### GENESSEE VALLEY NEWS

The glorious Fourth has come and gone and there were no casualties. Some spent the day playing; others working (glad of the chance to work hay.) The highlight of the program was the fireworks on "Preacher Hill" in the evening. The young people of the Valley pooled their fireworks and had an enjoyable evening.

Mrs. August Johnson visited Mrs. Andrew Olson last week. Mrs. Olson is very ill.

Mr. and Mrs. Hugo Gehrke, Mr. and Mrs. Robert Rieke, Rev. Kettle and family of Walla Walla, Mr. and Mrs. Ben Jutte, Mr. and Mrs. Ed Jutte and daughter, Gloria, Gene Scharnhorst and Mr. and Mrs. Carl Scharnhorst and family had a picnic dinner in the Moscow City park July 4.

Mrs. Harry Stinson of Spokane, a cousin of Mrs. Robert Berger, spent Sunday and Monday at the Berger home. Mrs. Berger took her to Moscow for her return home on Monday evening.

Mr. and Mrs. Fred Hove and Delores, and Fred Teach visited at the Art Hove home near Howell Sunday. Floyd Hove who works for the Fisher Flour Mills, in Seattle, spent the Fourth at home.

Sunday afternoon callers at the home of Mrs. Dollie Peterson were Mr. Ben Cook and Mrs. Adrian Nelson.

Chas. Northern attended the Fourth of July celebration at Kendrick.

Mr. and Mrs. Hugo Gehrke were the guests at Ed Jutte's Sunday for dinner.

Mrs. Dollie Peterson and Vernon spent Friday at the Coeur d'Alene celebration.

Mrs. J. P. Wodin has returned from a very enjoyable trip to Glacier National Park in northern Montana.

Fred Teach of Lewiston spent the week end with his daughter, Mrs. Fred Hove, and family.

Mr. and Mrs. Fred Meador of Los Angeles called at the John Hove home Friday afternoon. Mrs. Meador was formerly Mrs. Fred Follett.

Mrs. Vierra and daughter, Virginia, spent Tuesday with Mrs. Art Tegland. Lee Holiday and Dick Larric called at the John Hove home Sunday afternoon.

Miss Margaret Magee spent last week at the James Magee home.

Mona Lou Whitted returned to her home in Lewiston Monday after a week's visit with Phyllis Magee.

Mrs. Phil Enders and Mrs. Fred Judd called on Mrs. James Magee Monday afternoon.

Mrs. Wm. Gibler of Stites visited all last week with her parents, Mr. and Mrs. Art Tegland.

Mr. and Mrs. Wm. Hove spent Friday in Clarkston.

Mr. and Mrs. Bob Gotch of Elk River spent the holidays at the J. P. Anderson home. They drove home a new car Sunday.

Mr. and Mrs. Fred Hove and Delores, Mr. and Mrs. Art Hove, Elaine and Clarice Hove, Virgil Hove, Mr. and Mrs. Wm. Hove, Mrs. Wm. Gibler and Fred Teach had a picnic dinner at Kennedy Ford July 4th.

Mr. and Mrs. Bob Kane and son of Halfway, Ore., visited at Art Tegland's Sunday evening.

Monday evening Miss Inger Hove showed moving pictures which she and Dr. Levitt's mother, Mrs. Anna Levitt, and other relatives.

Monday visitors of Mr. and Mrs. Walter Erickson were the latter's sisters, Mrs. N. Tokey, and husband of Seattle, and Mrs. Ralph Baumgartner and children of Colfax, and her mother, Mrs. George Wagner of Wilbur, Wash.

Mrs. Bertha Bressler, Miss Adeline Bressler of Spokane and Mrs. Olive Brune of Sacramento, Calif., arrived Saturday and visited until Monday in the home of Mr. and Mrs. W. W. Burr.

Mr. and Mrs. Art Springer visited from Thursday until Sunday evening with Mr. and Mrs. Don Springer at Headquarters.

Mr. and Mrs. Martin Liberg and family spent the Fourth at Kendrick.

Miss Catherine Linehan of Spokane and Mr. and Mrs. Art Linehan were guests of Mr. and Mrs. Don Linehan Friday for dinner.

Mr. and Mrs. Wm. Borgen and Mr. and Mrs. Ed Strate drove to Chatcolet, St. Maries and Coeur d'Alene for the holiday. Mrs. Rachel Lovag accompanied them home for a visit.

Mr. and Mrs. Don Linehan spent the Fourth at the Loring home.

Mr. and Mrs. Sam Lange and family drove to Coeur d'Alene Friday evening to see the fireworks.

THE GENESEE NEWS Genesee, Idaho Entered at the Postoffice at Genesee, Idaho as Second-Class Mail Matter. E. D. Pederson, Publisher TWO IDAHO YOUNG PEOPLE WIN GOOD DRIVERS' AWARDS Wearing smiles a mile wide and each declaring, "I still can't believe it's true," Kenneth Berquist and Helen Hill of St. Maries have been named champion boy and girl drivers of Idaho by judges of the Ford Good Drivers' League. The youthful winners were picked from a field of 24 alert Idaho finalists as a result of their brilliant performances in the state finals held at Boise. Seventeen-year-old Berquist, who was named Idaho boy champion, was both overjoyed and spellbound as the judges announced his selection. Smiling and describing his good fortune, he exclaimed, "Golly, it's almost too good to be true! I hope I can bring back a national award to the state of Idaho." Pretty Helen Hill, 17-year-old St. Maries high school student, was equally excited. "This is the happiest moment of my life! I am a little frightened, but thrilled by this honor." The youthful pair of champions, by virtue of being named top winners in this state, will carry the Idaho banner at the national finals of the Ford Good Drivers' League, to be held in Dearborn, Mich., early next month. Top prizes in each division of the national finals are \$5,000 university scholarships. Winners from each state in the union and the District of Columbia, with complete in the nation-wide contest and receive prizes valued at over \$25,000. Berquist and Miss Hill, besides being assured of at least a \$100 award will get expense-free trips for themselves and traveling companions of their choice to the Dearborn finals. Both received engraved wristwatches, emblematic of their state championships. The Ford Good Drivers' League was founded in 1940 by Edsel Ford to promote safe driving among the youth of America and over 150,000 boys and girls were enrolled this year.

DEFENSE BOND QUIZ Q. What is the price of a Defense Savings Bond? A. For the smallest bond you pay \$18.75. The bond will increase in value in ten years to \$25. For \$75 you get a bond which will increase to 100; other bonds in proportion. Q. What will the government do with the money I pay for my bond? A. Your money will be put to work at once in the national defense program to protect the freedom and safety of the United States, and of its people everywhere. Note: To purchase Defense Savings Bonds and Stamps go to the nearest post office or bank, or write for information to the Treasurer of the United States, Washington, D. C.

New Postmaster at Oregon Post Office Registrar, Harry Clovis, local postmaster, has been appointed by the department as the rural carrier of route one in this district to be effective Monday, July 7. This route position was declared open by the death of Dave Inglis last spring. A relief carrier has been on the job the past several months. Harry Clovis received his first appointment for the postoffice April 16, 1936, and was reappointed March, 1940. Mr. Clovis was desirous of the route job because it is a civil service position with retirement privileges, and only occupies part of your time, with the salary about the same as the postmaster.

CONSIGN YOUR Livestock to the Lewiston Livestock Commission Co. Auction Sale EVERY SATURDAY WE BUY FAT HOGS Every Monday and Tuesday

RECREATION BIG BUSINESS IN SOUTH CENTRAL IDAHO (Continued from Page One) people at Sun Valley this summer exceeds by many that of any other summer, due mostly perhaps to Europe being closed to tourists, and Sun Valley being privileged to charge as much as any foreign resort. A hurried trip through the grounds suggests that it is a good place to sojourn, but it was rather uncertain, although the Union Warehouse company and the contractor, Louis Delivik, have been assured that the steel will be on its way or received in time to cause no delay in construction. Carpenters had completed 14 of the square slip forms for the 13-foot bins Thursday afternoon, and most of the joists which hold the forms together at the inside corners are in place. The numerous jack screws will push against iron pipes resting on the base and as the forms move upward the pipe becomes a part of the reinforcing for the structure. Square slip-form construction is relatively new in the building trades, and while round slip-forms have been used for years, square forms require more time to construct, yet they give the elevator owner more storage capacity. Building Elevator Forms Construction of the slip-forms for the new Union elevator is under way now at the site of the new grain storage plant, and it is expected that concrete pouring will start in about eight days. Arrival of reinforcing steel is rather uncertain, although the Union Warehouse company and the contractor, Louis Delivik, have been assured that the steel will be on its way or received in time to cause no delay in construction. Carpenters had completed 14 of the square slip forms for the 13-foot bins Thursday afternoon, and most of the joists which hold the forms together at the inside corners are in place. The numerous jack screws will push against iron pipes resting on the base and as the forms move upward the pipe becomes a part of the reinforcing for the structure. BARBARA PUTNAM INJURED IN NEAR FATAL ACCIDENT Barbara Putnam, daughter of Mr. and Mrs. Archie Putnam in St. Joseph's hospital, Lewiston, where she was hurriedly taken Wednesday evening to receive treatment for injuries sustained when she was caught beneath the wooden structure which shelters the entrance to the hotel basement barber shop, and which toppled from its supports Wednesday evening about 7:30 o'clock. Latest reports from Lewiston given by Dr. A. J. White are that Barbara was resting several hours' time were needed to attend to the deep cuts about the little girl's face, which started just above one eye and extended to a point below her mouth. Deep cuts exposed the bones, and her left eye was forced from its socket. An eye specialist was called to assist Dr. White, and it is believed that the sight will be retained for the eye, but it may be that the shock to the visual control of the eye muscles. Barbara also suffered a broken nose, and doctors have yet to ascertain the extent of injuries to the girl's back. Barbara, with four companions, were at play around the entrance of the hotel barber shop, and Barbara happened to be sitting on the top iron railing on the south side of the entrance when the heavy wooden structure fell, and she was caught beneath its weight and bent backward, unable to extricate her legs caught under the second or lower iron rail. The south stringer evidently struck her full in the face, as she was held helpless. Several persons on the street at the time of the accident heard the crash and rushed to help extricate the children. Fred Meyer and Art Klemm was on hand to release the weight from Barbara, and her father, who was nearby hurried to be of assistance, not knowing that his daughter was critically injured and held beneath the weight of the fallen structure. Gerald Peterson heard the crash and ran to the scene of the accident, and was joined immediately by Wayne Roach who, with others, relieved children trapped. The four children with Barbara were Larry Putnam, her brother, who received a bump on the head; Budy Peterson, who was standing on the entrance steps, and was knocked to his knees and received slight injuries; Teddy Semmes, who was caught between the roof of the structure and the iron rail and suffered bruises to his knee and arm, and Betty Judd, who was sitting on the north rail next to the building, did not receive any injury. For the canopy porch or whatever the structure may be called, fell away from the wall of the hotel building. Those who witnessed the release of the injured children, say that those not injured rushed frantically to their homes and were near exhaustion from fright. Barbara was given first aid here by Dr. White. She did not lose consciousness, and despite the deep and severe cuts on her face, she let it be known that her back was causing her pain. Truck Rack Catches Roof A light truck, driven by Bob Erickson and belonging to Raders' Market, is said to have come in contact with the protruding roof when the truck was parked along the curb west of the hotel and in front of the barber shop entrance. The roof, apparently moved but a short distance, and perhaps the high rack of the truck merely relieved the weight of the structure on its two pillars located at the western end. Mr. Erickson, in preparing to drive away, relieved the emergency brake, and noticed that the vehicle moved backward a few inches when the roof fell. Exact causes for the accident are not determined, and no responsibility for the accident has been fixed. The roof, built about 20 years ago, it is said, extends about two feet over the curb, and has always been considered safe, as workmen have repaired the roof at various times. It was anchored to the brick wall on the east and supported by two pillars on the west. The lower portions of the pillars are of concrete, but the upper half was of wood. It was a most regrettable accident. Mr. Rogers, who purchased the hotel building a few years ago, has done considerable remodeling for safety purposes, and had reason to believe that the roof over the basement entrance was secure, as it has withstood wind and also heavy loads of snow.

THURSDAY HOTTEST DAY Temperatures for the week at Genesee started off at around 98 degrees Monday for the hottest of that day. Tuesday became warmer, and Wednesday saw the mercury advance to 96 degrees during the warm part of the afternoon. Thursday, however, saw the heat really turned on, as the mercury at Sampson's barber shop ballooned to 100 degrees above. Other thermometers were more conservative and went up between 96 and 98. At press time clouds were forming in the south, which might indicate a break for lower temperature readings, and some precipitation. John T. Rogers, owner of the Genesee hotel was temporarily overcome by the heat Thursday afternoon, but quickly recovered when taken to his apartment. Mr. Rogers had been rather excited about the accident Wednesday evening, and his temporary faintness was attributed in part to his anxiety.

WARM WEATHER SPEEDING CROP MATURITY LOCALLY Edgar Evans delivered the first new crop grain to Genesee Thursday, July 10, and closely following was grain from the Roy Evans ranch and also grain delivered by Cliff Lundt. The first deliveries of new grain were barley and those mentioned have come from the west end Genesee Union warehouse. Francis Sweeney was the first to deliver new crop barley to the east end Union unit, and was clocked for delivery Tuesday, July 15. Frank Hoorman, manager of the Union hazards the guess that the first new crop wheat will be delivered on or about July 25, if prevailing warm weather continues. Last year Francis Sweeney delivered the first barley on July 5, and three days later Bob Kuhn was combining barley for delivery to Genesee. Roskammer Bros. delivered the first wheat last year from the Dr. T. A. Elliot ranch on July 9. The wheat harvested in 1940 became more general on and after July 10, with deliveries on that date being made by Otto Baldus and Francis Sweeney. On July 11, what was being delivered from the Bob Kuhn, Neil Sweeney, Herman Bros. and Bartle Weber places. The north was nearly on a par with the south last year on early barley deliveries, for according to information given by the Union, George Hausfurther delivered barley on July 10, and Wm. Borgen followed by one or two days. The first ridit wheat to come in from the Blinnick last year was on July 16 when Edgar Evans, Archibald Bros, Ed Erickson and Fred Morscheck made deliveries.

Weather Extremely Warm With harvest two weeks later than in 1940, which, by the way, was earlier than average, the crop now growing is rapidly nearing maturity under conditions which are considered favorable. The extreme heat of the past two weeks has caused grain to ripen rapidly, and after two bays of rains and showers had held the crop back, it is noted that the straw of wheat stands remains somewhat green compared to the ripeness of the heads, a condition which may be attributed in part to a trace of stem and leaf rust which developed during the wet period. No serious damage is expected to result from the rust infection, and the foot rot which began to develop a few weeks ago has ceased to spread, so damage from this source will be slight. The warm weather seemed to put a complete stop to spread of the foot rot fungus. There was a slight stain on some of the early barley deliveries, but it is believed that most of it harvested to date will grade No. 1 western bright. No tests have been made as yet, but the grade is expected to be up to standard, and there has been no noticeable signs of pinched kernels from the first rounds about fields on the Blinnick, a condition which has existed in some recent years. The pea crop is advancing rapidly under conditions which have not as yet been alarming as there is plenty of moisture reserves to supply the heavy vine growth and the unusual number of pods. Many of the pea fields have turned to the ripening color during the past week and in some instances the pea crop will be harvested before the wheat crops. Many pea growers are contemplating mowing their crops and harvesting from windrows, due to the heavy growth and the prevalence of wild oats and other weeds. It appears that every seed (with one exception) planted in the ground this spring germinated and produced plants of exceptional quality. (Continued on Page Four)

ERBS OF LEWISTON WIN 10-6 FROM GENESEE HERE SUNDAY Baseball had its finale for the present season Sunday when Erbs of Lewiston overcame a Genesee lead in the eighth inning and then continued to pile up runs in the ninth. Mel Knight, who has been doing quite a job of having went along fine until the sixth inning, and was holding Lewiston's league leading Erbs to no runs, while Genesee had scored once in the first and once in the second inning. Erbs opened up with five hits in the sixth, and bounced one hard off the pitcher's mound that was not handled, and with one error, four runs were made. Genesee came back in the last of the sixth to score three runs, but added only one more in the ninth. Meanwhile the Lewiston club drove in two runs in the eighth and had been in the lead five days and five nights when the order came to move on Inglewood. Some 2500 men and officers were sent to the aviation plant, harrassed by labor strikes. The detachment included the second battalion of the 15th Infantry, plus its service company, anti-tank unit and regimental headquarters. There were men and officers from the 3rd Coast Artillery unit also present. The 15th U. S. Infantry is one of the oldest United States regiments, and has been in existence since 1812. Its lineage, as returned but 25 years ago from China. The 15th Infantry, member of the Third Division in the last World War retains its old-time shoulder patch, the square field of blue with the three diagonal white bars. Much was heard of the Third Division in the first world war, and it was the "Can Do" regiment, which words now form the regimental motto. Called to the airplane production strike area, the 15th Infantry was moved by trucks, and immediately established lines about the company's property, through which no civilian was permitted to pass unless authorized by the army. Several of the leaders of the strike were in the line of soldiers and those who were too persistent went to the guardhouse at Ft. McArthur and later received treatment for slight wounds. There was an exception, however, when one of the strike promoters received a bayonet wound when he failed to move out of the line from the army. Solving the bayonet but not ammunition was carried in the rifles. Soldiers, after the first skirmish established three lines about the airplane plants at Inglewood, and remained on duty from June 7 to July 2 to guarantee safe passage of workers to and from work, and those requesting protection to their home residences. The strike was broken up, Kenneth said that most of the men on strike desired to go to work, but feared for their own safety and safety of their families, as strike leaders had promised violence to all men who failed to comply with strike orders. One civilian who operated an eating concession within the lines established by the army attempted to break through the lines before accomplishing his purpose. He was later escorted through the lines by army orders. The Second Battalion of the 15th was treated royally while in California Kenneth said. They were entertained at the Warner Bros. studios, and different organizations provided recreation and sight-seeing trips for the men. Questioned if he liked the service in the army, Kenneth said he preferred civilian life, but believed there were many benefits to be obtained from a year's training. He said he liked the officers and the food and quarters were very good. If he was privileged to see some of the soldiers, Kenneth stated that he believed he would want to complete one year at least. There are about 185 men now in Co. E of the 15th, now back at Fort Lewis, but many of the old-timers are leaving for assignments temporarily to train troops in other units. Weight of equipment has been increased somewhat. The complete load an infantryman now carries totals about 65 pounds, which includes the nine-pound rifle and a one-pound battery. There is plenty of time for recreation, Kenneth said, as in the infantry men have more leisure time than the first world war. The complete load an infantryman now carries totals about 65 pounds, which includes the nine-pound rifle and a one-pound battery. There is plenty of time for recreation, Kenneth said, as in the infantry men have more leisure time than the first world war. The complete load an infantryman now carries totals about 65 pounds, which includes the nine-pound rifle and a one-pound battery. There is plenty of time for recreation, Kenneth said, as in the infantry men have more leisure time than the first world war.

WHEAT MARKET ENDING JULY FOR WEEK SUMMARY Wheat markets in the Pacific Northwest were independently weak during the week ended July 11, and prices of both futures and cash grain were lower. The market was strong for the U. S. Dept. of Agriculture. Trading in the cash market was very slow with light offerings from growers at country points and a dull demand at terminals. Flour sales under the indemnity plan were reported very light during the week with receipts heavy, as apparently having supplied unmet demands of buyers in the Philippines and the Americas, and with lack of ocean freight space an additional factor restricting sales. Indemnity payments held unchanged from those of other recent weeks. Trade reports indicated sale of around 4,000 barrels of flour to Japan for shipment out of Puget Sound. Other export business in either wheat or flour was lacking. Arrivals of 7,466 cars of wheat at Kansas City during the week last of action of the local board of trade to shut off shipments of wheat earmarked for storage or federal loans unless they are shipped out of Puget Sound. Other units of the United grain handling facilities are being relieved of grain now in storage, much of which has gone to the coast. Such shipments constitute orders for shipment of government-owned grain, and the present supplies on hand Thursday are around 85,000 bushels. The Union, when its new unit is placed in use, will have storage for around 1,000,000 bushels, some of which will be sacked, trifling, however, compared to that of bulk grain. The new unit will be complete in itself, with an unloading mechanism of modern design, and all other equipment for handling grain will be of the latest type. Grain may be moved from the new unit to the units now in operation, or grain may be transferred from the older units to the new. Construction of the new unit affords this community with one of the most modern plants in the Pacific Northwest, and few, if any country points may boast of elevator facilities with greater storage space.

LOCAL COMBINES HARVESTING PEA CRISP IN OTHER STATES R. J. Nelson and A. T. Wright of the Lewville district, have dispatched their combines to the Athens, Ore., pea fields for harvesting here. Their machines are of the International No. 51 model, both 14-foot cut, and are equipped with Hume-Love pea bar reels. They left Monday morning and expected to be at Athena Monday evening. John Broemeling's new International No. 51 combine, equipped with rubber tires, left here at 3 a. m. Wednesday morning and will harvest 450 acres of wheat near LaCrosse, Wash., after starting the harvest locally. Manning the combine are Bob Broemeling and Earl DeMers.

BOB MONTAGUE ADVANCED Robert M. Montague, former Genesee resident, now commanding officer of the Marine Barracks at Cavite, P. I., has been advanced to the rank of colonel. He entered service during the last World War after graduating from the University of Idaho, and remaining in the Marine Corps ever since. He has been promoted from his initial rank of lieutenant. Colonel Montague returned to Genesee several years ago, and at that time was stationed at Quantico, Va., the east coast Marine Corps training station. Later he went to Boston, and has been in China and the Philippines on various times. Mr. Montague, well known here where he lived as a young man, continues to give his residence as Genesee. Seven lieutenant colonels of the Marine Corps were nominated for the promotion to full colonel.

GENESEE VALLEY NEWS
The warm days of the past week have brought a lot of activity in the hay fields. Changed are the methods of haying from the old days when horses were used. Now a tractor with an umbrella over it, pulls the mower, rake, wagon or slip. Even the farm wife doesn't "sweat" over a hot stove any more. Who wants to hark back to the "good old days"? The grain is ripening rapidly, but because of so much moisture in the soil, it will be two weeks before much harvesting is under way in this community.

Wood, Portland; Mr. and Mrs. J. H. Bottjer and sons, Dick and Don; Mr. and Mrs. John Bottjer, Jr., Mr. and Mrs. Wilbur Bottjer and Mrs. Margaret Wafle and son, Walter, all of Spokane; Frank Kempf and Mrs. E. F. Kempf and daughter, Francis, of Bonners Ferry; Mr. and Mrs. Chas. Scharnhorst, Mr. and Mrs. H. G. Bottjer and Mrs. C. W. Hickman, Moscow; Mr. and Mrs. F. L. Staples, Mrs. L. E. Cone and Mrs. Katherine McDonald, Potlatch; Mr. and Mrs. W. Myers, Mr. and Mrs. Dick Jacobs and Mrs. Richard Stout, of Uniontown, and Mr. and Mrs. W. H. Rosenu of Winona.
Jimmy Busch injured
Jimmy Busch was treated at the doctor's office here last Friday noon for a head injury sustained when a team of horses ran away with a hay rake. He had unhooked three tags, and that is all he remembers, but believes that the team became excited and swung in a circle causing the tongue to strike his head. Several stitches were required to close the scalp wound. He was brought to Genessee by Matt Kasper. Jimmy returned to work Saturday.

LOCAL NEWS
Jim Hogan of Wallace came Sunday to visit his mother, Mrs. May Baker, until Monday afternoon. He missed seeing Mr. and Mrs. Carmen Dilrrio and daughter of Salt Lake, who spent two weeks here in the Baker home. Mrs. Dilrrio is a daughter of Mrs. Baker. Mr. Hogan says mining is a thriving business in the Coeur d'Alenes at the present time, with several new strikes reported, and he also said that a number of old workings were being reopened for working under modern methods. He operates the electric ore train for the Sunset Mine.
Dickie Jain of Lapwai is visiting his uncle and aunt, Mr. and Mrs. James Magee.
Donald Huffman is expected home Sunday to visit his grandparents, Mr. and Mrs. S. U. Lough. He will have a ten-day furlough before returning to Camp Murray.
Mr. and Mrs. Nelson Huffman of Hayden Field, N. J., visited Wednesday with Mr. and Mrs. Fred Judd. The visitors are former residents of Kootenai. Mr. Huffman, in the rural mail service at Kootenai, was one to trade routes with a rural letter carrier in New Jersey.
Miss Elsie Smith of Troy called on Mr. and Mrs. Fred Judd Tuesday evening. She was accompanied by Miss Eleanor Harland, also of Troy, who will teach the second grade here starting in September. She succeeds Miss Alene Knudson.
Pat Graham of Kelso, Wash., arrived Saturday for an extended visit with his uncle and aunt, Mr. and Mrs. Ray Trautman.
Mr. and Mrs. E. J. Hill of Clarkston visited Sunday with Mr. and Mrs. S. U. Lough.
Mr. and Mrs. Art Kleweno and daughters of Latah, Wash., spent the week end in Genessee with relatives. On their return they were accompanied by Mrs. Lena Herman who will visit in Latah.
Polly Hanson, daughter of Mr. and Mrs. Harry Hanson, underwent a tonsil removal operation at the doctor's office here Monday morning.
Mrs. Jack Grieser and daughters, Carol and Elaine, spent Wednesday with Mrs. Lew Jain. Afternoon visitors were Mrs. Don Jain and daughters, Alice and Sharon.
Mrs. Gladys Anderson took her daughter, Beverly, and Patsy Magee and Shirley Hayward to Moscow Wednesday where they enjoyed a picnic lunch in the Moscow park and swimming later.
Mrs. W. W. Burr is visiting her daughter, Miss Betty Burr, in Spokane.
Rev. Melford Knight was accompanied on a fishing trip to Elk River Tuesday and Wednesday by Dale Carubahn, Dickie Springer, Gordon Cook and Tommy Wuest.
Mr. and Mrs. Ralph Kraetsch, son, Ralph, Jr., and daughters, Joan and Connie of Winnetka, Ill., were expected today (Thursday) for a visit with Mrs. Kraetsch's brother, John Luedke, and family.
Mr. and Mrs. John Kluss and daughter, Anna Mae, left Sunday for Camas, Wash., where they will be joined by Mr. and Mrs. Francis Dowdy on a trip to Portland and Seaside. They returned Wednesday evening. Heat was reaching for a record high in Portland and the trip home was in extremely high temperatures. Mrs. Dowdy will be remembered as Miss Margaret Kluss.
Mrs. Hannah Swenson returned last Thursday from Spokane where she visited ten days with her son, James Swenson, and family. Her grandson, Harold Swenson, returned home with her to spend several weeks. While in Spokane, Mrs. Swenson called on Mrs. Chas. Jain who is critically ill. She learned that her condition was unchanged.
George Abraham, stationed at Camp Murray with the 148th Field Artillery is home for a ten-day furlough to visit his parents, Mr. and Mrs. James Abraham. The 148th was one of the 41st Division units which traveled to and from California for maneuvers. George is a driver of one of the new army reconnaissance cars.
Mrs. Maude Miller of San Francisco arrived Tuesday for a visit with her brother, Grant Clark, and wife. It has been 22 years since the brother and sister have seen each other.
Mr. and Mrs. Fred Shirrod, accompanied by Mrs. Mary Christensen of Moscow, visited relatives in Palouse Sunday.
Miss Helen Larson who is spending the summer here with Mr. and Mrs. Henry Halverson, visited this week in Lewiston.
Mr. and Mrs. E. E. Flomer and family of Lapwai spent Sunday with Mr. and Mrs. Wm. Hickman, and family of Ellensburg, Wash., visited Herman Broemeling and Mrs. Kate Johann a short time recently. Mr. Wahle farmed in the Genessee community about 44 years ago.
Mr. and Mrs. Clarence Esser and two sons of Camas, Wash., arrived Sunday to spend a week in the homes of the former's sisters, Mrs. Martin Grieser, and Mrs. Carrie Grieser, and brother, Lloyd Esser.
Mr. and Mrs. Ed Bergman and son, Keith, who were visiting Mrs. Bergman's parents, Mr. and Mrs. Glen Sampson, left to spend several days at Diamond Lake.
Mr. and Mrs. John Krier accompanied by Mr. and Mrs. Peter Johann of Culedeas spent Sunday at Soldiers Meadow.
Dr. and Mrs. A. J. White and two daughters, Mr. and Mrs. Harold White and family of Lewiston spent Sunday at Laird Park.

Mr. and Mrs. Ralph Oliver and three daughters of Biggar, Saskatchewan, Canada, and Mrs. One Oliver of Moscow visited Friday evening with Mr. and Mrs. Lars Liberg.
Herbert Martinson and nurse, Miss Helen Larkin, returned to Genessee Sunday after spending several days in Spokane where the former was at Sacred Heart hospital. His attending surgeon removed the plastic cast and other appliances which were necessary to hold the broken segments of his jaws in place following the accident of April 12. Mr. Martinson has been recovering satisfactorily, and is spending much of the time recently at the ranch. He will return to Spokane soon when a modified brace or cast will be applied.
Mr. and Mrs. John Meyer, Sr., and Mr. and Mrs. Fred Meyer and daughter, Gwendolyn spent Sunday with Mr. and Mrs. Glen Tabor in Cofax.
Mrs. Hays Wing and family of Arrow Junction spent Sunday with Mr. and Mrs. Lars Liberg.
Miss Jean Felton and brothers, Virgil and Dale, of Lewiston, were visitors Sunday of Mr. and Mrs. Fred Morscheck.
Mr. and Mrs. Chas. Scharbach of Oregon City, Ore., visited over the week end with the former's brother, Frank Scharbach, in Thorencreek. Mr. and Mrs. Florent Moser and family spent Monday evening at the Frank Scharbach home.
Mr. and Mrs. Harry Abbott and Mr. and Mrs. Jack Critchlow of Riverside, Calif., arrived Monday to spend a week with Mr. and Mrs. Adrian Nelson and family.
Mr. and Mrs. Floyd Ochs and family are vacationing at Conklin Park.
Mrs. Al Mayor left Thursday noon for Caldwell, Idaho, where they will attend the state convention of Rural Letter Carriers and Auxiliary Friday and Saturday. They plan to visit their son, Orlando Mayer and family in Boise Sunday.
Mr. and Mrs. Jonas Parshall and daughter, Arlene, of Weiser, and Jack Parshall of Postello visited Sunday with Mr. and Mrs. Ben Cook and Mr. and Mrs. Kenneth Hoduffer. Mrs. Parshall is a sister of Mrs. Cook and Mrs. Hoduffer.
Mrs. Frank Wilson is spending a few days in Bonners Ferry where Mr. Wilson is employed in a drug store.
Mrs. Leslie Brubeck and daughter, Marilyn, of Oakland, Calif., arrived Friday for a several weeks visit here with Mrs. Brubeck's mother, Mrs. Mary Herman and other relatives.
Al Langdon of Lewiston is spending a few days this week with Mr. and Mrs. Fred Shirrod.

THE GENESSEE NEWS Genessee, Idaho Entered at the Postoffice at Genessee, Idaho as Second-Class Mail Matter. E. D. Pederson, Publisher

SOME STATES NEAR QUOTA IN CAMPAIGN FOR USO FUNDS San Francisco—As "mopping up" forces reported a national total of more than \$8,000,000, figures compiled at United Service Organizations regional headquarters here today showed \$1,004,201 out of a quota of \$1,250,000 for five states already contributed or definitely pledged to a fund for morale-building in the armed forces.

California, with a quota of \$817,410, has reached \$779,993 and reports are still being received daily from city, county and state organizations.

Oregon's goal is \$86,700. Of this, \$23,760 has been raised and commitments of \$60,000 from fall Community Fund appeals will bring the total to a certain \$78,760. State USO leaders point out, however, that many local drives started late are now in the solicitation stage.

For Washington, the amount set is \$162,635. More than \$25,000 has been received by the USO state treasurer and, like Oregon, fall Community Fund commitments of \$98,240 will make the state total \$131,283. Again, as in the case of Oregon, local drives were deferred and confidence has been expressed that the state will achieve the quota when the autumn receipts are in.

Of a quota of \$36,760, Idaho has raised \$14,165, but many of the local committees are just now in the midst of their campaigns, indicating that Idaho, too will go over the top in grand style.

Lately all of start was Nevada, with a present total of \$5,900, and commitments sure of obtaining more funds.

On the basis of the national situation, the Eighth Region, which is composed of the five states considered in these compilations, is keeping pace with the country as a whole, and, in the opinion of National Chairman Thomas E. Dewey, will be "right up there" when the final figures have been tabulated.

Auxiliary Meeting Postponed The July meeting of the American Legion Auxiliary has been postponed from its regular date to a later date owing to the busy harvest season. Give Now to the USO FOR USA

ELEVATOR WORK ON SCHEDULE Concrete and steel construction work on the new Genessee Union Warehouse company elevator at the west end plant is moving along on schedule, it is reported by men in charge. Fred Hoorman, Union manager, said steel was moving to Genessee regularly since Monday, when the first truck load was received.

Pouring of concrete began Tuesday noon, and by Thursday noon the building had reached a height of about 18 feet, including the concrete in the forms and not visible. Some difficulty was experienced when the forms were first moved off the concrete slab or base. Built with slip forms, the 60-odd jackscrews were moving the huge form slowly upward Thursday and leaving smooth walls for finishing.

About 30 men are at work on each of two shifts, and another group of eight men are moving sand and gravel from Lewiston.

The Louis Delivuk Construction company expects to have the building completed by August 15, and if everything moves along on schedule as to day, the walls of the bins will rise to a height of 100 feet in 12 days.

JOHN WINTERFELT RESIDENT HERE FOR 36 YEARS DIES Funeral services for John Winterfelt were held Wednesday afternoon at 2 o'clock from Short's Chapel in Moscow, with Mr. Robert Rieke officiating. Interment was in the Moscow cemetery. Pallbearers were D. Scharnhorst, Chas. Scharnhorst, Andrew Hasfurth, John Broemeling, Charles Grieser, Sr., and John Meyer. Sr. Mr. Winterfelt passed away at St. Joseph's hospital Sunday evening at 9:30 o'clock. He had been in the hospital for about 35 days.

John Winterfelt was born in Chicago, Ill., March 9, 1866, and was married in Sioux City, Iowa. Mr. and Mrs. Winterfelt came west in 1893 and first lived at Ritzville, then at Lind, and for a short time at Boville, Idaho, before coming to this community. They lived in Nez Perce county for about five years, and for the past 36 years the family has lived at Genessee.

The deceased is survived by his widow, a son, James, and a daughter, Susie. Two children preceded him in death, Lizzie and Charlie. The deceased had attained the age of 75 years, four months and 11 days.

ERBS WIN L.-C. LEAGUE TITLE Orofino spotted Erbs of Lewiston six runs in the first inning of their championship game here Sunday, and then pulled into a tie 8-8 in the seventh, but a pinch hitter, Couehre, singled to score a runner on base in the tenth inning. Orofino was unable to come back and went down one-two-three in the extra inning.

Gorino, Orofino southpaw, who has been effective during the season against all clubs was pounded hard in the opening inning before being relieved by Pelton, who retired the side. Erbs got to Pelton for two runs in the second inning, but from then on until the tenth frame Pelton was the master. There were occasional hits by Lewiston, but they were scattered.

Orofino scored once in the first inning, then added two in the second, and three in the third. Both clubs were scoreless in the fourth, fifth and sixth frames, and in the seventh Orofino scored two runs to tie up the game.

In the first inning Erbs filled the bases and Froot pushed one over the leftfield fence for a home run.

Williams, Lewiston pitcher, gave up 12 hits. Gorino was nicked for six hits in one inning and Pelton was touched for 8 hits in nine innings.

The attendance here Sunday was the largest of the season and the best at any town in the circuit and justified moving the game here to neutral grounds for the championship playoff. There was much rooting for both clubs as they had many followers. Genessee enlivened by much rooting. Genessee seemed to favor the Orofino club for it was the hard-luck club of the day.

Several times the bases well populated several times but lacked the ability to hit in the clutch. Umpires drew some criticism, and one, Paffie, admitted calling a strike a ball to even matters up, but talked captains of the clubs into seeing his way.

Dr. White to Spokane Dr. A. J. White and family leave for Spokane Friday morning on a business trip.

MRS. SCHWENNE'S FATHER DIES Fred Reif, Sr., 72, father of Mrs. Otto Schwenne died suddenly Tuesday while being taken from Waterville, Wash., to the hospital in Colfax.

The deceased was visiting a daughter, Mrs. A. W. Lundquist in Waterville when he suffered an heart attack. Surviving are the widow, one son and six daughters.

Mr. Reif, retired, had been a grain dealer and farmer in the Pullman territory since 1898.

Funeral services will be conducted at 2 o'clock this afternoon (Friday) from the Kimball Funeral Home in Pullman.

GENESSEE ALUMINUM DRIVE SCHEDULED FOR SATURDAY Supt. Kenneth F. Dean who was named local chairman of the National Defense Aluminum Collection drive by G. P. Mix of Moscow, announces that Genessee will witness a concerted effort Saturday when members of the Boy Scout troop will make a house-to-house canvass to secure aluminum. This is a part of a national program and all of the metal collected will be used exclusively for national defense purposes.

An enormous barrel has been placed in front of the Genessee Cash Hardware store where all contributions of aluminum will be received.

The nation is appealing to all its citizens for their active assistance for the first time since President Roosevelt's declaration of a full national emergency May 27, 1941.

The nation needs aluminum for its planes and other vital items in its defense program more rapidly than existing facilities can produce it. Additional facilities are being constructed as quickly as possible. In the meantime, people of the nation can help.

The metal that can be spared from their households without being replaced. No individual or group or corporation will make any profit out of this transaction. The entire proceeds of the sale will be used for civilian defense.

In these times of national emergency conservation of all vital national resources needed for defense purposes is essential. We must make available to our government all material the defense program requires.

There may be later appeals for help in other forms after this one, but a wholehearted popular response by the American people to this first general appeal from their government cannot fail to impress the enemies of democracy.

Genessee will do its part in this patriotic campaign. It is believed without doubt, and the response to personal visits by Boy Scouts, will show where which have been discarded, or have become obsolete, and it will be surprising how much aluminum of this kind is to be found around the home, the store, the office, the shop and the farm.

Genessee is two days late in opening its campaign, but owing to the busy season, both on the farm and in town, Saturday is considered the logical time.

Collection of aluminum is all being done with volunteer help under the Office of Civilian Defense, and the disposal of the aluminum, after it has been assembled in each community, will be under control of the Office of Production Management.

If there are any pieces of aluminum too heavy for the Scouts to handle, there are plenty of men who will volunteer their assistance, and when the aluminum is completely assembled, the city truck will be used to transport the metal to a central point.

There is no profit whatever to any person in the collection and disposal of the aluminum during the season. If there is any irregularity in campaign procedure, they should be reported to the local committeeman. No complaint is expected, because the program is one of free will and anyone attempting to profit on the campaign will be trying something most unpopular.

People are not expected to give up anything in aluminum which is of value, and the housewife should not give away anything that would require her to purchase new utensils.

If the boys happen to miss anyone in their house-to-house canvass persons should not hesitate to call Supt. Dean, Walter Emerson or anyone else in town, who will gladly call for the aluminum donation.

Pots, pans and kettles are perhaps the most common utensils made of aluminum, but there are so many other uses to which the metal has been put, that a search of premises will surprise one.

Remember, the campaign starts in this community Saturday morning.

GENESSEE ALUMINUM DRIVE SCHEDULED FOR SATURDAY Supt. Kenneth F. Dean who was named local chairman of the National Defense Aluminum Collection drive by G. P. Mix of Moscow, announces that Genessee will witness a concerted effort Saturday when members of the Boy Scout troop will make a house-to-house canvass to secure aluminum.

CANADA-U. S. TRAVEL FACTS GIVEN BY NEW YORK CITIZEN A few months ago The Genessee News carried a story of the visit to Genessee of Mr. and Mrs. Gerhardt Broemeling and Mr. and Mrs. Steve Hoorman of Cadogan, Alta., Canada, in which was mentioned that some delay was experienced in obtaining permission to leave Canada and also that funds permitted travelers from Canada to the United States was limited. A few weeks ago there came from New York City a letter, accompanied by a Canadian governmental travel pamphlet. The writer further asked if he might dispatch a second letter for publication that would explain travel from Canada to the United States. The letter follows:

"Room 805, 2 Wall Street New York City, July 18, 1941 "Mr. E. D. Pederson, Editor The Genessee News, Genessee, Idaho. "Dear Sir:

"I have read with greatest interest the article in your issue of March 7, 1941, which was headed 'Travel Facts' and gives a very vivid picture of Genessee and of Alberta. We know here, that in order to conserve American dollars to meet with the requirements of our neutrality laws when buying war materials in this country, Canadians have given up travel to the United States for health, education, business, or as in the case of the Broemelings, where someone near and dear to them is sick.

"This is a great sacrifice on the part of Canadians. But we could hardly expect them to spend American dollars on what amounts to luxury travel, when those same dollars are very much needed to pay for guns, airplanes, steel, etc., bought in this country, and which our neutrality laws provide can only be sold for cash—American dollars. To conserve the expenditure of American dollars, and to control the carrying of Canadian money out of Canada to the United States, has brought about some very careful regulations.

"A Canadian coming to this country states the purpose and length of his trip. If it is within the limits described he can then buy American dollars with his Canadian money, sufficient for his needs on the trip. He can take enough Canadian money to reach our border on his way out and to carry him from our border to his home on his way back. This varies, of course, in each case. This is to limit the amount of Canadian money in the United States where it is not legal tender. In practice it is assumed the Canadian traveler will need a minimum of \$5 Canadian to get to and from our border.

"Coming to the United States a Canadian can go as far as the United States and stay as long as he likes, while his money—Canadian dollars—lasts. Students, for instance, spend months or even longer in the United States. Moreover, if a Canadian gets here and his American friends or relatives want to pay his way, the Canadian government would not interfere—as long as the Canadian traveler doesn't go in debt.

"The arrangement is simple. Canadian dollars are not legal tender here. The whole Canadian nation can only secure a limited supply of American dollars. The first need of the Canadian nation is war materials—nothing is allowed to interfere with getting those, except health, education that Canada cannot furnish, exceptional cases of visiting sick relatives such as the Broemelings, or business trips where it can be shown that more American dollars will be earned.

"To clarify things a little more, it is the United States government that requires passports of Canadian citizens. Local banks in Canada can handle applications for legitimate travel, and do so promptly.

"We are now joined with Canada in defense of this continent. Boards have been appointed to explore how we can supplement each other's efforts. Complete understanding of each other is essential to unified effort. Understanding in the occurrences of daily intercourse of citizens contributes just as much to mutual good will as does joint effort in economic and military affairs.

"If you are happy to know that so many Genessee are in friendly relations with our neighbor to the north, and I hope this letter will contribute to the continuance of those relations."

"Sincerely yours, "Schuyler Baldwin Terry, Ph. D."

Note: It is somewhat difficult to understand the New York writer's situation.

Having Nearly Over Genessee's big hay crop, most of which was saved from rains, is nearly all in barns, in stacks or under shelter, with hundreds of tons cut up and in storage. The presence of hay cutters on farms in the Genessee territory is most noticeable. Some of the hay crop is also being baled. A number of ranchers who seeded sweet clover this spring find the crop of sufficient quantity to warrant cutting, and on some farms the crop is exceptionally good.

Weather Favorable Cooler temperatures were welcomed Saturday evening after a peculiar thunder storm Saturday afternoon. Two sharp lightning flashes followed the opening of the clouds, and the rain that gave Genessee a light shower. To the northeast of Genessee, a heavier shower fell and stopped having operations for the day.

MOTORIST ATTEMPTS SUICIDE While most people are diligently trying to keep body and soul together, now and then there is one who is an exception. Such a person was found near the Wagner Spring Tuesday a week ago by Jim Kane, who stopped at the fountain near the spring for a drink of water. Seeing a man slouched over in the front seat of a car, he stepped out and learned that the poor unfortunate had carefully sealed the enclosed car with rubber hose to the exhaust pipe, and then led it through the floorboard and into the sedan body.

Realizing the man's intentions, Jim stepped out, tried to arouse the man, and then hurried to the Wagner ranch where he summoned the Nez Perce county sheriff, who took the man in charge.

The would-be suicide failed in his self-destruction when he inserted the hose too far into the exhaust pipe where the hose was pinched, and as it was brought through the floorboard and under the mat, there was another bend which offered resistance to the gas, and resulting, the motor had stopped from back pressure. When Mr. Kane came upon the man he noticed that the ignition switch was on but the motor was not running.

Mr. Kane said the man was unable to tell his name when the sheriff took him to Lewiston. He was still groggy from the fumes he had inhaled.

Have your old aluminum ready for the Boy Scouts Saturday.

Interest in the particular story which appeared in The News. Certainly we entertained no thought of belittling the Canadian government in any manner, for we realize its people's problems, and that limits must be placed on the withdrawal from its treasury. On the other hand we know that the Canadians who visited here had no desire to misrepresent facts, and if we were in error Dr. Terry's communication should serve to clarify the situation.

DR. T. A. ELLIOT RESIGNS Dr. T. A. Elliot, state director of animal industry, has asked for his resignation, effective July 31, that he might return to his ranch south of Genessee. His successor is Dr. A. P. Schneider of Lewiston, who was appointed by Governor Clark. The newly appointed director will take over his duties August 1. He has been an acting federal bureau of animal industry veterinarian at Lewiston.

Dr. Elliot, who served as state director under previous administrations, resigned that he might look after his ranching interests here and to give closer attention to his business in Lewiston. It might be that Dr. Elliot will be named a deputy state veterinarian for central Idaho.

Dr. and Mrs. White Entertain Dr. and Mrs. A. J. White entertained with a bridge-dinner party on Monday evening for Mr. and Mrs. Ralph Kraetsch of Winnetka, Ill., Mr. and Mrs. John Lydick, Mr. and Mrs. Elvon Hampton, Dr. and Mrs. N. M. Oatis, Mr. and Mrs. David Kuehl and Mrs. Anna Hanson. Mr. and Mrs. Hampton won high score award at bridge.

THURSDAY MARKETS Federation Wheat, per bu.....68c Club Wheats, per bu.....67c Ruidt Wheat, per bu.....63c (Sacked basis; bulk 6 cents less) Barley, per ton.....\$18.00 Oats, per ton.....\$20.00 Butter, per pound.....40c - 35c Butterfat, net.....32c Eggs, per dozen.....23c

Wheat producers who planted over their 1941 wheat acreage allotments may handle their "hot" wheat under marketing quota regulations in a number of ways besides paying the penalty of 49 cents per bushel, H. F. Koster, chairman of the county AAA committee, points out.

The county AAA committee, with the aid of community committeemen, have charge of the administration of the wheat marketing quotas which were approved by a referendum May 31 in which all producers affected were allowed to vote.

"Marketing quotas are set up to help farmers regulate the amount of wheat which is marketed in years of large surpluses, so they can realize a fair return for their crop. Excess wheat on which penalties are paid tends to counteract the effect of quotas.

It would be much better for farmers with wheat produced on acreage over their 1941 acreage allotment to store the wheat under bond and keep it off the market entirely. Next year they may have a low yield or they may reduce their acreage enough to make possible the marketing of the 1941 "hot" wheat as free wheat.

"Farmers may turn over excess wheat

## on your New Suit for Fall

The International Tailoring Company is again making their semi-annual Special Offer in made-to-order suits.

They are offering both the Spring and Fall lines of 1940 at the 1940 prices less an additional reduction of 5 per cent. This Special Offer, based on the increased prices for the new 1941 Fall line makes an exceptional offer, and is equally as good as their offer of past seasons, of extra trousers free.

Come in now and look these Specials over..... there are only a few suits to be had from each swatch and when these are out, no more can be had. The price trend is for further advance and we are convinced that a suit purchased now at the 1940 prices, less an extra 5 per cent is an exceptional buy at this time.

## THE GENEESE NEWS

Genesee, Idaho  
Entered at the Postoffice at Genesee, Idaho as Second-Class Mail Matter.  
E. D. Pederson, Publisher  
REMEMBER THE USO

Walter Emerson, local chairman of the United Service Organizations campaign to raise funds to staff and operate the numerous recreation centers at U. S. army camps throughout the country, reported Wednesday that contributions were slowly trickling in and that he hoped people of the Genesee community would voluntarily make contributions and save the committee the trouble of canvassing the territory.

The quota assigned Genesee is approximately \$100 for the year, and based on this figure this community is being asked to supply about \$4.00 for every man from the Genesee territory now in the service.  
Crowded into communities where army training centers are located the money would be expended for supervised and sensible recreation for the many boys taken from their homes. Evidently there is plenty of entertainment of the proper kind, and under the program outlined, the soldier in training would realize that the community from which he came is voluntarily backing him up.  
Receipts for donations issued by the USO permit payment of part of one's donation at time of making a pledge and in two installments thereafter. Mr. Emerson will gladly explain the plan and will appreciate those desiring to donate to call at his place of business as soon as possible.  
Contributions to the USO are deductible for income tax purposes in the manner and to the extent provided by law.

Surprise Birthday Party  
Mrs. Hugo Gherke was pleasantly surprised on the date of her birthday, July 14 when the following guests served a pick-up lunch and a very nice birthday cake, and also presented the honoree with gifts. Those present were Mrs. Marie Michelen, Mrs. Ed Jutte, Mrs. Ben Caldwell of Se-dro, Mrs. Katherine Steltz, Mrs. Wm. McEaton and son, Miss Pauline Steltz, Mrs. Belle Hanson, Mrs. George Scharnhorst, Mrs. John G. Meyer, Mrs. John Flomer, Mrs. Walter Gehrke and son, Mrs. Norman Flamoe, Mrs. G. D. Rosenau and Mr. and Mrs. Robert Rieke.

Good Weather for Road Oiling  
Several strips of the North and South highway between the Kasper ranch and Thorncreek have been under repairs during the past six weeks and all oil mats taken up and re-oiled have been re-laid under ideal weather conditions, perhaps the warmest weather witnessed during road oiling operations in this area.  
There are many more sections of the highway in need of repair in this area, and the state may continue to re-lay the oiled-rock mats.

## RURAL CARRIERS SELL STAMPS

Thirty-two thousand rural mail carriers are now acting as agents in the sale of Defense Savings stamps, postal officials have informed the Treasury Department. Demand for the stamps in sparsely settled districts caused the postoffice department to authorize the carriers to act as salesman.  
The stamps range in value from ten cents to five dollars. Purchasers are given albums in which they can be mounted. When filled, the albums may be exchanged for Defense Savings Bonds.

Postoffice officials recalled that rural mail carriers acted in similar capacities in 1917 and 1918 selling War Savings Stamps.

### DONKEY BALL GAME

You'll be able to tell the donkeys from the players Friday evening at the ball park when a BZ donkey softball game is to be played. Those who have studied the methods of distinguishing the players, say the donkeys have the longest ears, and they don't talk as much as some ball players. As far as knowing the game players and donkeys are about on a par, so a lot of fun is in store for those who witness the donkey ball game here Friday evening, starting at 8:15 o'clock.  
The event is sponsored by the Genesee Amateur Athletic club, and some of the players will be selected from its membership. Roy Pearson, secretary, and Glenn Sampson, president, are booked for the lineup, but it is reported that many substitutes will be needed for the game.  
The donkey ball game management carries lighting equipment and it is said the grounds will be highly illuminated. Ten donkeys are carried by the club.

Mrs. Bee Harrison of the Ryburn Memorial hospital, Ottawa, Ill., is expected in Genesee today (Friday) to visit her sister, Mrs. E. D. Pederson, and family.

### No-Hot Dinner

Several friends gathered at the home of Mr. and Mrs. Felix Mulaley Sunday for a no-hot dinner to honor their 25th wedding anniversary which occurred during the month of July. Present for the dinner were Mr. and Mrs. Carl Osmundson and daughter, Carol, Mr. and Mrs. Chas. Ingle, Mr. and Mrs. Jim Cameron and Naomi, Mrs. Ralph Broemeling and son, Lyle. They presented Mr. and Mrs. Mulaley with a set of dishes. Afternoon callers were Mr. and Mrs. Dan Burr, Bill Burr and son, Denny, Mr. and Mrs.

### CONCRETE BUGGY CRASHES

Good fortune had the better of it over misfortune at the new elevator site Tuesday evening when a concrete buggy containing about a sixth of a yard of concrete dropped nearly 60 feet. It was good fortune that none of the workmen happened to be under or near the buggy when it landed and dove through the platform between the new structure and the present concrete grain tanks.  
Cause of the accident is said to have been failure of one to place the hoist hook securely in place, although it carried the buggy almost the entire distance before it loosened.  
The buggy was damaged under the load of concrete, yet the pneumatic tires with which the conveyance is equipped withstood the impact without blowing out.  
Howard Bradshaw, supervisor of construction for the Louis Delvick company lost no time in taking additional safety measures, and for further protection had men handling the concrete buggies on the ground level wearing steel helmets, not that such equipment would be a falling buggy, but occasionally there is a rock or other substance which falls from the uppermost working platform.

### LEWISTON LEGION JUNIORS MEET BURLEY AUGUST 3, 4, 5

Lewiston's American Legion Junior baseball club will provide fans with an unusual menu of the national sport during the month of August, according to word received here from the Lewiston ex-service men's organization. In negotiations with the Burley American Legion Post, whose team won the southeast Idaho championship, Burley agreed to come to Lewiston to play for the state championship, on August 3, 4 and 5.  
In addition to the unexpected state championship, Lewiston will be host to the regional play-off between winning clubs of the four northwest states, Idaho, Oregon, Montana and Washington. These games will be at Bengal Field in Lewiston, August 14, 15, 16, and 17.  
With the interest manifested by local baseball fans, a block of season tickets has been sent to the Genesee bank, and are on sale by Frank Denow. These tickets sell for \$2.00, and will admit one person to six games, or six persons to one game.  
Burley, as most Genesee baseball fans know, is always a strong contender for the state American Legion title. That community gives its wholehearted support to Junior baseball, and this year, its club won two straight games from Pocatello, the strong southeast Idaho team. Lewiston won two straight from Nampa last week end, and the strong north Idaho aggregation is anxious to place in the regional play-off. To do that Burley is the club to defeat. It is reasonable to believe that the Lewiston-Burley games next Sunday, Monday and Tuesday evenings will measure up to recent state finals, and that is something worth anyone's time and money.  
When Genesee was going strong in Legion baseball, Burley came here to play for the state title, and won in close games. Since that time Burley has become stronger, and Lewiston has dominated the baseball picture from the north. Both clubs draw boys from the adjacent towns and stage an all-out campaign each season to grab the state title which permits them to enter the four-state play-off, and later the inter-sectional tournament. Lewiston last year won the regional tournament in Montana, and from there went to the middle west.  
Miles City, Mont., entertained the regional play-off last year, and this year is the first time Idaho has been privileged to see regional Legion baseball. Yakima has won the Washington championship, and from a team in Spokane that gave Lewiston much trouble this summer.  
Games in the state finals are Sunday, Monday and Tuesday evenings at 8:10 at Bengal Field, and should provide that welcome amusement during a busy season. Tickets for the three games are sold singly and may be purchased at the Bengal Field box office. Season tickets for the regional play-off games are on sale by Mr. Denow at the bank.

### CONCRETE BUGGY CRASHES

Howard Bradshaw, supervisor of construction at the new Union elevator said the structure had reached a height of 78 feet Thursday noon, which signifies that building operations are moving along on schedule. The first concrete was poured into the wall forms Tuesday noon, July 22, and it is expected that the walls will reach the 100-foot level late Saturday night or Sunday.  
When the walls are completed there will be a layer of concrete to be prepared for the concrete roof, after which the headhouse will be constructed. The headhouse, which is to be 26 feet high, will be of wooden construction, and metal sheathed. It will be built over the two center bins on the north side and over the two center bins in the middle tier of six bins. The retaining wall for the drive way is in place, and work started Thursday to prepare the driveway and dumping platform.  
With construction progressing on schedule, it is planned that the new 230,000-bushel unit will be ready to receive grain or peas by August 15. Some delay will be necessary to remove the inside forms, and it may be that the contractors will have employees work from wheat in some of the bins to remove the inside wooden form structures. If some bins are not filled, men will be let down on a staging from the top and remove the boards and timbers through the roof opening.  
Concrete aggregates, cement and steel have been moving in for use in an orderly manner, and there has been no delay caused by non-delivery of steel. Contractors feel fortunate in being able to obtain steel during the rush national defense program, but the department of agriculture has been assisting in expediting shipments. The department has asked all grain storage facilities to cooperate in a plan to relieve railway freight congestion at terminals, and to permit the government a fuller use of rail transportation. About 80 tons of reinforcing steel is going into the elevator here, besides the steel needed for grain handling equipment.  
Workmen in the unskilled construction lines at the elevator were granted a ten-cent-per-hour increase, effective last Friday, which makes the rate of pay 60 cents per hour.

### WHEAT MARKET SUMMARY FOR WEEK ENDING JULY 26

Wheat futures prices advanced in the Pacific Northwest toward the close of the past week along with higher values in other domestic markets, according to the U. S. Department of Agriculture. Despite these price advances demand at Northwest terminal markets was very slow from all classes of buyers while offerings from growers were seasonally large. The slow inquiry from mills and exporters resulted in a quiet week in cash wheat trading at Northwest terminal markets.  
The wheat storage situation in the Northwest was rather acute at both terminals and country points. Some local damage to winter wheat by hail and high winds was reported, while recent hot weather caused some damage to spring wheat. Harvesting of winter wheat made good progress and yields are generally good.  
Wheat Quota for 1942  
On July 25 the secretary of agriculture proclaimed a wheat quota for the 1942 crop. The proclamation was made at this time, the secretary said, to give growers the opportunity to make plans for 1942 plantings before seedling time. The referendum on the marketing quota will be set in the spring as soon as the acreage and yield per acre can be determined. A total supply for the 1942-43 season of 1,300 million bushels was used as the quota determination. This is based on an estimated carry-over of 640 million bushels and a 1942 crop estimated at 660 million bushels on the basis of a normal yield on a 55-million nation acreage allotment.

### Crop in Dakotas Early

Weather conditions continued favorable in the spring wheat belt and the outlook is satisfactory. Due to unusually high temperatures grain has ripened fast and in North Dakota much of the spring crop will be harvested more than 10 days ahead of the normal season. Loss from stem rust in the Dakotas this year will be about 10 per cent, as damage as occurred only in local areas on susceptible varieties.  
In much of the western part of the spring wheat area in western North Dakota and Montana wheat is ripening rapidly and present indications are that stem rust will not be an important factor.  
Damage Reported in Canada  
Hot, dry weather and winds over most of the spring wheat area of Canada has caused serious deterioration in spring wheat prospects in Saskatchewan and Alberta while showers and good sub-soil moisture reserves in Manitoba has minimized the effect of high temperatures and only slight deterioration occurred. Grasshopper damage is becoming more prevalent in southern Saskatchewan.  
Foreign Wheat Condition  
Wheat seedling in Argentina is well advanced. Conditions have been favorable to planting and a substantial acreage is anticipated. Slight drought conditions prevail in north and west areas but ample supplies of sub-soil moisture is good and the appearance of young plants satisfactory. Fair rains in Australia last week relieved dryness but little rain in New South Wales and Victoria still need rain.  
In Russia harvests in early areas made rapid progress and 10 million acres of wheat were reported cut up to last week end, compared with six million last year. Quality is reported very good.  
In the Balkan countries, rain is delaying harvesting. Production in Italy and Spain is reported below normal needs. Scandinavian prospects were somewhat improved but still below normal.

### HELP PREVENT FIRES

The Bureau of Highways, in cooperation with the grazing service, has stenciled on most southern Idaho oiled roads a sign, "Prevent Range Fires." These signs are placed so as to be a constant reminder to travelers against tossing matches and cigarettes out into dry grass and as a reminder to campers along highways.  
While a range fire may not appear destructive to many travelers, these fires do hundreds of thousands of dollars damage each year and if they continue at the present rate destroying the needed covering and brush, it is apparent that they will be long until Idaho will be another dry bowl. Many dry farms are damaged each year and people living in isolated areas are living in constant fear of range and forest fires.  
Cooperation of the traveling public is earnestly requested in the prevention of range and forest fires. While these signs pertain particularly to range fires, this warning should also be heeded in forest areas, and also in the grain growing sections of Idaho.  
Notice of Missionary Meeting  
The Missionary Society of the Community church will be entertained by Mrs. Hattie Wilson Tuesday afternoon, August 5, at her home, with Mrs. John Rouch as assistant hostess.

### FOR DEFENSE BUY UNITED STATES SAVINGS BONDS AND STAMPS

AMERICA ON GUARD!  
Above is a reproduction of the Treasury Department's Defense Savings Poster, showing an exact duplication of the original "Minute Man" statue by famous sculptor Daniel Chester French. Defense Bonds and Stamps, on sale at your bank or post office, are a vital part of America's defense preparations.

### EMBARGO ON GRAIN

In an almost unprecedented action effective July 25, following similar action already taken at other important midwestern terminals, the Association of American Railroads placed an embargo on all grain, including flaxseed or soybeans for movement to Minneapolis, St. Paul, Duluth, Superior or Itasca, unless the shipper or consignee files an affidavit that the grain has been sold or it intended to be sold and is not for storage. If authorized by the Commodity Credit Corporation the embargo does not apply to grain shipped to or by the CCC nor does it apply to shipments for the account of others provided the loading railroad is furnished satisfactory evidence that storage space is available and such shipment will be accepted and promptly unloaded on arrival.

### DEFENSE BOND QUIZ

Q. What is the reason for buying a Defense Bond?  
A. To keep America free. To show your faith and pride in your country. To warn foreign dictators that the United States is the strongest country in the world.  
Q. But if I do not have enough money to buy a Defense Bond, what can I do?  
A. Buy Defense Postal Stamps, on sale almost everywhere. Your post office, bank, department store or druggist has them, or can get them for you, at 10 cents upward. Save enough stamps to exchange for a Defense Bond.  
Note—To purchase Defense Bonds and Stamps, go to the nearest post office or bank for information to the Treasurer of the United States, Washington, D. C.

## ALUMINUM DRIVE STILL ON

Genesee was given credit for 90 pounds of aluminum when a CCC picked up the collection here Wednesday. Walter Emerson, who turned the precious metal over to the CCC young men and the weight of the collection given him was in error. When the truck was here to pick up the metal the driver and his assistant said they had 750 pounds of the metal already loaded, and when the Genesee collection was dumped into the truck the volume doubled. It is reasonable to believe Mr. Emerson said, that the collection here for three days totaled around 700 pounds.  
One set of large tractor pistons must have weighed at least 20 pounds and a crankcase looked rather heavy as they were placed in the large barrels. The cast aluminum roasters and kettles from that looked almost good enough to take home and place in service, were not minus weight, and so Mr. Emerson's estimate may be more near correct than that of the CCC boys.  
Supt. K. F. Dean, who was named local chairman of the drive, placed a barrel four feet across and four deep at the corner by the Cash Hardware last Saturday, and it overflowed with a short time into two other barrels of nearly the same size.  
The campaign to collect old aluminum will continue indefinitely. Any one desiring to contribute may make use of the barrels or call Supt. Dean and he will have someone call for it.

### RAIN DELAYS HARVESTING MANY COMBINES RUNNING

Combine operators were given a holiday Thursday, when rain during the early morning hours was sufficient to delay harvesting for the day at least. Clouds hung low during the morning hours with a few drops of rain falling occasionally, but at noon the sun was shining at Genesee.  
About 18 trucks were delivering grain to the east end unit of the Genesee Union warehouse Wednesday afternoon and about ten were coming in at the west end, but delivery business dropped off to nothing Thursday morning.  
Harvesting became more general this week, with many machines operating up to Thursday, and every district of the Genesee territory had combines working Wednesday. The barley crop is nearing completion to the south of Genesee and wheat has been rolling in from that direction in greater volume this week. There is no wheat as yet delivered from north of Genesee, but there is some sent in from the east. To the west barley is being harvested, but no wheat as yet.  
The barley crop is providing extra labor for combine operators this season as most of the crop is down or tangled. Yields are fair to good, with some stain showing in all deliveries, insufficient in some samples, however, to show up as what is known as what potato men call a "normal market"—that is, the total number of potatoes needed for supplying the market.  
Here are figures for Idaho: Acreage, ten-year average, 114,000; for 1940, 124,000, and 1941, 112,000. Estimated yield per acre for the ten-year period in Idaho, 224 bushels; 1940, 265 bushels per acre, and 1941, 250 bushels per acre.  
Officials explained that for the past five years the yield per acre in Idaho has been far above the average, and that recently the whole national average has fallen off. It is unlikely, however, it was said, that the price will approximate the boom days of 15 years ago.

### UNDERGOES OPERATION

Leonard Flamoe, who has been at the Swedish hospital in Seattle for the past eight weeks, underwent an operation Wednesday morning for tuberculosis of the bone. Mrs. Flamoe has been in Seattle for the past four weeks and she was joined by her husband's sister, Mrs. Stanley Snave Sunday when he will remain for some time.  
Mrs. Snave was taken to Seattle Sunday by Mr. and Mrs. Norman Flamoe and son, Duane, and their nephew, Larry Flamoe, all of whom returned to Genesee Tuesday.  
Late reports are that Leonard is ranging and has a favorable chance for recovery.

### ATTEND REIF FUNERAL

Among those attending funeral services Friday afternoon in Pullman for Fred Reif, Sr., father of Mrs. Otto Schwenne, who passed away Tuesday, July 22, were Mr. and Mrs. Fred Shitko, Mrs. James Magee, Mrs. Robert Berger and Mrs. Phil Enders.

### Boise Idaho (Idaho News Bureau)

Your French fries are likely to be either less abundant or more expensive than they were last year, according to the report of the bureau of agricultural economics; for the national crop of potatoes in the surplus late from the east is 21 million bushels less than it was last year.  
In Idaho we may expect, according to the report, 4,860,000 bushels less than we had in 1940.  
Experts, however, warned that this does not necessarily mean a runaway potato market, since the total available will be about the same as what potato men call a "normal market"—that is, the total number of potatoes needed for supplying the market.  
Here are figures for Idaho: Acreage, ten-year average, 114,000; for 1940, 124,000, and 1941, 112,000. Estimated yield per acre for the ten-year period in Idaho, 224 bushels; 1940, 265 bushels per acre, and 1941, 250 bushels per acre.  
Officials explained that for the past five years the yield per acre in Idaho has been far above the average, and that recently the whole national average has fallen off. It is unlikely, however, it was said, that the price will approximate the boom days of 15 years ago.

## THE GENEESE NEWS

Established 1888 GENEESE, LATAH COUNTY, IDAHO, FRIDAY, AUGUST 1, 1941 Vol. 53 No. 7

### WHEAT MARKET SUMMARY FOR WEEK ENDING JULY 26

Wheat futures prices advanced in the Pacific Northwest toward the close of the past week along with higher values in other domestic markets, according to the U. S. Department of Agriculture. Despite these price advances demand at Northwest terminal markets was very slow from all classes of buyers while offerings from growers were seasonally large. The slow inquiry from mills and exporters resulted in a quiet week in cash wheat trading at Northwest terminal markets.  
The wheat storage situation in the Northwest was rather acute at both terminals and country points. Some local damage to winter wheat by hail and high winds was reported, while recent hot weather caused some damage to spring wheat. Harvesting of winter wheat made good progress and yields are generally good.  
Wheat Quota for 1942  
On July 25 the secretary of agriculture proclaimed a wheat quota for the 1942 crop. The proclamation was made at this time, the secretary said, to give growers the opportunity to make plans for 1942 plantings before seedling time. The referendum on the marketing quota will be set in the spring as soon as the acreage and yield per acre can be determined. A total supply for the 1942-43 season of 1,300 million bushels was used as the quota determination. This is based on an estimated carry-over of 640 million bushels and a 1942 crop estimated at 660 million bushels on the basis of a normal yield on a 55-million nation acreage allotment.

### Crop in Dakotas Early

Weather conditions continued favorable in the spring wheat belt and the outlook is satisfactory. Due to unusually high temperatures grain has ripened fast and in North Dakota much of the spring crop will be harvested more than 10 days ahead of the normal season. Loss from stem rust in the Dakotas this year will be about 10 per cent, as damage as occurred only in local areas on susceptible varieties.  
In much of the western part of the spring wheat area in western North Dakota and Montana wheat is ripening rapidly and present indications are that stem rust will not be an important factor.  
Damage Reported in Canada  
Hot, dry weather and winds over most of the spring wheat area of Canada has caused serious deterioration in spring wheat prospects in Saskatchewan and Alberta while showers and good sub-soil moisture reserves in Manitoba has minimized the effect of high temperatures and only slight deterioration occurred. Grasshopper damage is becoming more prevalent in southern Saskatchewan.  
Foreign Wheat Condition  
Wheat seedling in Argentina is well advanced. Conditions have been favorable to planting and a substantial acreage is anticipated. Slight drought conditions prevail in north and west areas but ample supplies of sub-soil moisture is good and the appearance of young plants satisfactory. Fair rains in Australia last week relieved dryness but little rain in New South Wales and Victoria still need rain.  
In Russia harvests in early areas made rapid progress and 10 million acres of wheat were reported cut up to last week end, compared with six million last year. Quality is reported very good.  
In the Balkan countries, rain is delaying harvesting. Production in Italy and Spain is reported below normal needs. Scandinavian prospects were somewhat improved but still below normal.

### HELP PREVENT FIRES

The Bureau of Highways, in cooperation with the grazing service, has stenciled on most southern Idaho oiled roads a sign, "Prevent Range Fires." These signs are placed so as to be a constant reminder to travelers against tossing matches and cigarettes out into dry grass and as a reminder to campers along highways.  
While a range fire may not appear destructive to many travelers, these fires do hundreds of thousands of dollars damage each year and if they continue at the present rate destroying the needed covering and brush, it is apparent that they will be long until Idaho will be another dry bowl. Many dry farms are damaged each year and people living in isolated areas are living in constant fear of range and forest fires.  
Cooperation of the traveling public is earnestly requested in the prevention of range and forest fires. While these signs pertain particularly to range fires, this warning should also be heeded in forest areas, and also in the grain growing sections of Idaho.  
Notice of Missionary Meeting

### GENESEE VALLEY NEWS

Several combines are running on fall barley and a few more days will see harvest in full swing. Farmers have been quick to advise of the showers to put the finishing touches to weeds on summer-fallow land.

Mr. and Mrs. Wm. Mecke surprised the family by driving over from Hardin, Mont., Sunday for a week's visit at John Hove's.

Joyce and Shirley Danielson spent Tuesday night with Beverly Anderson.

Mr. John Eikum entertained for dinner Sunday in honor of Gene's 14th birthday. Guests were: Mrs. Gladys Anderson and Beverly and Wally England, and in the afternoon Mrs. Annie Danielson called.

Mrs. George Davidson of Kendrick spent Friday afternoon at the Sam Lange home.

Mrs. Oscar Danielson and children, Shirley and Danny, and Bernice Davidson drove to Troy Sunday afternoon and visited at the Davidson home.

Miss Inger Hove returned home Monday from a two-weeks visit on the coast.

Guests of Mr. and Mrs. R. E. Nordy for dinner Friday evening were Mr. and Mrs. Richard Burr of Amarillo, Texas; Mrs. Herbert Crowe of Spokane; Mr. and Mrs. B. P. Luvasa of Moscow and Mrs. Lilly Larson, Miss Myrtle Larson and Elmo Larson.

Mr. and Mrs. Wm. Mecke and Mr. and Mrs. Wm. Hove and Darlene drove to Stites, Idaho Tuesday to spend the day with Mr. and Mrs. Wm. Giber.

Miss Marilyn Erbeck of Oakland, Calif., is visiting her aunt, Mrs. Wm. Jenkins.

Mr. and Mrs. Nels Lande visited Erling Lande in Spokane Monday.

Mr. and Mrs. Fred Hove and DeJores spent Sunday afternoon at the John Hove home.

Mr. and Mrs. Art Hove called at John Hove's Thursday.

Mr. and Mrs. R. E. Nordby and family attended a family reunion at the B. P. Luvasa home in Moscow Sunday in honor of the visit of Mr. and Mrs. Richard Burr of Amarillo, Texas.

Mr. and Mrs. Ed Morken visited at Samson home in Lapwai Sunday.

Guests of Mr. and Mrs. Hugo Gehrke for Sunday dinner were Mr. and Mrs. Robert Rieke, Mr. and Mrs. Chris Deesten, Betty, Henry and Maureen and Mr. and Mrs. Martin Deesten of Moscow.

Mrs. Wm. Borgen attended a party at the Hanson home in Genesee Friday.

Miss Helen Hoesel spent last week with Mrs. Annie Danielson.

Mr. and Mrs. Pete Isaksen, Arlys, Irene and Lorene Isaksen and Mr. and Mrs. Oliver Woodley and family were callers at the Herman Isaksen home Sunday evening.

### LOCAL NEWS

Donald Huffman left Wednesday afternoon for Ft. Lewis, Wash., following a ten-day furlough. He visited here with his brothers, Ronald and Robert, and with his grandparents, Mr. and Mrs. S. U. Lough.

Mr. and Mrs. Frank Hoorman and daughter, Marie, accompanied by Shirley Raymond, spent Sunday at Asotin for a picnic dinner at the park and later went to the Clarkston beach. Wm. Post of Harrison, Idaho, is visiting in Genesee with his sons, Virgil Post and George Post and family.

Dr. and Mrs. N. M. Leavitt and son, Kay, visited over the week end with Mrs. Leavitt's parents, Mr. and Mrs. F. E. Casebolt, at Yakima, and with her sister, Mrs. Paul Sprague, and husband of Norton, Mass., guests in the Casebolt home. Enroute home, Kay Leavitt stopped in Colfax to visit an uncle, Victor Casebolt, and family until Tuesday.

Parke Enders returned home Saturday evening from Post Falls where he spent several weeks with relatives. He was returned home by his grandparents, Mr. and Mrs. H. Enders, who spent the week end with Mr. and Mrs. Phil Enders.

Mrs. Bee Harrison of Ottawa, Ill., who visited a few days with her sister, Mrs. E. D. Pederson, and family, left Monday. She was taken as far as Spokane by Mr. and Mrs. Nels Lande and Mr. and Mrs. E. D. Pederson. Mrs. Harrison is superintendent of surgery and assistant superintendent of nurses at the Ryburn Memorial Hospital at Ottawa.

Mrs. H. B. Jones who underwent a major operation at the Sacred Heart hospital, Spokane, and was a patient there for sixteen days, is now at the home of friends in Spokane.

Several members of the Community Church Ladies Aid met at the church parlors Wednesday afternoon for quilting.

Mrs. Mary Blume and son, Howard, and Mrs. Roy Evans visited Sunday with Mr. and Mrs. Wm. Rosenau of Winona, Idaho.

Joe Knapps, who was a patient at St. Joseph's hospital, Lewiston, for almost four weeks, was returned to his home here Friday of last week, much improved in health.

Mrs. Maude Miller left Sunday for her home in San Francisco following a two weeks' visit here with her brother, Grant Clark, and wife. Mr. and Mrs. Clark accompanied Mrs. Miller as far as Pullman.

Mr. and Mrs. Robert Rieke left Tuesday for Cashmere, Wash., for a three weeks' visit with the former's parents and other relatives. During Mr. Rieke's absence, there will be no church services at St. John's Lutheran church, the first three Sundays in August. Services will be resumed on August 24.

Mr. and Mrs. James Swenson and son, Harold, visited Monday with the former's mother, Mrs. Hannah Swenson, and on Tuesday left for Oakland, Calif., where they will reside. Mr. Swenson has been transferred from the Montgomery Ward store to handle merchandise clearing in the store at Oakland. Mrs. Swenson accompanied her son and family to Lewiston Monday evening and returned home Wednesday.

Mr. and Mrs. Claude Murray of Missoula, Mont., who visited ten days with the latter's mother, Mrs. Marie Michelson, sister, Mrs. Robert Gray, and other relatives, left Sunday for their home.

Mr. and Mrs. E. Flomer and family of Lapwai were accompanied by Mr. and Mrs. Wm. Hickman Sunday for a visit with Mr. and Mrs. Dave Hickman and family at Palouse. The Flomers were accompanied as far as Moscow by Mrs. Tom Platts and daughter who spent the day with relatives.

Mr. and Mrs. W. M. Herman left Sunday for Heritage Camp on Lake Pend O'Reille for a week's vacation. Sunday guests of Mr. and Mrs. Forrest Durbin were Mr. and Mrs. W. M. Durbin and Miss Edna Durbin of Troy.

Bob and Dick Scharnhorst and Lloyd Husfurther who are employed at Davenport, Wash., spent the week end with home folks.

Pat Graham who has been visiting in the home of Mr. and Mrs. Ray Trautman left Saturday for his home at Kelo, Wash.

Mr. and Mrs. D. W. Aherin motored to Colfax Wednesday after their son, Don Aherin, who was at the hospital for several days receiving medical care.

Mr. and Mrs. Rudolph Kluss and sons, Ralph and Harold, Mrs. Henry Manderfeld and son, Ormond, motored to Coulee Dam Sunday a week ago to spend the day.

Mr. and Mrs. J. H. Botzler and Mr. and Mrs. Willie Botzler and son, of Spokane, visited Wednesday with Miss Maggie Botzler.

Mrs. Ernest Reiserer left last week for Jerome, Idaho, where she will spend a month with her daughter, Miss Gretchen Reiserer.

Mr. and Mrs. Fred Morscheck and children, Fred and Carol Jean, spent a few days the first of the week in Spokane.

Miss Rita Loncosty, student nurse at St. Joseph's hospital, is spending her vacation with her parents, Mr. and Mrs. F. W. Loncosty.

Miss Dorothy Follett left Sunday to spend a week in Twin Falls and Hazelton, Idaho, with friends.

Mr. and Mrs. Robert Cray of Lewiston visited last week with Mr. and Mrs. Fred Morscheck.

Mr. and Mrs. Mahlon Follett and son, George, motored to Spokane Sunday to join relatives in a family reunion. Mr. and Mrs. George Follett who spent a week in Spokane returned home with them.

Mrs. Murray Honor Guest  
Mrs. Claude Murray of Missoula, Mont., visiting here with her mother, Mrs. Marie Michelson and sister, Mrs. Bob Gray, and husband, was honor guest at an afternoon party given at the home of Mrs. Belle Hanson last Friday. Hostesses with Mrs. Hanson were Mrs. Stanley Sheve, Mrs. Leon Danielson and Mrs. Walter Gehrke. Others present were Misses Wm. Borgen, Hannah Swenson, Norman Flammoe, Joe Doyle, Robert Gray, Marie Michelson, Jack Gehrke, Harry Hanson, Lloyd Esser, Nels Lande, Oscar Danielson, John Flomer, Gladys Anderson, Robert Rieke, Annie Danielson, Hugo Gehrke, W. W. Burr and Esther Martinson. A lovely gift was given Mrs. Murray by all present and the hostesses served a delicious luncheon.

Lots of Difference  
"The difference between the cow and the milkman," said the would-be witty customer, "is that the cow gives pure milk."  
"There is another difference," retorted the milkman. "The cow doesn't give credit."

### MORE KILLED IN U. S. BY CARS THAN BY WAR IN ENGLAND

London, July 16—Britain's civilians were said casualties from January 1, 1940 to June 30, 1941 totaled 41,900 killed and 52,678 hospitalized, W. Mahane, parliamentary secretary to the ministry of home security, announced in the Commons.

During the same eighteen months while the people were killed by warfare in Britain, 51,700 persons were killed and more than a million and a half others were injured in peacetime traffic accidents in the United States. The economic loss due to the accidents was estimated at five billion dollars according to reports received by the safety bureau in the office of J. L. Baderston, commissioner of department of law enforcement. This calculable cost of accidents last year and the first half of the current year including property damage, time and wages lost, medical bills of the injured persons, insurance, interference in production and the hampering of national defense would pay 60 per cent of the money appropriated by congress on the Lend-Lease bill or it would be an amount sufficient to build 40,000 planes, thousands of tanks and anti-aircraft guns or a two-ocean navy for the United States.

Defense activities, both directly and indirectly, through making possible increased use of pleasure cars, are a source of a large share of the traffic deaths, which was about 20 per cent more for the first six months of this year over the same period in 1940. The increased traffic occasioned by the extensive national defense program together with the big increase in the closing of channels of travel abroad as a result of the war, have been some of the factors for the mounting traffic fatalities in America.

Gigantic sums are being expended in the bloody conflict which now embroils the world with its enormous loss of life while the peace-time slaughtering of innocent people upon United States highways continues.

ARMY REGISTRANTS URGED TO CORRECT DEFECTS NOW  
"Selective Service registrants who desire to render a patriotic service to their country and improve their own health, would do well to consult their doctors to determine whether they conform to physical standards, and to have any remediable defects corrected before the examination by local board physicians," stated a report, Adj. Gen. M. G. McConnell, asserts.

Enumerating some of the major physical requirements, Director McConnell listed the following:

- Teeth requirements: Six biting and 6 chewing teeth, three pairs of each that are opposite to each other when chewing. Fillings, crowns, dentures and fixed and removable bridges may make teeth acceptable.
- Height and weight requirements: Examining physicians will use discretion and judgment in accepting registrants with slight variation in ratio of height and weight, but no registrant may be accepted whose weight is less than 105 pounds, or whose height is less than 60 inches or greater than 78 inches.
- Eye requirements: The vision should be moderately good in both eyes or capable of being rendered so by glasses. Test cards are read at 20 feet. Mild degrees of inflammation, squint, color blindness, and small operations scars do not necessarily disqualify.
- Ear requirements: Hearing in hot cars should be good, capable of detecting low conversational voice sounds at 20 feet in a quiet room. Hearing is considered acceptable if such sounds can be heard at 10 feet.
- Genito-urinary organs and venereal disease: Requirements: The kidneys, bladder and genital organs must be free of serious disease and the urine free of albumen and sugar. Acute gonorrhea and early syphilis are so readily cured that they will not constitute a basis for rejection.
- By having a physician and a dentist check these requirements, registrants who are especially anxious to learn whether they will be accepted for service to their country will be able to determine their fitness in sufficient time to make whatever corrections are necessary," declared General McConnell.

USO FUNDS COME IN SLOW

The campaign to raise a trifle over \$100 in the Geneese community for United Service Organizations has not bogged down, but money is slow in reaching the hands of the local chairman, Walter Emerson. Two sizeable checks were received this week, which brought up the total, but did not cause the treasury to bulge, as many have not as yet donated. These two contributions of \$5.00 and \$4.00 respectively, are the largest individual donations received to date. People are very busy at this time of the year, and undoubtedly people have forgotten the USO temporarily, or until harvest is over. When harvest is over the quota assigned Geneese is expected to roll in without hesitation. The local chairman, must write receipts for each donation, and he would appreciate an orderly procedure, but he is not drawing any lines and will take the money whenever offered. The slogan is USO for USA, and whatever you give will be appreciated by the men who are giving their time in service of the armed forces.

**FIRST IRRIGATION WATER FROM COULEE DAM IN 1944**

Determination of the three blocks of lands which most appropriately could be irrigated first in the area encompassed by the Columbia Basin project was reported by Commissioner John C. Page, Bureau of Reclamation, to Secretary of the Interior Harold L. Ickes.

A release from the department of interior adds: "The three blocks, one in each of the irrigation districts which have been organized to cover project lands, will be developed substantially concurrently, subject, of course, to appropriations by the congress adequate to fulfill the plan. The three blocks would be irrigated before a second block is started in any of the three districts, according to the plan.

"The combined area of these initial developments is 60,600 acres. Eventually it is contemplated to irrigate and develop in connection with the Grand Coulee Dam-Columbia Basin project 1,200,000 acres of land now dry and virtually unused. A quarter of a century will be required to complete this development, but in the end, about 350,000 persons are expected to be added to the population of the area as a result of irrigation of the land.

Selection of these first blocks grows out of the Columbia Basin Joint Investigations, sponsored by the Bureau of Reclamation, and participated in by more than 40 agencies which are interested in the area and in the problems connected with its development.

The project lands lie between Pasco and Ephrata, Wash., in the big bend of the Columbia River. The three districts are the Quincy-Columbia Basin Irrigation District on the west, the East Columbia Basin Irrigation District, and the South Columbia Basin Irrigation District.

The area is so large, being as big as Delaware, that it has been determined to be desirable to begin the development in several points in various parts of the project to avoid un-economic development of village, school, highway and railroad patterns. For example, if all the early development should be made at the extreme of either project, it is probable that urban and other development would occur there to the great disadvantage for all time of the settlers on the later blocks at the far extremities of the project area, who might be forced to drive 60 miles for a Saturday night haircut.

The initial blocks, as selected, are 27,000 acres in the Quincy-Columbia District, which will be served by the West Main Canal; 27,000 acres in the East District, which will be served by the East Main Canal, and 15,600 acres in the South District which will be served through the Pasco pumping canal.

Commissioner Page called attention to the requirements of the law which will not permit the expenditure of any funds for irrigation development on the Columbia Basin project until repayment contracts have been executed with the irrigation districts. Negotiations affecting these contracts are under way and early action will permit construction to begin.

"Progress on the negotiations indicates that the way is clear for work on the construction of the pumping plant, and the dams and equalizing reservoir in the Grand Coulee during the fiscal year, 1942," Mr. Page said. "Authority has been granted to use \$2,000,000 of the appropriation made for Grand Coulee Dam in the Interior Department Appropriation Act to initiate this construction if obstacles are removed.

"It is our hope that the way will be cleared so that construction can be advanced to bring water to the first blocks of the Columbia Basin lands in 1944 or not later than 1945."

Barbara Putnam Recovering

Barbara Putnam is expected home within a few days, her father, Archie Putnam, said Thursday morning. She has been running a slight temperature in recent days, and the attending eye specialist, who has been out of town for a few days will desire to conduct an examination before she leaves St. Joseph's hospital.

Hospital supervisors have found it necessary to admit but few visitors because many people unknown to Barbara, have called, mostly out of curiosity. Barbara inquires about all her friends, and is more than anxious to return home. She was placed in a cast last week.

Billy Herman with Boeing

T. H. Herman who returned Monday from Seattle where he spent three weeks says that his son, Billy, is employed by the Boeing Aircraft Works as an upholsterer. "One would believe," Mr. Herman said, "that little upholstery was required in a fighting or bombing plane, but the fact is the large combat planes are well padded to protect the men who handle the ships and guns." One large furniture factory in Seattle has a contract for some of the aircraft upholstery.

While in Seattle Mr. Herman visited with Leonard Flammie, and said he was looking strong and in good health and was preparing for an operation, feeling that he would recover.

Chicks Hatch Without Hen

Boise (Idaho News Bureau)—Noteworthy in the list of weather stories is that of Lois Cullel, 11-year-old Sandpoint girl who had a bunch of bantam eggs hatching. Mama Barn decided it was too hot to confine herself to a nest, so she went in search of cooler weather. Lois, disappointed, took the eggs out to the trash can. Next morning she found two baby chicks had hatched under the stimulus of balmy Sandpoint weather and a day later three more emerged.

**TWO NEW HOMES GOING UP THIS SUMMER IN GENESEE**

Two new homes are under construction this summer in Geneese. Martin Hasfurther is building on the lots between the Rader home and the Mauch home, and Supt. Kenneth Deah is building on the lots across the street from the northeast corner of the City Park. Both are excellent locations.

The Hasfurther home has started to take form, with the full basement walls and foundation completed, and sills and stringers in place. The home will have outside dimensions of 26 by 30 feet, with a 4.5x8 foot inside porch or entrance on the south. Adjacent to the entry will be a garment closet.

The living room, 14.6x19 feet faces the south, with the full 8-inch floors will be used for the exterior finish, and the roof will be of cedar shingles.

The full basement will have space for a furnace, an extra bedroom 10x15 feet, fruit room, 6x15 feet, fuel room and space for laundry equipment.

The Dean home will face the west or toward the park, with the living room 12.6x19 running east and west on the south side. The living room will have a fireplace on the south wall. The kitchen will be 9x9.6 feet, located in the southeast corner, and two bedrooms and bath will be on the north side of the new home. A hall connects the bedrooms and bath, and it opens on the living room through an arched open doorway.

Floors will be of hardwood except in kitchen and bath where modern linoleum will be used. Interior woodwork will be of mold, fir in natural color and varnished. Windows to be installed are the new Deerpark patented design, weather-stripped and easily removed for cleaning.

Final plans are not as yet complete, but it is expected that 8-inch lap-siding will be used for the exterior finish, and the roof will be of cedar shingles.

The Dean home will have space for a furnace, an extra bedroom 10x15 feet, fruit room, 6x15 feet, fuel room and space for laundry equipment.

**SERVICES FOR MRS. JAIN**

A graveside service for Mrs. Jessie Jain, who died at Spokane, Thursday, July 31, was held at Normal Hill cemetery in Lewiston Saturday at 3:30 o'clock, with the Rev. Dr. H. A. VanWinkle of the Central Christian church, Spokane, officiating. She is survived by her daughter, Mrs. Karl Bumgarner; her sister, Mrs. August Pfeiffer, Kellogg; her brother, William Miller in Iowa and one granddaughter. Five of the pallbearers were nephews of the deceased, Lew and Don Jain, Geneese; Ben Jain, Lapwai; Earl Bennell, Kellogg; and Wm. Starkey, Lewiston.

The deceased was a former resident of the Geneese community and many friends and relatives attended the service from here. Among those present were Mrs. James Magee, Phyllis and Patsy Magee, Mrs. Don Jain, Mr. and Mrs. Fred Hampton, Mrs. Hattie Wilson, Mrs. J. H. Shafer, Mrs. Edgar Johnson, Mrs. Ben Pleiman, Mrs. Geo. Caruban and Mrs. Hannah Swenson.

**MAYERS ON LONG TRIP EAST EXPECT TO BE AWAY 6 WEEKS**

Mr. and Mrs. Al Mayer left Monday evening for Spokane and Tuesday morning boarded a train for Flint, Mich., to take delivery of a new car before continuing on to Lorain, Ohio, where they will visit Mr. Mayer's brother and other relatives.

On August 11 at 6:30 p. m. they will be in Roanoke, Virginia, where Mr. Mayer will attend the first banquet in connection with the opening of the national convention of the Dramatic Order Knights of Khorasan. The convention will last through August 12, 14 and 15, and the Geneese man will be the imperial representative from the Lewiston Temple of the D. O. K. K.

From August 18 to 21, the Geneese couple will be at Columbus, O., where Mr. Mayer will attend the national convention of the Rural Letter Carriers' association, as the delegate from Idaho.

Following the Columbus convention Mr. and Mrs. Mayer will return to Lorain, O., for a visit with relatives and then go to Cleveland where Mr. Mayer has two sisters and other relatives living.

When they start homeward stops will be made at Minneapolis and St. Paul, Minn., where, at the latter place, Mrs. Mayer was born. She was in Mora in 1935 but it has been 16 years since Mr. Mayer visited his old home in Ohio.

The Blackhills of South Dakota are scheduled for a visit, and Mr. and Mrs. Mayer, if weather permits, will turn southward to Denver for a short stay. Returning to Geneese they may take the east-west highway across Colorado or double back into Wyoming and then on to Geneese.

Mr. Mayer, who is retiring as letter carrier on route 2 after about 27 years of service, made his final trip Monday. Post office authorities recently visited Geneese, and for the time being Leo Edwards, substitute for Mr. Mayer, is serving patrons on the mail route. A new carrier has not been named as yet, or rather information as to Mr. Mayer's successor has not been made public. It may be that extensions will be in order for a successor, and it is possible that a consolidation of local routes will be made. Another alternative is that part of route 2 may be combined with route 1 and the other miles given to a carrier from another postoffice. Mr. Mayer's time will be up September 1, and until that time no definite information is expected. The veteran carrier is now on vacation and using up accumulated leave.

Mr. and Mrs. Mayer are expected home the latter part of September.

**Art Linehan in Hospital**

Art Linehan entered Sacred Heart hospital in Spokane last Thursday to receive medical care. Mrs. Linehan visited him Sunday and expected that he would be released the last of this week. Mrs. Linehan was accompanied to Spokane Sunday by Miss Edna Driscoll and Mrs. Hannah Swenson.

W. W. Burr at Veterans Hospital

W. W. Burr left by stage from Lewiston last Thursday for Walla Walla where he entered the Veterans hospital for an operation. D. C. Burr and Miss Maggie Botjner are in charge of his office during his absence.

**HERMAN M. BROEMELING DIES LIVED HERE HALF A CENTURY**

Herman M. Broemeling, who lived in the Geneese community for a half century, passed away Tuesday afternoon, August 5, at the home of his daughter, Mrs. Art Hansman, and husband, with whom he had lived for the past year. He had been in ill health for sometime and during the past year was a patient at St. Joseph's hospital for six weeks. He suffered no pain in his passing and knew members of his family to within ten minutes of death. He attained the age of 85 years, ten months and six days.

The deceased was born at Kosmoska, Wis., September 29, 1855, and was married to Miss Mary Johann at Carroll, Iowa, in 1876. They came west about 56 years ago. They resided for seven years near Uniontown after which the family moved to near Geneese to purchase the land now farmed by J. H. Broemeling. The elder Mr. Broemeling retired from active farm work about 35 years ago when he moved to Geneese.

Children surviving are: Steve and Gerhardt Broemeling of Cadogan, Alberta, Canada; Frank Broemeling of Clarkston; John H. Broemeling, Joe Broemeling, Mrs. John Krier, Mrs. John Kries and Mrs. Art Hansman, all of Geneese. Also surviving are 36 grandchildren, 14 great grandchildren, one sister, Mrs. Kate Johnson, and two brothers, Gerhardt Broemeling of Uniontown and John Broemeling of Geneese.

Funeral services were held Thursday morning at 9 o'clock from St. Mary's Catholic church with the Rev. Fr. Charles Veit officiating. Interment was at the Geneese Catholic cemetery.

Family members were six grandsons: Omer, George of Lewiston; Maurice Krier of Seattle; Herman Krier of Troy; Robert Broemeling, Richard Broemeling and Elmer Krier.

Among those attending services from out-of-town were Mr. and Mrs. Peter Johann of Caledonia, Mr. and Mrs. Gerhardt Broemeling, Mr. and Mrs. Wm. Streibich and daughter, Dorothy, Mrs. Wm. Carl Biegar, Mr. and Mrs. Tony Miller and Pete Broemeling of Uniontown; Mr. and Mrs. Ferd Broemeling of Colton; Mrs. Ferd Bruzegam, Mrs. Chris Broenneke, Mrs. Adolph Grieser and Mr. and Mrs. Joe McLaughlin of Thornecreek, Miss Evelyn Krier, Miss Esmeralda Krier, Mrs. Wm. Finley and son, John, Mr. Pete Snetlter and Miss Rachel Broemeling of Lewiston; D. Schabach, Lois and Glen Broemeling of Clarkston; Mr. and Mrs. Glen Sanders of Sandpoint; Mr. and Mrs. Herman Krier and family of Troy; Miss Mae Ann Kries of Moscow and Mr. and Mrs. Maurice Krier of Seattle.

**BRIGHAM HOME DESTROYED BY FIRE SUNDAY MORNING**

Fire completely destroyed the home of Mrs. J. W. Brigham about 8 miles northeast of Geneese Sunday morning, and with it was consumed many of the personal belongings of the late J. W. Brigham, member of Idaho's legislature when the measure was enacted to create the University of Idaho. Mr. Brigham, a representative from Latah county was influential in establishing Idaho's university, and two years ago was granted an honorary degree from the institution which was observing its fiftieth anniversary.

Mrs. Brigham and daughter were being visited by the former's son, Burnice, and wife from Jerome, and following the fire Mrs. Brigham said she heard unusual sounds upstairs and informed her son, but some time passed before they saw the smoke. Mrs. Burnice Brigham tried to rush upstairs in an attempt to save their personal belongings, but fire had already enveloped all rooms in fire and smoke. Mr. Brigham, in the meantime, was carrying what household furniture and equipment as he could from the burning building. Some people traveling the road saw the smoke issuing from the house and went to the Brigham home nearby and from there an alarm was sent out to neighbors, and from one of the homes came word to Geneese of the fire.

Frank Jones, living east of the Brigham place, had a large hay crew finishing up, and they went in a body to the Brigham home and helped to save much of the furniture. Mr. and Mrs. Burnice Brigham lost all personal belongings except those on their backs and in addition the money which they expected to use on their return trip to Jerome.

The house, built in the early 90's, was of sturdy construction, and the heavy timbers, siding and roof held firm as at its highest, fire spread to a building about 25 feet distant that was filled with wood, and contained much food, such as flour, meat and canned articles. It is reasonable to believe that the small fire extinguisher taken to the fire by the Geneese firemen was most useful when used through the walls of the large shed and volunteer fire fighters were taking much punishment and were losing ground when the Foamite tank was released to smother the fire from inside. Water was carried in pails, in tubs and in cream cans from the small lake about a hundred yards from the fire, but proved to of little use without aid of the fire extinguisher. Had the fire burned the large shed it would have been next to impossible to check the spread of fire to a wheat field. The fire could have swept up the hill to the fairly large stand of pine trees, and from there any number of grain fields would have been threatened. When the fire started a light breeze was blowing from the south, and during the fire it changed to the southeast, and then subsided. After the walls had fallen in and the fire was burning itself out a higher wind came up, but it blew to the north where grain and fields were being threatened. Mrs. Brigham said there was insurance of \$1,000 on the house and \$500 on the contents, and while the fire was dying down she said she would rebuild a smaller house on the place. There is another home on the Brigham ranch, and if Mrs. Brigham decides not to build she may move to the smaller home.

The destroyed home had recently been modernized, but when the fire had gained such a headway, those at the home were unable to start the pressure water pump. Mrs. Brigham was unable to state the cause of the fire, but thought it might be a defective fuse or a short circuit in the electric wiring.

**SCHOOL ELECTION SEPT. 2**

Qualified electors of Independent District No. 2, Geneese, will name two trustees to serve for three years terms at an election to be held Tuesday, September 2, at the school house. The polls will be open from 8 to 6 p. m.

Nominations may be made at regularly called caucuses or names may be eligible for placing on the ballot by the petition method which is most commonly used. It is imperative, however, that names of candidates be filed with the clerk of the board at least six days prior to the day of election, excluding the day of election.

Members of the school board who are completing three-year terms are Walter Emerson and Ben Pleiman. Both have served several terms.

Members of the board who hold over are R. E. Norby, John G. Meyer, John Krier and Mahlon Follett, the latter being the clerk.

**NEW ELEVATOR WALLS UP READY FOR GRAIN 2 WEEKS**

Howard Bradshaw, supervisor of construction for the Louis Delivak company, contractors, said Thursday that grain should be flowing into the new Geneese Union Warehouse company elevator in about two weeks.

Workers completed pouring the concrete walls of the 17 bins and elevator shaft last Sunday morning, right on schedule. Thursday morning forms were ready to receive concrete for the roof slab and by noon about half of the roof was in place. Friday carpenters will begin erection of the headhouse, which will require four or five days.

Elevating equipment was being placed Wednesday and Thursday, and after allowing several days for all concrete to be firmly set, the new and modern elevator unit will be ready to receive grain.

It will be possible to handle grain much faster in the new unit, Frank Hoorman, Union manager said, as the steel elevator logs are of steel construction, large size, and built for higher speeds to handle grain from the steep-walled receiving pit. Grain will also be moved faster from the time it is received until in the bin, as pipes for distribution are two inches larger than in other units. There are 17 bins, each 13 feet square, and 100 feet high, and the total storage capacity of the new unit is 230,000 bushels. Grain may be transferred from the units now in use to the new unit, or from the new unit to the present elevator in use.

**HARVEST ON FULL SWING MOISTURE LIMITS DAYS WORK**

Active ranching or living in a farming community would hardly be complete unless one found something to complain about. All good reasons for mild complaint seem to have become exhausted this week, beginning Tuesday morning after skies cleared following previous showers. Combines began humming in every direction after a short lay-off over the week-end and Monday with grain rolling into Geneese in a steady stream. Combine operators find the work day rather was not expected at the present time, owing to moisture in the morning until a late and anxious hour, and in the evenings the grain hour begins to toughen up unusually early. Grain, however, is threshing out more easily than last year, and this is especially true of the Rex variety of wheat.

**Some peas have been delivered to Geneese, as early as last week, but the bulk of the harvest has not yet begun. Pea growers have found it advisable in most instances to mow the pea crop and leave it in windrows to be picked up by combines. With the heavy pea vine growth and the presence of an unusual weed growth, windrows of peas are slow in drying out. The light showers have not damaged the crop, but growers are anxious to get their outdoors under cover, as pods will pop open easily if heat follows moisture.**

Yields are reported good to excellent, with test weights up to standard, 60 pounds to the bushel for wheat. There is an occasional sample showing 60 pounds, but such samples are scarce and exceptions.

**Shortage of Machines**

There is a decided shortage of machines this season, and many farmers are most anxious to get their crop in because of uncertain weather conditions. The rush is attributed to an evening up process of ripening which was not expected. Spring wheat is now being harvested at the same time as fall grain, and the pea crop is on also. The Geneese News will gladly take the names of combine owners desiring to "cut out" this summer, and pass names on to farmers who are searching for machines to cut their crop.

**Harvest help has been rather scarce this summer, because of many young men being in the service. Quite a large number of men will be relieved when the elevator is completed, and they will be ready for employment elsewhere beginning today.**

**SCHOOL OPENS SEPTEMBER 1 ANNOUNCES SUPT. K. F. DEAN**

Supt. Kenneth F. Dean has issued the following comment that public schools will reopen in Geneese the morning of September 1. St. Joseph's school will also open on the same date as both schools use the same buses for transportation.

Office Open August 18

Announcement also comes from Mr. Dean that his office will be open each week day beginning August 18, from 9 to 12 a. m. and from 1 to 3:30 p. m. to register new high school students and those who failed to register last spring.

Faculty Complete

There are a few new teachers this coming term in the grades, but in high school all instructors are returning. One has changed her name, however. Supt. Dean will have classes in mathematics, in addition to supervising; Orville Shore will return as commercial teacher; Miss Olwyn Evans as science instructor, and J. J. Tupker as manual arts teacher. Miss Lillian Larson is the one who has changed her name and to Mrs. Clyde Keithley. Her husband is serving in the army under the selective service act. Mrs. Keithley teaches English and dramatics.

Ben Cook will have the eighth grade, and serve as principal of the grades. Fred Judd will teach the seventh grade and coach football and baseball. Ben Cook also has the job of handling the coaching of high school basketball.

Miss Leelena Sheeley of Lewiston, who taught two years at Stites, will teach the sixth grade. Miss Marie Oslund of Troy, who taught 2 years at Deary, will have the fifth grade. Miss Edsie Smith, Troy, will have the fourth grade. Miss Charlotte Wittmann of Moscow will teach the fourth grade. Miss Katherine Harmon, who taught three years at Elk River, comes to Geneese to teach the third grade. Miss Eleanor Harland of Troy, who taught two years at Plummer, Idaho, has been employed to teach the second grade, and Miss Charlotte Wittmann returns to teach the first grade, her third year at Geneese.

The new teachers are Misses Sheeley, Osland, Harmon, and Harland.

FARMERS STILL HARVESTING Determination is mixed with dust, grease and chaff, on faces of farmers who are still laboring to salvage the 1941 wheat and pea crop. Some of them are beginning to roam the acres as they leave from the machine to clear a clogged part, and then re-mount, only to be compelled to dive into the dog house of the combine or almost go out of sight in some other part of the machine.

COMMUNITY CHURCH BAZAAR The Community church will hold its annual bazaar Tuesday, November 4. Keep the date in mind. ad18

DEFENSE BOND QUIZ Q. How many Defense Savings Stamps does it take to fill an album? A. Seventy-five 25-cent stamps; seventy-five 50-cent stamps; seventy-five \$1 stamps; or fifteen \$5 stamps. The completed album are immediately exchangeable for Defense Bonds (Series E) at your postoffice, or thru your bank.

Thoughtful Man Mrs.: "Didn't I hear the clock strike two as you came in?" Mr.: "You did, my dear. It started to strike 10, but I stopped it to keep from waking you up."

GENESEE FIRE DEPARTMENT SAVES MIKKELSON ELEVATOR Thanks to the unknown motorist passing through Genesee shortly before 6 o'clock Sunday morning, who saw fire through the upper windows of the Mikkelsen elevator and smoke issuing from the roof, and then turned in the alarm at the telephone office, and thanks to a volunteer fire department which had the foresight to urge purchase of a pumper as part of their equipment.

SCOUTS START MEETINGS Boys of the Genesee Scout Troop met Tuesday evening at the K. P. Hall and made plans to transfer part of their meetings in the future to a room in the Legion building, use of which has been donated to the boys for a permanent meeting place.

EDUCATIONAL GRADE SCHOOL NEWS The first graders have been talking about Halloween. They have made many things descriptive of the Halloween spirit.

SCHOOL NEWS The Freshman Return Party At 7:30 last Friday evening members of the freshman and sophomore classes began to arrive at the high school gym. The party was started by an apple eating contest and was followed by another contest. Cornmeal was spread on the floor and immediately was followed by dancing.

WILLAMETTE BEARCATS UNIVERSITY OF IDAHO—Idaho's home football fans are eagerly awaiting the second appearance of the '41 Vandals on the field of Neale stadium Saturday against the eleven Willamette University team, Oregon. The game has been designated as the Idaho Day's day for the year and starts at 2 o'clock.

HALLOWEEN NOTICE Damage to property will not be tolerated in Genesee on Halloween, according to the city council, which complies with requests of property owners in this regard. Ordinances relative to willful destruction or damage to private or public property will be enforced by the city council in prosecution of offenders.

GENESEE WELL REPRESENTED AT STATE UNION CONVENTION Five delegates of Genesee Farmers Union, John Luedke, John Kluss, O. W. Harms, Ed Morken and Martin Libberg, and two other members, Frank Hoorman and Fred Hove, members of the state executive board, attended the state Farmers Union convention in Spokane Thursday and Friday. All business sessions were held at the Y. M. C. A., and a banquet Thursday evening was held at the Spokane hotel. At the election of delegates Saturday, Oct. 11, Carlisle Grieser and A. Carbuha were named alternates. All of the men in Spokane for the convention except Mr. Harms were accompanied by their wives.

The BULLDOG'S PEN Editor: Don Borgen Assistant Editor: Gwen Meyer News Editor: Phyllis Grieser Feature Writer: Norma Libberg Sports Reporter: Mae Busch Sports Editor: Dan Peterson

GENESEE IN SECOND PLACE For years Genesee Union Local has been the largest unit of the Pacific Northwest, but this year at the annual convention the Puyallup local had delegates present to represent 250 members, compared to 226 for Genesee, with both units having larger memberships than any other Puyallup Union, however, represents the berry industry, and Genesee's Local has not been short of its honor as the largest wheat growers' Farmers Union organization in the entire Pacific Northwest.

OFFICERS REELECTED Frank Hoorman, was reelected to the board of directors or executive committee of the state Union, as was Jess Vetter of Couer d'Alene. Fred Hove is a hold-over member of the state board along with Albert Jurgenson of Wilbur and Jeff Klodger of Hayden Lake. The following officers were also reelected: Vernon Fetta, Couer d'Alene, president; H. S. Colby, Puyallup, vice president; and Alvin McCurtain, Spokane, secretary.

ORGANIZE PARENT-TEACHER ASSOCIATION FOR COMMUNITY Wednesday evening more than 70 patrons of Genesee school districts gathered at the high school assembly auditorium and organized a Parent-Teacher Association for the community. Archibald, president; Supt. Kenneth Deane, vice president; Mrs. A. J. White, secretary, and Miss Charlotte Wittman, treasurer.

CONVENTION RESOLUTIONS Among the resolutions acted upon by the convention were the following: Parity prices for all basic farm products, based on present day equitable exchange for manufactured articles and commodities required by farmers in their legitimate operations. Passed. No price ceiling for agricultural products until and unless a price ceiling is set on farm machinery and supplies, wages and salaries. Passed.

SPORTS From 3:00 to 3:30 o'clock, Miss Sheeley and Miss Oslund instruct their pupils in playing dardcase, five hundred, prisoners' base and kick ball, and when they are in the gym, they play basketball and basketball. Sometimes the boys play football. In the sixth grade, a kick-ball tourney is in progress, with players in different positions each inning. Howard Olson and Daniel Lorange are captains and Barbara Putnam and Maxine Beavert are scorekeepers.
