moved his family to Genesee to reside permanently. They are occupying the Antonie Mettes residence in the western part of town.  
—The C. E. Wood Co. are this week installing at the Rimrock mills a new and modern piece of machinery for the cleaning of wheat. The new machine will very effectively remove all wild oats, etc., from the wheat before grinding. The product of the Rimrock mills is not excelled by any mill in the Inland Empire and to keep the same up to the highest possible standard new and modern machinery is being constantly added.  
—Yesterday morning Mrs. J. H. Greaves received the sad intelligence from Spokane that her aged mother, Mrs. Margaret Eley, had died in that city. As the message was not received until after the departure of the morning train Mrs. Greaves drove to Moscow from which place she took the O. R. & N. for Spokane. The deceased was quite well known to a number of Genesee people, she having visited here a number of times.  
—Tuesday of this week Judge Steele passed sentence on A. H. Squires, a colored man of Troy who was recently convicted of manslaughter, the offense having been committed last August. He was given three years in the penitentiary. Three others who some weeks ago were arrested charged with burglarizing a grocery store in Moscow, and who pleaded guilty to the charge, were sentenced to one year each in the penitentiary.

—The fifth man arrested on the charge of horse stealing in Nez Perce and Latah counties was yesterday held to the district court for trial when Justice of the Peace George E. Erb rendered his decision in the case of the State of Idaho vs. George Forsman. Mr. Forsman's bonds were fixed at \$1,500 which is the same as required at the time he was arraigned on the horse stealing charge. Barber, Kent and White have entered pleas of guilty to the charges and are now confined in the Latah county jail, while Forsman and Cinnamon Hill, who will stand trial, will come before the district court of Nez Perce county. All of the men indicted are prominent citizens, of Latah and Nez Perce counties. Forsman being a prominent farmer of the Juliaetta section while Hill is a well-to-do farmer of the Summit country.—Lewiston Teller, Dec. 27.

—A recent swindle whose operations seem to be working toward the coast is thus described in a Middle Western publication: The plan of the peddler is to call on the farmer and take a small order at first, asking merely a dollar in cash to help pay his traveling expenses. In the course of a week the grocery order arrives filled to the letter, with everything that the order contained and the goods of a better grade than was anticipated. If the policy is let the cheapness of the goods and his seeming reliability soak in for a week, when he returns for a second order. And here is where the swindle comes in. The peddler asks for a cash payment on the order, and upon receiving it, disappears, never to return.  
—The fifth man arrested on the charge of horse stealing in Nez Perce and Latah counties was yesterday held to the district court for trial when Justice of the Peace George E. Erb rendered his decision in the case of the State of Idaho vs. George Forsman. Mr. Forsman's bonds were fixed at \$1,500 which is the same as required at the time he was arraigned on the horse stealing charge. Barber, Kent and White have entered pleas of guilty to the charges and are now confined in the Latah county jail, while Forsman and Cinnamon Hill, who will stand trial, will come before the district court of Nez Perce county. All of the men indicted are prominent citizens, of Latah and Nez Perce counties. Forsman being a prominent farmer of the Juliaetta section while Hill is a well-to-do farmer of the Summit country.—Lewiston Teller, Dec. 27.

—A Catholic rosary. Owner may recover same by calling at this office.  
Do you have backache occasionally, or "stitchers" in the side, and sometimes do you feel all tired out, without ambition and without energy? If so, your kidneys are out of order. Take DeWitt's Kidney and Bladder Pills. They promptly relieve backache, weak back, inflammation of the bladder and weak kidneys. Sold by Greaves Pharmacy.

**WANTED—Farmers having choice winter apples for sale call or address O. E. MILLER at P. S. Warehouse.**

**MILLINERY.**  
Reduced prices on all hats at  
KATE KENNEDY'S.

**PUT YOUR MONEY INTO THE BEST FRUIT LANDS THAT IS IN**  
**Lewiston-Clarkston Valley**  
And bank flurries will not worry you. The first full crop will pay for the entire investment. Net AVERAGE profits for a long term of years in our orchards and vineyards have been \$300 to \$400 per acre per year over all expenses. Experienced judges insist that these lands will be thought cheap in a very few years at three times the present value, aside from the every increasing value of good fruit trees. We plant and care for the orchards if desired until you want to live on it. Living on a fruit tract in the Lewiston-Clarkston valley means closeness of neighbors, two good towns only one to four miles away, good schools, churches, telephones, electric lights, water under pressure for all uses, the daily paper, concerts and theatre for those who want them. Railroads built and building, and manufacturing and other industries, will make these tracts very valuable in the near future, aside from their investment value as orchards.

**Our Resolve for 1908**  
It is customary with a great many people to make new resolves at the beginning of each year. It is certainly our custom.  
For 1908 we have resolved to give better service, better attention to business, better values for your money, and in every way serve you in a manner that you will have every confidence in us.  
As the old saying goes: "practice makes perfect." We feel as we grow older that we are in a better position to know your wants—in a better position to buy more intelligently, and in a better position to make our business what it should be.  
At this time we want to thank our patrons who have so liberally given us their patronage during the past year. You have made it possible for us to increase our stock to such an extent that we now feel that one that is a credit to Genesee.  
On Monday, January 13, we will commence invoicing. Between now and that date we offer all broken lines and odds and ends FOR ABOUT HALF OF THEIR VALUE. Come in and see what we have to offer.  
**Follett Bros**  
General Merchandise

Better come down while the good weather lasts. Call at the Company office in Clarkston, or at the office of Clarkston Heights at 412, Main Street, in Lewiston, and get a free automobile ride over the two irrigated tracts. Or drop a line to the Development League in either town and get the handsome pamphlets free.

**The News Prints Butter Wrappers**

## A RED TAG SALE AT HERMAN'S

Owing to some changes we are going to make in our building we have put a price on our entire line of goods that will clean them out in a very short time. If you are going to need anything in our line we will save you money as we must have the room to make the changes.

### FOR TWO WEEKS ONLY

Commencing MONDAY, JANUARY 13, this Red Tag Sale Will Take Place in All Departments

We will not close the store and mark up anything but will make you a big discount on the already low prices.

## MATTRESSES

We have the largest stock of Mattresses in Latah county. They go regardless of price. A few bargains listed below.

- Best Combination Floss and Elastic Felt; others charge \$17.50. **RED TAG SALE PRICE \$12 00**
- Best Grade of Elastic Felt; others charge \$15.00. **RED TAG SALE PRICE 10 00**
- Number 1 Elastic Felt Mattress; others charge \$12.50. **RED TAG SALE PRICE 8 00**
- Same as above, only a little lighter in weight; others charge \$10. **RED TAG SALE PRICE 6 50**
- Wool and Cotton Tops; others charge \$3.50. **RED TAG SALE PRICE 2 50**

## IRON BEDS

We have on hand a very large stock and here quote a few sample prices:

- Regular \$15.00 Beds, **RED TAG SALE PRICE \$10 50**
- Regular \$13.50 Beds, **RED TAG SALE PRICE 9 00**

## MATTING

Regular 35c to 50c Grades reduced to 25c

## COTTON BLANKETS

As we are not going to carry Cotton Blankets we will close our present stock out at less than they can be bought for at wholesale today as we bought these before the present high price of cotton.

## ROCKERS

We have on hand the finest assortment of Rockers ever shown in Latah county and the price is cut to bed rock.

- Rockers others ask \$3.50 to \$4.50 for, **RED TAG SALE PRICE \$2 50**
- Rockers others ask \$4.50 to \$5.50 for, **RED TAG SALE PRICE \$3 75**

## Bed Springs

We carry the best makes of supported hard wood frame Springs which regularly sell for \$3.50. **Red Tag Sale Price \$2.50.** Coil Springs others ask \$5 for, **Red Tag Sale Price \$3.75.** Several patterns of Coil Springs which sell for \$5 to \$7.50. **Red Tag Sale Price \$3.50 to \$5.**

## PICTURE FRAMES

We have hundreds of Picture Frames which will be sold regardless of cost. Bring in your pictures and have them framed. You will not get this chance again.

## Wall Paper 10c per Double Roll

We have a large assortment of broken lots which we will clean out at the above low price. **25 PER CENT OFF** on our entire line of Wall Paper. This is all new stock as we close out our entire line each year.

All Fancy China and Cut Glass at Greatly Reduced Prices.

Lack of space forbids us trying to mention only a few of the many bargains which will be found at our store. A call is all that is needed to convince you that this is the time of your life to save money. Remember the date: January 13 to 25 inclusive.

The sale will only last two weeks—not a day longer.

Your local paper is a necessity to you, financially and socially. But a NEWSPAPER OF GENERAL CIRCULATION, containing the latest news of the world, is equally necessary to you. The "Up to date man" will provide himself with these two essential features of progress.

### THE PURE FOOD LAW

Secretary Wilson says, "One of the objects of the law is to inform the consumer of the presence of certain harmful drugs in medicines." The law requires that the amount of chloroform, opium, morphine and other habit forming drugs be stated on the label of each bottle. The manufacturers of Chamberlain's Cough Remedy have always claimed that their remedy did not contain any of these drugs, and the truth of this claim is proven as no mention of them is made on the label. This remedy is not only one of the safest, but one of the best in use for coughs and colds. Its value has been proven beyond question during the many years it has been in general use. For sale by Dicus & Co.

John Vandenburg returned to Stevens county, Washington, yesterday.

It is announced, that the big mill at Pottlatch will soon be running on full time.

Miss Edna Wahl, a teacher in the schools at Hope, Idaho, has been spending her vacation at home.

Judge Steele has designated the following dates for court terms during the year 1908 in the Second judicial district: Nez Perce county, at Lewiston, January 13, March 30, and October 5; Idaho county, at Grangeville, February 24, August 31; Latah county, at Moscow, May 4 and November 16.

The annual report of the Lewiston-Clarkston fair association shows that notwithstanding the fact that the late meeting was well patronized, there is a deficit for the year of about \$5,000. The racing program, alone cost the association \$10,510.40. The matter of securing a new location for the grounds on the Lewiston side of the river is being seriously considered.

These words by Abraham Lincoln, now a classic of American literature, should be printed in every paper in the land at least once a year. They were uttered 70 years ago by a then obscure young lawyer, but the words, like burning coals, are alive for all occasions: "Let reverence for the laws be taught in schools, in seminaries and in colleges; let it be written in primers, spelling books and almanacs; let it be preached from the pulpit, proclaimed in legislative halls and enforced in courts of justice. And, in short, let it become the political religion of the nation; and let the old and the young, the rich and the poor, the grave and the gay, of all sexes and tongues and colors and conditions sacrifice unceasingly upon its altar."

The Housekeeper begins the new year by presenting a well-rounded number with an especially strong heart-gripping story, "The Revealing Mirror," by Herbert D. Ward. "The pages are largely given over to instructive articles on present day Indiana. The first is entitled "His wife's People," and is written by Marian Bonnell, Associate Editor, who has spent the past year in studying northwestern Indians. The Indians of the northwest are represented in "Ramona's People," by W. B. Chamberlain. The photographs are especially good. The departments devoted to the home are carefully edited, being entirely up-to-date and practical. The Housekeeper Corporation, Minneapolis, Minn. Sixty cents a year.

At a special session of the district court for Kootenai county, Judge Wood, Saturday of last week, granted the motion of Prosecuting Attorney Hanson of Shoshone county, dismissing the case of the state versus Steve Adams, a member of the Western Federation of Miners. This is the case in which Adams is charged with the murder of Fred Tyler in the Marble creek district in 1904, for which he was tried twice, the prosecution failing by the disagreement of the jury in both instances. Adams was immediately taken into custody by Sheriff Charles A. Fitzpatrick, of San Miguel county, Colo., armed with extradition papers from Governor Gooding, authorizing him to take Adams to Telluride to stand trial on an indictment charging him with the murder of Arthur Collins, manager of the Saugter-Union mine, in 1903.

It depends upon the pill you take. DeWitt's Little Early Risers are the best pills known for constipation and sick headache. Sold by Greaves Pharmacy.

### THE GENESEE NEWS.

NEWSPAPER AT THE POST OFFICE AT GENESEE AS SECOND-CLASS MAIL MATTER.

CHAS. POWERS, PUBLISHER.

Subscription price, strictly in advance, \$1.50.

—Read Herman's big ad. on the first page.

—C. and J. Coverdale left yesterday for the Yakima country.

—A son was born to Mr. and Mrs. Rud. Borkowski Wednesday.

—Geo. D. Bryan, the potato buyer, of Bellingham, is with us again.

—Mrs. Diem, mother of F. E., left Wednesday for her home at Garfield.

—Mr. and Mrs. Fred Long arrived home Tuesday from their visit to Spokane.

—Mrs. T. J. Keane and Miss Kate Kennedy visited Moscow from Saturday until Monday.

—James Edwards left Friday for Spokane to again take up his studies at the Blair Business college.

—Two juries having failed to believe the story of crime told by Harry Orchard it has been suggested that he be tried for perjury.

—J. J. Stoellenwerk, of Colton, and Peter Kohuen, of Leon, were guests at the Stoellenwerk home in this city the latter part of the week.

—It is claimed that more than 100 shares of "wireless" were sold in Pullman at \$14 per share. Genesee can make about an equal showing.

—Mrs. Arthur Hampton left the first of the week for Spokane in order that her baby might receive hospital treatment. Mrs. Warren accompanied her.

—The annual ball of the Y. M. I. society, to be given on Friday night of next week will undoubtedly be largely attended. Tucker's orchestra has been secured for the occasion.

—At the present time three cases of diphtheria are under quarantine at the Charles Jain home east of town, the victims being Mr. Jain and two little daughters. Yesterday they were all reported as convalescing.

—A case of small pox is under quarantine at the Frank Hart home five miles west of town. The victim is a relative of Mr. and Mrs. Hart. At the time he was taken with the disease Mr. and Mrs. Hart were away from home. Now they cannot return until quarantine is raised.

—The reform wave threatens to strike Genesee. We are very reliably informed that the council members are seriously considering the advisability of passing an ordinance compelling the owners of saloons, bars and card rooms to discontinue business before the hour of midnight each day.

—Rev. C. W. Bushnell, Sunday school missionary for the Congregational Sunday School and Publishing Society, came in from Lewiston Saturday, and, remaining over Sunday, preached two excellent sermons at the Congregational church. It will be remembered that Mr. Bushnell was an attorney at Spokane until eleven years ago, when he was converted and went into the ministry.

—Those killing coyotes, bob cats and lynx may secure the bounty of \$2 each by forwarding the pelts to R. C. West, the deputy game warden at Moscow, before the first and fifteenth of each month up to April 1. To insure prompt payment of claims the entire pelt should be sent to Deputy West. Use care in skinning and leave the front feet in the hide. These will be removed by the deputy and the pelts returned.

**IT DOES THE BUSINESS.**  
Mr. E. E. Chamberlain, of Clinton, Maine, says of Bucklen's Arnica Salve, "It does the business; I have used it for piles and it cured them. Applied it to an old sore and it healed it without leaving a scar behind." 25c. at Dicus & Co's drug store.

### WOODMEN OF THE WORLD, TAKE NOTICE.

On Saturday evening, Jan. 11, 1908, a regular meeting of the lodge will be held at which time important business will come up for consideration. ALL members are urgently requested to be present.

D. C. BURR, Clerk.

**Notice of Stockholders Meeting.**  
Notice is hereby given that the annual meeting of the stockholders of the Genesee Exchange Bank will be held at the banking house Tuesday, January 21, 1908, at 2 o'clock p. m., for the purpose of electing directors for the ensuing year, and transacting any other business that may come before the meeting.

Genesee, Idaho, January 2, 1908.  
FRID K. BRUNSLER, Cashier.

### OPERA HOUSE

Saturday, Jan'y 11

W. F. MANN PRESENTS

The Realistic Indian Drama

## As Told in the Hills

Great Cast  
Second Season

By Far the Best Dramatic Production of Today

New Specialties, Scenery, Electric Effects and Costumes

Prices 25c, 50c, 75c and \$1.00.

### AT THE CHURCHES.

There will be services at the Lutheran chapel on Sunday at the usual hour.

REV. O. C. HELLEKSON, M. E. church, South, E. P. Warren, pastor. We are fortunate in having secured the services as chorists the Rodgers brothers who are prepared to furnish us some excellent music. Come and judge for yourself. We are pleased to note the interest and growth of our Sunday school, also the increased attendance at our regular services. Sermon topics: Sunday morning, "The Gospel Preacher." Evening, "Pleasant Ways."

The Congregational church will hold its annual banquet, roll-call and business meeting for the election of officers for 1908, Wednesday evening, January 15th, 1908, beginning at 6 o'clock. Every member of the church is urged to be present and is also requested to bring their families, as the event is to include the members' families as well as themselves. Committees are at work and a good time is expected for all. Don't forget the date and hour.

Back from Spokane ready for business. Have received a shipment of the latest photograph goods and cards. Now is your time to take advantage before spring while you have the opportunity which is indefinite.

Have also three pianos which must be closed out at cost. Now is your chance. No more ordered. Come and see me at once. Don't delay.  
C. W. HANSON.

### LAME SHOULDER CURED.

Lame shoulder is usually caused by rheumatism of the muscle and quickly yields to a few applications of Chamberlain's Pain Balm. Mrs. F. H. McElwee, of Boletown, New Brunswick, writes: "Having been troubled for some time with a pain in my left shoulder, I decided to give Chamberlain's Pain Balm a trial, with the result that I got prompt relief." For sale by Dicus & Co.

### A HIGHER HEALTH LEVEL.

"I have reached a higher health level since I began using Dr. King's New Life Pills," writes Jacob Springer, of West Franklin, Maine. "They keep my stomach, liver and bowels working just right." If these pills disappoint you on trial, money will be refunded at Dicus & Co's drug store. 25c.

## PUT YOUR MONEY

INTO THE BEST FRUIT LANDS THAT IS, IN

## Lewiston-Clarkston Valley

And bank flurries will not worry you. The first full crop will pay for the entire investment. Net AVERAGE profits for a long term of years in our orchards and vineyards have been \$300 to \$400 per acre per year over all expenses. Experienced judges insist that these lands will be thought cheap in a very few years at three times the present value, aside from the every increasing value of good fruit trees. We plant and care for the orchards if desired until you want to live on it. Living on a fruit tract in the Lewiston-Clarkston valley means closeness of neighbors, two good towns only one to four miles away, good schools, churches, telephones, electric lights, water under pressure for all uses, the daily paper, concerts and theatre for those who want them. Railroads built and building, and manufacturing and other industries, will make these tracts very valuable in the near future, aside from their investment value as orchards.

Better come down while the good weather lasts. Call at the Company office in Clarkston, or at the office of Lewiston Orchards in the Kjos building, or at the office of Clarkston Heights at 412, Main Street, in Lewiston, and get a free automobile ride over the two irrigated tracts. Or drop a line to the Development League in either town and get the handsome pamphlets free.

A GENTLEMAN'S RESORT

NATHAN EDWARDS, PROP.

FRIDAY, JAN. 10, 1908.

—All roads lead to Genesee.

—Reed Klapp returned to Spokane Tuesday.

—Rev. Fr. Faust was a Genesee visitor from Uniontown Monday.

—Dr. P. S. Beck returned Saturday after a week's absence at Irrigon.

—Pat Grace, of Northport, Wash., was here this week purchasing horses.

—W. B. Goodheart, state lecturer for the Mason's is spending a few days in the city.

—R. R. and W. W. Gray left Wednesday morning of this week for California expecting to be gone several weeks.

—Will Burr left Wednesday for Grangeville from which point he will leave in a few days for the Ramey Ridge mining district.

—C. C. Stuber writes from Lebanon, Ohio, to which place he went some time ago to receive treatment for a tumor, that he is making very satisfactory progress toward recovery.

—Rev. O. C. Hellekson returned Tuesday from a trip to Pottlatch. Rev. Hellekson was installed as pastor of the Pottlatch congregation Sunday and will make regular trips there in the future.

—Tuesday last week the village of Peck voted bonds in the sum of \$1,000 and a water system will be installed. At the election while a total of only 29 votes were cast only one vote was against the proposition.

—At a regular meeting of the Moscow city council held Monday evening an ordinance, intended to thoroughly purify Moscow was passed. The ordinance is said to be a very drastic one and by its provisions the red light district will be eliminated.

—A report is sent out from Moscow to the effect that only 75 per cent of the 1907 taxes had been paid up to Saturday night of last week. The amount of delinquent taxes will be over \$55,000, which is the largest item of this nature in many years. The increase over former years is attributed to the financial stringency.

—State Treasurer Hastings has made a statement showing the amount earned during 1907 by state money on deposit in 77 banks throughout the state. The total is \$18,226.94, compared with \$9,267.67 for 1906. The increase all in the last three quarters, as the old arrangement carried through until April.

The interest earned during the first quarter was \$2,896.25. During the other three it was \$5,339.49, or an average of \$5,119.96 per quarter after the new arrangements were made under the present treasurer.

—On account of the extra day in February this year the Pythian Sisters had an inning Monday evening of this week, the occasion being a leap year ball at the K. of P. hall. The ladies in charge of the event had very tastily decorated the hall, and the attendance was large. Music was furnished by Tucker's orchestra and light refreshments were served in the hall. In a majority of cases the ladies called at the various homes for their partners and throughout the evening showed them a good time, paying all expenses.

—Henry Bauer and Edgar Kent, the confessed horse thieves now confined in the Latah county jail, were yesterday sentenced to three and two years respectively in the penitentiary. It is stated that Frank White who confessed to be the cause of Bauer and Kent engaging in the stealing business, has endeavored to change his plea to not guilty, and the status of the case will be determined by Judge Steele today. Bauer and Kent will be held at the Latah county jail until after the trials of Forzman and Hill in Nez Perce county, as it is upon testimony furnished by them that the state hopes to secure a conviction. Teller, 7th.

—The troubles of Mr. and Mrs. E. G. Crossett, living just south of town, have again resulted in the head of the house being placed under arrest. He was taken to Moscow Tuesday by Deputy Sheriff Robbins. Some days ago in family altercation Mrs. Crossett claims that he threatened to kill her and the children. Crossett admits having given her a "spanking." Monday Mrs. Crossett went to Moscow and swore to a complaint charging Crossett with insanity. There are few of Crossett's acquaintances here who will believe that he is insane but practically all will admit that he needs repairing. He is a bad one, and during his few years residence here has caused more trouble than the remainder of the population put together.

—Joe Davies returned home Wednesday.

—Miss Maurine Scroggin returned Wednesday from Illo.

—George Rabold has been spending the week in Spokane.

—Fred Miller returned Saturday from a trip to Pottlatch and other lumber camps.

—Pat Mulalley expects to leave in a few days for Texas on a tour of inspection.

—Friday of last week a son put in an appearance at the Martin Has-further home.

—It is expected that electric juice will be available for use in Uniontown within a day or two.

—Both the public and Sisters schools at this place opened Monday after a holiday vacation of two weeks.

—U. G. Dickson left here yesterday for the Yakima country. The family are making the Watson ranch their home during the winter.

—Mrs. W. H. Gage left yesterday for Spokane to make proof on a timber claim. G. N. Hollister accompanied her as a witness.

—Dr. J. L. Conant, Jr., who is a member of the Idaho state board of health, paid an official visit to the Northern Idaho Asylum at Orofino Wednesday of this week.

—Thomas Davis states that on Monday of this week, the opening day of his inventory sale which is on for two weeks, his receipts were greater than for any single day since engaging in business in Genesee. Another evidence that "hard times" has not affected this territory and as a place to trade Genesee is hard to beat.

—Mrs. M. M. Oylear, teacher of the 4th and 5th grade of the school has handed in her resignation to the school board. Mr. Oylear who has been employed at Sogard's dry goods store has accepted a position in Mr. Leggett's store at Illo and Mrs. Oylear has an opportunity to secure a position in the school there and for this reason she desires to give up her work here. Her resignation has been accepted and a sister, Miss Asper Goserud, recently from Julietta, has been selected to fill the vacancy.—Caldesac Register.

—The following new officers have been chosen by the Y. M. I. for the ensuing year:

George Ebel, I. O.  
Joe Hasfurth, P.  
Joe Moersch, 1st V. P.  
Beldie Bielenberg, and V. P.  
Joe Knapps, Rec. Sec.  
Frank Terhaar, Treas.  
Henry Moersch, M. S.  
John Kries, I. S.  
Otto Kretschmer, O. S.  
Rev. Fr. Billiou, chaplain.

Victor Hasfurth, John Broemmeling and Peter Johann, executive committee.

—William E. Payne, who has been a sufferer for more than a year with cancer of the stomach, died Tuesday morning of this week at his home on the D. Sharnhorst ranch west of town. The funeral took place Wednesday from the residence and was conducted by the Genesee lodge of Odd Fellows, Rev. C. H. Nellor preaching the funeral sermon. Those acting as pall bearers were: J. C. Hanson, George Mochel, Fred Follett, Paul Cann, George Follett and D. Scharnhorst. The Odd Fellows ceremony was observed at the grave. The deceased was a native of Illinois but prior to locating near Genesee about fifteen years ago for some time was a resident of Oregon. He was 59 years of age. Six children are left to mourn his death. They are: Guy Payne, Mrs. Bertha Newman, Walter Payne, Mrs. Eva Taylor, Mrs. Florence Carubun, Miss Nellie Payne. Mr. Payne was held in the highest esteem by his neighbors and acquaintances was evidenced by the large number who attended the funeral.

DON'T TAKE THE RISK.

When you have a bad cough or cold do not let it drag along until it becomes chronic bronchitis or develops into an attack of pneumonia, but give it the attention it deserves and get rid of it. Take Chamberlain's Cough Remedy and you are sure of prompt relief. From a small beginning the sale and use of this preparation has extended to all parts of the United States and to many foreign countries. Its many remarkable cures of coughs and colds have won for it this wide reputation and extensive use. Sold by Dicus & Co.

Do you have backache occasionally, or "stitches" in the side, and sometimes do you feel all tired out, without anything and without energy? If so, your kidneys are out of order. Take DeWitt's Kidney and Bladder Pills. They promptly relieve backache, weak back, inflammation of the bladder and weak kidneys. Sold by Greaves Pharmacy.

—Roy Shoemaker returned Saturday from Tacoma where he visited through the holidays with relatives and friends.

—A Washington dispatch of Sunday states that a daughter was born to Congressman and Mrs. B. L. French, Saturday in that city.

—O'Reilly, "that keeps the hotel," made himself a good fellow Monday evening by distributing Havanas among the council members. It was one on O'Reilly.

—Mr. and Mrs. Johnnie Gibb returned to Genesee Friday from their wedding tour and they have gone to housekeeping on the Gentry farm east of the city.

—Will Gibb, Jr., following a visit of a few days here left Saturday for Boise where he is holding down a responsible position in the reclamation service of the government.

—Mrs. Healey left Saturday for Spokane accompanied by her little daughter who has been seriously ill for some weeks. It was proposed to place the girl in the Sacred Heart hospital for a while.

—Mrs. Lloyd Griffin, whose death notice appeared in a recent issue of the Moscow paper, was, prior to her marriage, a Miss Caldwell and resided here during the early years of her life, later moving to Julietta.

—Ed Vanouck's smiling countenance is again visible upon our streets, he having returned to Genesee Friday from Olympia. Ed says that it is so quiet in Washington's capital city that you could hear a gun drop.

—A fellow named Gilson, editor of the paper at Grimes got himself unliked by the people of that burg and night or two ago they plastered him with cold storage eggs too an editor looking like an omelet, with the pure food law and escorted him to the train with instructions to make tracks with his heels pointing toward Grimes. The poor devil had probably been telling the truth. If editors should so forget themselves as to deal in plain unvarnished facts there wouldn't be eggs enough in the country to go around, and every time the trains stopped here would come an editor looking like an omelet, with the howling populace behind him.—Independent, Boone, Iowa.

—On the road leading east and south from Genesee, a ladies' back comb, set with imitation pearls and diamonds. Finder please leave at this office.

A CURE FOR MISERY.

"I have found a cure for the misery malaria poison produces," says R. A. James, of Louisa, S. C. It's called Electric Bitters, and comes in 50c bottles. It breaks up a case of chills or a bilious attack in almost no time; and it puts yellow jaundice clean out of commission." This great tonic medicine and blood purifier gives quick relief in all stomach, liver and kidney complaints and the misery of lame back. Sold under guarantee at Dicus & Co's drug store.

### FARMERS' DAIRY MEETING

At Genesee Opera House, Genesee Idaho.

SATURDAY, JANUARY 11, 1908, Beginning at 11 a. m., sharp.

The following subjects will be discussed: Dairy farming as a business.

Feeding the dairy cow for a profit. Breeding for dairy success.

The care of the cream and its quality and how it affects the price of butter.

A practical demonstration and explaining how to operate the cream separator successfully, showing how to test your own cream correctly, and a number of other things that will be useful to the farmer who is selling cream.

Now be sure and come and see that your neighbor is there and help make the meeting a success. Come prepared to ask questions. Bring the ladies along too. Don't forget the date: Saturday, January 11, 1908.

—Clarence Qualey returned to Spokane Friday.

—Mr. and Mrs. Crawford and children left Friday for Spokane.

—Tommy Elliot left Friday for Pullman where he will attend the winter school for farmers at the W. S. C.

—At the city council meeting held Monday evening it was voted to enforce the dog ordinance and the marshal was instructed to get busy.

—Mr. and Mrs. J. M. Henry came in Saturday from St. Paul where Mr. Henry has been employed with the Great Northern. He is undecided as to whether he will return to St. Paul or not.

### WILL OF H. E. CHURCH FRIED.

The will of the late Hiram E. Church, who died on November 15, 1907, was filed with County Clerk Post, Tuesday of this week, together with a petition, from David B. Church, whom the will designates as the sole executor of the estate of the deceased, without bond, praying that the said will be admitted to probate, that letters testamentary be issued to David B. Church, and that the will be proved as by law provided. The will was executed by the deceased in November, 1906, and was witnessed by John B. Bell and George A. Brown. The document sets forth that all just debts and funeral expenses be first paid, and that the remainder of his property be distributed as follows: To his sister, Mrs. Adelia V. Clark, of Harvard, Illinois, and to two brothers, Mr. Leonard C. and Mr. Eugene L. Church, both of Harvard, Illinois, the decedent bequeathes the sum of \$1,000 to each of them; to Mrs. Cyrus Church, Duluth, Minn.; to Marilyn Church, of Kennebec, Wash.; to Henry Church, of Spokane, and Mrs. Minnie E. Bagley, of Duluth, Minnesota, all sisters, brothers and step-mother of the deceased, the sum of \$1.00 was left to each of them; and to David B. Church, the remainder of his property of whatever kind, is bequeathed.—Asotin Sentinel.

### NEW RULES ON SCALP BOUNTY.

Boise, Jan. 3.—At a recent meeting of the state livestock sanitary board it was decided to pay a bounty of \$1 per scalp for coyotes, cats and lynx, provided the scalp was connected with the hide when forwarded to the department, where, upon payment of the bounty, it would be cut off and the hide returned to the trapper. In lieu of this new order, all regularly employed trappers and poisoners were discharged.

Owing to the fact that the cutting off of the scalp depreciated the value of the hide, it was found necessary to change the method of checking up on the bounty, and yesterday State Veterinarian G. E. Noble mailed out letters in part as follows:

"After a careful investigation of this whole matter we find that by removing the scalp, the hides will be damaged to the extent of 25 cents per hide on cats, coyotes and lynx. This would be a loss to you. For this reason we are changing the method of keeping an accurate account of all hides sent in.

"When skinning your coyotes, bobcats and lynx you will leave the two front feet below the knee, attached to the hide. These will be removed by us and the hides returned to you, as stated in my former letter."

The bounty offered by the state is open to all. The state veterinarian will furnish strychnine to hunters at 75 cents an ounce, with instructions for using the same, together with the warning notices to be posted in the vicinity of the place where the bait is placed. Also a letter will be forwarded stating that the hunter is an employe of the state, if desired. By request of stockmen, poison will be furnished hunters free.

### AN IMPORTANT BULLETIN.

The U. S. Department of Agriculture has recently issued a bulletin that should be in the hands of every wheat grower in the Inland Empire. The author of the bulletin, Mr. Byron Hunter, a graduate of the State College, made a study of farm methods of tillage throughout the country to ascertain just what is being done by the best farmers in different parts of the country. The bulletin discusses the methods and merits of some five or six systems of summer fallowing that are practiced in different parts of Eastern Washington and Eastern Oregon. It also discusses methods of tillage used in planting spring crops. In short, the bulletin deals with "Dry Land Farming" in the Columbia Basin. It is Farmers' Bulletin No. 294, entitled, "Farm Practice in the Columbia Basin Uplands." To obtain it, write to W. J. Spillman, office of Farm Management, Department of Agriculture, Washington, D. C. It may also be had by writing to your congressman or the Secretary of Agriculture, Washington, D. C.

If a cough once gets into your system it acts on every muscle and fibre of the body and makes you ache all over. It especially affects the intestines and makes you constipated, so in order to get rid of a cold thoroughly and without delay you should not take anything that will tend to constipate. Kennedy's Laxative Grogg Syrup acts upon the bowels and thereby drives the cold out of the system. It contains no opiates—it is pleasant to take and is highly recommended for children. Sold by Greaves' Pharmacy.

### Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliancy vanish like the bloom from a peach which is rudely handled. The matron is only a faded shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which too often comes with marriage and motherhood, not understanding that this very strain is robbing the chief of its freshness and the form of its fairness.

As a remedy as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely will these organs be established in health the face and form. A once witness to the fact in reading the testimonial. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Its ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those matters, American, medicinal roots which are highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

Formulas for those who brook no down in health by too frequent bearing of children, for the relief of the coming baby and making its advent easy and always painless, there is no medicine so good as "Favorite Prescription." It does no harm in any condition of the system. It is a most potent invigorating tonic, and is adapted to the delicate system of a woman of large experience in the treatment of woman's peculiar ailments.

Dr. Pierce may be consulted by letter. Free. Address Dr. R. V. Pierce, Medical, Surgical and Sanitary Institute, Buffalo, N. Y.

### UNIVERSITY WINTER COURSE.

The University winter course in dairying and horticulture will be held at Moscow, at Morrill hall, January 27 to February 8.

ANNOUNCEMENTS.

This course will embrace a series of lectures and laboratory exercises in animal husbandry, the handling of dairy products, and in practical and scientific horticulture.

The course will be open to men and women interested in the dairy industry, or in horticulture, or in both; and who desire a more thorough knowledge of the sciences which underlie these industries. The course will open January 27, and close with a Farmers' Institute gathering on 7-8-1908.

The entire time will be taken up with popular lectures and laboratory demonstrations covering the most important phases of dairying and horticulture and such other farm topics as are of vital interest to the progressive farmer or orchardist.

Special lectures, illustrated with stereoscopic views will be given in the evening, dates announced later.

There are no scholastic requirements, and no examinations will be held either at the beginning or the ending of the course. An interest in the advancement of the great agricultural industries of our state, manifested by the attendance of those who desire information, is the only requirement. This is very broad, and should include many who may not be directly engaged in the pursuits mentioned.

There will be no expense except railroad fare and the cost of board and lodging while attending the course. No fees of any kind will be charged. Table board can be secured for \$3.00 per week. Board and lodging in private boarding houses cost from \$4.00 to \$5.00 per week.

Instruction will be given by lectures and demonstrations in the laboratories. No text-book will be required.

The main library of the University as well as the libraries found in the various departments will be open to short course students. All of the leading agricultural publications will be found in these departments.

Applicants for this course will report at the Directors' office, Morrill Hall, where they will be enrolled and where full information regarding time of lectures and location of lecture rooms will be furnished. If only a portion of the lectures are desired, this can be arranged when the wants of the applicants are made known.

PROGRAM.

Schedule—Forenoon, 9:30 to 12 M. Afternoon, 1:30 to 4:30.

Animal Husbandry—Prof. H. T. French. Beef cattle; dairy cattle; draft horses; light and coach horses; breeds of hogs; breeds of sheep; principles of breeding; principles of stock feeding; forage plants and how to grow them; feeding dairy animals; stock judging.

DAIRYING—Prof. J. H. Franson. Section and composition of milk; abnormal milk; adulteration of milk and how to detect it; testing of milk and cream; care of milk and cream on the farm; comparison of different methods of creaming; cream ripening; churning; packing butter for the market; importance of testing individual cows.

HORTICULTURE—Prof. J. R. Shinn. Plant propagation; nursery stock; location and planting the apple orchard; cultivation and cover crops for the apple orchard; spraying practice; picking, packing and marketing the apple crop; top-working orchard trees; strawberry culture; the home vegetable garden; beautifying the country home.

INSECTS AND PLANT DISEASES—Prof. L. E. Henderson. General lectures on fungi and insects; apple scab sprays and spraying; codlin moth and how to destroy it; mildew of grape and gooseberry; rusts and smuts; potato blight, pear blight, pear-leaft blight, apple, cabbage worms; peach-leaf curl, apple, peach borers, and bud moth; potato beetles, tomato blight, and ground squirrel; scale insects, and lime sulphur sprays; cider and vinegar making.

CHIMISTRY—Prof. J. Shirley Jones. Production and use of denatured alcohol; chemistry and its relation to agriculture; wheat improvement; soil exhaustion.

Some reasons why a boy or a man should attend the short course:

He will better understand how to select and care for farm animals. Can obtain a better knowledge of the arrangement and location of farm buildings, fields and grounds. A knowledge of insect pests which destroy fruit and other farm crops can be obtained and the best methods of combating these will be illustrated by actual demonstrations in the creamery which will be open to students. The instructor throughout will enable a farmer or farmer's boy to carry on all farm work more intelligently and enable him to see something more than drudgery in his occupation. Demonstrations in stock judging will be provided for during course.

Special lectures, illustrated with stereoscopic views will be given in the evening, dates announced later.

IS IT HOG CHOLERA?

For the first time in the history of the Palouse country the people are feeling the ravages of what is pronounced the genuine hog cholera which kills thousands of hogs each year throughout the corn belt of the middle western states. The disease made its first appearance about 10 days ago, and it is claimed that more than 100 hogs have died in this immediate neighborhood since that time.

John Skeen, who lives on the Warren Averill tract about a mile west of town, has suffered the heaviest loss of hogs from the disease. His place has the disease made its start. Out of a bunch of 85 hogs Mr. Skeen lost 73. Thirty of these died in one day. Dr. S. B. Nelson of the Washington State college, state veterinarian, was called and pronounced the disease the regular hog cholera. H. J. Dart, whose farm joins that of Mr. Skeen, lost 14 head, mostly fat hogs. Mr. Skeen gave a hog to his sister, Mrs. Will Robinson, who lives about four miles southwest of town, not knowing at the time that the disease existed. The disease was thus communicated to the hogs on the Robinson farm, some 25 days ago. Joe Skeen, who lives in the Kamia neighborhood, is said to have lost several head, the disease having been communicated by a number of hogs from the John Skeen place sent to his place for pasture. John Skeen figures his loss in excess of \$1,200.

The disease works quickly, as a rule, many of the hogs dying within a day from the time the disease is first noticed. Dr. Nelson when here ordered a number of hogs killed, which showed signs of the disease. This, he says, is the only way to combat it.

Many farmers who have had experience in handling porkers contend that the disease is the result of eating something of a poisonous nature. Some think that it is caused by feeding the slops from town. The hogs on the Skeen place and the Dart place have both been fed largely on slops gathered up about town. If the disease is the regular cholera it is supposed to have been carried by hogs shipped through here from the east. Every precaution is being used by farmers to keep the disease from spreading.

A number of farmers have given as their opinion, since the above was in type, that the mail from the brewery, which has been fed to the hogs recently, is responsible for the disease.—Palouse Republic.

RANK FOOLISHNESS.

"When attacked by a cough or cold, or when your throat is sore, it is rank foolishness to take any other medicine than Dr. King's New Discovery," says C. O. Eldridge, of Empire, Ga. "I have used New Discovery seven years and I know it is the best remedy on earth for coughs and colds, croup, and all throat and lung troubles. It is a safe, reliable, and sure remedy, and I have used it in my family for years, and I have never seen it fail. It is a great relief to the throat, and it is a great relief to the chest. It is a great relief to the lungs, and it is a great relief to the whole system. It is a great relief to the mind, and it is a great relief to the body. It is a great relief to the soul, and it is a great relief to the heart. It is a great relief to the life, and it is a great relief to the death."

IT DEPENDS UPON THE PILL YOU TAKE.

DeWitt's Little Early Risers are the best pills known for constipation and sick headache. Sold by Greaves' Pharmacy.

### FOR DENATURED ALCOHOL PLANT.

Pullman, Wash., Jan. 13.—Active work toward securing a denatured alcohol plant for Pullman has been started. An informal meeting of those interested was held here yesterday, and the movement, which it is hoped will result in a distillery here, was inaugurated. C. B. Kegley, master of the state grange, who has probably done more than any individual in the state to secure action on this matter, was present and laid before those interested the facts he has gathered on the subject in an extensive tour of the east.

It is the intention to start with a distillery having a capacity of 100 gallons a day, and to increase the output as necessity demands. This will require small capital, and will give those interested an opportunity to experiment with little danger of loss until they master the details of the business. The plan is to get as many farmers as possible interested in the plant so that they will have an interest in its success, and will work as a unit to secure the plant. A Pullman property owner who approached on the subject this morning, offered to guarantee half of the capital necessary, and this is thought sufficient encouragement to insure the establishment of the plant. It is not desired to allow any one person to have a large block of stock if a large number can be interested, so that as many as possible will have a financial interest in the success of the undertaking. Another meeting will be held soon and stock subscriptions asked for at that time.

DEMOCRATS DROP MORMON ISSUE.

Boise, Jan. 10.—For the first time in six years the democrats of Idaho had a harmonious meeting in the celebration of Jackson day, and an effort is being made to heal the breach caused by the attitude of the party on the Mormon question.

Mormonism was not mentioned at the meeting, which was addressed by former Senator Dubois and other prominent democrats from all over the state.

Indications are that the Mormon issue will be dropped or at least forced to the background during the coming campaign.

THE NATION'S INVENTORY.

National assets, \$1,500,000,000,000. Farm wealth, \$7,412,000,000. Mineral product, annually \$3,000,000,000. Export domestic merchandise, annually \$1,853,718,000. "The Store That Makes Good."

**THE GENESEE NEWS.**

ENTERED AT THE POST OFFICE AT GENESEE AS SECOND-CLASS MAIL MATTER.

CHAS. POWER, PUBLISHER.

Subscription price, strictly in advance, \$4.50.

—Morris Becker is home from Pullman on a visit.

—David Church was a Genesee visitor from Asotin Wednesday.

—Pat Mulalley left Wednesday morning for Texas on a tour of inspection.

—An ordinance to close the saloons and bars at midnight has been introduced in the Lewiston council.

—The Latah County Poultry association will hold its third annual meeting at Moscow February 5, 6, 7 and 8.

—The Rosenstein store announces a cleaning out sale of remnants to take place tomorrow (Saturday.) Bargains for all.

—David Spurbek, who for some weeks has been making Lewiston his temporary home, is quite seriously ill with sciatic rheumatism.

—Mrs. F. C. Marquardsen, of Heppner, Ore., is a visitor in the city, a guest of Mr. and Mrs. P. W. McRoberts. She expects to remain until the first of the coming week.

—In his advertisement this week Thomas Davis quotes prices on 23 ladies' coats that certainly ought to appeal to buyers. Rather than carry these goods over the price has been cut way below the cost of material.

A number of pairs of shoes, blankets and a quantity of dry goods are being offered at astonishingly low prices.

—The Dixie Jubilee Singers who come to the Genesee opera house on Tuesday evening, the 28th inst., will undoubtedly be greeted by a packed house. The following is only one of hundreds of testimonials that this company is receiving:

"I have just attended a concert given by the William's Dixie Jubilee Singers when they sang in a 'packed house,' and never have I seen an audience better pleased.

I heard them many times a couple of years ago, and some new voices have been added with decided improvement. The company is better than ever. As an 'audience pleaser' they are not surpassed. It is equalled by any colored singers on the road.—Dr. Geo. Hindley, Minneapolis, Minn."

—The dairy meeting held at the opera house Saturday of last was addressed by W. A. Blunt, a representative of the Hazelwood company, of Spokane. A large number of farmers and dairymen were present and good interest was shown. Mr. Blunt strongly advocated the building of silos and a number present took favorably to the idea. He laid considerable stress upon the necessity of those who are in the dairy business for profit to improve their herds, advocating that a record of the product from each cow should be kept that the poorer cows may be replaced by those that will return a revenue. As a result of the meeting considerable interest was stimulated in the dairy business and much good will result.

—According to the Lewiston Teller, of last Saturday, a marriage license was issued to Mr. Bruno C. Laufer, of Clarkston, and Miss Katie Guenkel, of Asotin. The Sentinel has not been able to get any particulars concerning this marriage, as it was performed in Lewiston, and the happy couple left at once for Genesee, where they will make their home. The bride has resided in Asotin for the past ten or twelve years, and has a large circle of friends, who will wish her well. The groom is not very well known in Asotin, but has held out in Clarkston for a number of years, and is said to be a very industrious young man. At present, he is employed in the Genesee country. Congratulations of all are theirs.—Asotin Sentinel.

**Notice of Stockholders Meeting.**

Notice is hereby given that the annual meeting of the stockholders of the Genesee Exchange Bank will be held at the banking house Tuesday, January 21, 1908, at 2 o'clock p. m., for the purpose of electing directors for the ensuing year, and transacting any other business that may come before the meeting.

Genesee, Idaho, January 2, 1908.

FRED K. BRSSLER, Cashier.

Kodol For Dyspepsia and Indigestion is the result of a scientific combination of natural digestants with vegetable acids and contains the same juices found in a healthy stomach. It is the best remedy known today for dyspepsia, indigestion and all troubles arising from a disordered stomach. Take Kodol today. It is pleasant, prompt and thorough. Sold by Greaves Pharmacy.

**SCHOOL NOTES.**

(By Henry Loring, Maurice Scroggin, Olive Loring.)

The question debated last Friday in the high school was, "Resolved, that the Japanese should be excluded from the United States with the same restrictions as the Chinese." Many interesting points were brought up and the debate was decided in favor of the negative.

A short program will be given before the debate in the future. The subject for debate next Friday will be, "Resolved, that immigrants to the United States should be required to write, read and explain in their own language any passage in the constitution of the United States before being admitted."

Jesse and Alice Bergen, Alfred Shurbach and Joseph Griener have taken up studies in the ninth grade.

Henry Loring has been absent from school this week on account of illness.

Dora Barr is recovering from an attack of tonsillitis.

**AT THE CHURCHES.**

The ladies' aid will meet in church basement next Wednesday p. m.

M. E. church, South: Sunday morning subject, "Our Greatest Need." Evening, "An Important Contest." The services will be continued through the week, and indefinitely. Rev. J. L. Carrick, the presiding elder is expected the first of the week to assist in the meetings.

The second quarterly conference will be held on Saturday the 25th. The pastors and members of the different churches are invited to come and join in with us in these services.

First M. E. church: I desire to see all our members and friends at the services next Sunday. The morning sermon will be along the lines of progress in church work, and some interesting and inspiring suggestions will be made. We also invite all who are in sympathy with us, who are not members, to attend all the services next Sunday. The sermons will be brief but full of meaning and help.

Our Sunday school is a good place for children and the Epworth League a splendid place for young folks. The general public is very cordially invited and all will be warmly welcomed.

PHILIP EVANS, Minister.

**The Red Tag Sale**

Will continue until Saturday evening, January 18. Buy that much needed piece of furniture at once.

W. J. HERMAN CO.

Back from Spokane ready for business. Have received a shipment of the latest photograph goods and cards. Now is your time to take advantage before spring while you have the opportunity which is indefinite.

Have also three pianos which must be closed out at cost. Now is your chance. No more ordered. Come and see me at once. Don't delay.

C. W. HANSON.

**LAME SHOULDER CURED.**

Lame shoulder is usually caused by rheumatism of the muscles and quickly yields to a few applications of Chamberlain's Pain Balm. Mrs. F. H. McElwain, of Bolstown, New Brunswick, writes: "Having been troubled for some time with a pain in my left shoulder, I decided to give Chamberlain's Pain Balm a trial, with the result that I got prompt relief." For sale by Dicus & Co.

**A HIGHER HEALTH LEVEL.**

"I have reached a higher health level since I began using Dr. King's New Life Pills," writes Jacob Springer, of West Franklin, Maine. "They keep my stomach, liver and bowels working just right." If these pills disappoint you on trial, money will be refunded at Dicus & Co's drug store. 25c.

**PUT YOUR MONEY INTO THE BEST FRUIT LANDS THAT IS IN**

**Lewiston-Clarkston Valley**

And bank flurries will not worry you. The first full crop will pay for the entire investment. Net AVERAGE profits for a long term of years in our orchards and vineyards have been \$300 to \$400 per acre per year over all expenses. Experienced judges insist that these lands will be thought cheap in a very few years at three times the present value, aside from the every increasing value of good fruit trees. We plant and care for the orchards if desired until you want to live on it. Living on a fruit tract in the Lewiston-Clarkston valley means closeness of neighbors, two good towns only one to four miles away, good schools, churches, telephones, electric lights, water under pressure for all uses, the daily paper, concerts and theatre for those who want them. Railroads built and building, and manufacturing and other industries, will make these tracts very valuable in the near future, aside from their investment value as orchards.

Better come down while the good weather lasts. Call at the Company office in Clarkston, or at the office of Lewiston Orchards in the Kjos building, or at the office of Clarkston Heights at 412, Main Street, in Lewiston, and get a free automobile ride over the two irrigated tracts. Or drop a line to the Development League in either town and get the handsome pamphlets free.

FRIDAY, JAN. 17, 1908.

—Ernest Miller transacted business in Spokane this week.

—Mrs. W. H. Glidden and daughter returned to Moscow Tuesday.

—Mr. and Mrs. Theodore Loring were Lewiston visitors Saturday and Sunday.

—J. K. Bell was confined to the house the latter part of last week, a sufferer with tonsillitis.

—Mrs. R. Pickering left Saturday for a visit with the families of her daughters in Spokane.

—The Potlatch Lumber Company's yard has been connected with the business part of town by a crosswalk.

—Invitations are out for the annual Masonic banquet, the same to take place at their hall, Friday, the 24th inst.

—Mr. and Mrs. J. H. Greaves returned home Friday from Spokane where they were called on account of the death of Mrs. Greaves' mother.

—The Idaho-Washington Light and Power company are now supplying Uniontown with electricity, the current having been turned on Sunday.

—To accommodate the increased stock which they will carry in the future, Pollett Bros. are having a considerable amount of new shelving put in place in the store.

—Alex Howie, representing Mills & Hibbs, a New York dry goods house, spent Sunday in Genesee. He left Monday well pleased with the general treatment of O'Reilly "that keeps the hotel."

—Peter Stollenwerk of Genesee was in our city Wednesday. He informed us that he was here looking over his property with a view of making a number of substantial improvements and that he contemplated moving back to good old Uniontown in the spring.—Uniontown Press.

—A. Scroggin has severed his connection with the Bank of Idaho. The Volante paper says: "Mr. Scroggin has not yet decided what he will do in the future but the probabilities are that he will either reorganize in the banking business somewhere or go into the hardware business."

—At a well attended meeting held Saturday evening the Woodmen of the World elected the following new officers:

P. C. C., E. E. Oylear.  
Adviser, Bert Gardner.  
Banker, E. C. Swenson.  
Clerk, D. C. Burr.  
Escort, Carl Erikson.  
W. E. Thomas.  
C. H. T. Smith.  
Managers, Geo. Raymond and D. Sweeney.

—A Moscow dispatch of Saturday says: "Edward Crockett of Genesee, who was arrested this week on complaint of his wife, charging him with threatening her life, and also those of her children, had an examination as to his sanity yesterday before Probate Judge Lukens. The court and the board of medical experts found that Crockett was sane, but that when inflamed with liquor he is not only a bad man but dangerous to both his family and the community. Upon the showing the court sentenced Crockett to pay a fine of \$100 and costs, or serve six months in jail, with the alternative of furnishing a bond of \$500 to keep the peace." Crockett not being able to put up the \$500 bond he is now a boarder at the hotel de Keane in Moscow.

—In making his annual remittance for the News, John Stadler, a former well known Genesee resident writes from Moneta, Calif., as follows: "During my five years' residence in this state up to the past two months times have been good. The change has not affected my business so far, except that there is very little gold or silver in circulation. We get that new kind of money—"scribe"—but it makes it bad for the labor market. In Los Angeles there are thousands of idle men and a good part of them are being fed daily by charity institutions. Flooding and seeding in this state is nearly all done, but it is badly needed. There has been no rain since the middle of October and the ground is very dry and hard and the roads are dusty. The last two months have been like summer. During the past three years in December and January we have had plenty of grass four and five inches high, this year there is scarcely any. If rain doesn't come very soon there will be a mighty shoe crop here this year. We have about 1000 head of sheep as in former years we have had plenty in November and December to give everything a good growth."

—Frank Lawen left Tuesday for Spokane.

—Read the various changes of advertisements.

—George Raymond has been quite ill during the past week.

—Will Hickman returned the first of the week from a trip to Heath, in the southern part of the state.

—F. O. Brownson, agent for the Potlatch Lumber company at Pullman, spent Saturday in the city.

—At the term of court recently closed no action was taken in the Healey divorce case, the same having been continued for the term.

—Robbie Wright has his share of misfortunes. Some time ago in a fall from a horse he broke one of his arms the Thursday or next week in a fall he severely bit his tongue.

—The dance given this (Friday) evening by the Y. M. C. will without a doubt be largely attended. Tucker's orchestra will supply the music. Refreshments for the occasion will be served on the stage in the opera house.

—Mr. and Mrs. George Martin entertained a five hundred party Wednesday evening at their home in this city. The guests present were: Dr. and Mrs. J. L. Conant, Mr. and Mrs. F. K. Bressler, Mr. and Mrs. O. C. Conant, Mr. and Mrs. Will Herman, Mr. and Mrs. W. E. Smith, Mr. and Mrs. O. E. Miller, Mr. and Mrs. B. Phipps, Mr. and Mrs. P. W. McRoberts, Mrs. F. C. Marquardsen, Guy Greaves, Miss Ina Greaves.

—Maidens of the state of Idaho, who are contemplating matrimony, but who have not yet attained their majority, will receive a solar plexus blow when they learn that the county attorneys of the state of Idaho, in recent sessions have decided that no marriage license shall be issued to persons under 18 years of age. The question was under discussion during the greater portion of the time the attorneys were in session here and all features of the law regulating such matters were carefully looked into. The result of the investigations was that the county attorneys and auditors are now being served with the notices to the effect that no licenses are to be issued to persons under 18 years of age. It was also decided that applicants for licenses must have at least two witnesses to identify them to the county auditor before a license will be issued. The former interpretation of the law, the licenses were issued to minors when consent was given by the parents or guardians. In one instance the records show a license was issued where a girl 13 years of age was one of the applicants, but under the new ruling the consent of parents or guardians will only be available in the cases where the prospective groom is between the ages of 21 and 18.—Lewiston Teller.

The law as interpreted above will not change conditions in Latah county as an auditor Ramstedt, upon the advice of Prosecuting Attorney Stillinger, has strictly conformed to the law in refusing to grant licenses to minors. A question has also been raised as to the legality of the marriages of minors which have already taken place even though they secured parents' consent. It is likely the courts will be called upon to decide the matter.

WANTED—Onions. Any quantity. O. E. MILLER, Puget Sound Warehouse.

**Chairs, Chairs**

For particulars read Herman's Red Tag Sale ad. on first page.

**A CURE FOR MISERY.**

"I have found a cure for the misery malaria poison produces," says E. M. James, of Louellen, S. C. "It's called Electric Bitters, and comes in 50c cent bottles. It breaks up a case of chills or a bilious attack in almost no time; and it puts yellow jaundice clean out of commission." This great tonic medicine and blood purifier gives quick relief in all stomach, liver and kidney complaints and the misery of lame back. Sold under guarantee at Dicus & Co's drug store.

**DON'T TAKE THE RISK.**

When you have a bad cough or cold do not let it drag along until it becomes chronic bronchitis or develops into an attack of pneumonia, but give it the attention it deserves and get rid of it. Take Chamberlain's Cough Remedy and you are sure of prompt relief. From a small beginning the sale and use of this preparation has extended to all parts of the United States and to many foreign countries. Its many remarkable cures of coughs and colds have won for it this wide reputation and extensive use. Sold by Dicus & Co.

Do you have backache occasionally, or "stitchers" in the side, and sometimes do you feel all tired out, without ambition and without energy? If so, your kidneys are out of order. Take De Witt's Kidney and Bladder Remedy. They promptly relieve backache, weak back, inflammation of the bladder and weak kidneys. Sold by Greaves Pharmacy.

—Frank Williamson returned home Saturday.

—Mrs. Mary Mulalley left Sunday for a visit with her daughter in Spokane.

—Mrs. Paul Cann and Mrs. Ed. Roderick left Wednesday for Avon for a week's visit with relatives.

—Mrs. Stack, sister of Mrs. Tim Keane, following a visit of several days here left Sunday for her home at Kellogg.

—On Thursday evening of next week Lt. Col. Chas. A. Varnum, U. S. A., retired, will pay an official visit to Genesee for the purpose of inspecting Company H. Following the inspection, which will take place early in the evening, a military ball will be given, invitations for which are now being sent out.

—In keeping with the policy of the railway and express companies to reach wherever possible, W. C. Owen, for years the express messenger on the Genesee branch, received word Saturday that his services would no longer be needed on the branch and for him to turn over his keys to Conrad Martin, brakeman, who in the future will be expected to "work double." Mr. Owen, being one of the oldest men in the employ of the express company in this territory, by no means out of a position on account of the change, but may take any run that he may ask for. While not fully decided as to what run he will take it is more than likely that he will go on the Spokane-Lewiston run. Until it is fully determined that the change on this branch will be permanent, Mrs. Owen and the children will continue to reside here.

**MILLINERY AT COST.**

All ladies' and children's hats and caps at present in stock must be closed out at once. Cost prices will be named. Mrs. Wm. Smolt.

Loor—A sow, weighing about 75 pounds, and six pigs; bobbed tails and slit in ears. Left my place Wednesday, January 8. A suitable reward will be paid for information leading to their recovery.

ARTHUR LINEHAN.

"The Store That Makes Good."

## THE GENESEE NEWS.

—W. C. Fowler returned home Wednesday.  
 —Chas. Summers has purchased the last of the remaining houses of the "across the track" district and the same is now being razed, the lumber to be used in another building.  
 —The Congregational choir members, together with their partners, were very pleasantly entertained Wednesday evening by Mr. and Mrs. W. J. Herman. A nice lunch was served.  
 —The volume of business in eastern Washington and northern Idaho in 1907 was largely in excess of that of 1906, according to a statement made by Bradstreet's. The failures in the twenty counties in eastern Washington and the six counties in northern Idaho in 1907 were 57, with assets of \$493,737, and liabilities of \$571,836. The failures in the same section in 1906 were 60 in number, with assets of \$199,835, and liabilities of \$256,778. According to Bradstreet's, the general tone of trade in the Inland Empire is in a healthier condition now than in the same territory one year ago.

**AT THE CHURCHES.**  
 First Methodist Episcopal church: The following is the order of services January 26: 10 a. m., Bible school for all ages. 11 a. m., sermon. Subject, "Four wonderful truths and thoughts suggested through Christ's borrowing Peter's boat and using it as a pulpit while preaching to the crowd." 6:30 p. m., Epworth League service, topic: "The planting and the training of the church in the foreign field." 7:30 p. m., sermon: theme: "The two great commands; loving God and our neighbor, fully discussed and explained. The love part especially set forth." Every-body invited to all services.  
 PHILIP EVANS, Minister.

Back from Spokane ready for business. Have received a shipment of the latest photograph goods and cards. Now is your time to take advantage before spring while you have the opportunity which is indefinite.  
 Have also two pianos which must be closed out soon. Now is your chance. No more ordered. Come and see me at once. Don't delay.  
 C. W. HANSON.

**LAME SHOULDER CURED.**  
 Lame shoulder is usually caused by rheumatism of the muscles and quickly yields to a few applications of Chamberlain's Pain Balm. Mrs. F. H. McElwain, of Bolton, New Brunswick, writes: "Having been troubled for some time with a pain in my left shoulder, I decided to give Chamberlain's Pain Balm a trial, with the result that I got prompt relief." For sale by Dicus & Co.

**A HIGHER HEALTH LEVEL.**  
 "I have reached a higher health level since I began using Dr. King's New Life Pills," writes Jacob Springer of West Franklin, Maine. "They keep my stomach liver and bowels working just right." If these pills disappoint you on trial, money will be refunded at Dicus & Co's drug store. 25c.

**TO MARK OREGON TRAIL.**  
 As a fitting sequel to Ezra Meeker's trip across the continent in an old "wool" driven by two slowly-plodding oxen, Representative Humphrey of Washington last Monday introduced a bill in the house authorizing the president to appoint a commissioner to supervise the erection of monuments and markers, and locate the general route of the Oregon trail. The bill is as follows:  
 Be it enacted by the senate and house of representatives of the United States of America in congress assembled, that the president of the United States be, and he hereby is, authorized to appoint a commissioner who shall, under the direction of the president, erect such monuments and markers of granite and other materials as will designate and locate the general route of the Oregon trail and fittingly commemorate the valorous deeds of those who established and traveled said trail from the left bank of the Missouri river to Puget Sound.—Walla Walla Union.

Kodol For Dyspepsia and Indigestion is the result of a scientific combination of natural digestants with vegetable acids and contains the same juices found in a healthy stomach. It is the best remedy known today for dyspepsia, indigestion and all troubles arising from a disordered stomach. Take Kodol today. It is pleasant, prompt and thorough. Sold by Greaves Pharmacy.

## PUT YOUR MONEY INTO THE BEST FRUIT LANDS THAT IS, IN Lewiston-Clarkston Valley

And bank flurries will not worry you. The first full crop will pay for the entire investment. Net AVERAGE profits for a long term of years in our orchards and vineyards have been \$300 to \$400 per acre per year over all expenses. Experienced judges insist that these lands will be thought cheap in a very few years at three times the present value, aside from the every increasing value of good fruit trees. We plant and care for the orchards if desired until you want to live on it. Living on a fruit tract in the Lewiston-Clarkston valley means closeness of neighbors, two good towns only one to four miles away, good schools, churches, telephones, electric lights, water under pressure for all uses, the daily paper, concerts and theatre for those who want them. Railroads built and building, and manufacturing and other industries, will make these tracts very valuable in the near future, aside from their investment value as orchards.

Better come down while the good weather lasts. Call at the Company office in Clarkston, or at the office of Lewiston Orchards in the Kjos building, or at the office of Clarkston Heights at 412, Main Street, in Lewiston, and get a free automobile ride over the two irrigated tracts. Or drop a line to the Development League in either town and get the handsome pamphlets free.

**FRIDAY, JAN. 24, 1908.**  
 —Rev. Fr. Billiau left yesterday for Moscow.  
 —Mrs. F. C. Marquardsen left for her home at Heppner Sunday.  
 —Mox Ebel was here from Moscow over Sunday. Mr. Ebel is now making sign painting a profession.  
 —Grandpa Jennings, for years a resident of Fix Ridge, died last week after a long illness. His remains were interred in the cemetery on American Ridge.

—W. C. Fowler, representing a sick and accident insurance company, was in the city Wednesday from Genesee. He was formerly a minister at that place and is well acquainted all over the country.—Cottown Chronicle.  
 —Charles Schmauder, a former Genesee resident, last week disposed of his chop mill at Uniontown for a consideration of \$3,000 to August Warneke. Mr. Schmauder will remain in Uniontown with his family until spring and will then seek a new location.  
 —The bill recently reported by the house committee on public lands, permitting all persons who through any cause, have failed to prove up on previous homestead entries to make new entries, has passed the house with an amendment, excluding those cases where fraud has been proven, or where entryman's rights had been sold for valuable considerations.

—According to a Moscow report there will be no court house improvements the present year, nor in years to come unless the present state law governing such matters is modified. It is the opinion of County Attorney Stillinger that the people cannot vote power into the hands of the board of county commissioners to expend over a thousand dollars for any purpose. Ada county had also planned extensive court house improvements but as the same is now interpreted will abandon the idea.

—It is claimed by best authorities that an acre of apple trees in twenty years, counting ten crops of fruit in that period, will consume 1,336 pounds of nitrogen, 310 pounds phosphoric acid, and 1,895 pounds of potash. To restore the potash alone would require more than twenty-ones of high grade ashes, containing 5 per cent potash. How much of this does the average fruit grower return to the soil? If we were fattening a steer for market and should give it only half rations, how much profit would that steer turn?

—Annie M. Brand, widow of W. T. Brand a Northern Pacific engineer, who was killed in a wreck at Cedar creek spur December 5, 1906, has been given a judgment against the road for \$5,250, the full amount for which she sued. It will be remembered that on account of an open switch Brand's engine ran into a light engine. No. 697, now in use on the Genesee branch, the accident resulting in the death of Brand and the light engine, and through whose negligence the accident happened, he having failed to throw the switch, later went insane.

—The Boise Capital News of Thursday says:  
 "Karl Paine, attorney for Harry Gordon, who is serving a life sentence in the penitentiary for the killing of Emmett Fox in Latah county some 12 years ago, was notified last evening that the board of pardons had acted upon the evidence produced by him and granted his request that the term be commuted from a life sentence to 30 years. Gordon began his sentence in the penitentiary March 16, 1896, and was at that time 24 years of age. He is now 35 years of age and has 19 years yet to serve for his crime. He was convicted of murder in the second degree.  
 The action of the board means counting something for good behavior, that in less than 10 years a dangerous criminal will be turned loose. The murder committed was a cold blooded one and those guilty of the crime—Gordon and Smith—got off easy with a life sentence. Smith also had an application in for a commutation of the life sentence but whether or not the board took favorable action on the same we have been unable to learn.

—Mrs. Paul Cann returned home Tuesday.  
 —A daughter was born to Mr. and Mrs. John Jacobs last week.  
 —W. C. Owen left Saturday to take up his duties as messenger on the Spokane-Lewiston run.  
 —Joe Reilly, who has been teaching a term of school in the Borgen district, left Sunday for Spokane.  
 —Read changes in advertisements of J. Rosenstein, W. J. Herman Co. and J. K. Bell. Also the new ad. of R. Pickering.

—Considerable grain is now being disposed of on the local market. Club wheat is now bringing 70 cents which is an increase over former quotations.  
 —P. C. Gerhardt, a brother of Mrs. E. O. Cathcart, and who is a traveling salesman for C. W. Ford & Co. of San Francisco, was a visitor here over Wednesday.  
 —R. Pickering has sold to Chas. Summers, lots 1 and 2, in block 11, the consideration being \$250. Mr. Pickering is still the owner of four lots in the same block. Mr. Summers, since the purchase of these lots, has been clearing same, and at an early date will begin the erection of a residence.  
 —Notice is hereby given that I am prepared to pay all legal warrants issued on the Road, Current Expense, and Bridge funds, registered up to and including January 6th, 1908. Interest expires on the above warrants January 15th, 1908." County Treasurer Moerder has issued the above call which shows that Latah county is doing business on a cash basis.  
 —The Steltz-Armory company case has not been settled as supposed by a good many but is being appealed to the supreme court by the Armory company, I. N. Smith, of Lewiston, acting as their attorney. To the appeal, S. S. Denning, acting for George Steltz, is filing a cross appeal and the case promises to be an interesting one. It is assumed that the case will be heard at the spring term of court.  
 —This is certainly a peculiar winter. To date the thermometer has not registered lower than 15 degrees above zero and then for only a day or two. Robins, meadow larks, woodpeckers and other birds are constantly with us, and each day seems like spring. To the south of town along the rimrock it has been possible to do farm work the greater part of the time. Those who have ice to put up for the summer's use are becoming anxious.  
 —To Europe for \$10 is what steamship men are predicting will happen within a few days. It is now possible to go to any of the leading seaports of England, Ireland or Scotland for \$19.75, but it is stated that the war between the White Star and Cunard lines has become so acute as to demand a further reduction in prepaid and east-bound British tickets, and that the price will go down to a rock bottom of \$10. If the \$10 rate goes into effect it will include seven days' board and transportation across the ocean in some of the finest million-dollar ships afloat.  
 —The board of county commissioners yesterday awarded the contract for the construction of the new J. A. Roth road which extends from the Genesee section to Arrow Junction. The contract was awarded on bids in two sections. The upper section was awarded to E. G. Williams for \$945 and the lower section to W. J. Grossclope for \$600, this making the total cost \$1,545. Mr. Grossclope had bid \$1,200 for the upper section, while Mr. Williams bid \$755 for the lower. The terms of an agreement made with the county commissioners provide that parties residing in the section that the road will serve will pay one-half the cost of constructing the highway. The road will give an outlet for grain to Arrow Junction for a section of country that is now required to go a greater distance to Genesee. Under present conditions it requires about a day to make the trip to Genesee and return, while with the new road completed two or three trips a day can be made to the railroad at Arrow Junction.—Lewiston Tribune, 17th.

—Eugene Murphy left Tuesday for Walla Walla.  
 —Work on the Grangeville-Lewiston electric line is again in progress on paper.  
 —Fred Hueller returned home Saturday after an absence of several weeks in the east.  
 —Ernest Miller returned home Saturday from Spokane where during the week he attended the sessions of the Inland Empire Hardware and Implement Dealers association.  
 —Lieut. Col. C. A. Varnum, U. S. A., and C. A. Elmer, acting adjutant general, of Boise, were arrivals in the city yesterday. An inspection of Co. H, N. G. I., was scheduled to take place last evening.

—W. F. Zabel, of Holton, Kansas, a brother of Ferd. Zabel of this place, was arriving here Thursday of last week on a visit. Mr. Zabel is a prosperous Kansas farmer and is taking advantage of the dull season to visit his western relatives whom he has not seen for a number of years.  
 —As a result of the crusade against the dogs of Genesee, Marshal Steltz has issued 44 licenses, killed one dog, and made a change in ownership— from town to county—of a couple of others. It is said that this number makes a complete census of the canines of Genesee. All licenses issued run to May 1 of this year when it is assumed that owners will again be forced to pungle up, and for a full year.  
 —A soap millionaire and an actor-manager were talking business. "I have discontinued the use of posters," said the actor-manager. "My announcements appear in the newspapers exclusively. I have learned that those who don't read the papers don't go to theatres." "You are wise," said the soap manufacturer. "Long since I discarded every form of advertising save that of the press, finding that they who didn't read a paper had no use for soap."—Ex.

—The total amount paid out by Ada county for jurors, witnesses and other items of expense connected with the Pettibone case, as compiled by the state auditor's office aggregates \$12,544.70. Of this sum there is a small portion included from the Haywood trial, such as delayed jurors and witness fees. There is probably a few hundred dollars yet unpaid for the Pettibone trial, as some witnesses may not have presented or filed their claims against the county.  
 —We have heard so much about the new cereal system-building food drink, known as Golden Grain Granules. Last week Mr. John Blausaw, called on us. He is the editor of "Tacoma Tidende," the Norwegian newspaper, but he is now covering his entire time advocating pure food reforms as well as introducing the pure coffee. Our merchants all sell Golden Grain Granules, and school children will drink it and nervous people will find that this drink will strengthen the system and quiet the restless nerves faster than anything else. The introduction of this drink will mean less rheumatism and stronger people.

**MILLINERY AT COST.**  
 All ladies' and children's hats and caps at present in stock must be closed out at once. Cost prices will be named.  
 Mrs. Wm. Smoore.

**A CURE FOR MISERY.**  
 "I have found a cure for the misery malaria poison produces," says R. M. James, of Louellen, S. C. "It's called Electric Bitters, and comes in 50c cent bottles. It breaks up a case of chills or a bilious attack in almost no time; and it puts yellow jaundice clean out of commission." This great tonic medicine and blood purifier gives quick relief in all stomach, liver and kidney complaints and the misery of lame back. Sold under guarantee at Dicus & Co. drug store.

**DON'T TAKE THE RISK.**  
 When you have a bad cough or cold do not let it drag along until it becomes chronic bronchitis or develops into an attack of pneumonia, but give it the attention it deserves and get rid of it. Take Chamberlain's Cough Remedy and you are sure of prompt relief. From a small beginning the sale and use of this preparation has extended to all parts of the United States and to many foreign countries. In every remarkable series of coughs and colds have won for it this wide reputation and extensive use. Sold by Dicus & Co.

Do you have backache occasionally, or "stitches" in the side, and sometimes do you feel tired out without any exertion and without energy? If so, your kidneys are out of order. Take Dr. Williams' Kidney and Bladder Pills. They promptly relieve backache, weak back, inflammation of the bladder and weak kidneys. Sold by Greaves Pharmacy.

## THE GENESEE NEWS.

PRINTED AT THE POST OFFICE AT GENESEE AS SECOND-CLASS MAIL MATTER.

CHAS. POWELL, PUBLISHER.

Subscription price, strictly in advance, \$1.50.

### WOULD BE A FAILURE.

In an effort to gain as much information on the subject as possible, the Farmers' Educational and Co-operative Union, composed of farmers and grain growers in the Walla Walla valley, have submitted a series of questions to the Oregonian on the subject of shipping wheat in bulk. The Oregonian, in reply to the questions, goes into the matter very thoroughly and ends by advancing the opinion that conditions are not ripe for shipping wheat in bulk. The News believes that the farmers should consider the matter from all points of view and prints the Oregonian's reply:

"Can we ship wheat in bulk? If so, what would be the cost of the change? Do you think it advisable to make the change now?"

"In the above queries sent The Oregonian by the Farmers' Educational and Co-operative Union of Walla Walla, attention is called to a question that has for a number of years been the subject of much discussion by farmers, shippers and railroads. It gains increasing prominence each year because the number of farmers coming to Oregon and Washington from states and territories where wheat is shipped in bulk is increasing, and they naturally regard the methods of their old homes as superior to those of the far North. The Oregonian is not an expert on the subject, but notes from observation that the only determined attempt ever made to ship wheat in bulk from this region was a failure. The Peavy Elevator company at the time of its appearance in Oregon and Washington was the largest grain elevator in the world, and it spent a large sum of money building a chain of elevators in the Pacific northwest for the purpose of handling wheat in bulk.

"It is a terrible trouble in transporting the wheat to tide-water and in sending it foreign. Specially constructed cars which would hold bulk wheat were not always available in the large numbers required and gondolas, stock, coal and furniture cars could not be used for grain in bulk. The impossibility of ventilation on the long trip to Europe in which the wheat ships pass through the tropics twice forced the elevator company to "line" the ships with outside tiers of sacked wheat, thus greatly increasing the expense of both loading and discharging.

The foreign buyer insists on "condition" being guaranteed, and climatic influences make this impossible with a mixed cargo, or with one wholly in bulk. The building of the Panama canal, which will enable vessels to reach the European markets in half the time now required, will undoubtedly admit of the change being made, but so long as the grain must stand the 12,000-mile trip around Cape Horn the change is hardly probable.

"Citing what is done in the east as a reason for what should be done here, is not good logic. The bulk of the crop grown east of the Rocky Mountains is used for milling purposes and is sold at the elevator and shipped throughout the year as the mills require it. Here the bulk is sold for export as wheat, and as a rule is stored in the warehouse a long time before it is sold. Most of the largest grain producers of the Pacific Northwest are very particular to raise good, clean wheat, which commands the top figure, and would not put their wheat in an elevator, where it would be mixed with a dozen other lots, some of which might be inferior. In the elevator the receipt would call for a specified number of bushels of No. 3 wheat, and in the delivery the identity of a particularly choice lot of No. 1 would be lost. When it is stored in the sack, the grower can sell his own crop of wheat on its individual merits.

"The wheat trade of the Pacific Northwest is in the hands of men who have made a study of world-wide conditions, and their abandonment of the elevator system after giving it a fair trial would indicate more clearly than anything else that the time is not ripe for shipment of Pacific coast wheat in bulk."

STRAVED—From my place at Leon, about three weeks ago, a black pig, white stripe in the face, weight about 300 pounds. Reward will be given for information regarding same by the undersigned. J. K. BRENNER, Uniontown, Wash., R. F. D. No. 1.

## SCHOOL NOTES.

(By Henry Loring, Executive Scroggin, Olive Larabee.)

Synneve Eikum is absent on account of illness. Alice Borgen and Crystal Spurbeck are also absent. The debate last Friday was: "Resolved, that the Monroe doctrine should be adopted as a part of the foreign policy of the United States. The affirmative won."

There will be no debate this Friday as this is examination week. Miss Besse and Miss Kimbrough have been ill with the grippe. Grippe is taking quite a run through the different rooms this week.

### AT THE CHURCHES.

M. E. church, South: At 11 a. m. "Faithfulness;" at 7:30 p. m. "The Voice of God." The revival services closed last Sunday night on account of sickness, but each succeeding service is to be a revival. Christian people are invited to come and bow in consecration, and sinners in penitence at God's altars.

First M. E. church. Subject for Sunday morning: "Thrusting Christ out of the city and exciting sermons, or, what is the matter here?" The evening sermon will be on "Borrowed Religion." Come and hear both sermons and learn a little about the spiritual needs of Genesee.

### PHILIP EVANS, Minister.

Congregational church: The ladies' aid society of this church is preparing a play entitled, "The Spinster's Return" to be given in about two weeks. This play is a sequel to the popular "Spinster's Convention" rendered by the aid about two years ago, and is equally as good. The Spinsters have returned from the Klondike, and many of them have secured husbands, one of them a widower with children. This will afford the public a solid dose of laughter and amusement. Keep your eye on the News for notices.

### PUBLIC SALE.

The undersigned will sell at public sale at his farm one mile west of Genesee, commencing at 10 o'clock a. m.,

MONDAY, FEBRUARY 10, 1908, the following described property, to-wit:

24 Head of Horses, Mules and Colts. Consisting of 3 choice work horses; 11 broke horses, weight 1100 to 1300; 3 mules; 2 mule colts; 1 15 16 English Shire stud, coming 2 years old; 1 Hambletonian coming 3 years old; 1 yearling Hambletonian; 2 colts, coming 2 years old, 4 cows and 2 calves, 3 sets of harness, 2 wagons, 2 drills, 1 seeder, 1 orchard cultivator, 1 harrow, 2 plows, 1 fanning mill, 1 mower, 1 hay rake, 1 binder, 1 cream separator, 1 complete set of blacksmith tools, a lot of garden tools, some household furniture.

### BIG FREE LUNCH AT NOON.

TERMS: Sums of \$10 and under cash; on amounts above \$10 nine months' time will be given on bankable notes at 7 per cent interest.

THEODORE LORANG, Owner.

W. G. BARGE, Auctioneer.

### DON'T TAKE THE RISK.

### FRIDAY, JAN. 31, 1908.

"No One to Guide Her," by a traveling company, will appear at the opera house February 14.

Conrad Martin is confined to the house, a sufferer with the grippe. Maurice Phillips has been taking his place as express messenger.

The News has just received a line of 1908 calendar samples which are now open for inspection. When all samples are in we will have an assortment numbering over 1,000 designs.

The Y. M. I. of this place will celebrate the twenty-fifth anniversary of the founding of the order by giving a dance at the opera house on February 22. Invitations will be sent out in a day or two.

The Dixie Jubilee Singers which appeared at the opera house Tuesday night were greeted by a full house. It was the company's third appearance in Genesee and each time they add new laurels to their popularity.

George W. Anderson, a former county commissioner, a resident of Palouse precinct, and who last fall sold his farm, has reinvested in a thirteen acre tract of ground adjoining Moscow which was formerly owned by S. H. Tritt.

The hides of three fat hogs are reposing near the east end warehouse, and bear evidence of the fact that the hogs were stolen and butchered. We understand that Mr. Morford, living on the Tweed ranch, had three hogs stolen from him recently.

Theo. J. Schaaf visited Thorn Creek and Genesee this week in the interests of his real estate business, and listed several ranches and some town property. He has some sales pending which he expects to complete soon.—Colton News-Letter.

According to an opinion given out by E. W. Eaves, of the Vollmer-Clearwater Co., grain bags for the season of 1908 will be lower than they have been for the past two or three years. It is Mr. Eaves' belief that the price per bag will not exceed eight cents. This as all can see, will help a little and will be appreciated by the growers of grain.—Asotin Sentinel.

Chris Steltz, who was here from Spokane the first of the week to attend the funeral of his grandmother, has decided to return to Genesee to reside. He is now in Spokane packing his effects and with his wife will arrive here in a day or two. They will reside with and care for Mr. Steltz's grandfather who is very feeble. For some years Chris has been following base ball as a profession, being a pitcher of considerable ability.

A large number of residents of school district No. 3, lying west and north of Genesee, are making an effort to have the district divided, and by annexing a small portion of the Geesee district, create a new district. The matter will be presented to the board of county commissioners for consideration at their April session. As the school house is now located in district No. 3 it is claimed by those petitioning for a new district that their children are compelled to travel from two to three miles to attend school.

Tillson Jennings was born in Pike county, Ill., May 11, 1839, and died at his home on Fix ridge January 14, 1908, at 7 o'clock, a. m., aged 69 years, 8 months and 3 days. He was married to Miss Angeline Turner, also of Pike county. To their union was born nine children, seven boys and two girls. Eighteen years ago he called his companion from his side. August 19, 1895, he was again united in marriage, this time to Mrs. Nancy J. Gilbert of Juliaetta, who was a faithful companion and patiently nursed and cared for him during his afflicted years, for he was a sufferer from asthma. His family with a host of relatives and friends are left to mourn the loss of a kind and affectionate husband, a father, friend and neighbor who will be greatly missed by all. The funeral services were conducted at the home on Fix ridge by Rev. Hatfield and wife, and the remains laid to rest in the American ridge cemetery.—Julietta Herald.

## DEATH OF MRS. STELTZ.

Margaret Glas Steltz, wife of Johan Peter Steltz, one of the early settlers of Genesee, and a lady highly respected by all who knew her, died Saturday morning of last week following a very brief illness. The funeral was conducted Monday afternoon of this week from the German Lutheran church, Rev. A. Fiebelkorn officiating, interment being in the Lutheran cemetery west of town. George Steltz conducted the funeral and Conrad, Peter, Chris and Charles Steltz acted as pall bearers, all being sons of the deceased. This funeral was very largely attended.

Margaret Glas Steltz was born December 5, 1834, at Niederhessen Kreis Hannau in Kurhessen, Germany. Early in life she was converted to God. As a child she received a good christian school education. On May 5, 1855, she was united in marriage to Johan Peter Steltz. In the same year they emigrated to America, settling in Wisconsin and later moving to South Dakota. In 1889 they moved to Genesee.

She leaves to mourn her demise her husband, five sons and three daughters, one son and one daughter having been called into eternity before the mother. The surviving children are: Mrs. Katherine Sager, residing at Tacoma; Conrad Steltz, residing at Genesee; Mrs. Mary Prunty, residing at Weiser, Idaho; Peter, George, Christian and Charley Steltz, all residents of Genesee, and Mrs. Mathilda Meador, residing at Walla Walla. She is also survived by twenty-nine grandchildren and twelve great grandchildren. All children and also a large per cent of the grandchildren were in attendance at the funeral.

Stuber & Hall made a shipment of hogs the first of the week.

A large number of cases of la grippe and tonsillitis are reported.

W. M. Harley, brother of Mrs. J. H. Greaves, following a visit here returned to Spokane Monday.

Mayor Driscoll was called to Moscow Sunday on account of the illness of his father. He returned home Monday.

Relatives of Tom Mills, who committed suicide here the first part of September, have written to J. J. Owen from Hasland, Mich., to learn the particulars of his death.

John Spencer and Fred Gosnell, together with their families, and Fred Spencer, plan on leaving here soon for the Big Camas prairie country in Blaine county, where they made filings on some government land last fall.

Mrs. Wm. Smolt returned home Monday after an absence of several weeks at Spokane where she underwent a surgical operation. While still quite weak she is gradually recovering from the effects of the operation. Her son, Edwin, accompanied her home for a few days' visit.

Dr. P. S. Beck took his departure from Genesee Sunday for Irrigon, Ore. At Umatilla Dr. Beck is having constructed a store building and as soon as the same is completed he and his wife will move there to practice medicine and conduct a drug store. Their two sons will remain here until after the close of school.

Sam Davidson has written a Genesee party from Spokane to the effect that his grandmother, Mrs. Nulph, would return to Genesee during the month of March to remain, and that he had made arrangements for her care here. Sam says that he will play ball during the coming season with Tacoma at a salary of \$190 per month.

Among other cities, Chicago is planning to introduce instruction in trades in the public schools. "It is gradually beginning to dawn on the minds of teachers," says the Chicago Journal, "that the most useful, if not the highest, duty they can perform is to fit the boy for his work in life, and thus to make existence easier for him. The tendency of the future is all in the direction of trade and commercial schools. Europe leads us in this development now, but it will not be for long. Within a few years our public schools will teach useful occupations in addition to the three R's."

## C. F. Burr transacted business in Moscow Monday.

Miss Maggie Healey returned from Spokane the first of the week.

A daughter was born to Mr. and Mrs. James Qualey Thursday of last week.

Mrs. Sam Prince, of Juliaetta, was a guest at the Elmer Olympia home over Sunday.

Mrs. W. E. White, of Colton, was an arrival here Tuesday, a guest of Mr. and Mrs. Ball.

Miss Delta Pendegast, who has been spending the winter here, stopping at the Tim Keane home, left Sunday morning for her home at Astoria, Ore.

Chas. Oldy, now employed as an engineer on the Canadian-Pacific railway in British Columbia, has been a guest of Genesee relatives during the past week.

Thos. H. Brewer has decided to Fred K. Brazier a 160 acre farm on the Little Potlatch for a consideration of \$4,800. The place is now being farmed by the Odberg brothers.

Miss Mollie Keane and Miss Edith Williamson left the first of the week for Lewiston to resume their studies at the Normal. They will complete the course of study this year.

Our summer-like weather took a change Wednesday and we are now enjoying our first touch of real winter. Snow covers the ground to a depth of about six inches furnishing a very good article of sleighing. Should cold weather follow the covering of snow on the wheat ground will do stout good.

Harry Morse, a former Genesee boy, but who has been a resident of Baker City, Ore., for the past few years, was an arrival here Monday. If he can find employment he will remain here permanently. Says that his father is still operating a barber shop at Baker City and that the Schutte family are now living at Spokane.

Friday evening of last week the Masons very royally entertained the members of their fraternal societies at a quiet at the I. O. O. F. hall. The spread was one of the most elaborate ever prepared for a similar occasion in Genesee. Following the banquet Rev. W. C. Fowler delivered a very interesting address in which he reviewed the history and achievements of the Masonic order.

Following the annual inspection of Company H., N. G. I., held Thursday evening of last week, Captain Bell was very highly complimented by Lieut. Col. Varauum and Adjutant General Elmer on the appearance and efficiency of the company. At the inspection and drill forty-two men answered to roll call, being 66 per cent of the total strength of the company. Following the inspection Adjutant General Elmer delivered a brief address to the company. He is of the opinion that matters will be arranged for the holding of an encampment by the companies of northern Idaho at some suitable place possibly at Coeur d'Alene. Following the encampment it is planned for the companies to go to Fort Wright, near Spokane, to engage in target practice.

## WOODMEN OF THE WORLD, TAKE NOTICE.

On Saturday evening, February 8, 1908, a regular meeting of the lodge will be held at which time important business will come up for consideration. ALL members are urgently requested to be present.

D. C. BURR, Clerk.

Notice is hereby given that the regular annual meeting of the stockholders of the Kendrick Water Company will be held on the 6th day of February, A. D. 1908, at the office of the company in Kendrick, Latah county, Idaho.

Dated this 22nd day of January, A. D. 1908.

G. W. SUPPGER, Secretary.

## A CURE FOR MISERY.

"I have found a cure for the misery malaria poison produces," says R. M. James, of Louisa, S. C. "It's called Electric Bitters, and comes in 50c cent bottles. It breaks up a case of chills or a bilious attack in almost no time; and it puts yellow jaundice clean out of commission." This great tonic medicine and blood purifier gives quick relief in all stomach, liver and kidney complaints and the misery of lame back. Sold under guarantee at Dicus & Co's drug store.

## LATAH COUNTY JURY LIST.

Appended is the list of 150 names of persons to serve as regular jurors in the district court for Latah county, during the year 1908, which list was selected from the poll lists of the several precincts of the county by the county commissioners at their recent session:

Bear Creek Precinct—Frank C. Davis, Wm. H. Elliott, James Flaherty, James W. Huffman, Antow Nelson.

Boulder Creek Precinct—W. W. McAllister, Oscar Bohn.

Cora Precinct—John Shields, Milton G. Swatman, Mandley Whitney, George G. Griner.

Corwall Precinct—Charles Hobart, W. A. Buchanan, W. E. Way, B. G. Rawson, Royal Garrison.

East Genesee Precinct—D. C. Burr, F. F. Burdick, Albert N. Coverdale, Nathan Edwards, Fred Follett, W. N. Gibb, James C. Hanson, John A. Nesbit, S. H. Tiedemann.

East Moscow Precinct—Geo. A. Crow, C. A. Frantz, Wm. Hunter, Roland Hodgins, D. W. Driskel, Theo. Reed, Fred Veatch, L. K. Strong, E. E. Ostroot, Anson C. Larrabee.

Four Mile Precinct—F. S. Heath, O. B. Harrison, E. L. Meeks.

Gold Creek Precinct—Jasper Burden, Albert E. Daily, Geo. Cochran, Wm. Totter, Thomas B. Hill, R. E. Pankey.

Gold Hill Precinct—Fred D. Crocker, Harry J. Starr.

Julietta Precinct—James Hutchinson, Robert H. Hall, Wm. E. Long, Joseph W. Lane, S. S. Morse, James Montague, Fred D. McConnell.

Kendrick Precinct—Joseph Moore, E. P. Atchison, Joseph A. Frucht, David F. Waltz, James Sterling, Ole Olson, T. P. Loring, Chas. W. Jessup, Thomas Hunter, Robert W. Brigham.

Little Potlatch Precinct—John W. Brigham, George Campbell, Homer Kinyon, Melville Lovell.

Mountain Meadow Precinct—Millford M. Custer, Harvey M. Call, John Vanhook.

North Moscow Precinct—John A. Anderson, O. W. Beardsley, Arthur J. Draper, Wm. M. Frazier, W. O. Griffin, Joseph Watkin.

North Troy Precinct—Benjamin Caldwell, Ole Hagen, D. J. Hammond, Peter Mattson, Axel Olson, W. W. Park, John F. Spencer, D. A. Wood, Jerome Tierney.

Plouse Precinct—John Bisset, Albert Howell, I. E. Wolleter, Matthew Miller, Stephen D. Burnett, S. A. Bowers.

Potlatch Precinct—John F. Cox, L. W. Bull, John Ream, A. McCown, Fred R. Vowell, H. M. Mitchell.

## 1909

# Calendars

The NEWS has received a full line of Calendar samples for 1909, consisting of over 800 of the latest designs—the perfection of beauty and art.

## Turn down the foreign drummer

when he calls on you and patronize a Genesee institution. The NEWS can fill your Calendar order cheaper than the traveling agent, and we give you identically the same goods. Call in and look at our handsome designs and let us

## File your order now

before you forget your local patriotism and play that old game of giving your order to the traveling agent of foreign houses.

## PHOTOS.

While you have the time and chance to secure the combined skill in every detail to produce the very best photos and to look good. Not being able to dispose of my property, and considering conditions all over, have decided to remain an indefinite time. Remember those photos you have been putting off so long. One piano for sale yet. Have sold five which are giving splendid satisfaction. C. W. HANSON.

# DRY GOODS, NOTIONS, HATS, CAPS, CLOTHING, BOOTS, SHOES, GROCERIES

# Follett Bros. General Merchandise

## City Meat Market

STUBER & HALL, Proprietors

All Kinds of Fresh and Salt Meats and Fish on Hand

TELEPHONE ANSWERED PROMPTLY

Highest Market Price Paid for Fat Hogs, Cattle, Poultry

SATISFACTION GUARANTEED

## First Bank of Genesee

Leading Bank of South Latah County

A General Banking Business Transacted

Interest Paid on Time Deposits

## The High Fuel Prices

Calls for ECONOMY in the amount used. In buying a Range or Heater don't judge by the appearance, but judge by what the Range or Heater actually does—how it bakes and HOW MUCH FUEL IT BURNS. Our line of stoves is large and includes two of the best makes manufactured—

## Round Oak Chief

RANGES and HEATERS and Mountain Oak Heaters

You take no risk in buying one of these stoves. They are today being used in a great many Genesee homes giving full satisfaction. CALL AND LET US NAME PRICES.

## J. G. REHBERG

## Prices Go Up and Down

But you can always get good value for your grain in exchange for whatever you need in the way of Flour, Feed or Seed.

Here's what we have:

**Flour** { Patent, Silver Drop, Golden Rod, Rye, Graham and Whole Wheat; Breakfast Food.

**Fuel** { Pennsylvania Hard Coal, Chestnut and Stove. Soft Coal—two grades. Dry Wood, Stove or Four Foot Lengths.

Prompt and Careful Attention Given Custom Work.

The C. E. Wood Co.  
Office in First Bank Building.

### DEMOCRATS MAKE CALL

Boise, Jan. 24.—State Chairman H. W. Lockhart, after a conference with Senator Dubois, today issued a call for a meeting of the democratic state central committee, to be held in Boise on February 27 to fix the time and place for holding the two state conventions of that party this year, the first of which will select six delegates to the national convention at Denver and the second will nominate candidates for state offices.

Nothing was given out regarding the conference between Senator Dubois and the state chairman beyond the announcement by Mr. Lockhart that the date for the meeting had been fixed as above indicated.

### ASSESS PROPERTY AT HALF

Boise, Idaho, Jan. 22.—The county assessors and the state board of equalization have finally failed to come to an agreement on a cash value basis for assessment and the assessors have come to an understanding that all property they shall go on the rolls at from 25 to 50 per cent of its valuation. The assessors were ready to raise everything to a cash value, provided railways and telegraph and telephone lines were brought up to the same basis. Governor Gooding stood with them, but other members of the board of equalization were not willing to enter into such an agreement. They did not take a stand against higher valuation of railways, but their attitude left the assessors without an assurance that the state board, which makes the railway assessment, would follow them in making a raise to the basis called for by law.

The agreement to assess at from 25 to 50 per cent covers all property. This brings live stock down a little and raises farm lands and most city property. The assessment of sheep will be \$2.25, a reduction of 25 cents. Beef cattle will be assessed at \$17 and cows at \$15. There will be uniform rates for timber and many other classes of property. The meeting will continue tomorrow.

### IT LOOKS LIKE MR. TAFT

From the republican side of the fence, it begins to look more and more, as though William Taft was going to be the republican nominee for the presidency, and practically everybody concedes that Bryan will be the democratic standard bearer. Concerning the republicans, and Mr. Taft's chances, a Washington City dispatch of last Sunday, gave out a showing that will make the supporters of the gentleman rejoice. It follows: Secretary Taft expects to be nominated for president on the first ballot in the republican national convention. He expects to get at least 502 votes out of the 980. The number necessary to nominate is 491. For the first time since the Taft campaign opened its managers on Saturday reduced their general predictions to concrete form. This is the way they line up on the various states and sections of the country:

States which have declared for Taft through central committees: California, Kansas, Nebraska, Missouri, Michigan, West Virginia and Ohio; total, 180 votes.

States which are sure for Taft: The entire south, with the possible exception of Kentucky and Oklahoma; total, 240 votes.

States which are reasonably sure for Taft: Minnesota, North Dakota, South Dakota, Montana and Iowa; total, 70.

Territories sure for Taft, 12; grand total, 502 votes.

To make up for possible deficiencies among the states classed as "reasonably sure," the Taft folks expect to draw from the following, classed as "probable": New York, 39 votes out of a possible 78; Massachusetts, 32; Connecticut, 14; Idaho, 6; Oregon, 8; and Washington, 10; total, 109.

From this district would also come enough votes to make up for possible split delegations from Ohio and Iowa. Classed as "possible" are all the rest of the states of the union excepting Pennsylvania, Indiana and Illinois, which the Taft folks graciously concede to Knox, Fairbanks and "Uncle Joe" Cannon, respectively.

These figures are understood to have been approved by Charles P. Taft, the secretary's brother.

If a cough ever gets into your system it acts on every muscle and fibre of the body and makes you ache all over. It especially affects the intestines and makes you constipated, so in order to get rid of a cold thoroughly and without delay you should not take anything that will tend to constipate. Kennedy's Laxative Cough Syrup acts upon the bowels and thereby drives the cold out of the system. It contains no opiates—it is pleasant to take and is highly recommended for children. Sold by Groves' Pharmacy.

### What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription." The answer is that "Golden Medical Discovery" is a most potent purifier of blood-purifier, and tonic or invigorator and acts especially favorably on the bladder-curing a large percent of catarrhal troubles, stomach, bowels and nasal passages, the throat, larynx, bronchitis, asthmalike coughs, bladder, uterus or other pelvic organs. Even in chronic or incurable cases, it is often successful in effecting a cure.

"Favorite Prescription" is advised for all cases of female weakness, irregularities, nervousness, indigestion, and all the troubles that attend the female system. It is a most powerful tonic and invigorator, and acts especially favorably on the female system, regulating the monthly functions, and bringing about a healthy, vigorous condition of the whole system.

Both medicines are non-alcoholic, non-narcotic, and do not contain any habit-forming drugs, being composed of glyceric acid, and the most potent medicinal forest plants. They are both sold by dealers in all parts of the world, and are accepted as a substitute for one of these medicines of known composition, by secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, are taken as a substitute for one of these medicines of known composition, by secret nostrum.

### THE PURE FOOD LAW

Secretary Wilson says, "One of the objects of the law is to inform the consumer of the presence of certain harmful drugs in medicines." The law requires that the amount of chloroform, opium, morphine, and other habit-forming drugs be stated on the label of each bottle. The manufacturers of Chamberlain's Cough Remedy have always claimed that their remedy did not contain any of these drugs, and the truth of this claim is now fully proven, as no mention of them is made on the label. This remedy is not only one of the safest, but one of the best in use for coughs and colds. Its value has been proven beyond question during the many years it has been in general use. For sale by Deans & Co.

Ride for furnishing the Northern Idaho license with the following supplies will be received until Feb. 4, 1908.

**PROVISIONS:**  
Alfalfa, green, 1 lb.; evaporated, 2 lbs.; baking powder, 1 lb.; Royal, 25 lb.; flour, 100 lb.; sugar, 50 lb.; salt, 25 lb.; corn meal, 25 lb.; oatmeal, 25 lb.; butter, 25 lb.; lard, 25 lb.; eggs, 25 lb.; cream, 25 lb.; milk, 25 lb.; coffee, 25 lb.; tea, 25 lb.; soap, 25 lb.; kerosene, 25 lb.; matches, 25 lb.; candles, 25 lb.; paper, 25 lb.; ink, 25 lb.; stationery, 25 lb.; books, 25 lb.; pens, 25 lb.; **The C. E. Wood Co.**  
Office in First Bank Building.

## THE GENESSEE NEWS.

ENTERED AT THE POST OFFICE AT SPOKANE AS SECOND-CLASS MAIL MATTER.  
CHAS. FOWLER, PUBLISHER.  
Subscription price, strictly in advance, \$1.50.

—Theo. J. Schaff, a Colton real estate dealer, was in the city Saturday.

—Beginning Monday of next week and continuing until Saturday night, Follett Bros. will conduct a big "after inventory sale." Read their advertisement.

—The date for the traveling theatrical company, who were to have appeared at the opera house this (Friday) evening was cancelled on account of quarantine.

—In some cities apples are quoted at 10 cents a piece. Let the owners of orchards remember that their trees bear a precious crop, and that the demand for it in Europe also far exceeds the supply.

—Ed Walters of Lewiston was in our city Wednesday evening. Mr. Walters expects to leave Lewiston in the near future for St. Maries, Idaho, where he will engage in the jewelry and watchmaking business.—Uniontown Press.

—The entertainment, advertised to be given by the pupils of St. Joseph's academy at the opera house Saturday evening of last week and which was called off on account of the scarlet fever quarantine, will be given at the earliest possible date following the raising of quarantine.

—We are in receipt of a communication from Rev. J. W. Compton, of Leland, but space will not permit of our publishing the article in full. Rev. Compton writes that excellent results are being obtained in their revival meetings, and that the services of Rev. Warren, of this place, who went there to assist in the meetings for one week, cannot be dispensed with for some time yet. Rev. Compton had expected to preach in Genesee last Sunday but was prevented from coming on account of the quarantine. He also writes that Lonnie and Pearly Rodgers are rendering most efficient help with the music at the meetings.

—A London paper, which is far enough away to be safe, started a Mary Ann problem thus: In the United States the Mexican dollar has exchange value of ninety cents. In Mexico the American silver dollar has the same value. On the frontier of the United States where Texas and Mexico there are two saloons, one on each side of the frontier. A man buys a ten cent drink of whiskey at the American saloon and pays for it with an American silver dollar receiving a Mexican dollar as change. With this he crosses the border, goes into the Mexican saloon, hands over the Mexican dollar for a ten cent drink and receives an American dollar as change. It is evident that the limit of his purchasing power is the length of time he stands. He finally wakes up with a bad headache and the American dollar with which he started. Who paid for the whiskey?

—Rev. G. A. Mackie was over from Juliaetta, Idaho, this week looking after business interests. He was also hunting for two horses which had strayed from the pasture at their home, and finally located them at Genesee, where they had been taken up and sold by the town authorities. They informed Mr. Mackie that he would have to deposit the price obtained by the sale and wait a year before he could get his money back. If he wished to obtain possession of the horses, he understood that Mr. Mackie will institute a replevin suit to find out whether the state of Idaho has queer laws, or the authorities of Genesee have put their own peculiar construction on the laws of the state.

The above appeared in the last issue of the Colton News-Letter. Rev. Mackie is certainly laboring under a delusion. Upon his visit to Genesee some days ago, and following the sale of the horses which had been impounded and sold at public sale after being duly advertised, he was told by Clerk Burr that while it was not possible for him to recover the horse, he could recover the money received from the date the animals were sold. The money received from the sale of the horses is ready for Rev. Mackie whenever he chooses to apply for it.

**FARM HELP WANTED.**  
A married man preferred, as I have a good house, also plenty of garden room. Steady employment for the right man. For particulars inquire at the News office.

Use DeWitt's Little Early Risers, pleasant little pills. They are easy to take. Sold by Greaves Pharmacy.

## DEATH OF A PIONEER.

Mrs. Ingeborg Halvorson, the aged mother of John and Halvor Halvorson, died at the home of the former last Friday evening, February 7, and the funeral was conducted from Our Savior's church on Monday, Rev. O. C. Helleskov officiating.

Mrs. Halvorson was born in Stavanger, Norway, Oct. 20, 1838, her parents being Johannas and Anna Sand. In 1888 she removed to the United States residing in Kingsbury county, S. D., until 1891, when she came to Genesee and has since made her home with her son John. She was exceptionally quick for her years and was sick but a few days before her death. She enjoyed the inestimable blessing of a christian home in her childhood, and as her youth so her old age; she was a devout christian soul who loved Christ and His word and her example was felt not only in the family circle but also by all with whom she came in contact. Since the death of Mrs. J. Halvorson in 1900 she has to the best of her strength and ability with tender care filled the place of a mother in the bringing up of her grandchildren. Her husband died years ago.

The deceased leaves to mourn her death three children in Kingsbury county, S. D., a daughter, Mrs. Anderson, in Seattle, whose husband came to attend the funeral, Halvor and John, who are respected and honored pioneer citizens living north of town, besides a large number of grandchildren. O. C. H.

We hereby wish to extend our sincere thanks to our many friends who lent a helping hand and extended sympathy at the illness and death of our mother and grandmother.  
JOHN HALVORSON AND FAMILY.

**AT THE CHURCHES.**  
Sunday morning, February 16, there will be English service in connection with the celebration of the Lord's Supper at the German Lutheran church.

**A. FIEBELKORN, Pastor.**  
First M. E. church—Regular preaching at 11 and 7:30 next Sunday. No Sunday school on account of the health conditions among the children. No small children should be brought to the church. Dr. U. F. Hawk will hold Quarterly meeting next Wednesday at 3 p. m., and will preach at 7:30 p. m. The public invited to the above services.  
PHILIP EVANS, MINISTER.

Congregational church—There will be services at the Congregational church next Sunday, unless the city authorities order otherwise, but no children will be permitted to attend. We shall welcome all of our regular adult attendants and shall do our best to help all with two good sermons and uplifting services. During such times of sickness and trial as the one that is now upon us we are all in much need of all the spiritual uplift the church can afford. It is yours, come out and get it. CHAS. H. NELLOR, Pastor.

These are the only fur tanneries in the United States that use any other method of tanning. This is the reason why our skins are so soft and pliable. McMillan's Secret (The Queen of Furriers) has been known to the fur trade for many years. One year's experience in tanning skins of all kinds. Write for "McMillan's Secret." Ladies Agents Wanted. Headquarters for all fur and pelts. Address THE McMILLAN CO., 1000 DELTA BLDG. SPOKANE, IDAHO.

## FRIDAY, FEB. 14, 1908.

—Mrs. A. Scroggin left for her home at Ho Tuesday.  
—Paul Cann transacted business in Moscow Wednesday.  
—Mr. and Mrs. Paul Schürbach left Tuesday for a few days visit with Spokane friends.

—Edwin Smolt returned to Spokane Tuesday to resume his studies at Gonzaga college.

—Miss Millie Geltz left Saturday for Seattle where she expects to take up the study of stenography.  
—George Park, not to be outdone by the remainder of the train crew, has been taking an enforced rest on account of sickness.

The following deed was filed for record Monday: Artie Stoneburg to R. A. Ryan, \$800, lots 7, 8, 9, 10, 11 and 12, block 16, Genesee.

—Mrs. S. Dahm and son, Joe, J. Dahm and Mrs. F. W. Hatrup were the guests of Mrs. Dahm's sister, Mrs. Moersch, near Genesee Monday and Tuesday.—Uniontown Press.

The Moscow Post issued a very creditable industrial edition last week. The edition contained, in addition to a comprehensive write-up of Moscow, a number of fine illustrations.

—Those who purchased tickets for the Sisters' entertainment which was to have been given Saturday evening of last week, will have their money refunded by presenting their tickets at Deius' drug store.

—We last week very unavoidably failed to mention the departure of Mrs. Rosenstein and daughters, Julia and Erna, for Spokane. The young ladies will attend school there during the remainder of the year.

The regular quarterly teachers' examination will be held in Moscow at the court house on February 26, 27 and 28. Examinations will be given in subjects required by all grades of county certificates.

—Mrs. W. C. Owen left Wednesday for Spokane. The family will not leave Genesee until the coming week at least, and then they do not expect to take only a portion of their household goods, expecting to return later on.

—Dick Wright, the operator of a sawmill at Hayden Lake, has been awarded the contract to supply the Spokane and inland road with ties for the construction of the road from the Pelouse to Moscow, it being the company's intention to complete the road to Moscow at the earliest date possible.

—We willingly stand corrected. Last week we made the statement that the W. C. Owen family were preparing to move to Spokane to reside permanently. Mr. Owen writes us that we were in error. He says: "I expect to be back on the Pullman-Genesee run by April 15. Spokane does not look good to me—Genesee is good enough. Mrs. Owen will be with me in Spokane for a while. Have secured light housekeeping rooms with which we will get along for the time being."

The horticultural meeting held Tuesday of this week at the W. J. Herman Co. store was well attended and deep interest was shown by those present. A temporary organization was effected with Warren Bringham as chairman and J. P. Michaelson as secretary. A committee on organization and bylaws was named as follows: W. J. Herman, J. A. Nisbet and T. E. Miller. The meeting adjourned in Spokane Tuesday of next week at the Herman store at 1:30 p. m. All interested in the work are invited to be present.

A general pension bill, which if ratified, will increase the pension roll by about \$12,000,000, has been introduced in the house. The bill, which has the support of the committee, provides for the payment of a pension of \$12 a month, instead of \$8, as at present, to all widows of veterans of the Mexican war; to widows of veterans of the Indian wars; who number about 3700; all widows of veterans of the civil war, married prior to June 27, 1890, of whom there are about 185,000, and all widows of Spanish war veterans who died of disease contracted in the service. There are about 1000 of these.

—Oscar Samuelson was up from Springtown Friday.  
—Ray Gosselin was in the city over Sunday from Pullman.

—J. Rosenstein has a change of advertisement in this issue.  
—Frank Williamson came in Sunday from the northern country.

—Robert Emmett transacted business in Spokane the first of the week.  
—Chas. Hanson, the photographer, has a new reading notice in this issue.

—A daughter was born to Mr. and Mrs. John Mertes Saturday of last week.  
—Mr. and Mrs. George Martin left Wednesday for a few days visit at Spokane.

—Henry Waechter, of Seattle, was a business visitor in Genesee Friday and Saturday.

—Mrs. C. Bressler, who has been quite ill, is at this writing reported as being much improved.  
—Mr. and Mrs. Chas. Ingie left Saturday for Lewiston where they may decide to remain permanently.

—George Steltz left Monday of this week for Walla Walla where he expects to remain for some time doing carpenter work.

—Ben Jackson, who has been very ill with blood poisoning, was brought to the city Sunday from his home near Pine Grove and is quartered at the Dr. Conant residence.

—Golden Rule Rebekah lodge will hold their regular meeting next Tuesday evening in I. O. O. F. hall, promptly at 7:30 o'clock. All members please be present. Degree work.

—On account of the closing of the public schools Miss Kimbrough left the first of the week for her home at Lewiston, Miss Besse and Mr. Peterson for Moscow and Miss Randall for Falls.

The marriage of Miss Eva Lawson, a former Genesee girl, but for a number of years a resident of Spokane, to Harry M. LeClaire, of Spokane, took place in that city Wednesday of last week.

—Henry and Martin Meyer and Mr. and Mrs. John Meyer left Wednesday for Spokane. While there the entire party will take advantage of the opportunity of listening to Faderewski the great pianist.

—Following are the dates for the North Pacific fair association as arranged Friday at the annual meeting of the managers: Tacoma, August 17-22; Bellingham, August 24-29; Everett, August 31-September 5; Seattle, September 7-12; Roseburg, Oregon, September 7-12; Salem, September 14-19; Portland, September 21-26; North Yakima, September 28-October 3; Spokane, October 5-10; Lewiston, October 12-17; Walla Walla, October 19-24; Boise, October 25-31.

—During the past ten days T. Driscoll has shipped to the markets of Minneapolis and Milwaukee 28 cars of barley. On the 28 cars for transportation charges the railroads will receive the very tidy sum of \$9,840, or a little better than \$350 per car, and fully \$9,000 of the amount goes to the Northern Pacific. If 28 cars of barley puts \$9,000 into the exchequer of the Northern Pacific, what are the annual receipts for the company from the Genesee branch? Think it over.

The auction sale held Monday of this week by Theo. Lorang was attended by a very large crowd and everything went off very satisfactorily to Mr. Lorang, all articles sold bringing fair prices. At noon a good lunch was served to all present. In the evening a farewell surprise dance was given at the Lorang home by a large gathering of young people, more than one hundred being present. Music was furnished by a three piece orchestra. The four Lorang brothers—Vincent of Cottonwood, Joe of Forest, Theodor of Kendrick and Frank of this place were present.

**SICK AND DIED.**  
Before any such thing should happen you will be sorry if you did not have those pictures taken of the family while you have the convenience to make a little special effort to get ready. Remember you buy many things nothing to show for later where a few dollars for photos in a few years you would not be without for many times the amount.  
Price on cabinet size, \$3.00 a dozen; other sizes and styles in proportion, more and less. Bring a dollar along when sitting for negative, balance on delivery.  
Not having sold my property as yet it is certain when your time is limited for those photos.  
One high grade piano to close out at a bargain.  
C. W. HANSON.

**WANTED.**  
Early Rose potatoes, also car fancy hard cabbage. Apples all varieties—best quality. O. E. MILLER, Paget Sound Warehouse.

**STRAYED**—From my place at Leon, about three weeks ago, a black pig, white stripe in the face, weight about 300 pounds. Reward will be given for information regarding same by the undersigned.  
J. K. BARNER, Uniontown, Wash., R. F. D. No. 1.

**SUFFERING & DOLLARS SAVED.**  
E. S. Loper, of Marilla, N. Y., says: "I am a carpenter and have had many severe cuts healed by Bucklen's Arnica salve. It has saved me suffering and dollars. It is by far the best healing salve I have ever found." Heals burns, sores, ulcers, fever sores, eczema and piles. 25c at F. E. Deuss & Co., druggist.

**ASK YOURSELF THE QUESTION.**  
Why not use Chamberlain's Pain Balm when you have rheumatism? We feel sure that the result will be prompt and satisfactory. One application relieves the pain, and many have been permanently cured by its use. 25c and 50c out sizes. For sale by F. E. Deuss & Co.

# After Inventory Sale

Inventories, or more commonly known as "taking stock," generally brings surprises to the firm that takes them. Sometimes they reveal a loss in business, sometimes a gain. Our invoice this year has been very satisfactory for which we thank the public for their patronage.

Our invoice this year has also brought to light hundreds of dollar's worth of merchandise in short lengths and broken lines. We have decided to close out these lines at prices that will move them quickly. Therefore,

**FOR ONE WEEK**  
Commencing Monday, Feb. 17, Ending Sat. Night, Feb. 22  
we will give you a week of bargains in nearly all lines that we carry.

In our Clothing Department we find we have in broken lines, 20 suits—no two suits alike.  
**\$10 Suits we will sell for.....\$6 48**  
**\$12 to \$15 Suits will sell for..... 9 98**  
We have divided these suits into two lots. They are genuine bargains if you can get a fit.

All of our Overcoats up to \$11 for.....\$7 89  
1 lot of Medium Length Duck Overcoats..... 1 98

Several broken lines in Children's Knee Pant Suits, ages 3 to 7 years, to close out at prices as low as, per suit..... 98c

One line of Men's Underwear, made strong, heavy and warm, a good garment at \$1, to close at..... 64c

Broken lines in All Wool Underwear, which formerly sold at \$1.25, while they last..... 89c

Broken lines in our Standard Golf Shirts which were big sellers at \$1.25, to close out..... 89c

## Hundreds of Remnants in Dry Goods Which are Measured and Tagged at a Fraction of Their Real Value

We have a few broken lines of Men's Shoes which we will close out at the following prices:

One lot of men's fine and medium weight shoes, made of Vici and Congress Calf leather, not a bad shoe in the lot, regular \$3 shoe, to close them out..... \$2 28

Lot No. 2 consists of lines that sold for \$3.75 to \$4.00. Nothing better in Genesee. While they last..... \$2 78

We also have a nice line of Ladies' Shoes to close out. All good, stylish and serviceable:  
**\$2.75 and \$3.00 Shoes to be sold at..... \$2 28**  
**\$3.50 Shoes to be sold at..... \$2 78**

One lot of Ladies' Shoes, mostly button, in sizes 2 1/4 to 3 1/2, your choice, per pair..... 50c  
One lot of Children's Shoes, small sizes and heavy, at..... 50c

A few numbers in Boys', Misses', and Children's heavy ribbed fleeced line hose, 25c quality, for..... 19c

A little late for Furs but you had better buy at the following prices:  
\$1.50 Furs for..... \$1 00  
\$3.00 Furs for..... \$2 00  
One \$6.00 Fur for..... \$3 00  
\$5.50 Furs and Muff..... \$3 50  
One \$10.00 Fur for..... \$7 50  
One \$12.00 Fur for..... \$10 00

One lot of Ladies' 20c Hose to close out at, per pair..... 14c  
We will also place on sale a nice line of Corset Cover Embroidery at, per yard..... 25c  
Hundreds upon hundreds of yards of Torchon Lace on sale at, per yard..... 5c  
40c and 50c Ribbon goes at, per yard..... 25c  
Broken lines in Corsets..... from \$1.00 down to 25c  
Quite a number of short, old style Ladies' Jackets to close out at, each..... 98c

These prices will give you some kind of an idea of what we are going to do. Try to be on hand and share in this money-saving sale. These prices are for cash. Be sure to get what you want and get a fit as no goods will be exchanged and no goods taken back.

BRADY TO RUN FOR GOVERNOR. Pocatello, Ida., Feb. 15.—That James H. Brady of this city, chairman of the republican state central committee, has decided to make the race for governor of Idaho, was the announcement made by him this afternoon.

IDAHO PLANS MODEL ORCHARD. The news has become public that plans have about been completed for the planting of trees on a 150-acre tract in the Lewiston orchards with the view of making it the model orchard of the world.

IMPLICATES HER FATHER. Moscow, Idaho, Feb. 18.—Jacob McGarvey, the Troy rancher who was arrested last week charged with a statutory offense against his 20-year-old daughter, Agnes, today made a full confession of his crime to Deputy Sheriff Grant Robbins, corroborating the confession of the girl, who told of her improper relations with her father, which have continued over a period of seven years.

BRADY TO RUN FOR GOVERNOR. "I fully appreciate the confidence they have expressed in me. There are many men in the state more fitted for the governorship than I, who, if elected, would insure the state an administration that Idahoans might be proud of."

STATE MILITIA AS RESERVE FORCE. Much interest is manifested in the bill now before congress to amend the Dick bill, entitled "An act to promote the efficiency of the militia," copies of which have been received by local guardsmen.

Section 5 of the proposed law provides: "That whenever the president calls forth the organized militia of any state, territory, or of the District of Columbia, to be employed in the service of the United States, he may specify in his call the period for which such service is required and the militia so called shall continue to serve during the term so specified, either within or without the territory of the United States, unless sooner relieved by order of the president."

Another important provision authorizes the quartermaster's department to issue all stores and equipment needed by the guard without charging them against the annual appropriation. This is equivalent to a large increase in the appropriation, as heretofore much of the appropriation has been used in furnishing these, and further it insures a full equipment in all lines.

SAVE MONEY BY BUYING CHAMBERLAIN'S COUGH REMEDY. You will pay just as much for a bottle of Chamberlain's Cough Remedy as for any of the other cough medicines, but you will save money by buying it. The saving is in what you get, not what you pay.

"I want to thank my friends in the party for their kindly interest in my behalf, and to assure them that if elected, I will to the best of my ability give to the state a clean, safe and conservative administration, directed toward the upbuilding of Idaho, toward the enforcement of law, and toward the protection of the very best interests of the state."

Section 7 provides that all members of the guard shall be mustered for service in time of war without further enlistment and without further medical examination and, "That any officer or enlisted man of the militia who shall refuse or neglect to present himself for such muster, upon being called for as herein prescribed, shall be subject to trial by court-martial and shall be punished as such court-martial may direct."

"Among the various candidates for governor and other state officers, let there be a generous rivalry to the end that the result be a united effort and positive victory. The kind of men suggested above applies with equal force and especial emphasis to legislative candidates who will make out the state ticket. Not a single word of suggestion will come from me directly or indirectly as to the personnel of the ticket, well knowing that the republican party, the party in power in Idaho, the party that has always pointed the way, is eminently fitted and is today in a position to name a ticket that will be an honor to the party and to the state."

Bert Barber, of Elton, Wis., says: "I have only taken four doses of your kidney and bladder pills and they have done for me more than any other medicine has ever done. I am still taking the pills as I want a perfect cure."

Grand Central Hotel AND BAR. SUNDAY DINNERS A SPECIALTY. Renovated Throughout and Fitted Up in First-Class Shape. Special Attention Paid to Traveling Men, Farmers and the Public in General.

Capital City Nursery Company OF SALEM, OREGON. C. M. BAGLEY, Resident Agent. OUR SPECIALTY IS FRUIT, ORNAMENTAL TREES AND SHRUBS FOR HOME, ORCHARDS AND RESIDENCE GROUNDS.

For Colds, La Grippe, Croup, etc., etc. most popular remedies on the market. Prescriptions. With our years of experience in the drug business we feel competent to say that no prescription is so complicated that we cannot accurately fill it.

Genesee Exchange Bank. THE Genesee Exchange Bank. GENESEE, IDAHO. OFFICERS AND DIRECTORS: Thos. H. Brewer, Fred K. Bessler, T. Driscoll, W. H. Ehlen, W. J. Herman. Capital \$25,000. Surplus 10,000. Undivided Profits 10,000. Stockholders' Liability 25,000.

### LINCOLN'S JOKE.

Fixing the Responsibility For the Loss of Harpers Ferry.  
President Lincoln's jokes, especially when perpetrated in connection with grave matters, usually had a purpose in them. After Lee had taken Harpers Ferry the president, realizing how great a calamity it was to the northern arms, determined if possible to fix the responsibility for the loss of the important position.

Hallock was summoned, but did not know where the blame lay. "Very well," said Lincoln, "I'll ask General Schenck." The latter could throw no light upon the question, further than to say that he was not to blame. Milroy was the next to be called to the presence of the commander in chief and to enter a plea of "not guilty." "Foolish was not even hearing," said "Fighting Joe" made a very emphatic disclaimer of all responsibility.

Then the president assembled the four generals in his room and said to them: "Gentlemen, Harpers Ferry was surrendered and none of you, it seems, is responsible. I am very anxious to discover the man who is responsible for the loss of the important position. The president suddenly threw up his bowed head and exclaimed: "I have it! I know who is responsible!"

"Who, Mr. President; who is it?" asked the distinguished quartet as they looked anxious, if not troubled.

"Gentlemen," said the president, with a meaning twinkle in his eye, "General Lee is the man."

There was a lack of mirth in the laugh created, and the four generals took their departure with a determination that they would not again be placed under suspicion.

### SLEEP MYSTERIES.

Tasks Often Performed While the Worker Slumbers.

A psychologist was discussing the miracles of sleep. "One can become so accustomed," he said, "to a monotonous task that one can fall asleep and still keep on working. Thus in India there are punka coolies, men who turn a fan all night long in the hot weather while their English masters sleep. It is not uncommon for a punka coolie to acquire the knack of sleeping at his task. On and on he sleeps through the hot, perfumed hours of the Indian night, but his hand mechanically and steadily turns the punka pulley."

"Men have composed great literary works in their sleep. Coleridge's 'Kubla Khan' is the most famous example of this; but, then, Coleridge was a morphomaniac, and his sleep was scarcely natural. But R. L. Stevenson, Corelli and Longfellow have also done good work while sleeping. 'Divers sometimes fall asleep deep down in their sleep, but some part of their brain keeps watch, and at the proper moment, though asleep, they give the order to be waked up. This is a good thing, like the miracle that happens to all of us—the miracle whereby if we tell ourselves on retiring that we must wake at 7 we invariably do wake at that hour—how many of us, when we go to bed, say 'Some part of my watches, works, keeps awake all night, so that at 7 it may call me.'—New Orleans Times-Democrat.

**Penny For a Priceless Book.**  
A workingman once purchased for a penny an aged looking volume bearing date of 1540. The man tried to read it, but threw up the attempt apparently in disgust, and the volume was relegated to the cupboard. A friend of his happened to see the book and took it to the British museum authorities, who promptly made an offer of £100, the highest sum the librarian is allowed to expend without a special vote of the trustees. Had the man known what he was about he would have stood out for more, as the authorities would have paid almost any price rather than allow the volume to slip through their fingers. It was, in fact, the first book printed by Gutenberg and was therefore almost priceless.—London Tit-Bits.

**Improved on Solomon.**  
In a certain Sunday school a little girl told the story of Solomon and the disputing mothers in this wise: "Solomon was a very wise man. One day two women went to him, quarrelling about a baby. One woman said, 'This is my child,' and the other woman said, 'No, 'tain't; it's mine.' But Solomon spoke up and said: 'No, no, ladies; don't quarrel. Give me my sword, and I'll cut a piece of him, so you can both have one.'"

**At a Disadvantage.**  
Bacon—Would you call him a good talker?  
Egbert—No, I would not.  
"How many times have you heard him talk?"  
"Only once."  
"And when was that?"  
"When he was trying to open a car window."—Yonkers Statesman.

**Had a Woman to Blame.**  
"I have had dreadful luck. This morning I dropped my spectacles, and my wife stepped on them."  
"That's what I call good luck. If I had dropped mine, I should have stepped on them myself."—Chicago Record-Herald.

**The Pest Answered.**  
"Do you know that I was born on the same day Emerson died?"  
"Both events being a cruel misfortune to literature."—Bohemian.

He hurts the good who spare the bad.—Pope.

—If you want to see a spontaneous combustion work out, take some kerosene rags and pile them in a spot where no air can get at them and keep close watch, it will only be a short time until they will be in flames. A pair of old overalls covered with paint, etc., are said to be very combustible if treated as above. Be very careful about piling up rags in a cellar or such places that are saturated with oil of any kind, they are very combustible.

That the Washington state board of control will make a material reduction on the price of grain sacks this year is probable in view of the decreased cost of manufacture at the penitentiary. Otherwise, should the board continue the quotation of 9 cents asked last year, the state bags would have to meet competition from private dealers, whose bid of 7 3/8 cents, made recently to the Farmers' Educational and Co-operative Association, is 1 1/8 cents greater than that of the board. The cost of just this year is nearly \$3 a bale less than it was last year.

Wesley Holden who made a trip to St. Anthony this week says that while there Dr. Blevins told him that the elk in Jackson Hole were so thick that the farmers were compelled to fence in their hay stacks in order to protect them. The snow is deep and the elk are coming down from the mountains in herds. The doctor had just returned from a trip to Jackson Hole and the estimate placed on the number of elk seen by himself was four to six thousand. They were observed in bunches all the way from 20 to 1,500. It is against the law to shoot them at this season and all the farmers, the doctor says, are busy putting up high fences around their hay stacks.—Idaho Falls Register.

**ARGENTINE WHEAT CHANGES PRICES.**  
The Wall Street Journal of Feb. 3 says that the pressure of new Argentine wheat in the world's market has already caused a settling of prices probably beyond what the American trade was prepared to accept so early in the season as the beginning of February. "With this immediate prospect Europe has taken a diminishing interest in the North American market, and has begun to revise the figures of future needs in the light of what South American production is fairly certain to contribute."

At the end of the first four weeks of record thus far this year Argentina has exported more than twice the amount of the average exports for the three preceding years. January's business, mainly with Europe, totalled 11,492,000 bushels of Argentine wheat, while the average for the three earlier years was 5,552,000 bushels. So large a volume of exports from this source, considerably earlier than usual, has sent enough to cause re-arranging of values throughout American grain trade centers. The price of May options, for instance, at Chicago, in January, declined from \$1.08 1/2 to as low as 95 1/2 cents, closing at 98 1/2 on January 31.

The visible supply of breadstuffs throughout the world hardly justifies the continuance of the prices which the American trade has succeeded in maintaining. The average visible supply of wheat for the five years from 1902 to 1906 inclusive on December 1 was 184,700,000 bushels. The estimate for 1907 was 170,842,000 bushels, making a decrease of only 7.5 per cent. Mainly on this small margin of difference, a difference in price of from 20 to 30 cents a bushel compared with last year has been held with widespread assurance. But now that the outlook is better in India for domestic food needs rather than for export, and with an enormous crop of eight of probably 133,000,000 bushels for export from the Platt river region, Europe will feel much easier and the consumer of breadstuffs in America will be benefited by the brighter outlook.

Everything taken into the stomach should be digested fully within a certain time. When you feel that your stomach is not in good order, that the food you have eaten is not being digested, take a good, natural digestant that will do the work the digestive juices are not doing. The best remedy known today for all stomach troubles is Kodol, which is guaranteed to give prompt relief. It is a natural digestant; it digests what you eat, it is pleasant to take and is sold here by Greaves Pharmacy.

**SUFFERING & DOLLARS SAVED.**  
E. S. Loper, of Marilla, N. Y., says: "I am a carpenter and have had many severe cuts healed by Bucklen's Arnica Salve. It is by far the best healing salve I have ever found." Heals burns, sores, ulcers, fever sores, eczema and piles. 25c at F. E. Dicus & Co., druggist.

### Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken down by over-work, exacting social duties, the too frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating restorative strength-giver ever devised for their special benefit. Nursing mothers who find it especially valuable in sustaining their strength and promoting the health of their babies, will find it a most reliable and safe system for baby's coming and rearing. It is a most valuable and safe system for baby's coming and rearing. It is a most valuable and safe system for baby's coming and rearing.

Female weakness, women who suffer from frequent headaches, backache, dragging-down distress, low down in the abdomen, or from painful or irregular monthly periods, ginning or distressed sensation in stomach, dizzy or faint spells, and imaginary specks or spots floating before eyes, have disordered elements of womanly organs from weakness or retroversion or other displacements of the female system. Many or only a few of the above symptoms, find relief and a permanent cure by Dr. Pierce's Favorite Prescription. This wonderful medicine for women's weaknesses and peculiar ailments is a most reliable and safe system for baby's coming and rearing. It is a most valuable and safe system for baby's coming and rearing.

To test the validity of the corporation law as passed by the legislature of the state legislature is the object of a suit filed in the district court for Bannock county of Gray & Boyd, acting for Secretary of State Robert Lansdon, against the West Branch Canal company, of which former Mayor Theodore Turner of Pocatello is president. The state is plaintiff in the suit and the allegation is made in the complaint that the West Branch Canal company, limited with a principal capital stock of \$200,000, has not paid or caused to be paid to the state of Idaho the license fee or any part thereof, for the year 1907 as required by an act of the legislature of the state of Idaho, entitled, "An act to provide for an annual license fee and filing of an annual statement upon the part of corporations doing business in the state." Under the provisions of this law the West Branch company is subject to a license fee of \$200 and the suit is to collect that amount, together with a penalty of \$100.

**DeWitt's Carbolized Witch Hazel Salve** is best for cuts, burns, boils, bruises and scratches. It is especially good for piles. Sold by Greaves Pharmacy.

**MANY SLEEPLESS NIGHTS, OWING TO A PERSISTENT COUGH.**  
RELIEF FOUND AT LAST.  
"For several winters past my wife has been troubled with a most persistent and disagreeable cough, which invariably extended over a period of several weeks and caused her many sleepless nights," writes Will J. Haynes, editor of the Bulletin, Colo., Bulletin. "Various remedies were tried each year, with no beneficial result. In November last the cough again put in an appearance and my wife, on the suggestion of a friend, purchased a bottle of Chamberlain's Cough Remedy. The result was indeed marvelous. After three doses the cough entirely disappeared and has not manifested itself since." This remedy is for sale by F. E. Dicus & Co.

**KEEPING OPEN HOUSE.**  
Everybody is welcome when we feel good; and we feel that way only when our digestive organs are working properly. Dr. King's New Life Pills regulate the action of stomach, liver and bowels so perfectly that one can't help feeling good when he uses these pills. 25c at F. E. Dicus & Co., drug store.

The trouble with most cough remedies is that they constipate. Kennedy's Laxative cough syrup acts gently but promptly on the bowels and at the same time it stops the cough by soothing the throat and lung irritation. Children like it. Sold by Greaves Pharmacy.

At times when you don't feel just right when you have a bad stomach, take something right away that will assist digestion; not something that will stimulate for a time but something that will positively do the very work that the stomach performs under ordinary and normal conditions, something that will make the food digest. To do this you must take a natural digestant like Kodol for Dyspepsia. Kodol is a scientific preparation of vegetable acids with natural digestant and contains the same juices found in a healthy stomach. Each dose will digest more than 3,000 grains of good food. It is sure to afford prompt relief; it digests what you eat and is pleasant to take. Sold by Greaves Pharmacy.

### AROUND THE STATE.

The Spokane Canning company, which is preparing to erect its plant at Opportunity to a capacity of 1,250,000 cans, has contracted with growers in the Spokane valley to pay \$13.50 a ton for tomatoes this season as against \$8 a ton in 1907.

George Kern, a Morrowtown school-keeper, at Lewiston Friday was convicted of keeping his place of business open on Sunday. He was given the minimum sentence of a \$30 fine and cost, amounting in all to \$132, and a jail sentence of one day.

The Polatch Lumber company has renewed activity in the forests, and now has a large force of men engaged in the logging operations. The mill at Polatch is now running eight hours a day, six days in the week, and it is expected the time will be increased to 10 hours within a short time. The company plans to make large shipments of lumber from this section during the year and is now cutting to fill orders already received.

A teacher in the Twin Falls school was about to explain to her pupils why the anniversary of Washington's birthday is celebrated as a holiday and by way of preface she asked the class the question: "Who was the father of his country?" The children hesitated. Finally a bright youngster held up his hand. "All right, Johnny," said the teacher. "You may tell the rest of the class who was the father of his country." "Joseph Smith," blurted the youngster.

Circulators of the "queer" have been working in the Pullman section during the past few weeks, and their efforts have been sufficiently successful as to pass a number of \$5 gold pieces into the hands of the banks without detection. It is also stated that the \$10 gold piece has been passed into one bank, and in both cases the coins are exact imitations of the genuine. The fact that the coins have passed the banks without detection has caused much alarm in business circles, as it is feared the country may be flooded with the counterfeit.

The extension of trails through the government forest reserve is being made by a force of 25 men under Supervisor Fenn, the work now being confined to the building of the trail up the Selway branch of the Clearwater river. The work of trail construction will be continued until the men are sent into the mountains on fire patrol, which will be about the first of June or the middle of July. The plans of the forestry department provide for the construction of trails into all sections of the reserve and the widening of the trail being all that is necessary to provide for the passage of wagons.

Indian Sarah, the last living Cayuse pupil of the great Marcus Whitman, died at the home of her son, Luke Minthorn, on the Umattila reservation last week, past the age of 80 years. She was a pupil of Whitman at the mission school at Waiilatpu and up until her death remembered the kindly face of the great teacher and the songs he taught her, and never tired of repeating them to her friends. Her Indian name was Ip-Na-Sol-A-Toc. She was one of the oldest women on the reservation. She was in the mission school back in the early '40s. She was a member of the Tutuila mission on the reservation and attended all meetings of the mission.

The Nez Perce county commissioners have granted package liquor licenses to J. R. O'Neil of Greer and Hames & Wallace, of Wehler. The applications for these licenses were received some time ago, but action was deferred at the last meeting of the commissioners because of the Latah county action then pending in the district court. The applicants for the package licenses have heretofore been engaged in the retail liquor business at the points indicated and the application for the package license was made because of a slump in business which rendered the retail saloon unprofitable. The applications have been given much publicity because of the contention in the district court, and as no objection had been filed against issuing the licenses petitioned for, the board granted the petitions.

It may not be generally known that the following provision appears in the act of the legislature providing for the codification of the laws of the

State of Idaho: Section 8 of said act reads as follows: "The labors of the commissioner shall be concluded on or before the first day of July, 1908, and at said time it shall be the duty of the commissioner to file with the Secretary of State three copies of each of said codes with the indexes and reference herein provided for, and the same shall be submitted for action to the legislature of the State of Idaho at its next general session or any special session called by the governor at the request of the United States district judge."

It is persistently reported that such a special session will be called by the governor. We understand that the State Bankers' Association are urging that the state pass a depositors insurance law similar to that of the new state of Oklahoma. These two matters are of great importance and it is not impossible that special session will be called.—Caldwell Tribune.

A Lewiston dispatch of recent date says: "Frightened by the strict manner in which the United States land office has assumed in interpreting the homestead laws, many homesteaders in Idaho who were ready to offer final and commutation proofs have returned to their homesteads, where they are now diligently improving their premises in order that they may pass inspection in case any government inspector looks them over. For many years the government has issued patents to homesteaders who had apparently made little pretense of obeying the law, but the department is now enforcing strict rule which prevent a delinquent residence with little or no improvements. The government has refused to issue patents to many homesteaders and the last few months, where it was apparent that the applicant had not made the land his home for the required time. Many persons are now seeking to comply with the law by making extensive improvements, both as to buildings and fences. More homestead land will be cultivated this year than has ever been known in the timber area."

### BRADY A SURE WINNER.

That James H. Brady, of Pocatello, will receive the nomination for the office of governor at the state convention without opposition there seems little doubt. His announcement made last week that he would accept the nomination if tendered has seemed to have put all other "possibles" clear field. In the southern part of the state where Mr. Brady is well known he is exceedingly popular and during his several years residence in the state he has been the promoter of a number of vast enterprises.

Everything taken into the stomach should be digested fully within a certain time. When you feel that your stomach is not in good order, that the food you have eaten is not being digested, take a good, natural digestant that will do the work the digestive juices are not doing. The best remedy known today for all stomach troubles is Kodol, which is guaranteed to give prompt relief. It is a natural digestant; it digests what you eat, it is pleasant to take and is sold here by Greaves Pharmacy.

### SUFFERING & DOLLARS SAVED.

E. S. Loper, of Marilla, N. Y., says: "I am a carpenter and have had many severe cuts healed by Bucklen's Arnica Salve. It has saved me suffering and dollars. It is by far the best healing salve I have ever found." Heals burns, sores, ulcers, fever sores, eczema and piles. 25c at F. E. Dicus & Co., druggist.

DeWitt's Carbolized Witch Hazel Salve is best for cuts, burns, boils, bruises and scratches. It is especially good for piles. Sold by Greaves Pharmacy.

### SAVE MONEY BY BUYING CHAMBERLAIN'S COUGH REMEDY.

You will pay just as much for a bottle of Chamberlain's Cough Remedy as for any of the other cough medicines, but save money in buying it. The saving is in what you get, not what you pay. The sure-to-cure-you quality is in every bottle of this remedy; and you get good results when you take it. Neglected colds often develop serious conditions, and when you buy a cough medicine you want to be sure you are getting one that will cure your cold. Chamberlain's Cough Remedy always cures. Price 25c and 50c a bottle. For sale by F. E. Dicus & Co.

Use DeWitt's Little Early Risers, pleasant little pills. They are easy to take. Sold by Greaves Pharmacy.

### CONGRESSMAN FRENCH.

The only argument the Leader-Herald has heard against the re-nomination of Congressman French is that he has not made himself a national figure in congress. Each aspirant for the place seems to think that if he were in Washington, it would be but a few weeks or months till the nation would wake up to the fact that Idaho had a big man in congress. It is quite natural for the average young man to have unbounded confidence in himself, but unfortunately congressmen are not measured by their own estimate of themselves. If one steps to think of the really prominent men in congress can be counted on the fingers of two hands. Cannon of Illinois, Hepburn of Iowa, and a few others have become national figures, but it took these men of commanding ability years and years to win national fame. The great body of congressmen are never heard from though they are doing good faithful work all the time. It is entirely safe to say that there is not a man in Idaho who would go to congress and in two or three terms make himself recognized above his fellows for two very good reasons: In the first place no new man from any state can do that. He must have years of experience before he can become a leader among men who are all bright active fellows. It is not safe to place a man from a state which is only entitled to one seat in congress is greatly handicapped. He has no voting strength. Those states with twenty, thirty or forty members receive all the attention when anything of importance is up. Mr. French has done remarkably well considering the circumstances, and better than any new man could do. The Leader-Herald believes the rank and file are with him, and will insist upon his re-nomination.—Nampa Leader-Herald.

The tip has gone out over the state that ex-Senator Dubois will be the nominee for governor on the democratic ticket in the fall campaign. This tip has reached Lewiston with considerable definiteness. In fact there are local democrats who state that they expect the senator would make the race. It appears that for some months friends have been urging Senator Dubois to accept the nomination, and recently he has disposed of the matter in this manner. He will make no effort whatever to secure the nomination, but if the party desires to nominate him he will accept and will enter into the campaign with his characteristic vigor toward the end of winning a complete democratic victory. Dubois has so many loyal friends, many democrats believe that by the position he has assumed he cannot now avoid a nomination, and so it is safe to state that the way the cards now look the senator will be the nominee. These democrats also state that with Dubois at the head of the ticket it means an anti-Mormon platform, for it seems assured he would accept a nomination on no other character of platform in view of his leadership in the anti-Mormon crusade.

With Dubois accepting the nomination for governor, it is the view of many local democrats that the congressional nomination will again go to Attorney Reese Hattabaugh, of Grangeville, should he desire it. Mr. Hattabaugh was the nominee of the party two years ago and made a good campaign. He is in entire harmony with Dubois on the Mormon question.—Lewiston Tribune.

### SAVE MONEY BY BUYING CHAMBERLAIN'S COUGH REMEDY.

You will pay just as much for a bottle of Chamberlain's Cough Remedy as for any of the other cough medicines, but save money in buying it. The saving is in what you get, not what you pay. ### THE GENESSEE NEWS.

PRINTED AT THE POST OFFICE AT GENESSEE AS SECOND-CLASS MAIL MATTER.  
CHAS. POWELL, PUBLISHER.

Subscription price, strictly in advance, \$1.50.

—J. L. Goodnight left Wednesday for Moscow.  
—Mrs. Will Herman left Monday for a visit with Moscow relatives.  
—Mr. and Mrs. Matt Tomning returned to Genesee Sunday from Cambridge.  
—Fred Nagel returned home Sunday after an absence of several days in Montana.

—F. A. Robinson returned Saturday following a stay of several days at Lewiston.  
—Miss Cora Mochel, who has been spending the winter near Waitaburg, returned home Saturday.

—J. Owen and J. M. Henry have been spending the week at Culeades, guests at the Conway home.  
—Follett Bros. have something to say in their advertisement concerning Star Brand Shoes. Read it.

—Mrs. Hennon and daughter, Julia, have been guests of Genesee relatives during the past week for Joel.  
—Invitations are out for a pre-Lenten dance, by the Army company, at the opera house this evening.

—"What Women Will Do," a theatrical trust attraction was billed to appear at the opera house last evening.  
—Chas. Spurbick is the latest to improve his dairy herd, he last week having purchased a thoroughbred Jersey bull at Lewiston.

—Mr. and Mrs. Chris Steltz who came here a short time ago expecting to remain permanently, returned to Spokane Wednesday. Mr. Steltz, who is a professional baseball player, has accepted a position with a Spokane team for the season.

—The bottom has dropped out of the grain and hay market with a dull thud and there is every indication that the end is not yet. Local dealers are offering 58 cents for forty-fold wheat and 55 cents for red. Oats, which were worth \$1.25 and \$1.30 just before the financial flurry, is now bringing 95 cents per hundred. Dealers predict that they will drop to 90 cents, at which price they can be shipped to the eastern cities. There is no market for hay, although that commodity sold at unheard of prices last fall, some lots bringing as high as \$22 per ton.—Palouse Republic.

—Petitions are being circulated in the towns of the north part of the state requesting that the state land board discontinue its fight against the homesteaders in the Marble creek basin, in Shoshone county. The story of the fight is an old one and well known to those who have interested themselves in the St. Joe country. It began with the publishing of a notice in 1901 in local papers to the effect that the state had a right to selection of certain lands in this district. The publication was made at the time when Governor Hunt sat in the gubernatorial chair. But the opponents of the measure and also the land office officials took the stand that the land office had not been advised in the proper manner. So when the matter came up in the Coeur d'Alene land office a decision unfavorable to the state was returned. The state appealed the case but the commissioner of the land office at Washington upheld the local land office. The case was again appealed to the secretary of the interior, whose decision was recently given in favor of the state. The stand is taken by Governor Gooding that the state has the right to the lands in lieu of the state land taken by the Coeur d'Alene Indian reservation. But since the application was filed in 1901, congress passed a measure giving to the state sections 16 and 36 in the Coeur d'Alene reservation after the opening of the reservation which will take place this year probably. "The settlers do not see what claim the state has to that land under that condition," remarked George Root, manager of the Wallace Supply company, to a Times reporter.

—There is great agitation among the homesteaders on account of the action being taken. They fear that they are to be thrown out of the homesteads which they have lived on and spent their money on. The land affected lies mostly in the Marble creek basin and along the St. Joe. It is fine timber country and when the timber is removed it makes one of the finest agricultural and fruit lands in the country. If the state takes over this land it is probable that it will be transferred to timber companies before long.

—China at cost. Read the Herman Co's advertisement.  
—Mrs. Irvin, mother of Mrs. C. H. Wheeler, returned to Spokane Wednesday.

—Lost—A \$10 bill on the streets of Genesee. The finder will be rewarded by returning same to this office.  
—Fred Hustler, with his wife and six children took their departure from Genesee yesterday for Acron, Iowa, to remain permanently.

—It will be comforting to those who contemplate building to know that all grades of lumber have dropped in price of late from \$2 to \$10 per thousand and feet.

We wish to extend our heart felt thanks and ask God's blessing upon all the dear neighbors and friends who so faithfully assisted in the affliction and so kindly helped lay to rest our dear husband, father and grandpa, Mrs. S. A. IRVIN, MR. AND MRS. C. H. WHEELER AND FAMILY, MR. AND MRS. S. A. CONNOR.

Early Rose potatoes.  
O. E. MILLER, Puget Sound Warehouse.

**Wanted—Sales representative for specialty and school supplies.** Good man can make \$35.00 a week and up. Permanent position to right party. Centennial S. S. Co., 1725 Stout St., Denver, Colo.

The News and Twice-a-Week Spokesman—Review \$2.25.

Bert Barber, of Elton, Wis., says: "I have only taken four doses of your kidney and bladder pills and they have done for me more than any other medicine has ever done. I am still taking the pills as I want a perfect cure." Mr. Barber refers to DeWitt's Kidney and Bladder Pills. They are sold by Greaves Pharmacy.

## 1909 Calendars

Corrected every Thursday p. m.

FRIDAY, FEB. 28, 1908.

—J. G. Wright, after spending a week at home, left Tuesday for Triamway.

—M. Carburn, who has been dangerously ill during the past week, is reported considerably improved.

—Ed and James Gresson, who have been residents here during the past year, left Monday for Harrington, Wash.

—W. D. Merrill, for a number of years in the grain business in North Dakota, is a new arrival in Genesee and is assisting the C. E. Wood Company.

—Robert Thompson, a son of G. W. Thompson of Lewiston, has, by Senator Heyburn, been appointed cadet at the naval academy at Annapolis where he goes next week to enter the preparatory department.

—George Vanetter, employed by Fred Hampton on his farm east of town, was very ill Friday of last week with stragulated hernia. For his relief an operation was performed and he is reported to be recovering.

—Saturday night of last week the members of Golden Rule Rebekah lodge walked in on their brother Odd Fellows just as they had closed their meeting, giving them a complete surprise and causing them to behave quite "oddy." The Rebekahs carried with them all sorts of good things to eat, and were received and entertained royally. But the Odd Fellows were not pleased to let matters remain so, and on Tuesday evening of this week marched full force into the Rebekah meeting, giving them such a surprise as will be long remembered. The card tables were soon placed and after enjoying a number of games, the Odd Fellows served a most appetizing oyster supper. The sentiments of the Rebekahs were expressed in these words: "Long live the Odd Fellows."

—A low birth rate still exists in France. The census completed last year shows the population of France to have been 39,434,245 and the number of births in 1906 to have been 806,847. The number of deaths was 780,196, the gain in population for the year being 26,651. The excess of births over deaths for each 10,000 of population for the five-year period preceding the census was 18, while for the same period the excess of births over deaths to each 10,000 of population was 121 in Austria, 110 in Hungary, 121 in Great Britain, 155 in Holland, 109 in Italy, 144 in Norway, 108 in Sweden and 140 in Germany. Still France is gaining a little. For the period 1896 to 1900, inclusive, the excess of births was 13 to the 10,000, and for the five years just preceding the excess was but 1 to the 10,000. Early in the last century one five year period showed an excess of 67 births over deaths to the 10,000 population. The new census discloses a decrease in the death rate among children 1 year of age, and an increase over the previous year of the number of marriages.—Tacoma Ledger.

—Of the ninety-eight students who have been dropped from the Leland Stanford university on account of poor scholarship, ninety-eight of them were cigarette smokers! Does this mean anything to the young man who is trying to get an education that he may be equipped for the battle of life? Does it mean anything to you that many of the great railroad corporations absolutely refuse to employ in any clerical or operative position a young man who smokes cigarettes? It is the testimony of every educator that the cigarette habit ruins the intellect, and it is the opinion of business men that the young fellow who is addicted to cigarettes is a good chap for his competitor to employ. The deadly cigarette weakens the will, injures the general health, deadens the sensibilities, and wrecks the nervous system. Of the annual number of suicides in this country a great percentage of them are smokers of cigarettes. This is not a sermon. It is just a passing thought on facts as they exist in the matter of fact world. The conclusion is inevitable. If you want to do the best for yourself that is possible, if you want to equip your mind for work, and to have it backed with a strong body, cut out the cigarette.—Ex.

—J. K. Bell has a change of advertisement.  
—Peter Lorang, of Lewiston, and Barney Lorang, who is attending the S. C. at Pullman, spent Sunday at home.  
—Mr. and Mrs. George Bolton, who have been spending the winter at this place with Mrs. Bolon's parents, left yesterday morning for their home at Westlake.

—George Howton, a former Genesee resident, who has been in the hardware business at Leland for some time has sold out and will locate at Kahlottus, Wash.

—The executive committee of the Nez Perce county republican organization have selected April 6 as the date for the meeting of the Central Committee to meet and arrange for the dates of the two conventions.

—The case of the State of Idaho vs. Roy Skeels which was to have been argued in Justice Barry's court today (Friday) has been continued to March 13. However, it is not likely to come to trial as Mr. Skeels has agreed to marry the complaining witness, Myrtle Swenson.

—At the present time it is said that the farmers are delivering in Troy, full measure, well seasoned old fir wood for \$3.75 to \$4 per cord. The rate on wood from Troy to Genesee in carload lots is \$1.25 per cord. Nels Peterson of the Troy Lumber and Manufacturing company is quoted as saying: "There has been considerable money lost in wood by Troy dealers. A large quantity of wood was bought in the fall at prices which prevailed last spring because it was generally believed prices would advance during the winter, while the result has been to the contrary. The mild winter and the abundance of coal has caused the price to drop at a time when fuel should be highest, and the decline has caught a number of dealers with high-priced wood on hand."

—Jacob Travers Irvin, father of Mrs. C. H. Wheeler, died Friday morning of last week at the home of his daughter in this city following a long illness of Bright's disease. The deceased was a stranger to our people, having been brought here a short time ago from Spokane. In his last illness he was shown every care and attention that loving hands could give him. The funeral was conducted Saturday from the Methodist Episcopal South church in this city, Rev. E. P. Warren officiating, interment being in the I. O. O. F. cemetery. Being an old Grand Army man, the members of the local post acted as an escort at the funeral. The deceased was born in Pennsylvania, October 11, 1838, and at the time of death was 70 years, 4 months and 10 days of age. He leaves to mourn his death a wife, and seven daughters as follows: Mrs. C. H. Wheeler, Genesee; Mrs. E. B. Simonton, Spokane; Mrs. J. W. Simons, Greenacres, Wash.; Mrs. W. M. Cox, Swanville, Minn.; Miss Elcesta Irvin, Spokane; Mrs. S. A. Connor, Pasco, Wash., and Mrs. H. Woodworth, Tacoma, Wash. Also ten grandchildren and one great-grandchild. October 21, 1861, he enlisted as a private in Company D, 13th Iowa infantry; was discharged October 22, 1862; reenlisted January 1, 1863; in Company D, 7th Iowa cavalry. Finally discharged February 10, 1866, having served in all four years and ten days.

—Rev. and Mrs. Warren have been spending the week at Troy.  
—A daughter was born Wednesday of this week to Mr. and Mrs. Chas. Summers.  
—Ed Martin, of Spokane, visited Mr. and Mrs. Martin Huffer here the first of the week.  
—Wes Dorchester was out from Salmon river during the week. He says that the past winter has been a very favorable one for the stock men. Frank Davidson visited Spokane the first of the week. He states that some time during the coming month he will bring his grandmother, Mrs. Nulph, back to Genesee to reside.  
—The large water meter, purchased some time ago by the city for the purpose of measuring the amount of water pumped at the city wells, has reached here from the eastern manufacturers and will soon be put in position.  
—W. C. Owen came in Friday and Sunday, accompanied by Mrs. Owen and the two younger children left for Spokane. Helen, the oldest daughter, will attend the Sisters' school at Colton. They expect to return to Genesee in April.  
—W. C. Fowler has accepted a permanent, salaried position with the Northern Life Insurance Company, of Seattle. For some months he expects to be stationed at Colfax for which place he left Monday of this week to take up his new duties which will be confined almost wholly to office work.  
—While it may seem strange it is nevertheless a fact that Genesee potatoes are being shipped to Yakima. They are to be used for seed and we presume that the growers of that section hope to produce something in imitation of the famous Genesee valley article.  
—The supreme court decision which was handed down Tuesday of this week sounds the death knell of all Nez Perce reservation saloons. The saloons now operating at Stites, Orofino, Greer, Peck, Spalding, Culeades, Nezperce, Vollmer, Reubens, Kippen, Ferdinand and Mohler will at once be forced out of business. The first news of the decision was contained in the following Washington dispatch: "In the case of the State of Idaho vs. George Dick, the supreme court of the United States today held that the laws of the United States and not the state laws of Idaho, concerning the introduction of intoxicating liquors on an Indian reservation, control on the old Nez Perce reservation in Idaho. Dick was convicted of taking a pint of whiskey into the territory embraced in the reservation and sought to have the case dismissed on the authority of the supreme court decision in the Hitch case holding that an Indian on allotted lands are citizens, their rights cannot be circumscribed."

—The meeting advertised to take place in Genesee, this (Friday) afternoon by A. A. Elmore, organizer of the Farmers' Educational and Co-operative Union, has been postponed for one week—until Friday, March 6.

**WHITE SEPARATOR OIL.**  
We now have on hand a good supply of White Separator Oil. Price, \$1.00 per gallon.  
COMMERCIAL CREAM COMPANY, CHAS. GELTZ, Manager.

**FARMERS' MEETING POSTPONED.**  
The meeting advertised to take place in Genesee, this (Friday) afternoon by A. A. Elmore, organizer of the Farmers' Educational and Co-operative Union, has been postponed for one week—until Friday, March 6.

—Mrs. James Ellis is here from Hilliard.

—Mrs. Sarah Elliot and son Thomas will go to housekeeping in the W. C. Owen residence.  
—Rud Miller, who has been spending considerable time at Kennebec returned home Tuesday.  
—Henry Meyers and Martin Meyers of Genesee, Idaho, stopped off here the first of the week to visit the Tweedies, Ericksons, Halversons, Smiths and other former Genesee folks. They were well pleased with the valley and we will see them again.—Kennebec Courier.

—Baseball players and fans held an enthusiastic meeting at Caltaux's barber shop last Sunday afternoon and unanimously decided to put a team in the field this season. Merrel Darr was elected manager of the team, Joe Busmann, captain, and Louis Schwenne treasurer. A lease has been secured on the grounds used last season and we understand the management already has fifteen applications to try out on the team. The business men will be asked to donate liberally toward the support of the team to the end that an extra strong team may be put in the field.—Uniontown Press.

—In a letter to the News, John Stadler, a former Genesee resident, but who now resides at Moneta, Calif., says in part: "In writing you about a month ago I said we had had no rain, but since writing we have had our share and a good cereal crop is assured." Mr. Stadler writes that the dull times have taken a two weeks' vacation and that he journeyed to San Diego for a visit with his former townsmen, Ed Kempf. He reports having found Sanford Evans there and that Mr. Evans prepared a dinner for the party. Concerning his cooking we quote Mr. Stadler as follows: "I must give him credit as a first class of a cook. If he ever shall get hard off he can take a position as cook in any of your towns' first class hotels." On his visit to San Diego he reports having called on Dr. J. L. Conant, Sr., and says: "The old gentleman does not think very much of California and is not at all bashful in saying so. But he thinks great of Weiser and Genesee especially. He intends to return to Genesee in May."

**FARM HELP WANTED.**  
A married man preferred, as I have a good house, also plenty of garden room. Steady employment for the right man. For particulars inquire at the News office.

**SICK AND DIED.**  
Before any such thing should happen you will be sorry if you did not have those pictures taken of the family while you have the convenience to make a little special effort to get ready. Remember you buy many things nothing to show for later when a few dollars for photos in a few years you would not be without for many times the amount. Price on cabinet size, \$3.00 a dozen; other sizes and styles in proportion, more and less. Bring a dollar along when sitting for negative, balance on delivery.  
Not having sold my property as yet it is uncertain when your time is limited for those photos.  
One high grade piano to close out at a bargain.  
C. W. HANSON.

—Mrs. Dave Campbell, of Tekoa, is a guest of Mr. and Mrs. A. A. Haymond and other Genesee relatives.

—Orb. Lambert, with a stroke of an axe, Friday of last week, nearly severed his thumb from the right hand. He was at once brought to Genesee for medical treatment, but finding both of the local physicians busy with a serious case, was compelled to go to Moscow to have the hand dressed. While nearly severed from the hand, an effort is being made to save the thumb.

—Alfalfa hay finds nothing but ready sale in southern Idaho at \$4.50 per ton in the stack. The Hatley Times says: "The sheepmen point to this fact as a vindication of their claim that the forest reserves are damaging the settlers in their vicinity by depriving them of their market for hay. Two years ago, at this time of the year, hay was selling at \$8 and \$10 in the stack, and \$15 aboard cars in car lots. Last winter it readily sold at \$5 and \$6 in the stack."

**THE JUMPING OFF PLACE.**  
"Consumption had me in its grasp and I had almost reached the jumping off place when I was advised to try Dr. King's New Discovery; and I want to say right now, it saved my life. Improvement began with the first bottle, and after taking one dozen bottles I was a well and happy man again," says George Moore, of Grimeland, N. C. A remedy for coughs and colds, healer of weak, sore lungs and for preventing pneumonia New Discovery is supreme. 50c and \$1.00 at F. E. Dicus & Co., druggist. Trial bottle free.

**ASK YOURSELF THE QUESTION.**  
Why not use Chamberlain's Pain Balm when you have rheumatism? We feel sure that the result will be prompt and satisfactory. One application relieves the pain, and many have been permanently cured by its use. 25 and 50 cent sizes. For sale by F. E. Dicus & Co.

**NEIGHBORHOOD FAVORITE.**  
Mrs. E. D. Charlow, of Harbor, Maine, speaking of Electric Fruit says: "It is a neighborhood favorite here with us. It deserves to be a favorite everywhere. It gives quick relief in dyspepsia, liver general, kidney derangement, malnutrition, nervousness, weakness and general debility. Its action on the blood, as a thorough purifier makes it especially useful as a spring medicine. This grand alternative tonic is sold under guarantee at Dicus & Co., drug store, 50c.

**EXTRAS and REPAIRS**  
Just now, while time is a burden to you, look carefully over your farm implements, especially the ones you will use in the spring's work and make up a list of extras you will need and let us supply them for you. Or, better still, if the implement is old replace it with a new one from our stock.

**MEYER BROS.**

**Unquestioned purity and wholesomeness**

## DR. PRICE'S CREAM BAKING POWDER

Its active principle, cream of tartar, a pure, health-giving fruit acid, is derived solely from grapes

Poisonous ingredients are found in the low-priced baking powders. Their active principle is a mineral acid derived from sulphuric acid, oil of vitriol

Study the label and buy only baking powder made from cream of tartar

## ANIMAL TAILS.

The Functions of These of Cats, Lions and Jaguars.

A cat never actually wags its tail. Why should it when it can purr? But nevertheless it seems to serve the same purpose in permitting a temporary exhalation of excess nervous energy when the animal is under great strain. For instance, when carefully stalking a bird or a man, as in the case of a kitten or a lion, the tip of the tail is never still for a moment—ever curling and uncurling. We may compare this to the nervous tapping of the foot or fingers in a man. When an angry lion is roaring his loudest, his tail will frequently lash from side to side, giving rise among the ancients to the belief that he scourged his body with a hook or lash which grew from the end of the tail.

When a jaguar walks along a slender branch or a house cat perambulates the top of a board fence, we perceive another important function of the tail—that of an aid in balancing. As a tight-rope performer swings his pole, so the feline shifts its tail to preserve the center of gravity.

The tail of a sheep seems to be of little use to its owner, although in the fabled which is found in Asia Minor, the tail of a lion is said to be a storehouse of fat and sometimes reaches a weight of fifty pounds. When viewed from behind, the animal seems all tail, and when this appendage reaches its full size it is either fastened between two sticks which drag on the ground or it is suspended on two small wheels. William Beebe in Outing Magazine.

## BUSHRANGERS.

The Most Noted of the Later Day Outlaws in Australia.

Bushrangers were originally runaway convicts who took to the "bush," an Australian name for the backwoods, and became holdup men. About the year 1830 the bushrangers became so numerous that they fought regular engagements with police and soldiers sent out to capture them, and this form of crime continued sporadically until within recent years. The most famous of later rangers were the Kelly brothers. After many daring crimes and hairbreadth escapes the Kellys actually held up the entire village of Jerilderie, N. S. W., which had a population of 200. Kelly looted the bank of \$10,000, while his three pals held the men of the village cowed up in their homes. Although there was a special bushranger act in force at the time authorizing the detention of persons supposed to be in communication with the outlaws, the Kellys were arrested again in nearly a year, when they "stuck up" the small town of Glenrowan, in Victoria. Here they were brought to bay, and three of the desperadoes were shot dead in a house they had barricaded, while the leader, Ned Kelly, was brought to the ground with a bullet through his legs. He was hanged in 1880. Four of the men were in the habit of wearing an armor made of plowshares and weighing almost a hundred pounds.—New York American.

An Outrageous Blundering. The public may not know the good story, which has been a joy for many a long day among musicians, which tells how a celebrated conductor, admired and beloved by every one who knows him, accused his wife in broken English of conduct the reverse of admirable, to put it mildly. He was refusing an invitation to an afternoon party for her on the plea of her delicate health, but he evidently got a little mixed during his explanations, for he made the following astounding statement, which was news indeed to the world in general: "My wife lies in the afternoon. If she does not lie, then she swindles."

N. B. "Swindeln" is the equivalent in German for "feeling giddy."—Cornhill Magazine.

Thoughtful. There is an elderly business man of Cleveland of whom friends tell a story amusingly illustrating his excessively methodical manner of conducting both his business and his domestic affairs. The Clevelander married a young woman living in a town not far away. On the evening of the ceremony the prospective bridegroom, being detained by an unexpected and important matter of business, missed the train he had intended to take in order that he might reach the abode of his bride at 7 o'clock, the hour set for the wedding. True to his instincts, the careful Clevelander immediately repaired to the telegraph office, from which to dispatch a message to the lady. It read: "Don't marry till I come. Howard."—Hart's Weekly.

Acting Like a Man. The curtains had just come down on the second act, leaving the heroine in the villain's clutches. Up in the balcony a sentimental woman burst into tears. "Don't cry, dear," said her husband. "Remember, it's only a play. Act like a man!" "Er, well, John," said the lady, smiling through her tears. "You'll excuse me for a moment, won't you? I must run out and send a telegram."—Bohemian.

The Trouble With Carr. "I rather like your friend," Mrs. Page said graciously after Carr had gone home. "He is good looking and agreeable, but you can't call him a brilliant conversationalist. The Lawton girls talked all round him." "Unfortunately," replied Mr. Page, "Carr cannot talk on a subject unless he knows something about it."

## RILEY'S FIRST HIT.

Wrote a Poem "By Poe" and Paired It on a Public.

James Whitcomb Riley began his career in a newspaper office in Anderson, Ind., by writing humorous epigrams as "advertising locals" and "doggerels" he called them. At the same time he wrote many rhymes with the serious intention of having them, if possible, recognized as poems. But he could not get them published. Even compositions whose worth he had tested—those that "would please people when I'd stand up and read 'em to them"—would be returned promptly by every magazine to which he offered them for publication. The Hoosier dialect was his "new ditty" for the average magazine editor.

Finally in a freak of boyish indignation, he proved that what editors really want was not originality, but imitation, to derive the scheme of writing a poem in imitation of Poe and of pairing it off on the public as a real poem of his own recently discovered. The scheme was very skillfully planned and very deftly executed and successful beyond anything the poet had dreamed of. From one end of the country to the other "Leonale" was hailed as a veritable "find," a bit of genius most genuine coin. Riley had his revenge. He had some trouble, however, in proving that he was not an intentional forger.

He lost his newspaper position, but he was not long to get another and better one on the Indiana Journal. "Come and get pay for your work," said Judge Martindale, the editor. The turn in the tide had come.

## A BORN SOLDIER.

Major General Stuart, the Dashing Cavalry Leader.

Major General J. E. B. Stuart of the Confederate cavalry was a soldier by nature. Dashing and daring, cool in the face of danger, he was one of the brave and picturesque figures of the civil war. H. B. McClellan quotes in "Life and Campaigns of Major General Stuart" the following words in his own hand: "I recall his distinguishing characteristics, which were strict attention to military duty; erect, soldierly bearing; immediate and almost thankful acceptance of a challenge to fight from any cavalry leader; and a most persistent, gray-aggrieved and a clear, ringing voice."

Stuart was a most cheerful soldier. That "dies hard" color of his was often used in singing his favorite war song: "If you want to have a good time, Join the cavalry. His courageous attitude was held until the very end. He was wounded by a pistol on the battlefield. As he was being carried away he noticed the disorganized ranks of his retreating army. "Go back!" he called out. "Go back! Do your duty as I have done mine! Go back! I'd rather die than be whipped!"

Those were his last words on the field of battle. Later he said, with the same courage: "I'd going fast now. God's will be done."

Bungle's Bad Break. Mr. Bungle always takes a deep and sympathetic interest in the welfare of his fellow man. While out for a stroll one day he met a friend, who seemed to be in a great hurry. "Hold on, Jones," said Bungle, grabbing his friend's arm. "Why this rush?" "Bungle," said the other, "I've got a headache and my wife is in a bad way. I'm hot-footing it to a specialist. I believe my brain is affected."

Teaching the Drummer. It was the custom in the days of our old navy for the men to bring to the most all the worst articles which were to be inspected, handed in and exchanged for new. The drummer had applied for so many drum heads that the commodore felt sure he was being imposed upon and one day set himself to watch while the band was playing. As one rattling martial air followed another his anger increased perceptibly until he burst forth in uncontrollable rage: "There, now, confound you! I see why you use so many drum heads. Don't drum in the middle of it at all the time. Drum all over that drum, I tell you!"

Plants That Hate One Another. Fancy two plants being so unfriendly that the mere neighborhood of one is death to the other. Yet this is the case with two well known English plants. These are the thistle and the rape. If a field is infested with thistles which come up year after year, and the rape is sown, all you have to do is to sow it with rape. The thistle will be absolutely annihilated.

## "The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and has a meaning ever broadening with the increasing breadth of knowledge.

When the blood is "bad" or impure it is not alone the body which suffers from disease. The brain is also affected, and many an evil deed or impure thought is directly traced to the impurity of the blood. Pure, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It cures all blood diseases, such as leucemia, scurvy, pimples, blotches, eruptions and other cutaneous affections, as eczema, either salt-rheum, hives and other manifestations of impure blood.

In the case of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood-cleansing constitutional treatment. If your druggist does not happen to have the "All-Healing Salve" in stock, you can easily procure it for only four cents in postage stamps to Dr. R. V. Pierce, 603 Main St., Buffalo, N. Y., and it will come to you by express, post paid. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any substitute of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, and is sold in plain English on its bottle-wrapper, the name being attested as correct under seal.

## Wm. Buchanan, a former Latah county sheriff, is a Genesee visitor the latter part of the week.

Rumor has it that Mr. Buchanan will again be a candidate for the office of sheriff. By accident we discovered a way to freeze ice cream in almost "no time." After the can has been filled and packed with fine ice and salt, pour in cold water until it runs out in the drain in the side of the tub. Turn the crank rapidly, and in five minutes, or less, the cream will be perfectly frozen and a fine grain.—The March Housekeeper.

MANY SLEEPLESS NIGHTS, OWING TO A PERSISTENT COUGH. RELIEVED AT LAST. For several winters past my wife has been troubled with a most persistent and disagreeable cough, which invariably extended over a period of several weeks and caused her many sleepless nights," writes Will J. Hayner, editor of the Hurley, Colo., Bulletin. "Various remedies were tried each year, with no beneficial result. In November last the cough again put in an appearance and my wife, acting on the suggestion of a friend, purchased a bottle Chamberlain's Cough Remedy. The result was indeed marvellous. After three doses the cough entirely disappeared and has not manifested itself since." This remedy is for sale by F. E. Dicus & Co.

## KEEPING OPEN HOUSE.

Everybody is welcome when we feel good, and we feel that way only when our digestive organs are working properly. Dr. King's New Life Pills regulate the action of stomach, liver and bowels so perfectly one can't help feeling good when he uses these pills. 25c at F. E. Dicus & Co., drug store.

## WALLACE GETS CONVENTION.

At the meeting of the democratic state committee held Friday of last week at Boise, it was voted to hold the state nominating convention at Wallace and the date selected was August 4.

The convention to name delegates to the national convention was given to Twin Falls. It is to be held on June 3.

Just before adjournment the committee adopted resolutions endorsing W. J. Bryan for the presidency and recommended that voters at the primaries select delegates who will advocate the Nebraska candidacy.

The second resolution congratulated the democracy of the state on the position it has taken in insisting that the constitution of the state shall be lived up to by all the people of the state; and

"Whereas, an investigation of the returns from the last two elections demonstrates beyond a question that the sentiment against polygamy and Mormon control in politics and government is growing and that the Gentile population of the state is becoming more and more conscious of the danger confronting it, therefore be it

Resolved, that it is the sense of the committee that the constitutional qualifications for voters as contained in the last state platform of the democracy of Idaho be incorporated into and made a part of its next state platform.

Resolved further, that the American parties wherever they are fully organized in any of the counties of Idaho be hereby invited to hold primaries and send delegates to the democratic state convention."

When the committee re-convened it was announced that representation in the conventions had been fixed on the basis of each hundred votes cast for governor at the last election, or major fraction thereof. This was adopted and the apportionment follows:

Ada 31; Bannock 14; Bear Lake 2; Bingham 14; Blaine 11; Boise 27; Canyon 28; Cassia 3; Custer 7; Elmore 8; Fremont 13; Idaho 18; Kootenai 15; Latah 13; Lemhi 8; Lincoln 8; Nez Perce 21; Oneida 4; Owyhee 7; Shoshone 22; Twin Falls 40; Washington 19; Bonner 10. Total 298.

## CACTI IN IDAHO.

Every farmer in the arid districts of southern Idaho will watch with much interest the experiment shortly to be made by Dr. C. A. Hoover, superintendent in charge of the state asylum for the insane, who has purchased enough cuttings of the much advertised spineless cactus to plant ten acres of small hills on the asylum farm.

If this wonderful plant, which has been given to the world by Wizard Burbank, does half it is claimed to do it will solve suddenly the problem of dryland farming. There are hundreds of thousands of acres of arid land in Idaho so located as to be impossible of irrigation. This land is largely used now as a range. If it can be converted into fields of the Burbank cactus it will be able to support a hundred times more sheep and cattle than it does now.

Therefore, the experiment to be made by Dr. Hoover at the asylum farm will be of utmost interest to the state.—Pocatello Tribune.

## CARE SHORT OF TEACHERS.

Moscow, March 1.—Miss Katherine Bryden, county superintendent of public instruction, closed a largely attended teachers' examination last night. The class numbered 30, of whom three wrote for a first grade and 27 for the second and third grades. The examination was held at the high school building, under the supervision of Miss Bryden, county superintendent of public instruction, closed a largely attended teachers' examination last night. The class numbered 30, of whom three wrote for a first grade and 27 for the second and third grades.

These writing the examinations were: Pearl Chaney, Hazel V. Trout, B. F. Steelsmith, Eliza Dowse, W. W. Park, Mrs. W. W. Park, Annie Clark, Alice Clark, all of Troy, Idaho; William N. Jay, John F. Welker, Emma J. Madson, Elva May Brown, William Martin, Alice Hedrick, Alice West and Mary E. Meador, all of Moscow; Lela Butzain, Oscar Butzain, Maggie Nesbit, all of Genesee; Pearl Harrison, Dora J. Powell, Esta Hill, all of Kendrick; Lizzie Torgerson, Park, Idaho; India Norris, Viola Idaho; Linnie Jeffries, Pottlatch, Idaho; Minnie Brown, Elberton, Wash.; Bertha McCann, Tekoa, Wash.; Inez Deeskojs and C. J. Storlie, Palouse, Wash.

Miss Bryden reports a gratifying increase in attendance, new school-houses and libraries, in addition to the elevation of the standard of teaching qualifications.

## DUBOIS WILL CONTROL.

In the vernacular of the street it is almost a cinch that Senator Dubois will control the next democratic convention. The senator is undoubtedly the ablest man in the democratic party. He will go to the democratic national convention at the head of the Idaho delegation. He will be royally welcomed by Bryan and his friends. He will secure their endorsement and an anti-Mormon plank in the National platform. And what will his republican enemies do? Will they repudiate Bryan? We wot not. Will they jeopardize the success of the ticket by a factional fight? We wot not. Will they make it all his own way. He will make several persons think darn it. We still wot.—Caldwell Tribune.

UNEQUALLED AS A CURE FOR GROUP. "Besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequalled as a cure for croup," says Harry Wilson of Waynetown, Ind. When given as soon as the croupy cough appears, this remedy will prevent the attack. It is used successfully in many thousands of homes. For sale by F. E. Dicus & Co.

DeWitt's Little Early Risers, small, safe, sure little liver pill. Sold by Greaves Pharmacy.

## ANNOUNCEMENT.

Being asked by a number of friends to seek the nomination for sheriff of the republic ticket, I desire to make the following announcement:

After careful consideration I have decided to let my name go before the convention but in doing so I earnestly request that the delegates give me only such consideration as I may be justly entitled to, and select for the office of sheriff the most suitable man. I feel that there are and will be men asking for that nomination well qualified to perform the duties of sheriff. The choice of the convention will be my choice and I shall heartily support the man receiving the nomination and will accept my defeat in the convention, should I be defeated, with only the kindest feeling towards the members of the convention and the successful man. But should I be honored with the nomination, and be elected, I will, to the best of my ability perform the duties of sheriff of Latah county and favor a strict enforcement of the law.

W. S. ROBBINS, Moscow, Idaho, March 2, 1908.

## Auction Sale.

The undersigned will sell at auction sale at the old Matson farm, 2 1/2 miles east of Genesee, commencing at 10 o'clock a. m., Monday, March 16, 1908, the following described property, to-wit:

Six good work horses as follows: Three of them coming three years old, and one more coming six, with foal; one horse eight years old and one mare nine years old. One cow and calf; ten shoats; chickens; one wagon; one top buggy, nearly new; one new buggy harness; one new single harness; one new horse; one new Home Comfort range, two cords good apple tree wood; one ladies' saddle; 40 sacks potatoes; 50 boxes apples, and all household furniture.

FREE LUNCH AT NOON. Terms.—Sum under \$10, cash; on sums over \$10, six months time will be given on bankable notes at 8 per cent interest. NIC GAERTNER, W. G. BARGE, Auctioneer.

At the close of the fiscal year 1907 rural delivery was in operation on 778 routes served by 37,982 carriers. Of 789 of these routes service is performed tri-weekly. On nearly all of the remainder the service is daily. It is contrary to the policy of the department to establish rural delivery with more frequent service than once a day. During the year 2,312 new routes were established and 350 routes were discontinued, leaving the net increase in the number of routes in operation 1,962.

This is what Hon. Jake Moore, state warden and librarian, in addition to the elevation of the standard of teaching qualifications. "E. C. DeWitt & Co., Chicago, Ill.—Dear Sir: I have suffered more than twenty years from indigestion, about eighteen months ago I had grown so much worse that I could not digest a crust of corn bread and could not retain anything on my stomach. I lost 25 lbs.; in fact I made up my mind that I could not live but a short time when a friend of mine recommended Kodol. I consented to try it to please him and I was better in one day. I now weigh more than I ever did in my life and am in better health than for many years. Kodol did it. I keep a bottle constantly, and write this hoping that humanity will be benefited. Yours very truly, Jake C. Moore, Atlanta, Aug. 10, 1904." Sold by Greaves Pharmacy.

## The Jersey Bull

Inda L. K. Rieter  
No. 63308  
Will be held for service at my farm three miles east of Genesee during the season of 1908.

## THE GENESSEE NEWS.

PRINTED AT THE POST OFFICE AT GENESSEE BY SECOND-CLASS MAIL MATTER.

CLAR. POWERS, PUBLISHER.

Subscription price, strictly in advance, \$1.50.

—Mr. and Mrs. James Ellis who have been visiting here left Tuesday for their home at Hilliard.

—Dr. W. H. Ehlen has been confined to the house during the past week on account of illness.

—Jake Hoke has returned to Genesee after an absence of some weeks at Moscow, and is again at work at the Johann harness shop.

—Both the public and Sisters' schools, which were closed three weeks ago on account of the scarlet fever epidemic, opened again Monday of this week.

—W. D. Smith, who for some time conducted the Moscow Mirror, later having sold out to Shaver et al, about April 15 will establish a new paper at Spirit Lake, in Kootenai county.

—Peter Steltz, who a short time ago injured one of his knees, for the relief of the same underwent a surgical operation. During his illness Victor Heafurther is acting as marshal.

—Ernest Miller has a new advertisement in this issue. Last week Mr. Miller made the sale of a gasoline threshing outfit which proved so satisfactory that he hopes to make a number of sales this year.

—Pat Mulalley who left here some time ago for a tour of Texas in search of a location returned home Friday. Mr. Mulalley is very frank in saying that he did not find what he was looking for. At Kingsville he reports having visited with Nels Simonsen who formerly resided here. While he saw much of interest on his trip he did not invest nor does he expect to.

—An exchange says a colored citizen was brought before the police judge, charged with stealing chickens. He pleaded guilty and received sentence, when the judge asked him how he managed to lift those chickens right under the window of the owner's house when there was a dog loose in the yard. "Hit wouldn't be no use, Judge," said the negro, "to try to 'splain dis thing to you' all. If you was to understand it you like as not would get your hide full of shot and get no chickens neither. If you want to engage in any rascality, yo' better stick to de' bench whar yo' is familiar."

—The people of Rosalia, through the instrumentality of the commercial club, have set out to show that twenty acres of Palouse soil are sufficient for the proper maintenance of a family, and that an excellent living can be made from a tract of that size. To that end they have agreed to furnish the 20 acres, erect a six room house thereon, build stables and other necessary outbuildings, stock the place, and furnish it rent free for three years to a party who shall farm the place under the direction of the state college authorities. The farm will be run as an experimental tract, and the man to take charge has already been selected. Every item of expense and of profit will be watched, and the result of the experiment will be of keenest interest. The advent of the electric railway to all parts of the fertile Inland Empire is going to make it possible for more of the "small farms" and a denser rural population. We believe the experiment will show that the same effort that is put forth by clerk and bookkeeper and daily laborer in the city to keep soul and body together will make a living, and more, and bring happiness besides, on a few acres of Palouse land.—Pullman Herald.

—Wanted—Sales representative for specialty and school supplies. Good man can make \$35,000 a week and up. Permanent position to right party. Centennial S. S. Co., 1725 Stout St., Denver, Colo.

—Get DeWitt's Carbolized Witch Hazel Salve—it is healing, soothing and cooling. It is good for piles. Sold by Groves Pharmacy.

BEST HEALER IN THE WORLD. Rev. F. Starbird, of East Raymond, Maine, says: "I have used Bucklen's King's New Life Pills. They bring you the health that's more precious than jewels. Try them for headache, biliousness, constipation and malaria. If they disappoint you the price will be cheerfully refunded at F. E. Dicus & Co's drug store."

THE LUCKY QUARTER. Is the one you pay out for a box of Dr. King's New Life Pills. They bring you the health that's more precious than jewels. Try them for headache, biliousness, constipation and malaria. If they disappoint you the price will be cheerfully refunded at F. E. Dicus & Co's drug store.

—W. R. Brown transacted business in Pullman Saturday.

—The business men of Colton have organized for the purpose of promoting the interests of the town.

—Frank Martin, father of Conrad Martin, came down from Spokane Thursday for an indefinite stay.

—The "experience social" held by the ladies' aid Wednesday afternoon was a very successful affair, socially as well as financially.

—While complaining about the present condition of the roads remember that mud and big crops go hand in hand in the Genesee valley.

—Miss Pauline Johann last week disposed of her confectionery store to J. E. Heres of Asotin. Miss Healey is now in charge of the place.

—The Palouse Republic is authority for the statement that the Potlatch Lumber company will again start their mill at Palouse Monday of next week.

—Tuesday evening of this week, following the lodge session, the Rebekahs entertained their partners and a number of invited guests at five hundred. The usual supper was served.

—The new date for the Sisters' musical and literary entertainment is Wednesday of next week. Reserved seats on sale at Dicus'. A complete program is published elsewhere in this issue.

—Hyperdermic injections of a serum similar to that used in the treatment of diphtheria are being successfully employed in scarlet fever cases in New York, according to doctors in hospitals on the east side, where the disease is unusually prevalent now, the last report of the board of health showing 747 cases, more than six times as many as on December 1 and the great majority of them in the populous section which includes most of the foreign settlements. Dr. Henry Robinson of the post graduate hospital is quoted as saying, in commenting upon the test of this treatment, that although little used in this country, it is not new by any means, having been employed with gratifying results in both Germany and France. Experiments with it here are stated to have been almost uniformly successful.

## Keep Posted

On Matters That Interest You

Your local paper is a necessity to you, financially and socially.

But a NEWSPAPER OF GENERAL CIRCULATION, containing the latest news of the world, is equally necessary to you. The "up to date man" will provide himself with these two essential features of progress.

In THE TWICE-A-WEEK SPOKESMAN-REVIEW, Spokane, Wash., will be found the very latest news of the world, its matter including information on politics, commerce, agriculture, mining, literature, as well as the local happenings in the states of Montana, Oregon, Idaho, Washington and the province of British Columbia. In addition, its columns for women, its popular science articles, its short and continued stories, its "Answers to Correspondents" and "Puzzles Problems" combine to form a home newspaper that at \$1.00 per year can nowhere be excelled.

ITS ADVERTISING VALUE. Perhaps you have something to sell—a farm, a team, farm machinery, or wish to buy something. The best possible means of doing so is by inserting a small advertisement in THE SPOKESMAN-REVIEW. Farmers, stockmen, lumbermen and others take THE TWICE-A-WEEK.

If you wish to reach business men and consumers, use THE DAILY or SUNDAY SPOKESMAN-REVIEW.

THE TWICE-A-WEEK RATES ARE Two cents per line each insertion. Count six words to a line.

THE SUNDAY RATES FOR THE CONSECUTIVE INSERTION:

18 Words 1 time ..... 30¢  
1 time ..... 40¢  
24 Words 1 time ..... 40¢  
1 time ..... 50¢

THE SUNDAY ALONE Two cents per line each insertion. Count six words to a line.

ADDRESS THE SPOKESMAN-REVIEW, Spokane, Wash.

Write your ad, plainly, enclosing amount of money or order for number of insertions desired, and state whether you wish ad inserted in Daily, Sunday or

FRIDAY, MARCH 6, 1908.

—The Lenten season began with Wednesday of this week.

—Miss Myra Moody, of Moscow, was a guest of Mr. and Mrs. Will Herman a portion of this week and last.

—The following deed has been filed for record: Christian Schornhorst and wife to Fred J. Schornhorst, \$2400, ne 1/4, 13-37-6.

—Miss Kimbrough, one of our school teachers, was unable to return from Lewiston for the reopening of school Monday, she being a victim of lalgrippe.

—John Mourning and Alonzo Murphy transacted business in Colton the first of the week. Mr. Mourning is negotiating for the purchase of a blacksmith shop at Colton.

—Erma Thompson celebrated the sixth anniversary of her birth Tuesday of this week by inviting in a number of her little friends. Mrs. Thompson prepared a nice supper for the little folks.

—Last week, in our item concerning the case of the State of Idaho vs. Roy Skeels the name of Myrtle Swenson was very unintentionally substituted for Mable Swenson. We gladly make the correction.

—On Tuesday evening of this week, following the regular lodge session of the Knights of Pythias, when work was conducted in the ranks of esquire and Knight, an oyster supper was on the program. On the same evening Mrs. F. W. McRoberts entertained the Pythian sisters at her home at a five hundred party. During the evening the ladies conceived the idea that it would be very proper to surprise the Knights and accordingly they stormed the castle hall. Mrs. McRoberts had prepared a very nice lunch for her guests but this was taken to the hall and with the oyster "feed" prepared by the Knights made a spread fit for the gods. The evening was very pleasantly spent in music and social intercourse.

—With the issue of Saturday of last week the Moscow Daily Journal, after a miserable existence of about three years, suspended publication. It is announced that the printing plant will be divided and J. E. Vost, a member of the firm, will continue to conduct the Star-Mirror at Moscow, while Messrs. Shaver and Fletcher will move their portion of the plant to some other point, presumably Coeur d'Alene. The demise of the Journal, and the removal of Col. Henry Shaver to other fields is indeed a great stroke in favor of Moscow. Under the editorial management of Shaver the Journal, during its brief career, had been a stumbling block to the best interests of Moscow, and its advertising columns were shunned by the business houses of the city. Few will regret its demise.

—The children before going to bed should have their "hour." The intercourse with mother and father, in which should be sweet communion, the giving of childish confidences, and the exchange of views, is more than beneficial to the child. These moments they will carry through life with them. It seems a hard matter to establish upon the proper footing the confidential relations which should obtain between parent and child, and which are so important to the child later. I have seen the grief of many a mother who finds that her daughter will confide to the veriest stranger matters that she will not speak of to her mother, because "Mother will make such a fuss about it." "Mother cannot understand it." You mothers whom your daughters need as confidants, whom your sons grow away from, and who grieve to see them depart, are the cause. You have, perhaps been too busy looking after the material welfare of your children, or have left them too much to others. Begin at the very beginning to be with your children at bedtime. Go over with them the events of the day as if you were one of them. It is thus that you will come to the secrets of their young lives; it is thus that you will win their confidence, which will form a habit from which they will not depart in after life.—"The Care of the Children," in The Ladies' World for March.

—A. W. Conway was up from Culdesac Wednesday.

—Mr. and Mrs. Hennon left yesterday for their home at Joel.

—James Wright and Fred Miller left yesterday for Palouse.

—Attorneys Frank Moore and W. M. Morgan were here from Moscow on legal business Tuesday.

—The John Larabee home was placed under quarantine Tuesday, Gladys Larabee being ill with scarlet fever.

—Mrs. C. A. Ratcliffe, of Cheney, Wash., who was called here last week on account of the serious illness of her mother, Mrs. C. Bressler, returned home Wednesday.

—The postal authorities at Washington have sent out a warning to look out for forged money orders. About 1,000 orders have been stolen in various postoffices of the country, including 170 from Seattle and 377 from the office at Richmond, Wash. A large number of forged orders have been cashed.

—Andrew Meyers, well known to a number here, met with a peculiar experience Friday night of last week. While walking to Genesee from his homestead in Steptoe canyon, by the old Scully farm near Leon he fell injuring himself in such a manner that he was unable to arise. As no one happened to pass that way he was compelled to lay out during the entire night. In the morning he was taken to a near by farm house. He is now about recovered from the mishap.

—The state supreme court has upheld the decision of District Judge Steele wherein he held that the county commissioners had the right to reject any application for a liquor license that they deemed would be detrimental to the interests of the town. The case was one arising from the town of Onaway, where an application was made for a license to sell liquor in original packages. The town of Onaway is practically a suburb of the lumbering town of Potlatch, where the mill company has endeavored to eliminate liquor.

—Six young business men of Portland have just closed a deal for the purchase of 100 acres of land in Lewiston Orchards and all arrangements have been made for planting the entire tract to orchard and vineyard. The land lies in that section of the orchards tracts known as the C. A. Leeper place, lying just north of Tammany Hollow. The price paid for the tract was \$300 per acre. The land will be fenced with the regulation fence required by the company and when it is subdivided into smaller tracts, the company's attractive regulations as to streets and alleys will also be followed. The contract for the planting of the orchard and the care of the same for two years has been awarded to the Washington-Idaho Improvement company of Clarkston, the work of this company being handled by George W. Peaslee and Frank Caswell, prominent horticulturists. The stock of trees has been ordered and the development of the tract will now be energetically carried forward by the Portland men under the contracts awarded. The purchase of the land was made after a personal inspection, one of the buyers, Mr. C. E. Grell, having spent three or four days here.—Tribune.

## ACADEMY ENTERTAINMENT.

The literary and musical entertainment which was to have been given at the opera house February 8, by the pupils of St. Joseph's academy, but which was postponed on account of sickness, will be given Wednesday evening of next week. Tickets may be secured at Dicus' drug store.

Following is the program: "My Own United States"—Song, by School "The Simple Chase"—Innocent and Ora Wilson "Ten Little Dan Flowers"

Sophie Kasper, Rose Gieseler, Lawrence Eibel Healey, Johanna Sweeney, Augusta Giamacher, Viola Lorange, Margarette Grieger, Rosalie Miller, Rosalia Haefurther, Margarete Keane.

"What the Wind Says"—Recitation Robert Smith, Charles Grimes, Joseph Eblenberg, Lewis Merton, George Mertes, Joseph Lawen, Paul Johnson, Anthony Weber, Ernest Berthel, Marie Koser, Edgar Gieseler, Lawrence Torhaar, Willie Kano, James Winterfeld, Frank Warnke, Raymond Warnke, Peter Kries.

"Morse Code"—Recitation Miss Madeline Power and Faith Pollet. "The Shepherd's Song and March." Bertha Koser, Frank Warnke, John Kamblich, Lawrence Warnke, John Moeber, Frank Moeber, Maurice Miller, George Schlerch, Almond Kern, Delmar Miller, Stephen Kamblich, Raymond Edwards, Albert Strickner, Paul Torhaar, Harold Haefurther, James Montague.

"The Left Over Recitation." Mary Hammond, Gertrude Stoltenwerk, Bertha Jacobs, Katie Koser, Katie Lawen, Bertha Torhaar.

"Auntie's Picture"—Recitation Miss Mabel Edwards.

"Natalia." Amelia Lorange, Vickie Trail, Katie Springer, Laura Trail, Lillie Kane, Lena Broemmeling, Katie Lawen, Marie Schlerch, Florence Eblenberg, Adeline Johann, Nellie Sweeney, Mary Lawen, Bertha Lorange, Clara Kern, Caroline Torhaar, Louisa Kane, Martha Lorange, Anna Kamblich, Christina Broemmeling.

Piano selection. Mary Johnson, Harry Eblenberg, Peter James Magee, Sam—Robert Montague, Pompey James Keane.

"Always too Late and the Irishman's Panorama." Harry Stricker, Eddie Sweeney, Corneal Swenson, Willie Jacobs, Joseph Broemmeling, Edward Kamblich, George Baumgartner, Anthony Eblenberg.

"Murder Will Out." Dialogue Lena Styler—Rosie Driscoll; Mary Ann Taylor—Marta Magee, Minnie-Rose Gieseler; Grandmas Styler—Mary Sweeney; Dinah—Bertha Baumgartner; Bridget O'Flarity—Lillian Stricker.

Piano Selection. Jolly Walters,..... French Waltzes; German Waltzes—Agnes Eblenberg, Lena Kries; Irish Waltzes—Veronica Haefurther, Agnes Magee; Lullabies—Theodore Johnson, Frank Broemmeling; Negro waltzes—Bennie Johann, Fred Bershaw.

—James Wright came in Wednesday from Tramway.

—Mr. and Mrs. Brant and Nellie have returned home from their visit to Spokane.

—The News man visited Uniontown Saturday and took orders from the greater portion of the business men for 1909 calendars from our excellent line.

—Johnnie Meyer, who has been attending school at Olympia, returned home Wednesday. Johnnie Thoma, who has been attending school at the same place has accepted a position at Stayton, Oregon.

WHITE SEPARATOR OIL.

We now have on hand a good supply of White Separator Oil. Price, \$1.00 per gallon.

COMMERCIAL CREAM COMPANY, CHAS. GELTZ, Manager.

—Little or no improvement is noted in the condition of Ben Jackson.

—James Park, a prominent Snake river orchardist, was here Saturday.

—Miss Buckley, of Seattle, a milliner who will trim for Mrs. Smolt, arrived here Wednesday.

—Wm. Mackie, a relative of the Nibel family, and who has been a visitor here, left Tuesday for his home at St. Maries.

—Nearly all our farmers agree that winter wheat is looking unusually good. The large amount of moisture of the past few weeks has put the ground in excellent condition.

—Miss Leona Forbes, of Lewiston, Monday of next week will begin a term of school in district No. 88 in Nez Perce county. A new school house has recently been erected and is located near the Walter Jain farm.

—Those who were not fortunate enough in putting up a sufficient amount of ice during the past winter for use during the summer have now given up all hope of being able to. It is likely that some will have to be shipped in.

—Sage brush hair tonic is the latest. A company has recently been organized at Shoshone, this state, for the extensive manufacture of the "dope." It is claimed that in 1874 a party shipped several tons of sage brush to Massachusetts from Wyoming to have the same manufactured into a hair tonic.

—Congressman French has introduced a bill in congress which authorizes the several states and territories whose school lands have been included in forest reserves to make lieu selections of land in reserves.

Idaho has about one million acres of public school land in forest reserves. Under the terms of the grant these lands cannot be sold by Idaho for less than ten dollars per acre, and should produce for the school funds of the state not less than ten millions of dollars. Under the terms of this bill the state would be authorized to make lieu selections in forest reserves in lieu of school lands that have been included within forest reserves.

HAY.

I will take up all storage tickets for Timothy hay stored in my house, for a limited time only, at \$1.00 per ton for No. 1 hay. Can offer no market at present for grain hay.

W. M. THOMPSON.

A pair of good work horses for sale. CAP OYLER.

SICK AND DIED.

Before any such thing should happen you will be sorry if you did not have those pictures taken of the family while you have the convenience to make a little special effort to get ready. Remember you buy many things nothing to show for later when a few dollars for photos in a few years you would not be without for many times the amount.

Price on cabinet size, \$3.00 a dozen; other sizes and styles in proportion, more and less. Bring a dollar along when sitting for negative, balance on delivery.

Not having sold my property as yet it is uncertain when your time is limited for those photos.

One high grade piano to close out at a bargain. C. W. HANSON.

Made from Pure Grape Cream of Tartar  
DR. PRICE'S CREAM BAKING POWDER  
Shields the Food from Alum

—Sandpoint has organized a commercial club. Believing that money is necessary to "make the mare go," a membership fee of \$5 is charged and the annual dues are fixed at \$20.

—The Daily Commercial Record, published at Duluth, Minn., contains the following item: "Argentine has no grain futures. Dealers there do not work for an eighth or quarter of a cent per bushel. Crop Export LetCount, who was recently there, says: 'The Argentine farmer got five pesos for 240 lbs. of wheat at the market. Price at that time was seven pesos, which figured in American money, would give the grain buyer a profit equivalent to 22 cents per bushel. The absence there of a future market in any opinion increases the grain dealers' profit, and with a future market it would help the farmer by giving him a more uniform and better price for his wheat. This looks rather large, but their money is equal to only 35 cents on the dollar of our money. Most people there live like hogs—they merely exist.'"

—A movement is afoot to enlist the support of the school children of the nation in a campaign to protect the birds of America. One great lack of this part of the northwest is the scarcity of birds. Our great woods are still and almost devoid of bird life, with the exception of game birds, which are becoming scarcer every year. Why not implant a few of hundreds of varieties of birds which thrive in other sections of the country which enjoy similar climates? Woods without birds are like songs without words.—Spokane Chronicle.

Where is the engineer?  
Where is the fireman?  
Where is the coal wagon?  
Where is the water cart?  
Where is the smoke?  
Where are the dangerous sparks?

We don't have these annoyances, dangers and expense with a gasoline engine. That's why the gasoline engine is the best power for the farmer.

KEEP ABREAST OF THE TIMES

Secure an E. E. C. engine at once. Don't delay. Farmers everywhere say that the E. E. C. engine can't be beat for an over-ready, practical, economical power producer.

They are built in sizes from 1 to 20 horse power—one to meet every requirement on the farm from churning to thrashing.

E. E. C. engines are made in the following sizes and sizes:  
Vertical—1 and 2 horse power.  
Horizontal—Portable (stationary) 4, 6, 8, 10, 12, 15 and 20 horse power.  
Call today and let us show you the reason why you should not be without an E. E. C. engine.

STAR BRAND SHOES ARE BETTER  
SPRING SHOES ARE BETTER

Star Brand Shoes Are Better

Because the manufacturers make them so. It now takes ten big factories to make Star Brand Shoes fast enough. Every kind of a shoe is made in a factory especially arranged and adapted for its perfect manufacture. Every factory is run by skilled workmen whose every thought is to make Star Brand Shoes Better. Every man is an artist in his particular line. A man that makes a shoe to sell for \$2.50 is never put to making a shoe that sells for \$4. Our line of these splendid shoes is larger than ever. It is a well known fact that we carry a larger and better selected stock than any dealer this side of Spokane and we guarantee to fit any foot that comes to our store. Our spring stock of men's, ladies', misses' and children's Oxfords are now here and we would be pleased to show them to you. See our west window for spring styles.

### THE WATERMELON.

Africa is the Original Home of This Fruit. The humorists always associate the African with the watermelon, assuming that the taste of the colored man for his favorite dainty arises from his life in the southern states, where the melon vine grows like a weed. As a fact, however, the African taste for the watermelon is hereditary. The vine is a native of Africa, where it is found wild in the great central plains of the continent, and has also been cultivated for many ages. In Egypt the melon grows along the Nile rival those of southeastern Missouri. The melons mentioned by the Israelites as being among the good things they had in Egypt were undoubtedly watermelons, for in the wall paintings about the time of the exodus the melon vine is represented, and in one case a long procession of slaves is depicted, each bearing on his shoulder a huge green watermelon. Botanists say that varieties of the melon are found in southern Asia, and some even claim that the plant grows wild in central and South Africa. Africa is no doubt the original home of the melon, and in his preference over every other kind of vegetable or fruit the African merely displays a taste that has become fixed in his race by thousands of years of indulgence, for in central Africa ripe watermelons are to be had year 'round in the year. —Detroit News-Tribune.

### HORNET SENTINELS.

It Would Seem That These Insects Keep Guard Over the Nest. Is a hornet's nest guarded by sentinels, after the manner of ant hills? It is not so easy to decide, for their private habits do not invite familiar approach. But some experiments seemed to point that way. No noises, however near or distant, had the least effect upon them. Blows and rattle for divers instruments as loudly and shrilly as I would, they poured in and out of the gate or labored on the walls, but they did not stir. But at the slightest jar upon the window or shutter, out flew a levy of irate insects and stung themselves against the wire window screen with an angry "bump" that showed how good was their intention at least to defend their home. It was always so. A squad of workers, one on sentry duty, seemed to be lurking near the gate, prompt to rally forth upon alarm. Even at night a few kept near by, and, although their part had lost its vicious sting and they moved about with sluggish pace, like sleepy watchmen, as doubtless they were, they kept upon the observer the impression that they were on sentry duty. In which the community was never lacking.—Dr. H. C. McCook in Harper's Magazine.

Repatriate of the Shop. "I never was so insulted in my life!" said the girl with the brown eyes indignantly. "Explain further," was the request. "Why, you know Fido chewed up the nut to that set of gray furs of mine, and so we went to the shop today and I could find a muff that would replace it. I told the clerk what I wanted. He couldn't find anything that would match. Finally he called the proprietor, a fat, stuffy man, who came waddling down the aisle and said, 'What is the trouble?' "I can't make a match," I said almost tearfully. "Why, that's funny," he said in a hateful patronizing manner. "What's the matter with the nut?"—New York Press.

Michelangelo. Michelangelo stood in the front rank both as painter and sculptor. In both arts he was worthy of the highest praise. The fresco of the "Last Judgment" in the Sistine chapel is considered the most wonderful picture in the world, showing the omnipotence of artistic science and the fiery daring of conception that but few other paintings can even approximate. In sculpture the "Moses" and the "Slaves," not to mention other pieces, rank among the finest creations of the art and proclaim Michelangelo to have been as masterful with his chisel as he was with his brush.—New York American.

A Surprise. Teacher—Freddy Fangle, you may give the German name of the river Danube. Freddy—Dunno. Teacher—Donna! That is right. I am glad you have studied your lesson so well. Freddy is surprised, but keeps still.—Exchange.

Jolting the Grandd. A fond grandfather and father were admiring the new baby. Fond Grandfather—I declare! That youngster is a great deal more intelligent than you were at his age. Insulted Father—Naturally, he has a great deal brighter father.—Life.

A Mere Painting. She—Why, no. The stolen Gainsborough was not a hat—it was a picture. Her Husband—Oh, I thought from the value that it was a hat.—Town and Country.

Strike from manking the principle of faith and men would have no more history than a flock of sheep.—Lytton.

Never was good work done without such trouble.—Chinese Proverb.

### EX-DUBOIS MEN FORSAKING HIM.

Boise, Idaho, March 3.—At a meeting of the Ada county democratic club last night, Karl Payne, candidate for attorney general at the last campaign, and John F. Nugent, prominent democratic politician for a number of years, announced their unqualified opposition to ex-Senator Dubois' anti-Mormon issue and declared that only by a return to old time democratic policies and adherence to the national platform to be adopted at Denver, could the party hope for any material success in this state during the coming campaign. The remarks of both were warmly applauded by the crowd present and there is every indication that the former senator will meet determined opposition to his pet hobby, not only in this, but in the adjoining counties of Elmore, Owyhee, Boise, Canyon and also in Washington. It is known that already the faction opposed to Dubois are laying plans to capture the delegations from the counties mentioned in the hope of being able at the state convention of denouncing Dubois from the leadership of the party and bringing it back to the old policies and of fighting the republicans on national issues and the latter party's record in the last legislature. Mr. Payne in his address after declaring his personal friendship for Dubois, said that a careful study of the situation had convinced him that he could not follow the senator in his proposed issue. He concluded: "No matter who pleases we must write this year, upon and across the same will fall the stalwart form of William Jennings Bryan. We may declare that other issues are paramount, but before this campaign is two weeks old we will find that the editors are writing, the campaigners are speaking and the people talking exclusively about who is to be the next president of the United States. Even as oil and water are not mixed by being placed in the same vessel, but the one rises above the other, just so will Mr. Bryan's name rise above every other consideration, platform declarations to the contrary notwithstanding. Hence a declaration for disfranchisement can not be made an issue in the general counties of this state to offset the Mormon votes that Mr. Bryan is sure to lose in the Mormon counties." Mr. Payne closed his address by reading a set of resolutions against the insertion of anti-Mormon plank in the next democratic platform which he hoped will be adopted at the first primaries in Ada county.

### LAME SHOULDER.

Whether resulting from a sprain or from rheumatic pain, there is nothing so good for a lame shoulder as Chamberlain's Pain Balm. Apply it freely and rub the parts vigorously at each application and a quick cure is certain. For sale by F. E. Dicus & Co.

### CHAMBERLAIN'S COUGH REMEDY.

As long as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now," writes Prof. H. A. Howell, of Howell's American School, Havana, Cuba. "On the night of February 3rd our baby was taken sick with a very severe cold, the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave and it afforded prompt relief, and now, three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by F. E. Dicus & Co.

### NO USE TO DIE.

"I have found out that there is no use to die of lung trouble as long as you can get Dr. King's New Discovery," says Mrs. P. White, of Rushboro, Pa. "I would not be alive today only for that wonderful medicine. It loosens up a cough quicker than anything else, and cures lung disease even after the case is pronounced hopeless." This most reliable remedy for coughs and colds, la grippe, asthma, bronchitis and hoarseness, is sold under guarantee at F. E. Dicus & Co's drug store. 50c and \$1.00. Trial bottle free.

### THE STATE LAND BOARD.

It Makes a Very Fine And Profitable Showing.  
To the Honorable State Board of Land Commissioners, Boise Idaho.  
Gentlemen:—I have the honor to submit herewith a report of the state land department for the year 1907, showing a summary of the receipts and the disposal made of the same. Also a comparative statement of the business transacted by this department prior to January 1, 1905—a period of 14 years from the organization of this department, and the business transacted from January 1, 1905, to January 1, 1908—a period of three years.

The eighth session of the Idaho legislature provided by enactment for the organization of the State Land Department. The state board of land commissioners have since been working under that law, and the department, it is felt, is thoroughly organized on a business basis. At present the affairs of the State Land Department are conducted with the exactness of a great banking institution. As in a wisely administered bank, the books are balanced every night at the close of business, the receipts are quickly reinvested, and a careful accounting is made of expenditures.

The records of the Land Department are now in perfect condition. The special grants of land by congress for various objects, which aggregated 668,080 acres, have practically all been secured, there remaining only 60 acres still unselected.

A successful campaign looking to the leasing of school lands for grazing and agricultural purposes has been waged. The selection of lands in indemnity for losses in the common school grant is being prosecuted with success, and it is hoped that by the end of the present year the existing indemnity losses will have been practically satisfied.

The total cash receipts of the Land Department for the 13 months ending January 1, 1908, were \$1,173,120.52. Of the amount \$67,095.92 was by reason of repayment of investments, and \$606,024.60 on account of land and timber, interest on deferred payments, Carry Act and land office fees, etc. The cost of conducting the department during the year 1907, was \$27,561.85.

On January 1, 1908, the investments account showed the department in possession of state warrants, bonds and farm loans, aggregating \$2,075,686.05. In addition there was an unpaid balance on account of land sales of \$1,534,039.76. These deferred payments are interest at the rate of 6 per cent per annum. The actual investment of funds drawing interest on January 1, 1908, was, consequently, \$3,609,725.81.

During 1907 there were sold of special grant lands, 8,877.91 acres—for \$100,568.01, and of common school lands, 18,238.60 acres, for \$261,831.65. During the year 46,555.96 acres were leased five years, rentals collected amounting to \$9,879.88, and 15,234.29 acres for one year, rental collected amounting to \$3,251.10. Timber on 20,677.30 acres of state land was sold for \$450,362.30. The policy of the department in the sale of timber has been to dispose of only scattered tracts, likely to loss by fire. The large bodies of timber lands have been held intact.

During 1907 the state selected in satisfaction of its special grants and common school land losses 31,520 acres, all but 2500 acres being indemnity selections.  
For the purpose of showing some of the advantages that have resulted from the reorganization of the department under the law of 1905, the following comparison of the work of the State Land Department from January 1, 1901, to January 1, 1905,—14 years, and from January 1, 1905, to January 1, 1908,—three years, is submitted.  
During the 14 years prior to January 1, 1905, there were selected of the special grants, 638,474.89 acres. Common school land indemnity selections aggregated 6,175.80 acres—a total of 644,650.69 acres—a total of 644,650.69 acres, or an average selection per year of 46,000 acres. In the three years prior to January 1, 1908, of the special grants there was selected 20,466.70 acres, and of indemnity lands 22,301.63 acres—an average

### END NEAR IN ORCHARD CASE.

Boise, March 10.—The last chapter of the famous Frank Stuenkel murder case was begun this morning, when, in the district court of Canyon county at Caldwell, Harry Orchard, whose startling confession made public in February, 1907, caused the arrest of Charles H. Moyer and W. D. Haywood, president and secretary of the Western Federation of Miners, and George A. Pettibone, honorary member of the organization, and the subsequent trials, faced Judge Fremont Wood and pleaded guilty to the charge of murder in the first degree. Pending and during the trial of Harry Orchard and Pettibone the trial of Harry Orchard had been postponed from term to term in the Canyon county court. After Pettibone had been acquitted the opinion was expressed in many quarters that Orchard would take advantage of every legal right he might have to obtain his release or a light sentence.

The stand he took this morning was a surprise to most persons and, his attorney says, was entirely voluntary on his part and against the advice of many who had seen and talked with him. There were few persons in the court room this morning. Orchard was taken to Caldwell with the intention of being held in Boise in charge of Warden Whitney and a guard. On the same car was his attorney, Frank T. Wyman of this city. The case was called at ten o'clock and Mr. Wyman at once notified the court that Orchard desired to withdraw the plea of not guilty which had been entered in his case upon his first arraignment by order of the court and enter a plea of guilty instead to the indictment.

Judge Wood questioned Orchard as to whether he fully understood the status of the case, that it meant for him to plead guilty to the charges in the indictment meant pleading guilty to the charge of first degree murder. Perfectly calm, with an indication of any emotion in face or voice, Orchard answered that he had gone over the matter thoroughly with his attorney and had made up his mind definitely.

Judge Wood allowed the plea to be changed and set the date for sentence for Wednesday, March 18, at 10 a. m.

### PROPERTY FOR SALE.

I offer for sale my residence property, consisting of one of the best houses in Genesee, and two lots, also my harness shop, stock and equipment.  
PETER JOHANN.

### WANTED.

By a man with small family, a position as foreman for some rancher, or will work on share.  
WM. C. YOUNG,  
Post Falls, Idaho.

### This is what Hon. Jake Moore, state

of Georgia says of Kodol for dyspepsia: "E. C. DeWitt & Co, Chicago, Ill.—Dear Sir: I have suffered more than twenty years from indigestion, about eighteen months ago I had grown so much worse that I could not digest a crust of corn bread and could not retain anything on my stomach. I lost 25 lbs., in fact I made up my mind that I could not live but a short time when a friend of mine recommended Kodol. I consented to try it to please him and I was better in one day. I now weigh more than I ever did in my life and am in better health than for many years. Kodol did it. I keep a bottle constantly, and write this hoping that humanity will be benefited. Yours very truly, Jake C. Moore, Atlanta, Aug. 10, 1904." Sold by Greaves Pharmacy.

### THE JERSEY BULL

Inda L. K. Rieter

## THE GENESSEE NEWS.

PRINTED AT THE NEWS OFFICE AT GENESSEE, AS SECOND-CLASS MAIL MATTER.

CHAS. POWERS, PUBLISHER.  
Subscription price, strictly in advance, \$1.50.

The roads are again in a very fair condition.

Follett Bros. have a change of advertisement.

Johnnie Meyer left the first of the week for Moscow to enter school.

Rev. Fr. Berthold, of Cottonwood, has been the guest of Fathers Billeau and Aufmakolk this week.

Chas. Summers has a neat cottage well along toward completion on the lots recently purchased from R. Pickering.

A small blaze at the Summers home in the western part of town, Thursday last week, caused considerable excitement but was extinguished before very much damage was done.

United States Attorney and Mrs. N. M. Ruick are the parents of a daughter, born to them on March 4th, at Boise. Mrs. Ruick is the daughter of Mr. and Mrs. Thos. Haskins and prior to her marriage was a resident here.

The Moscow Star-Mirror, under the management of J. F. Yost now appears as a twice-a-week publication.

For some years Mr. Yost ably conducted newspapers in Kootenai county and the Star-Mirror under his management should succeed.

Ole Emang, a former well known resident of this community, but who is now residing near Kendrick, was mingling with old acquaintances here Tuesday and Wednesday. Says that farm work on the ridges near Kendrick is now quite generally in progress.

Rev. E. P. Warren and wife, Lonnie and Pearl Rogers have returned from Avon where they have been engaged in revival services for the past two weeks. Twenty-seven persons were converted and the whole community was stirred. Rev. Warren states he has been engaged in revival work a good part of his life, and that this was one of the best he has ever held.

Squirrels are reported to be out in great numbers. As there is very little vegetation for the pests to feed upon the present is an excellent time to put out poison. Later on when the grass is green they pay little attention to poisoned wheat. The W. S. C., working in conjunction with the government, will again this season make an effort to inoculate a large number of squirrels with diseased virus and turn them loose in different parts of the country with the hope that an exterminating disease may be started among them.

Down in Oklahoma farmers are forming "acre clubs," each member taking one acre for an experimental crop, doing his best with it, and when the season is over reporting his experience, inclusive of mistakes, and describing his methods. This is the most practical form of agricultural education and the plan might well be adopted elsewhere. Few farmers are so skilled in agricultural science that they cannot learn something from their associates. The Oklahoma plan is a kind of extension of the experiment station, a reproduction in miniature on the individual farm of the principles governing the stations. It is a most excellent idea and if generally carried out will prove of great educational benefit.—American Farmer.

We will willingly assist those who contemplate building in making up lumber bills. Just received a book of house plans which you are at liberty to inspect.

POTLATCH LUMBER CO.  
Get DeWitt's Carboliclized Witch Hazel Salve for itching and cooling. It is good for piles. Sold by Greaves Pharmacy.

BEST HEALER IN THE WORLD.  
Rev. F. Starbird, of East Raymond, Maine, says: "I have used Buckler's Arnica salve for several years, on my old army wound, and other obstinate sores, and find it the best healer in the world. I use it too with great success in my veterinary business. Price 25c at F. E. Deuss & Co's drug store."

THE LUCKY QUARTER.  
Is the one you pay out for a box of Dr. King's New Life pills. They bring you the health that's more precious than jewels. Try them for headache, biliousness, constipation and malaria. If they disappoint you the price will be cheerfully refunded at F. E. Deuss & Co's drug store.

DeWitt's Little Family Pills, small, safe, sure little liver pills. Sold by Greaves Pharmacy.

## CHURCH NOTICES.

There will be services at the Lutheran chapel on Sunday afternoon at 3 o'clock. We bid you welcome.

REV. O. C. HELLEBRON.

M. E. Southchurch: Sunday morning subject, "The Call of God." Evening, "The Power of God," discussed in reference to the recent meetings held in Leland and Acon, where 63 persons were saved; also in reference to the needs of Genesee. A pressing invitation to all.  
E. P. WARREN, Pastor.

## FACTS ABOUT IDAHO.

Before retiring from the office of surveyor general Ern G. Egleson gave out a statement showing the number of acres of surveyed and unsurveyed lands in the several counties, also the number of acres in military reservations, Indian reservations, forest reserves, and lake area etc. The detailed statement is too long to print in full but it can be summarized to advantage.

The total number of acres in the state is given as 53,262,885 1/4. Of this number 23,866,746 09 are surveyed and 29,395,389 05 are unsurveyed. 639 acres are in military reservations (Ada county) 999,558 89 acres in Indian reservations, there has been put into forest reservations 20,335,427 00 acres; the area covered by lakes covers 208,363 acres.

Bingham and Latah counties are the two smallest counties in the state, the former having 644,690 acres and the latter 692,291 36 acres. Ada county ranks third in size having 730,126 72 acres, of which 537,738 32 acres have been surveyed and 192,398 40 remain unsurveyed. Idaho county is the largest county in the state, having 7,213,490 acres. Owyhee comes next with nearly 5,000,000 acres.

There are five Indian reservations in the state, Bannock, Kootenai, Lemhi, Oneida and Owyhee counties. Ada, Canyon, Lincoln and Owyhee counties are the only ones having no forest reservations. Idaho county has the largest reservation, containing over five million acres, or within about 2,200,000 acres of its total area. Twin Falls has the smallest, 103,680 acres. Bannock, Bear Lake, Bingham, Bonner, Custer and Kootenai are the only counties in which figures are given regarding lakes. The smallest area is in Bannock which is given as 7,733 acres, and Bonner 180,000.

The Potlatch Lumber company is making a big reduction in the price of all grades of building material.

## LEAP YEAR.

FRIDAY, MARCH 13, 1908.

—Emil Thoma transacted business in Pullman Saturday.

—A. Murphy is installing a large turning lathe in his blacksmith shop.

—Miss Cora Mochel, following a visit of some days at home, returned to Dayton Monday.

—Mr. and Mrs. John Mourning moved to Colton this week at which place Mr. Mourning has purchased a blacksmith shop.

—James Craig, a Canadian railroad contractor, and Mrs. Hannah, of Coeur d'Alene, brother and sister of Wm. Craig, visited here the latter part of last week.

—While tussling with a cayuse one day last week Wm. Craig got a finger of his right hand caught in the rope resulting in an injury which made it necessary to have a portion of the finger amputated.

—Mrs. J. S. Batdorf, mother of Mrs. John Platt, came in Tuesday from the Salmon river country where she has been spending the winter with the family of her daughter. Following a few days stay with Genesee friends Mrs. Batdorf will leave for her home at Berkeley, Calif.

—Mr. and Mrs. J. C. Pickering, of Cedar Rapids, Iowa, were guests at the R. Pickering home in this city during the past week. The visitors were enroute to their home in the east from a tour of California and other places of interest on the coast. White of the same name J. C. Pickering and R. Pickering are of no known relation but their wives are sisters. Mr. Pickering is a wholesale implement dealer at Cedar Rapids.

—A branch of the Farmers' Educational and Co-operative Union of America was organized in Genesee Friday of last week with a charter membership of twenty-one. A. A. Elmore, organizer for the union in this territory was present and delivered an address on general topics. The following were enrolled as members: George Carbahn, E. M. Becker, T. E. Miller, Daniel Sullivan, J. S. Rogers, George Blume, S. M. Tidemann, Albert Carbahn, Thomas Elliot, James Nisbet, Fred Scharnhorst, Charles Scholler, Herman Broemmeling, W. R. Brown, J. P. Kinzer, Barney H. Jutte, G. D. Roseneau, F. C. Spencer, F. J. Scharbach. Officers were chosen as follows: President, T. E. Miller; vice president, Daniel Sullivan; secretary and treasurer, Thomas Elliot; chaplain, S. M. Tidemann; bookkeeper, Albert Carbahn; conductor, James Nisbet. The first regular meeting of the local union will be held this (Friday) afternoon, beginning at 1 o'clock sharp, at the old Elliot hall building. All farmers interested in the work are invited to join.

—Why buy lumber from the small mountain mills and haul it a great distance when a much better grade of lumber can be bought at the Potlatch Lumber company's yard in Genesee at an equal price. Besides, a large stock of everything is carried for you to select from.  
F. P. MILLER, Agent.

—Eli Morgan is here from Wankon.  
—John Platt has been out this week from Salmon river.  
—Rev. Belamy of Troy, filed E. P. Warren's pulpit last Sunday.  
—Miss Kate Kennedy returned home Wednesday from Portland.  
—Mr. and Mrs. Henry returned home Tuesday from a visit with Pullman relatives.

—After a severe illness of some days with erysipelas Nate Edwards is again able to be out.

—A farmers' local union was organized Saturday at Moscow with a charter membership of thirty.

—Mr. and Mrs. J. M. Henry left yesterday for Spokane where they expect to remain permanently. Mrs. Owen accompanied them for a visit.

—The Coverdale brothers and Mrs. Al Whitted wish through the News to extend thanks to neighbors and friends for kindnesses shown them during the sickness and burial of their mother.

—County Superintendent Catherine Bryden announces eighth grade examinations to be held March 23-25 and May 11-13. Teachers having classes ready to write must notify her that questions may be sent out on time.

—The musical and literary entertainment given Wednesday evening at the opera house by the pupils of St. Joseph's academy, drew out a full house and the program throughout was heartily applauded. Many numbers rendered are deserving of special mention but the "Jolly Waiters" was undoubtedly the hit of the evening with the audience. The piano playing of Misses Irene and Ora Wilson, pupils in the Colton academy, added greatly to the success of the entertainment.

—Kind friends, have you heard of the town of No-Good, on the banks of the River Slow, where the Some-time-or-others scents the air, and the soft Go-asies grow? It lies in the valley of What's-the-use, in the province of Let-her-slide; it is the home of the reckless No-don't-care, where the Give-it-ups abide. The town is as old as the human race, and it grows with the fight of years; it is wrapped in the fog of the idler's dreams; its streets are paved with discarded schemes, and are sprinkled with useless tears.

—Incubation by electricity is the latest innovation in the poultry world. After three years of experimenting, Otto Schultz, an electrician of Strassburg, claims to have perfected a device whereby eggs are hatched with the artificial aid of the fluid which is working such wonders in other fields. In the electric incubator the automatic attachment keeps the temperature within one-tenth of a degree of the normal temperature of incubation. The degree of moisture in the air is also kept automatically. It is claimed for the electrical device that under ordinary conditions ninety chicks can be counted on out of 100 eggs. The amount of electricity consumed is very small. The brooder for raising the chickens after they are hatched is also heated by electricity. The upper part of the brooder is arranged for newly-hatched chicks and is heated by electricity. The lower part is also so the chicks can run outside to eat and at the same time find protection and warmth within. This new wonder will doubtless soon be on exhibition at the poultry shows and fairs and it is needless to guess that great curiosity will be felt by all progressive breeders to examine and test its merits.

For making quickly and perfectly, delicious hot biscuits, hot breads, cake and pastry, there is no substitute for

**DR. PRICE'S CREAM BAKING POWDER**

No Alums—No Lime Phosphate

The poisonous nature of alum is so well known that the sale of condiments containing it is prohibited by law.

—Read the new advertisement of the W. J. Herman Co.

—Mrs. W. R. Gardner, of Spokane, is the guest of Genesee relatives.

—The Genesee Belgian Horse company have an advertisement in this issue.

—Mr. and Mrs. W. E. English left Wednesday for a few days stay in Spokane.

—W. C. Fowler, now stationed at Colfax, spent the first of the week with his family in Genesee.

—Prof. Sheehan and Miss Kimbrough took up their duties in the public schools Monday of this week.

—Tuesday of next week—the 17th of Ireland—will be celebrated in Genesee with a big dance by the Army company at the opera house.

—If plans can be perfected two toll bridges will be constructed across the Clearwater in the near future, one to be located at Orofino, the other near Kamiah.

—Ben Jackson, whose life has been despaired of for some time, he being a sufferer with blood poisoning, is now greatly improved being able to sit up a good part of the time.

—The following deed was filed for record Saturday of last week: Jeff Saugard and wife to Genesee Exchange Bank, \$100, lots 11 and 12, block 6, North addition to Genesee.

—John Lauterbach, for some years a business man of Kendrick, died Saturday of last week at the Carithers hospital in Moscow. At the last election the deceased was a candidate for assessor on the independent citizen's ticket.

—For several months Representative French has been urging Secretary Wilson, of the department of agriculture, to give the aid of his department to the Idaho Veterinary board in its efforts to eradicate the disease known as mange, which is so prevalent on and adjacent to the Nez Perce Indian reservation, among the horses. The secretary has finally advised Mr. French that his department will cooperate with the Idaho authorities in this work, and that the same will be begun within a short time.

—M. F. Johnston, who has made his home in Asotin for the past six or seven years, having disposed of his property interests in Asotin last summer, purchased property in Clarkston last week and on Monday moved his family to his new home. Asotin people will be sorry to lose this family from our midst, but wish them well. Mr. Johnston's three daughters will especially be missed by the young people, with whom they were very popular. They will also be missed in their school work.—Sentinel.

—J. H. Rader, of Uniontown, Wednesday of this week closed a deal for the purchase of the Stuber & Hall meat market in this city and will take possession of the same on April 1st. The purchase includes the stock and equipment, the market building, ice house, scales at the stock yards and the slaughter house property. For more than ten years Mr. Rader has very successfully conducted a meat market at Uniontown but last week disposed of his property there. Chas. Nelson will continue with the new management. Mr. Hall of the retiring firm expects to again engage in the cattle business in Alaska. Ill health has been a serious handicap to Mr. Stuber in running the market here and being at present in the east we are not advised as to his future plans.

—Following an illness with la grippe, Mrs. Roena Coverdale, for many years a resident of the Pine Grove neighborhood, died Sunday of this week. The funeral took place Tuesday afternoon from the Congregational church in this city, Rev. C. H. Nellor officiating, interment being in the I. O. O. F. cemetery. The remains were accompanied from the home to the church and cemetery by a large concourse of neighbors and friends, the deceased having been held in high esteem by all who knew her. The deceased, whose maiden name was Roena Palmer, was born in Pennsylvania in 1837, emigrating to Iowa in 1854. In 1860 she was married to Jesse Coverdale. In 1884 they moved to Bickerton, Wash., and in 1889 to Genesee. Mr. Coverdale's children were born—five boys and two girls—six of whom are still living: Newton, John, Mrs. A. L. Whitted, Jesse, George and Charles.

## LAME SHOULDER.

Whether resulting from a sprain or from rheumatic pains, there is nothing so good for a lame shoulder as Chamberlain's Pain Balm. Apply it freely and rub the parts vigorously at each application and a quick cure is certain. For sale by F. E. Deuss & Co.

—Ground is being cleared for the new federal building at Moscow.

—George Rabold again took up his duties at the Rosenstein store Monday of this week.

—A considerable amount of farming has been done during the past week on the rimrock and reservation sections.

—The annual encampment of the University cadets will be held this year April 6 to 11 in the vicinity of Moscow.

—Mr. and Mrs. George Coverdale arrived here Tuesday from North Yakima, having been called here on account of the death of Mr. Coverdale's mother.

—Mrs. Harding, of LaCrosse, Wash., well known to Geneseeans as Miss Cora Hodgins, has been a guest of relatives and friends here during the past week.

—On the 23rd inst., Pullman will become a "dry" town, the city council at its last meeting having revoked the license of the only remaining saloon in the town, the same to take effect at closing time on March 25.

—The allotting agent will commence the allotment of the Coeur d'Alene Indian reservation on April 1st, and as soon as the Indians receive their portion of the lands, which will require some time, the balance of the land will be ready for homestead entry.

—Mrs. Charles Christopher, for many years a resident of Genesee, but who since leaving here has resided in Seattle, was an arrival in the city yesterday. Mrs. Christopher is grand chief of the order of Pythian Sisters for the state of Washington, and is at present making a tour of the state officially visiting the various lodges. It was planned to make Mrs. Christopher the guest of honor last evening by the local lodge of Pythian Sisters.

**ROOSTERS FOR SALE.**

## THE GENESSEE NEWS.

ENTERED AT THE POST OFFICE AT GENESSEE AS SECOND-CLASS MAIL MATTER.

CHAS. GELTZ, PUBLISHER.

Subscription price, strictly in advance, \$1.50

—W. R. Brown has an advertisement elsewhere in this issue concerning his pacing stallion, Louantrix.

—Eli Johnson left Tuesday of this week for Portland. Following a short stay there he expects to journey on to California.

—A. W. Perley, railway track inspector for the state of Washington, says that a certain class of refrigerator cars—made with a rigid draw bar, and which have caused a number of serious wrecks—will be denied admission to Washington hereafter.

—E. M. Murphy, better known as "Spud," at one time employed as an electrician here, has been engaged by Whitman college as track coach for this spring's work. He will begin work on April 1 and continue until after the inter-collegiate meets in May.

—Antone Heitfeld, residing near Leon, met with a very serious accident Wednesday evening. While passing through the stable at his home he was kicked on the pelvis by a vicious horse. The injury is very serious and will probably confine him to the house for a couple of months and may cripple him for life. On the day of the accident Mr. Heitfeld had negotiated a sale of his fine farm but to whom he has been unable to learn.

—There is nothing more uncertain than the result of a political campaign, says the Toledo (Ohio) Blade. In all probability if Bryan is nominated at Denver he will again be defeated. While he is a leader he is not a vote getter. The people will flock to hear him and will applaud him vigorously and then go to the polls and vote against him. While they have admired his dash and eloquence they have not considered him the type of a man to place at the head of the government. If he is nominated at Denver they will trample upon one another to see and hear him, but if history repeats itself the other fellow will get their votes.

—A Walla Walla newspaper contains the following which will be of interest to Miss Madge Fowler's numerous Genesee friends:

"Commencement orators for the Whitman graduation exercises have been chosen by the college faculty. They are Alfred Livengood, Madge Fowler and Edward Mason. The choice was made almost entirely on the basis of scholarship grades as these three were all those averaged above the 90 mark for the seven semesters which they have already spent in college work.

"The work of the closing four months of work, however, may bring some of the other seniors into the magna cum laude class, which includes all those who graduate with an average of above 90. From 85 to 90 gives the student the honor of graduating cum laude, that is, with praise, and a large number of this year's class will get this honor. The grades of the three who qualified for final speeches were all between 91 and 92.

"Of the three speakers, Miss Fowler is probably the best. She won second place in the local oratorical contest this winter, with an oration on the Japanese domination of Korea. In her academy days, also, she won a declamation contest over representatives of many of the important secondary schools of the north-west. She is a major student in the Greek department. Many of the Walla Walla people will remember her as the heroine of the "American Citizen," given by the class of 1908 when they were sophomores. Her home is in Genesee, Idaho."

Get DeWitt's Carbolicized Witch Hazel Salve—it is healing, soothing and cooling. It is good for piles. Sold by Greaves Pharmacy.

BEST HEALER IN THE WORLD. Rev. F. Starbird, of East Raymond, Maine, says: "I have used Bucklen's Arnica salve for several years, on my old army wound, and other obstinate sores, and find it the best healer in the world. I use it too with great success in my veterinary business." Price 25c at F. E. DeWitt & Co's drug store.

THE LUCKY QUARTER. Is the one you pay out for a box of Dr. King's New Life Pills. They bring you the health that's more precious than jewels. Try them for headache, biliousness, constipation and malaria. If they disappoint you the price will be cheerfully refunded at F. E. DeWitt & Co's drug store.

DeWitt's Little Early Risers, small, safe, sure little liver pills. Sold by Greaves Pharmacy.

—C. E. Wood transacted business in Moscow Wednesday.

—Eli Morgan who was here from Waukon the past week returned home Tuesday taking with him a team of horses which he purchased for use in his farm work.

—Tom Edwards left Sunday for the Coeur d'Alenes to again take up his work in the mines. His mother accompanied him as far as Spokane to visit with friends.

—W. R. Brown, of Genesee, has recently sent his father who is spending the winter here an illustration of a bundle carrier for which he has recently applied for a patent. He expects to have several of these machines made at Walla Walla for next season's use on threshing machines.—Clarkston Republic.

—Rev. T. W. Walters, who has been identified with the fruit growing interests of Whitman county for the past 20 years, was a visitor at the meeting of fruit growers yesterday, from Colfax. Mr. Walters informs the Tribune that he has 300 acres of wheat and 12 acres of Spitzburg, Northern Spy and Yellow Newtown Pippins from which latter the past 15 years he has received as much as an average as he has from his 300 acres of wheat. He was fortunate in having the marketable varieties and has received good prices. Should he plant a new orchard he says he would put out Rome Beauties for the majority of an orchard.—Pullman Tribune.

CHURCH NOTICES. S. M. E. Church South: Subject for Sunday morning, "Rest." Evening, "The Hand Writing on the Wall." Everybody invited.

E. P. WARREN, Pastor. "I am equipped to tune and to thoroughly repair all parts of piano and organ actions that are most liable to become worn, broken or otherwise damaged. Examinations free. Estimates given on all repair work. Leave orders at Dicus' Drug Store and I will call at my earliest convenience. Out of town work solicited. Respectfully yours, E. S. CHURCH.

FOR SALE. Some choice brood sows, and pigs. JOHN KRIER.

FRIDAY, MARCH 20, 1908.

—Chas. Steltz transacted business in Colton Wednesday.

—Mrs. J. L. Klapp left Sunday for Spokane for an indefinite stay.

—R. Burns left yesterday for Moscow to receive treatment at the Graceland hospital.

—Miss Crystal Spurbek returned home from Moscow the latter part of last week.

—At Moscow, the latter part of last week, Marion Nelson underwent an operation for an abscess on his neck.

—The joint institute of Latah and Nez Perce counties will be held this year at Moscow, April 6, 7, 8, and 10.

—The Gaertner auction sale held Monday of this week was well attended and the chattels sold brought satisfactory prices.

—O. Olson spent the fore part of the week in Spokane. While there he set his son George up in business, having purchased a cigar and confectionery store for him.

—Mr. and Mrs. C. C. Stuber returned home Monday after an absence of some months in Ohio where Mr. Stuber received medical treatment. He is considerably improved in health.

—The case of the State of Idaho vs. Roy Skeels, which was to have been heard at this place Monday, did not materialize, the defendant having previously left for parts unknown. A \$200 cash bond has been forfeited.

—M. Lobart and family, old Nebraska acquaintances of Mr. and Mrs. C. H. Murphy, arrived here Monday of this week expecting to remain permanently. They have gone to house-keeping in the Keane residence near the city park.

—The Genesee Fruit Product company this week placed an order with the manufacturers at Bellair, Ohio, for a four car load of jelly glasses, the car to contain 57,600 1/2 pint glasses. During the past season the company put up their jelly in small pails but found that the trade demands a smaller package, consequently the change to glasses.

—A report gained considerable publicity a few days ago to the effect that the Diamond Match Company, of Oshkosh, Wis., had entered into a contract with the Potlatch Lumber company to supply them with 40,000,000 feet of white pine annually for a period of twenty years. The report is positively denied by the Potlatch people.

—Mr. and Mrs. Fred Springer and one child, and Mrs. Pearl Springer and two children, of Proftstown, Illinois, arrived here Monday. The husband of the second named family is at present in Canada but is expected to arrive here soon. The men folks and brothers of A. Springer of this place. It is likely that the two families will become permanent residents here.

—When I feel a headache coming on, says a writer in the April Digest, I look around for the cause. Usually I loosen my hair. It is not generally known that hair done up tightly and pinned close to the head will cause headache. Try letting the hair fall loose, or braid or pin it loosely in a different style. Sometimes it is my collar which is too tight, and when I take it off my headache disappears. Again it is caused by tight or uncomfortable shoes, or by high-heeled shoes, which may feel comfortable but which will cause the trouble.

"Fruit conditions are perfectly normal in the valley this year," said C. T. Stanahan this morning. "The buds are not unduly advanced, and I believe that they could stand weather as low as 10 above zero or lower and not be injured. We have had two freaky years now in succession, but they have been the only ones in the past 25 years, and they may not be duplicated in the next quarter of a century. The weather of last April was unprecedented. We have had light frosts in April before, but never anything like a freeze, but even a repetition of last year's freeze would not hurt the fruit if it comes before the 15th of next month and the present rate of development of buds is maintained."—Lewiston Teller.

## DEATH OF A PIONEER.

George W. Daggett, a pioneer resident of this place, died suddenly Saturday last at Julietta, where he had been making his temporary home, as a result of a stroke of apoplexy. His remains were brought to Genesee Monday and held until Thursday of this week pending the arrival of his relatives. The funeral was held from the Congregational church, Rev. C. H. Nellor officiating, and was in charge of the local G. A. O. Post. Interment was in the I. A. O. F. cemetery.

George W. Daggett was born in the state of Missouri in the year 1840, and in the year 1842 went with his parents to the state of Wisconsin. At the age of 21 years, on the 4th day of September, 1861, he enlisted in the 10th Wisconsin Infantry, in the war of the rebellion, was discharged therefrom on the 14th day of September, 1864, and re-enlisted in the 48th Wisconsin Infantry, in which organization he served until the close of the war.

In the fall of 1864, he was married to Mary L. Close. After his return from the army, he and his wife removed to the state of Nebraska in which state they resided for several years; later, removing to California, thence to the state of Idaho, where in the year 1878 they settled on a farm northeast of Genesee, Idaho, where they resided for many years, later moving to the town of Genesee, where his wife Mary, died in August, 1906.

He leaves three sisters residing in the state of Wisconsin; one sister, Mrs. H. A. Thomas, residing near Genesee, Idaho, and one brother, John Daggett, a resident of Nezperce, Idaho, and one step-daughter, Mrs. Nellie Matthews, North Bend, Oregon.

He at one time represented Latah county in the state legislature, and at many times occupied positions of trust.

—Henry Bottjer left last week for the Horse Heaven county in Washington.

—B. Brigham writes us from Los Angeles to change his address for the News to Philomath, Ore.

—John H. Hudson, who has been spending the winter at Rockport, Mo., has again returned to Connell.

—A million dollar rain visited this section early in the week putting the ground in excellent condition.

—E. E. Miller is now displaying a full carload of farm implements and vehicles which he received Tuesday of this week.

—The revenue for the office of the state fish and game warden for the year 1907 was \$27,283.33 and the expenses were \$22,071.89, leaving a balance of \$5,211.44.

—A bright little daughter put in an appearance Monday of this week at the home of Mr. and Mrs. J. L. Jutte, near Uniontown. Mrs. Jutte is the oldest daughter of Mr. and Mrs. Henry Bielenburg.

—A year old child of Mr. and Mrs. Adolph Carlson, living on the Elliot place south of town, died the latter part of last week following a brief illness with scarlet fever. The remains were buried in the Lutheran cemetery north of town.

—The gentleman's checker club which has been holding full daily sessions during the winter months at C. F. Burr's office, has adjourned for the season. It is planned to reorganize the croquet club at an early date and with the aid of an arc light, the grounds, as in the season past, will accommodate a day and night shift.

—Since the Collingwood fire nearly every school building has been inspected and as a result a large number will be remodeled to prevent a recurrence of the school horror. In hundreds of schools the fire drill which had nearly been forgotten has been resurrected. Nor is the inspection being confined wholly to school buildings. Church edifices and public halls in general being carefully gone over.

—The ladies' aid play entitled, "The Spintesters Return," which was to have been given Feb. 19, but had to be postponed on account of the epidemic of scarlet fever, will be given at the opera house, Friday evening, March 27. Everyone wishing an evening of good solid fun will do well to attend this play. Tickets on sale at Dicus drug store at 25 and 35 cents. Following is the cast of characters of the play:

—Mrs. Batdorf left Saturday for her home in California.

—Charlie Herman transacted business in Colton Friday.

—Chas. Nelson left the first of the week for Moscow for a visit with his people.

—D. J. Cleland, who has been quite ill with pneumonia, is now much improved.

—Miss Elva Gray, after spending several days at home returned to Moscow Monday.

—Mr. and Mrs. W. E. English returned home Monday following a visit of several days at Spokane and Coeur d'Alene.

—Thursday of last week Otto Kretschmer bought the John Winterfelt 160 acre farm on the reservation east of town. The consideration was \$1500.

—On April 15, if present plans are carried out, the Whitman college glee club will appear at the Genesee opera house under the auspices of the Genesee public schools.

—"But," protested the pert young housewife, "you ought to take off something for the holes in these doughnuts." "Very well, madam," replied the wise baker, "I'll allow you 1 cent each for the holes when you return them."

—Theodore Nelson and Andrew Mortenson have purchased a 280 acre farm near Blaine. The purchasers will subdivide the place, Mr. Nelson taking 200 acres and Mr. Mortenson 80 acres. The land bought was formerly the property of Katherine Beck.

—County Assessor Gemmill is quoted as saying that he will assess all Latah county property this year at one-half its real value instead of one-third as in former years. At the convention of Idaho assessors held recently at Boise it was agreed to make an equal assessment throughout the state this year.

—A report is gone out that the White Separator Oil.

We now have on hand a good supply of White Separator Oil. Price, \$1.00 per gallon.

## R. PICKERING

Near the Post Office

—About twenty socialists of Latah county met at Moscow last week and took steps toward the organizing of a club. The organization will take part in the coming campaign but will have to make a greater showing than at any election in the past or their influence will not be seriously felt.

—There is considerable comment and speculation indulged in by train men and employes of the O. R. & N. company over the late rumor that Riparia is soon to be made a division point. It has been known for a long time that the change would come, in which event the company shops and equipment would all be transferred to Riparia. While no official information is obtainable at this time the general understanding has become so pronounced that employes of the road living at Starbuck, Wash., the present division headquarters are preparing themselves in anticipation of such an order. The company owns about 80 acres of choice land on the flat along the north bank of the Snake river and has ample room for shops, yards and track.

—Mr. and Mrs. M. F. Fuchs returned Tuesday evening from their visit to Germany and were very glad to get home again. Speaking of their trip Mr. Fuchs said that he had never in his life spent three months that he enjoyed as thoroughly as the ones just passed. He said he visited the places in Germany where he found a great deal more modern than he had expected and, had their children been with them, they would have extended their visit several months. They met a large number of relatives and were shown a royal time wherever they went. Mr. and Mrs. Fuchs were accompanied home by Mr. Frank Bressler, of Germany, who will remain here for some time and learn our language and the ways of the west.—Cottonwood Chronicle.

—In our observance of Easter few stop to consider that the quaint old custom of egg-giving is a survival of Saxon times. We find many stories of eggs, hares and rabbits in Germany associated with the joys of childhood on Easter day; and in France the Easter eggs are made of manifold and costly devices. In Ireland and Scotland the children are taught to seek eggs in the form of a cross. Querelet of all, colored eggs are offered at high mass in Russia. With all these precedents behind us it is no wonder that we have a gala time at Washington, and that on Easter day democracy rules supreme on the sloping White House lawn. From early morning until late at night the children roll eggs and though no one knows who started the custom, the American child does his share in inaugurating another spring, and showing, in a material way, the joy with which the ancient festival of Easter fills mankind.—The New Idea.

—Twenty-five hundred delegates, representing between 2,500,000 and 3,000,000 members of the Farmers' Educational and Co-operative Union in all parts of the United States, will meet in national convention in Spokane, Wash., the early part of September, 1909, if the preliminary plans, arranged by A. A. Elmore, organizer for Washington, are authorized. In this Mr. Elmore has the hearty support of the Spokane chamber of commerce and the 150,000 club, as well as that of commercial organizations all over the Inland Empire of the Pacific Northwest. Mr. Elmore says the gathering will be of the utmost importance to the vast territory west of the Rocky mountains and will also be the means of acquainting the farmers in eastern, middle western and southern states with the methods, in vogue in the newer country, and in this it may be of benefit to farmers seeking locations in districts not so crowded as are those east of the mountains.

Mr. John Riba, of Vinling, Ia., says, "I have been selling DeWitt's Kidney and Bladder Pills for about a year and they give better satisfaction than any pill I ever sold. There are a dozen people here who have used them and they give perfect satisfaction in every case. I have used them myself with fine results." Sold by Greaves Pharmacy.

NO USE TO DIE.

"I have found out that there is no use to die of lung trouble as long as you can get Dr. King's New Discovery," says Mrs. I. P. White, of Rushboro, Pa. "I would not be alive today only for that wonderful medicine. It loosens up a cough quicker than anything else, and cures lung disease even after the case is pronounced hopeless." This most reliable remedy for coughs and colds, laryngitis, asthma, bronchitis and hoarseness, is sold under guarantee at F. E. Dicus & Co.'s drug store. 50c and \$1.00. Trial bottle free.

**POTLATCH ITEMS.**  
Since the storm of Saturday and Sunday the weather has cleared up fine.  
Our old neighbor, George Miller, left Tuesday for Alberta to make his home.  
Mrs. Watkins, a daughter of Calvin Shoop, has returned from British Columbia to make this place her home. Says that Idaho is the best place of all to live in.  
The Lenville school will close next week. Miss Nisbet is the best teacher we have had for many moons.  
Wm. Ross is fencing in a piece of brush land for a goat pasture. Says he can make an easy living that way.

**PUBLIC SALE.**  
The undersigned will sell at public auction at the old Melvin Lovell place, 14 miles southeast of Moscow, or 3 miles south of Lenville, Idaho, 9 miles northeast of Genesee.  
MONDAY, MARCH 23, 1908  
Commencing at 10 o'clock a. m. the following property to-wit:  
Four good work horses, a yearling colt, 12 first-class milch cows, 2 fresh now, the others coming fresh this spring; 10 yearling calves, 2 sucking calves, 1 bull, 1 cream separator, 3 sets of double work harness, 1 wagon, 12 geese, 4 dozen chickens, 1 organ, 2 iron bedsteads, 1 double spring cot, 1 sewing machine, some farming machinery, and other things too numerous to mention.  
Terms of Sale: Time will be given purchaser on bankable notes on sums over \$100.00 at 8 per cent for six months. \$100.00 down, cash.  
Free lunch at noon.  
M. J. CAMP, Owner.

We will willingly assist those who contemplate building in making up lumber bills. Just received a book of house plans which you are at liberty to inspect.  
POTLATCH LUMBER CO.

**GODD FOR EVERYBODY.**  
Mr. Norman R. Coulter, a prominent architect, in the Delbert Building, San Francisco, says: "I fully endorse all that has been said of Elmer's Bile Beans as a tonic medicine. It is good for everybody. It corrects stomach, liver and kidney disorders in a prompt and efficient manner and builds up the system." Electric Bile Beans is the best spring medicine ever sold over a druggist's counter, as a blood purifier it is unequalled. 50c at F. E. Dicus & Co's drug store.

Kodol is today the best known and most reliable remedy for all disorders of the stomach, such as dyspepsia, heart burn, sour stomach and belching of gas. Kodol contains the same juices found in a healthy stomach. Kodol is pleasant to take. It is guaranteed to give relief and is sold here by Greaves Pharmacy.

Be careful about that little cough. Get something right away; some good, reliable remedy that will move the bowels. Kennedy's Laxative Cough Syrup acts gently yet promptly on the bowels and allays inflammation at the same time. It is pleasant to take and is especially recommended for children, as it tastes nearly as good as maple sugar. Sold by Greaves Pharmacy.

**PROF. H. A. HOWELL, OF HAVANA, CUBA, RECOMMENDS CHAMBERLAIN'S COUGH REMEDY.**  
"As long as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now," writes Prof. H. A. Howell, of Howell's American School, Havana, Cuba. "On the night of February 3rd our baby was taken sick with a very severe cold, the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which she gave and it afforded prompt relief, and now, three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by F. E. Dicus & Co.

**DOCTORS MISTAKES**  
Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their country-going or country doctor, separate diseases, for which he, assuming them to be such, prescribes pills and potions. In reality, they are all only symptoms caused by some uterine disease. The only safe and certain treatment of such suffering, begins up the treatment of the cause. The only safe and certain treatment of such suffering, begins up the treatment of the cause. The only safe and certain treatment of such suffering, begins up the treatment of the cause.

NATHAN EDWARDS, PROP.

—C. M. Bagley will leave today for Sunnyvale, Wash., expecting to remain several weeks.  
—Pullman and Moscow have recently organized brass bands. Their support is being largely guaranteed by the business men of the towns.  
Why not organize in Genesee? There is an abundance of good material in Genesee and for the good of the town business men could well afford to contribute a reasonable sum for the support of an organization.

If you do a lot of thinking, if your brain is active and then the strain is wearing out your nerves and breaking down your system day by day; then you may reflect for a moment, if it would not be wise to drink the strength of roasted grains, to buy at your grocery store a package of

**TO KEEP OUT THE JAPS.**  
Congressman B. L. French has introduced a very important bill in congress and should the same become a law the immigration of Japanese and Korean laborers to the United States will be at an end. Of the bill, which is very long, we reproduce the first and second sections:  
Be it enacted by the senate and house of representatives of the United States of America in congress assembled, That from and after the passage of this Act the coming of Japanese and Korean laborers to the United States, be it by land, by sea, by air, by rail, or by any other mode of transportation, shall be prohibited; and it shall not be lawful for any Japanese or Korean laborer to come from any foreign port or place to any land or territory or insular possession to the mainland of the United States.  
Sec. 2. That the master of any vessel who shall knowingly bring within the United States or from any insular possession to the mainland of the United States on such vessel and land, or attempt to land, or permit to be landed any Japanese or Korean laborer from any foreign port or place shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not more than five hundred dollars for each and every such Japanese or Korean laborer so brought, and may also be imprisoned for a term not exceeding one year.

**CAPITAL NEWS APOLOGIZES.**  
"The Capital News desires at all times to be fair and just to everyone and does not intend that anything untrue or capable of a misconstruction shall be published in its columns to the injury of any person, no matter who he may be. During the past the word 'grat' was applied to Governor Frank R. Gooding in the issues of this paper either in regard to him or to his administration of public affairs. The supreme court has placed a construction upon that word which should be construed to mean the charging of Governor Gooding with dishonesty, or the making of private gain by the Governor. It is regretted that the paper did not intend by this paper or those responsible for it, and it is no more than right that such a statement be made," which is fully and gladly done.  
The foregoing, taken from the Boise Capital News of recent date, will be of interest to the friends of Governor Gooding. During his past and present terms of office his acts have been most mercifully assailed by the Boise paper. Some time ago we brought a suit for libel against the paper, and the above public apology is the result.

**POSTAL SAVINGS BANK BILL OUTLINED.**  
Senator Knox, of Pennsylvania has introduced in the senate a bill providing for the establishment of postal savings banks. This bill has the approval of Postmaster General Meyer and will have the backing of President Roosevelt and the administration. It is designed to provide a safe depository for the savings of the people and incidentally it is expected to wield a large influence toward the prevention of financial panics in the future. Under its terms, the postmaster general is authorized to designate certain postoffices as postal savings banks. Deposits of from one dollar to five hundred dollars will be received at these banks and the government will pay interest at the rate of two per cent. It is provided that deposits shall be considered public money and subject to the safeguards and preferences provided by statute. This will guarantee absolute safety to these saving deposits and in times of financial disturbance people who have been in the habit of withdrawing their money from the banks and hoarding it in hiding places are expected to deposit it in the postal savings banks.  
The funds just deposited with the government will be red-deposited with national banks and thus the money will be kept in circulation. Bank books are to be provided for depositors and money can be withdrawn at any time subject to regulations made by the postmaster general. Had some such measure been enforced during the past six months it is believed that the financial panic through which the country has just passed would have been averted on my stomach. I lost 25 lbs. in fact I made up my mind that I could not live but a short time when a friend of mine recommended Kodol. I consented to try it to please him and I was better in one day. I now weigh more than I ever did in my life and am in better health than for many years. Kodol did it. I keep a bottle constantly, and write this hoping that humanity will be benefited. Yours very truly, Jake C. Moore, Atlanta, Ga. 10, 1904." Sold by Greaves Pharmacy.

**TEACHERS MEET APRIL 6.**  
Moscow, Idaho, March 19.—The date of the joint teachers' institute of Latah and Nez Perce counties has been set for the second week in April, beginning April 6. This date was chosen because of the meeting of the Inland Empire association at Pullman during the same week. It is the plan of the superintendents of Latah and Nez Perce counties, Miss Katherine Bryden and Miss Bernice McCoy, to hold the institute of the two counties at Moscow for only three days, the other three days to be spent in attendance at the Inland Empire association meeting.  
This arrangement will enable the teachers to hear lectures by Judge Ben Lindsay of Denver, Dean Russell of Columbia college, New York, David Starr Jordan of Leland Stanford university, who are expected to assist in the work of the association at the gathering at Pullman. In addition to these men there will be present at the meeting the presidents of the state universities of Washington, Oregon, Idaho and Montana.

Miss Bryden has just announced that for the institute to be held here during the first three days of the week the services of Dr. A. H. Yoder of Tacoma have been secured. Dr. Yoder was formerly connected with the department of education of the University of Washington. He is at present superintendent of schools at Tacoma.  
Others who will assist in the work of the local institute and their work are as follows: Miss May Caldwell of the university; music; Professor Earl Wooster of the normal at Lewiston, nature study and geography; Miss Long of the normal, primary schools; Miss Aurelia Henry of the normal, reading and literature; H. L. Talkington of the normal, history and civics; Philip Souton of the university, school administration.

**THE WONDERFUL WIRELESS.**  
Was not that a wonderful event witnessed from San Francisco on Monday morning? The operator of the wireless was waiting at his station on Mare Island when a call came. As he turned to receive the message, very likely he wondered whether it was from San Francisco, thirty miles away, or from Los Angeles, 500 miles away, or from some ship, beating its way in from across the sea. But when he began to read: "Flag ship Connecticut, off Teahuatpee, 9 a. m., March 9th," he at once sat up and began to take notice. Sure enough, it was Admiral Evans' battleship, 2,000 miles away, calling to San Francisco and telling the news of the fleet, as though the big ship was already looking out for the destination and, as a traveler nearing home, stops at a wayside station and wires that he is on the way, the modern leviathan was announcing over the waste of waters and the long stretch of shore, that it was coming.  
And its message was that one of the strong, exultant hearts in the fleet, that had been looking forward to the visit to San Francisco with so many fond expectations, had ceased to beat, and some family on Monday evening was in mourning for the boy that had found a grave in the sea. The news had come on the air currents, but was brought safely, even to the spelling of the name.  
It is the marvel of inventions, nothing so wonderful was ever before evolved from a human brain. And science has still many a closed door waiting for the genius of man to open. Each seems more wonderful than its predecessor. When the first door swings back, what will be revealed?—Goodwin's Weekly.

This is what Hon. Jake Moore, state warden of Georgia, says of Kodol for dyspepsia: "Dr. C. DeWitt & Co., Chicago, Ill.—Dear Sir: I have suffered more than twenty years from indigestion, about eighteen months ago I had grown so much worse that I could not digest a crust of corn bread and could not retain anything on my stomach. I lost 25 lbs. in fact I made up my mind that I could not live but a short time when a friend of mine recommended Kodol. I consented to try it to please him and I was better in one day. I now weigh more than I ever did in my life and am in better health than for many years. Kodol did it. I keep a bottle constantly, and write this hoping that humanity will be benefited. Yours very truly, Jake C. Moore, Atlanta, Ga. 10, 1904." Sold by Greaves Pharmacy.

**NEED ORCHARD TO CONVICT ADAMS**  
Pueblo, Col., March 24.—A special to the Chief from Ouray, Colo., says:  
Harry Orchard, under sentence of death in Idaho, as the self-confessed murderer of Governor Steunenberg, will appear as the chief prosecuting witness against Steve Adams at Telluride in May, where Adams is to be tried in connection with the mysterious disappearance of Barney Durg in 1901 or 1902. To bring Orchard here as a witness it will be necessary for the Idaho board of pardons to commute his sentence of death to one of life imprisonment, and word has been received here from most reliable sources that such action will be taken in due time.

Boise, Idaho, March 24.—What action the state board of pardons will take when it meets on April 1 in regard to the recommendation of Judge Fremont Wood to commute his sentence of death to imprisonment in the case of Harry Orchard, self-confessed murderer of Frank Steunenberg, can not even be surmised. Members of the board are not talking. It is the general impression, however, that the action recommended by Judge Wood will be followed. Contrary action, Judge Wood intimated in his remarkable address made before sentencing Orchard on the part of the board, would be unprecedented. He states his confidence that the sentence will be commuted.  
Today it was suggested to Judge Wood that Harry Orchard had stated that he prefers the death penalty to life imprisonment. Judge Wood replied: "If Orchard is sincere in his statement that he desires to make all reparation possible for his crimes he should be willing to live if there is a possibility of being of further use to the state. If Orchard should be hanged nothing would prevent Jack Simpkins from walking the streets of any Idaho town with impunity."

**WANTED.**  
One thousand sacks Burbank potatoes—must be well graded and well sacked. Forty cents per hundred. No dirty potatoes will be received.  
O. E. MILLER, Paget Sound Warehouse.  
Why buy lumber from the small mountain mills and haul it a great distance when a much better grade of lumber can be bought at the Potlatch Lumber company's yard in Genesee at an equal price. Besides, a large stock of everything is carried for you to select from.

The executive officers of the Woman's Christian Temperance Union of North Idaho were to have met yesterday in Troy. The meeting was called for the purpose of considering plans for the work of the organization during the coming year, especially during the coming political campaign. The executive committee consists of the officers of the North Idaho organization, 16 in number, and the presidents of the local unions, 12 in number. There are few millionaires in Idaho, mighty few; but it is full of happy and contented people. It has no armies of unemployed, no labor troubles and no soup houses. Our state does not send rich men to congress. In the upper and lower houses Idaho is represented by brains, not bobbies. They didn't buy their seats. Our representatives make themselves heard on all leading questions, and in debates they do not take a back seat from any of the big guns. Heyburn, Borah and French are men of ability. This is particularly true of our senators and Idaho has no apologies to make for either of them.—Koskia Mountaineer.

—Troy is agitating the question of erecting a brick school building. —The Oklahoma house has passed a bill making it a crime, punishable by a fine of from \$5 to \$25, for smoking cigarettes. —A North Yakima judge has declared unconstitutional the Washington state law making it a misdemeanor to "jump" a hotel bill. —A plan is being perfected at Pullman for the formation of a Jersey breeders' association in the Palouse country, to encourage and foster the breeding of Jersey cattle for dairy purposes. The increased interest in dairying due to the improvement in conditions and the advance in prices for dairy products, is having the effect of creating a desire for better dairy herds, and the demand for good dairy cows is far in excess of the supply, while prices are higher than for many years. —The sliding mountain, at Caledonia, the extraordinary freak of nature is still as restless as ever, despite the fact that the Northern Pacific railroad acknowledged defeat by diverting their road so as to pass around the base of the phenomenon. The earth in the attempted cut still heaves up, evidently because of some internal commotion. The railroad company knew nothing of the character of the mountain until they began to drive a cut through the base of the hill, when the workmen were astonished to find that the cut actually filled up during the night. —Ten thousand gallons of crude oil have been received at Kennewick to be used for smudging purposes by orchardists. While prospects for a good fruit crop are excellent this year growers are going to use every precaution to combat against frosts. —"Besides being an excellent remedy for colic and throat troubles, Chamberlain's Cough Remedy is unequaled as a cure for croup," says Harry Wilson of Waynetown, Ind. When given as soon as the croupy cough appears, this remedy will prevent the attack. It is used successfully in many thousands of homes. For sale by F. E. Dicus & Co. —The careful about that little cough. Get something right away; some good, reliable remedy that will move the bowels and loosen the chest. Chamberlain's Cough Remedy, which we give and it afforded prompt relief, and now, three days later, he is fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by F. E. Dicus & Co.

Keep Posted On Matters That Interest You. Your local paper is a necessity to you, financially and socially. But a NEWSPAPER OF GENEESE, IDAHO, contains the latest news of the world, is equally necessary to you. The "up to date man" will provide himself with these two essential features of progress. IN THE TWICE-A-WEEK SPOKESMAN-REVIEW, Spokane, Wash., will be found the very latest news of the world, its matter including information on politics, commerce, agriculture, mining, literature, as well as the local happenings in the states of Montana, Oregon, Idaho, Washington and the province of British Columbia. In addition, its columns for women, its popular science articles, its short and continued stories, its "Answers to Correspondents" and "Puzzle Problems" combine to form a home newspaper that at \$1.00 per year can nowhere be excelled. ITS ADVERTISING VALUE. Perhaps you have something to sell—a farm, a house, a lot of land, or you wish to buy something. The best possible way to buy or sell is by inserting a small advertisement in THE TWICE-A-WEEK SPOKESMAN-REVIEW. If you wish to reach business men and farmers, stockmen, lumbermen and miners, insert your advertisement in THE TWICE-A-WEEK SPOKESMAN-REVIEW DAILY or SUNDAY. THE DAILY AND SUNDAY RATE FOR CONNECTIVE TIVE. 18 Words 1 time ..... 25 1 time ..... 40 2 times ..... 45 24 Words 1 time ..... 35 1 time ..... 50 2 times ..... 55 THE SUNDAY ALONE. The cents per line each insertion. Count six words to a line. ADDRESS THE SPOKESMAN-REVIEW, Spokane, Wash. Write your ad plainly, enclosing amount for insertion, and state whether you wish it inserted in Daily, Sunday or both.

AN EYE OPENER. EDITOR NEWS: To an old timer like me Genesee when there was no Genesee it is passing strange that there is not a larger city considering the number of years that have elapsed to date, taking the immense scope of country the burg has to draw trade from. During the absence of the writer, eight years, Genesee has hardly held its own in the way of growth, outside of a few brick stores. The business is still done in two blocks, with many vacant rooms and town lots in between, and unless you business men organize a commercial club whose business will be to promote the interests of the town in the way of getting industries in your midst that will consume the raw material that can be raised all around you, thus giving the farmers a market, you will go the same slow pace you have so far. This refers to Uniontown and Colton as well. Take a trip to the coast. You can hardly mention a town but what has either a creamery or cheese factory, stove factory or single saw mill or box factory. What is the result? The towns employ labor and hence there is a pay roll. A pay roll is the life of a community. To illustrate: Take the town of Woodland, a town of 350 inhabitants, 25 miles from Portland, Oregon, where a cooperative cheese factory is in full swing, patronized by every farmer for a radius of five miles around. The cheese made there commands the top price from among the wholesale houses in Portland, Tacoma and Seattle. It only takes a president, treasurer and secretary to run the concern, and over \$25,000 is paid out every quarter. Where does this money go? Into the pockets of the farmers and merchants. Woodland also has a cannery. Cattle are made each spring with farnage for all the fruits, vegetables and berries, and last summer employment was given to over 80 boys and girls. Another big pay roll. All of this was accomplished by a commercial club getting busy, and town lots are selling like hot cakes. This brings the writer down to our needs. Quit shipping the cream to the Hazelwood company and get farmers to put up for a home plant. Thousands of acres can be sown to alfalfa and root crops. I can give them the address of a concern that manufactures a milking apparatus that milks 25 cows in an hour. You know we have farmers who hate milking worse than the devil hates holy water, and would rather buy their butter than to keep a few choice Jerseys. The organization of that horticultural club you mentioned lately by W. J. Herman is laudable and commendable and hope the members will go out of work with a view of inducing farmers to set out fruit. Here is my plan: Let those who will, set out five acre tracts in cherries, berries and vegetables. Send two or three of your business men to Sunny-side, near Yakima, to view and inspect those money making canneries there and get facts or pointers, as to the benefit such an institution will be to Genesee. A cannery need not cost over \$5000 and one wholesale house will contract for the entire output of the Genesee cannery. The writer will enter into a contract to furnish 10,000 cucumber pickles this fall and the need not plant his ground until August, after his sweet corn is out of the way. But where have we a market? Mr. Editor, there are hundreds of fine side hill slopes all over this country that will make ideal little fruit gardens. Your merchants have to work early and late and we see no reason why the greater needs to be on your sidewalks so much of the time. More later on. C. W. HERMAN. The Potlatch Lumber company is making a big reduction in the price of all grades of building material. RHEUMATIC PAINS RELIEVED. Mr. Thos. Stenton, postmaster of Postville, Ia., writes: "For the past eight years I suffered from rheumatic pains, and during that time I used many different liniments and remedies for the cure of rheumatism. Last summer I procured a bottle of Chamberlain's Pain Balm and got more relief from it than anything I have ever used, and cheerfully recommend this liniment to all sufferers from rheumatic pains." For sale by F. E. Dicus & Co.

DELEGATES CHOSEN. At the meeting of the republican county central committee held Saturday of last week at Moscow the following delegates were chosen to the state convention at Wallace, to be held May 12, to select delegates to the national convention at Chicago: S. M. Smith, J. W. Brigham, W. N. Gibb, Charles Power, Hugh Henry, Martin Thomas, S. G. Prince, James E. Gardner, S. A. Anderson, W. A. Buchanan, J. E. Trimble, Warren Truitt, A. P. Eammett, Burton G. French, W. E. Stillinger, G. Pickett, George Fields and William Carter. The delegates were instructed in favor of William H. Taft for president. July 28 was selected as the date for holding the county convention at Moscow to choose delegates to the state nominating convention to be held at Boise. It was agreed that the county convention, to place in nomination county and precinct officers, should be held later this year than usual to make a shorter campaign. The committee meeting was well attended and was harmonious throughout. INDIANS NOW SPECIAL POLICE. "Every Indian of the Nez Perce tribe and every employe of the government is authorized to make a search where they have reason to believe liquor is on the reservation. They not only have the authority to make the search, but the law makes it a duty, and from what I can learn the Indians of many parts of the reserve propose to execute this duty." So says Indian Agent Lipps. It is said that since the closing of saloons on the reservation Indian sleuths have been at work in various localities trying to locate liquor, but so far have not been successful. They do not attempt in Kookkia yet, but no doubt will. Indians never had any trouble locating booze in this town but under the new order of things the fellow who gives liquor to an Indian now will be taking desperate chances. When the redman is vested with the authority of a United States official it is certainly all off with the bootlegger, as sooner or later the red brother will land him.—Mountaineer. OBEYING THE LAW. Senator Tillman is a useful senator—at times. His lecture tours also serve a public purpose—sometimes. Last fall and winter he was out in Oregon and adjoining states on chautauque assignments. Of an inquiring nature, he conversed with the natives regarding conditions there. Vast tracts he noticed, were unsettled and he asked why. He was told that they were railroad land grants held by the Genesee cannery. The timber on them was rapidly increasing in value. He learned, also, that the terms of the grant required the railroad to sell the land at not to exceed \$2.50 an acre and not more than a quarter section to each purchaser. So when congress met Tillman got out his pitchfork and pitched in a resolution directing the attorney general to bring suit to annul the grants and restore the lands to the public domain, which went to and came out of the judiciary committee with a favorable report. And now the attorney general is beginning action. The story is interesting as showing how, even after this eruption of public sentiment and its partial crystallization in law, followed by stout protestations of obedience to law, Mr. Harriman's companies are still disobeying a plain injunction of the law under which they claim these lands. In the later part of the grant needs to be on your congress was scattering land grants and subsidies with lavish hand, though one to which they do not now "point with pride," and in which our own "grand old man" was an active participant, the Oregon & California predecessors were given 3,800,000 acres of land under the conditions above stated. It has sold 1,800,000 acres in disregard of both conditions as to quantity and price, and, in 1902, when the timberland craze set in, Harriman withdrew all the remaining land from sale, and asserts ownership free from the conditions of the grant. Men wishing to buy were put off on one or another pretext, the San Francisco fire at one time, a confusion of records that needed straightening out, at another, end-

Keep Posted On Matters That Interest You. Your local paper is a necessity to you, financially and socially. But a NEWSPAPER OF GENEESE, IDAHO, contains the latest news of the world, is equally necessary to you. The "up to date man" will provide himself with these two essential features of progress. IN THE TWICE-A-WEEK SPOKESMAN-REVIEW, Spokane, Wash., will be found the very latest news of the world, its matter including information on politics, commerce, agriculture, mining, literature, as well as the local happenings in the states of Montana, Oregon, Idaho, Washington and the province of British Columbia. In addition, its columns for women, its popular science articles, its short and continued stories, its "Answers to Correspondents" and "Puzzle Problems" combine to form a home newspaper that at \$1.00 per year can nowhere be excelled. ITS ADVERTISING VALUE. Perhaps you have something to sell—a farm, a house, a lot of land, or you wish to buy something. The best possible way to buy or sell is by inserting a small advertisement in THE TWICE-A-WEEK SPOKESMAN-REVIEW. If you wish to reach business men and farmers, stockmen, lumbermen and miners, insert your advertisement in THE TWICE-A-WEEK SPOKESMAN-REVIEW DAILY or SUNDAY. THE DAILY AND SUNDAY RATE FOR CONNECTIVE TIVE. 18 Words 1 time ..... 25 1 time ..... 40 2 times ..... 45 24 Words 1 time ..... 35 1 time ..... 50 2 times ..... 55 THE SUNDAY ALONE. The cents per line each insertion. Count six words to a line. ADDRESS THE SPOKESMAN-REVIEW, Spokane, Wash. Write your ad plainly, enclosing amount for insertion, and state whether you wish it inserted in Daily, Sunday or both.

# TO THE PUBLIC

It has just come to my notice that some of the traveling opticians scouring this part of the country have been using my name in connection with their business, claiming that I am here to make good their work in case of dissatisfaction. I will here say to the tramp optician's customers and the public at large that I am in no way connected in business with any other person and that my name has fraudulently been used by the stray professors to strengthen the public's confidence and thereby make it possible to palm off on their E. Z. Marks more of their wares.

To those needing glasses I will say, do not take the say-so of another for granted without being further posted. I am a registered optometrist of the State of Idaho, which my state certificate will show. My method of testing eyes is the retinoscopy or "shadow test" which is the most dependable and gives better results than other method employed.

My prices are very reasonable as I only figure on a small living profit. All glasses fitted by me are guaranteed for one year. Any change of lenses or alteration of the glasses inside of a year is free. Examination free.

Don't fail to call on your local optician who is here at all times to make good his guarantee.

#### SQUABBLE OVER DIVISION OF ESTATE.

One of the largest estates ever probated in the county is now before the probate court in this city. The estate is that of George W. Daggett, who died at Julietta on Saturday, March 14. The estate consists of 160 acres of land valued at \$5,000 and personal property to the amount of \$15,626.60. The personal property consists of notes, certificates of deposit and something over \$500 in cash, which were found in the trunk of the deceased on the 21st of the month when it was opened by Probate Judge Lukens.

Daggett left no will. His sister, Mrs. Jennie S. Thomas, who resides near Genesee, filed a petition in the probate court Friday for the granting of letters of administration to Fred K. Bressler, cashier of the Exchange Bank of Genesee.

The legal heirs as set forth by the petition are: Jennie S. Thomas of Genesee, Lucretia Gillam and Fannie Funstun, both of Plattville, Wis., and John Daggett of Nezperce, sisters and brother of the deceased and nine nieces and six nephews. George W. Daggett had no children of his own, but he has two step children who are not mentioned as legal heirs in the petition.

April 6 is the date set for the hearing of the petition.

Tuesday in the probate court Mrs. Ella Sue Mathews, of Coos Bay, Oregon, by her attorneys, Forney & Moore, filed a similar petition in the case of the appointment of an administrator for the estate of George W. Daggett, deceased.

Last week Mrs. Jennie S. Thomas, sister of the deceased filed in the probate court a petition praying for the appointment of Fred Bressler, of Genesee, as administrator of the estate. In the list of legal heirs set forth in the petition Mrs. Thomas no mention was made of two step daughters of George W. Daggett.

Ella Sue Mathews sets forth in her petition that she was born in Wisconsin in 1856, that her mother was Mary Elizabeth Clows, that in November, 1863 her mother who had become a widow when the petitioner was about two months old, was married to George W. Daggett at Plattville, Wisconsin.

It is alleged in the counter petition of Mrs. Mathews that at the time of this marriage George W. Daggett had no property, that her mother continued to conduct for several years thereafter a millinery and dress-making establishment at Plattville, and that the deceased conducted a dray and transfer business.

It is further set forth in the petition that in 1870 the family moved to Cass County, Nebraska, where they engaged in farming. When they went to Nebraska each had about \$1,500. In 1878 they moved to Latah county, Idaho, near Genesee, where they again engaged in farming. Here George W. Daggett and his wife each put into the business \$3,000.

By the efforts of both the husband and the wife during the years from 1878 to 1896 the family accumulated wealth to the amount of about \$25,000.

At that time Mary Elizabeth Daggett was stricken with paralysis and was afflicted at various times with the ailment until her death in September, 1906. During this period of illness of her mother, Mrs. Mathews at the earnest solicitation of both her mother and her step-father attended her mother and nursed her during the times when she was seriously ill. On these various occasions the step-father repeatedly told Mrs. Mathews that upon the death of his mother the wife of the property of the family would revert to Mrs. Mathews, that such arrangements were agreed between him and his wife.

It is further alleged in the petition that prior to the death of Mrs. George W. Daggett she gave to George W. Daggett a bill of sale and deed transferring to George W. Daggett the entire community property with the explicit understanding that at his death this property should be left to the petitioner. At the same time George W. Daggett gave to Mrs. George W. Daggett a similar bill of sale and deed. These deeds were placed in escrow.

The petition further sets forth that after the death of the mother, George W. Daggett frequently told the petitioner that matters were so arranged that at his death all his property should revert to her without difficulty. The value of the property as set

Shields the Food from Alums

forth in the petition is \$22,000, \$16,000 of which is personal property and the rest real property.

The petition asks for the denial of the petition of Jennie S. Thomas and the appointment of Henry H. Bangs of this city as administrator of the estate. The date set for the hearing of the petition is April 11.—Star-Mirror.

Word comes from Clayton, Wash., that the son born to Mr. and Mrs. Frank Brazier died soon after birth.

James Jackson has material on the ground for the remodeling of his residence. By finishing the up stairs two rooms will be added.

The Congregational ladies' aid society desire, through the columns of the News to thank those who so kindly assisted them in the play, "The Spinisters Return," especially Mr. Thomas Keane, Mrs. Will Herman, Mrs. O. E. Miller, Mr. Shoemaker, and all the young ladies taking parts, also our faithful committee, LADIES' AID.

CHURCH NOTICES.  
The usual services will be held at the Lutheran chapel Sunday afternoon. REV. O. C. HILLERSON.

R. A. Gailley, pastor of the M. E. church, will preach at the chapel next Sunday morning. All are invited to attend. Sunday school and League as usual.

FOR SALE.  
Some choice brood sows, and pigs. JOHN KRINK.

DEATH WAS ON HIS HEELS.  
Jesse P. Morris, of Skippers, Va., had a close call in the spring of 1906. He says, "An attack of pneumonia left me so weak and with such a bad cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for cough and lung disease in all the world." Sold under guarantee at F. E. Dicus drug store. 50c and \$1.00. Trial bottle free.

The kidneys are delicate and sensitive organs and are very likely at any time to get out of order. DeWitt's Kidney and Bladder Pills are prompt and thorough and will in a very short time strengthen the weakened kidneys and allay troubles arising from inflammation of the bladder. Sold by Greaves' Pharmacy.

"ONE TOUCH OF NATURE MAKES THE WHOLE WORLD KIN."  
When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm hearted wish of the writer to be of use to someone else. This remedy is for sale by F. E. Dicus & Co.

Corrected every Thursday p. m.

FRIDAY, APRIL 3, 1908.

Mr. and Mrs. Fred Rice were here from Troy Sunday.

—Peter Danielson is reported as being very seriously ill.

—J. M. Becker was home from Pullman over Sunday.

—W. M. Thompson transacted business in Pullman Saturday.

—Mrs. Fred Long has been spending the week in Spokane.

—Base ball Sunday p. m., Pine Grove vs. Genesee, on Genesee grounds.

—Al Whitted, now the owner of the famous station Pat, has an advertisement in this issue.

—Miss Minnie Acres, of Logan, Iowa, was enroute here Friday for a visit with her brother, John Acres.

—Mrs. E. C. Martin, sister of Mrs. Joe Trautman and Mrs. Martin Hays, further, left yesterday for her home in Spokane.

—A. A. Haymond has been chosen as precinct committeeman for East Genesee to fill the vacancy caused by the resignation of Dr. H. J. Smith.

—As an indication of the amount of business that the Northern Pacific is doing on the Genesee branch, Saturday last thirty-three loaded box cars were delivered at the Pullman junction.

—Miss Anna Williams, residing north of Moscow, was an arrival here Sunday and is a guest at the Caribbin home. Some time ago Miss Williams attended school here, stopping at the U. G. Dickson home.

—George Lee, of Helena, Mont., who has been a visitor for several days at the Brant home, took his departure yesterday morning. Mr. Lee and Mr. Brant are cousins and they had not previously met for thirty-five years.

—Johnny Bloemmeling, who has been spending the winter at Caledonia, Kan., returned home Sunday. He accompanied home Sunday.

—During the coming season Genesee will have a live organization of base ball players. It is expected that the organization will be perfected tomorrow and the first game will be played Sunday with the team from Pine Grove. Listed among the players are: Will Robinson, Fred Gelz, Myrose Miller, E. O'Reilly, Clarence Masley, Harry Vandenburg, Will Yardrobe, Harold Rice, Claude 'Reilly, Earl Carson, Ed Prather and Mr. Hampton.

—Following the sale of the E. S. Sheldon livery stable last week to George Ruddle, of Moscow, a transfer of the same was made to W. R. Hickman who sold the property to Mr. Sheldon about two years ago. The consideration was \$4,500.00. Mr. Sheldon is now in full charge of the livery. In the past he conducted one of the best stables Genesee has ever had and will undoubtedly continue to maintain its reputation. Ill health compelled Mr. Sheldon to make the

—R. Burns returned home Monday from Moscow.

—George Stelz returned Monday from Walla Walla.

—March came in like a lion and was lionish to the close.

—Mrs. J. L. Klapp returned home Wednesday from Spokane.

—Guy Newton, of Spokane, was a guest at the Fowler home over Sunday.

—Emil Miller left Tuesday for Stevens County, Wash., where he has a homestead.

—Chas. Gelz and family have moved into the Frank Greiser residence in the northern part of town.

—Monday afternoon, Rosa, the little daughter of Mr. and Mrs. Frank Terhaar, while swinging fell and broke her right arm.

—Will Gray, Jr., left Sunday morning for Portland. If not successful in finding some kind of employment there he will probably go on to California.

—Considerable excitement was occasioned in Culeida the past week by the discovery of small quantities of gold at different places in the canyon. At the old Phinney place a good showing was found.

—A crew of apple packers went out to the Warren Brigham farm Tuesday to take up the work of packing a car of apples which Mr. Brigham has sold to E. O. Miller of this place for shipment to the coast market.

—Word reached here yesterday that Mrs. Chas. Edward, daughter of Mrs. Armstrong, residing north of town, had died in Seattle. The remains will be shipped here for burial and are expected to reach here Sunday.

—Some days ago a band of horse thieves were arrested in the Walla Walla section whose thefts in the past few years it is claimed will total not less than \$25,000. W. R. Brown of this place states that the band has made way with fourteen colts belonging to him and his brother. He visited Spokane the latter part of last week to try and locate some of the missing animals.

—Owing to the very inclement weather Monday, which had been designated by the mayor and council as cleaning day, was not a great success. On Tuesday, when the authorities had agreed to haul all litter to the city dumping grounds, there being nothing to haul away the matter was passed up. However, the authorities will still stick to their agreement in regard to the hauling of litter and the matter will be left to Marshal Stelz.

—A transfer of the Stuber & Hall meat market, purchased some days ago by John Rader, of Uniontown, was made Wednesday of this week. Since the purchase Mr. Rader has associated with him C. Westensee and the firm name will be Rader & Westensee. Both parties have moved their families here, Mr. Rader occupying the Stollenwerk residence in the western part of town, and Mr. Westensee has moved into the Hollister residence.

—Thomas Davis has an advertisement in this issue.

—C. L. Jain was a Pullman visitor Thursday and Friday.

—U. G. Dickson has something to say about horses in this issue. Read his ad.

—A daughter was born to Mr. and Mrs. J. G. Hampton in this city Wednesday.

—John Humbird, of Wisconsin, a cousin of Otto Kretschmer, visited here early in the week.

—The Knights of Pythias society will give a card party on tomorrow (Saturday) evening at their hall.

—R. Pickering represented Genesee at Moscow Saturday at the committee meeting of the republican county committee.

—Mr. and Mrs. George King, of Spokane, old Nebraska acquaintances of the Nate Edwards and John Vandenburg families, were visitors here over Sunday.

—"The Spinisters Return," played last Friday night by home talent, was a "wonderful" success in every way. Each one taking part in the play did themselves proud, and a full house greeted them.

—Saturday afternoon of last week Mrs. George Martin entertained a large gathering of ladies in honor of Mrs. W. E. Smith, it being the anniversary of her birth. A most enjoyable afternoon was spent.

—Word comes from Spokane that Dr. H. J. Smith has disposed of his residence property and owing to ill health will be compelled to seek a new location—one where he will have an opportunity to get out more in the open air.

—A petition asking that the state board of pardons commute the sentence of Harry Orchard in accordance with the recommendations made by Judge Wood in sentencing Orchard to be hanged May 15 will be circulated at Caldwell, where the murder of Governor Steunenberg was committed. It is understood that Mrs. Steunenberg widow of the murdered governor, has signified her willingness to sign the petition.

—Owing to the very inclement weather Monday, which had been designated by the mayor and council as cleaning day, was not a great success. On Tuesday, when the authorities had agreed to haul all litter to the city dumping grounds, there being nothing to haul away the matter was passed up. However, the authorities will still stick to their agreement in regard to the hauling of litter and the matter will be left to Marshal Stelz.

—A transfer of the Stuber & Hall meat market, purchased some days ago by John Rader, of Uniontown, was made Wednesday of this week. Since the purchase Mr. Rader has associated with him C. Westensee and the firm name will be Rader & Westensee. Both parties have moved their families here, Mr. Rader occupying the Stollenwerk residence in the western part of town, and Mr. Westensee has moved into the Hollister residence.

—A transfer of the Stuber & Hall meat market, purchased some days ago by John Rader, of Uniontown, was made Wednesday of this week. Since the purchase Mr. Rader has associated with him C. Westensee and the firm name will be Rader & Westensee. Both parties have moved their families here, Mr. Rader occupying the Stollenwerk residence in the western part of town, and Mr. Westensee has moved into the Hollister residence.

—R. R. Gray who has been spending the winter in California returned home Tuesday. His brother, Will, who accompanied him will arrive in part in a day or two. Mr. Gray says for a man of wealth California is a nice place to live but the poor cuss had better stay away. Just now the natives of Los Angeles and other large cities are subsiding off the money brought in by tourists.

I have a complete stock on hand for making up hats in any material or shape you desire, as well as ready trimmed hats. KATE KENNEDY.

FOR SALE.  
1 sofa, 1 center table, 3 oak rockers, 4 dining room chairs, 2 iron beds and a spring, 1 dresser, 2 armoires, 1 oak table, kitchen cabinet, cooking stove. A few other articles including New Home sewing machine. Inquire at News office for further information.

—E. T. Platt transacted business in Lewiston Tuesday.

—Wes Dorchester returned to his home on Salmon river Tuesday.

—Mr. and Mrs. J. W. Patterson were over from Moscow Wednesday.

—The ladies' aid will meet with Mrs. C. H. Neller next Wednesday afternoon.

—Frank Moore and Wm. Morgan, of Moscow, were here Wednesday on legal business.

—Mr. and Mrs. Nick Gaertner and their daughter left Monday of this week for Lederh Fabrikant, Germany, their former home. They may decide to remain permanently.

—D. T. A. MacKintosh, publisher of the Kendrick Gazette, and Miss Henrietta Lauterbach, daughter of the late John Lauterbach, were married Friday morning at Kendrick.

—Grandma Nulph returned to Genesee Tuesday from Spokane and has gone to housekeeping in the Ed. Follett residence. Sam Davidson brought her down, returning to Spokane Wednesday.

—A family numbering eight members, of the Adventist faith, arrived here Saturday of last week from Oberlin, Kans. They will remain permanently and have taken up a residence in the Pine Grove settlement.

—Rev. R. A. Gailley, who has been pastor of the Methodist Episcopal church at Colton for some time, has had his field extended to include the society at this place. He will continue to reside in Colton but will make regular visits here.

—Mr. and Mrs. Fred Follett, Mr. and Mrs. J. H. Greaves and Mr. and Mrs. J. A. Ball left Monday on their California trip. They were accompanied as far as Portland by Mrs. C. F. Burr who will visit a mother and sister of Mr. Burr in that city.

—Work on the big bridge across Lawyers canyon on the N. P. Grangeville extension is progressing nicely and it is claimed that trains will be crossing the canyon by the 15th of May and that the steel rails will be laid to Grangeville at least by June 15. It is expected that a regular train service will be established into Grangeville by July 1.

—R. R. Gray who has been spending the winter in California returned home Tuesday. His brother, Will, who accompanied him will arrive in part in a day or two. Mr. Gray says for a man of wealth California is a nice place to live but the poor cuss had better stay away. Just now the natives of Los Angeles and other large cities are subsiding off the money brought in by tourists.

## THOMAS DAVIS

The far sighted farmer

See the value of Corn King manure spreaders. He sees the folly of continued use of his land without reinvigorating the soil. He knows that repeated planting on the same field is sure to wear out the land and render it useless. He appreciates the value of barnyard manure as his fertilizer agent, and also knows that the most economical way of distributing this manure is with a manure spreader. He has seen and appreciated the distinctive features of the Corn King manure spreader and is convinced that they are the machines he needs.

CORN KING MANURE SPREADERS are popular with far-sighted farmers on account of their total efficiency and exclusive features. They have a vibrating rake for leveling the load and insure even distribution. They have a folding seat which may be kept clean and dry. They have small wheels which turn entirely under the bed. They are light in draft. These features, together with many others, contribute to durability, simplicity, ease of operation, and prove their importance by the entire satisfaction which these machines have given wherever they have been used. They are made in three sizes.

## FOLLETT BROTHERS

# TO THE PUBLIC

It has just come to my notice that some of the traveling opticians scouring this part of the country have been using my name in connection with their business, claiming that I am here to make good their work in case of dissatisfaction. I will here say to the tramp optician's customers and the public at large that I am in no way connected in business with any other person and that my name has fraudulently been used by the stray professors to strengthen the public's confidence and thereby make it possible to palm off on their E. Z. Marks more of their wares.

To those needing glasses I will say, do not take the pay-so of another for granted without being further posted. I am a registered optometrist of the State of Idaho, which my state certificate will show. My method of testing eyes is the retinoscopy or "shadow test" which is the most dependable and gives better results than any other method employed.

My prices are very reasonable as I only figure on a small living profit. All glasses fitted by me are guaranteed for one year. Any change of lenses or alteration of the glasses inside of a year is free. Examination free.

Don't fail to call on your local optician who is here at all times to make good his guarantee.

### PIONEER COUPLE CELEBRATE 25TH ANNIVERSARY.

It being voiced about that April 6 was the 25th anniversary of Mr. and Mrs. Dittler Smith's wedding their many friends prepared to give them a surprise and assemble them upon the occasion. Accordingly last Sunday morning after the Smith family, in accordance with their usual custom, went to attend church, their home was taken possession of by friends who were in advance to prepare for the arrival of the guests. After the services in Our Savior's church was concluded it was arranged to have the Smith family leave first, and they were not a little surprised to find their fellow-worshippers did not disperse by different roads to their respective homes but all followed in line back of them forming a long train to accompany them home. The yard was literally filled with people who now went in to greet and congratulate the happy family. Rev. O. C. Hellekson addressed the couple on behalf of the assembled friends and also presented some beautiful silver which had been bought as a present for the couple at this their silver wedding. Mr. Smith in a few well chosen words on behalf of himself and wife, bade his friends a hearty welcome and thanked them for the kind words spoken and honor and friendship shown him. A delicious dinner was served of which all partook amply, and the remainder of the day was spent in a jolly good time. Naturally the times and conditions in the Genesee valley 25 years ago was reviewed with much interest by the old-timers.

Mr. Smith came to this community and took up a homestead in 1877, 31 years ago, and is one of the oldest pioneers of the country. In 1883 he went to San Francisco to meet his bride and present wife who came out from Iowa. On April 6 they were united in marriage by Rev. Grossberg and immediately left for their home here where they together braved the hardships of the pioneer life and continuously to the present date have lived in a happy union. Their home has been blessed with 7 children, six daughters and one son, of whom Louise is a student at the Lewiston Normal school, but at present is home for a week of vacation. Johanna (Dollie) left Tuesday to enter the school for nurses at the Deaconess hospital in Spokane, and the others are at home with their parents. Their home has also been a place of refuge for several orphans, and many a friend and stranger has been hospitably and warmly received under their roof.

Mr. and Mrs. Smith are the owners of a fine large and well improved ranch 6 miles north of town and have taken an active part in the development of the country. In 1878, 30 years ago, Mr. Smith was one of the organizers of Our Savior's Evangelical Lutheran congregation, the first church organization in this part of the country, and with his family has ever been an active member of same. Both are enjoying good health, and Mr. Smith in company with Mr. Jacob Eikum and Mr. and Mrs. Jens Moller are planning to this summer pay a visit to the land of their birth and their friends, the two former to Norway, the latter to Denmark. On Monday following the silver wedding Mr. Smith took his family to Moscow to have a family picture taken.

Troy has displayed the proper spirit in voting \$12,000 bonds for the erection of a new brick school house to replace their present antedated building.

The charges against M. H. Harbaugh, the deputy game warden for Nez Perce county, made by R. B. Hibbs and R. L. Pennell, were not sustained and Mr. Harbaugh will be reinstated in the service. Upon his own request Mr. Harbaugh has been transferred from Nez Perce to Kootenai county.

Wm. Mohl, deputy state horticultural inspector, is quoted as saying that in his opinion very little damage to fruit trees resulted from the heavy frost of Monday night in the Lewiston country and that in his opinion the biggest crop of peaches, cherries and apricots will be harvested in the history of the valley.

Now is the time to build. Bring us your bill, and we will and can save you money.

MADISON LUMBER CO. JOHN MEYER, MGR.

Having an overstock of coal in our sheds we will sell for the next thirty days at \$7.00 per ton. POTLATCH LUMBER CO.

Orville Livingstager, a young man acting as mail clerk on the branch was placed under arrest Tuesday in Spokane on a warrant sworn out by W. R. Brown of this place. Brown charges the young man with the theft of two rings and a watch taken from his room in this city. Livingstager claims that Brown gave him the jewelry to take to Spokane to have repairs made and through jealousy is attempting to blacken his character. The trial of Mr. Livingstager was to have come up at Moscow yesterday but has been postponed to Monday and he has been released on bond. Sentiment in Genesee is almost wholly with the accused. The Lewiston Tribune has the following to say concerning the matter:

Lewiston friends are shocked over the arrest of Orville Livingstager, who is now in Moscow to be given a preliminary hearing today on the charge of grand larceny, and yet are pleased with information reaching here that the charges are entirely without warrant. Orville was arrested in Spokane yesterday and brought to Moscow last night on the Owl train. Deputy Sheriff Robbins, of Moscow, has on his run yesterday to accompany him to Spokane.

Orville is charged with stealing a watch, rings and other jewelry from a resident of Genesee named Browne. It appears some word was sent to Chief of Police Rice in Spokane that Orville was suspected and when he reached Spokane on his run yesterday as a railway mail clerk, Chief Elwell, of the mail service, told him that some message had come from Genesee that requested his attention. Browne, Chief of Police Rice, of Spokane. He immediately went there and when Mr. Rice talked to him he immediately produced the jewelry in question. He was carrying it in his pocket and expressed surprise. He explained it had been given him by parties in Genesee to take to Spokane to have certain repairs or remodeling made. The facts appear to be that parties jealous of Orville have endeavored to place him in an embarrassing position, and at least every Lewiston friend will believe so until the contrary is proven beyond the extent of the accusation of a single man.

Orville spent his boyhood in Lewiston. His record for honesty is known to all in the community. As a poor boy he early formed the correct view that the road to achievement was hard and he worked. He was, in tender years, an employee of the Tribune for four years, and he was loyal, patient, honest and conscientious in his newspaper circulation. In the meantime he was receiving an education in the Lewiston public schools. Then later he entered the postoffice service and in carrying mail of the city route he displayed the same industry, honesty and purpose to succeed. Every citizen here is proud to know him and likes him. Then he had an ambition to enter the railway service. He studied for the examination and succeeded.

### CHURCH NOTICES.

Rev. E. P. Warren will conduct services as usual at the M. E. South church Sunday.

Rev. R. A. Gailley will conduct services at the Lutheran chapel Sunday morning for the Methodist Episcopal society.

Services with communion will be held in the Lutheran chapel on Thursday in Holy week at 11 a. m. A cordial invitation is extended to all.

Rev. O. C. Hellekson.

Having an overstock of coal in our sheds we will sell for the next thirty days at \$7.00 per ton. POTLATCH LUMBER CO.

DEATH WAS ON HIS HEELS. Jesse P. Morris, of Skippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs and lung disease in all the world. So I bought a guarantee bottle of Dr. King's New Discovery. It cost me 50c and I'm a free bottle free."

The kidneys are delicate and sensitive organs and are very likely at any time to get out of order. DeWitt's Kidney and Bladder Pills are prompt and thorough and will in a very short time strengthen the weakened kidneys and allow freedom arising from inflammation of the bladder. Sold by Greaves' Pharmacy.

"ONE TOUCH OF NATURE MAKES THE WHOLE WORLD KIN."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm-hearted wish of the writer to be of use to someone else. This remedy is for sale by F. F. Dicus & Co.

FRIDAY, APRIL 10, 1908.

W. C. Fowler spent Sunday at home.

Miss Elva Gray was home from Moscow over Sunday.

Miss Emma Nebelsick was here from Moscow the latter part of the week.

Allocating of the Coeur d'Alene reservation to the Indians is now in progress.

Miss Mollie Keane and Miss Edith Williamson, Lewiston normal students, are spending the week at home.

W. E. English left Sunday for Spokane where he has a temporary position in the Crescent department store. He may secure a permanent position.

The Y. M. I. society will give a dance at the opera house on the 22nd inst. The event will take the place of the one advertised for February 22, which was declared off on account of the scarlet fever quarantine.

In a personal letter from Dr. H. J. Smith he advises us that his recent illness, a good touch of Bright's disease, has yielded to treatment and that he will be able to continue his dental practice in Spokane.

Dr. J. L. Conant, Jr., has effected a sale of his brick business block in this city to John Boyles and Roy Ferguson, two farmers residing near Colton. As a result of the sale Dr. Conant's share in the building is a valuable stock ranch on the Salmon river, a portion of which he has since sold to Wesley Dorchester.

Geo. Steltz, as administrator for the estate of Grey Sterling, a woman of the lower world who died here some years ago, has brought an action for damages against H. A. Morgan on the ground that the death of Grey Sterling was caused by her building in Colton a southern part of the city went unpaid a sufficient time for the property to be sold for taxes, Latah county becoming the buyer. The property was later sold to Thompson Bros. at Moscow, then to Jos. Hasfurther at this place who subsequently sold the same to H. A. Morgan. Mr. Morgan razed the building and disposed of the lumber for the estate, claims damages in the sum of \$1500 and for the loss of the building \$500, a total of \$2000. The property last year was assessed for \$20. Thompson Bros. paid Latah county \$25 for a deed and sold to Mr. Hasfurther for \$30.

Ladies come now as we have a new line of street and dress hats. Also make hats to order.

Mrs. Wm. Stoltz.

DeWitt's Little Early Buds, the famous little liver pills. Sold by Greaves' Pharmacy.

George McMahon is up from Pullman.

Mrs. W. J. Herman is spending the week in Spokane.

30 cents per dozen is being paid for eggs at all the Genesee stores.

Mr. and Mrs. F. E. Dicus and son left yesterday for a visit at Garfield.

A son was born to Mr. and Mrs. Arthur Hampton Wednesday of this week.

Ed. and Arthur Keane left yesterday morning for Mace where they expect to remain for some months.

Mrs. Mabel Reed, at present teaching school at St. John, was renewing acquaintances here Wednesday.

The new bridge across the Clearwater at Lewiston is now practically completed, work trains now being able to pass over it.

Rader & Westensee made a shipment of a car of hogs Tuesday of this week. The new firm expects to do an extensive business in this line. They will also handle poultry.

Miss Della Smith, cook at the Grand Central hotel, returned Friday following a two weeks visit at Spokane. We are informed that Miss Smith will return to Spokane in June.

Chas. Armstrong, of Wenatchee, Josh Armstrong, of Snake river, and Miss Rosa Armstrong, of Orofino, came home the latter part of last week to attend the funeral of their sister, Mrs. Chas. Edwards.

At a meeting of the city council held Wednesday evening it was voted to restrict the keeping of stallions in the territory south of the railroad track. The hours for using water for lawn purposes were made the same as last year—6 to 8 p. m.

Mr. and Mrs. Albert Fix were visitors in the city Sunday from Uniontown. Mr. Fix, who has been manager of the Vollmer & Scott general store at Uniontown for a number of years, has purchased the stock of goods and in the future will conduct the business for himself.

The newly organized base ball team indulged in a good practice game Sunday, defeating an aggregation from Pine Grove by a score of 15 to 6. The team this season is made up of some excellent material and the boys after a little practice expect to put up a game that will not be slow.

The remains of Mrs. Charles Edwards, who died on April 1 in Seattle, reached here Friday, accompanied by Mr. Edwards, the funeral taking place Sunday afternoon from the Congregational church, Rev. C. H. Nellor officiating. Interment was in the I. O. O. F. cemetery. The deceased was a daughter of Mrs. Mary Armstrong and for a good portion of her life was a resident of this community.

Death was caused by an abscess and her last illness was only four days duration. Her age was 36 years, 6 months and 28 days.

Having an overstock of coal in our sheds we will sell for the next thirty days at \$7.00 per ton. POTLATCH LUMBER CO.

Miss Dollie Smith left Tuesday for Spokane to take up nursing at the Deaconess hospital.

Frank Martin left Wednesday for Spokane. He took with him a fine coop of Plymouth Rock chickens.

Miss Louise Smith, of the state normal at Lewiston, is enjoying a week's vacation at her home north of town.

Glenn Cathcart and John Divi, of Elberton, brother and nephew of E. O. Cathcart, are spending the week here.

During the week the large road grader has done some very effective work in leveling the streets and roads leading into the city.

Mrs. H. A. Thatcher and little daughter left Sunday for a visit with Mr. Thatcher at Kennewick. Returning home they will stop at Coeur d'Alene.

Mrs. Head and two children returned to their home in Spokane Sunday following a visit of several days here at the J. W. Hall home. Mrs. Head and Mrs. Hall are sisters.

Mrs. G. N. Hollister left Monday for Spokane where she made proof on an 80-acre timber claim in Stevens county. She is now in Kettle Falls where she will remain for some time. Mr. Hollister expects to leave soon for the upper country.

Mrs. Susie Needham, deputy grand matron, of Lewiston, and Mrs. J. W. Lueallen, associate grand matron, of Moscow, paid an official visit to the local Eastern Star lodge Friday evening. The regular lodge work following the regular lodge work an excellent oyster supper was served which was greatly appreciated by the ladies from the fact that it was prepared and served by the gentlemen members of the organization.

The differences of Mr. and Mrs. C. Burger were settled last week by an equal division of the estate valued at about \$15,000. In the division of the 210 acre farm near Leon Mr. Burger was given 100 acres and the buildings and Mrs. Burger took the remaining 110 acres. G. Sewert and C. F. Barr, of Lewiston, made up the commission on the division of the estate, having been appointed by Judge Steele.

## Save Your Grain

Did you ever have your crop damaged while waiting for some big thrasher to get around to you? Did you ever have this same outfit waste your grain and you could not help yourself?

Did you ever stop to think that three or four cents per bushel added in threshing your grain, is just as good as that much added to the price of it?

Did you ever stop to figure how much you had paid out in five years for threshing?

Did you ever stop to think what you had to show for all that cash in the end?

If you give the above questions due consideration, you will come to the conclusion that the Belle City thrasher is the outfit you want. We will be pleased to show you this thrasher, for we know it is just the machine you need.

Sold by E. E. MILLER

### NOTICE OF MEETING OF REPUBLICAN STATE CONVENTION.

Pursuant to the authority of the Republican State Central Committee, and in accordance with their action, notice is hereby given that the City of Wallace, Idaho, on Tuesday, the 17th day of May, 1908, at 10 o'clock a. m., in the hall of the Wallace Hotel, will hold a convention for the purpose of electing delegates to the City of Chicago, State of Illinois, on the 16th day of August, 1908.

And, pursuant to the authority and in the direction of the Republican State Central Committee, a Republican State Nominating Convention will be held at the same place and time, on Tuesday, the 17th day of September, 1908, for the purpose of nominating a Republican platform of principles which will be announced at the same time and place, and candidates will be nominated for the offices of Governor, Lieutenant Governor, and State officers to be voted for at the general election to be held in the State of Idaho, on the 10th day of November, 1908.

The various counties of the state are entitled to designate representation in each state convention as follows:

Adair	1
Benewah	1
Bear Lake	1
Bingham	2
Boise	2
Blaine	1
Camia	1
Caribou	1
Clearwater	1
Condon	1
Idaho	1
Latah	1
Lincoln	1
Lewis	1
Owyhee	1
Twin Falls	1
Washington	1

Total 23

A resolution was passed by the State Central Committee, to the effect that the County Central Committees be requested to have the right to hold their county conventions together if they so desired, and to have authority hereby given to the County Central Committees to take such action in the premises as they see proper, and they are hereby requested to perfect all arrangements for the county conventions for the selection of delegates to meet at Wallace, Idaho, on Tuesday, the 17th day of May, 1908, at 10 o'clock a. m., for the purpose of transacting such business as may properly be brought before it.

JAMES H. BRADY, Chairman.  
ANDREW T. SMITH, Secretary.

### THE POULTRY YARD.

Do not make the common error of setting hens in the regular laying houses, and never be guilty of shutting up a hen on the nest. The barrel method is far better, and if a small lath run is built in front of the nest, the hen can get off and on her eggs as she deems best.

Some hens sit too closely to the nest, and others not close enough. But it is not in the province of man to know just how long biddy should remain on or off her eggs. Her judgment is best in such matters.

It is not advisable at this time of the year to place more than eleven eggs under a hen, as those on the outer edge are apt to become chilled. Do not disturb her while she is hatching, and leave the young in the nest for at least twenty-four hours. The youngsters need the warmth more than they do food.

For the first two weeks it is best to keep the hen and her young in a large house or coop, so that they can exercise and at the same time be protected from the weather. After that time they can be allowed outdoors during the middle of nice days.

Be sure that the new male bird you are using for breeding is no relative of the hens. You cannot expect strong, rugged stock where there is a close relationship between sire and dams.

For strong fertility, try alternating male birds in the pens. Have either two males for each pen, or three males for two pens, using only one male at a time in a pen, and changing about twice a week.

Eggs from two-year old hens are apt to hatch best at this time, and the chicks will be more thrifty than those from pullet eggs.

As a rule the eggs of hens that did heavy laying during the winter will not be so fertile as eggs from hens that made but a fair showing.—Farm Journal.

### THE BATTLESHIP IDAHO.

The battleship Idaho was formally turned over to the government last week by the William Cramp & Sons Shipbuilding company and will be shortly placed in commission.

The Idaho was launched December 9, 1905, at the Cramp ship yards at Philadelphia, Miss Louisa Gooding, daughter of Idaho's governor, christening the ship at that time.

The Idaho is the twenty-fifth battleship to be added to the modern American navy. With her sister ship, the Mississippi, she was authorized by the act of March 3, 1903, was placed under contract January 25, 1904. She cost approximately \$3,000,000.

She has a length of 375 feet, and a breadth of 77 feet, with a displacement of 13,000 tons. She has exceeded her speed requirements of 47 knots. The most interesting feature of every warship and in a sense the most important, is her armament, her batteries. In the past the Idaho is the peer of any battleship in the American navy. Her main battery will include four 12-inch breechloading rifles; eight 8-inch rifles, eight 7-pound guns and two 8-inch torpedo tubes. These are supplemented by a secondary battery comprising 12-inch, 14-pounder rapid firing guns, six 3-pounder semi-automatic guns; two 1-pounder automatic guns; two 1-pounder rapid fire guns, two 3-inch field pieces, two machine guns of 30 calibre and six automatic guns of the same calibre.

### PROPERTY FOR SALE.

I offer for sale my residence property, consisting of one of the best houses in Genesee, and two lots, also my harness shop, stock and equipment.

PETER JOHANN.

### HE GOT WHAT HE NEEDED.

"Nine years ago it looked as if my time had come," says Mr. C. Farthing of Mill Creek, Ind. Ter. "I was so run down that life hung on a very slender thread. It was then my druggist recommended Electric Bitters. I bought a bottle and I got what I needed—straightly I had one foot in the grave, but Electric Bitters put it back on the turf again, and I've been well ever since." Sold under guarantee at F. E. Dicus drug store, 50c.

SANFORD EVANS, Owner.

### CHAMBERLAIN'S HAS THE PREFERENCE.

Mr. Fred C. Hanrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have had and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best of the kind on the market. I handle some others for the same purpose, but pay as a larger profit, but this remedy is so sure to effect a cure, and I am so certain to appreciate my recommending it to him, that I give it to him in the shortest time. 25c at F. E. Dicus & Co. drug store."

### A TWENTY YEAR SENTENCE.

"I have just completed a twenty year health sentence, imposed by Bucken's Arnica Salve, which cured me of head-aching piles just twenty years ago," writes O. E. Weiler of Louisville, Ky. "Bucken's Arnica Salve heals the sore, boils, burns, wounds and cuts in the shortest time. 25c at F. E. Dicus & Co. drug store."

### WISE HINTS TO FARMERS.

Sometimes a minute of think is better than an hour of bustle.

About the time some people get ready to saw wood it is time to begin planting potatoes.

Stirring up the ground just before the potatoes show themselves, will hurry them up and make them grow faster afterward. Use a light spike-tooth harrow.

Fixing fence is a good deal like darning stockings. Only you can't see the fence mending when you go "down to see Aunt Sally." It must be done right on the spot, no matter how irksome it may be.

The beautifying of your place may mean to put grass and weeds, to trim shrubbery and trees, to cart off rubbish, and to nail up a plank or two; also to do a little whitewashing and cleaning. But after it is done you will be glad of it, and so will your neighbors.

Anything you can do this spring to make the farm home look nice? Might set out a few choice trees. Some frames for the roses to climb on would be pretty. Maybe the house is beginning to show signs of lack of paint. It will be time and money well spent if you can do such things.

Before setting a hen, clean up each nest, scrub it out, and sift a quart of coal ashes into the bottom. Then make a mat of newspapers, saturate well with kerosene and place in the bottom of the nest; upon this sift another quantity of ashes, then fill up with bright straw or other nesting material. Such nests will practically be loose proof.

When setting trees trim off all bruised roots with a sharp knife, leaving a smooth, clean edge which will heal rapidly and send out new feeding roots in a short time. A broken or bruised root will decay and be a damage to the tree. When a tree has lost a portion of its roots, a like portion of the top should be removed. If but a few of the roots have been removed in being transplanted, it will not be necessary to do more than thin out the top and balance the symmetry of the tree.—Farm Journal.

### NO MORE SNAKES.

The warm lava beds along the Snake river used to harbor rattlesnakes in considerable numbers. But the opidians do not stand blasting. With the first activities of the powder gangs on the Milner dam, most of the snakes left, where to no one knows and almost none have been seen since. Mr. Paris, the contractor for the dam, the first year he was here found a lava crack in the canyon where there were dozens if not hundreds of the snakes. Tying several willows together into one long pole, he poked a stick of dynamite with a lighted fuse attached into the hole and left it to burn. It is allowed, then, to adhere to a further supply of powder. The mission of all plant life is to reproduce its species, and thwarted in that by the removal of its blossoms, it will persistently repeat its efforts to produce seed. Once that is accomplished it rests, content, from its labor. Like the pansy bed, the vines must be gone over every day and all withered blossoms removed; better still, pick your blossoms as it opens are yet it has begun to wither.—The New Idea Woman's Magazine for May.

### APPRECIATION AS A FARM PRODUCT.

One of the most valued products of the farm is appreciation. In the many attempts at well doing in the course of a child's life, one of the strongest incentives is the knowledge that his good efforts are appreciated. I suppose there are many parents of our acquaintance who never take notice of the little childish struggles after preference and many more who never speak a word of praise. We know one father who was not only a father, but a friend to his three boys during their childhood; he was implicitly trusted, promptly obeyed and dearly beloved. If the baby in his daily development, attempted things beyond his years, the father is always ready with his encouragement and success in the effort was met with praise. If the older boys did something specially to please the father, or did a hard duty simply because it was right, it never went unappreciated. It makes one's heart ache to think of the little army of sons and daughters who plan to please father and mother, who are either not noticed or met with "Oh, do not bother me!" What could be sadder than a child's disappointments? A dear boy breathless with pride and anticipation of his mother's praise, ran to her and told of some daring, boyish feat which he had accomplished for the first time. And she replied: "Well that is nothing great." Poor boy and poor mother, who did not know how sweet it would be to take him to herself and say: "Did you really do that dear son? You will be as big as your father before you know it, won't you?" Many parents say it is not a good plan to praise children; it gives them too good an opinion of themselves; at least let them know that their little efforts are appreciated and they will feel that they will make stronger efforts for good each succeeding time.—American Farmer.

### \$50,000,000 GRAIN CROP.

Portland, Ore., April 13.—When the returns are in for April it will be found that Oregon, Washington and Idaho have shipped, flour included, 40,000,000 bushels of wheat.

The 1907 wheat crop of the three states was a record breaker by nearly 10,000,000 bushels, representing a grand total of 50,000,000 bushels. Not only was the wheat crop the largest on record, but barley also established a new mark, with a crop of nearly 10,000,000 bushels. Oats, exclusive of the crop in the La Conner district on Puget sound, is credited with a yield of 12,000,000 bushels in the three states. These figures, which show a grand total of 80,000,000 bushels of the three leading cereals, are computed from accurate statistics supplied by the railroad companies, and grain exporters in various parts of the three states.

Washington produced a wheat crop of about 35,000,000, Oregon slightly under 18,000,000 and Idaho somewhat over 5,000,000 bushels. The aggregate value to the farmers of the three cereals was not less than \$50,000,000.

The European business was remarkably evenly divided between Portland and Seattle. Puget sound ports, Seattle, Tacoma and Everett. The shipments from Portland from the opening of the season, July 1, 1907, to April 11, 1908, were 10,586,000 bushels, and from the three Puget sound ports for the same period they were 10,566,750 bushels. Puget sound handled more of wheat business, but the most of the California trade came to Portland.

The stocks on hand April 1 at tide-water, interior warehouses and in farmers' hands were 11,250,000 bushels.

### "FOR FIFTEEN YEARS."

"For fifteen years Bryan has fought the battles of the democratic party as no other man has done," says Representative Ollie M. James of Kentucky. True, most disastrously true.

Fifteen years ago the democrats controlled 23 out of 44 states; now they control 13 out of 46 states.

Fifteen years ago the democrats had 44 United States senators and the republicans 38; now the democrats have

# TO THE PUBLIC

It has just come to my notice that some of the traveling opticians scouring this part of the country have been using my name in connection with their business, claiming that I am here to make good their work in case of dissatisfaction. I will here say to the tramp optician's customers and the public at large that I am in no way connected in business with any other person and that my name has fraudulently been used by the stray professors to strengthen the public's confidence and thereby make it possible to palm off on their E. Z. Marks more of their wares.

To those needing glasses I will say, do not take the say-so of another for granted without being further posted. I am a registered optometrist of the State of Idaho, which my state certificate will show. My method of testing eyes is the retinoscopy or "shadow test" which is the most dependable and gives better results than any other method employed.

My prices are very reasonable as I only figure on a small living profit. All glasses fitted by me are guaranteed for one year. Any change of lenses or alteration of the glasses inside of a year is free. Examination free.

Don't fail to call on your local optician who is here at all times to make good his guarantee.

### THE GENESEE NEWS.

ENTERED AT THE POST OFFICE AT GENESSEE AS SECOND-CLASS MAIL MATTER.

CHAS. POWELL, PUBLISHER.

Subscription price, strictly in advance, \$1.50.

The coming week Mr. and Mrs. O. E. Miller will move into the W. E. English residence.

Mrs. Ada Ellis, accompanied by her son, Dr. C. E. Ellis, and daughter, Mrs. Hyatt, all of Spokane, have been guests of Mr. and Mrs. George Raymond during the week.

Tim Sullivan was here from Coeur d'Alene the first of the week. Associated with a Mr. Riley Mr. Sullivan is now conducting two large livery stables, one at Coeur d'Alene, the other at Spokane.

Conferees on the widows' pension bill reached an agreement Monday in congress by adopting the bill practically in the form as passed by the house. It increases from \$8 to \$12 per month the pensions of widows and soldiers of the Mexican, Indian and civil wars, and will increase the pension list about \$12,000,000.

Fred Gosselin is in receipt of a letter from Fred Spencer who left some weeks ago for the Big Camas Prairie country that there is quite a mistake in regard to the claim he is supposed to have been located on some time ago.

When Mr. Spencer visited the place to make some improvements he found another party in full possession. The fact was soon learned that the locators had shown one piece of land but gave the numbers of another for filing. The information has made a complete change in Mr. Gosselin's plans and he is now undecided whether to move or not.

Attorney E. O'Neill arrived last night from Moscow, where he represented as attorney Orville Living-sparger, who was charged with stealing from a man named Brown. The arrest of Living-sparger had caused a widespread interest in Lewiston in view of the fact that he was a Tribune carrier and later letter distributor for a number of years. Nobody here believed him guilty of the charge, and when the Owl train arrived last night Judge O'Neill vindicated this impression.

Judge O'Neill said in substance: "The arrest was made at Spokane upon a complaint filed before a justice of the peace at Genesee, charging the taking of a watch and chain, a couple of rings and some money. At Spokane friends of Mr. Living-sparger at once furnished a cash bond and Lewiston friends had a cash bond on hand at Moscow awaiting his arrival there, so that the efforts of the prosecutor resulted in no imprisonment. The claims and assertions of the prosecutor have from the first been discredited and regarded as false and malicious. While the straightforward conduct and clear statement of Mr. Living-sparger has been regarded as true and a perfect explanation of the whole matter, the attendant circumstances also so fully corroborated Mr. Living-sparger that his prosecution is suspended. The further investigation of the case will be along the line of determining why the prosecutor himself should not be prosecuted for filing such complaint."

Mr. O'Neill spoke in high praise of the treatment that was accorded Mr. Living-sparger by the Latah county officials. Mr. Living-sparger leaves for Spokane on the morning train. He was instructed by phone to proceed at once to his old position as mail clerk.—Lewiston Tribune, April 10.

NOTICE TO THE PUBLIC. I hereby caution all persons against extending credit on my account unless personally authorized to do so, otherwise I will not be held responsible.

R. R. GRAY.

Now is the time to build. Bring us your bill, and we will call can save you money. MADISON LUMBER CO., JOHN MEYER, Mgr.

"ONE TOUCH OF NATURE MAKES THE WHOLE WORLD KIN." When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough, Kidney and Bladder Pills write letters to the manufacturers, that others similarly ailing may also use it and obtain relief. Be kind every one of these letters is a warm-hearted wish of the writer to be of use to someone else. This remedy is for sale by F. E. DICUS & CO.

DeWitt's Little Early Risers, the famous little liver pills. Sold by Greaves Pharmacy.

#### CHURCH NOTICES.

The ladies' aid will meet Wednesday of next week in the church basement.

Rev. R. A. Gailey will conduct services at the Lutheran chapel Sunday evening for the Methodist Episcopal society.

Methodist Episcopal Church South: Sunday school at 10 a. m. Something nice for the children—Easter time. Preaching at 11, subject, "Resurrection." Evening, "Sin and the Sinner." E. P. WARRREN, Pastor.

Congregational church: Easter services will be held in this church both morning and evening of next Sunday. The morning service will be made up of appropriate music by the choir and a sermon on "The Naturalness of the Resurrection of Christ." The Sunday school will have charge of the evening service and the children will render songs, recitations and exercises appropriate to this great occasion. Your attendance at both of these services will be appreciated and you will be most welcome.

#### HAY FOR SALE.

I have for sale a quantity of baled grain hay. Price, \$6 per ton at the warehouse. W. M. THOMPSON.

EGGS FOR SALE.—From Rhode Island Reds \$1 per setting. THOMAS WILLIAMSON.

#### DEATH WAS ON HIS HEELS.

Jesse P. Morris, of Skippere, Va., had a close call in the spring of 1908. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs and lung disease in all the world." Sold under guarantee at F. E. DICUS drug store. 50c and \$1.00. Trial bottle free.

The kidneys are delicate and sensitive organs and are very likely at any time to get out of order. DeWitt's Kidney and Bladder Pills are prompt and thorough and will in a very short time strengthen the weakened kidneys and allay troubles arising from inflammation of the bladder. Sold by Greaves Pharmacy.

#### ALIAS SUMMONS.

In the District Court, Second Judicial District of the State of Idaho, in and for the County of Latah, John Johann, Plaintiff, vs. Peter Johann, Mary Broemmeling, all the heirs and devisees of Anna Mary King, deceased, and all unknown owners and claimants of lots number three and four of section four in township thirty-three north of range five west and the south half of the southeast quarter of section thirty-three in township thirty-eight north of range five west of Boise meridian, State of Idaho, Defendants. To each and every one of the above named defendants, THIS NOTICE IS GIVEN THAT if you do not appear under my hand and seal of the Court for the relief demanded in the complaint, you are hereby notified that there is now on file in the office of the District Court of the Second Judicial District of the State of Idaho, the complaint of the above named plaintiff against you, a copy of which is hereto attached, of the nature in and to the effect hereinafter set forth. You are hereby directed to appear and answer the complaint, if served within this district, and to appear and answer the same, if served outside of the day of service. And unless you so appear and answer, the plaintiff will apply to the Court for the relief demanded in the complaint.

Witness my hand and seal of the District Court of the Second Judicial District of the State of Idaho, this 11th day of April, A. D. 1909. By ANNIE NIELSEN, Deputy Clerk. WILLIAM E. STELLINGSMA, Attorney for Plaintiff, residence, Moscow, Idaho.

There are many magazines sold in the United States that are of no other value than paper. This is not the case with McCall's Magazine. It is a complete and up-to-date guide to the fashion world. It contains the latest styles in dress, and is a valuable reference for all who are interested in the art of dressmaking. It is published by McCall's Magazine Co., New York.

## Save Your Grain

Did you ever have your crop damaged while waiting for some big thrasher to get around to you?  
Did you ever have this same outfit waste your grain and you could not help yourself?  
Did you ever stop to think that three or four cents per bushel saved in threshing your grain, is just as good as that much added to the price of it?  
Did you ever stop to figure how much you had paid out in five years for threshing?  
Did you ever stop to think what you had to show for all that cash in the end?  
If you give the above questions due consideration, you will come to the conclusion that the Belle City thrasher is the outfit you want. We will be pleased to show you this thrasher, for we know it is just the machine you need.

#### FRIDAY, APRIL 17, 1908.

—Read Dicus' new ad.  
—Thomas Davis has a change of advertisement.  
—C. T. Stryker left the first of the week for Spokane.  
—The Harris family left overland the first of the week for the Yakima section.  
—T. Davis has added some new fixtures to the grocery department of his store.  
—Mr. and Mrs. Dicus returned from Garfield Sunday. Mr. Dicus' mother accompanied them.  
—D. Sprubek came up from Lewiston Wednesday where he has been spending the winter.  
—Miss Kate Driscoll, of Moscow, a sister of Mayor Driscoll, was a visitor here the latter part of the week.  
—District court will convene at Moscow on May 4, unless postponed as is often the case. The calendar will be very light.  
—At a meeting of the school board held Monday evening of this week positions as teachers in our schools were again offered to Miss Randall, Miss Wardrobe, Miss Besse and Miss Kimbrough. Mr. Peterson has asked for a \$10 per month increase in salary. Mr. Emmett will not teach the coming year but will engage in other work.  
—An exchange asks: Why don't some minister try locking the front door of his church Sunday morning before that they can get in by slipping around the back way, crossing the alley and sneaking through the side entrance when no one is looking? They ought to get a full house to hear the preacher's sermon.  
—A Washington dispatch states that the indications are that the president will sign the Benton dam bill. The president has signified his intention of conferring with Forester Pinchot before taking action in the matter. Senator Borah, when interviewed on the bill, said in his opinion the building of the dam by a private corporation would not operate to the disadvantage or injury of his state. He does not agree with the president that the federal government has a right to go within the boundaries of a sovereign state and exact compensation by a private company, even if the works be on navigable streams.

—P. F. Currins was up from Colton Monday.  
—Miss Maggie Healey is home from Spokane.  
—A. A. Haymond is quite seriously ill with tonsillitis.  
—Follett Bros. have a change of advertisement. Summer goods.  
—A son was born to Mr. and Mrs. Henry Heistmann Thursday last week.  
—Sheriff Keane was here from Moscow Friday on business connected with his office.  
—Frank Terhaar, owner of the Shire stallion Finca, has an advertisement in this issue.  
—D. E. Thomas and son, of Traway, were arrivals here Wednesday, guests at the C. E. Wood home.  
—The Whitman College Glee Club which appeared here Wednesday evening greatly pleased a fair sized audience. The program throughout was heartily applauded.

—A game of ball will be played on the local grounds Sunday afternoon between the Moscow Business College team and the Genesee nine. On the Sunday following our boys will play Johnson on the Genesee grounds, on May 3rd Pine Grove and May 10th Uniontown.  
—A surprise was given by about eighteen ladies of Genesee to Mrs. Nathan Edwards at his home Wednesday of this week, the event being her forty-sixth birthday. She received many pretty presents by which she will remember her many friends. A lunch was served and all had a very pleasant time.  
—Mr. and Mrs. John Geselchen and four children returned to Genesee Wednesday to remain. Mr. Geselchen sold out here some time ago and has since put in the greater part of the time around Spokane. He toured northern California and the Washington coast in search of something better than this section affords but failed to find it.

—During the month of January Jana Haon, a Frenchman, died very suddenly at his farm home near Princeton. Some neighbors found the body of the deceased several days after his death. While some money was in the house at the time no will could be located. Some time ago it was reported that a will had been found had the past week the following instrument, a hearing on which will be had in the probate court May 12, was filed for record.  
"Princeton, Idaho, July 7, 1907.—I am sick last night. I made my testament or my will. I do accidentally die hope you see me you bury me near Lenhart family. I give all to my best friend for he help me Louis Boutheiller and \$50 to Lenhart for bury me. En trouble.  
JANS BAPTIST HAON."

—During the week a number of English sparrows were killed by Marshall Steltz and very few of the pests now remain. As an example of how the sparrows will drive out other birds in the Exchange Bank building now occupied by the Glaesmaecher shoe shop for a number of years swallows have been making their nest in an opening in the eaves. This year they were driven out by the English sparrows, a pair of which had taken possession of the swallows' nest. An authority on the subject writes: "All are familiar with the defacement of buildings by these birds where they are numerous. It is estimated that the loss in the United States runs into the millions, by reason of their grain eating and their driving away of insect-eating birds and the consequent increase of insect pests."

—P. G. Jacobs, living northwest of town, is a very strong advocate of the dynamite method for eradicating the ground squirrels. His method is to take a stick of dynamite, break it into small pieces and mix with a putty knife drill a small hole into each piece which he places a quantity of powder. To the powder end a small fuse is attached. The piece is then packed into a small gas pipe, the dynamite is lighted and then placed into the hole. The fuse to the powder end is lighted and following the explosion which soon follows the poisonous smoke from the dynamite is forced to the bottom of the hole. Mr. Jacobs says that he has made a very thorough test and is of the opinion that no squirrel can escape death where the "dope" is applied.

—J. A. Miller, a retired grain dealer of Palouse, and an uncle of Fred Miller at this place, spent Sunday here.

—Mrs. Garret Wilkins, nee Lizzie Inakson, accompanied by her infant child, left Tuesday for her home at Vancouver.

—Mrs. H. A. Thatcher and little daughter returned Tuesday from their trip to Kennewick. Enroute home they visited former Genesee residents at Coeur d'Alene.

—Chris Hagan, county commissioner for this district, and Eli Harris, a bridge builder, were here from Moscow the first of the week. Mr. Hagan was looking after a bridge west of town which is in need of repairs.

—The fourteen months old daughter of Mr. and Mrs. Jake Brenner, residing near Leon, suffered a broken bone Sunday evening. The child was in a baby buggy which in an unguarded moment ran down an incline throwing it out.

—Mr. and Mrs. J. S. Larabee accompanied their daughter, Olive, to Spokane Tuesday where the latter will enter St. Luke's hospital to study to become a professional nurse. Mr. Larabee took occasion to buy new goods for his store.

—The hearing on the petition of Ella Sue Mathews and Jennie S. Thomas for the issuance of letters of administration in the estate of George W. Daggett came up before Judge Lukens at Moscow Saturday of last week. Mrs. Mathews contends that the deceased had made oral promises, also that the claim could be substantiated by witnesses in Genesee, that upon his death all property would be left to her. Mrs. Mathews asks for the appointment of H. H. Bangs as administrator. Mrs. Thomas asks for the appointment of Fred K. Bressler to render an opinion in the case tomorrow.

A lot of new Easter hats just arrived. Come and get your choice. Mrs. Wm. Smoltz.

#### —U. G. Dickson transacted business at Pullman the first of the week.

—Dr. J. E. Reilly now visits Uniontown Wednesday of each week instead of Monday and Thursday.

—Harry Lambert left the first of the week for Cheney, Wash., to accept a position with a nursery company.

—Mr. and Mrs. John Gray, of Hooper, Wash., uncle and aunt of Mr. and Mrs. O. E. Miller, are here on a visit.

—A number of the friends of Jake Goodnight are urging him to accept the nomination for state senator from Nez Perce county at the approaching convention.

—Mr. and Mrs. Joe, Fortz and little daughter were up from Uniontown Monday. Mr. Fortz last week disposed of his saloon business in Uniontown to the Colfax Brewing company.

—Pat Ryan transacted business in Moscow Friday.

—O. O'Reilly, of hotel fame, was a Colton visitor Monday.

—F. K. Bressler transacted business in Spokane this week.

—The Politch Lumber company has a new advertisement in this issue.

—LeRoy Brown, father of W. R. and Leonard Brown, has returned to Genesee from Clarkston.

—Theodore Loring left the first of the week for Spokane. Following a few days stay there he will pay a visit to California.

—Believing that a dryer climate will improve his health E. S. Sheldon has decided to move to the Kennewick section with his family to reside. They expect to get away the coming week, possibly Monday, and will take with them a car load of chattels.

#### —Mrs. F. K. Bressler visited Pullman Tuesday.

—Frank Vanouck was up from Pullman the first of the week.

—Mr. and Mrs. W. C. Brant are spending the week in Spokane.

—Peter Jackson transacted business in Palouse the latter part of the week.

—Joe Neyens, who left here some weeks ago for Nebraska, returned Wednesday.

—J. A. Miller, a retired grain dealer of Palouse, and an uncle of Fred Miller at this place, spent Sunday here.

—Mrs. Garret Wilkins, nee Lizzie Inakson, accompanied by her infant child, left Tuesday for her home at Vancouver.

—Mrs. H. A. Thatcher and little daughter returned Tuesday from their trip to Kennewick. Enroute home they visited former Genesee residents at Coeur d'Alene.

# TO THE PUBLIC

It has just come to my notice that some of the traveling opticians scouring this part of the country have been using my name in connection with their business, claiming that I am here to make good their work in case of dissatisfaction. I will here say to the tramp optician's customers and the public at large that I am in no way connected in business with any other person and that my name has fraudulently been used by the stray professors to strengthen the public's confidence and thereby make it possible to palm off on their E. Z. Marks more of their wares.

To those needing glasses I will say, do not take the say-so of another for granted without being further posted. I am a registered optometrist of the State of Idaho, which my state certificate will show. My method of testing eyes is the retinoscopy or "shadow test" which is the most dependable and gives better results than any other method employed.

My prices are very reasonable as I only figure on a small living profit. All glasses fitted by me are guaranteed for one year. Any change of lenses or alteration of the glasses inside of a year is free. Examination free.

Don't fail to call on your local optician who is here at all times to make good his guarantee.

### THE GENESEE NEWS.

ENTERED AT THE POST OFFICE AT GENESEE AS SECOND-CLASS MAIL MATTER.  
CHAS. POWERS, PUBLISHER.

Subscription price, strictly in advance, \$1.50.

—G. N. Hollister left yesterday morning for Spokane and the northern country.

—Miss Jacobs, of Chicago, a cousin of Mrs. John Kempf who has been a visitor here for some days, left yesterday morning for Uniontown.

—Will Gray, 47, returned the first of the week from the coast. During his absence he traveled as far south as San Francisco.

—Nearly every night during the past week the Grand Central hotel has been full to overflowing. Landlord O'Reilly finding it necessary to secure rooms for some of his guests in private families.

—Read the new ads. of the W. J. Herman Co., Thomas, Davis and F. E. Lambert in this issue.

—The dance given Wednesday night of this week by the Y. M. I. society was attended by eighty couples, being one of the leading social events of the season.

—While placing a transformer Saturday Electrician Jacobs injured one of his knees and has since been walking with the aid of a crutch.

—On the first of the coming month Miss Pauline Steltz, for a number of years in charge of the local telephone office, will resign her position to be succeeded by Miss Edith Morgan. As an operator Miss Steltz has always been obliging and efficient.

—Word reached here Wednesday morning announcing the death of Mrs. C. P. Cooper, at Moscow. The lady was for some time a resident of Genesee. Mr. and Mrs. John Vandenberg, old Nebraska acquaintances, left for Moscow Wednesday morning to attend the funeral.

—The new marriage law decreed for the Roman Catholic churches throughout the world, but which is aimed chiefly to correct the loose regulations surrounding the marriages in America in recent years, became effective Easter Sunday. In the main the new law prohibits civil marriages for Catholics, and declares unions in the church invalid in the future if either the bride or the bridegroom is not a Catholic. All marriages shall be performed by a priest duly authorized and before at least two witnesses. The principals in a marriage must furnish correct information as to their baptism and the ceremony must be performed in the bride's own parish or by some one delegated by the priest of that parish.

—Republican primaries will be held throughout Nez Perce county Monday, May 4, to select delegates for a county convention to be held on May 7, to choose 21 delegates to represent Nez Perce county at the state convention to be held at Wallace, May 12, to select delegates to the national convention. At the same time 21 delegates will be chosen for the state nominating convention to be held at Boise September 1. At the primaries delegates will be selected to attend a county convention, to place in nomination a full county ticket, send convention to be held subject to the call of the chairman of the republican county central committee. The voting place in Rinkrock precinct will be at the school house between the hours of 3 p. m. and 6 p. m. and three delegates are to be chosen.

R. R. GRAY.

Now is the time to build. Bring us your bill, and we will and can save you money.  
MADISON LUMBER CO., JOHN MEYER, Mgr.

#### "ONE TOUCH OF NATURE MAKES THE WHOLE WORLD KIN."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm-hearted wish of the writer to be of use to someone else. This remedy is for sale by F. E. Dicus & Co.

DeWitt's Little Early Risers, the famous little liver pills. Sold by Greaves' Pharmacy.

### CHURCH NOTICES.

Prof. Johnson, of Pullman, will preach at the Lutheran chapel on next Sunday morning. All are cordially invited to be present.

Easter services will be held at the Lutheran chapel on Sunday evening at 7:30. A cordial invitation is extended to all.

REV. O. C. HELLIKSON.  
M. E. church, South: Rev. J. G. Carrick, presiding elder will hold the 3rd quarterly conference at the parsonage Saturday, at 7:30 p. m., and will preach Sunday morning, administering the sacrament of the Lord's supper at the close of the service. Preaching in the evening by the pastor. Subject: "The Prodigal Son."

**POTATOES WANTED.**  
Burbank and other white varieties. Must be well graded and well sacked. Must be clean. Forty cents per hundred delivered. O. E. MILLER, Puget Sound Wharf.

**HAY FOR SALE.**  
I have for sale a quantity of baled grain hay. Price, \$6 per ton at the warehouse. W. M. THOMPSON.

**DEATH WAS ON HIS HEELS.**  
Jesse P. Morris, of Shippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs and lung diseases in the world." Sold under guarantee at F. E. Dicus drug store, 50c and \$1.00. Trial bottle free.

The kidneys are delicate and sensitive organs and are very likely at any time to get out of order. DeWitt's Kidney and Bladder Pills are prompt and thorough and will in a very short time strengthen the weakened kidneys and allay troubles arising from inflammation of the bladder. Sold by Greaves' Pharmacy.

### ALIAS SUMMONS.

In the District Court, Second Judicial District of the State of Idaho, in and for the County of Latah, John Johann, Plaintiff, vs. Peter Johann, Mary Broemmeling, all the heirs and devisees of John Johann deceased, and all the unknown owners and claimants of lots number three and four of section four in township thirty-three north of range five west and the south half of the southeast quarter of section thirty-three, township thirty-eight north of range five west of Boise meridian, Defendants.  
To each and all of the above named defendants: You are hereby notified that there is now on file in the office of the Clerk of the District Court of the Second Judicial District of the State of Idaho, in and for the County of Latah, at Moscow, Idaho, a complaint of the above named plaintiff in an action brought against you, a copy of which is hereto attached, of the nature in several terms as follows:  
To cause the title to lots three (3) and four (4) of section four (4) Twp. thirty-seven (37), N. R. five West and the south half of the Southeast quarter of section thirty-three, township thirty-eight, north of range five west of Boise meridian, State of Idaho.  
You are hereby directed to appear and answer to said complaint within twenty days after the service hereon served within this district, and within forty days if served elsewhere (exclusive of the day of service), and unless you appear and answer, the plaintiff will apply to the Court for the relief demanded in the complaint.  
GIVEN under my hand and the seal of the District Court of the Second Judicial District of the State of Idaho, in and for the County of Latah, this 15th day of April, A. D. 1908.  
JAMES F. KANARVY, Clerk.  
BY ANDREW WALTON, Deputy.  
WILLIAM H. BRILLIANT, Attorney for Plaintiff, residence, Moscow, Idaho.

### FRIDAY, APRIL 24, 1908.

—Mr. and Mrs. C. F. Burr left Wednesday for Spokane.

—Mrs. O. V. Porter is a Genesee visitor this week from Spokane.

—Will McMahon was out from Salmon river the first of the week.

—Mr. and Mrs. W. E. English took their departure from Genesee Sunday for LaCrosse.

—The familiar figure of W. W. Gray is again visible upon our streets, he having returned from his California trip the latter part of the week.

—Jake Kambitch now receives a pension of \$20 per month, an increase having been granted in accordance with the recently passed age pension bill.

—Fred Scharnhorst was in town Monday for the first time in several days he having been confined to the house with a mixture of ailments—mumps and grippe.

—John Fredericks returned Wednesday from Colville, Wash. His brother, Mat, who has been confined to a hospital in that city since last fall, a victim of pneumonia, returned with him.

—It is stated that the state veterinary surgeon, G. E. Noble, paid an official visit to the Cedar creek country, near the eastern line of this county, and ordered killed a number of horses afflicted with glanders. Among the number is a \$4,000 stallion belonging to a company of farmers.

Save Your Grain

Did you ever have your crop damaged while waiting for some big thrasher to get around to you?  
Did you ever have this same outfit waste your grain and you could not help yourself?  
Did you ever stop to think that three or four cents per bushel saved in threshing your grain, is just as good as that much added to the price of it?  
Did you ever stop to figure how much you had paid out in five years for threshing?  
Did you ever stop to think what you had to show for all that cash in the end?  
If you give the above questions due consideration, you will come to the conclusion that the Belle City thrasher is the outfit for you. We will be pleased to show you this thrasher, for we know it is just the machine you need.

Sold by **E. E. MILLER**

Complete Line of Agricultural Implements

—Frank Robinson is spending the week at the new town of Vollmer.

—A. Murphy has been making some improvements about his residence.

—On a recent visit here Sheriff Keane made a cash contribution to aid the Genesee band.

—J. S. Martin and W. A. Cochran were business visitors in Genesee Tuesday from Culldeac.

—The Clearwater river is reported as being very high, some of the ferry boats not being able to run.

—C. O. Goserud, a former Genesee resident, was last week married at Pullman to Miss Edna Livingston, also of Pullman.

—C. T. Stryker returned Tuesday from a week's stay in Spokane. As a result of his visit he may decide to invest in Spokane property.

—To date five car loads of beans have been shipped from Kendrick and the buying of same still continues by the Kendrick merchants.

—Our juvenile base ball team went to Colton Saturday where they were defeated by a similar aggregation. The game was a hot one, lasting for twelve innings.

—Mrs. Steve Broemmeling underwent a very delicate surgical operation at the Gritman hospital at Moscow the first of the week. Dr. Thomas, of Spokane, performed the operation.

—T. J. Cooper, connected with the First Bank of Troy was a Genesee visitor Sunday, the guest of O'Reilly, "that keeps the hotel," they being old acquaintances at Harrington, Wash. John Johansen, also of Troy, accompanied him.

—The John Geselchen family has gone to housekeeping in the Means residence near the Lutheran chapel.

—Miss Pauline N. Sheele, a young lady residing north of town, was married Wednesday of last week in Moscow to Oliver M. Peterson, of Juliaetta.

—For the coming school year Miss Nellie Asbury, formerly of this place, has been chosen principal of the Culldeac schools. Miss Asper Goserud has also been chosen as one of the grade teachers.

—The family of W. D. Merrill arrived here the latter part of the week from Decorah, Iowa, and they have gone to housekeeping in the Patterson residence in the western part of town. Mr. Merrill is employed by the C. E. Wood Co.

—The great Genesee valley was blessed with a heavy rain Tuesday and Wednesday which has done untold good to growing crops. Winter wheat could not look better. The present also promises to be an excellent year for fruit. At the present time trees of all kinds are heavily laden with buds no damage at all resulting from frosts.

—That Latah county can make the best financial showing of any county in the state there is little doubt. Out of a tax list amounting to \$191,000, there is delinquent only \$9,000, or a little over 4 1/2 per cent. For the quarter ending April 1 the report will show only \$2,126.10 in arrears unpaid. The cash on hand to be apportioned to the various funds is \$67,474.26.

—On Saturday of last week's delegation of Genesee Masons visited Moscow where they attended a largely attended meeting of the order held in that city, visitors being present from all the surrounding towns. Those in attendance from Genesee were: J. Rosenstein, Robert Emmet, Leon Follett, R. Pickering, J. K. Bell, F. A. Robinson, J. C. Hanson, W. J. Herman, Fred Miller, W. C. Brant and E. E. Oylar. A very enjoyable trip is reported.

—Under the provisions of the Idaho law regulating the sale of intoxicating liquors it is declared to be a misdemeanor for any dealer to sell or give away liquor to an habitual drunkard, also that the dealers license is subject to revocation and that he or they are liable in a civil action in the sum of \$200 for each offense. It is also a misdemeanor for any person to give liquor to an habitual drunkard. Another feature of the law not generally known is the fact that the names of all declared habitual drunkards shall be posted in the places where liquor is sold after being officially notified.

—That Genesee will, in the very near future, have a first-class brass band is an assumed fact. Through the persuasion of the Genesee band, the Genesee band is being organized.

—Miss Edith Morgan has been spending the week in Lewiston.

—J. H. Rader went to Spokane Friday, taking with him a car of fat hogs.

—Born to Mr. and Mrs. Chas. Geltz, a son, Tuesday morning, April 21st.

—C. C. Bunnell, a prominent resident of Lewiston since 1862, died in that city Friday morning.

—H. A. Ellis, for a number of years engaged as principal of the Colton schools has been chosen as principal of the Pullman schools.

—Elihu O'Reilly, son of Mr. and Mrs. O. O'Reilly of this place was here during the week from Harrington, Wash. Mr. O'Reilly is a druggist by profession.

—Mr. and Mrs. Albert Bodinger, of Perham, Minn., are new arrivals here. They have gone to housekeeping in the Kambitch residence in the northern part of town.

—According to a well-known agricultural publication the average condition of winter wheat April 1 was 90.2, against 88.1 a year ago, and 85 for the last ten years. This is the sort of encouragement that counts.

## JAMES K. BELL

Exclusive Grocery and Crockery Dealer

—The board of county commissioners has issued new liquor licenses to the following Genesee parties: N. Edwards, John Tracy, C. A. Miller, Paul Reck.

—Lewiston people are feeling jubilant over the announcement that the N. P. and O. R. & N. would jointly build a depot in that city to cost \$75,000, the structure to be of brick and stone. The proposed site is to be about opposite the court house.

—Figures showing the apportionment in the various counties of the general tax levy for 1908 have been compiled in the office of State Auditor Bragaw. The levy is for \$500,000 and the increase in the state in valuation for 1907 over 1906 is about \$17,600,000. The assessments are based each year upon the valuation of the preceding year. The assessed valuations in 1906 were \$82,000,000 in round numbers and for 1907, \$99,672,288.70. The rate of taxation for this year will be less than last year by over one mill. The rate for last year was .00644, and for this year it will be .00501.

—An Ida Grove, Iowa, dispatch says: A great sensation was created here when between sixty and seventy farmers in Ida county received notice from the United States circuit court of appeals to the effect that the so called Economy cream separator they had purchased of Sears, Roebuck Co. had been declared an infringement and they were restrained from using the separator. The farmers who have received notice have consulted lawyers as to what they had better do and the lawyers advised them to break up and sell the separators as old iron and then come to town and buy new ones. The mail order house has been restrained by the court from manufacturing and selling any more of the separators, and they were forced to bring their books into court and show to whom they had sold the machines. The users are being notified that they must not use them. Many of these machines have been sold throughout the Palouse country.

—Vern and Lee, the two Swartz boys living five miles southwest of town, made a raid on a den of coyotes a short time ago and captured ten little fellows. They discovered the mother as she came out of a hole in a ledge of rock on a small canyon which runs into Lawyers canyon. They listened and could hear the baby coyotes in the hole and it was decided to capture them. So one of the boys watched while the other went to the house after a rifle, which was to be used for protection in case the mother returned, and while one of them watched, the other crawled into the hole for about twenty feet after his game. The hole was so small it would not permit the boy to turn around and he had to back out. The task was a tedious one but the lads stayed with it until they got all of them. Nine were killed and will be taken to Lewiston where the bounty will be secured. The tenth one was purchased by Chan. Wallace and will be shipped to a zoological garden at Cedar Rapids, Iowa.—Nezperce Herald.

A big cut or a little cut, small scratches or bruises or big ones are healed quickly by DeWitt's Carbolyzed Witch Hazel Salve. It is especially good for piles. Get DeWitt's. Sold by Greaves' Pharmacy.

### CHAMBERLAIN'S HAS THE PREFERENCE.

Mr. Fred C. Hanrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it to him, that I give it the preference." For sale by F. E. Dicus & Co.

To have perfect health we must have perfect digestion, and it is very important not to permit of any delay the moment the stomach feels out of order. Take something at once that you know will promptly and unfailingly assist digestion. There is nothing better than Kodol for dyspepsia, indigestion, sour stomach, belching of gas and nervous headache. Kodol is a natural digestant, and will digest what you eat. Sold by Greaves' Pharmacy.

A TWENTY YEAR SENTENCE. "I have just completed a twenty year health sentence, imposed by Bucklen's Arnica Salve, which cured me of bleeding piles just twenty years ago," writes O. S. Woolever, of LeRaysville, N. Y. Bucklen's Arnica Salve heals the worst sores, boils, burns, wounds and cuts in the shortest time. 25c at F. E. Dicus & Co. drug store.

### BRIDGE WORK DELAYED SOME.

The writer and family made a trip out to the site of the big steel railroad bridge across Lawyer's canyon north of Ferdinand Sunday. The bridge is a mammoth affair and well worth anyone's time to see. Large crowds of sightseers assemble there each Sunday and give the day a holiday appearance. The work of installing the bridge steel has been going on for several weeks, and, to our inexperienced eyes, about one-fourth of the steel is now in place the work is daily becoming more difficult and dangerous and the large crane used in handling the heavy pieces of steel has about all it can do at times. Last week it is reported to have tipped up a couple of times when extra heavy pieces were being lowered into place and a number of the workmen quit rather than to continue in such dangerous positions. This will delay progress materially until other men can be secured and it is no easy task to get men suited to such work.

There still remains 16 concrete piers to be built on this side of the canyon but most of these are short ones and they will probably all be completed long before needed. Just how long it will take yet to complete the bridge is hard to tell but it is very doubtful if it is in place before the middle of July at the earliest, and a little bad luck can easily delay this a month more.

The bridge in the center is 285 feet above the bottom of the canyon and is 1,495 feet in length. It will contain, when finished, 2,420 tons of steel and 60,000 rivets will be used in putting it together. The heaviest single piece of steel entering into the construction of the big bridge weighs 35 tons. The bridge has the distinction of being the highest railroad bridge on the Northern Pacific system and is one of the highest in the world. Its construction is an engineering feat of no mean importance and the completion of the structure is being impatiently awaited by all the residents of Camas Prairie and Idaho county.—Cottonwood Chronicle.

### PLENTY OF TROUBLE

is caused by stagnation of the liver and bowels. To get rid of it and headache and biliousness and the poison that brings jaundice, take Dr. King's New Life Pills, the reliable purifiers that do the work without grinding or griping. 25c at F. E. Dicus & Co. drug store.

Kennedy's Laxative Cough Syrup—the cough syrup that tastes nearly as good as maple sugar and which children like so well to take. Unlike nearly all other cough remedies, it does not constipate, but on the other hand it acts promptly yet gently on the bowels, through which the cold is forced out of the system, and at the same time it allays inflammation. Always use Kennedy's Laxative Cough Syrup. Sold by Greaves' Pharmacy.

### FARMERS MEET AT PULLMAN.

Representatives of the 140 local branches of the Farmers' Educational and Co-Operative Union in Washington, Idaho and Oregon will meet at Pullman, June 15 and 16, in their first convention. It is estimated that fully five hundred visitors and delegates will be in attendance. It is planned to hold the meetings of the convention at the college armory.

One of the big features of the convention will be the presence of Chas. Barrett, president of the national union, who will come all the way from his home at Union City, Georgia, to aid in the work, and matters of paramount interest to the producers of the three great northwestern states will be considered. It is expected that President Barrett, the head of the order that now numbers 2,400,000 members, will give at least one public address.

### AN IRREPRESSIBLE CONFLICT.

A well known political writer says: There is now in the democratic party, as for twelve years past, a fundamental trouble that has not been settled, but that will have to be cleared away some day with a severe wrench to the party. It may be possible during another quadrennial period to edge around the matter and defer the final trial of strength, but it must come at last according to the nature of human affairs. A large number of democrats have never been reconciled to Mr. Bryan and his populist theories and never will be. They hesitate to break away definitely, hoping that something will occur to end the Bryan spell on the party, or that the man himself will weaken in his remarkable persistency, but no relief of this kind is in sight at present. Prominent democrats are reluctant to try for the nomination, knowing that if they should get it they would suffer the fate of Parker, as there is no doubt that Bryan would knife them in this campaign and at the polls in the same fashion.

Bryan was beaten in 1896 by 600,000 and in 1900 by 800,000. Through the defection of the Bryan support Parker was overwhelmed by 2,500,000. These are the horns of the dilemma. Defeat awaits the party either way. But it does not seem to realize that it must tear loose from Bryan positively before it can hope to command confidence in the national field. This sundering must inevitably come, but when or how does not appear at this time. Perhaps another defeat will bring it about, but that Bryan will ever voluntarily let go of the party, or genuinely support any man for president whom he could not name or control is improbable. When the party summons courage enough to defy his leadership and act for itself it will bring the situation to a point. No doubt it will be stormy, but storms clear the atmosphere.

### WILL MAKE FIGHT.

Moscow, April 25.—At an enthusiastic meeting held here tonight, prominent Latah county democrats organized a movement for sending a contesting delegation to the Twin Falls convention. The step was taken as the result of the action of the county central committee which at a meeting held a few days ago elected the delegates to the state convention, over the protest of democrats who asked that primaries be called and the delegates chosen through the customary convention plan.

At the meeting tonight Attorney Frank Moore was elected chairman and D. W. Hanna, secretary. These officers with John Hall, James Sinclair, Thomas Griffin, Prof. Aldrich and Frank Cornwell were chosen by the meeting as an executive committee to learn the sentiments of the democrats throughout the county relative to calling a mass convention for the purpose of electing delegates to go to Twin Falls.

The meeting was attended by about fifty democrats and all who spoke strongly favored resenting the action of the central committee. Communications were received from the Ada county democratic club assuring the meeting the support of democrats in that section of the state would be given them should they decide to send a contesting delegation.

After the meeting tonight, Attorney Moore said: "A contesting delegation will be sent to Twin Falls. There is no doubt about that. Those

joining in this movement are in the fight to stay and most of them have blood in their eye."

The action of the meeting in deciding to launch the move for a contesting delegation was agreed upon by a unanimous vote and the meeting throughout was a most harmonious one.

### SEATTLE PREPARES FOR FLEET.

Seattle, April 22.—The big Atlantic fleet will arrive in Seattle early on the afternoon of May 23d. The Chamber of Commerce has just received this definite information from Senator Piles.

The navy department had planned to have the fleet drop anchor in Seattle harbor on Saturday night, but that was not desired by the entertainment committee and a request to have the schedule altered was made to the Department. Senator Piles presented the request and at once telegraphed the Chamber of Commerce to that effect. The fleet will be here until May 27th; then some of the ships will go to Tacoma before going to the Puget Sound Navy Yard, and others will leave for San Francisco.

The entertainment committee is now figuring on a monster parade of the boys of the Navy, and, in addition, it is likely that about thirteen companies of artillery stationed at the forts on Puget Sound will participate. The Chamber of Commerce has asked the secretary of war to order the companies to Seattle to visit the fleet, and an early answer is expected. The Chamber is very hopeful that the request will be granted.

While in Seattle, the members of the fleet will have to pay no street car fare. The Seattle Electric Company has stated to the entertainment committee that it will furnish the boys with fifty thousand street car tickets—equal to \$2,000. The tickets will be turned over to the quartermasters of the various ships.

The mayor of every city in the northwest, and the president of every commercial body will be invited to come to Seattle during the visit of the fleet. Invitations are now being sent to them. It is also planned to invite the governors of Utah, Colorado, North and South Dakota to visit the city as its guests while the fleet is here. The governors of Oregon, Idaho, Montana and British Columbia have already responded to invitations to be present.

A little while ago some people were talking about "things being quiet" in the west, as well as the east, but the finance committee that went out to raise \$25,000 among the business men of Seattle, with which to pay the expenses of the coming celebration, did not run into any "hard times!" Merchants and business men generally responded handsomely, and the committee has practically every dollar of the desired fund pledged.

Out of the three nights on which fireworks are to be displayed during the visit of the fleet, the Japanese of the city have that part of the program in hand, for one evening, and they have cabled to Japan for 300 shells to be used in the display. The shells will be largely ten-inch and are guaranteed by the Japanese to produce novel and striking effects.

### PROPERTY FOR SALE.

I offer for sale my residence property, consisting of one of the best houses in Genesee, and two lots, also my harness shop, stock and equipment.

PETER JOHANN.

### VALUED SAME AS GOLD.

B. G. Stewart, a merchant of Cedar View, Miss., says: "I tell my customers when they buy a box of Dr. King's New Life Pills they get the worth of that much gold in weight, if afflicted with constipation, malaria or biliousness." Sold under guarantee at F. E. Dicus & Co's drug store. 25c.

The NEWS and Twice-a-Week Spokesman-Review \$2.25.

### IT REACHED THE SPOT.

Mr. E. Humphrey, who owns a large general store at Omega, O., and is president of the Adams County Telephone Co., as well as of the Home Telephone Co., of Pike County, O., says of Dr. King's New Discovery: "It saved my life once. At least I think it did. It seemed to reach the spot—the very seat of my cough,—when everything else failed." Dr. King's New Discovery not only reaches the cough spot; it heals the sore spots and the weak spots in throat, lungs and chest. Sold under guarantee at F. E. Dicus & Co's drug store. 50c. and \$1.00. Trial bottle free.

### At the Genesee Opera House

When the audiences left the Empire Theater yesterday afternoon and night, at the conclusion of performances of "Sis in New York," there was manifestly a feeling of restfulness that a melodrama had been at last presented which pleased without keeping the nerves strained to the point of discomfort. The good, wholesome play opens in a country village in Indiana and introduces characters well known to residents of that state and to others through the writings of such Hoosiers as James Whitcome Riley and George Ade.

The rather old plot of a farmer being swindled out of his property by a smooth rascal, and regaining his lost wealth through the sharp wit of an adopted daughter, furnishes the foundation of the story. The taking of these simple people to the great city and maneuvering them and the pitfalls of strange sights of metropolitan life, give opportunity for plenty of comedy situations and pathetic experiences.

The company presenting the play at the Empire this week is mainly capable and in some particulars much above the road troupes coming this way from the east. The title part is assumed by Miss Edna Daly, who has much to do with keeping the audience in good humor, and Ray Baker makes the plain, old farmer not too grotesque. Fred Roseny in the unattractive role of the rascally railroad agent, who tries by all sorts of unfair means to cheat both Sis and the farmer out of their rights, does some excellent heavy villain work.

Other members of the company fill out the parts quite acceptably and the management deserves considerable praise for putting on the piece in a manner that must involve more than the customary amount of expense.—Portland Oregonian.

"Sis In New York" will appear this (Friday) evening at the Genesee Opera House. Seats on sale at Dicus drug store.

### FOR SALE.

A 220 egg Sypher's incubator, good as new for \$16, or half price. Will hatch May 2. If interested come May 3 and see results.

# The Essential Thing

The essential thing to conduct a business successfully is money. You have often heard a person say, "Well I'm just going to show him the 'cold cash,' and that will bring the price down." Well this is just about right. If we buy a bill of goods and the wholesaler knows that the money is forthcoming immediately upon their arrival in our store, he is going to want our trade. He will give us every advantage in prices to get it; he will make prompt shipment, and will favor us over those who are not prompt pay.

The discount we gain each year amounts to hundreds of dollars—and yet there is another side to it. The majority of businesses today have about one-third of their working capital tied up in back accounts. The result is, they pay their banks nearly as many hundred dollars interest on borrowed money to make up this deficiency as their discounts amount to. This item of expense is cut out from my business, as it is, conducted on a strictly cash basis.

You can easily see where you will be benefited by this system. I will continue to discount my bills and have the good will of the wholesalers and manufacturers and at the same time have no interest to pay my banker. I am giving my customers the benefit of the saving, and the prices throughout my store are thus cut 5 to 15 per cent lower than if I bought my goods on long time or done business on borrowed money. I trust that my customers will see the wisdom of my system and co-operate with me in my effort to reduce my prices to the minimum.

Yours for business,

### THE GENESEE NEWS.

RETURNED AT THE POST OFFICE AT GENESEE AS SECOND-CLASS MAIL MATTER.  
CHAS. POWER, PUBLISHER.  
Subscription price, strictly in advance, \$1.50.

—Peter Jackson left Tuesday for a stay of a week or two at his Ruby creek mines.

—Mrs. F. E. Dicus and son left Tuesday morning for a visit with Spokane and Hilliard relatives.

—Will Cunningham who has been employed for some time by the Potlatch Lumber Co., returned home Sunday.

—Rev. C. H. Neller left Tuesday morning for Clatsop, Wash., to attend a district meeting of the Congregational societies of eastern Washington and northern Idaho.

—Mabel Kennedy, Maggie Magee, Nellie Keane, H. J. Maguire and Harry Driscoll, all of Moscow, were guests of Reasia Driscoll and Kate Magee Sunday.

—At Nezperce Saturday of last week the farmers' union opened bids for the purchase of 400,000 grain bags, bids having been submitted by four leading grain firms of the upper country. The proposals were taken under advisement. It is understood that the prices submitted average about 7 cents.

—Friday of last week Probate Judge Lukens rendered an opinion in the subject, "The Prayer of Faith," Dagget case in which he recognized the petition of Ella Sue Mathews in the appointing of H. H. Bangs as administrator of the \$2,000 estate. Jennie S. Thomas had filed a petition praying for the appointing of Fred K. Bressler as administrator. There is no doubt but what an appeal will be taken from the decision.

—It is stated that during the latter part of 1907 reports made up by the leading mail order concerns show a decided falling off in business compared with previous years. Whether these concerns are feeling the effects of a better state of public opinion regarding the sending of business out of the community or the increased enterprise of local merchants in affecting their operations is not yet apparent, but it is clearly apparent that they are making strenuous endeavors in the direction of securing additional trade. The latest plan evolved by Sears, Roebuck & Co., is in the way of interesting preferred customers in the work of acting as agents in drumming up orders. A "confidential" letter has been sent out to the selected parties, accompanied with a line of order blanks and they are offered apparently strong inducements to become solicitors. The person who succeeds in securing business to the amount of \$1,000 within three months is promised a commission of \$300 in cash. If orders to the amount of \$500 are taken \$75 will be paid, and for \$200 worth or more of goods sold, \$20, while if the agent is unsuccessful in causing his neighbors to part with \$200 for the goods of the Chicago house a blank is drawn in the way of recompense. The beauty of the scheme, so far as Sears, Roebuck is concerned, appears to be that the majority of the fish that are caught with this bait will fall short of drawing any return for the labor put in for booting the business of the concern, but it ought to convey some information to patrons under a cold-blooded analysis, in consideration of the claims put forth regarding the saving of money which they are affecting for buyers of merchandise from them. On the face of it, the company is offering to pay 20 per cent of the gross value of business secured from old or new customers, without any apparent diminishing of the expense under which it operates, providing orders to the aggregate of \$1,000 are booked within three months. No retail concern which does business upon a legitimate margin of profit could afford to be so generous, and yet the catalogue houses claim that they are giving the consumer better values than merchants whose total cost of doing business is below this figure, and who adjust their prices accordingly. Of the many inconsistencies of the mail order houses, the latest appears to be conclusive as to the character of the business done by them.—Trade.

**HAD ATTACK OF DYSENTERY.**  
"An honored citizen of this town was suffering from a severe attack of dysentery. He told a friend if he could obtain a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, he felt confident of being cured. He was told that it kept it in stock and lost no time in obtaining it, and was promptly cured," says M. J. Leach, druggist, of Wolcott, Vt. For sale by F. E. Dicus & Co.

—John Tracy transacted business in Spokane the first of the week.

—Wilbur Jain, of Illo, was the guest of Genesee relatives the first of the week.

—Mrs. Hodgins and daughter, Mrs. C. H. Burt, of Spokane and Rathdrum, were guests of Genesee friends the latter part of the week.

—Federal court will convene at Moscow on the 18th inst. The petit jury has been ordered to report May 20, when jury trials will begin.

—Mr. and Mrs. Wm. Gardner, following a stay of five weeks in Genesee, Mr. Gardner having relieved Mr. Brant as engineer on the Genesee branch, returned to Spokane Sunday.

—The Tacoma Ledger, commenting on the recent election held in that city under the direct primary law, said: "It is a triumph of decency and order over disgraceful disregard of the law; of wholesome political methods over unwholesome bossisms; of the square deal over the 'staked deck'; and that must ever be the result where the people are permitted to have a free hand in the management of their own affairs."

**CHURCH NOTICES.**  
There will be services at the Lutheran chapel on Sunday at 3 p. m. The services are conducted in the English language and we bid all a hearty welcome.  
Rev. O. C. HILLIARD, Pastor.  
M. E. Church, South—Morning subject, "The Prayer of Faith"; Evening, "The Solace for Troubled Hearts." A welcome to all.  
E. P. WARREN, Pastor.

**POTATOES WANTED.**  
Burbank and other white varieties. Must be well graded and well sacked. Must be clean. Forty tons required delivered.  
O. E. MILLER, Puget Sound Wharf.

Now is the time to build. Bring us your bill, and we will and can save you money.  
MADISON LUMBER CO., JOHN MEYER, Mgr.

**ALIAS SUITS.**  
In the District Court, Second Judicial District of the State of Idaho, for the County of Latah, Johann Plautz vs. Peter Johann, Mary Brommeling, all the heirs and devisees of Johann Plautz, deceased, and all unknown owners and claimants of lots number three and four of section four in township thirty-three north of range five west and the south half of section thirty-three, township thirty-three north of range five west of Boise meridian, Boise, Idaho, Defendants.  
To each and all of the above named defendants: You are hereby notified that there is now on file in the office of the Clerk of the District Court of the Second Judicial District of the State of Idaho, in and for the County of Latah, a copy of a writ of habeas corpus against you, a copy of which is hereto attached, of the nature in several terms as follows:  
To quit title to lots three (3) and four (4), of section four (4) Twp. thirty-seven (37) N. E. 4th West and the south half of the southwest quarter of section thirty-three, township thirty-three, north of range five west of Boise meridian, State of Idaho.  
You are hereby directed to appear and answer to said complaint within twenty days after the service hereof, if served within this district, and within forty days if served elsewhere (exclusive of the day of service). And you are to appear and answer, the plaintiff will appear to the Court on the day of service demanded in the complaint.  
GIVEN under my hand and the seal of the District Court of the Second Judicial District of the State of Idaho, in and for the County of Latah, this 11th day of April, A. D. 1908.  
ALEX. F. KASAROV, Clerk.  
By WILLIAM R. BRILLIANT, Attorney for Plaintiff, residence, Moscow, Idaho.

**FRIDAY, MAY 1, 1908.**

—Mrs. Thos. Asbury came over from Troy yesterday.

—J. Schmidt was an arrival here the first of the week from Spokane.

—Mr. and Mrs. E. O. Miller moved into the English residence Tuesday.

—Chas. Hanson sold a piano last week to F. Wittman, residing near Uniontown.

—The newly organized Genesee band made its first public appearance Saturday evening, having played a few selections on the streets.

—While in Spokane last week C. F. Burr invested in a piece of residence property, the purchase price of which was \$2,500. Gilbert Crawford and family will occupy the place.

—It is claimed that the work on the grounds and buildings of the Alaska-Yukon-Pacific exposition, which will be held at Seattle, opening June 1 of next year, is fifty per cent completed.

—On Friday night of next week the base ball team will give a dance at the opera house. Tucker's orchestra has been engaged for the occasion. As they need the money all are invited to be present.

—Miss Olive Larrabee, who left here some two weeks ago for Spokane to study to become a professional nurse at St. Luke's hospital in that city, returned home Tuesday not finding the work to her liking.

—"The oldest inhabitant" never saw anything to equal the wind and dust storm of last Friday. Throughout the afternoon and evening the air was literally filled with sand and dust—all of which originated in the semi-arid sections. The wind was accompanied by a light rain which made buildings and windows a hard looking sight.

—District court will convene at Moscow Monday of next week. The court calendar will contain three criminal cases and twenty-four civil cases, the smallest number of any session in the history of the country. It is not thought likely that any of the criminal cases will go to trial. Of the civil cases the only ones from Genesee are Lena Crossett vs. E. G. Crossett, suit for divorce, and George Steltz, administrator of the estate of Gray Sterling, deceased, vs. H. A. Morgan.

—Prof. I. J. Cogswell has written to some of our local musicians asking them to become members of the Northwest Music Teachers' association, an organization for the states of Washington, Oregon and Idaho which was formed at Seattle January of this year. The first general meeting of the association will be held at Seattle in June. Prof. Cogswell is making an effort to form a state association to hold annual meetings at the University in Moscow about the last of May.

—A dispatch Monday from Steptoe, the new town on the Spokane and Inland, in Whitman county, says: "Arthur Scroggin of Illo, Idaho, arrived in Steptoe this afternoon, purchased a lot on the corner of Steptoe street and Kearns avenue and will commence the erection of a brick building thereon tomorrow. By the time the building is ready for occupancy Mr. Scroggin expects to have his plans matured for establishing a bank here to be known as the First State Bank of Steptoe, with a paid up capital of \$5,000."

While it is perhaps "better late than never" little credit is due the Western Federation of Miners for ousting from their membership William D. Hayward. Since the close of the Steunenberg trials in this state Hayward has been traveling throughout the east making treasonable, libelous and socialist speeches against the courts and government. There are few people in this neck of woods who are not of the opinion that Hayward owes thank his lucky stars that Idaho courts dealt as leniently with him as they did in the famous murder trials. The reason assigned for his dismissal was his drinking proclivities—but a poor excuse is better than none.

A new supply of hats. A large assortment of College, Yankin, Givis and children's hats in all styles. Making a specialty of hand made hats. Come while I still have my trimmer.  
Mrs. Wm. SMOLT.

—Mrs. Fred Rice came over from Troy Tuesday.

—Miss Helen Linehan returned home Saturday.

—Mrs. John Mourning was up from Colton Wednesday.

—"The Essential Thing" Read Olson's change of ad.

—Miss Nellie Porter was an arrival Wednesday from Spokane.

—Rev. Fr. Hendricks was an arrival here Tuesday from Moscow.

—Ed Thoma returned Sunday after an absence of some months at Kennewick.

—Miss Ella Steltz returned home Saturday after a stay of some time at Pullman.

—Mr. and Mrs. J. K. Bell returned yesterday from a trip of several days in the Clearwater section.

—Sanford Evans was in town Wednesday. Mr. Evans, who returned some time ago from California, is now putting in his time on his big ranch south of town.

—Last evening it was planned by the Pythian Sisters to entertain the Knights of a return five hundred party at the K. of P. hall. The usual lunch was scheduled.

—The Moscow socialists will indulge in a picnic, presumably in the Moscow city park on Tuesday, June 16. A big dinner will be a feature and an address by Walter Thomas Mills of Portland.

—Two base ball games are scheduled for Sunday afternoon on the home grounds. The first game, to be called at 2 p. m., Genesee vs. Clinton Grange, the latter an aggregation residing near Johnson. The second game will be Genesee vs. Johnson.

—In a fire at Starbuck recently which destroyed the opera house and other buildings, Prof. and Mrs. W. A. Simpson, well known at this place, lost a large number of costumes which had been used in staging two performances on the two evenings previous to the fire.

—F. F. Burdic surprised his Genesee friends by putting in an appearance here Wednesday, he having left Mrs. Burdic with the family of their daughter, Mrs. Nordby, at Pullman. Mr. and Mrs. Burdic have been spending the winter in Nebraska, Mr. Burdic being confined to a hospital a good portion of the time. He is now in very good health.

—Within a few weeks Mr. and Mrs. Burdic will again go to housekeeping in this city.

—P. C. Danielson, who for a number of years has resided eight miles north of Genesee, died Wednesday the civil cases of this week following a lingering illness with tuberculosis. The funeral is to take place today from the farm residence and interment will be in the Lutheran cemetery north of town, Rev. O. C. Hellekson to officiate. The deceased was 39 years of age on the 23rd of the past month and was born in Meeker county, Minn. Some fourteen years ago at Moscow he was united in marriage to Miss Anna Skogrud, who still survives him together with six small children, ranging in age from 13 months to 12 years. The sympathy of the entire community goes out to the stricken widow and other relatives.

—The first real ball game of the season—Genesee vs. Johnson—was played on the local grounds Sunday, resulting in a victory for the home team by a score of 7 to 5. The game was an interesting one from start to finish and developed the fact that Genesee has an aggregation of ball players this year that can make a favorable showing with the best of them. Hampton, as pitcher, and Terry for the home team, each doing good work. In the box Mr. Hampton was especially strong, striking out 13 men while only 3 were fanned by the opposing pitcher. The game was one entirely free from rowdyism or disputes. The home team was made up of the following players: Will Robinson, ss; Clarence Quilty, c; Geo. Vandenberg, 3b; Fred Galt, 1b; Harry Rice, p; Hans Larson, cf; Ed Thompson, lf; Thoma, rf.

The visiting team was made up of the following players: L. Harrison, c; R. Haynes, 1b; Lea Maxwell, lf; L. Haynes, p; A. Hooper, cf; B. Gilbert, 2b; W. Hooper, 1b; H. Haynes, 3b; F. Hooper, ss.

Score by innings—  
Genesee ..... 0 0 0 3 2 0 0—7  
Johnson ..... 0 0 0 1 0 0 0—5

Following the above game a second game was played between the second team of this place and a second team from Colton. The game opened with odds against the Genesee team but they soon rallied and administered a series of goose eggs to the visitors. The Genesee team won by a score of 15 to 6.

—Grandma Nulph is reported quite ill.

—The Potlatch Lumber company has a change of ad.

—Mrs. A. Scroggin is spending the week here from Illo.

—Mrs. Chas. Ingle left the first of the week for Spokane.

—Mrs. Miller, of Moscow, is a guest of Mr. and Mrs. Ira Hanson.

—Dr. Wymond Miller and wife were Genesee visitors from Uniontown Tuesday.

—A daughter was born to Mr. and Mrs. Fred Gosselin Wednesday of this week.

—Wheat has an upward tendency, club now bringing 70 cents on the local market.

—Wednesday evening at the I. O. O. F. hall the Odd Fellows and Rebekahs, accompanied by their families, assembled to celebrate the 89th anniversary of Oddfellowship. At 7 o'clock about one hundred persons sat down to a most sumptuous banquet which all did full justice. An appropriate program was rendered, and those taking parts were heartily applauded.

—Hardware dealers in the maple sugar manufacturing districts report a largely augmented sale of appliances for the production of real maple sugar. The pure food law has cut a large hole in the business of manufacturing five pounds of this product for every one that is made from the sap, and it has become necessary for the trees to do an increased amount of duty. Incidentally other branches of trade are being affected by the workings of the law in furnishing the equipment, and they are not complaining.—Trade.

—At a meeting of the school board held Monday evening it was decided by the board to close the public schools on Friday, May 29. The matter of continuing the term for three weeks to make up for the time lost while the city was under quarantine had been considered but it was not deemed advisable by the board.

Miss Anna Randolph, of Astoria, has been tendered a position as a grade teacher with the understanding that Miss Cora Randall will take the 7th and 8th grades now taught by Mr. Emmett. Beginning with the coming term the twelfth grade will be added to the school work consequently no commencement exercises will be held at the close of the present term.

—Following a very busy session the board of county commissioners adjourned on Tuesday of last week. The board ordered a new bridge constructed across Hodgins' gulch just west of Genesee. In fixing the salaries of county officers changes were made as follows: The salary of the county superintendent was raised from \$600 to \$700, that of coroner from \$100 to \$200 and that of surveyor from \$400 to \$800. The raise in the salary of the county surveyor was made with the understanding that in the future he will turn over to the county officers each plate as they require for their offices and make plats and keep field notes of the county roads for the county. In the past extra pay has been allowed for this work. The salaries for the various county officers for the ensuing term are: Sheriff, \$1,800; assessor, \$3,000; probate judge, \$1,300; superintendent, \$1,000; surveyor, \$800; coroner, \$200; auditor, \$200. The salary of the county attorney will be fixed at the July meeting of the board. The only officers of the county who will receive the maximum salary allowed by the state constitution are, auditor, assessor and surveyor.

**THE WORLD'S BEST CLIMATE**  
is not entirely free from disease, on the high elevations fevers prevail, while on the lower levels malaria is encountered to a greater or less extent, according to altitude. To overcome climate affections (malaria, jaundice, biliousness, fever and ague, and general debility, the most effective remedy is Electric Bitters, the great alterative and blood purifier, the antidote for every form of bodily weakness, nervousness, and insomnia. Sold under guarantee at F. E. Dicus & Co's drug store. Price 50c.

**WHOOPIING COUGH.**  
"In February our daughter had the whooping cough. Mr. Lane, of Hartland, recommended Chamberlain's Cough Remedy and said it gave him customers the best of satisfaction. We found it as he said, and can recommend it to anyone having children troubled with whooping cough," says Mrs. A. Goss, of Durand, Mich. For sale by F. E. Dicus & Co.

**A CALIFORNIAN'S LUCK.**  
"The luckiest day of my life was when I bought a box of Bucklen's Arnica Salve" writes Charles F. Budahn, of Tracy, California. "It cured me of an annoying case of itching piles, which had troubled me for years and that yielded to no other treatment." Sold under guarantee at F. E. Dicus & Co's drug store.

THE BLAINE HERD DISTRICT.

Concerning the herd district recently created in the Blaine district we glean the following from the commissioners proceedings:

INLAND SURVEYORS AT WORK. For some days, according to press dispatches, a crew of surveyors sent out by the Spokane and Inland Electric system have been working in the Steptoe canyon section retracing a former survey.

BRADY FAVORS DIRECT PRIMARY. At the republican county convention held last week in Bannock county, the home county of J. H. Brady, who will undoubtedly be the party's nominee for governor, that gentleman in a speech before the delegates present came out flat-footed as favoring a direct primary law in Idaho.

FROM BIG CAMAS PRAIRIE. Some weeks ago we made mention of the fact that Fred Gossett and Fred Spencer had been deceived by locators in the Big Camas Prairie country, they having been shown certain claims at time of locating but by the locators had been given numbers of inferior land when they made their filings.

PROPERTY FOR SALE. I offer for sale my residence property, consisting of one of the best houses in Genesee, and two lots. also my harness shop, stock and equipment.

VALUED SAME AS GOLD. B. G. Stewart, a merchant of Cedar View, Miss., says: "I tell my customers when they buy a box of Dr. King's New Life Pills they get the worth of that much gold in weight, if afflicted with constipation, biliousness, indigestion, or any other ailment, I would not only reach the couch spot; it beats the best spots and the weak spots; it cures the throat, lungs and chest. Sold under guarantee at F. E. Dicus & Co's drug store. 50c. and \$1.00. Trial bottle free.

IT REACHED THE SPOT. Mr. E. Humphrey, who owns a large general store at Omega, O., and is president of the Adams County Telephone Co., as well as of the Home Telephone Co., of Pike County, O., says of Dr. King's New Life Pills: "It saved my life. At least I think it did. It seemed to reach the spot—the very seat of my cough, when, evering else failed, it cured me. I have not only reached the couch spot; it beats the best spots and the weak spots; it cures the throat, lungs and chest. Sold under guarantee at F. E. Dicus & Co's drug store. 50c. and \$1.00. Trial bottle free.

MARRIAGE OF GEORGE SPURBECK. The following, taken from the Mantorville (Minn.) Express of recent date, tells of the marriage of a former well known Genesee.

# The Essential Thing

The essential thing to conduct a business successfully is money. You have often heard a person say, "Well I'm just going to show him the 'cold cash,' and that will bring the price down." Well this is just about right. If we buy a bill of goods and the wholesaler knows that the money is forthcoming immediately upon their arrival in our store, he is going to want our trade. He will give us every advantage in prices to get it; he will make prompt shipment and will favor us over those who are not prompt pay.

The discount we gain each year amounts to hundreds of dollars—and yet there is another side to it. The majority of businesses today have about one-third of their working capital tied up in back accounts. The result is, they pay their banks nearly as many hundred dollars interest on borrowed money to make up this deficiency as their discounts amount to. This item of expense is cut out from my business, as it is conducted on a strictly cash basis.

You can easily see where you will be benefited by this system. I will continue to discount my bills and have the good will of the wholesalers and manufacturers and at the same time have no interest to pay my banker. I am giving my customers the benefit of the saving, and the prices throughout my store are thus cut 5 to 15 per cent lower than if I bought my goods on long time or done business on borrowed money. I trust that my customers will see the wisdom of my system and co-operate with me in my effort to reduce my prices to the minimum.

Yours for business,

## THE GENESEE NEWS.

ENTERED AT THE POST OFFICE AT GENESEE AS SECOND-CLASS MAIL MATTER.

CHAS. POWELL, PUBLISHER.

Subscription price, strictly in advance, \$1.50.

—You can see things grow. Emerald is the May birthstone. See them, at Olson's.

—New, seasonable goods. Read Larabee's change of ad.

—There will be one continuous round of pleasure in Genesee on July 4.

—Fred Gosselin returned the latter part of the week from Big Camas prairie.

—Miss Myrl Baxter is over from Moscow, a guest of the Harley Smith family.

—Memorial services will be held in the Congregational church Sunday morning, May 24.

—A ball game, Genesee vs. Johnson will be played on the Genesee diamond Sunday afternoon.

—Mr. and Mrs. Fred Follett, Mr. and Mrs. J. A. Ball and Mr. and Mrs. J. H. Greaves who have been spending the past six weeks sightseeing in California, returned home the latter part of the week. They saw the big fleet, visited many places of interest throughout the state and report a very enjoyable journey.

—All is not harmony in the ranks of the county central committee in Latah county democracy.

—The county central committee in naming delegates to the state convention, without calling primaries, has given the opposition faction a chance to make a "holler." Friday of last week, over the signatures of eight prominent democrats of Moscow, all anti-Dubois men, a call was issued to hold a mass convention in Moscow on Saturday, May 23, at 2 p. m., to select a contesting set of three delegates to attend the Twin Falls convention. The call takes up close to two columns of newspaper space and charges Dubois and the Dubois supporters with nearly everything but loyalty to the party. The opposition now replies in an equally lengthy statement—and a like number of charges—and urges that all their followers appear at the big mass meeting and "by friendly argument and by our votes show them that they are wrong, and sustain the county central committee." It is needless to say that the meeting will be a hummer and that the argument will be "friendly" in the extreme. During the past week Max Arson, one of the Dubois supporters at Troy, circulated a petition in the two Troy precincts to test the temper of the democratic voters on the Mormon issue and claims to have secured the signatures of fully ninety per cent of the male voters and that all are favorable to a continuance of the Dubois program. At Kendrick it is claimed that the sentiment is equally as strong to continue the fight along the old lines.

—The PROFESSIONAL POLITICIAN. Every man ought to be a statesman, but there are so few constituted for that that I will modify my original intention and say only that every man ought to be a politician—a professional, and a good one. A man who can't take time to see that he is well governed has no business to be governed. If we have faults in our political structure, if our cities are impure or our county communities poorly governed, the fault lies with us. If our honest ideas don't agree with the man that's in power, let's rise up and oust him and put in his place someone who shall do better according to our notions. If the majority thinks with us, the chances are we are right. If the majority thinks the other way, the chances are we are wrong. I have seen overwhelming majorities awfully fooled, but I have an all-abiding faith in the will of the people. If your business and mine to help keep the public steered right.—Western Farmer.

—NOTICE. Stuber & Hall request all parties knowing themselves indebted to them to settle at once as we have sold out and must have settlement of all back accounts. Payments must be made to Stuber & Hall and get receipt for same.

—HAD ATTACK OF DYSENTERY. "An honored citizen of this town was suffering from a severe attack of dysentery. He told a friend if he could obtain a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, he felt confident of being cured, he having used this remedy in the West. He was told that I kept it in stock and lost no time in obtaining it, and was promptly cured," says M. J. Leach, druggist, of Volcott, Vt. For sale by F. E. Dicus & Co.

—Mrs. Fred Hall left yesterday for Echo, Oregon, where she will visit with relatives prior to leaving for Alaska.

—F. P. Miller is quite ill with tonsillitis. Morris Becker is here from Pullman and has charge of the lumber yard.

—Mrs. P. W. McRoberts left yesterday morning for a visit at her former home at Olympia. She will also take advantage of the opportunity to view the fleet.

—Deputy Game Warden Hill has been notified that 300,000 eastern brook trout will be shipped to him at Lewiston within the next few days to be planted in the streams of central Idaho.

—Dr. and Mrs. C. A. Follett, of Dayton, were arrivals here Saturday morning having made the trip overland in an automobile. Dr. Follett reached home the same day while Mrs. Follett will remain for a visit with Genesee relatives and friends.

—Mrs. C. T. Stryker and daughter Lela left Saturday for Spokane.

—Mrs. J. L. Goodnight left Friday for a visit with Moscow relatives.

—Harry Vandenberg left Saturday for Troy to accept a position in Fred Rice's barber shop.

—Swastika and Scarab "Good Luck" hats pins and stickpins in solid silver, only 50c each, at Olson's.

—The president of the W. R. C. wishes all members to be present at the regular meeting Saturday afternoon, May 16, at Mrs. Brant's.

—Mrs. F. E. Dicus and son returned Saturday from their Spokane-Hill visit. They were accompanied by Mrs. Ellis, mother of Mrs. Dicus, who will make an extended visit here.

—Peter Jackson returned Tuesday after an absence of several days at his Ruby Creek mines. He reports that there is still a large amount of snow on the ground throughout the district and that the first of the week there was a heavy fall of snow on the Moscow mountain.

—In the case of Anna Healey vs. Dan Healey, which was tried in the district court at Moscow Friday and Saturday last, no decision has as yet been rendered. Judge Steele having taken the matter under advisement. In addition to Mr. and Mrs. Healey and children Genesee was represented at the trial by J. Rosenstein, J. H. Jackson, W. J. Herman, J. E. Moore, C. F. Burr, Dr. W. H. Ehlen and Mrs. Keane.

—Friday's press dispatches brought the sad news of Genesee of the drowning of Rodney H. Olney near Sandpoint on Wednesday in Lake Pend d'Oreille. Mr. Olney was a resident of Genesee for some time prior to locating at Sandpoint and was employed as a bookkeeper and stenographer by the Genesee Exchange Bank. On the day of the drowning Mr. Olney in company with three others had gone on a fishing expedition up the lake. While in a canoe in company with Dr. Phinney, a member of the party, the craft was capsized resulting in Mr. Olney being drowned. Concerning the accident we clip the following from the Sandpoint Review:

The lake was absolutely without a ripple upon it as the two fishermen paddled along the shore line. Dr. Phinney had out a straight line and Mr. Olney had a line out from the end of a steel rod. A "strike" on the line caused Olney to grab for the pole and in so doing the canoe was upset. Both Olney and Phinney took the upland side of the boat and were thrown overboard. As they clung to the little canoe Olney said, "Well, Doc, what'll you do about this?" Neither man thought their predicament serious. Olney had on a flannel shirt and no coat or vest, and before entering the canoe had taken off his heavy boots and put on a pair of moccasins and a hat. He had kicked off. Being lightly rigged, Olney evidently had no thought but what he could swim ashore, a distance of about a hundred yards. "I think I can swim ashore all right," he said to Phinney and struck out from the canoe. He swam strongly for twenty yards or more when Phinney from the upturned canoe called to him and asked him "how he was making it." "I am an increased distance and the facilities of a larger building will be needed. Owing to the fact that he has other plans for the summer, President Black of the Lewiston Normal will not be the conductor, but Prof. Philip Soulen of the University of Idaho has been selected and will have charge during the session. The corps of five instructors will be chosen from the leading superintendents and normal teachers. The line of instruction this year will follow the plan of preparing the teachers of the state for the taking of state and county examinations advancing their standing and improving their efficiency in the profession of teaching. Those who attended last year found it very valuable and there is a greatly increased demand for the courses this year. Similar arrangements for room and board at those that prevail this year will be provided. Forty dollars will be the expenses including the \$5 for enrollment. Those who desire can rent tents, as was done last summer.—Teller.

—The eagle will also scream at Uniontown on July 4.

—H. A. Thatcher, having surrendered his position as pursuer on one of the Columbia river boats, came in Friday from Kennewick.

—Mrs. T. Driscoll and daughters, Edna and Dorothy, who have been spending the winter in Portland, where the young ladies have been attending school, returned home Tuesday evening.

—A trio of "bad" men and a lady invaded Genesee Thursday afternoon and gave an exhibition of broncho riding and rope throwing. The exhibition might very properly be termed a "fake" but as only a few E. Z. Marks saw fit to contribute when the hat was passed they left Genesee very little to the good.

—During the past week the Northern Pacific railway company has had a crew of surveyors at work near Juliaetta making estimates of the cost of changing their road bed down the creek. The plan is to get the track high enough to escape the annual trouble from high water. A gravity system is proposed at an estimated cost of \$7000.

—"Blue Monday" is soon to be a thing of the past in Genesee. There is now in use in the city an electric washing machine which is said to work like a charm. The machine is propelled by a Westinghouse motor which not only propels the washer but also turns a wringer. The operator is simply a spectator. C. E. Wood is the owner of the modern convenience.

—A Missouri scribe has given vent to the following: You frequently hear folks say they wish they were millionaires. But our idea of happiness is the one that owns forty acres of land in the hills, doesn't owe a cent, has a wife and seven children, five good coon dogs, a sorrel team of mules, a good shot gun, forty-seven miles from a railroad and right on a good stream for fish. If that would not be happiness "unalloyed" we would like to know where you would go to find it.

WHOOPIING COUGH.

"In February our daughter had the whooping cough. Mr. Lane of Hartland, recommended Chamberlain's Cough Remedy and said it gave his children the best of satisfaction. We found it as he said, and can recommend it to anyone having children troubled with whooping cough," says Mrs. A. Goss, of Durand, Mich. For sale by F. E. Dicus & Co.

Ladies call and see children's hats from a dollar up. Also misses hats from two dollars up in the latest Merry Widow. Ladies' hats in all styles—prices to suit all. Also the latest novelty in baby bonnets. Embroidery hats made to order.

Mrs. WM. SMOLT.

THE WORLD'S BEST CLIMATE is not entirely free from disease, on the high elevations fevers prevail, while on the lower levels malaria is encountered to a greater or less extent, according to altitude. To overcome climate affections such as malaria, jaundice, biliousness, fever and sun, and general debility, the most effective remedy is Electric Bitters, the great alterative and blood purifier, the antidote for every form of bodily weakness, nervousness, and in autumn. Sold under guarantee at F. E. Dicus & Co's drug store. Price 50c.

A CALIFORNIAN'S LUCK.

"The luckiest day of my life was when I bought a box of Bucklen's Arnica Salve," writes Charles F. Budahn, of Tracy, California. "Two 25c boxes cured me of snoring more than pay for them. I had snored for years and that yielded to no other treatment." Sold under guarantee at F. E. Dicus & Co's drug store.

Do your washing, wringing and ironing by electricity and use your minimum. It is not an experiment. We handle the full outfit. Everything guaranteed. The price of your electricity will more than pay for our current to do the week's drudgery of your wife.

GENESEE ELECTRIC LIGHT & POWER CO.

—Book for the Fourth.

—Thomas Davis has a new ad in this issue.

—H. J. Herman transacted business at Moscow Saturday.

—Uniontown business men have organized a commercial club.

—A flouring mill, to be operated by water power, will soon be constructed at Kookkia.

—Market days are being very successfully conducted in some of the neighboring towns.

—Since returning from California Fred Follett has been confined to the house on account of sickness.

—Last week, by a vote of 60 to 17 against, the people of Juliaetta voted to bond the town for the purpose of installing a system of water works.

—Dr. J. L. Conant, Sr., who has been spending the winter at San Diego, Calif., returned to Genesee Monday. Dr. Conant says that the winter weather of that portion of California is very nice.

—Mr. and Mrs. Conrad Martin have stored the greater part of their household goods and until after the closing of the public schools will live with the Nebelske family. They will then go to housekeeping in the residence at present occupied by Prof. Schepman and family. Mr. and Mrs. D. C. Burr will move into the Martin residence and Mr. and Mrs. F. Burdick will return to Genesee and go to housekeeping in their residence which was vacated by Mr. and Mrs. Burr.

—On Wednesday evening of this week, under the direction of the Genesee Civic League, a mass meeting was held at Elliot hall, at the present much mooted saloon question being up for discussion. George Fields, editor of the Moscow Post and Rev. Hupp, also of Moscow, were the speakers of the evening. Rev. C. H. Nellor presided at the meeting. Mr. Fields made the opening talk and for nearly an hour very logically presented the subject to the audience. He reviewed the saloon question as has been waged in Moscow against the saloon and gave it as his opinion that at the election to be held on Tuesday of next week in that city there would be an overwhelming majority against the continuance of the sale of liquors in Moscow. He raised the point that a local option law was in no wise necessary to discontinue the sale of liquors in an incorporated city in the state of Idaho, the city council having full power to control and regulate. Rev. Hupp delivered a somewhat lengthy address on the moral side of the issue. He advised those in sympathy with the movement to take part in party politics to see that no one is elected to office who is not in sympathy with the cause. He took a shot at William Taft, a presidential possibility, claiming that his heart was not in the right place on the liquor question. During the week in Genesee the membership of the Civic League, organized here some months ago, has been increased from a comparatively small number to more than one hundred. In soliciting for members, and the fact that a mass temperance meeting had been called, the town has been all agog during the week. In conversation with one of the prime movers in the temperance cause the NEWS has the assurance that no effort is to be made to become the saloons of Genesee until the coming spring when all licenses will expire. We also have the assurance of Mayor Driscoll and some of the council members that so long as the Genesee saloons are run in an orderly manner no attempt will be made to close them under the existing licenses.

—Mr. and Mrs. Hardy and children left Wednesday morning for a visit at Spokane.

—Miss Irena Henry, of Spokane, was a Genesee visitor the first of the week, a guest at the Hardy home.

—The base ball dance on last Friday evening was attended by about eighty couple and proved a social as well as a financial success.

—\$8.00 Elgin and Waltham 4 ounce dust proof Silverine watches at \$5.75. Just a few at that price. 15 jewel American 4 ounce dust proof watches at \$4.00. At Olson's.

—By a vote of 139 to 74, the house Monday passed the Mondell bill, providing for homestead entries of 320 acres instead of 160, on mineral, nonirrigable, unreserved, nonappropriated public lands of Oregon, Washington, Idaho, California and other western states.

Save Your Grain. Did you ever have your crop damaged while waiting for some big thrasher to get around to you? Did you ever have this same outfit waste your grain and you could not help yourself?

Did you ever stop to think that three or four cents per bushel saved in threshing your grain, is just as good as that much added to the price of it? Did you ever stop to figure how much you had paid out in five years for threshing? Did you ever stop to think what you had to show for all that cash in the end?

LEM'S BOTTLED BEER WHISKEY FOR MEDICAL USE. JOHN TEACY, Prop.

MOSCOW BE A DRY TOWN. Moscow, May 19.—By a vote of 814 to 392 Moscow decided today to become a dry town. The total vote of 1206 was larger than that ever polled at an election held here dealing with city affairs in the past and this illustrates the great interest that was displayed in the question today.

The election was called as the result of a resolution passed recently by the city council, which stated that if it was shown by a vote of the people whether saloons should be permitted to run here, a majority favored such a step, the council would at the next meeting following such election take steps to close the saloons. At the time the council passed the resolution, petitions had been presented to that body asking that Moscow be made a closed town. The question was raised that petitions did not necessarily express the sentiment of the citizens and so the election plan was decided upon.

Just how the council will proceed to close the saloons is problematical at this time. There are now five saloons in the city and they have county licenses extending to next April, while each holds a city license extending to the early fall or about August 1st. Attorneys generally appear to hold the view that pending the expiration of the licenses the city cannot put the saloons out of business unless the license be revoked for some infraction of the law. However, upon the expiration of the licenses, the city council can refuse to grant a new license which power, according to a recent decision of the supreme court in a case from Pocatello, the council possesses.

Pending the expiration of the licenses, there will be no new saloons opened, and the opinion is now general here that today's election clearly shows that Moscow is destined to become a dry town in a comparatively brief time. The agitation for the closing of the saloons received a strong impetus from the fact that Pullman, the seat of the Washington State college, is a dry town, and it was argued by the "dry" advocates that unless the Moscow saloons were closed Pullman would have an advantage over Moscow as a college town in the matter of not affording temptations to students.

BATTLE FOR INDIANS' HEALTH. Lewiston, Idaho, May 18.—The Indian department is beginning a fight to prevent the spread of tuberculosis, which is rapidly killing the Indians, and two or more tuberculosis camps will be built on the Nez Perce reservation, where the suffering red men can be treated by Agency Physician John N. Allyn, a recognized authority. The fight is not local, as the commissioner of Indian affairs has directed Indian agents to begin a campaign against the great white plague in every tribe in the United States. Dr. Allyn believes 75 per cent of the Nez Perces are affected with tubercular trouble in some stage. The tribe is decreasing rapidly, despite careful efforts on the part of the government employes, and the battle, which has received its impetus from Washington, will be a scientific attempt to remove the cause of the disease. Indian Agent O. H. Lipps expects to establish one camp in the mountains, where the patients can get plenty of air and exercise. The camp will be a model of scientific improvements over old tubercular camps. A second camp will be established in the valley, where the sick Indians can be treated in winter. Outdoor life and primitive tent homes are to be encouraged, although the details have not been worked out. Dr. Allyn, who has been at Fort Lapwai several years, has made a close study of the tubercular patients and the causes which are responsible for the spread of the plague. He attributes the general condition to two causes: First, intermarriage, and second, ignorance of laws of ventilation and sanitation. The Indians are in-breeding so much that they are already paying the penalty for the vio-

lation of the law of human nature. The Nez Perces are clean, their homes are neat, their kitchens and bedrooms free from dirt, but they have no knowledge of the necessity of ventilation. In days of old they lived a care-free, happy life, moving from place to place, sleeping under the stars or in a canvas teepee, securing fresh air and obeying nature's hygienic laws without knowledge of them. Now they live in frame houses, which are poorly heated with stoves and often ventilated only through cracks and crevices. Those Indians who make annual pilgrimages to the Bitter Roots return in the fall with health restored, unless the patient has passed into a hopeless stage of consumption. These trips to the mountains, where the Indians live in a simple, primitive way, are encouraged, as they are looked upon as a benefit not to be obtained in isolation camps. Almost every Indian family has one member with the hectic flush and the cough that indicates the rapid ravages of the disease. The Indian agent will labor among his people to show them the necessity of treatment and the cooperation of the patients themselves will be sought.

SCHEDULE OF THE FLEET. San Francisco, May 18.—The Atlantic battleship fleet, under command of Admiral Sperry, weighed anchor this morning and sailed out of San Francisco bay in a drizzling rain for Puget Sound. Eight of the vessels will visit Bellingham bay, four will visit Port Angeles, three will go to Port Townsend and one will go straight to the dry dock at Bremerton. On the 23rd the 15 will rendezvous in the vicinity of Port Townsend and proceed to anchor in the vicinity of Seattle. On Wednesday, May 27, 12 will go to Tacoma, but only four will remain at that port, the other eight continuing out of the sound down the coast again, arriving at San Francisco May 30.

MERRY WIDOW HATS. Take one cut wheel. Superimpose on the hub one wire waste paper basket. Stitch on cover of white fishing net over green mosquito bar from your last year's camping outfit. Around this crown bank a few daisies and sunflowers, brown roses and cerise and crimson chrysanthemums, a bunch of fall grass, a spray of lavender lilacs, Althea blue hydrangea, shells of hollyhocks, purple and variegated petunias, pink verbena and candytuft interspersed with blue and brown forget-me-nots. Next take fifty-three yards of lavender colored-ribbon edged with cerise and construct a number of loops for either side of the front of the hat extending from the center of the crown to either outer edge of the brim, using as braces or stiffening long strips of bamboo. In the center of this dainty bow place a garden rake, the latest fad in the Merry Widow hat buckle. Should the ribbon not be forthcoming canoe paddles, secured by the above mentioned buckle and appropriately tinted will serve satisfactorily. A golf stick, a garden rake and a flag pole will give a jaunty effect as hat pins. These are only a few hints in regard to the material for the home manufacture of the popular Merry Widow hat. Any changes may be made or fixtures added to suit the maker, for anything is style if the size is maintained.—Webster City Freeman.

NOTICE. 140 acres A1 pasture. Running water the whole length of same; good shade for stock. Will take a limited number of horses and colts at one dollar per head per month. Inquire of H. A. MORGAN.

IT REACHED THE SPOT. Mr. E. Humphrey, who owns a large general store at Omega, O., and is president of the Adams County Telephone Co., as well as of the Home Telephone Co. of Pike County, O., says of Dr. King's New Discovery: "It saved my life once. At least I think it did. It seemed to reach the spot—the very seat of my ailment—when everything else failed." Dr. King's New Discovery not only reaches the cough spot; it heats the sore spots and the weak spots in throat, lungs and chest. Sold under guarantee at F. E. Dicus & Co's drug store. 50c. and \$1.00. Trial bottle free.

MEMORIAL SERVICES. All members of Lyon Post No. 24, G. A. R., are requested to assemble at Pickering's office on Sunday, May 24, at 10:30 a. m. in order to attend memorial services at the Congregational church. Rev. Nellor will conduct the services assisted by other pastors. All comrades, whether members of the Post or not, and all members of the W. R. C. will be invited to attend.

Saturday, May 30, is Memorial day. The members of Lyon Post have arranged for the ritualistic services to be held at the cemetery in the forenoon of that day. They will assemble at Post headquarters at 10 a. m. and proceed to the cemetery. The W. R. C. will provide dinner for the members of the Post and their families, in the Christian church basement.

A cordial invitation is extended to the general public to observe this day. Let the last resting place of every comrade, relative and friend be remembered with some love token—not a single one neglected. R. PICKERING, Adjt. By Order of Post Commander, Lyon Post No. 24, G. A. R.

\$5.25 solid silver "Genesee" souvenir spoons at \$1.75. Small ones down to 60c, at Olson's.

—Arthur I. Vorys, manager of the Taft presidential canvass has given out the following statement: "The last conventions for the selection of delegates to the national convention were held May 16. With the close of the campaign for delegates to the republican national convention the nomination of Secretary Taft on the first ballot is a foregone conclusion. Of the 980 delegates who will sit in the convention 563 have been chosen under positive instructions to vote for Ohio's candidate or under resolutions of endorsement or preference that were the equivalent of instructions. Two hundred and twenty-five delegates have been instructed. One hundred and ninety-two are uninstructed. Of these 192 more than 100 are known to be supporters of Taft. This assures Secretary Taft at this time a total delegate strength in the convention of only a few votes less than 700. The seats of 182 delegates are contested, but in only 126 of these contests are Taft delegates affected."

TAULED SAME AS GOLD. B. G. Stewart, a merchant of Cedar View, Miss., says: "I tell my customers when they buy a box of Dr. King's New Discovery that it is worth the weight of its gold in curing malaria or biliousness." Under guarantee at F. E. Dicus & Co's drug store. 25c.

RECORD OF CONGRESS. Following is a record of the achievements and failures of congress to the 23rd inst: Prohibited child labor in the District of Columbia. Increased widows' existing pensions from \$8 to \$12 a month. Granted pensions of \$12 a month to practically all widows of sailors and soldiers. Authorized expenditures of \$30,000,000 for public buildings. Ordered a commission to report on revision of the banking and currency laws of the country. Reclassified the consular service. Passed employers' liability laws to take the place of the ones declared unconstitutional. Permitted free operation of foreign vessels in trade with the Philippines. Established a forest range law. Authorized a tariff revision by a commission. Authorized the construction of two battleships, with the promise of more next session. Raised the pay of all officers and men of the army and navy, marine corps and revenue cutter service. Passed a militia law making every able-bodied man between 18 and 45 years of age liable to service. Adopted a resolution for arbitration treaties with nearly every country in the world. Continued the work of the waterways commission. Increased the appropriation for fortification of Philippines and Hawaii. Appropriated \$1,500,000 for participation by the United States in the Japanese exposition at Tokio.

THESE THINGS ARE NOT DONE. What congress has failed to do: Passed no emergency currency legislation. Refused to take wood pulp on the free list. Declined to accept President Roosevelt's resolution for four battleships. Failed to adopt the postal banking law. Held up till next December the resolution to reinstate discharged colored troops. No anti-injunction bill. No national child labor law, but a date is set for its consideration next December. Granted no increased powers to prohibition states over interstate shipments of liquors. Enacted no law requiring publicity of campaign expenses. Made no provision for the "spanking" of Castro, the Venezuelan president. Failed to put wireless telegraphy under government control. Has not given the interstate commerce commission authority to pass upon proposed increases in railroad rates before they go into effect. Failed to grant the coal-carrying railroads more time in which to dispose of their mines. —Meet your friends in Genesee on July 4.

Notice of Meeting of Republican State Convention. Pursuant to the authority and by the direction of the Republican State Central Committee, a Republican State Nominating Convention will convene at the City of Boise, State of Idaho, on the first day of September, 1908, at 11 o'clock a. m., at which State Convention a Republican platform of principles will be announced, a new State Central Committee will be elected, and candidates will be nominated for a contest of the Supreme Court, one member of Congress, and State officers to be voted for at the general election to be held on Tuesday, November 3, A. D. 1908.

The various counties of the state are entitled to delegate representation in this convention as follows: Ada 24, Bannock 18, Bear Lake 14, Bingham 23, Boise 6, Bonner 10, Blaine 8, Canyon 18, Cessia 7, Custer 3, Elmore 4, Fremont 37, Idaho 13, Kootenai 13, Latah 15, Lincoln 6, Nez Perce 21, Lemhi 5, Owyhee 4, Oneida 22, Shoshone 16, Twin Falls 4, Washington 9.

THE MOST COMMON CAUSE OF SUFFERING. Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to know that Chamberlain's Pain Balm will afford relief, and make rest and sleep possible. In many cases the relief from pain, which is at first temporary, has become permanent, while in old people subject to rheumatism, often brought on by dampness or changes in the weather, a permanent cure cannot be expected; the relief from pain which this liniment affords is alone worth many times its cost, and 50 cent sizes for sale by F. E. Dicus & Co.

Save Your Grain

Did you ever have your crop damaged while waiting for some big thrasher to get around to you? Did you ever have this same outfit waste your grain and you could not help yourself? Did you ever stop to think that three or four cents per bushel saved in threshing your grain, is just as good as that much added to the price of it? Did you ever stop to figure how much you had paid out in five years for threshing? Did you ever stop to think what you had to show for all that cash in the end? If you give the above questions due consideration, you will come to the conclusion that the Belle City thrasher is the outfit you want. We will be pleased to show you this thrasher, for we know it is just the machine you need.

FARMERS' UNION MEETING.

The first state convention of the Farmers' Union will be held at Pullman Monday and Tuesday, June 15 and 16. The program will contain many features of interest. It is expected that 500 to 600 members of the union will be in attendance and included in the number will be President Barrett, of Georgia. A program of more than ordinary interest is being arranged, and both days will be filled from morning to night. Among the addresses and papers will be the following: Address of welcome, by Prof. E. E. Elliott. Response, by N. B. Atkinson, president of the state organizers. "Objects of the Organization," Hon. Chas. Barrett, president of the national union, of Union City, Ga. "How Can the Farmer Buy Grain Bags at a Minimum Cost?" Hapwood Gibson, Ellensburg. "Educating the Farmer Boy," Prof. Geo. Severance.

"What Relation Should the Farmers' Union have with Legislative Matters?" J. G. Wolf, Almira. "Co-Operative Warehouse System, and Why the Farmers' Union Should have Control of Same," J. M. Griffith, Ritzville. "Should the Farmers' Union Own and Control a Terminal Warehouse, and What Benefits Would be Derived from Same?" F. A. Sykes, Milton, Oregon. "Unity as Essential to the Growth and Success of the Farmers' Union," P. W. Cox, Colfax.

These subjects will be discussed at the various meetings, beginning at ten o'clock Monday morning, sessions to be held each forenoon, afternoon and evening. STATE NORMAL COMMENCEMENT. Commencement week at the Lewis State normal school will begin next Sunday afternoon, June 7, with a baccalaureate address which will be delivered by the Rev. Mr. Morrison of Portland, one of the most distinguished orators of the Pacific coast. The graduating class will attend in a body and the underclass girls will also attend.

One of the pleasing features of the week's entertainment will be the scenic play which will be produced at the Temple theater June 8, under the direction of Miss Aurelia Henry, assisted by Miss Deems of the physical training department and Miss Eggegan of the music department. The play selected this year is Tennyson's classic, "The Foresters," the romantic drama which revolves around Robin Hood and Maid Marian, since made famous in useful opera by De Koven. The play was revised and adapted for John Drew and Ada Rehan by Sir Arthur Sullivan. The setting shows the wild Sherwood forest about the twelfth century, while the characters will appear in the costumes of the period, with the underclass body dressed as knights, fairies, bandits and foresters. In all, more than 60 characters are in the cast, as the tuneful lines have been adapted to music, while the chorus will sing selections from "Robin Hood" between the acts. On Tuesday evening the president's reception will be held at Lewis hall, this marking the farewell social function which will be tendered to the class by President George H. Black. On Wednesday morning the commencement exercises will be held and Dr. E. O. Sissons of the Washington state university will deliver the address. His subject as announced will be "Democracy and Education." The standing of the normal school assures the graduates of recognition. About 40 underclass women will receive certificates equivalent to the first grade, which will entitle them to teach in any county in the state. In the class of graduates this year, which numbers nine, Genesee is represented by Miss Mollie Keane and Miss Edith Williamson, they having completed the full normal course.

NOTICE. 120 acres A1 pasture. Running water the whole length of same; good shade for stock. Will take a limited number of horses and colts at one dollar per head per month. Inquire of H. A. MORGAN.

NOTICE TO ALL CONCERNED. Under penalty of arrest all persons are hereby warned not to discharge firecrackers at any place within the business district of the City of Genesee. By order of the City Council. C. F. BURK, Clerk.

FOR SALE. A thoroughbred O. L. C. male pig, eight weeks old. Call at farm. Wm. BOTTJER.

ALLOT LAND TO INDIANS. Tekoa, Wash., May 28.—Allotting the Indians in severity on the Coast of Alaska has resulted in a progressing business district of the City of Genesee. The work was begun in the early part of April, in the Moktilma valley. All the allotments there, consisting of 65 claims, have been made, and the camp of the agent and party of surgeons has been moved to the head of the Lowell valley, near the state line. There will be about the same number of claims in that valley in the Moktilma valley, and will take until the first of July to complete. After finishing the work in the Lowell valley, a townsite containing 640 acres will be laid out at Plummer 15 miles east of Tekoa, on the O. R. & N. and C. M. & St. P. railroads. Another townsite containing 400 acres will be laid out adjoining or near St. Maries. These, with the town of Deane, which contains a considerable Indian population, will complete the list of towns on the reservation. There are 60 Indians, or persons entitled to claims, on the reservation, and at the present rate of allotments the work will not be completed before the end of the year, and possibly may run into next year. The Indians thus far are all choosing agricultural lands, which might naturally be expected, as many of them have lived on the lands a number of years, cultivated them, and made considerable building improvements. There will be little, if any farming land left for white settlers after the natives are allotted, but there will be a large body of valuable timber land to be subdivided and taken under the law of congress regulating the opening.

There is a great deal of uncertainty and speculation regarding the time when these lands will be opened up to settlement, and many inquiries are made of persons believed to have information. It will not take place this year, and it cannot reasonably be expected before the summer or fall of 1909. After the allotments are made and the reports sent to Washington, there will be an immense amount of labor in the department of the interior, which may occupy several months' time, before the full reports reach the present office. It is expected that the work will be completed by the end of the year, and possibly may run into next year. The Indians thus far are all choosing agricultural lands, which might naturally be expected, as many of them have lived on the lands a number of years, cultivated them, and made considerable building improvements. There will be little, if any farming land left for white settlers after the natives are allotted, but there will be a large body of valuable timber land to be subdivided and taken under the law of congress regulating the opening.

# The Essential Thing

The essential thing to conduct a business successfully is money. You have often heard a person say, "Well I'm just going to show him the 'cold cash,' and that will bring the price down." Well this is just about right. If we buy a bill of goods and the wholesaler knows that the money is forth-coming immediately upon their arrival in our store, he is going to want our trade. He will give us every advantage in prices to get it; he will make prompt shipment and will favor us over those who are not prompt pay.

The discount we gain each year amounts to hundreds of dollars—and yet there is another side to it. The majority of businesses today have about one-third of their working capital tied up in back accounts. The result is, they pay their banks nearly as many hundred dollars interest on borrowed money to make up this deficiency as their discounts amount to. This item of expense is cut out from my business, as it is conducted on a strictly cash basis.

You can easily see where you will be benefitted by this system. I will continue to discount my bills and have the good will of the wholesalers and manufacturers and at the same time have no interest to pay my banker. I am giving my customers the benefit of the saving, and the prices throughout my store are thus cut 5 to 15 per cent lower than if I bought my goods on long time or done business on borrowed money. I trust that my customers will see the wisdom of my system and co-operate with me in my effort to reduce my prices to the minimum.

Yours for business,

### THE GENESEE NEWS.

ENTERED AT THE POST OFFICE AT GENESEE AS SECOND-CLASS MAIL MATTER.

CHAS. POWER, PUBLISHER.

Subscription price, strictly in advance, \$1.50.

—J. M. Scott, of Cedarvale, Kansas, a cousin of J. L. Goodnight, following a stay of several weeks here left Friday for Spokane.

—Mrs. Abbie Clark, of Pullman, an old eastern acquaintance of the Klapp and Tice families, visited here the first of the week.

—Mrs. A. J. Favor of Moscow, was an arrival here Friday and is a guest at the Bressler home. Last week Mr. and Mrs. Favor disposed of their Del Norte hotel property in Moscow and will now take up permanent residence in Walla Walla.

—Mr. and Mrs. W. C. Owen were here from Spokane Thursday and Friday. While here they shipped a portion of their household goods. Mr. Owen has purchased some lots in Spokane and the coming fall expects to erect a residence. Their daughter,

paratory school will be held at the M. E. church, Saturday, June 6th, at 8:00 p. m. The baccalaureate sermon will be delivered at the same place Sunday, June 7th, at 11 a. m., by Dean Edwin S. Hinks of Boise. The annual concert will be held at the Presbyterian church Monday, June 8th, at 8:30 p. m. The senior class play will be at the university armory Tuesday, June 9th, at 2:30 p. m. The alumni banquet will be held at the Hotel Moscow Tuesday, June 9th, at 9 p. m. The commencement exercises will take place at the university armory Wednesday, June 10th, at 10:30 a. m., and the address will be delivered by Judge James F. Ailsbie of Boise. The president's reception will be held at the armory, Wednesday, June 10th, at 8:30 p. m.

—Rev. Father Frei is planning for a vacation this summer which he proposes to spend at his former home in Switzerland, which he has not visited since he left there 18 years ago. He has been in charge of the Catholic parish in Colton for 14 years continuously without a vacation, and has requested Bishop O'Dea to grant him a leave of absence for three months. He will leave next week for a visit to his nephews and other friends in the Camas Prairie country in the vicinity of Cottonwood, Idaho. He expects to return from this trip in about a week, and during this time his place here will be taken by Rev. Father Aufmolk, of Genesee. After his return from Idaho Father Frei will visit Mt. Angel, Oregon, and Seattle, then start for New York to take passage across to France and Switzerland. The reason why he makes the trip this year is that 40 years ago on the 16th of August he, with 17 others, was ordained priest. One week later he celebrated his first mass. Nine of the class are still living, and it is proposed to hold a reunion and celebrate their jubilee together. A peculiar thing about their plans, that adds to the interest of the occasion, is that the 16th and 23rd of August fall on Sunday this year just as they did 40 years ago. Father Frei expects to return to Colton about September 20th, and in all probability one of the Benedictine fathers from Conception, Mo., will be in charge of this parish during his absence.—News-Letter.

**BORN IN IOWA.**  
Our family were all born and raised in Iowa, and have used Chamberlain's Colic, Cholera and Diarrhoea Remedy (made in Des Moines) for years. We know how good it is from long experience, for the table at which we sat in El Paso, Texas, the writer's life was saved by the prompt use of this remedy. We are now engaged in the mercantile business at Narcossee, Fla., and have introduced the remedy here. It has proven very successful and is constantly growing in favor.—Ennis Bros. This remedy is for sale by F. E. Dicus & Co.

### CHURCH NOTICES.

Services will be conducted at the Lutheran chapel Sunday at 3 p. m. REV. O. C. HELLEKSON.

There will be preaching at the M. E. Church South, June 7th, at 11 a. m. and at 3 p. m., by Rev. J. I. Hickman of Asheville, N. C. The young men of Genesee are especially invited to be present and hear the young Tar Heel preach.

The ladies' aid society will meet in the church basement next Wednesday afternoon. Everyone interested in our work is invited to be present.

Congregational Church—We shall have the Odd Fellow and Rebekah lodges with us next Sunday morning for their annual service. Special music and an appropriate sermon are being arranged for. The services are open to the public and all are invited to attend. The regular Sunday evening services will be held at 8 o'clock.

### A GRAND FAMILY MEDICINE.

"It gives me pleasure to speak a good word for Electric Bitters," writes Mr. Frank Conant of No. 439 Houston St., New York. "It's a grand family medicine for dyspepsia and liver complications; while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at F. E. Dicus & Co's.

FRIDAY, JUNE 5, 1908.

—Miss Carrie Bressler is visiting relatives at Illo.

Nickel alarm clocks, the kind that jewelers sell, at 95c and up at Olson's.

—For the convenience of the patrons of the park, a number of seats have been placed therein.

—Tom Keane, carrier on R. F. D. No. 2, is taking his annual vacation. Dallas Rodgers is now acting as carrier.

—\$18.00 17-jewel Elgin, Waltham, Rockford and Illinois watches at \$1.00. Just a few at this price at Olson's.

—Mr. and Mrs. Dunbar, father and mother of Mrs. Will Herman, accompanied by Mrs. Easter, drove over from Moscow Sunday.

—The following deed has been filed for record: Gerard Broemmeling and wife to Stephen Broemmeling, \$1,600, nw 1/4 sec 24, 21, 38, 5.

—Our junior base ball aggregation spread it over a team of equal age from Moscow in a game on the local grounds Saturday afternoon by a score of 15 to 4.

—Peter Steltz returned Tuesday from a fishing trip of several days at Sprague Wash. As evidence that he caught fish he brought back a large quantity of perch. He was accompanied on the trip by Chris Martin, of Pullman.

—Fred Schepman, who during the past school year has served as superintendent of our public schools, accompanied by his family, left Wednesday for North Powder, Oregon, at which place he has secured a position in the public schools.

—Mr. and Mrs. J. Willows and Mrs. C. M. Dodson, father, mother and sister of James Willows, arrived here Saturday from Wetaskwin, Alberta. Mr. and Mrs. Willows will remain here indefinitely while Mrs. Dodson expects to remain about a month.

—The Genesee Telephone company is now fully settled in their new quarters in the Vollmer block. A new switch-board has been installed which is a great improvement over the old one. Miss Syneva Eikum has succeeded Miss Edith Morgan as operator.

—Sunday will be observed as memorial day for several of the local lodges. Leaving their hall at 9:30 a. m. the Knights of Pythias will march to the cemetery and decorate the graves of the deceased members. Leaving their hall at 10:30 a. m. the Odd Fellows and Rebekahs will attend services at the Congregational church. Both organizations will again assemble at their hall at 1:30 p. m. and proceed to the cemetery to hold memorial services. The Woodmen of the World will also observe the day and will meet at their hall at 1:30 p. m. and proceed to the cemetery.

—Memorial day in Genesee, as observed by the G. A. R. and W. R. C. societies, together with a few young folks who took part in the exercises, formed at Mr. Pickering's office at 10 a. m. and headed by the Genesee band, proceeded to the cemetery where the ritualistic ceremony of the G. A. R. society was carried out in addition to a brief especially arranged program. Time is making serious inroads into the ranks of the "old boys" and at present there are buried in the Genesee cemetery nearly an equal number to the membership of Lyon.

The graves decorated were of Comrades Taylor, Sanford, Hoff, Beechler, Billings, Edwards, Prouty, Howton, Irwin, Nulph and Daggett. Following the arrival to the city the big annual dinner of the two societies took place in the Christian church basement, the families of the two societies also being present. And such a feed! There was nothing missing in the bill of fare and when those present had finished eating there was an abundance left for an equal number. While the church basement had been tastefully decorated for the occasion with flags and bunting, the table at which the old soldiers—the guests of honor—were seated, had received some extra touches, presenting a fine appearance. The W. R. C. ladies took occasion on that day to increase their membership, securing signatures to a number of applications.

—The shipping tag was lost from a jug which was being shipped across the reservation the other day. The station agent took it before a justice not a thousand miles from here, to determine the ownership. The court decided to take the matter under consideration for 24 hours. When the claimants again appeared the judge was so full of the subject that the question of ownership had been self-decided.—Nesperce Herald.

### DEMOCRATS HOPELESSLY SPLIT.

Twin Falls, June 3.—The democratic party of Idaho is hopelessly split on the Mormon question. Amid the wildest scenes ever witnessed at a convention in this state two conventions held this afternoon in the same hall claim to be regular and a bitter contest before the regular convention at Denver is certain. At one time this afternoon physical encounters seemed imminent and once it looked as if there might be bloodshed.

—The following officers have been elected to fill the chairs in the Rebekah lodge for the ensuing six months: N. G. Rozetta Smith, V. G. Ina Greaves; Financial Sec., Matilda Cathcart; Recording Sec., Meta Herman; Treasurer, Sarah Mochel.

A \$10,000 school building to accommodate about forty pupils is to be erected at Pierce City. The erection of such an elaborate structure is made possible from the fact that Pierce City is located in a district which embraces 37 townships, most of which are owned by the timber syndicates on which the cost of building will fall.

The following statement was recently printed in an industrial magazine: "Two-thirds of the convicts in America's prisons are men without a trade or profession. The superintendent of a penal institution, after being asked how many of the prisoners had knowledge of a trade, answered: 'Absolutely none. If they had, they never would have come here.'"

Republican Oregon will elect a democratic United States senator as a result of the election held Tuesday under the primary system. George E. Chamberlain, present governor of the state, leads Judge Henry M. Cake, republican, in the popular vote. The state legislature will be overwhelmingly republican. In the excitement of the campaign the subjects of woman suffrage and prohibition were almost lost sight of.

Many rose growers will be glad to know how to combat their worst enemy, the rose aphid. By following one of the suggested plans they will experience no difficulty in destroying them. One of the easiest ways to free your plants, providing you can arrange a receptacle to cover them up practically airtight, would be to use the fumes of nicotine, nicotine or some other preparation of tobacco. Some of our growers have arranged a large canvas box or tent that can be taken into the garden and placed over infested plants, and after it is carefully closed up they burn a small quantity of tobacco stems, dust or cheap grade of tobacco under this canvas and kill the aphid by smoking. If the burning of the tobacco is slow it produces a much stronger and more effective smudge than where it burns fast.

There is no danger of injuring the plants, unless you make it very strong, and this is not often the case where smudging is done outside. The liquids of tobacco, such as nicotine and nicotine, may be evaporated in a tent or box by an alcoholic lamp and similar results be obtained. However, this arrangement is not possible where the plants are grown on porch posts or against the side of the house, so we must resort to some sort of a spray. Probably the best spray to use in a case of this kind would be a spray of one ounce of fir tree oil to one quart of water. This seems rather strong, but it is one of the most harmless things to use on plants and yet one of the most effective insect destroyers we can recommend. The fir tree oil would be too expensive for general spraying of large trees, but such plants as roses, palms and other house plants can be very economically sprayed with it. It can be secured from the florist or city greenhouses. Another good spray is a strong decoction of tobacco and water sprayed on the plants with lots of force. All of these sprays must be applied under pressure with a good spray pump. Do not attempt to sprinkle your plants and expect the insecticide to be effective, especially where the insect is being killed by a contact spray.—E.X.

Notice of Meeting of Republican State Convention. Pursuant to the authority and by the direction of the Republican State Central Committee, a Republican State Nominating Convention will convene at the City of Boise, State of Idaho, on Tuesday, the first day of September, 1908, at 11 o'clock a. m., at which State Convention a Republican platform of principles will be announced, a new State Central Committee will be elected, and candidates will be nominated for Justice of the Supreme Court, one member of Congress, and State officers to be voted for at the general election to be held on Tuesday, November 3, A. D. 1908.

The various counties of the state are entitled to delegate representation in this convention as follows: Ada 24, Hancock 18, Bear Lake 14, Blaine 23, Boise 6, Bonanza 10, Blaine 8, Canyon 10, Cassia 7, Coeur d'Alene 4, Fremont 37, Idaho 13, Kootenai 13, Latah 18, Lincoln 6, Nez Perce 21, Lemhi 5, Owyhee 4, Oneida 22, Shoshone 10, Twin Falls 4, Washington 9. The County Central Committees are hereby requested to perfect all arrangements for primaries and county conventions for the selection of delegates to said state convention. JAMES H. BRADY, Chairman. ANDREW T. SMITH, Secretary.

THE BEST PILLS EVER SOLD. After doctoring 15 years for chronic indigestion and spending over two hundred dollars, nothing has done me as much good as Dr. King's New Life Pills. I consider them the best pills ever sold." writes B. F. Asycue, of Ingleside, N. C. Sold under guarantee at F. E. Dicus & Co., drug store, 25c.

Of Interest to Women. Such women as are not seriously out of health but who have exacting duties to perform, either in the way of household care or in social duties and functions which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operation of this medicine is so rapid that it is a most valuable remedy for the following conditions: Menstrual irregularities, white and yellowish discharges, and all the various ailments which attend the female system. The Favorite Prescription has proven a great boon to expectant mothers by preparing the system for the coming of a baby, thereby rendering childbirth safe, easy, and almost painless. Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but it is a medicine of known composition, a full list of ingredients being printed in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, and containing no opium, and that the place of the commonly used alcohol, in its make-up. In this connection it may be said that the Favorite Prescription of Dr. Pierce is the only medicine put up for the relief of woman's peculiar weaknesses and ailments, and that it is the only one which has the unanimous endorsement of all the leading medical writers and teachers in the several schools of practice, and that too valuable a little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card or letter of Dr. E. V. Kears, Buffalo, N. Y.

Save Your Grain

Did you ever have your crop damaged while waiting for some big thrasher to get around to you? Did you ever have this same outfit waste your grain and you could not help yourself? Did you ever stop to think that three or four cents per bushel saved in threshing your grain, is just as good as that much added to the price of it? Did you ever stop to figure how much you had paid out in five years for threshing? Did you ever stop to think what you had to show for all that cash in the end? If you give the above questions due consideration, you will come to the conclusion that the Belle City thrasher is the outfit you want. We will be pleased to show you this thrasher, for we know it is just the machine you need.

INLAND NOW BUSY.

Advices reached the city yesterday that a crew of Spokane & Inland electric surveyors are now engaged running a survey down the Little Potlatch creek. Over a year ago, when seeking a route into the Lewiston valley, the Inland ran a line down the Little Potlatch and the object of the present work is understood to be to secure more complete data. The work deals with the extension of the Inland from its Palouse country terminus to Lewiston and Clarkston. The fact that the Little Potlatch is again being investigated shows that three routes are being considered. The other two comprise the Hatwai creek and Steptoe canyon routes. If the extension is made from Colfax the Steptoe below Moscow, the Hatwai route, by way of Genesee, or the Little Potlatch route will be chosen. Preliminary data on each of these routes has been in the possession of the company for a long period. The Little Potlatch strikes the main Potlatch near Juliaetta. This route was investigated many years ago by the O. R. & N. when that line contemplated extending its line here from Moscow, and later by the Northern Pacific prior to the latter building its line down the main Potlatch. At the time the Northern Pacific built, it was stated the road passed up the little Potlatch route because of the heavy construction work that would be encountered in the box canyon sections, but that otherwise the route was superior to that of the main Potlatch. It has been even said that the Northern Pacific prior to the latter building its line down the main Potlatch, it was stated the road passed up the little Potlatch route because of the heavy construction work that would be encountered in the box canyon sections, but that otherwise the route was superior to that of the main Potlatch. It has been even said that the Northern Pacific prior to the latter building its line down the main Potlatch, it was stated the road passed up the little Potlatch route because of the heavy construction work that would be encountered in the box canyon sections, but that otherwise the route was superior to that of the main Potlatch. Office in First Bank Building.

### THE GENESEE NEWS.

ENTERED AT THIS POST OFFICE AT GENESEE AS SECOND-CLASS MAIL MATTER.

CHAS. POWER, PUBLISHER.

Subscription price, strictly in advance, \$1.50.

—Follett Bros. have a change of advertisement. Read it.

—Mrs. Theo. Lorang and Mrs. Wm. Smolt left Wednesday for Spokane.

—Mrs. Ed. Peterson returned home Saturday from Spokane where she was receiving medical treatment.

—J. J. Owen, Wm. McMahon and Mr. and Mrs. L. Jain are attending the veterans encampment at Pullman.

—The ladies' aid will conduct an exchange at Dicus' drug store on tomorrow (Saturday). Sale starts at 10 a. m.

—Fred Tweed came in Monday from Kennewick to remain for a while to do some work about the orchard on his father's farm.

—Mrs. John Keane and son, Tom, have been spending the week in Lewiston attending the Normal graduating exercises.

—Mrs. E. Erickson, following a visit of several days here, left for her home at Kippen Monday. Miss Kern, her sister, accompanied her home.

—Express your choice of who shall be the Goddess of Liberty on July 4. It costs nothing to vote. Voting starts on the 13th inst. and ends on the 20th.

—Miss Emma Nebelsieck was an arrival here Monday from Portland where she attended the rose carnival. Following a week's visit here she will return to Moscow.

—Mrs. F. F. Burdic came up from Pullman Monday. Mrs. Burdic has been quite seriously afflicted with rheumatism for some time but is now considerably improved.

—Mrs. Fred Nagel, Mrs. W. C. Brant and Mrs. Fred Long are representing the local Eastern Star lodge at the annual grand chapter meeting being held in Coeur d'Alene this week.

—George Raymond returned home Saturday from his trip to the coast. Enroute home he stopped at Wenatchee to visit Mr. and Mrs. LeRue Tice. He reports Mrs. Tice in very poor health.

—The ball game Sunday between Genesee and the Lewiston Temple teams was a tame and one-sided affair, the home team winning by a score of 12 to 1. It is not clearly known how the one score was made by the visitors.

—On Thursday evening, the 25th inst., a fire broke out in the building of the Genesee country in the past and resolved to pay a personal visit here. He may decide to invest. Mr. Miller is a near relative of Mrs. T. Miller residing just south of town. Mr. and Mrs. Miller and Miss Bernsten were among the large number of passengers who were caught in the great Montana floods and in order to get out walked a number of miles.

—Insane inmates of the state asylum at Orofino will be set at work June 15 in the asylum brickyard, where they will make the brick for the new building. Construction work will begin late in the summer. The new wing will be 150x30 feet, two stories high and fireproof. When completed the building will be divided into two wings, one for women and the other for men patients. Dr. John W. Givens has exactly 100 patients under his care, 40 of them from south Idaho.

—The machinery has been provided for the prompt issue of a safe emergency currency whenever it shall be needed. The minds of business men and bankers are relieved. They feel that a repetition of the distressing currency famine of last year is impossible.

—There will be less popular apprehension of a monetary stringency, and for that reason such a stringency will be less likely to occur. The bill which has gone to the president for his signature is acceptable and valuable chiefly because it complies with the demand of western bankers and business men and their spokesmen, the Tribune, that commercial paper should be included among the assets on which any emergency circulation was based. A plan which excluded commercial paper would have been a weak, unimpaired thing, valueless for most banks and the communities they serve.—Chicago Tribune.

### FOR SPOT CASH

## Thirty Days' Special Sale

Being overstocked in Boys' Shoes, we offer one lot of HOLLAND SHOES FOR BOYS, were \$2.50, reduced to \$2.25  
24 PAIR OF MISSES SHOES, were \$2, reduced to \$1.45

30c Black Tea, now 20c

## We Sell SELZ Royal Blue Shoes

You'll find one thing about our shoe line that's worth finding out at any store where you spend your money—you can't get anything but good shoes here. We sell SELZ Royal Blue shoes, because they help uphold our reputation for quality; they're good shoes for us to sell because they're so good for you to wear.

The new Summer styles are very smart. \$3.50, \$4, \$5.

We will duplicate the prices of any catalogue house, less freight.

# J. ROSENSTEIN

**CHURCH NOTICES.**  
The Christian Endeavor society of the Congregational church wishes to thank the band, orchestra, and all who took part in the play, "One Girl in a Thousand," for their assistance in making the entertainment a success. Your services are appreciated.  
OLIVE LARRABEE, Pres.  
RUTH FOWLER, Sec.

—Mrs. J. W. Hall and little daughter returned Monday from a visit at Spokane.

—Violent rains of Thursday and Friday of last week did a large amount of damage in the Clearwater section. On Thursday the Clearwater river rose at the rate of a foot an hour. The town of Sites was under water and Kamiah was flooded.

—Al Whitted has returned from a trip to the coast. He also visited at Sunnyside and at Yakima and says the Genesee country can't be beaten anything he saw. Mr. Whitted says he considers his farm worth one thousand dollars more than he did before he took this trip.

—Last week petitions were circulated at Troy and other places asking for the pardon of Paine Sly who killed Marshall Hays at Troy about five years ago and who is now serving a life sentence in the state penitentiary. So much opposition developed to the petitions that the matter was dropped.

**A GRAND FAMILY MEDICINE.**  
"It gives me pleasure to speak a good word for Electric Bitters," writes Mr. Frank Conlan of No. 425 Houston St., New York. "It's a grand family medicine for dyspepsia and liver complications; while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulate the digestive functions, purify the blood and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at F. E. Dicus & Co's.

FRIDAY, JUNE 12, 1908.

—Andrew Peterson left Saturday for Moscow.

—A Bryan club has been organized at Juliaetta.

—Mr. J. E. Reilly visited his people at Orofino Friday.

—Mrs. O. E. Rice has been spending the week at Pullman.

—Mrs. J. M. Henry came down from Spokane Monday for a visit with home folks.

—The genial countenance of W. W. Gray is again visible upon our streets.

—Dr. Carrol Conant is expected to arrive here in a day or two from Detroit, Mich.

—R. Pickering has a new ad in this issue. He is writing considerable hail insurance.

—H. A. Morgan and daughter Edith left overland the last of the week for Walla Walla to attend the graduating exercises at Whitman college.

—Rev. E. P. Warren of this place is conducting revival meetings on American Ridge. Pearl and Lonnie Rogers are assisting in the singing.

—Miss Madge Fowler, who graduated this week from Whitman college, the coming school year will teach in the Colville, Wash., school and will receive a salary of \$75 per month.

—Martin Meyer last week disposed of his 120 acre farm west of town to Burger Bros., the consideration being \$58 per acre which includes improvements and a small amount of chattel. Mr. Meyer will seek a new location he having left the latter part of the week for the coast county.

—In order to accommodate the large number who will attend the ball game at Orofino Sunday afternoon between the Uniontown and Genesee teams, arrangements have been made to run an excursion train, the same to leave here at 1:30 p. m., and will return immediately following the close of the game. Fare for the round trip will be 60 cents.

—Postmaster General Meyer announces that an agreement has been reached between the United States and Great Britain providing for letter postage between the two countries will be 2 cents per ounce, to take effect on October 1st. The postmaster general of Great Britain has made the same announcement before the House of Parliament.

—The Shoshone Journal, which, by the way, is one of the brightest and best papers among our exchanges, has found a new epithet for the boss of the Idaho democrats, when it calls former Senator Dubois "a political polygamist, with an eye to a new charmer before he tired of the old." It is quite appropriate, because while consorting with the republicans he began a liaison with the silver republicans, then went over to the democratic party, and while consorting with it has his eye on the charms and prospect of the new Utah American party which he is now courting with the same vile vigor which has distinguished his relations with all the other parties. If this is not political polygamy, what better name could one bestow on the pretended guardian of the purity of American homes?—Owyhee Nugget.

—Cut clover hay when about half the blossoms are brown; cut timothy when the bloom is falling. Curing clover hay as soon as the dew is in the morning. At noon shake the bunches, rake into windrows before evening dews get on it, and let it lie until next day. Next day shake out the hay as soon as the dew is off. You ought to be ready to haul, on a hot day, by eleven o'clock, or certainly after dinner. It spoils clover hay to get too dry. It should never be put into the barn when wet with rain or dew; but a little sap won't hurt it. Curing timothy: If the crop is not too heavy and rank, cut as soon as the dew is off, let it cure a few hours, rake into windrows, and haul to the barn the same day. If crop is rank, cut it in the afternoon; it will wilt some during the night and dew will not hurt it. Next day's sun will dry it in a few hours, when it can be raked into windrows; haul it to the barn in the early afternoon.—Farm Journal.

—Morris Becker returned to Pullman Tuesday.  
—Mrs. P. W. McRoberts returned Sunday from her trip to the coast.  
—Fred P. Miller transacted business in Troy Friday and Saturday.  
—Mrs. C. H. Nellor spent Monday and Tuesday at Colton the guest of Mrs. R. A. Galley.  
—Mrs. Frank Williamson returned Tuesday from Lewiston where she witnessed a portion of the graduating exercises.

—The W. R. C. ladies will meet in I. O. O. F. hall on Saturday afternoon, June 20, at 2 p. m., to transact important business, and all members are urged to be present.

—The socialists of Latah county will hold a picnic in the city park at Moscow, June 16. Walter Thomas Mills, of Portland, a speaker of considerable prominence, will address the gathering.

—The G. A. R. and W. R. C. societies extend a vote of thanks to the children who took part in their memorial day exercises. Also to the members of the Christian church for the use of the basement on that day.

—The Nez Perce socialists, who last week held their county convention at Orofino, placed in nomination a full county ticket. There were fifty-eight delegates in the convention, representing fifteen precincts in the county.

—Mrs. Harley Smith and daughter, Gretchen, left Sunday morning for Moscow. They were joined there on Thursday by Mr. Smith and Glenn, who went over to be in attendance at the marriage of Miss Myrl Baxter and Mr. Howard McConnell, which took place yesterday noon.

—Judge Steele Wednesday rendered an opinion in the case of Anna Healey vs. Dan Healey. Alimony in the sum of \$420 annually was granted the plaintiff and she was allowed the use of the premises now occupied by her in the western part of town as a residence. In the matter of the George Daggatt estate, Judge Steele affirmed the action of the probate court in appointing H. H. Bangs administrator.

—The constitutionality of the famous 28-hour law, which provides that cattle in being shipped to market may not be kept confined in pens for a period longer than 28 hours without unloading for rest, feed and water, is upheld in a decision handed down last Monday at Topeka by Judge John C. Pollock in the federal court. This is the first time the law enacted by congress in June, 1906, has been called in question, and it is noteworthy from this standpoint alone.

—The home talent entertainment, "One Girl in a Thousand," given at the opera house Thursday evening of last week drew a fair sized audience which was well pleased with the performance, over a number expressing themselves as believing that it was equal to any ever given here. The part of Pudge Miller was especially well taken by Chas. Mochel, but all did well. Good music was furnished by an orchestra of five local musicians. Those participating in the play went to Uniontown yesterday where it was their intention to reproduce the same.

—J. Rosenstein returned Saturday from Twin Falls where he attended the democratic state convention as a regularly elected delegate from this county, being a supporter of the Dubois element. Mr. Rosenstein gives it as his opinion that the Dubois delegates to the national convention will be seated with very little trouble over the opposing set. He states that the hotel and other accommodations for holding a convention at Twin Falls were altogether inadequate. His trip thoroughly convinced him that the farmers of the Genesee valley should be the happiest people in Idaho, as at no point did he see growing crops of any kind that would compare with the prospect here, and he does not expect the high-priced irrigated lands either.

—The League of Southern Idaho Commercial Clubs, which embraces the principal cities of the southern part of the state, are making a united effort to have the next Idaho legislature pass a bill appropriating \$25,000 a year for the years 1909, 1910 and 1911, the same to be expended by the state bureau of immigration to aid in advertising the resources of the state and to stimulate immigration.

—The league is endeavoring to enlist all commercial organizations in the state to co-operate with them to secure the appropriation. The last legislature appropriated \$14,890 to be used during 1907 and 1908, a sum not sufficient to enable the bureau to gather and publish the proper essential statistics and information concerning the state.

## Vote Your Choice for Goddess

To determine what young lady shall act as Goddess of Liberty at the big celebration to be held in Genesee on July 4, a voting contest has been decided upon. The place of voting will be at Greaves' drug store and will start Saturday, June 13, and close Saturday, June 20. The hours of voting will be to 12 a. m., 2 to 5 and 7 to 9 p. m. All persons 16 years of age and over, residents of Genesee and surrounding country, are eligible to vote. No cost whatever is attached to voting and all are urgently requested to express their choice.

Mrs. Sarah Elliott will be in charge of the voting and all voters will be properly registered.

To add interest to the contest votes will be counted and the result announced each day.

Any person interested may place in nomination or vote for any young lady they may desire.

The following young ladies have been placed in nomination:

- RUTH MARTINSON
- ELVA GRAY
- DOROTHY DRISCOLL
- MARIE OLSON
- HATTIE BOTJER
- JULIA LORANG
- ANNA CARBUH
- CLARA BUTZINE

—Be a sport. Celebrate in Genesee.

—Mr. and Mrs. W. E. Smith visited Uniontown Tuesday.

—Mr. and Mrs. Will Herman spent a portion of the week at Moscow.

—A daughter was born to Mr. and Mrs. Wm. Nixon Saturday of last week.

—Elmo O'Reilly, son of Mr. and Mrs. O. O'Reilly, came down from Spokane Monday.

—Mrs. Joe Geiger contemplates a visit to Mountain Home, Idaho, where her sister lives, in the near future.

—Mrs. J. G. Hampton and two children left Monday for a visit with Mr. Hampton's people at Harrington, Wash.

—J. G. Wright came in from Kamiah Friday. He returned Tuesday accompanied by Mrs. Wright and the children who will remain there for a while.

—O. O'Reilly left yesterday morning for Spokane to attend the annual meeting of a mining company of which he is a heavy stockholder. The property is located near Hope, this state.

—Senator Borah, of this state, has been invited to second the nomination of Secretary Taft at the republican national convention. Senator Borah is requested to follow Senator Dooliver, who is to make the first seconding speech.

—During the recent prohibition campaign through the south, some of the daring workers tackled that celebrated wet burg, Louisville, Ky., and started in by accosting passers-by on the streets. Col. Blank was stopped one day by the challenge, "Do you drink whiskey sir?" After sizing up his opponent and drawing himself up to his full military stature, the colonel replied: "I decline to answer that question sir, until I know whether it is an inquiry or an invitation."

**HAY FOR SALE.**  
I have for sale a limited quantity of grain hay at less than cost.

W. M. THOMPSON.

NO NEED OF SUFFERING FROM RHEUMATISM.

It is a mistake to allow rheumatism to become chronic, as the pain can always be relieved, and in most cases a cure effected by applying Chamberlain's Pain Balm. The relief from pain which it affords is alone worth many times its cost. It makes sleep and rest possible. Even in cases of long standing this liniment should be used on account of the relief which it affords. 25 and 50 cent sizes for sale by F. E. Dicus & Co.

The ladies' aid will meet in the church basement next Wednesday afternoon.  
—O. Olson has a change of ad in this issue in which he quotes some interesting prices.  
—James Dunn, a former Genesee resident, and a brother-in-law of Chas. Hanson, has been here during the week selling thompson.  
—Chester Thompson, the Seattle youth who shot and killed Judge Emory in that city some months ago, and who was later declared to be insane, has been given his liberty.

—A new sidewalk is being put down in front of the opera house. The removal of the old walk has given the opera house owners a chance to make a much needed improvement, that of constructing a good drain around the building.

—C. M. Edgett, a young man of Moscow, circulated among the Genesee voters the latter part of last week securing signatures to a petition asking that the board of county commissioners name him as surveyor to succeed the present incumbent who has tendered his resignation. He was very successful.

—Any one knowing the whereabouts of Ernest Spranger who has lived in Lewiston and other places of Idaho, is kindly requested to inform the undersigned by letter or card. The missing is now about 61 years old, bald headed, above medium size, (i. e. 5 foot 8 inches), brown hair and gray eyes. Is of German descent and speaks the language fluently. Any one giving information will greatly oblige his brother and sisters.

GEORGE SPRANGER, Strawberry Point, Iowa, R. F. D. No. 2.

**MILLINERY.**

Come in and see the pretty hats at half price, as I do not wish to carry any of my stock over.

MRS. WM. SMOLT.

THE BEST PILLS EVER SOLD.

"After doctoring 15 years for chronic indigestion and spending over two hundred dollars, nothing has done me as much good as Dr. King's New Life Pills. I consider them the best pills ever sold." writes B. F. Ayscue, of Ingleside, N. C. Sold under guarantee at F. E. Dicus & Co., drug store. 25c.

Our Stock is Very Complete and Prices Right

W. J. Herman Co.

WHEN APPLE TREES BEGIN TO BEAR.

In giving the following data the author realizes that climate and soil has a wonderful influence in making the trees vary in the time of setting their first crop of fruit. Yet, in the following list it is safe to say that it remains fairly constant for the Pacific northwest, and any deviation from this data is so slight that it is of no commercial note. In a soil where the growth is very rank, then, the time of beginning the fruit would be a little longer than here given: correspondingly, in a soil which balanced on the other side of the scale, i. e., has an excess of certain alkaline elements in it, the time of setting the first crop would be less. In the following data, I have assumed the trees to be two years old at the time of planting, and from the time of planting to the time of first fruiting is here given.

Of those that require the grower to wait nine years before he can sample the fruit, we have Early Strawberry, Spitzenberg, Fall Pippin, Golden Russet, Golden Sweet, Mother, Northern Spy, Pumpkin Russet, Pumpkin Sweet, Rambo, Red Russet, Sutton's Sweet, Westfield, Seen-No-Further, Yellow Belleflower. The two latest of the foregoing are the Early Strawberry and the Rambo. There are a few apples which fall a little shy of the nine year class. These are the Baldwin, Gravenstein, Beltzheim, Tallman's Sweet, Peck's Pleasant, and the Stump.

A great many of our apples fruit at five years after planting; some of the most common are the Cooper's Market, Dominic, Fallwater, Fameuse, Mackintosh, Green Newton Pippin, King of Tompkins county, Monmouth, Minnesota's Sweet, Fawcett, Grise, Rawley's Janet, Red Astrachan, Rhode Island Greening, Sops of Wine, Twenty Ounce Pippin, Vandevere, Winesap, Stayman's Winesap, and others.

Some of the apples falling in the four year category are the Ben Davis, Gano, Jonathan, Carolina June, Early Harvest, Gideon, Jefferis, Jersey Sweeting, Longfield, Maiden's Blush, McMahon's White, Melon, Tetofsky, Wagner, and Yellow Transparent.

There are a few which fruit at three and four years. Of the former there are the Keswick, Primate and Williams Favorite. Those fruiting at four years are the Odenburg, Haas and Rome Beauty.

It is well for the prospective fruit grower to look at more than the price that a box of apples brings when he chooses his varieties. While the Spitzenberg is the height of excellence in flavor and price, because of its shyness and tardiness in bearing, there is a chance for some of the other varieties to net greater returns.

To free a house of mice, sprinkle red pepper where they are likely to run in it. They will soon leave.

Don't discourage the boy when he comes to you with his cares or troubles. Sympathize with him, and thank God he confides in you.

The sweetest, purest ornament that a woman can wear, and of which she should feel proud, is the clinging necklace of her baby's arms.

Notice of Meeting of Republican State Convention.

Pursuant to the authority and by the direction of the Republican State Convention, a Republican State Nominating Convention will convene at the City of Boise, State of Idaho, on Tuesday, the first day of September, 1908, at 11 o'clock a. m., at which State Convention a Republican platform of principles will be announced, a new State Central Committee will be elected, and candidates will be nominated for Justice of the Supreme Court, one member of Congress, and State officers to be voted for at the general election to be held on Tuesday, November 3, A. D. 1908.

The various counties of the state are entitled to delegate representation in this convention as follows: Ada 24, Blaine 18, Bear Lake 14, Bingham 23, Boise 8, Blaine 9, Blaine 9, Canyon 19, Cassia 7, Custer 3, Elmore 4, Fremont 37, Idaho 13, Kootenai 13, Latah 18, Lincoln 6, Nez Perce 21, Lemhi 5, Owyhee 4, Oneida 22, Shoshone 16, Twin Falls 4, Washington 9.

BORN IN IOWA.

Our family were all born and raised in Iowa, and have used Chamberlain's Colic, Cholera and Diarrhoea Remedy (made in Des Moines) for years. We introduced the remedy here. It has proven very successful and is constantly growing in favor.--E. E. Dicus & Co. This remedy is for sale by F. E. Dicus & Co.

Notice for Publication of Time Appointed for Proving Will, Etc.

In the probate Court of the State of Idaho, in and for the County of Blaine, Idaho, on the 18th day of June, 1908, the will of Peter C. Daniel, deceased, was admitted to probate.

Save Your Grain

Did you ever have your crop damaged while waiting for some big thrasher to get around to you? Did you ever have this same outfit waste your grain and you could not help yourself? Did you ever stop to think that three or four cents per bushel saved in threshing your grain, is just as good as that much added to the price of it? Did you ever stop to figure how much you had paid out in five years for threshing? Did you ever stop to think what you had to show for all that cash in the end? If you give the above questions due consideration, you will come to the conclusion that the Belle City thrasher is the outfit you want. We will be pleased to show you this thrasher, for we know it is just the machine you need.

COMMISSIONERS' PROCEEDINGS.

We glean the following item from the commissioners' proceedings from an adjourned session held last week: Harvey J. Smith, of Moscow, was appointed county surveyor to fill the unexpired term of J. H. Kirkwood who has tendered his resignation.

All bids for the construction of a new bridge across the Palisatch at Kendrick were rejected and the auditor was instructed to readvertise for new bids. The contract for the building of a new bridge across Hodgins gulch, 1 1/2 miles west of Genesee, was awarded to Eli Harris, his bid being \$152. Contracts were also let for the building of a number of other small bridges throughout the county.

Mrs. M. J. Nulph of this place was extended county aid in the sum of \$15. Depository bond of First Bank of Genesee in the sum of \$40,000 was examined and approved. In the manner of P. Kinnear et al, for a public road in road district No. 26, the amount of \$25,000 awarded to S. D. Oylear as damages having been tendered to said S. D. Oylear and by him refused, it was ordered that the prosecuting attorney be directed to bring an action in the district court of the Second Judicial District of Idaho, against the non-consenting land owners for the condemnation of right-of-way of said public road.

A considerable amount of other business was transacted. The board adjourned to meet in regular session the second Monday in July.

K. OF P. GRAND LODGE OFFICERS.

At the grand lodge session of the Knights of Pythias held last week at Twin Falls, new officers were chosen as follows:

Grand chancellor, Sherman C. King, Boise. Grand vice chancellor, Dr. C. B. Shirley, Weiser. Grand prelate, Vic Elver, Nampa. Grand master at arms, Clement Wilkins, Coeur d'Alene. Grand inner guard, W. E. Nixon, Twin Falls. Grand outer guard, H. M. Thostenson, Wallace. Grand trustee, Guy Flenner, Boise. Grand trustee, three years, T. Jones, Lewiston.

James Smythe of Montpelier was elected trustee to fill the unexpired term of Trustee Sweet of Montpelier. James H. Harte and A. W. Post were re-elected grand keeper of records and seal and grand master of exchequer respectively.

The Twin Falls News says the session of the grand lodge was one of the busiest and most important held in years. The principal part of the session was taken up with revision and codification of the grand statutes. Among other things the changes provide for annual instead of semi annual elections and the election of delegates to the grand lodge on the first to the third meeting in April instead of in May. The date of holding grand lodge conventions was changed to the third Wednesday in June from the second Tuesday. The system of officials was changed so to conform to the appeal procedure from the justice to the district court. Heretofore appeals have been taken similar to those from the district to the supreme court of the state. The payment of sick and funeral benefits was left optional with subordinate lodges. The statutes were changed in all particulars where it was found necessary to do so in order to conform to changes made by the supreme lodge.

The grand lodge of Pythian Sisters also convened at Twin Falls during the session of the grand statutes. From transacting the regular routine business elected the following officers: Grand Chief, Mrs. W. A. Hart, Coeur d'Alene; Grand Senior, Mrs. Bard Wallace; Grand Manager, Miss Kate Dyer of Rathdrum; Grand Junior, Mrs. Louise Bainbridge of Twin Falls; Grand Mistress of Records and Correspondence, Mrs. Siggins of Boise; Grand Representative of the Supreme Lodge at Boston, Mrs. Della Hollister of Rathdrum; Grand Outer Guard, Mrs. Greek of Silver City; Grand Inner Guard, Mrs. Matthews of Mountain Home.

Senator W. E. Borah has been named as the republican national committeeman for Idaho to succeed Senator W. B. Heyburn.

THE FOURTH!

During the past week excellent progress has been made by the various Fourth of July committees and the program as outlined insures a successful day's entertainment. That a large number of people will be present is a certainty.

PROGRAM. 5:00 a. m., firing of National Salute. 9:30 a. m., the big parade will form and march through the business streets to the city park. The line of march will be headed by the Genesee brass band and followed by the liberty car carrying the Goddess and her aides, city officials, secret societies, floats of the business houses, call-thumpians, etc. etc.

AT CITY PARK, 10:30 A. M. Address of Welcome, Mayor T. Driscoll. Invocation, Rev. C. H. Nellor. Selection, Genesee Band. Chorus, Patriotic song, Fifty Girls. Declaration of Independence, Miss Ina Greaves. Selection, Genesee Band. Strew The Fair Garlands, Double Male Quartet. Address, Prof. Edward Hulme. Selection, Genesee Band. DINNER HOUR.

BASE BALL GAME. 1:30 p. m., at ball park will occur a matched game of ball for cash purse.

SPORTS. Commencing at 3:00 p. m. near the city park, the following program of sports will be carried out for the enumerated cash purses:

Potato race, \$2.00 first, \$1.00 second. 100 yard, free-for-all foot race, \$5.00, one money. 100 yard foot race for boys 12 years and under, \$2.00 first, \$1.00 second. 100 yard race for girls, 16 years and under, \$2.00 first, \$1.00 second. Potato race, \$2.00 first, \$1.00 second. 100 yard foot race for boys 12 years and under, \$1.50 first, 50 cents second. 100 yard foot race for girls 12 years and under, \$1.50 first, 50 cents second. Fat man's race, 200 pounds or over, \$2.50. Sack race, \$2.00. Three-legged race, \$2.00. Three-horned race, \$2.00.

Throughout the afternoon and night dancing will be conducted at the opera house.

RELAY RACE. At 7:00 p. m. a big relay race will be run over a course of about 500 yards for a \$10 cash purse to the winning team.

FREE LEMONADE. Lemonade, the real article, will be dispensed without cost to all those wishing it throughout the day at the city park.

Those wishing to take their dinners in the city park will be provided with conveniences and there is an abundance of shade.

COMMITTEES. Executive--F. E. Dicus, Thomas Keane and E. E. Oylear. Reception--T. Driscoll, P. W. McRoberts, C. E. Wood, J. K. Bell, O. O'Reilly, F. K. Bressler. Program--Mrs. T. Driscoll, Rev. C. H. Nellor, Mrs. Will Herman, Miss Ina Greaves, E. O. Cathcart. Sports--Thomas Keane, Chas. Power, Al Whitted, J. H. Greaves, F. P. Miller. Liberty Car--Mrs. J. S. Larrabee, Mrs. Leon Follett, Mrs. Sarah Elliot, F. P. Miller, Geo. Raymond, Thos. H. Herman. Parade--Everet O'Reilly, H. A. Morgan, J. J. Owen. Horribles--Elmer Vanouck, Guy Greaves, Leon Follett. Marshal of the Day--H. A. Morgan.

Persons wishing concessions or stand privileges should apply to the executive committee.

NO REED OF SUFFERING FROM RHEUMATISM. It is a mistake to allow rheumatism to become chronic, as the pain can always be relieved, and in most cases a cure effected by applying Chamberlain's Pain Balm. The relief from pain which it affords is alone worth many times its cost. It makes sleep and rest possible. Even in cases of long standing this liniment should be used on account of the relief which it affords. 25 and 50 cent sizes for sale by F. E. Dicus & Co.

SCHOOL PICNIC AND L. A. S. SALE.

On Friday, June 26, at Ditlef Smith's ranch, 6 miles north of town, the perochial school of Our Savior's church conducted by Rev. O. C. Hellekson, will have its closing picnic and the ladies' aid society of the same church will hold its annual auction sale. The children are being thoroughly drilled for the program and will be assisted by several members of the Young People's society and a special choir. The program will be a good one and will begin at 10 o'clock. Come early so as not to miss any of it. At noon the ladies will serve a dinner at 25c a plate, 15c for children. Then will follow the sale. The ladies have prepared some handsome handwork, and it will pay you to come and invest. Arrangements are being made for a good base ball game and other sports for the rest of the day. Refreshments will be served on the grounds. We plan on a day of general good time and a fine outing. We invite all our neighbors as well as our city friends to join us. REV. O. C. HELLEKSON.

PROGRAM.

Following is the program for the closing exercises of the Sisters' schools to be held Thursday evening of next week at the Genesee opera house, beginning at 8 o'clock sharp. ### THE GENESEE NEWS.

PRINTED AT THE POST OFFICE AT GENESEE AS SECOND-CLASS MAIL MATTER.

CHAS. POWELL, PUBLISHER.

Subscription price, strictly in advance, \$1.50.

—Rev. Light, pastor of the M. E. church at Kendrick, was in the city Monday and Tuesday.

—The cutting of alfalfa hay is now in progress. Timothy and grain hay will soon be ready for the sickle.

—Mrs. C. M. Dodson, sister of Jim Willows, following a visit here of several weeks, left Wednesday for her home at Wetaskiwin, Alberta.

—Mox Ebel was over from Moscow Sunday. Mr. Ebel, who is an expert trap drummer, will assist the Army company orchestra at their Fourth of July dance.

—R. N. Miller, brother of O. E. Miller, was an arrival here Saturday from Pullman. Mr. Miller graduated from the Washington State College last week in the horticultural course.

—Mr. and Mrs. W. E. Smith and Howard left Friday morning of last week for the Big Camas prairie section in the southern part of the state to look after their farming interests.

—Alonzo Hanson has accepted a position with Jake Weiber at Colton to work in the latter's hardware and furniture store. Mr. Hanson will move his family to Colton to reside early the coming month.

—Elmer Larson, Arthur Hove and Josie Olsen have returned from the Pacific Lutheran academy at Parkland, Wash., where they attended school during the past year. The first two of their way home spent a few days with friends at Kennebec.

—The Pythian Sisters have elected the following officers: Past Chief, Nettie Oylear; Most Excellent Chief, Lula Jain; Excellent Sr., Susie Smith; Excellent Jr., Marie Martin; Manager, Josie Bell; Mistress of R. and C., Malida Cathcart; Mistress of Finance, Meta Herman; Protector, Belle Jackson; Guard, Katherine Martin.

—Virgil Randall, father of Miss Cora Randall, a teacher in our public schools, died very suddenly Saturday of heart failure at the family home near Viola. A large, but grown up family is left to mourn his demise. The deceased was one of the early settlers of the Viola section in this county and has always been prominently identified with the political and social life of his community.

—According to the Courier the total receipts for strawberries grown in the Kennebec district this season will be about \$35,000 to \$38,000, representing about 10,000 crates shipped. From this sum the expenses of picking and crating must be deducted before a profit is realized by the growers. The crop is said to have been a light one but better than it has been for years. While it is "none of our funeral" we are still of the opinion that there is more money in growing what—almost anything that can be grown in the Kennebec section—on the \$50 land of the great Genesee valley.

—An important land deal took place Saturday when C. H. Phelps sold his ranch known as the Gilkerson place to Joseph Scharbach of Genesee for \$14,400. This farm contains 320 acres, and is four miles from town, making the price at \$45 an acre seem high; but the farm is one of the best on the Rimrock and the price of a house land is advancing steadily. The 320 acres are nearly all under cultivation, 170 acres being in crop this year. Mr. Phelps will remain on the place until fall, but has not yet decided where he will locate. Mr. Scharbach intends to put his son, Zach, on this place in the fall, remaining himself on his ranch in Idaho, and rumor says Zach will be married by the time he moves to his new home—Colton News-Letter.

—The way the combined harvesters are arriving in this section, at the present time, one cannot help but think that hereafter grain crops of Asotin county are going to be more nearly cared for at the time when the grain is ready, without waiting for a dozen or more other crops to be handled before the owner's turn comes. There are twelve new machines of this character to go into this county this season, besides two or three regular threshing outfits. With the combines that are already in use, there must be close to twenty-five of these machines in Asotin county, and the way they can care for the grain is not slow by a good deal. It bespeaks prosperity, as well as enterprise, and that the farmers are determined to take no chances on caring for their crop when once it is ready for the machine. It is a fine thing to be able to care for a good crop, as well as to grow it.—Asotin Sentinel.

# A Spot Cash Sale

FOR TWO WEEKS

While we enjoyed an excellent business during our 30 day sale we have decided to still further reduce our big stock by quoting

## Extra Low Prices for Two Weeks

Beginning Saturday, June 20, and ending July 3. Not wishing to carry over any Summer goods prices on these lines will range especially low. My loss will be your gain.

Look Over My Bargain Counter on Which You Will Find Shoes at Almost Half Price in Order to Close Out Certain Brands

In Shoes I have positively the BEST stock in town. SELZ in Men's and Ladies' Shoes and HOLLAND'S in boys.

## J. ROSENSTEIN

—Martin Meyer has moved his family into town.

—J. S. Larrabee, Fred Lambert and A. Butzine returned the first of the week from a fishing trip up the Clearwater. Mr. Larrabee states that they caught some good sized cat fish—in fact had fish for every meal. On the quiet, they have been accused of taking a lot of sardines with them.

—H. H. Robinson, one of the early pioneers of Moscow, and well known throughout the county, died Saturday of heart failure. The funeral was held Monday. Mr. Robinson was deputy sheriff under W. S. Robbins, was a candidate for the office before the last republican county convention and for a number of years has been city clerk of Moscow. He leaves a wife and five children. Anson, the oldest son, is near Boise, in a mining camp; William is in Arizona; Mrs. Mahoney and Mrs. McGarvey live at Tekoa, Wash.; while Marie lives in Moscow, being the wife of James A. McLean, president of the Idaho state university.

—At a meeting held Saturday, says a Nezperce dispatch, to receive the report of the soliciting committees it was announced that \$50,000 had been pledged and reduced to form of bankable notes, and \$5000 subscribed to right of way thus assuring the new road which will be built from Nezperce to Vollmer, giving this town a railroad practically at the same time as other prairie towns. S. A. Johnson has promised to build the line provided citizens subscribe \$50,000 and provide right of way. Mr. Johnson announced that he would Monday begin to purchase right of way and to establish a permanent survey. Grading will begin in a few days, and the road will be in operation by late fall, it is said.

—CHURCH NOTICES.

M. E. Church South: Rev. J. G. Carrick, P. E., will hold the 4th quarterly conference at the parsonage next Sunday at 8 o'clock p. m. All the official members requested to present. Preaching services Sunday morning at 11 and at 3 p. m.

E. P. WARREN, Pastor.

Congregational church: "Nations at the Bar of God" will be the topic for next Sunday morning. This is a patriotic theme and will, therefore, be a fit introduction to the Fourth of July celebration to be held next week. A union temperance service will be held in this church at 8 o'clock in the evening and Rev. Gallely of the Methodist church will preach the sermon. A hearty welcome to all.

BADLY SPRAINED ANKLE CURED.

Three years ago our daughter sprained her ankle and had been suffering terribly for two days and nights—had not sleep a minute. Mr. Stallings, of Butler, Tenn., told us of Chamberlain's Pain Balm. We went to the store that night and got a bottle of it and bathed her ankle two or three times and she went to sleep and got a good night's rest. The next morning she was much better and in a short time she could walk around—had not any more trouble with her ankle.—E. M. Drumhitt, Hampton, Tenn. 25 and 50 cent sizes for sale by F. E. Dicus & Co.

Corrected every Thursday p. m.

FRIDAY, JUNE 26, 1908.

—Mrs. C. N. Herman returned home Sunday.

—Mrs. Vandenburg is home from the lumber in Stevens county, Wash.

—Rev. Orrick, minister of the Christian church at Moscow, was here Monday and Tuesday.

—The Women of the World will meet on tomorrow (Saturday) evening to elect new officers.

—Dr. and Mrs. J. L. Conant and Mr. and Mrs. Harley Smith left Monday morning for a few days outing in the Salmon river country.

—Mrs. Joe Geiger and two children left Monday this week for a visit with her sister at Mountain Home, in the southern part of the state.

—Mrs. P. Cunningham, Mrs. A. A. Haymond, Miss Mollie Keane, John and Will Cunningham went to Moscow Monday to be in attendance at the funeral of H. Robinson, who died in that city Saturday.

—H. Hickman, of Hudson, N. C., and Rev. and Mrs. J. I. Hickman, of Asheville, N. C., following a visit of several weeks at this place, left Sunday morning for their southern homes. They will stop enroute in Nebraska.

—Within a few days Louis Ottesen will move his family to Moscow to reside. Mr. Ottesen will remain here and continue in charge of the grain warehouse which he has operated for some years. John Sullivan will move his family to town to occupy the residence which he owns that is being vacated by Mr. Ottesen.

—There is little doubt but that Genesee will entertain a large number of visitors on July 4. While we earnestly believe that we can lay claim to having the best sidewalks and streets in any town in this section they can be made to look better by cutting up weeds and grass, at least along the walks. Slick up a little before the "glorious."

—J. K. Bell returned home Sunday from his eastern trip. In addition to stopping in St. Joseph, St. Louis and Chicago, where he purchased goods for the new store, he took occasion to visit a number of days at his old home in West Virginia, and also in Ohio. M. C. Bell, an uncle, whose home is at Waterford, Ohio, returned with Mr. Bell for an indefinite stay here. Goods for the new store are now arriving.

### MISS ELVA GRAY THE CHOICE.

In the voting contest for the Goddess of Liberty Miss Elva Gray, living five miles east of Genesee, received the highest number of votes of the eight candidates. The contest on the closing days was quite spirited and a total of 678 votes were cast.

### TO CAMP AT FORT WRIGHT.

Thirty of the officers and members of Company H, N. G. L., left on Monday morning's train for Spokane near which city they will go into camp at Fort Wright for about ten days. They took with them a complete camp outfit and for the time will enjoy real soldier life. Camped with them will be two other companies, one from Rathdrum and one from Coeur d'Alene.

Those making up the company from here are: Capt. J. K. Bell, 1st Lieut. Thos. Keane, 2nd Lieut. F. A. Harris, 1st Sgt. D. C. Burr, 2nd Sgt. E. Vanhook, Sgt. Robert Emmett, Corp. Chas. Mochel, Corp. Fred Geltz, Corp. Ernest Rehberg, L. Mochel, A. Wardrobe, Thomas Elliot, J. Herman, A. Curran, Leon Larrabee, Harry Ball, Fred Spencer, John Wardrobe, John Meyer, Will Geltz, A. Springer, Ben Pleiman, L. Edwards, A. Rader, W. Mervyn, E. Lambert, F. Rehberg, Will Carson and Musicians P. Dodson and Alva Greaves.

—Mrs. Dillie, of Spokane, is a visitor at the Cunningham home in this city.

—The parochial school of Our Savior's church, conducted by Rev. O. C. Hellekson, closes today with a picnic at D. Smith's.

—Mr. and Mrs. Conrad Martin and Bernice left yesterday for a visit at Spokane. Mr. Martin's father expects to leave soon for the east.

—Baptiste Mergo while assisting in doing some road work on the reservation Wednesday received a serious cut in one of his feet by a gang plow.

—E. E. Miller has moved his office from the room which he has occupied jointly with Peter Johann in the Vollmer block for some time to the old store building opposite the Conant building.

—There will be two big dances in Genesee on July Fourth. One by the Army company at the opera house, the other in Rice's warehouse which has been leased for the occasion by the Y. M. I.

—J. S. Jones, head miller at the Rimrock mills, returned Wednesday from a visit of several weeks at his old home in Wisconsin. Geo. Shoesmaker, an acquaintance, returned with Mr. Jones expecting to remain here permanently.

—Through their attorneys, A. H. Oversmith and W. E. Stillinger, Mr. and Mrs. Dan Healey have effected a settlement of their differences by a division of the property. Mrs. Healey is given the Grand Central hotel property, the residence which she now occupies and \$500 in cash.

—If present conditions continue the Lewiston section will this year harvest the best grain crop in its history. U. G. Dickson, who owns the old Watson place on the Hatwai, will harvest a bumper crop. Already he has a large field of beardless barley cut and in the shock and in a short time will start a binder in a field of bluestem wheat which promises a big yield. Mr. Dickson has a large barn in course of construction on the place.

—In the Bangs road district, of which Chas. Ebel, Jr., is overseer, some excellent work is being done on the roads this season. The big rock crusher which was stationed here for some time has been giving the best of satisfaction and a good amount of permanent road work has resulted. A number of low and impassable places at certain seasons of the year are being put in good condition. Lataha county needs more rock crushers and road overseers that will use them.

—At the present time a considerable amount of building is being done by the farmers of this section, a number of them building fine, new houses, Gustav Rosenau, living northeast of town on the old Snyder place, has well under way a large, new residence. Martin Hasfurber is building a barn 40x60 and will soon start building a new residence. John Trautman is building a new barn, granary and hog shed. Jim Willows is making extensive improvements about his residence and will also build a good sized barn. A new residence is being put up on the farm leased by Joe Davies on the reservation. Hans Erickson is putting up a large barn. C. N. Herman residing east of town is building a good sized residence. Chas. Williams, residing east of town, is building a residence and later on will put up a new barn. Herman Moersch is erecting a large barn.

—Mrs. J. H. Jackson and children returned home yesterday.

—Mrs. J. G. Hampton returned home Monday from her visit to Harrington, Wash.

—Henry Herman has been seriously ill during the past week with ton-sillitis. He is now rapidly recovering.

—Arthur Keane returned home Saturday after an absence of several weeks in the Coeur d'Alene country.

—Miss Buckley, who during the season has been assisting Mrs. Smolt in the millinery store, left Monday for Seattle.

—Mrs. C. G. Tweed, who has been spending the winter in Harney county, Oregon, returned to Genesee Wednesday.

—Meyer Bros., agents for the McCormick line of cutting implements, have a change of advertisement in this issue.

—The following had been filed for record: Jake Kambitch and wife to Joseph S. Kambitch, \$4,200 n/2 se 1/4 se 1/4 6, 37, 5.

—New officers for the Odd Fellows are as follows: George Mochel, N. G.; George Follett, V. G.; Paul Cass, Secy.; Fred Follett, Treas.

—Read the new advertisements of T. Driscoll, Plymouth twine; Herman Co., paints; J. G. Rehberg, oil stoves; Dinsmore Mill Co., lumber.

—Cap Oylear was in Tuesday from the Potlatch. Says that the frost of Friday night did considerable damage to tender garden vegetables out his way.

—The Y. P. S. of Our Savior's church has greatly improved the appearance of the parsonage by having applied to it two coats of paint by Cann & Steltz.

—The Fern, George McMahon's new ice cream and confectionery store, was opened to the public Wednesday of this week. The room in the Jain building has been fitted up very nicely.

—Robert Emmett, who accompanied the soldiers to Spokane Monday, having been relieved returned home Wednesday. Says the boys are very nicely located and are having a good time. The Spokesman-Review report to the effect that our boys would go to American Lake, marching 200 miles of the distance, is a mistake.

—The fourth district meeting of the Rebekahs of this section was held at Troy Wednesday of this week. Genesee was represented by the following: leaving drive over Wednesday morning, returning yesterday morning: Mrs. Leon Follett, Mrs. Fred Follett, Mrs. Will Herman, Mrs. J. A. Ball, Mrs. J. K. Bell, Mrs. J. C. Hanson, Mrs. Ira Hanson, Mrs. C. F. Burr, Mrs. Con Steltz, Mrs. George Mochel, Mrs. J. S. Larrabee, Mrs. J. H. Greaves, Mrs. C. L. Jain, Mrs. F. A. Robinson, Misses Mary Wardrobe, Hattie Botjer, Maggie Botjer, Kate Reese, Anna Carhahn, Olive Larrabee, Ina Greaves, Messrs. J. B. Davies, J. H. Greaves, F. A. Robinson, J. C. Hanson, J. A. Ball.

WANTED—A good milk cow. O'REILLY, "That Keeps the Hotel."

Don't forget the picnic and "Kvindeforening" sale at D. Smith's today (Friday). The program will be a good one. The ladies will serve dinner. Handsome handwork will be sold. A ball team from the Potlatch will cross bats with the Cowreckers and this grand exhibition will be free to all. There will also be other sports. Refreshments will be for sale on the grounds. We bid you welcome. Program begins at 10 o'clock.

O. C. HELLEKSON.

ON JULY FOURTH.

The ladies of the Christian church will serve ice cream and cake, coffee and sandwiches in the church basement.

BULK HAY FOR SALE.

I have for sale at my farm adjoining town a quantity of alfalfa and clover hay. For cow feed there is nothing better. Place your order early.

E. T. PLATT.

HATS AT REDUCED PRICES.

To reduce my stock of millinery I am now naming the lowest possible prices.

KATE KENNEDY.

BUCKLE UP! ARNICA SALVE WINS.

Tom Moore, of Rural Route 1, Cochrane, Ga., writes, "I had a bad sore on the instep of my foot and could find nothing that would heal it until I applied Buckle Up! Arnica salve. Less than a half of a 25 cent box won the day for me by affording a perfect cure." Sold under guarantee at F. E. Dicus & Co., drug store.

# Going to Celebrate the Fourth?

Of Course You are and Everybody is Coming to Genesee

It is hardly worth while to tell you that we have a nice, big stock of all kinds of Merchandise that we would like to sell. You all know that, but we would like to impress on your minds the quality of goods we handle.

We honestly believe that our STAR BRAND SHOES are a little better than any other shoe at the same price. You know that we carry a larger stock of Shoes than any store in Northern Idaho and you are more likely to find just what you want here than any other place.

You may want a new Suit of Clothes for yourself or boys. If so we have a nice line to select from and will give you special prices until after the Fourth.

Just Received a Nice Line of Men's and Boys' Hats, Shirts, Collars and Neckties

Everyone says our Dress Goods are beauties. They must suit the people judging by the way they are going. We have them in all shades, kinds and qualities and at prices you want to pay.

You had better come to town while this fine weather lasts and look at our stock and get prices.

The C. E. Wood Co. Office in First Bank Building.

**Republican Primaries.**  
By the authority of the republican county central committee of Latah County, State of Idaho, and in accordance with their action, notice is hereby given that said committee has called the county convention for said county to meet at Moscow, Idaho, July 28th, 1908, at 11 a. m. to elect 18 delegates to the Republican State Convention, which convenes at Boise, Idaho, on the 1st day of September, 1908, for the purpose of nominating a full state ticket, for all the elective state officers, and including a representative in congress, and three presidential electors, and for all other business which said state convention may lawfully transact.

The apportionment of delegates to said county convention from the several precincts is as follows:

Bear Creek	5	North Moscow	5
Boulder Creek	5	North Troy	5
Corral	5	Mountain Meadow	5
East Genesee	5	Palouse	5
East Moscow	5	South Moscow	5
Four Mile	5	Southwest Moscow	5
Gold Hill	5	Thorn Creek	5
Julietta	5	West Genesee	5
Kendrick	5	West Troy	5
Little Potlatch	5	White Pine	5

The primaries for the election of such delegates shall be held in each voting precinct of the county on Monday, July 28th, 1908, at the usual place of holding such elections therein, the election to commence in the county precincts at 9 o'clock p. m. and continue until 8 p. m., and in the city or town precincts it must commence at 2 o'clock p. m. and continue until 8 p. m.

Dated at Moscow, Idaho, June 25, 1908.  
W. A. K. TAYLOR,  
Chairman County Central Committee.  
Attest: CHAS. PETERSON,  
Secretary.

**CAREER OF WILLIAM H. TAIT.**  
1857—Born, Cincinnati, O., September 15, son of Alphonso Tait, attorney-general of the United States, 1876-7, and Louise M. (Woodruff) Tait.  
1874—Graduated from Woodward High school, Cincinnati, and entered Yale.  
1878—Graduated from Yale, with degree of B. A., second in class of 21, salutatorian and class orator.  
1880—Graduated from Law School of Cincinnati College, with degree of LL. B., dividing first prize, and admitted to Ohio bar.  
1881—Law reporter on Cincinnati Times, and later on Cincinnati Commercial.  
1882—Assistant prosecuting attorney of Hamilton County, O.  
1883—Collector of internal revenue, First district of Ohio.  
1884—Engaged in practice of law in Cincinnati.  
1885—Assistant county solicitor of Hamilton county, Ohio.  
1886—Married Helen Herron in Cincinnati.  
1887—Became judge of superior court of Ohio.  
1890—Solicitor general of the United States.  
1892—Became United States circuit judge, Sixth circuit.  
1896—Became dean and professor in law department, University of Cincinnati.  
1900—Became president United States Philippine Commission.  
1901—Appointed first civil governor of Philippine Islands.  
1902—Sent to Rome to confer with Pope Pius in regard to Philippines.  
1904—Became Secretary of War in President Roosevelt's cabinet.  
1905—Made visit to Philippines and was given high reception in Japan.  
1906—Proclaimed United States intervention in Cuba.  
1907—Made tour of world, opened Philippine assembly and visited Emperor Nicholas of Russia.  
1908—Nominated by republican party, at national convention in Chicago, as his candidate for president of the United States.

—Mark the man of jealous meanness, most hateful of men. He turns right into wrong, white into black, and absolute indifference into ceaseless activity. He begrudges and strives to degrade the business activity of his rival, lays down and moans while the other man hustles. He calls his enemies' well earned gain,—"stealing." Such is jealousy—mark it well and be not deceived. The jealous man sees only as he wishes to see, hears only what he wants to hear, belittles all others but himself and locks up his soul against manly fairness.—Ex.

**A GRAND FAMILY MEDICINE.**  
"It gives me pleasure to speak a good word for Electric Bitters," writes Mr. Frank Conlan of No. 436 Houston St., New York. "It's a grand family medicine for dyspepsia and liver complications; while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at F. E. Dicus & Co's drug store.

**NO NEED OF SUFFERING FROM RHEUMATISM.**  
It is a mistake to allow rheumatism to become chronic, as the pain can always be relieved, and in most cases a cure effected by applying Chamberlain's Pain Balm. The relief from pain which it affords is alone worth many times its cost. It makes sleep and rest possible. Even in cases of long standing the treatment should be used on account of the relief which it affords. 25 and 50 cent sizes for sale by F. E. Dicus & Co.

**THINKS IT SAVED HIS LIFE.**  
Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and no man can be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at F. E. Dicus & Co's drug store. 50c and \$1 Trial bottle free.

**NOTICE TO CREDITORS.**  
Estate of Peter C. Danielson, deceased. Notice is hereby given that the undersigned, executor of the estate of Peter C. Danielson, deceased, has filed in the probate court of Latah County, Idaho, during the last week of the month of June, 1908, a list of claims against the said deceased, to exhibit to the creditors of the said estate, within ten days after the first publication of this notice, at the office of F. E. Dicus & Co., Genesee, Idaho, the same being the place for the filing of claims against the said estate. Latah County, State of Idaho.  
JENNIE N. DANIELSON,  
Executrix of the estate of Peter C. Danielson, deceased. Dated at Moscow, Idaho, June 15, 1908.

**WANTED REFORMATION Farm or Business**  
For sale. Not particular about location. Will sell cheap. However, only one who will sell. If you are interested, please call on me at my address. Address: L. W. BARTON, Box 100, Moscow, N. Y.

Notice of Meeting of Republican State Convention.

Pursuant to the authority and by the direction of the Republican State Central Committee, a Republican State Nominating Convention will convene at the City of Boise, State of Idaho, on Tuesday, the first day of September, 1908, at 11 o'clock a. m., at which State Convention a Republican platform of principles will be announced, a new State Central Committee will be organized, and candidates for the various offices of the State will be nominated for election to be held on Tuesday, November 3, A. D. 1908.

The various counties of the State are entitled to delegate representation in this convention as follows: Ada 24, Bannock 18, Bear Lake 14, Blaine 23, Boise 6, Bonner 10, Blaine 8, Canyon 18, Cassia 7, Custer 3, Elmore 4, Fremont 17, Idaho 13, Kootenai 12, Latah 18, Lincoln 6, Nez Perce 21, Lemhi 5, Owyhee 4, Oregonia 22, Shoshone 16, Twin Falls 4, Washington 9.

The County Central Committees are hereby requested to perfect all arrangements for primaries and county conventions for the selection of delegates to said state convention.

JAMES H. BRADY, Chairman.  
ADDISON T. SMITH, Secretary.

**ESTIMATES OF NECESSARY EXPENDITURES.**  
Estimates of the probable amount of money necessary for all purposes to be raised by the City of Genesee, Idaho, during the year 1908 and 1909, for which appropriation is to be made.

General fund	\$ 5,000.00
Water fund	2,000.00
Amount of money received from all sources for the previous fiscal year	2,250.00
Genesee, Idaho, June 2, 1908.

A Complete Stock Now on Hand

This is a Poisoned Wheat Product Which Has no Equal on This Market.

**Phosphorus** In Any Desired Quantity

**Dicus & Co.**

Will make the season of 1908 at Genesee and surrounding towns at the following terms and prices.

Single service, \$10 cash. Season, \$15, payable at end of the season.

To insure, \$20. To insure a colt to stand and suck, \$25. If the insurance fee is paid at time of service a 20 per cent discount will be given, and if foal is lost fee will be returned.

W. R. BROWN, Owner. ELMER VANOUCK, Groom.

# THE GENESEE NEWS.

GENESEE, LATAH COUNTY, IDAHO, JULY 3, 1908. VOL. XIX.

## THE FOURTH!

5:00 a. m., firing of National Salute. 9:30 a. m., the big parade will form and march through the business streets to the city park. The line of march will be from the place of beginning to the city pumping station, then north to Walnut street and west to the city park.

**DEMOCRATIC PRIMARIES.**  
A call for the democratic primaries has been issued. Primaries will be held throughout the various precincts of the county on Monday, July 20. The county convention, to select delegates to attend the state convention, to name a full state ticket, to be held at Wallace, August 4, will be held at the court house in Moscow on Thursday, July 23, at 1:30 p. m. At this convention a date will be designated for holding the county nominating convention.

The various precincts of the county are entitled to delegates to the county convention as follows: Bear Creek, 3; Boulder Creek, 1; Cora, 2; Cornwell, 4; East Genesee, 7; East Moscow, 7; Four Mile, 2; Gold Creek, 5; Gold Hill, 2; Julietta, 6; Kendrick, 12; Little Potlatch, 4; Mt. Meadow, 2; North Moscow, 7; North Troy, 5; Palouse, 2; Pine Creek, 2; Potlatch, 4; Southeast Moscow, 7; Southwest Moscow, 7; South Troy, 6; Thorn Creek, 3; West Genesee, 8; West Moscow, 10; White Pine, 1, being a total of 119 delegates.

Unless all signs fail the beet crop this year will be a record breaker. The reports from the growers are that the plants are strong and healthy and making very rapid progress. The stand is excellent and where there has been proper preparation and culture no one is talking less than 20 tons per acre. This is a bountiful year in Idaho and all crops are fine but it is certain that the beet crop will put far more money in circulation than any other field crop for the same number of acres.—Nampa Leader.

**OVER THIRTY-FIVE YEARS.**  
In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy of treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them more profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by F. E. Dicus & Co.

**BASE BALL GAME.**  
1:30 p. m., at ball park will occur a matched game of ball for \$50 purse between the Lewiston Temple and Genesee teams.

**SPORTS.**  
Commencing at 3:00 p. m. near the city park, the following program of sports will be carried out for the enumerated cash purses:

Tug of war, \$50. 100 yard free-for-all foot race, \$50. one money.

100 yard foot race for boys 16 years and under, \$2.00 first, \$1.00 second.

100 yard race for girls, 16 years and under, \$2.00 first, \$1.00 second.

Potato race, \$2.00 first, \$1.00 second.

100 yard foot race for boys 12 years and under, \$1.50 first, 50 cents second.

100 yard foot race for girls 12 years and under, \$1.50 first, 50 cents second.

Fat man's race, 200 pounds or over, \$2.50.

Sack race, \$2.00. Three-legged race, \$2.00. Wheelbarrow race, \$2.00.

Throughout the afternoon and night dancing will be conducted at the opera house.

**RELAY RACE.**  
At 6:00 p. m. a big relay race will be run over a course of about 500 yards for a \$10 cash purse to the winning team.

**FREE LEMONADE.**  
Lemonade, the real article, will be dispensed without cost to all those wishing it throughout the day at the city park.

Those wishing to take their dinners in the city park will be provided with conveniences and there is an abundance of shade.

**COMMITTEES.**  
Executive—F. E. Dicus, Thomas Keane and E. E. Oylear.

Reception—T. Driscoll, P. W. McRoberts, C. E. Wood, J. K. Bell, O'Reilly, F. K. Bressler, J. Driscoll, Rev. C. H. Nellor, Mrs. Will Herman, Miss Ina Greaves, E. O. Cathcart.

Sports—Thomas Keane, Chas. Fowler, Al Whitted, J. H. Greaves, F. P. Miller.

Liberty Car—Mrs. J. S. Larrabee, Mrs. Leon Follett, Mrs. Sarah Elliott, F. P. Miller, Geo. Raymond, Thos. H. Herman.

Parade—Everett O'Reilly, H. A. Morgan, J. J. Owen.

Honorary—Elmer Vanouck, Guy Greaves, Leon Follett.

Marshal of the Day—H. A. Morgan.

Persons wishing concessions or stand privileges should apply to the executive committee.

**NOTICE TO ALL CONCERNED.**  
Under penalty of arrest all persons are hereby warned not to discharge firecrackers at any place within the business district of the City of Genesee. No restriction is placed upon the discharging of the same within the residence portion of the city, also that the order will be suspended on July 4th except during the hour of the parade.  
By order of the City Council.  
C. F. BURR, Clerk.

### THE GENESEE NEWS.

ENTERED AT THE POST OFFICE AT GENESEE AS SECOND-CLASS MAIL MATTER.

CHAS. POWERS, PUBLISHER.

Subscription price, strictly in advance, \$1.50.

—Rob McGregor has returned from Dayton.

—W. C. Brant visited Spokane during the week.

—Chas. Olday was an arrival yesterday from British Columbia.

—Mr. and Mrs. Conrad Martin returned yesterday from Spokane.

—Winter wheat is looking excellent. Rain would benefit spring sown grain.

—Mrs. Guy Payne and children left the first of the week to visit Spokane relatives.

—If the first three days are to set the pace for the month, July will be a warm one.

—Gladys Larrabee is spending the week in the country at the R. F. Lambert home.

—The Genesee soldier boys, following ten days of camp life at Fort Wright, near Spokane, returned home yesterday. They report the time of their lives.

—W. D. Haywood, the notorious, who was a central figure in the Steunenberg murder trials, is now appearing on the stage in a play written especially for him. "To hell with the constitution!" no doubt marks the climax of his part.

—John Jackson and son, Roy, of Ho, are guests at the Fickett home. The former is an uncle of Mrs. Follett. Mr. Jackson was formerly a resident of this section but moved to the country at the time of the opening of the reservation. He says that crops on the reservation, while not quite as far advanced as here, are looking good.

—The matter of holding a horse show at this place at an early date is being seriously considered. A number of our stock men who have attended the shows held throughout this section recently are of the opinion that an equal, if not better showing can be made here. If the show is to take place naturally it will have to come before the harvest season.

—At least four combined harvesters will be operated in this neighborhood during the present season. Joe Davies, for the past two or three seasons has very successfully operated one. During the week two new machines have been received—one for Ed Wahl, the other for J. W. Dunham. We understand that Joe Green has also invested in one of the big machines.

—The ball game on tomorrow afternoon promises to be an interesting contest. Arrangements had been made with the Athletic team of Lewiston but as they were unable to muster their team gave up coming. Arrangements have since been made with the Temple team of Lewiston to appear in place of the Athletic team. Since their visit here the Temple team has been greatly strengthened and they expect to carry off the purse.

—It is not at all improbable that the major part of the grain grown this season along the Genesee branch and throughout nearly all of Whitman county will be shipped to tidewater through Lewiston, and over the new Lewiston-Riparia road. It is claimed that the Northern Pacific system is now expending upwards of \$100,000 in the improvement of their road-bed between Pullman and Howell. The 56-pound rails at present in use will be replaced by the 72-pound rails.

—Train service on the new O. R. & N. road from Lewiston to Riparia will be inaugurated on the 7th inst. Two trains will be put in service—one will be a mixed train and the other a straight passenger. Concerning the new road the Tribune says: "By this route the traveling distance from Lewiston to Portland will be reduced to twelve hours as compared to twenty-four hours in the past over the O. R. & N. and thirty-six hours by any other route. To all eastern points and to southern Idaho points the time will be reduced twelve hours, while the Walla Walla country towns and Pendleton can be reached in seven or eight hours as compared to twenty hours in the past. The traveling time to all Puget Sound points will also be materially reduced."

**BOY'S LIFE SAVED.**  
My little boy, four years old, had a severe attack of dysentery. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy which cured him and believe that saved his life.—William H. Strolling, Carbon Hill, Ark. There is no doubt but this remedy saved the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by F. E. Dicus & Co.

# REMOVAL

I hereby announce to the public that I have moved my office into the frame store building opposite the Conant block where I will be able to handle a larger assortment of goods in addition to the regular lines of Harvesting Machinery. Vehicles and all kinds of Farm Machinery.

I will handle a complete line of Rubber and Leather Belting of all sizes, Axle Grease, Cup Grease, all kinds of Machine Oils, Binder Twine, Rope, Singletrees, Neckyokes, etc., etc. Firstclass goods at the right price. When in town don't fail to call.

... ERNEST E. MILLER ...

### CHURCH NOTICES.

M. E. Church: Preaching next Sunday morning at 11 o'clock. Subject, "Jesus Unchangeable."

Rev. R. A. GALEY.

The ladies' aid society will meet at the Congregational church parlors next Wednesday afternoon, July 8. All members requested to be present.

SECRETARY.

M. E. Church South: Sermon subject for Sunday at 11 a. m., "How to Get Rid of Sin." Scriptural examples. At 3 p. m. we invite all to join with us in a Bible reading each one selecting the scripture that most suits.

E. P. WARREN, Pastor.

—The president of the W. R. C. requests all members to be present at a meeting on Saturday afternoon, July 11, at 2 o'clock, in the I. O. O. F. hall to assist in initiation.

—Frank Fitz, brother of A. J. Fitz, came in Friday from the Pierce mining district where he is interested in some valuable claims. He left Saturday on a brief business trip to Spokane.

—The wish for universal peace is altogether lovely; the determination to do nothing to provoke discord or war is lovelier still, but the nation that does not take the most direct means to insure itself against war, is untrue to its own people, and is criminal in its weakness and foolish faith in the great world's gentle intentions.—Goodwin's Weekly.

—If the people who love to talk about the "good old times" could see the "good old-fashioned" grocery store, seeless, ditty, with the "good old-fashioned" dried fruit, prepared in the "good old-fashioned" way, with the goods all in bulk, no attractive cartons, no neat packages, no law for pure food and no attention paid to purity, we imagine they would be willing to admit that the grocery business has made some huge strides in the direction of actual improvement.—New West Trade.

**THE REMEDY THAT DOES.**  
"Dr. King's New Discovery is the remedy that does the healing others promise but fail to perform," says Mrs. E. B. Pierson, of Auburn, Centre, Pa. "It is curing me of a most long and troublesome lung standing, that other treatments relieved only temporarily. New Discovery is doing me so much good that I feel confident it contained the most reasonable length of time will restore me to perfect health." This renowned cough and cold remedy and throat and lung healer is sold at F. E. Dicus & Co's drug store. 50c and \$1.00. Trial bottle free.

**CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY WOULD HAVE SAVED HIM \$100.00.**  
"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar, of Cat Island, La. "For several weeks I was unable to do anything. On March 18, 1902, I had a similar attack and took Chamberlain's Colic, Cholera and Diarrhoea Remedy which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill." Sold by F. E. Dicus & Co.

FRIDAY, JULY 3, 1908

—Be patriotic. Do a good job of decorating tomorrow.

—Eino O'Reilly returned to Genesee Tuesday from Harrington.

—A. Morgan transacted business in Spokane the first of the week.

—John Madden is making extensive improvements about his farm buildings.

—Mr. and Mrs. Thompson and children spent the first of the week with Moscow friends.

—Ralph Labast left Saturday for Nebraska, to look after his father's farming interests.

—The Ehlen home is now supplied with modern plumbing throughout, the work being done by A. Murphy.

—Mrs. J. J. Owen and Mrs. J. M. Henry returned Sunday from a few days visit at Culesac with the Conaway family.

—Mr. and Mrs. Oylor, Mr. and Mrs. Taggart, and Rev. Fr. Faust, of Uniontown, were guests of Mr. and Mrs. Fred Long Sunday afternoon.

—Mrs. O. J. Porter was down from Spokane over Sunday. She returned home Tuesday, her daughter, Mrs. Ed. Steltz, accompanying her for a visit.

—F. A. Robinson and Alonzo and Ira Hanson left Saturday of last week for the upper Potlatch section on a hunting and fishing trip. They returned home yesterday.

—Edward Koderick, Sr., who has been the winter at Los Angeles, returned to Genesee Saturday. He reports that the California winter weather was very good.

—For some time the weather forecasts have been made public by displaying the telegram each morning. A ruling by the weather bureau makes it compulsory, in order to receive the service, to display the flags. To meet the requirement a pole 44 feet in height has been placed in position near the corner of Driscoll's store and the flags will now be displayed daily.

—George Martin was exhibiting the samples of Alaska wheat here Saturday that were grown near Moscow by a farmer who has sown nearly a thousand acres to this variety. Great claims are claimed for it chief among which is that it will produce as much per acre as the wheat grown here.

—The Rebekahs of this city who attended the fourth annual district meeting that order held in Troy last week, are very cordial in their praise of the treatment received at the hands of their sisters in that city and also other residents. The 1909 meeting will be held in Lewiston presumably in May. The new officers are as follows: Chairman, Miss Follett; vice chairman, Mrs. B. B. Caldwell, Troy; secretary, May Buchanan, Moscow; chaplain, Carrie Hatello, Moscow; marshal, Rosa Conway, Gifford; conductor, Mrs. Campbell, Lewiston; right and left supporters to chairman, Della B. Wild, Lewiston; Reta Holman, Moscow; right and left supporters to vice chairman, Harriet Hagan, Moscow; Mary Burr, Genesee; I. G. Lulu Jain, Genesee; O. G., Maud Morgereige, Moscow.

—The engineering exercises of the eighth grade class of St. Scholastica's Academy were held in the opera house last Friday afternoon in the presence of a large crowd of interested people. Music and essays made a pleasing program. Rev. Father Billeau, of Genesee, delivered an eloquent address at the conclusion of the exercises.—Colton News-Letter.

—The engineer to run the first engine over the Lawyers canyon railroad bridge will receive a sum between \$1,000 and \$2,000 for the risk he takes. While the bridge is built with the expectancy that it will support the heaviest of trains, there is always a chance of a flaw existing in the steel in the structure and the consequent danger of an accident. Forty ton locomotives will be used on this line.—Free Press.

—With the near approach of haying and harvesting the familiar faces of a number who make annual pilgrimages to this section are visible upon our streets. In the main they are young men and as a rule at the close of the harvest season they have accumulated a snug sum. During the week a few have come in from the Walla Walla section preferring to get the benefit of a long season here. They report that hot winds have made serious inroads in the grain fields and that crops in general will be very light. Naturally they marvel at the fine appearance of all growing crops in this section.

—In the case of the George Daggett estate, of which H. H. Bangs was appointed administrator by Probate Judge Lukens, and from which appointment the heirs took an appeal to the district court, the latter court on Tuesday of this week made a decision sustaining the probate court. The case will now be appealed to the supreme court and a stay of execution for sixty days has been granted by Judge Steele for the perfection of this appeal. Pending the appeal and decision of the supreme court H. H. Bangs has been appointed administrator of the estate of Judge Lukens, and from which appointment the heirs took an appeal to the district court, the latter court on Tuesday of this week made a decision sustaining the probate court. The case will now be appealed to the supreme court and a stay of execution for sixty days has been granted by Judge Steele for the perfection of this appeal. Pending the appeal and decision of the supreme court H. H. Bangs has been appointed administrator of the estate of Judge Lukens, and from which appointment the heirs took an appeal to the district court, the latter court on Tuesday of this week made a decision sustaining the probate court. The case will now be appealed to the supreme court and a stay of execution for sixty days has been granted by Judge Steele for the perfection of this appeal. The C. E. Wood Co. Office in First Bank Building.

THE WORK OF CONGRESS.

Congressman French who has just returned to Moscow has the following to say of the work of the 60th congress: "The session of congress just closed was a very busy one for our delegation and as far as we were concerned it was not a 'do-nothing' congress by any means. A great deal of important legislation was enacted of interest to the entire country. The great supply bills were passed which appropriate money to maintain the executive departments of the government. Much legislation desired by the president of special benefit to the laboring interests, including the employers liability bill was enacted; while some needed amendments to the present interstate commerce law were passed. Treaties for the regulation of trade, etc., were adopted with nearly all the foreign nations. A currency law was passed which is intended to prevent the recurrence of such a panic as existed last fall, and while it is not all that could be desired it is the best that could be passed and is much better than no financial legislation. The president and the two houses of congress felt that there should be some financial legislation to guarantee the country against another 'rich man's panic'. The law was especially commended by the republican convention at Chicago. One much needed piece of legislation was the enactment of a law placing widows of soldiers of the civil war on a status similar to the service pension law and paying them twelve dollars per month instead of eight. The law as finally passed was practically a copy of a bill that had been previously introduced by myself. One of the most important pieces of legislation effecting Idaho was the granting of two millions of acres of land under the Carey Act. Idaho had about exhausted her former grant under this act, and in order for the great work of reclamation under the Carey Act to proceed it was necessary for us to secure an additional grant. The two millions of acres was finally secured but only after much difficulty especially in the house where there was opposition from certain sources. An appropriation of twenty-five thousand dollars was secured to provide for the survey of the boundary line between Idaho and Montana. Congress granted two sections of land in Fremont county for a fish hatchery. The Chatcolet park bill, providing for about six thousand acres of land for a park on lake Coeur d'Alene and lake Chatcolet, was passed. An act of special significance and benefit to St. Maries was the setting apart of forty acres for a cemetery. Congress granted the Episcopal church the lands upon which the Fort Hall Indian reservation, which amounts to about one hundred and sixty acres. A great many private bills of much interest to the persons and sections interested but of no special public interest were passed. Along the line of public buildings the house passed the provisions of my bill to the extent of seventy-five thousand dollars for the erection of a public building at Lewiston. This amount was increased to eighty-five thousand in the senate. Provisions of my bill providing for public building for Pocatello passed to the extent of ten thousand dollars for the purchase of a site and an effort will be made at the next session of congress to secure an appropriation for the erection of a public building at that place. The senate also added to the Omnibus Public building bill at that place. The senate also added to the Omnibus Public building bill one hundred and twenty-five thousand dollars for the erection of an addition to the public building at Boise. Much other needed legislation would have been enacted at this congress except for the fact that the democrats in the house conducted a filibuster which was the cause of the loss of so much time the consideration of some important measures had to be postponed." Being asked as to the most important probable legislation now before the country, he replied: "The most important thing, in my opinion, is the proposed revision of tariff, and it is highly important that Idaho be represented by a full delegation in each house that believes in the policy of protection. So far as Idaho is concerned no election that has occurred since the memorable contest of 1896 was of so much bearing upon the prosperity and development of the state as will the election of this fall and the success of the republican national and state tickets. Wool,

This is to Remind You

THAT TODAY IS THE TIME TO ORDER A CASE OF

Gold Drop Bottled Beer

In Order to Celebrate the Fourth Right Gold Drop Beer is guaranteed to meet all requirements of the pure food law. It is an ideal family beverage.

Manufactured by The Genesee Brewery

IT'S UP TO YOU

Remember It's Free. Read Our Offer. A Natural Tone Talking and Singing Machine

FREE

Call at our store and hear the specially prepared Records and other Instrumental Music, Songs, Stories, Recitations, etc., and assure yourself that this is the best offered. You buy only the records.

Standard Records are Famous for Their Tone and Quality

This Graphophone represents one of the latest achievements of the largest and best equipped Talking Machine Industry in the world. Therefore its reproduction will surprise and delight the most exacting listener.

The equipment consists of Handsome Flower Horn with large amplifying Bell and Brass Detachable Horn Connection. Detachable Horn Supporting Arm. Aluminum Swinging Arm. Noiseless and perfectly constructed Motor. An adjustable Speed Screw. Oil tempered bearings that will last a lifetime. Indestructible Natural Tone Sound Box, etc. Incased in a handomely finished quarter cabinet.

One Standard Talking Machine Free to every customer whose cash purchases amount to \$50.00

Call at our Store and see and hear this wonderful instrument and learn how easily you can obtain one. One machine to a home.

INDIANS GET THE CREAM.

W. B. Sams, allotting agent for the Indian reservation, was in town Wednesday, having come in from near Lovell, where his party of surveyors is at work. He states that up to Tuesday night 130 allotments had been made and the work is going ahead smoothly and satisfactorily to all concerned. There will be about 80 allotments in the Lovell valley, and that part of the work will be completed in about ten days. The Indian allotments will take up all the agricultural land in the valley, and fifteen or sixteen pasture and timber claims besides. The latter are all contiguous to the lands selected by the red men, and in a number of instances are forced in with their farms. The Lovell valley embraces an area of about 20 square miles of territory, or 12,800 acres. It contains some of the most productive farms on the reservation, on which are raised splendid crops of wheat, oats, sugar beets and potatoes. There is also a considerable area of timber and grazing land. It is traversed throughout its length by the Wallace branch of the O. R. & N. railway, which has its western terminus at Tekoa, and on this are situated the important shipping stations of Lovell and Tima within the limits of the valley. The last Indian allotment will be in the northwest part of the reservation, and that portion of the work cannot be reached before November.—Tekoa Blade.

FIRST IN THE FIELD.

Saturday of last week, at Lewiston the Idaho state socialist convention was held and the following ticket was placed in the field: Presidential electors—Mrs. Anna L. Monroe, Orofino; John T. Lough, Lookout; Mrs. Grace E. Workman, Boise.

Congressman—H. A. Barton, Coeur d'Alene. Governor—Ernest Untermyer, Florence.

Lieutenant governor—John Chenoweth, Middleton. Supreme judge—Samuel H. Orr, Idaho Falls.

Secretary of state—H. H. Friedheim, Twin Falls. State treasurer—Mrs. Florence E. Rigg, Rupert.

State auditor—Thomas J. Coorod, Emmett. Superintendent of public instruction—George W. Herrington, Kellogg.

Attorney general—Louis E. Workman, Boise. State mining inspector—Wm. F. Bradley, Boise.

The convention was attended by about thirty regularly elected delegates, nearly all of whom are residents of Nez Perce county. Two delegates were present from Latah county—one from Moscow and one from Palouse precinct.

The nominee for governor, Ernest Untermyer, is said to be one of the best writers on socialism in the United States. He came to Idaho from Chicago and was formerly located in Florida. At the last state election the socialists cast about 5,000 votes and claim they will double the number at the approaching election.

OVER THIRTY-FIVE YEARS.

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by F. E. Dicus & Co.

OVERLAND TRAIL IS FOUND.

In a lonely spot on the old overland stage road that leads from Kelton, Utah, to Boise, a few miles north of where the present town of Filer is now situated, John Graaf found a long neglected grave that is somewhat shrouded in mystery. On the weather beaten headboard, carved deeply with a knife was found the three link emblem of the Independent Order of Odd Fellows and the following inscription, "H. S. Webb, Aug. 13, '52," which shows that this grave has been there for nearly 56 years, and the supposition is that Webb was with an emigrant train and was killed by the Indians, as scattered all around the grave was found a number of broken arrow heads. The Odd Fellows lodge of this city have taken the matter in hand and have had a number of photographs taken of the head board, which they are going to send to the leading Odd Fellows papers throughout the eastern part of the country, hoping that thereby some of the relatives of the lonely sleeper can be found and an explanation given of his death. A number of the Odd Fellows of this city went down last Sunday to determine what could be done with the remains.—Twin Falls Times.

A HOWLING SUCCESS.

The Latah county Holiness Association closed their tent meetings Sunday evening in a whirlwind of enthusiasm and fanaticism. An itinerant exhorter from the "show me" state did a few fancy stunts that were a "howling success," and gave an exhibition of ignorance, bigotry and fanaticism that was a disgrace to man, God and the devil. He claimed to represent a special brand of salvation designated as the "Nazarinism," the members of which are "sanctified." The Nazarinism may establish a church here.—Troy News.

REST THE WORLD AFFORDS.

"It gives me unbounded pleasure to recommend Bucklen's Arnica Salve," says J. W. Jenkins, of Chapel Hill, S. C. "I am convinced it is the best salve for the world affords. It cures a jelly on my thumb, and it never fails to heal every sore, burn or wound to which it is applied. Use it."—F. E. Dicus & Co's drug store.

BRIGHT PROSPECTS FOR BIG HARVEST.

W. M. Morgan drove across the country to Genesee last week and was greatly surprised and pleased at the crop prospects. He declares that in all the years he has lived in Latah county he never saw anything to equal the crop prospects of the present season. If there is nothing to befall the farmers between now and the first of September they will garner the greatest wheat crop ever produced in the Inland Empire. Mr. Morgan estimates that fully two-thirds of the farm land is in wheat and the stands universally heavy and strong. The yield will be enormous unless some thing unforeseen transpires soon. Mr. Morgan verily believes that we do not realize the great wealth that the wheat crop represents—we do not appreciate the facts because the facts can hardly be estimated. With Mr. Morgan on his trip were his father and uncle who were born in Kentucky and have for many years lived in Illinois. These men declare that they have never beheld such evidences of soil fertility as they saw on their ride to and from Genesee.

There is good reason to believe that the farmer is the wealthy man of Latah county, and what a few farmers have already attempted others will do next year, that is, ride around in their own automobiles.—Star-Mirror.

TAFT.

If elected president, William Howard Taft will be 51 years and six months of age at the time of his inauguration. The average age of the presidents of the United States upon taking the office is 50.6. Mr. Taft has been by profession a lawyer. All but six of the presidents have been lawyers. Mr. Taft is a unitarian in religion. President Fillmore is the only one of that faith who has occupied the president's chair. Mr. Taft is a graduate of Yale and, if elected, will be the first alumnus of that university to become president. Of the presidents of the United States 17 were college graduates and nine were not. Taft's career has been one of office-holding. A year after he received his degree in law from Cincinnati college, he was appointed assistant prosecuting attorney; a year later he was made collector of internal revenue for the first district of Ohio. He resigned this place in 1883 and four years later was appointed by Governor Foraker, now United States senator and bitter political foe of Taft, to the position of judge of the superior court of Cincinnati. He resigned in 1890 to become solicitor-general of the United States under President Harrison and two years later he gave up this place to become United States circuit judge for the sixth judicial circuit.

He left the bench again in 1900 to become, by President McKinley's appointment, president of the United States Philippine commission and, in 1901, first civil governor of the Philippines. He was appointed secretary of war by President Roosevelt February 1, 1904 which office he now holds.

This is a record of efficiency. Advancement followed upon advancement with such rapidity as to show unusual capability. Taft is careful, yet courageous; energetic, yet well poised. He is not the orator nor the preacher nor yet the politician, that Roosevelt is. But his shoulders are big and calloused. Burdens appear to him as something to be done. He is a straight-ahead kind of man. He is not given to tripping himself and this means he is not in the habit of turning corners quickly. He has appeared to President Roosevelt's admiration as a man built upon the principle of the square, as one who concurs in the belief that it is not necessary to ruin big business in order to protect the rest of the people or to loot the public in order to make business profitable.

This is the man who has been proposed by the national republican party for the suffrage of the American people.—Ex.

#### A SUCCESSFUL CELEBRATION.

The celebration Saturday of last week was without a doubt a satisfactory one to all concerned as any ever held in the city. The weather was ideal and a more orderly and satisfied crowd of people never before congregated in Genesee.

The program as previously advertised was carried out without an omission. At 5 a. m. the roar of one hundred guns took place as scheduled and was a signal for the average small boy as well as a number of the older ones, to be up and doing.

The morning parade was very successful. The line of march was from western Chestnut street east to Laurel, north to Walnut street and west to the city park. The line was headed by the Genesee band followed by Company H., N. G. I.; Liberty car, carrying the Goddess, represented by Miss Elva Gray and her numerous aids. Then followed the floats of business houses, nearly all lines of trade being represented. Many of them were pronounced excellent by the spectators.

The exercises at the city park were especially pleasing and held the undivided attention of the large crowd to the close. Mayor T. Driscoll, in a few well chosen remarks welcomed the visitors within our gates, being followed by Rev. C. H. Nellor who delivered the invocation. The patriotic song by fifty little girls and boys was heartily applauded. The Declaration of Independence was read by Miss Ina Greaves. A double male quartet sang "Strew the Fair Garland." The address by Prof. Edward Hulme, was pronounced by many present as being one of the very best they had ever heard. He was given the best of attention and his remarks were frequently applauded.

The morning's program was interspersed with numerous selections by the Genesee band. At 1:30 p. m. the large crowd congregated at the ball park to witness a contest between the Lewiston Temple and Genesee teams. The contest was a close and interesting one being won by the visitors by a score of 5 to 3. Errors in the eighth inning cost Genesee the game.

Following the ball game the athletic sports were pulled off near the city park.

The race for boys, 12 years and under, was won by Durrel Springer, first, and H. Smith second.

Race for girls, 12 years and under, by Olive Saps, first, and Gladys Ingie second.

Race for boys, 16 years and under, Harry Sampson, first and Clyde McClain second. This race was repeated, the winners of the first event being Harry Sampson and Clyde McClain. In a similar race for boys Tommie Willows won first and Willie Edwards second.

The fat man's race was easily won by Steve Broemmeling, the three-legged race by Bielenberg brothers and the potato race by Wm. Galt, first, and Robt. Gray second.

A race for girls, 8 years and under was won by Madeline McLaughlin, first, and Lucy Kamibitch second. In a similar race for boys Tommie Willows won first and Willie Edwards second.

The tug-of-war contest between twelve men from Thoma creek and twelve from the Potlatch, after a long pull and a strong pull was won by the Potlatch aggregation.

The free for all one hundred yard dash was won by Pearl Rogers. Leon Larrabee was an easy winner in the egg race.

The relay race was won by Dr. C. Conant and Everett and Claude O'Reilly.

The sack race was won by LeRoy McClain.

To add to the amusement of the day a horse race, in which a number of horses were entered, was pulled off in the eastern city limits. A horse owned by Ernest Gage was winner of the event. Frank Davidson gave an exhibition of broncho riding.

During the afternoon and evening dancing was carried on in the opera house and the Kerr Gifford warehouse. Each place had a capacity crowd.

JUST EXACTLY RIGHT. "I have used Dr. King's New Life Pills for several years, and find them just what I need," says Mr. A. E. Felt of Harrisville, N. Y. "New Life Pills relieve without the least discomfort. Best remedy for constipation, biliousness and malaria." 25c at F. E. Dicus & Co.'s drug store.

# REMOVAL

I hereby announce to the public that I have moved my office into the frame store building opposite the Conant block where I will be able to handle a larger assortment of goods in addition to the regular lines of Harvesting Machinery. Vehicles and all kinds of Farm Machinery.

I will handle a complete line of Rubber and Leather Belting of all sizes, Axle Grease, Cup Grease, all kinds of Machine Oils, Binder Twine, Rope, Singletrees, Neckyokes, etc., etc. Firstclass goods at the right price. When in town don't fail to call.

JULY 10, 1918

Roderick was here over the Fourth. and family, of Uniontown, Sunday visiting here.

Mr. and Mrs. Henry Rach, of Troy, spent the Fourth with Genesee relatives and friends.

Ed. Michels, of Spokane, is a guest of the Smolt, Loring and Gerelichen families.

Mr. Chas. Power, Madeline and Roy, returned Friday following a visit at Spokane.

Mr. and Mrs. M. and Mrs. M. and children, of Moscow, the Fourth in Genesee.

Miss Laura Henry, of Pullman, home Tuesday following a stay at the Hardy home.

Mr. Martin, of Moscow, was in the family of his son, who spent the Fourth at home, returned to Moscow Tuesday.

Ed. Thomas and three boys spent the Fourth at home, returned to Moscow Tuesday.

Alonso Hanson personal effects to Hanson has been in the hardware of Jake Wieber.

Mr. and Mrs. E. E. Oylear, of Spokane, returned to Moscow Tuesday.

Mr. Oylear is engaged in business in Spokane.

Mr. Emmett returned from his visit to Missouri, enroute home at Boise.

Emmett reports a very enjoyable visit but delighted to be back in Genesee as he is not a backslider.

Mr. and Mrs. J. A. Ball and son, are spending the week with Mr. and Mrs. Colton friends. Follow their return they will soon leave Twin Falls where they expect to reside. Mr. Ball having purchased the land there on his recent visit.

We last week unintentionally failed to mention the return of Dr. Carroll Conant to Genesee from Detroit, Mich. He has now completed a year's course at the Detroit medical college and during the past year was a physician in the Harper hospital in that city. He is understood as to where he will locate to practice.

Our attention has been called to the fact that several of our farmers have this season moved the weeds, wild rose bushes and tall grass from along the fence adjoining their farms adding about one hundred per cent to the appearance of their places. It is time and labor well spent and those who have introduced the innovation are entitled to considerable credit.

The big picnic held last week by our Saviour's congregation at the D. Smith place north of town was a social and financial success. While the weather was anything but agreeable it would have been difficult to have accommodated any more people than were present. The ball game between Potlatch and Cow Creek was won by the Potlatch team by a score of 6 to 2.

To elect delegates to the county convention to be held at Moscow, Tuesday, July 28, primaries throughout the county will be held Monday, July 20. East Genesee is entitled to 14 delegates. The place of voting will be at the Genesee opera house.

West Genesee is entitled to 5 delegates and the place of voting is the school house. The polls will open at 7 a. m. and close at 7 p. m.

A regular meeting of the city council was held Monday evening. The annual levy for general purposes was fixed at four mills, being one mill less than the levy of last year.

However, more money will be raised by the four mill levy than that of last year on account of the higher valuation being placed on property by the county assessor. In making the levy the council members have assumed that no liquor license money will be forthcoming after April next.

The Rebekah society installed officers as follows Tuesday evening: Mrs. Harley Smith, N. G.; Mrs. Greaves, V. G.; Mrs. Will, S. S.; Mrs. E. O. Cathart, Geo. Mochel, Treas.; Ann, Chap.; Mrs. C. L. N. G.; Mrs. Fred Follett, Mrs. J. C. Hanson, R. S.; Con. Steltz, L. S. V. G.; Edmer, W. Mrs. F. E. S.; Miss Helen Linen, J. H. Greaves, S. P. N. G.

Miss Carrie Bressler has returned from her visit to Ilo.

Will Platt came out from Salmon river to shoot a few fire crackers.

Fred Brazier and bride returned home from their wedding trip yesterday.

E. E. Miller this week unloaded a full car of Deering harvesting machinery.

Mrs. Ellis, mother of Mrs. F. E. Dicus, left Wednesday for her home at Hilliard.

Mrs. F. K. Bressler and Don and Mrs. H. A. Thatcher and Elizabeth drove to Lewiston Tuesday.

The News is under obligations to Senator W. B. Heyburn for a new and up-to-date map of Idaho.

Miss Myra Moody, of Moscow, has been the guest of Mr. and Mrs. Will Herman during the week.

Mr. and Mrs. Frank Scholer returned home Tuesday following a stay of several days in Spokane.

A Knights of Pythias lodge was organized at Clarkston Thursday night with sixty charter members.

R. Burns left yesterday morning for Buffalo, N. Y., where he will receive treatment at a large hospital.

Mrs. J. G. Wright and children are home after an absence of several days with Mr. Wright up the Clearwater.

Mr. and Mrs. D. C. Burr and little daughter returned Monday from their trip to Spokane and Coeur d'Alene.

Thos. H. Heyman and Elmer Oylear left Tuesday of this week for Elk creek to fish and recuperate for several days.

Mrs. Sanford Evans has our thanks for a box of Bing and Royal Ann cherries which were grown at Clarkston. In size and flavor they excel anything we have seen this year.

Obie Bounds, a former Genesee resident, but who for some time has been living at Palouse, was married last week at Moscow to Miss Ethel Hammond, a teacher in the Troy schools. They will reside in Spokane.

Mr. and Mrs. A. L. Tucker and two children were arrivals here Friday from Conlee City for a visit with Mrs. Tucker's people, the Wardrobes. Mr. Tucker left for home Tuesday, Mrs. Tucker and the children continuing their stay.

O'Reilly, "that keeps the hotel," reports a great business on the Fourth. During the day 408 people, aside from his regular trade, patronized the dining room. Other eating houses did a capacity business and the dinner served by the Christian church ladies was also well patronized.

Monday of this week the Genesee Farmers' Union opened bids for the purchase of 155,000 grain bags. Four bids, all placed by local grain men, were opened, and that of the C. E. Wood Co. was accepted.

The prices are as follows: Wheat sacks, 7 cents; oat sacks, 6 1/2 cents, and seconds 6 1/4 cents. The price is about an average of 3 cents per sack less than that paid during the season of 1907.

Thos. H. Brewer came down from Spokane Saturday and mixed for a time with the big celebration crowd. He left Sunday for Troy. Mr. Brewer returned last week from an extensive eastern trip, visiting a number of the principal cities, including Washington, where he had the honor and pleasure of a brief audience with the president, having been introduced by Congressman French. Mrs. Brewer, who accompanied Mr. Brewer east, did not return with him but will continue her visit.

Girl wanted, for general housework. Mrs. E. T. PLATT.

GRAIN BAGS. The price of grain bags is much lower than last year on the coast. Still I will furnish my customers the same as in other years. No interest, no notes. Pay for sacks when grain is sold and return what sacks you don't need. New California's not over 7 cents; seconds about six cents, or according to quality; oats, 6 1/2 cents. We can only furnish a reasonable amount. T. DRISCOLL.

Mrs. E. Sanford left Wednesday on a few days' visit at Moscow.

Read the new ads. of Meyer Bros., Follett Bros. and Dicus & Co.

Our ball team goes to Troy Sunday for a game with the club at that place.

The Stracker & Co. threshing outfit will begin the threshing of wheat on the Rimrock on Monday, the 27th inst.

Miss Grace Spurbuck, niece of D. Spurbuck, was an arrival here Monday from Duluth, Minn.

The president of the W. R. C. requests all members to be present at a meeting on Saturday afternoon, July 11, at 2 o'clock, in the I. O. O. F. hall to assist in initiation.

In a game of base ball played Sunday afternoon on the local grounds, the Temple ball team of Lewiston, the team which defeated the local aggregation on the afternoon of the 4th, were defeated by our boys by a score of 6 to 1. Willis Robinson pitched the game, scoring twelve strikeouts and giving the visitors only two safe hits. The game was witnessed by a large audience.

While our militiamen were at Fort Wright last week they made an excellent record. In the target contest fifty per cent of the company members made marksmen's records.

Willis Robinson, Thomas Elliot, Leon Larrabee and Fred Spencer made scores entitling them to shoot for the governor's medal. In this contest Leon Larrabee made the high score of 47 out of a possible 50 at 500 yards. In the general average in this contest Robinson and Larrabee tied and they were only defeated by a former sharpshooter. In the company shoot Willis Robinson won first and Thomas Elliot second receiving a gold and silver medal respectively presented by C. F. Burr of this place. During their stay at Fort Wright the boys were highly complimented by the U. S. army officers for the manner in which they conducted themselves.

Genesee's Dramatic club, "The Jesters" will give their first entertainment July 28th. The play selected is the bright and interesting little comedy "Our Boys." This play has been used and admired by the best actors of two generations. The story hinges on the much vaunted "System" of two fathers, viz: the baronet, who has followed the plan of never allowing his son to have anything he wanted and now orders him to give up the girl he loves and select a wife of his father's choosing, and the old butlerman who has always given his boy his own way and now in the matter of falling in love expects him to return the compliment by letting father say which lady he shall endow with his heart and fortune. The cast of characters is as follows:

Sir Geoffrey Champney.....Thos. Keane  
Thos. Keane Talbot Champney (his son).....Gay Greaves  
Charles Champney (his sister).....Madie Keane  
Perkynt Middlewick (the butlerman).....Charles Mochel  
Charles Talbot (his son).....Peter Loring  
Violet Melrose (the heiress).....Dorothy Driscoll  
Mary Melrose (her cousin).....Crysol Spurbuck  
Belinda (a "slave").....Edna Driscoll  
Kempster.....Carl Jellison  
Toddler.....Bernard Loring

The club, wishing to make expenses only, will place the price of admission at fifteen and twenty-five cents. Spats will be on sale at Dicus' drug store on Thursday the 16th.

Dr. J. J. Murray, veterinary surgeon and dentist, a graduate of the American Veterinary college, N. Y. city, 1881, and held of Walla Walla, is stopping at Linehan's hotel. If things look encouraging the doctor will probably decide to locate here.

TEAMS WANTED. Three 4-horse teams and bundle wagons. STRACKER & CO.

Good pine lumber for sale at \$10.00 and \$10.50 per thousand at the yards. N. G. Gilbertson, on the Wilcox place about 2 1/2 miles west of Troy.

IT CAN'T BE BEAT. The best of all teachers is experience. C. M. Harden, of Silver City, N. M., with Carolina, says: "I find Electric Bitters does all that's claimed for it. For stomach, liver and kidney troubles it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines also for fevers, lame back, and all run-down conditions. Best too for chills and malaria. Sold under guarantee at F. E. Dicus & Co's drug store. 25c.

FOUND—A purse, containing a sum of money. Owner may recover same by calling at the Rehberg store and proving property.

LOST—A ladies' new shoe, on July 4th near Kemp's blacksmith shop in Genesee. Finder will oblige owner by leaving at News office.

LOST—A ladies' gold watch, on the streets of Genesee, July 4. Finder will please leave at the News office and a suitable reward will be given.

LOST—On July 4, in Genesee, a ladies' heart-shaped breast pin, set with pearls and a diamond. Finder will be suitably rewarded by returning same to Mrs. A. M. Wardrobe or by leaving same at News office.

FOR SALE. A ladies saddle horse, perfectly reliable. THAMES WILLIAMSON.

FOR SALE. One new Dain, full circle hay press in perfect order and all complete, for sale at discount. Write, J. S. JONES, 620 No. Lincoln St., Moscow, Ida.

WANTED. Man with 6-horse team to replace summer fallow. W. R. BROWN.

BUFFALO PITTS. I have secured the Genesee agency for the well known Buffalo Pitts engines, separators, feeders, blowers and supplies. I can also supply you with extras. H. A. MORGAN.

BULK HAY FOR SALE. I have for sale at my farm adjoining town a quantity of alfalfa and clover hay. For cow feed there is nothing better. Place your order early. E. T. PLATT.

BOY'S LIFE SAVED. My little boy, four years old, had a severe attack of dysentery. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea remedy which cured him and believe that saved his life.—William H. Stroling, Carbon Hill, Ala. There is no doubt but this remedy saves the lives of many children each year. Give it with caution according to the plain printed directions and a cure is certain. For sale by F. E. Dicus & Co.

Prompt and Careful Attention Given Custom Work.

## The C. E. Wood Co.

Office in First Bank Building.

A case of sun stroke is reported from the Troy section, the first, if not the only one, ever recorded in this section.

The Palouse country was pretty well fixed for transportation with the Northern Pacific and O. R. & N. and their branch roads before the electric road was built, but since the Inland has built through that country the price of real estate all along this line has advanced from ten to twenty-five dollars per acre, and it has not only advanced in the asking price but those who want to sell are actually selling at these figures.—Nez Perce Herald.

Wheat producers and flour manufacturers are accorded an excellent opportunity for popularizing their products through a recent bulletin issued by the department of agriculture. In order to show the relative energy producing properties of various foods the department has prepared the following comparisons of the units of energy contained in 10 cents worth of the leading commodities consumed: Eggs, 365 units of energy; sirloin of beef, 410; leg of mutton, 445; milk, 1,030; loin of pork, 1,035; cheese, 1,175; butter, 1,365; breakfast foods made of wheat, 1,489; rice, 2,025; potatoes, 2,950; dried beans, 3,040; wheat flour, 6,540.

It is an interesting and gratifying fact to note that from October 1, 1907, to June 1, 1908, a period in which occurred one of the most severe financial depressions the United States has experienced in fifty years, just four national banks west of the Rocky mountains were closed by the government. This alone is good, but there is better news to follow. Three of the closed institutions were reopened later without loss and with but little inconvenience to depositors. And, further, not one national bank in California, Oregon, Washington, Idaho, Montana, Utah or Nevada was forced out of business by the stringency. It speaks worlds for the soundness of the banking houses of the west.—New West Trade.

At the next session of the state legislature there will be offered for enactment a law which to our way of thinking should receive the hearty endorsement of everyone. It will seek to regulate the sale of seeds in the state. At present the buyers of seeds has absolutely no protection or any assurance that the seeds are fresh. The stock left over from one season can be offered for sale the next without legal hindrance. A seed inspection law has been passed in some states with a result that the increase in productivity of the soil was marked. Seed inspection could be carried on in this state with practically no cost as professors at the agricultural college at Pullman could do the work in their laboratories with but little assistance.—Kennebec Courier.

One of the best ways to obtain a graceful carriage and beautiful figure is by practicing deep breathing in conjunction with various exercises, says a writer in the August Designer. The modern woman, whether she be in the crowded cities or the smaller towns and country places, does not exercise enough and as a consequence her body suffers. Or perhaps she does exercise vigorously in one particular direction, thereby developing one portion at the expense of another. This is wrong. She should be symmetrically developed throughout. I know every woman desires a prettily rounded neck and shoulders, so she can wear the filmy summer dresses we all love; and I am going to give you simple exercise that will gradually cause your neck and shoulders to take on soft, pretty curves. Try the following exercise in the morning when you first get up: Begin by bending your head over to the right side as far as it will go, and, while holding it in this position, slowly turn it to the back, to the left, and to the front. Now reverse the movement, keeping this up for about ten minutes. In a short time you will begin to notice a gratifying change as regards contours. This exercise can also be used with great benefit when you are afflicted with a raging headache. Try it and see if it does not relieve you.

For weak back, backache, inflammation of the bladder and rheumatic pains there is nothing known that is better for prompt relief than DeWitt's Kidney and Bladder Pills. These famous pills have been giving such universal satisfaction throughout the country that they are rapidly becoming known as the leading and most effective Kidney and Bladder Pills. There is no doubt about what they will do and you will find it of this statement verified in a short time if you have been using them. Greaves' Pharmacy recommends them. Greaves'

### Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people nowadays insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes broadcast and on each bottle wrapper, what his medicines are made of and verifies it under seal. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain in or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nerve and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs. A host of medical authorities at all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

The death sentence imposed upon Harry Orchard for the murder of former Governor Frank Steunenberg has been commuted by the board of pardons to life imprisonment in the state penitentiary where the prisoner is at present confined. The decision on the part of the board of pardons was arrived at during an executive session held Tuesday following the appearance before the board of Frank Wyman in behalf of Orchard.

### Republican Primaries

By the authority of the republican county central committee of Latah County, State of Idaho, and in accordance with their action, notice is hereby given that said committee has called the county convention for said county to meet at Moscow, Idaho, July 28th, 1908, at 11 a. m. to elect 18 delegates to the Republican State Convention, which convenes at Boise, Idaho, on the 1st day of September, 1908, for the purpose of nominating a full state ticket, for all the elective state officers, and including a representative in congress, and three presidential electors, and for all other business which said state convention may lawfully transact.

The apportionment of delegates to said county convention from the several precincts is as follows:

North Moscow	18
South Moscow	13
Mountain Meadow	5
Palouse	5
Pine Creek	4
East Moscow	14
Potlatch	11
Four Mile	5
Southeast Moscow	11
Gold Creek	12
South Troy	11
Gold Hill	1
Southwest Moscow	9
Julietta	6
Thorn Creek	6
Kendrick	9
West Genesee	5
Little Potlatch	3
West Moscow	14
White Pine	5

The primaries for the election of such delegates shall be held in each voting precinct of the county on Monday, July 20th, 1908, at the usual place of holding such elections therein, the election to commence in the county precincts at 3 o'clock p. m. and continue until 6 p. m., and in the city or town precincts it must commence at 2 o'clock p. m. and continue until 7 o'clock p. m.

Dated at Moscow, Idaho, June 25, 1908.  
W. A. BARNETT, Chairman County Central Committee.  
Attest: CHAS. PETERSON, Secretary.

### Notice of Meeting of Republican State Convention

Pursuant to the authority and by the direction of the Republican State Central Committee, a Republican State Nominating Convention will convene at the City of Boise, State of Idaho, on Tuesday, the first day of September, 1908, at 11 o'clock a. m., at which State Convention a Republican platform of principles will be announced, a new State Central Committee will be elected, and candidates will be nominated for Justice of the Supreme Court, one member of Congress, and State officers to be voted for at the general election to be held on Tuesday, November 3, A. D. 1908.

The various counties of the state are entitled to delegate representation in this convention as follows: Ada 24, Bannock 18, Bear Lake 14, Bingham 23, Boise 6, Bonner 10, Blaine 8, Canyon 18, Cassia 7, Custer 3, Elmore 4, Fremont 27, Idaho 13, Kootenai 13, Latah 18, Lincoln 6, Nez Perce 21, Lemhi 5, Owyhee 4, Oneida 22, Shoshone 16, Twin Falls 4, Washington 9.

The County Central Committees are hereby requested to perfect all arrangements for primaries and county conventions for the selection of delegates to said state convention.

JAMES H. BRADY, Chairman.  
ADDISON T. SMITH, Secretary.

Manufactured in Genesee by  
The Genesee Brewery.

# There's only one way to digest all food.

You may be sure of that. Pepsin alone won't do, for that digests albumen only. All digesters which depend mainly on pepsin are only half-way helps. They fail on fats, on starch, on phosphates—on the main part of your food. They fail to aid bowel digestion—a very important part. That is why the stomach fails to get well—to do its own digesting. There is always some food left undigested to irritate the stomach lining. Thus the inflammation is continued, and dyspepsia does not end. Kodol alone does all that the stomach does, and all that the bowels do toward digestion. Kodol alone contains all the ingredients needed for perfect digestion. Eat what you need of the foods you want, and let Kodol, for a little time, do the digesting. The result is instant and complete. The pain will cease, the irritation end. You will be astonished to see how quickly the stomach regains its strength. Our Guarantee On the first dollar bottle of F your druggist gives a signed ante. If it fails to do all we your druggist returns your \$1.69 bottle contains 2 1/2 times as much as the 50c bottle. Made by E. C. DeWitt & Co., Chicago Sold by Greaves' Pharmacy
