

WARD BROEMELING SENDS THANKS TO THE LEGION

Ward Broemeling, who has now been on sea duty for a long time, writes:

"Dear Pete: I see from the Genesee News that you made it possible to send the gift of stationery. It was really a gift and I appreciate it very much. It will come in handy as our stamps and stationery somewhat has to be rationed pretty small. I haven't received much in the line of papers lately, but I imagine the Christmas mail has slowed everything down."

Well, Pete, as for myself, I'm still feeling fine. Would sure like to get back to the USA again. Guess a lot more of the Genesee boys would too. Don't get worked very hard, but it's the same old and sky that makes it so darn same.

I see from the Genesee News that a lot of the home town guys have where I was, but it's almost impossible to run into any of them.

I suppose everyone is busy getting ready for Christmas about now. Hope to be within the next two years we all will be coming home for good, and able to sit down for a real dinner again. Well, Pete, I guess I'd better stop before I really start singing the blues. Thanks again for the paper and Christmas gift.—Howard."

Note: Thanks for the letter Howard. Your letter was postmarked Dec. 2, but did not arrive until Jan. 2, the folks here were just starting the New Year, which we all hope to see a finish to this war, and that each and everyone of you may be home before another New Year rolls around. The old town is about the same as during any winter. The snow which fell has melted some and become slushy. There are darn few fellows your age around, and there will be fewer as time passes. Don't think don't miss you boys. The Legion directly and solely responsible for a gift of stationery and air mail stamps, and the fellows will be glad to know they are useful. Good luck you.

FARM AND HOME EQUIPMENT DISPLAY AT MOSCOW, JAN. 8

A special farm and home labor saving equipment display, including free motion pictures on labor saving equipment will be held at the range hall Monday, Jan. 8, starting at 10 a. m., states Reub Bauer, county agent.

The purpose of this labor saving equipment display is to give farmers and housewives of Latah county an opportunity to exhibit and observe many of the labor saving gadgets, equipment and machines which have been developed to save labor and make a farm and home job easier.

By exhibiting these can the worthwhile ideas be passed on to any extent. Therefore, farmers and men who have developed or invented some labor saving gadgets, machines are requested to bring same to display. By doing so they will be rendering a great community service during the war time farm labor shortage.

Any special kitchen or home labor saving device may be exhibited or a set of such drawn and exhibited. Also, any special equipment as manure loaders, busk rakes, hog troughs, watering fountains, stock water heaters, grain elevators, hand tools, etc., wanted for the display.

The agricultural engineering department of the University of Idaho is operating by exhibiting 300 feet of panels containing many plans, pictures, and small models of labor saving equipment, and also, a special exhibit on panels will be of special interest to women.

The day's program will start at 10 a. m., by reviewing exhibits on display, followed by a free picture show labor saving equipment at 1 p. m., by special speakers and home economics demonstrations at 2 p. m.

This is an educational meeting for benefit of the farmer and housewife and we hope all can arrange to attend, states Reub Bauer, county extension agent.

PETER J. LORANG

Word was received here Thursday morning by Henry Lorang that his father, Peter J. Lorang, of Brookfield, died the same morning. If the best is the deceased is carried out today will be brought to Genesee for burial besides the remains of his father.

CHAS. HASFURTHER'S OUTFIT IN LINE FOR LONGEST TIME

SIXTH ARMY GROUP, FRANCE—Artillery barrage preparations that opened the French First Army's drive along the Swiss border to the Rhine smashed and neutralized enemy artillery and fortifications in the Belfort Gap region.

The planning that directed that barrage and the location of the German guns that were smashed before they could hinder the drive was just a part of the day's work for the First Field Artillery Observation Battalion, which is working with the French First Army in France.

Using "sound and flash" methods, soldiers of this battalion located enemy batteries accurately and quickly. When it was time for the drive to start, American and French artillerymen, working side-by-side, quickly smashed the enemy's big guns.

"One story of how effective our location was is that an enemy battery fired a couple of rounds to show an inspecting German general staff how good they were, Major E. J. Morris Jr., Sylacauga, Ala., battalion commander, explained. "But no sooner did they fire than we replied. Our location had been perfect and the Yank shells landed right on the target and wiped out the battery and the visitors."

The battalion commander went on to explain that their job is to "gather information to neutralize enemy artillery activity during the critical phase of operations, and to supply survey for artillery."

The battalion has been in the line continuously, except for periods of moving to new positions, since December, 1942, reportedly longer than any American unit since 1865. This battalion is also the oldest American field artillery observation battalion in the army, according to officers of the organization.

Among the men in the battalion is Charles Hasfurther of Genesee, Idaho, son of Mr. and Mrs. Andrew Hasfurther.

The above was passed for publication by a Field Press Censor, and besides the name of Charles, there is one other man from Idaho, Burton M. Hanson of Malad.

DAN PEDERSON TO SHOEMAKER

Seaman Dan Pederson, who was graduated from the Navy Radio School at Moscow Wednesday, is home for a few days on delayed orders before reporting to Shoemaker, Calif. He leaves Moscow Monday evening for California and his new assignment. He was one of three Genesee boys who drew radio school at Moscow, the two others being Tommy Edwards and Pretz Demers. Pretz is now with the fleet and Tommy is stationed on one of the islands in the Pacific.

Four of the boys who visited here with Dan Pederson while at Moscow left for their homes in the midwest. Willy Elder went to eastern Iowa to the town of Onawa, Iowa. Del Hollenbach went to St. Joe, Mo., and Bill Fleming went to Kembro, Kans. All of the sailors have five days on delayed orders and two days travel time, which will give the sailors going east but little time to visit their parents before reporting to the station in California.

CARD PARTY SERIES TO START

Ladies of St. Mary's church will sponsor a series of six card parties again this winter, the first one being scheduled for Sunday evening, Jan. 7 at the K. C. hall, beginning at 8. Both bridge and pinochle will be played, with prizes given for high scorers. Grand prizes will be given at the close of the series. The admission is 25c per person which includes lunch.

BUD LANGE CUSSES WEATHER AT NAVY AIR BASE IN TEXAS

Verne (Buddy) Lange, now at the Navy Air Station at Kingsville, Texas, writes:

"Dear Pete: "First of all I want to thank the Legion for the two dollars they sent me for Christmas. I thought perhaps more of them would see this than if I wrote a personal letter of thanks. They sure know what a guy in the service needs most, don't they? It was a swell present and I appreciated it a whole lot."

"Well, Pete, I was sure glad to read about Gerald (Pederson) getting his commission after his air corps deal. He sure deserved it. (If you read this Gerry, drop me a line. My address is enclosed.) I don't know if I will ever get those bars. This blankety-blank weather is really holding up our flying. Right now it's raining, as it has been for over a week. I'm at an advanced base now and have been here for five weeks. I've had five hops in all that time, which goes to show you how nice the weather is behaving here. At this rate I'll probably be in advanced until next summer. Our base here at Kingsville is really swell. All the officers are very unearg which makes my flying pretty soft. As far as flying goes it's really a lot of fun out here. We get to do everything we didn't get to do any place else, such as flat-hatting, dogfighting, etc. Really a lot of fun as long as it's not the real thing. I've got a change of address too, Pete, which is: A-C V. W. Lange USNR, Class 9B, 44c-c, Brks. 2-40C U. S. N. A. A. S., Kingsville, Texas.

"I've been getting the paper alright with the other address I had, but it causes the post office down here a little trouble looking me up every week. Be sure and print my new address so Gerry can see it, and if you will, print Gerald's so I can get it. I must have missed his when it was in the paper.

"Guess that's about all I can rattle on about, so I wish all of you folks in the Genesee community a very Happy New Year I'll say Roger Wilco and Out for this time.—Bud."

Note: Thanks for the letter Bud. Dan told me that Roger, Wilco and Out," means message received and will comply and signed off," or something like that. In return:

Gerald's address is: Lt. Gerald E. Pederson O1327534 Co. A 223rd Inf. Tng. Bn., Camp Blanding, Florida.

Greetings from Sgt. Schooler

From Sgt. Pearle Schooler, WAC, who has been stationed in England for many months, comes Christmas greetings and All Good Wishes for the New Year. No message was included, but the Christmas folder was a very pretty one taken from the painting in the London National Gallery, "The Avenue."

Athletic Club to Meet

The regular meeting of the Genesee Athletic club will be held at the high school gym Monday evening, Jan. 8, beginning at 7:30 o'clock.

Sunday guests of Mr. and Mrs. Neil Sweeney were Mrs. Lena Herman, Mrs. Michael Sweeney and children of Rathdrum. Mrs. Sweeney and children left Tuesday to return to their home.

BOY SCOUT SWIMMING COURSE OPEN AT LEWISTON NORMAL

Arrangements have been made by Mr. Bickmore, Boy Scout executive of Lewiston for Scouts to take swimming at the Lewiston Normal pool. A life guard and swimming instructor are available to give instructions in swimming and life saving. Charges for these services will be \$1.00 per hour. The pool is available to Scouts Wednesday and Thursday of each week. The first Thursday of every month is reserved for passing tests in swimming.

As a result of the sale of Christmas trees the Genesee Boy Scouts have funds to pay for transportation. The Scout committee would like to make arrangements for transportation and it is believed two passenger cars a week are necessary. Anyone who can furnish a car for one trip will please inform one of the following: Cloud Sisty, A. E. Bennett, Don Jain, Floyd Ochs, Alfred Hasfurther or Jim Raddau.

It has been difficult for Scouts in Genesee to advance to the higher ranks because they do not have the opportunity to swim. Five or six 2-hour classes in swimming will be of great benefit to the boys.

The Scout committee would like to make arrangements for the first class Wednesday evening, January 10.

Boy Scouts netted over \$100 in the sale of Christmas trees, and they wish to thank the public for the funds derived which permits them to further their program.

PYTHIAN OFFICERS INSTALLED

The Pythian Sister Temple and the Knights of Pythias held a joint installation Tuesday evening, following which luncheon was served.

Mrs. Harold Lee was the installing officer for Pythian Sisters and she was assisted by Mrs. Leona Geltz, grand manager, and Mrs. Wm. Heinrich, grand senior. The following officers were installed: Mrs. Jerome Bershaw, most excellent chief; Mrs. George Anderson, excellent senior; Mrs. C. W. Sisty, excellent junior; Mrs. Don Aherin, manager; Mrs. Dick Vandenburg, M. of R. and C.; Mrs. Walter Emerson, M. of F.; Mrs. Walter Gehrke, protector.

Officers installed by the Knights of Pythias were: C. W. Sisty, chancellor commander; Harry Emerson, vice chancellor; Lloyd Qualey, prelate; Roy Emerson, master of work; Fred Magee, masetr at arms; George Anderson, master of finance; S. U. Lough, master of exchequer; J. Adrian Nelson, keeper of records and seal; Clarence Peterson, inside guard, and Geo. Earling, outside guard.

MASONIC OFFICERS INSTALLED

At a recent meeting of the Masonic Lodge at Genesee the following officers were installed: James Archibald, W. M.; Jess Johnson, S. W.; J. Adrian Nelson, J. W.; C. W. Sisty, S. D.; Elvon Hampton, J. D.; Nels Lande, treasurer; Forrest Durbin, secretary; N. M. Leavitt, S. S.; E. D. Pederson, J. S.; Mahlon Follett, marshal; Fred Nagel, tyler and W. M. Herman, chaplain.

Parents of Son

T-Sgt. and Mrs. L. E. Brown Jr., of Fallston, Md., are the parents of a son born Friday, December 29. The baby has been named Lowell Craig. Sgt. Brown, son of Mr. and Mrs. L. E. Brown of Genesee is stationed at the Aberdeen Proving Grounds, Md.

BASKETBALL GAMES

An extra basketball game has been scheduled for the Genesee High Bulldogs for this evening (Friday) when they meet the Ursuline Academy team at Genesee.

The girls' team will go to Deary for a game there Sat., Jan. 6.

Tuesday evening, Jan. 9, both boys and girls will have games at Genesee with the Culdesac boys and girls. This will be a conference game for the boys' club.

MISS DELLA STOUT IN WAVES - TAKING BOOT IN NEW YORK

Mrs. Alzina Hayden has received the following letter from her granddaughter, Miss Della Stout, formerly of Genesee, announcing that she is now in the WAVES. Her parents, Mr. and Mrs. Emmett Stout, reside at Seagoville, Texas.

The letter reads in part: "Well, just call me Seaman Stout or 'Old Salt.' We're catching on to navy life pretty fast. Navy terms are used for everything. The floor is the deck, the wall is the bulkhead, the steps the ladder and so on. I sure like it. It's lots of fun."

"We came across the Hudson River from Jersey City to New York City and saw the Statue of Liberty, and a few other places of historical fame."

"Everywhere we go, we march. The mess hall is about a mile from our barracks, but it isn't bad, because we're usually hungry and I do mean that. Since I've been here I just can't seem to get enough to eat. We eat a lot and the food is good, but since the exercise wears it off fast and by the next meal I'm ready to go again. The first day I left about half my food, but since I haven't left a crumb."

"We have part of our uniforms and anxious to get the rest. We boots really take a beating. They issued us cotton stockings first thing. (G.I. nylons, we call them) but they feel pretty good because it's kinda cold. No snow but brisk. It's cold at 0530 in the morning, believe me."

"Every place we go and everything we do, somebody yells, seaman, attention! seamen! do this! seamen, don't do that! Makes you feel like a freshman, except more so. It's a good thing they don't keep us here long or we would develop an awful inferiority complex."

"I'm in a room with three girls from Utah, one from Los Angeles and one from Texas. Our apartments are cute. We have two rooms (four girls in the other room), kitchen and bathroom. We don't use the kitchen, of course, except to wash clothes in and iron."

"We're right by the fire escape and the cutest little squirrel comes up and eats candy and stuff that we give it." Her address: Della M. Stout, AS Reg. 49 Bldg. N-5411, U. S. Naval Training Sta. (W. R.) Bronx, New York, 63, N. Y.

NO CHANGE IN IDAHO INCOME TAX RATES FOR YEAR OF 1944

There has been no change in regulations or rates governing the filing of State Income Tax Returns for the taxable year 1944. Any individual whose net income for the year amounted to \$700.00 if single or \$1500.00 if married and living with husband or wife is required to file an income tax return regardless of the nature of his or her occupation within the State.

Forms have been shipped to local banks, courthouses, city halls, public accountants, country post offices, large employers and others, so that the appropriate form can be readily obtained if and when needed. Taxpayers are urged to obtain necessary forms early even though returns are not due to be filed prior to March 15, 1945.

Last year, in the interest of economy, the practice of mailing forms direct to individuals was discontinued. This plan has worked so well that not only did the department save several thousand dollars but the number of returns was increased by 13 percent. The result has fully justified the present method of distribution and the department wishes to thank the local depositories for the fine cooperation given.

In the past there has been a tendency to confuse this department with the Federal Bureau of Internal Revenue (income tax). Therefore, this department wishes to call attention to the fact that there is absolutely no connection whatever between the two income tax departments.

Address all communications intended for the State Income Tax Department to Tax Commissioner, Box 1399, Boise, Idaho, and mail income tax returns so as to reach this office not later than March 15, 1945.

SANFORD EVANS WITH ARMY SOMEWHERE IN PHILIPPINES

Sanford Evans, with a heavy construction company of signal corps men has been in the Philippines for some time, and directly from that area of the Pacific, comes the following letter, dated Dec. 14, and received at Genesee, Jan. 2:

"Hello Pete: "Well, I guess I should be shot for not writing to you sooner but I have been very busy. This invasion has been a real show, but you know more about it than I do, as we don't get much news. I imagine some of the boys will be able to tell more about it than I could. It's really quite a sight to see for the first time."

"The country here is fairly good, but for one thing and that is rain. Boy, I never saw so much water on the ground in my life without calling it a lake. I'll sure be glad to see that old Rimrock again."

"Tell everybody hello for me, and by the way, how is Dan making it where he's at.—Sanford."

"P. S.: Pete, you ought to get some of this tuba. That's Philippine wine, made out of the sap of the cocanutt trees. It's hard to get to like it, and I haven't acquired a taste for it yet."

"P. S.: Oh, yes, thanks very much to the Legion and you for the News. It's started coming through pretty regular now."

Note—Thanks for the letter Sanford, but don't expose me to that "tuba" stuff. It might be made out of the sap of a cocanutt tree, but I've found that anything of that nature makes a sap out of me. Gosh, Sanford, you seem as cheerful as ever, and the Rimrock will be as glad to see you as you will be to see it. Dan graduated from radio school today Jan. 3, and heads for near San Francisco January 8. He will have a few days at home, maybe not too many nights. This conclusion is arrived at by remembering how you and Dan or "Bacon" and Dan got in condition for life in the service. Write again Sanford and the best of luck to you and all the other fellows."

NORTHERN PACIFIC PLANS IMPROVEMENTS DURING 1945

Northern Pacific railway directors, meeting in Chicago Dec. 28, declared a dividend of \$1.00 per share, payable Feb. 1, to stockholders of record next Jan. 8.

Total operating revenues for 1944 will be higher than for 1943, but the net income after fixed charges is estimated to be \$13,300,000 as compared with \$25,520,430 in 1943, due principally to increased costs of labor and material and taxes.

Following the meeting President C. E. Denny also announced that during 1944 the company expended 10 million dollars for purchase of its re-funding and improvement bonds and substantially the same amount was paid in cash for new locomotives and cars put in service during the year. In addition 12 million dollars, chargeable to capital account, was spent during the year for improvements to road and equipment. The additional equipment and facilities were required to handle increased traffic due to the war and since completion have been used to capacity.

Mr. Denny also announced that purchase of 1000 box cars was approved at the meeting. These cars are scheduled for delivery beginning in the third quarter of 1945 and will be available for handling the increased war traffic forecast for next fall.

Motive power now on order and to be delivered during the first half of 1945 consists of two 5400 horse power diesel road locomotives, four 1000 horse power road-switching diesel locomotives and eight 1000 horse power switchers. It is not now possible to say when the 36 light-weight passenger coaches ordered during the year will be delivered.

Local improvements at Genesee for the past year have been the greatest in many years, such as rebuilding the yard tracks here and laying heavier steel to permit heavier equipment to travel the branch line. The company also recently completed improvements to the station building, and the building has also been repainted.

Mr. and Mrs. Lew Jain of Clarkston spent the week end with Mr. and Mrs. Don Jain and family.

Tests Prove Hog Supplement Cheaper

The North Dakota Agricultural College recently ran a 98-day test on feeding one group of pigs on wheat alone in dry lot, and another group on wheat and a good supplement. The wheat-fed pigs gained an average of 25 pounds each. Those on wheat and supplement gained 76 pounds each. It took 710 pounds of wheat to produce 100 pounds of gain when only wheat was fed, but only 327 pounds of wheat plus supplement. The cost per 100 pounds of gain for the wheat fed lot was \$15.82, for the wheat and supplement lot, it was \$8.25.

Results of such a test is the best possible answer to feeders who contend that supplementary feeding of protein supplements is too expensive.

GENESEE VALLEY NEWS

The New Year with its brand new days is a great challenge to us, and presents a year of untold possibilities and responsibilities. There will be much to discover in new ideas and inventions. New trails to build—will they be better trails than we made last year, or are they going to be clogged with petty thinking, jealousy, fear, misundersanding and discouragement. As the pilot of a plane rides the beam to make a safe landing, we too must ride the beam through sunlight and darkness, fair weather and foul.

"He, who from zone to zone Guides through the boundless sky they certain flight, In the long trail that I must tread alone, Will lead my steps aright."

Several inches of snow fell in the Valley over the week end but softened enough to prevent drifting. Travel on the highway was hazardous for a few days, but snow has melted and the roadway is cleared. The ground is still covered with snow and temperatures are mild. Youngsters are reluctantly giving up snow sports to resume school. Farmers' thoughts are on machinery repairing. They have to make the old rigs go for another year, it seems. Several watch parties were on the social calendar.

Mrs. Marie Eikum of Lewiston visited Mrs. Elmer Johnson and John Eikum's this week.

Mrs. Frank Reynolds of Moscow spent New Year's day with her grandmother, Mrs. Annie Danielson.

The Valley teachers have returned to their posts, Rowena Nordby to Spokane, Maxine Roseau to Seattle after spending the holidays at home. Marie Connick accompanied Rowena Nordby to Spokane for a short visit before going to her school at Lewiston.

Mr. and Mrs. Hugo Gehrke spent Sunday evening at Gus Rosenau's. SPAR Bonnie Lange has returned to Seattle after a short leave for the holidays at home.

Mr. and Mrs. Leon Danielson and family, Mrs. Annie Danielson, Clarence Danielson, Mr. and Mrs. Stanley Norman Flannoe for Sunday dinner.

Mr. and Mrs. F. L. Tunnell of Winona and Miss Jean Tunnell, cadet nurse of Spokane spent the week end with Mr. and Mrs. Delos Odenberg.

Mrs. Annie Danielson, Clarence Danielson, Mrs. Frank Reynolds and Shirley and Joyce Danielson had dinner at Leon Danielson's Monday.

Mr. and Mrs. Fred Morscheck and Carol Jean visited at Gus Rosenau's Friday evening.

Mr. and Mrs. George Nelson who recently returned from spending the holidays on the coast, and Mr. and Mrs. E. D. Pederson and Pete Lande watched the old year out at the Nels Lande home.

Mrs. Einar Johnson was able to sit up in a chair for a few minutes on Tuesday.

Mrs. Annie Danielson and Clarence had Sunday dinner at Kenneth Hoiseid's.

Jack Whitted of LaCrosse, Wash., and Mrs. Kenneth Whitted of Aberdeen, Wash., spent a few days at the Jim Magee home.

Jack Johnson of Greenacres, Wash., visited his grandparents, Mr. and Mrs. August Johnson, on New Year's day. Mr. and Mrs. Wm. Borgen were all-day visitors at Art Hove's Sunday.

Mr. and Mrs. Otto Schwenne and Wayne spent Thursday evening at R. E. Berger's.

Mr. and Mrs. Don Jain and family visited at Jim Magee's Wednesday.

Mrs. Lilly Larson entertained for New Year's dinner, Mr. and Mrs. R. E. Nordby and family, Oscar Nordby and Dianna and Freddie Nordby of Moscow.

Mr. and Mrs. Fred Connick spent Saturday evening at Wm. Borgen's.

Mr. and Mrs. James Kane and Dorothy had Sunday dinner at the Robert Berger home.

Mrs. Paula Peterson and Mrs. J. Lily Larson.

Mr. and Mrs. Vic Danielson and Beverly, Mr. and Mrs. Oscar Danielson and Mr. and Mrs. Adrian Nelson were supper guests Sunday evening

of Mr. and Mrs. Ed Morken and they watched the new year in.

Mr. and Mrs. R. E. Nordby and David, Mrs. Lilly Larson and Elmo Larson spent Sunday at Martha Alaker's home in Pocatello.

Mrs. Victor Danielson entertained for dinner Thursday evening in honor of his birthday. Guests were Mrs. John Eikum, Yvonne, Rowena and Rex Eikum, Mr. and Mrs. Oscar Danielson and children; Lars and Einar Johnson, Mr. and Mrs. Jess Johnson and children, Mrs. Leon Danielson and two daughters and Mrs. Annie Danielson at Clarence.

Hanson called on Mrs. Mrs. Harry Hanson after Mrs. Nels Lande Friday afternoon.

Mr. and Mrs. Ray Linehan, John Eikum and Lars Johnson visited at Vic Danielson's Friday afternoon and evening.

Mrs. Oscar Danielson and Mrs. Vic Danielson shared hostess honors at a

neighborhood card party at Oscar Danielson's Saturday evening. Present were Mr. and Mrs. James Archibald, Mr. and Mrs. Clifford Hillman, Mr. and Mrs. Harry Emerson, Roy Emerson, Miss Ethel Johnson, Mrs. Ida Anderson, Mr. and Mrs. Don Linehan, Mr. and Mrs. Clarence Peterson, Clarence Danielson, Mr. and Mrs. John Eikum, John Johnson. Prizes for pin-ochle went to Mrs. John Eikum and Clifford Hillman, high and to Miss Ethel Johnson and Clarence Danielson, low.

New Year's Eve Party
Mr. and Mrs. John Luedke entertained with a New Year's eve party for Mr. and Mrs. Fred Shirod, Mr. and Mrs. Harry Schooler, Supt. and Mrs. Kenneth Dean, Mr. and Mrs. David Kuehl, Mrs. W. M. Herman, Mrs. Anna Hanson and Mr. and Mrs.

Ed Bergman of Colfax. An awards during the evening were given by Mr. and Mrs. Luedke and Supt. and Mrs. Dean.

Mr. and Mrs. Libby Bergman entertained with a party Thursday of last week for Mr. and Mrs. Post, Mr. and Mrs. George Lee, Mr. and Mrs. Larry Larson and family. Cards and refreshments were enjoyed.

Community Ladies Aid
The regular meeting of the Community Ladies Aid will be held at church parlors Wednesday night, Jan. 10, with Mrs. Jean Larson, hostess. Members are requested to make plans for the work.

CAPITAL STOCK INSURANCE . . . at its best!

It took a week of Father's wages

But it wasn't so extravagant as it seemed. Hats were bigger then — and also fewer.

Today, Mother gets many more hats for her money. It's the same with electric bills. If yours is about the same as years ago, it's because you are enjoying so many more electric conveniences now. And you're getting far more electricity for your money than you ever did before — about twice as much as you did 15 years ago.

Furthermore, the cost of electricity has stayed down while war has sent other costs climbing.

Hard work and careful business management by your friends in this company will continue to make electricity dependable and cheap — one of the big bargains of all time.

HERE'S WHY IT PAYS TO BUY IHC PARTS

THEY'RE GENUINE. That means they are exactly like the parts that were in your machine when it was new. You bought a Farmall, or any other McCormick-Deering product, because you figured it was the best. It wasn't delivered to you with any substitute, "just-as-good," make-shift parts in it. And it's poor business to put that kind of parts in your equipment now or any other time.

Insist on genuine IHC parts. You'll get your money's worth and keep your equipment in first-class shape—just like new.

With a war on and more food to raise, you need all the mechanical help you can get. Our shop, our mechanics and our big parts department are ready to do everything we can. McCormick-Deering is our line and Service our middle name.

GENESSEE VALLEY NEWS

Our snow is all gone and we are having April weather while most of the nation is having sub-zero weather. Just another sales point for Idaho climate and opportunities. It is a good thing for our rationing too. The highway is in good condition and if heavy loads could be kept off it during soft weather the road would be in better shape than for years. We expect that a good many New Year's resolutions have been broken already, but it is better to make them and break them than not to think of improvement at all, and every day brings a new page to start over again. There is a considerable let-down in visiting since the holidays but the health of the community is normal again. Farmers are scratching their heads over the new income blanks to get their returns in by January 15.

CAPITAL STOCK INSURANCE . . . at its best!

NONSENSE...WHO SAYS GOOD INSURANCE HAS TO BE EXPENSIVE?

Good businessmen admire the good business-like way in which Idaho Mutual policies give GOOD life insurance . . . insurance that promptly pays CASH to bereaved families at a critical time. The Association has paid more than \$1,600,000.00 in claims, and every just claim has been paid in full and so very PROMPTLY. These same businessmen can scoff at the idea that good insurance MUST be expensive when they know that cost for maintaining \$1000 of Idaho Mutual insurance has never exceeded \$10 a year.

You Get Insurance, ONLY! You Pay for Insurance ONLY!

Investment and loan features are limited from Idaho Mutual policies . . . so, policyholders do not pay for them. Instead, a single policy gives you FOUR kinds of INSURANCE . . . including life insurance . . . at the very lowest possible cost.

Abraham in Sunny South

Lloyd Abraham, with a combat engineer battalion in training at Camp La, writes:

Dear Pete: Well, I guess it's about a week now that I've been in the sunny south. Only trouble is I've been out on bivouac for a while and have two more to go. It's raining the night before we get out and it hasn't stopped since. It makes it miserable with everything wet and the roads all mud. We lots of fun driving but those poor fellows in the back end of those trucks take a beating.

All in all, Pete, I'm ready for another furlough. We got a hundred new men in the outfit last week so we are to start basic training all over again. More fun. These new guys are really like it. Ha, ha, ha. I want to thank you and the Legion members for the Christmas present. It really came in time of need. Well, guess it's time to stop as I'm all out of news.—Lloyd.

WEATHER IS SPRINGLIKE

People of the Palouse country are trying to decide if they are enjoying "Fall" weather or an early Spring. Weather has been balmy at times during the past ten days, and then again it's cloudy, following closely the type of weather to which most people of this part of Idaho are accustomed to in some years and in some seasons.

The snow has completely disappeared with a chinook last Saturday and Sunday, and warm, sunny days since. The chinook gale, almost a hurricane, at least the hardest blow of the year, and it did some damage to roofs and chimneys, but at the same time drying up the surface of the ground which became soft as snow melted. More water was running Saturday than in many a day.

Soil moisture is deficient in the Palouse country as dry dirt has been found at a depth of not much over eight inches. Frost is now out of the ground and precipitation which fell at this mid-week is being absorbed with no run-off. The welcome moisture is beneficial to seeded crops, and while weather is such that it is, more moisture would be welcome. During the colder snow period which ended 10 days ago, was ideal for livestock on feed or in pasture in canyons where there was little or no snow.

For a few days it appeared that this area might witness another siege of blocked roads, but that danger is not threatening at the present time. During the snow period state highway employees were using snow removal equipment for about three days.

Mr. and Mrs. Jain Entertain

Mr. and Mrs. Don Jain entertained with two pinocle parties last week having as guests Friday evening, Mr. and Mrs. Wm. Heinrich, Mr. and Mrs. Dick Vandenburg, Mr. and Mrs. S. U. Lough, Mr. and Mrs. R. E. Emmett, Mr. and Mrs. Adrian Nelson, Mr. and Mrs. Kenneth Hoduffer and Mr. and Mrs. Floyd Ochs. High score award was won by Mr. and Mrs. Vandenburg and low by Mr. and Mrs. Lough.

Guests of Mr. and Mrs. Jain Saturday evening were Mr. and Mrs. Elmer Kraut, Mr. and Mrs. Raleigh Hampton, Mr. and Mrs. Stanton Becker, Mr. and Mrs. Jim Cameron, Mr. and Mrs. Wilson Esser, Mr. and Mrs. Carl Grieser and Mrs. B. J. Pleiman. High award was won by Mr. and Mrs. Esser and low by Mr. and Mrs. Becker.

The hosts served luncheon following cards at their parties.

W. R. Hickman returned to Genesee Friday after being away and at his former home in North Carolina. Making the long trip by train, and without reservations, Mr. Hickman was met at Moscow by Mrs. Wayne Hickman and Mrs. Roy Hanson.

red clay more noticeable. Textile mills, however are becoming more numerous, and at Granite Falls there are now five plants manufacturing cotton and rayon, compared to the one cloth plant operating when he left there many years ago. Farming was never conducted in his native country on a large scale, but people planted corn and other crops where ever the soil was sufficient, even if they had to cultivate a steep hillside. It is remembered that John Hickman, a son of W. R. Hickman, visited his father's old home several years ago, and while driving along a road thru real hilly country, ran across an elderly lady by the road who has sustained quite noticeable scratches and bruises. She was asked if she had been struck by a car, but replied: "No, darn it, I fell out of that cornfield up there."

GENESSEE VALLEY NEWS

The weather man is getting generous with his variety of weather, which, although a mixture of rain, snow, fog and sunshine, is still mild. Everyone is relaxing after the holidays, butchering, and so forth.

Men of the Valley had a stag dinner and penny ante at Bill Christensen's Tuesday night in honor of Virgil Hove's birthday which was in December, but delayed because of pressing business. This is the highlight of the year for Virgil, and we wish him many happy returns of the day.

Mrs. Nichols Landa called on Mrs. Marie Michelsen Monday afternoon. Mrs. Archie Tegland returned home from the Colfax hospital Sunday. She will continue to remain in bed for a while.

Allen Sather called at Wedin's Sunday afternoon. Mr. and Mrs. Gus Rosenau and Stanley, Mr. and Mrs. George Scharnhorst and Earl Lackey were Sunday dinner guests of Mr. and Mrs. Ben Jutte.

Mr. and Mrs. Robert Berger and family had Sunday dinner at Bruce Wardrobe's. R. E. Nordby left Sunday to attend a meeting of county commissioners in Boise.

Mr. and Mrs. Roy John of Tensed, Idaho, visited at Allen Sather's Saturday. Mr. and Mrs. Jess Johnson and children spent Sunday at Vic Danielson's.

Mrs. Mary Johnson of Mountain Home is visiting at August Johnsons. She is an old-time resident of the Valley and her late husband was in the same company as W. W. Burr during the Spanish American War.

E. C. Bergman, Mary Lyon and Mr. Gregory of Colfax had dinner at Robert Berger's Friday evening. Mr. and Mrs. Art Hove visited at Tegland's and John Hove's Sunday.

Mrs. J. P. Wedin was hostess to the Study Department of the Historical Club at Moscow Friday. Howard Berger had dinner at Robert Berger's Saturday.

Mrs. Johanna Nelson of Kendrick spent Thursday at R. E. Nordby's. Saturday evening at Don Linehan's was the setting for another of those father and son birthday dinners. The guests were Mr. and Mrs. James Archibald and family, Mr. and Mrs. Oscar Danielson and family, Mr. and Mrs. Art Linehan and Betty and Mr. and Mrs. Ray Linehan.

The Valley Aid met in the Parish hall last Thursday with Mrs. Ed Morson as hostess. Mrs. Oscar Danielson read a paper on Missions in Bolivia. Mrs. Vic Danielson sang, "I'll Go Where You Want Me To Go." A mission offering was taken. The Aid will go to Moscow January 25 for a one o'clock luncheon at the Veldy home with the officers furnishing the food.

Mr. Chas. Odenberg returned from the coast for a few days on business and will return soon. Her health has improved so much and Charles has secured a job in the Montgomery Ward store in Portland. They expect to remain there for some time.

Mr. and Mrs. Stanley Sveve had Sunday dinner at Leon Danielson's. Mr. and Mrs. Fred Hove spent Tuesday afternoon at Art Tegland's. A good crowd attended the Luther League at the Lyons home Sunday evening. The next meeting will be in

two weeks with the meeting place to be announced later. There will be a communion service Sunday at 2:30, followed by Sunday school at the Valley church.

HEARS FROM BROTHER

Mrs. Frank Sprenger, whose brother, Staff Sergeant Arlie H. Von Tersch, formerly of Cottonwood, was a prisoner of war, has received the following information from her brother: On one side of the card of "Kriegsgefangenenlager" are these words: "Aug. 27, 1944. Dear Sis—I am well and fine. I am a prisoner of war, but I am fine and without any injury. So now I am awaiting out of the war. I am treated well and will be home to see you as soon as the war is over, so don't worry about me for I will make out all right. Your brother, Arlie." Sgt. Von Tersch was a member of

a B-17 bomber crew which landed in Germany after their plane failed to make the return trip. Mrs. Sprenger has received four letters from relatives of other crew members, and in one from the pilot's wife, she states that she has talked with a returned air corps man, who flew the same mission, not the same plane, and information is that the returned man's crew was flying on the ill-fated planes right wing when it was hit hard by anti-aircraft on the two left engines. They both exploded and the plane fell out of formation, out of control, but it was gotten under control again and it flew along with the others for almost 20 miles. The plane was losing altitude fast and so nine chutes came out of the plane. It happened that only nine men were in the crew that day, so the lady, whose husband was reported lost, believes that her husband is alive. They bailed

out near Bremen. Others of the crew were also reported lost, but the plane state they saw the returned member are in hospitals, and has written that her husband was able to write owing to a wrist, but had another man to write for him. The plane went down about Jan. 24.

Miss Frieda Herman of the Progressive Club was elected secretary when she served a one o'clock luncheon. Guests were Mrs. Dan and Mrs. Wm. Cunningham. Officers were elected: Miss Frieda Herman, president; Mrs. P. J. secretary and treasurer.

SUPPOSE THAT YOU COULD FLICK A SWITCH AND GET A SIZZLING STEAK

Be wonderful, wouldn't it? But steaks are scarce and expensive. Steaks are rationed. Steaks have gone to war. There are good reasons why. But is it any less wonderful that you CAN still get electric service at the flick of a switch—without shortage or rationing—at low pre-war prices—when vast amounts of electricity have gone to war plants? Our folks have done their war jobs so quietly and well that it's easy to take 'em for granted. But we hope that you won't. What you CAN take for granted is the fact that your friends in this company will provide plenty of low-cost electricity to run the mechanical marvels in your post-war home.

THREATENS FARM HOME extremely hot fire Sunday night about 10 o'clock at the residence on the James Nelson ranch did slight damage. Mr. and Mrs. George Nelson had planned to be in Moscow Sunday for church services, and had sufficient headway to cause serious damage. The metal pipe leading from the stove to the brick chimney was red hot and a varnished shelf behind the stove was near the point of catching fire. Mr. Nelson, assisted by Mrs. Nelson managed to pour some water down the chimney and an effort was made to extinguish the fire in the stove, all of which caused soot and ashes to spread about the kitchen. An alarm was sounded at Genesee, with firemen responding. Neighbors and others also responded. Mr. and Mrs. George Nelson desired the following to be published: "We want to take this means of thanking all of you who responded so quickly to the fire scare we had last Sunday.—George and Anna Mac."

MRS. VANOUCK R. C. CHAIRMAN

At the annual Red Cross meeting held Monday evening at the high school, Mrs. E. W. Vanouck was elected chairman for the ensuing year; Mrs. David Kuehl was appointed vice chairman and Walter Emerson was re-elected secretary and treasurer. Mrs. H. J. Martinson was reappointed Junior Red Cross chairman and executive first aid chairman and the emergency board consists of Frank Densov, Glenn Sampson and Mrs. R. E. Emmett.

Reports of the year's work was read by Mrs. N. M. Leavitt, who was chairman for the past two years. Her monthly reports have been published in the Genesee News.

The annual report of the treasurer follows: Number of persons contributing \$1.00 each, 171; \$1.70, 10; contributing \$5.00, 159; \$95.00; contributing \$10.00, 83; \$830.00; contributing \$25.00, 18; \$450.00, and the number contributing less than \$1.00 was 15, which netted \$7.00. This makes a total of \$2158.00 contributed by people of this community during the Red Cross drive.

Donations during the year amounted to \$698.28 and with the balance on hand at the beginning of 1944, makes a total of \$3,242.57.

Disbursements were: Memberships remitted to county chapter, \$2495.57; telephone and telegrams, \$415; first-aid, highway, \$17.00; supplies for branch production (including transportation costs) \$77.03; fuel, \$81.00; kits, \$57.50; janitor, \$5.90; first-aid service activities, \$25.00; supplies for production, \$17.35; which leaves a balance in the Red Cross treasury of \$534.91.

Workers Needed
A new quota of supplies have been received which are requirements for hospitals and men leaving for overseas. Everyone is expected to help, and you may obtain supplies from the new chairman, Mrs. Vanouck.

Altar Society Elects
The Altar Society of St. Mary's church was entertained Tuesday afternoon by Mrs. J. J. Tupker and Mrs. Martin Hasfurth at the former's home. Mrs. H. J. Martinson was re-elected president of the society and Mrs. J. M. Rabalais was re-elected vice president. Mr. Alfred Hasfurth was elected secretary and treasurer. The hostesses served luncheon at the close of the business session.

Birthdays Honored
Birthdays of Howard Callahan and Mrs. Bill Stricker were honored Tuesday evening when a party was given them at the former's home. Present were Mr. and Mrs. Frank Jacobs, Bob and Wayne Jacobs, Mr. and Mrs. Simon Fleishman, Mr. and Mrs. Clarence Trail, Mrs. Bernadine Callahan, Lawrence and Shirley Bromeling, Mr. and Mrs. Bill Stricker, Dick and Betty Olson, Mr. and Mrs. Leo Bivoren of Moscow and Mr. and Mrs. Howard Callahan. A pick-up lunch was served and the honorees received many gifts. Visiting and dancing were enjoyed during the evening.

CARD OF THANKS
We wish, in this manner, to extend sincere thanks for thoughtful personal services, tributes to our deceased brother and for sympathy in our bereavement.

HOMER SCHOOLER HOME

Homer Schooler, stationed at the army air base at Murco, Calif., and his father, Charles Schooler who has been in western Washington, came Sunday to visit relatives here. At Mrs. Howard Schooler.

James is an aircraft maintenance mechanic, and after having served in several departments of service and repair he is now assigned to wing and tail assembly checking and repairing. He is on furlough, and to save time traveled the hitch-hiking route to the base to Spokane, and saved about a day's time. His final lap was from Dunsmuir, Calif., to Spokane, all with one accommodating motorist.

A Good Feed for Every Farm Need

You cannot get maximum production from your livestock and poultry without good feed, fed properly. It has always been a money-making proposition to feed well. Now, it is a patriotic duty. Our duty is to provide you with feed that will enable your flock and herds to give you all they are capable of producing. We are attempting to do that as honestly as we know how. Come in and let us tell you about:

GENESSEE VALLEY NEWS

The weather is so mild and spring-like it seems more like April than February. There is plenty of mud and the ground is bare. The groundhog saw his shadow so we can expect more winter weather yet. No new cases of mumps but perhaps next week will see an increase in the score. A few daily chick price lists are coming to induce one to raise chickens to lay eggs that won't pay for the feed, like lots of other new feed regulations.

Recipe for a Day

Take a little dish of water cold, And a little leaven of prayer,
And a little bit of morning air
Dissolved in the morning air,
Add to your meal some merriment,
And a thought for kith and kin,
And then as a prime ingredient,
Plenty of work thrown in.
But spice it all with the essence
Of love, and a little whiff of play,
Let the wise old Book and a glance
above
Complete the well-made day.

Mr. and Mrs. Lew Jain were Saturday overnight guests at James Magee and had Sunday dinner. Other guests were Mr. and Mrs. Ben Jain and Mr. and Mrs. Jack Magee and baby.

Frank Emerson and Donald Bennett had supper Sunday evening at the home of Mrs. M. J. Johnson, and accompanied Sonny Morken to Kendrick to the basketball games.

Out-of-town visitors for the Johnson wedding anniversary were Clifford Woodrow and Mrs. Karl Reissner of Mt. Home, who are still at the Johnson home; James Northrup of Seattle and Miss Hattie Anderson of Dolle Park.

Duane Flannoe and Shirley Danielson are back in school after a sabbatical leave.

Lt. Gus Rosenau wined his family that he has arrived in the States and will be home soon.

Mr. and Mrs. Howard Broemeling are visiting with the latter's parents, Mr. and Mrs. Wm. Borgen.

Mrs. P. Wedin and many from Blaine attended the J. S. Anderson funeral in Moscow Tuesday. Rev. Anderson preached at the Blaine church for many years.

Wm. Borgen returned home Saturday from Sacred Heart hospital in Spokane where he was a patient.

Mr. and Mrs. Oscar Danielson visited at Adrian Nelson's Sunday afternoon.

Mr. and Mrs. Nilsson of Lenville called at Neils Lande's Sunday afternoon.

Dr. and Mrs. Chas. Magee and their house guest had Sunday dinner at the Neils Lande home.

Mr. Art Tegland is recuperating at John Howe's from a recent operation. The Blue Bird club meeting was postponed until next week owing to the Martinson funeral.

Mr. and Mrs. Dayton Snyder and daughter were Sunday dinner guests of Mr. and Mrs. Robert Berger.

Joan and Sunday at the James Archibald home.

Mrs. J. P. Wedin called on Mrs. Nell Johnson Wednesday afternoon.

Mrs. Lilly Larson attended a party for Mrs. Johanna Nelson at Mrs. Olive Iverson's home. Mrs. Adolph Carlson was also a hostess.

Mr. and Mrs. Vic Danielson and Beverly had Sunday dinner at the Jess Johnson home.

Mr. and Mrs. Robert Berger, Yvonne Elikum, Beverly Bressler, Betty Broemeling and Dorothy Lee attended the basketball game in Kendrick Friday evening.

Mr. and Mrs. James Archibald visited Monday evening at Vic Danielson's.

Sunday school will be at 11 o'clock Sunday. A congregational will be enjoyed at noon and preaching in the afternoon. This is a farewell party for Rev. and Mrs. Veldey, who leave this church the last of the month.

Mrs. Veldey and children will remain in Moscow until school is out. Rev. Veldey goes to do some preparatory work before going to a mission school in Bolivia.

Mr. and Mrs. Hugo Gehrke, Mr. and Mrs. Gus Rosenau and Stanley had dinner Wednesday evening at the W. H. Rosenau home in Lewiston.

Mr. and Mrs. Gus Rosenau and son, Stanley, were Sunday dinner guests at the George Scharnhorst home.

Lighting Research is "MOVING the SUN"

How many times have you wished you could move your kitchen out into the sun-dappled cool of a summer morning?

That's one of the things Lighting Research is planning for you after the war. With only this difference: instead of moving your kitchen outdoors, you can "move the sun" into your kitchen. You'll enjoy lighting that doesn't just compete with darkness, but actually compares with real sunshine! Light that is properly controlled and available night or day, summer or winter. For example:

- * Softer, more abundant light for easier seeing.
- * Ultraviolet for essential Vitamin D.
- * Short-wave ultraviolet that kills germs.
- * Soothing, penetrating heat.

All of these benefits of sunshine and more will be ready for you soon. So why not begin now to plan the lighting for your home of tomorrow. Any home, old or new, can have indoor sunshine.

A Good Feed for Every Farm Need

You cannot get maximum production from your livestock and poultry without good feed, fed properly. It has always been a money-making proposition to feed well. Now, it is a patriotic duty. Our duty is to provide your flock and herds to give you all they are capable of producing. We are attempting to do that as honestly as we know how. Come in and let us tell you about—

GENESEE VALLEY NEWS

The weather man has been giving us a little advance showing of spring weather. Snow squalls, wind, rain and sunshine, but still weather throughout. Some new cases of mumps have made their appearance. This week has four important days on the calendar, Lincoln's birthday, Ash Wednesday, Valentine Day and the World Day of Prayer when Christian women all over the world meet to pray for peace and for the betterment of humanity. The words of Lincoln who believed in a government by the people, of the people, and for the people, still holds a challenge to us today when would-be dictators would like to take away our liberties and enslave us. We need more men like Lincoln now. We are reminded of our first home-made Valentine with the words, "As sure as the vine grows round the stump, you are my sugar lump. Be my Valentine."

Mr. and Mrs. Herbert Berger and three grandchildren of Lewiston spent Sunday at Robert Berger's.
Mr. and Mrs. Wayne Keatts visited at Mrs. Dollie Peterson's Thursday evening.
James Northern has returned to Seattle after a two weeks visit with his brother, Charles, and sister, Mrs. Joyce and Oscar Danielson are the latest victims of the mumps.
Mr. and Mrs. Stanley Sheve, Mrs. Annie Danielson and Clarence, Mr. and Mrs. John Eikum, Johnnie, Yvonne and Rowena Eikum helped Mrs. Leon Danielson celebrate her birthday Sunday afternoon after church. A birthday cake and coffee were enjoyed.
Mr. and Mrs. Howard Beck and children of Spokane spent the week end at Delos Odenberg's.
Sunday evening supper guests at August Johnson's were Mrs. Dollie Peterson, Mr. and Mrs. Vernon Peterson and James and Charley Peterson. Mrs. Ida Reisinger and Woodrow and Clifford Johnson returned to Mt. Home Monday after a two weeks' visit at August Johnson's. Mrs. Betty Anderson and Gary accompanied them as far as Boise.

Mr. and Mrs. Ingle Anderson spent Friday at Ed Morken's.
Mrs. Neis Lande, Mrs. Sam Lange and Mrs. Leon Danielson were hostesses at a lovely shower for Mrs. Howard Broemeling (Arlene Borzen) at the Lange home Friday afternoon.
Mrs. George Nelson was in charge of games. The bride received many nice gifts and a delicious lunch was served by the hostesses.
Mr. and Mrs. Gus Roenau and Stanley called at August Johnson's Thursday afternoon. Mr. and Mrs. Neis Lande called Friday evening.
Miss Jean Tunnel, cadet nurse at Whitworth College in Spokane, spent the week end with her sister, Mrs. Delos Odenberg.

The Geneese Valley church had a congregational dinner Sunday as a compliment to Rev. and Mrs. S. P. Veiley. A silver purse was presented to the Rev. Veiley leaves in two weeks for California.
Mrs. Chas. Kramer is visiting at the Wm. Borgen home.
Leo Brethold, RM-3-c of St. Louis, Mo., spent the week end with "Mom," Wedin. He is a graduate from the radio school at Moscow in 1944, and has been on a destroyer. He came to visit while his ship was undergoing repairs.
Joe Broemeling, Betty and Marjorie Broemeling, Mrs. Ben Holliday and Maxine Kamblisch, and Mr. and Mrs. Howard Broemeling were the dinner guests Thursday evening of Mr. and Mrs. W. O. Borgen.

Mrs. Art Tegland and Douglas Gilber and Mrs. Wm. Borgen and Darlene spent Wednesday at Fred Hoves. Mr. and Mrs. H. Broemeling were at John Eikum's Sunday evening.
Gladys Taufen, Donna and Wally Eglund, Mrs. Harry Eglund, Mrs. John Eikum and Yvonne and Gene Eikum attended the basketball game at Kendrick Monday evening.
Mr. and Mrs. Frank Horman visited at Fred Hoves Sunday evening.
Don Borge spent several days at home last week between semesters at the University of Idaho.
Fred Tech visited at Fred Hoves' over the week end.
W. B. Jones had dinner Monday at Wedin's.

Lenten Thought
We are travelers on the road of time, each tick of the clock marks a footstep; each rising and setting of the sun is a milestone on the way. Soon we shall reach our journey's end. And the things of time will give place to the really and eternally. Surely, if ever we were made to feel the uncertainty of things here, it is at the present time, for death's daily taking its awful toll of men, women and children in this great war among nations. In times like this when there is so much to make us think seriously, it is important that we be awake to eternal realities, that we realize that Christ suffered and died for the sins of men and that he did not die in vain. Salvation is ours through faith in him.

Entertain at Dinner and Cards
Mr. and Mrs. Dick Zeimantz and Mr. and Mrs. Fred Bausher entertained Saturday evening at dinner and cards for Mr. and Mrs. George Post, Mr. and Mrs. Francis Ulve, Mr. and Mrs. John G. Meyer and Mr. and Mrs. John Liberg. The party was at the home of Mr. and Mrs. Zeimantz with Valentine Day being the inspiration for room and table decorations. At cards played during the evening, George Post won high award and Mrs. Post, consolation.

CAPITAL STOCK INSURANCE... at its best!

The giraffe and the turtle tell their own story... They help to remind you that ELECTRICITY, almost alone among household necessities, IS STILL SOLD AT LOW PREWAR PRICES.
You realize HOW low these prices are when you know that the average American family now gets about TWICE as much electricity for its money as it did 15 years ago.
If your bill isn't smaller, it is because you have more electric servants and are using more electricity today than you did then.
The credit goes largely to the hard-working men and women of your electric company. Their skill and experience—plus the planning and foresight of sound BUSINESS management—have made this record possible.

WOMEN... this is a desperate call for help

Today, in America's Army General Hospitals, there are men who ask for water... and must wait. There are men who need fresh surgical dressings or bandages... and must wait. Every day, a parade of stretchers more than a mile and a half long brings one thousand more wounded veterans home. But even now, our hospitals are dangerously short of women medical technicians... and nurses are over-burdened to the point of nervous breakdown. Must our men endure unnecessary pain, and discomfort, and bitterness, because there is no woman's hand to help them? These may be cruel words... but they are printed only to tell you that this is one responsibility we must meet—NOW. America has plenty of hospitals. Plenty of comfortable beds, and clean white sheets, and medical equipment of every kind. What we need—and need desperately—are women to serve as Medical Technicians in the Women's Army Corps. These women will be trained in the finest of schools... trained to handle a dozen kinds of specialized hospital work. They may serve with other women of their own localities, if they wish, in some designated hospital. As they put on the uniform of the WAC Medical Technicians, these gentle, compassionate women will bring the greatest gift of human kindness to the men who have fought our war. Mail the coupon below. Don't wait... don't wonder... don't hesitate. Clip the coupon, sign it, mail it, and get the facts. Your inquiry will not obligate you... but it will speed the process of sending help to the wounded. PLEASE send me full information about the WAC MEDICAL TECHNICIANS and the Purple Heart Units now being organized. Name: Address: City: State: U.S. Army Recruiting Station (WAC) 224 S. W. LEW BERSHAW READS NEWS OF HOME DATED SEPTEMBER

Lew Bershaw, with a combat engineer unit in Germany writes: "Dear Pete: "Just finished reading the September 15th issue of the Genesee News. A little late, but it's all news to me. First, I want to thank the Legion for the air mail stationery. It sure came in handy over here.

"Pete there's not much news from this end, other than what you have already heard or read in the papers. The Russians seem to be going great gun over here.

"We have our share of cold weather and snow here, but I suppose you are also having some cold weather back there by now. At the present I'm down in the basement of what once was a house before a few shells and what have you, hit it. There's nothing left but a bunch of debris and this basement, but I'm beside a warm fire, where others are still in fox-holes, so I can't complain.

"Enclosed with this letter is today's Stars and Stripes. Thought you might be interested in reading it.

"I'll close for now and again thank you and the Legion for the paper. You or not, it's always welcome. Tell all my friends, hello.—Lew Bershaw. Note: Thanks for the Stars and Stripes. Always glad to read it. Has been just like spring some of the days, sunshine and nice. Suppose it will turn that way for good in about a month.

"Well, it's about time forchow so guess I'd better close with the saying 'Food will win the war, but how will we get the army to eat it.'

"Thanks a lot for the News. Received the one of Jan. 19 that you sent to Memphis, and was glad to get it. It really helps to hear all about the happenings in the thriving little town. Will close for this time.—Fred J. Morscheck 82-c."

Address: Fred J. Morscheck 82-c, A. M. M. School, Box 32-A-45, Bks. 50, N. A. T. T. C., Norman, Oklahoma.

RED CROSS DRIVE UNDER WAY
LATAH COUNTY QUOTA \$22,100

Beginning March 15 the American Red Cross started its annual drive for funds to meet its needs for the coming year. It is perhaps unnecessary to mention the many things the Red Cross is doing both at home and in foreign countries to provide for the comfort and their families. But just to mention a few:

1. Prisoner of War Packages—Last year 10,800,000 food packages were packed by the American Red Cross and sent to allied prisoners of war. In addition medicine kits, comfort kits, seeds for planting gardens, recipe books for preparing meals and many other useful and necessary articles were sent to military and civilian prisoners of war.

2. Red Cross Clubs—More than 800 overseas clubs operated by the Red Cross last year served 65,000 meals and 3,500,000 servicemen and their families. More than 2,000,000 communications were handled.

3. Home—Assistance services furnished by the American Red Cross ranging from distaster relief at home to the furnishing of homesick soldier who is abroad.

The total national quota this year is \$200,000. Latah county's quota is \$22,100. This is less than \$10 each for the servicemen from this county. Surely we cannot afford to do less than this for the comfort and assistance of our boys! Only about 80 cents a month for the extra comfort and cheer the Red Cross can bring to them.

How many times a day do you hear people saying longingly, "I wish this war would end. The hoodshed and suffering are so horrible, and we seem so helpless. Is there nothing we can do to make it easier?" Yes, there is a way. Every American has a personal envoy in the American Red Cross. Only through voluntary support may this vast organization be kept up.

When you give to the American Red Cross, you pack food parcels for prisoners of war, you help in the processing of whole blood into life-giving plasma. You may save a life somewhere on the desert—in a submarine—in a hospital. When you give your meagre time it will taste better if you know that in Germany or Japan or Russia there is a man languishing in a dismal prisoner camp has received a message of hope and love from America.

Give generously to the Red Cross. It is your representative to the boys away from home.
Miss Esther Martinson is the local chairman for the Genesee district, and within a few days committes to work in the various school districts and in Genesee will be named. In the meantime you may present your contribution to Walter Emerson, local secretary.

BASKET SOCIAL
The Pythian Sisters will sponsor a basket social and entertainment Saturday evening, March 17. Plan to attend.

SCRAP PAPER DRIVE TO START
Genesee Boy Scouts will collect all your scrap paper Saturday, March 13, both in the country and in town. They will start at 9 o'clock in the morning. Please tie paper in bundles for easy handling.

SCHOOL TIME CHANGES
Effective Monday, March 5, Genesee school buses will operate on the schedule adopted at the beginning of school. Buses will pick up students to arrive in Genesee for opening school in the morning at 9 o'clock.

Monday Bridge Club
Mrs. N. M. Leavitt and Mrs. W. M. Herman entertained the Monday Evening Bridge Club at the home of Mrs. E. D. Pederson and Mrs. Glen Sampson Wednesday afternoon. Mrs. Mahlon Follett was an invited guest.

The district basketball tournament is over. We are all proud that our boys' team qualified to play in it. They were eliminated but we all had a wonderful time just getting to see them play. The score of the game which eliminated them from the tournament was 36-28, showing that we were a close, hard-fought engagement.

Tommy Drescher, who is now somewhere in France writes: "I will drop you a few lines in the next few days. I received a few copies of the paper while I was in England but there are still a few on their way. Sure hope you received the other letters I wrote thanking the Legion for the Christmas package."

Well, skin me, Jackson—what is all this? Are somebody's feet getting dull? If they were they are not more by the looks of all, and I mean the colored shoestrings which our students of Genesee high purchased in Lewiston. And the crazy way Jake tie them—my word, I can never make a notice, have two completely different sets of string' end up. Ted Rosenau wears a daffily color one on each foot. Dick and Walter have some very bright yellow ones. I see quite a few of the girls have different colored plaids, polka dots et cetera.

Lawrence Isaksen, more commonly known as "Zeke," also graduates this coming May. Lawrence was born on February 11, 1927 at Genesee, Idaho. He attended five grades at the Grey Eagle school and came to Genesee in the sixth grade. Zeke played drums in the band for one year. He was secretary-treasurer of the Junior class, and he passed the army is a sure bet for him. His comment about school is: "I will miss the great old place, but I am glad to graduate." The old place won't be the same without you, Zeke, we assure you—and good luck, always.

Marie Hoorman is another member of the Senior Class of 1945. She was born on September 16, 1927, in Lewiston, Idaho. She went through grade school at St. Joseph's and all four years of high in Genesee public. Leon Archibald and Marie are two students who have completed their studies together. In high school Marie participated in a number of activities. She played the clarinet in the band for orchestra. She also played in the orchestra. In her sophomore year Marie took part in two speech class plays. In her senior year, Marie was secretary keeper for the girls' basketball team. She was elected treasurer of the Student Body for 1944-45. She is planning to attend the University of Idaho next fall.

Maurice Krier, who is now back with his outfit, but assigned to headquarters, writes his parents, Mr. and Mrs. John Krier, that he is doing all right, and is somewhere in Belgium. Maurice was known to have sustained injuries in combat, and was now comes that he has been in a hospital twice and has received the Purple Heart with cluster. He was first hospitalized in France and later taken to England. He is with a reconnaissance squadron.

Mrs. J. P. Hermann plans to leave today (Friday) from Lewiston for Long Beach, Calif., for an extended visit with her parents, Mr. and Mrs. W. N. Gibb. Returning March, Mrs. Hermann made from Long Beach, where while her son, Pvt. Phil Hermann, was on furlough before going to Fort Ord, Calif.

Standard Oil Co. of California, through their representative in this territory, Ed Anderson, turned over to J. W. Emerson at Genesee the sum of \$125, which is their contribution for Latah county. Ten per cent of this sum will be retained as Genesee's portion and the balance will be forwarded to the chapter at Moscow for distribution to other Red Cross units in the county.

Big Season for Girls' Basketball
The girls of Genesee completed their basketball season Friday, February 16 at Kendrick. This proved to be a most interesting game as the score was tied at the half and again at the end of the game. In the two minute overtime where two baskets to lead by 4 points.

Well, skin me, Jackson—what is all this? Are somebody's feet getting dull? If they were they are not more by the looks of all, and I mean the colored shoestrings which our students of Genesee high purchased in Lewiston. Dick and Walter have some very bright yellow ones. I see quite a few of the girls have different colored plaids, polka dots et cetera.

Three seniors will be lost to the school for next year. They are Pat Magee, John Hampton and Dorothy Anderson, also our scorekeeper who was on hand for every game of the National Short-horn Breeders Association and manager of the sale and sale of A. T. Wright and Noel Wright, other Short-horn breeders of this area, have one head each in the sale and show.

Ward 3—Mrs. Francis Ure and Miss Esther Martinson.
Ward 4—Miss Pauline Steltz and Mrs. W. W. Burr. Mrs. David Kuehl and Mrs. Lloyd Esser.

People residing in the several districts and in the four fire wards of Genesee will be contacted by members of the committees, but if you so desire you may call at the Genesee Motors where Walter Emerson, secretary of the local Red Cross unit, will accept your contribution and credit the amount to your district or ward in plan to start solicitation within a few days and hope to obtain the quota for this community within a short time. All committee members would welcome presentation of your contribution to them and in that manner their time would be saved and the drive may be completed early.

The Genesee quota is \$2,150. Red Cross Funds Needed
In addition to demands for funds by services to our armed forces the Red Cross is now confronting during the flood which is inundating many communities in the east and driving hundreds of families from their homes.

War Need Growing
Assistance to the armed forces and Americans held captive by the enemy is making an increased demand on the Red Cross. Anxious relatives are appealing to the Red Cross to get word to their sons and husbands, daughters and wives, and the Red Cross is also the blood donor campaign conducted by the Red Cross is saving lives of thousands of our men. Those people who are giving their blood are also donating money. Many of them are also donating money. Many of them are also donating money.

GENESSEE VALLEY NEWS

A little return engagement of winter was staged Sunday night when the mercury hovered around zero. It warmed up Monday and Thursday with some snow flurries. Farmers are skeptical as to prospects of winter wheat. At best it got a poor start last fall and much freezing and thawing this month will not add to its chances of survival. Pea acreage has been cut in half as some farmers are greatly inconvenienced by the new ruling. The price of peas is one cent less than last year. According to government weather men we need two inches of rainfall in March to bring up the normal precipitation and insure good crops. Don't forget to give to the Red Cross drive, even though the war should end. The Red Cross has many peacetime needs. Floods, fires and earthquakes all take their toll and the Red Cross is always the first one on the job to help.

Rev. Chris Thompson of Coeur d'Alene Homes will preach Sunday afternoon. Sunday school will follow. Mrs. George Nelson went to Graham, Wash., Monday to help her father dispose of household goods. He has sold his home there.

Mrs. Mary Johnson visited with Mrs. Dollie Peterson last week and at Ole Johnson's this week. Roy and Bill Sexton of Twin Falls are visiting at Allen Sather's for a few days.

Mr. and Mrs. R. E. Nordby and Mrs. Chas. Kramer went to the Coeur d'Alene Homes to meet and Mrs. Kramer visited her aunt, Mrs. Rachel Lovig.

Mr. and Mrs. Herman Hansen of Clarkston spent Tuesday at Wm. Borgen's. Friends of Miss Theo Smith will be glad that she is able to be moved to her home and will probably be able to sit up in two weeks. Miss Eva Christensen is taking care of her.

Mrs. Robert Dingle of Moscow visited Mrs. Ole Johnson Monday afternoon. Sunday dinner guests of Mr. and Mrs. Nels Lande were Mrs. Marie Michelsen, Misses Esther Martinson and Frieda Hermann and Mr. and Mrs. George Nelson. Pete Lande visited during the afternoon.

Mr. and Mrs. Harry Christensen of Creston, B. C., Wm. Christensen of Tegland, Art Borgen and Fred Hove had dinner at Wm. Hove's last week. Mr. and Mrs. Vic Danielson and Beverly spent Sunday at Leon Danielson's. Mr. and Mrs. Don Greenwell visited at Gus Rosenau's Thursday evening.

Art Tegland went to Chehalis this week to visit his father. Sunday dinner guests of Mrs. Gus Botzger were Mr. and Mrs. Gus Rosenau and Stanley, Lt. and Mrs. Gus Rosenau Jr. and baby, Mr. and Mrs. Robert Bottjer and Mr. and Mrs. Henry Bottjer of Moscow, Mr. and Mrs. John Myers and Jess Myers of Lewiston.

Mr. and Mrs. R. E. Nordby called at Ed Morken's Sunday afternoon. Yvonne Eikum and Beverly Bressler spent three days in Lewiston last week attending the basketball tournament.

Mr. and Mrs. R. E. Nordby, Mr. and Mrs. John Luedke, Mr. and Mrs. Victor Danielson, Mrs. Oscar Danielson, Clarence Danielson, Mr. and Mrs. Ed Morken and Irvin Iverson went to Moscow Monday evening to join with members of Our Savior's church in the call of Rev. Dahlin of Butte, Mont., to the church as pastor. This is the fourth call they have placed for a pastor but few want to make a Moscow Monday.

Mr. and Mrs. Sam Lange and David, and Ray Wedin are attending the stock show in Spokane three days this week. Mr. Lange took five purebred Shorthorns to the sale. Miss Tillie Triplett, attending school in Lapwai, visited her sister, Mrs. Vernon Peterson from Thursday until Sunday.

George, Ethel and Mrs. August Johnson, Mrs. Dollie Peterson and Mrs. Mary Johnson attended the funeral of Mrs. Hannah Pierce. She is an old-time friend of the family. She died in Portland. Rev. and Mrs. Walter Hitchcock of Moscow spent Friday at the August Johnson home.

Jim Lande, brother-in-law of John Hove, died Sunday at Kennebec. He lived many years on the farm now farmed by W. O. Borgen.

Mr. and Mrs. Ray Lincham had supper at Jim Magee's Saturday. Lars Johnson is visiting at John Hove's the past week.

Mrs. August Johnson entertained at a birthday party and dinner Wednesday evening for her husband's 86th birthday. Guests were Mrs. Annie Danielson and Clarence, Elmer Swenson, Mr. and Mrs. Vernon Peterson, Chas. Northern, Mrs. Dollie Peterson, and Mr. and Mrs. Ole Johnson. Mr. Johnson received many cards and gifts and had a fine birthday cake with the dinner. Congratulations. Thursday dinner guests at Art Teg-

lands included Lars Johnson, Mr. and Mrs. Wm. Hove, Virgil Hove and John Hove. Jane Lange is visiting at the Jess Johnson home this week. Mr. and Mrs. Fred Hove called on Mr. and Mrs. Herman Hansen in Clarkston Saturday evening.

Lenon Thought These are days when we are given many opportunities for rendering Christian service. We may not be capable of great things but we can do all the little things that do not require extra skill or energy and may mean much if done in the right spirit. It takes so little to make people happy. Just a touch, if we know how to give it. Just a word fitly spoken, a slight readjustment of some bolt, pin or bearing in the delicate machinery of a soul. It is our privilege as well as our duty to do the cheering word, to do the kindly deed which helps us on our journey. Give help and encouragement to those who need it. It may have a far reaching effect. You will find out as you look upon your life that the moments which stand out are the moments you have done things for others. "Help us to help each other, Lord. Each other's cross to bear; Let each his friendly aid afford, And feel his brother's care."

DON BRUEGEMAN MISSING

T-Sgt. Donald A. Bruegeman, a grandson of Mr. and Mrs. Andrew Hasfurther of Genessee, and whose home was at Craigmont, has been reported missing in action over Hungary since Feb. 14, the War Department has notified his parents, Mr. and Mrs. A. A. Bruegeman.

Sgt. Bruegeman, overseas since September, 1944, was serving with the 15th AAF and was stationed at a base in Italy. His bomber had participated in raids on oil refineries in Germany, had struck at targets in Poland, Austria, France, Hungary and Czechoslovakia and had bombed the railroad bridges in Brenner Pass.

Sgt. Bruegeman is well known at Genessee, and he often visited here with his grandparents and other relatives.

Where a Million Dollars Is "Coffee Money"

—From a Potlatch Forests, Inc., man in Corsica

It has been a long time since I have seen any of you, but I get the company magazine regularly and am pretty well posted on what you fellows are doing back home. It makes me proud too.

We use a hell of a lot of most everything over here and when I say a lot, I'm not kidding. You can have no accurate idea of how much unless you've seen part of it. A million dollars would be mere coffee money.

I get to see quite a bit of Idaho White Pine where I am. All our aircraft engines come crated in White Pine, but there are no markings on the boxes to indicate what will produce the lumber. No doubt some of it comes from Best of luck to each of you for 1945... and may peace come with it.

—Pete.
T/Sgt. R. J. Peterson

Yes... some of the lumber mentioned undoubtedly came from P. F. I. More important, we're still turning it out and trying hard to increase the output. Meantime, we're eagerly thinking ahead to the day when Sgt. "Pete" Peterson in the production of lumber and wood for homes and peace.

VISIT DAUGHTERS IN SERVICE Mr. and Mrs. A. C. Linehan returned Thursday morning from a visit with their three daughters in California, all members of the Army Nurse Corps. They are Capt. Marjorie Linehan, 1st Lt. Catherine Linehan, and 2nd Lt. Bette Linehan. Leaving Genessee Feb. 9, Mr. and Mrs. Linehan went to Portland to attend funeral services Saturday, Feb. 10 for Mrs. J. C. McKirman, an aunt of Mr. Linehan. They remained in Portland a week before reservations were obtained to travel to San Francisco. They were met at San Francisco by Lt. Catherine Linehan, who is now at the Station Hospital at Ft. McDowell, remaining with her overnight, they left for Santa Barbara to visit a few days with Capt. Marjorie Linehan, who is stationed at Hoff General Hospital. Capt. Linehan was granted an 8-day leave, and accompanied her parents to Los Angeles where they visited the Robinson family, relatives of the Linehans, for two days and then the three went to Van Nuys to spend two days with Lt. Bette Linehan, who had just arrived at the Birmingham General Hospital, after completing her training at Madigan General Hospital in Tacoma. Leaving Van Nuys Mr. and Mrs. Linehan accompanied Capt. Linehan back to Santa Barbara, and returned to San Francisco Feb. 28. In San Francisco they again visited Lt. Catherine Linehan and were permitted to visit the hospital grounds at Ft. McDowell before leaving last Sunday for Spokane.

Catherine Linehan received her promotion to first lieutenant while her parents were in California. In Spokane Mrs. and Mrs. Linehan visited two days with Mrs. J. W. Barstow, a sister of Mrs. Linehan. Mr. and Mrs. Linehan thoroughly enjoyed the trip as their daughters had arranged for accommodations for them nearby the hospitals at which they are stationed. Several large hotels have been taken over near the army hospitals to accommodate relatives of veterans who wish to visit hospitalized men and women. Mr. and Mrs. Linehan were told by their daughters of their busy life and the great need for nurses.

IT'S EASY AS A B C TO SEE THAT GOOD INSURANCE NEED NOT BE EXPENSIVE!

A—GOOD INSURANCE is insurance that comes to the financial rescue of a family by promptly paying cash in time of need.

B—This kind of insurance need not be involved with cash or loan values which naturally increase the cost of insurance.

C—An Idaho Mutual policy does not offer you cost-increasing "extras." . . . You get INSURANCE ONLY, and you PAY for insurance only.

HERE'S PROOF that good insurance can be yours at very little cost: It has never cost more than \$10 a year to maintain a \$1000 Idaho Mutual life policy. A single policy will provide one or as many of your family as you wish with Life Insurance, Specific Accident Benefits, Benefits for Total and Permanent Disability from ANY Cause, and Disability Old Age Benefits. BOY SCOUTS RECEIVE AWARDS
Boy Scouts of Genesee entertained their parents at a banquet Tuesday evening at the K. P. Hall when 48 were in attendance. The banquet was prepared by Mrs. H. Flerching and daughter and Mrs. J. M. Rabaud. Kenneth Bickmore, district field representative of Lewiston was present and gave a talk on scout work, and presented merit badges to Donald Lee, Donald Bennett and Frank Emerson. Donald Lee and Ed Morken, Jr. received the Scout Star Rank, which was presented by Rev. Melford Knight, assistant scout master. Burton Peterson, the only Genesee boy to ever earn a Scout Life Rank, received his award from J. M. Rabaud, local scoutmaster. It was recalled that two other Genesee boys had become Star Scouts a few years ago, Everett Wishard and Dan Pederson, both now with the navy somewhere in the Pacific, and Donald Lee, Ed Morken, Jr., Donald Bennett and Burton Peterson were the first to receive the award since that time.

Kendrick Places First
Kendrick and Kamiah, each with one defeat played for the championship Monday evening in an extra game, with Kendrick winning by the close score of 36 to 34. Genesee, considered one of the contenders for the title in the B tournament, just couldn't hit their stride. The Bulldogs lost a close game to Troy and finished two points behind Ferdinand.

Missionary Society
Eleven members and four visitors attend the Community Church Missionary Society at the home of Mrs. James Cameron Tuesday afternoon. The meeting was conducted by Mrs. Raleigh Hampton, president. A set of slides was shown by Mrs. Lloyd Wilson and Mrs. Adrian Nelson was in charge of the program. Delicious refreshments were served by Mrs. Cameron and Mrs. J. P. Hermann. The guests were Miss Esther Martinson, Mrs. Hannah Swenson, Mrs. Clinton Herman and Mrs. Mary Himmelreich of Carstairs, Alberta, a house guest of her daughter, Mrs. James Myers.

Attend Family Reunion
Mr. and Mrs. Harry Scholer returned Wednesday evening from Puyallup, Wash., where they joined relatives for a family reunion. They were away for ten days. Other members of the Scholer family present were Mrs. Dick Lent of Long Beach, formerly Miss Margaret Scholer; Charles Scholer of Coeur d'Alene; Phil Scholer and wife of Sprague, and Mrs. Louis Steltz and Ben Scholer of Puyallup. Mrs. Ed Pawley of New York and Mrs. Jim Dye of Coeur d'Alene were unable to be present. Leaving Saturday, Feb. 24, Mr. and Mrs. Scholer made the trip from Spokane to Seattle by Northwest Airlines, but were unable to obtain reservations for the return trip. Accompanying them from Spokane was their daughter, Cadet Nurse Jean Scholer, training at Sacred Heart hospital, who spent Thursday in Genesee. Mr. and Mrs. Peter Steltz of Puyallup, former residents of Genesee, asked to be remembered to friends here.

Tuesday Card Club
Mrs. Anna Hanson entertained the Tuesday Card club this week when Mrs. James Magee won high award; Mrs. Robert Berger, second high, and Mrs. Kenneth Dean, consolation. Invited guests were Mrs. Wm. Cunningham, Mrs. R. E. Edwards and Mrs. David Kuehl.

WHEAT GROWERS REQUESTED TO RELEASE ALL REX WHEAT
The Commodity Credit Corporation announces railway transportation will be available for movement of Rex wheat from inland points, as soon as the grower and owner releases it by the sale of such wheat under the federal loan program. Frank Hoorn, manager of the Genesee Union Warehouse company, has received this information from the CCC, which is an announcement that the purchase price by the governmental agency will be the loan value at the point of storage for the grade and quality of wheat as evidenced by warehouse receipt plus 15 cents per bushel. Carrying charges will be deducted as follows: (a) The unpaid amount of the note, and (b) interest computed at 10 per cent per annum on the amount of the note from the date of disbursement to the end of the average year for the loan in which the wheat is stored. The storage year ends June 30, 1945. (c) Accrued unpaid storage charges to June 30, 1945, storage charges accrue at 1-30 per cent per day for the first 210 days if received by wagon or truck, and 1-30 per cent per day for the first 180 days if received by rail or water.

Who's Who
Wayne Jacobs, "Jake" to all you people, was born September 17, 1926, in the big town of Genesee. He started school at St. Joseph's high school there and at the angle school through grade school. Jake graduated in a few months with the rest of the lucky seniors. Basketball has been Jake's one love throughout his high school life. He turned out all four years and played on the "A" team for three. This year, Jake holds the office of president of the boys' club. Wayne has not definitely decided as to his future yet. About school Jake to look forward to? "If you mean that Jake, we wish you did too, but it looks as if we must all graduate, so 'good luck in the future.'"

FIRE THREATENS GAS PLANT

Henry Manderfeld, who sustained second-degree burns on the right leg and hand, is in the Gritman hospital at Moscow for treatment. He was rushed to the hospital last Friday morning when fire threatened the Conoco wholesale storage plant. Mr. Manderfeld was filling the small gas truck when he noticed fire along his right leg. He attempted to extinguish the blaze with his hands by using cinders along the railway right-of-way, which caused the burns to his hand. With his overalls still burning some he drove the tank truck away from the warehouse, and ran to one of the large tanks from which he was drawing gas to shut off the valve. Considerable gasoline spilled on the ground in front of the warehouse and tank filling station, and this was ablaze when firemen responded and controlled the flames. Mr. Manderfeld had thrown the electric switch which started the pumps, and it is thought gas was being delivered to the tank when he saw the fire about his right foot. Origin of the fire is not known. Mr. Manderfeld was reported recovering satisfactorily Thursday and it is believed that he may be able to return home in a few days.

While members of the fire department were fighting the blaze on the north side of the warehouse, their work seemed rather dangerous and until the blaze was under control onlookers remained at a safe distance from the three large storage tanks. Damage to the plant was estimated by John G. Meyer, operator of the bulk plant, to be about \$50.

OTTO BORGEN DOING O. K.
From Otto Borgen, who has been overseas a long time with a military police unit, comes the following: "Dear Everyone—How are you all around home. I am still over here. Have been on the move since I left back that I sure hope to be moving city that I way dam soon. One more thanks for sending me the newspaper. I haven't been getting it regular for a time. And give my thanks to the Legion for the air mail stationery got some time ago. Will close now. Hope you are all well.—Otto."

ENGLISH WEDDING BELLS
A U. S. air corps man in England, writing to relatives here tells of going to London to witness a wedding. His words: "One of my friends here at the base weakened and made the great decision. I didn't see what hit him, but she appears to be a pretty decent sort of girl. There certainly have been a lot of marriages over here, so Uncle Sam will have to build a larger navy and merchant marine if he's going to ship them all home. The officers have to ship their wives back to the tune of about \$500, and to know that's an expensive English souvenir to send home. Another fellow I know is shipping his ball and chain home in about a month. Anyhow, it's a break for the girls."

RED CROSS DRIVE UNDER WAY GENEESEE HAS QUOTA OF \$2,150 Committees to solicit funds for the American Red Cross opened the campaign in this community this week to raise \$2,150 as the quota given by the Genesee community, its part of the \$22,000 to be raised by Latah county.

Some committee members are reporting contributions received, but on Thursday there was no complete returns. In the house-to-house canvass being made solicitors find that some people are not at home, and those who have not made donations will be conferring a favor if they will please leave their money with Walter Emerson, Red Cross secretary.

Miss Esther Martinson, local Red Cross chairman, who announced the several committees named, urges everyone to make their donations as soon as possible.

Red Cross Helps Those in Need Those who have had reason to call upon the Red Cross for assistance in wartime, realize one of the big jobs the organization is doing. If a person has no reason to consult the Red Cross one sometimes believes the Red Cross may not be meeting every demand for which it is intended. To the person who needs the Red Cross its work is appreciated.

Emerson 398.50 Total \$2,799.00

The one district not listed above has not completed its canvass and there may be donations to be credited to the districts and also in town.

W5 WILLIAM J. CLARK HOME FROM 35 MONTHS OVERSEAS T5 William J. Clark, son of Mr. and Mrs. Wm. M. Clark, Julianna, arrived home Saturday from the Philippines. He is the grandson of Walter Clark, deceased.

The returned infantryman was with one of the first divisions to see action in New Guinea. He participated in the New Guinea and Papan campaigns and in the Philippines Liberation and wears the ribbons for Presidential Citation and the Combat Infantryman's Badge.

Clark was with Andy Zenner, Gilbert Hall and Roy Wedin, also back in the States. He entered the service January 8, 1942 and was overseas for 35 months with his active combat division.

BROTHER LOST ON IWO JIMA Mrs. Edgar Carlson received the sad news Thursday morning that her brother, Cpl. Harold C. Glenn of the U. S. Marine Corps, had been killed in action February 26, on Iwo Jima. The telegram came from the Navy Department to her parents, Mr. and Mrs. John Glenn, at Julianna, and they immediately telephoned their daughter at Genesee.

Cpl. Glenn had been overseas a little over two years, and he left the west coast Jan. 10, 1943. He is a veteran of campaigns on Bougainville, Eniwetok, Kwajalein, New Hebrides and Guam. He was stationed at different times at Guadalcanal and in New Zealand.

Besides his parents at Julianna and his sister at Genesee, the Marine is survived by two other sisters, Mrs. L. W. Hook of Clarkston and Mrs. Andy Cox of Kendrick, and by four brothers, Roy, Bruce and Fred, all of Kendrick, and Albert of Cameron. Mr. and Mrs. Glenn last heard from their son about five weeks ago and at that time he was at Guam. Mrs. Carlson and daughters left Thursday night for Julianna to be with relatives.

RELEASED NURSE ASKS REST THEN WILL "HELP WAVE" "I want to get back to the States, rest up and visit my relatives and friends, and then help get this thing over with," Lt. (jg) Mary Rose Harrington, navy nurse, daughter of Mrs. Petra Harrington of San Diego, Calif., said when she arrived in Pearl Harbor after three years' internment in a Japanese prison camp in the Philippines, a delayed navy dispatch reported March 13.

Cousin of E. D. Pederson Lt. Harrington is a cousin of E. D. Pederson, Genesee. Her father died about eight years ago while he lived in South Dakota, but when Miss Harrington received her commission as a nurse, to be stationed for a time at San Diego, her mother moved to the California city.

From the San Diego Union is taken the following and also the first paragraph: Of the 11 navy nurses who stepped from a plane in Hawaii, Lt. Harrington plans to return to this country soon. Wearing an emergency issue of clothing obtained after her release, she was issued a navy uniform and a hat. She has a dress made of blue denim, one-piece slacks bleached and worn, still retaining a military Banos prison camp wear in Los Angeles.

Perhaps the most unusual of her garments was an undergarment made of cord and knitted with home-made bamboo knitting needles. All of the wearing apparel was self-manufactured, she said, and most of the material came from the Red Cross in New Guinea. He participated in the New Guinea and Papan campaigns and in the Philippines Liberation and wears the ribbons for Presidential Citation and the Combat Infantryman's Badge.

THE BULLDOG'S PEN Editor.....Marie Hampton Asst. Editor.....Pat Nelson Sports Reporter.....George Follett News Reporter.....Beverly Anderson Feature Writer.....Joan Edwards

Editorial "My, such rotten weather," and "What an awful day," are two common expressions heard around G. H. S. these days. But don't give up hope, students, remember this is still cold, blowy March. April follows soon with its warm, sunny days, and the Sneak and Painting for the Seniors, banquet, dances, picnics and the Prom for all of us. And speaking of the Prom, say students, don't forget to turn in the names of those whom you wish to invite, and boys, get your dates lined up someone might beat you to her! This week saw the first in of Spring and also the beginning of the last nine weeks of school. We'll probably all have spring fever soon, so let's all shine as we hope the sun shines from now on.

The Nite Hawk Boy! Am I ever glad that last week is over. Tough quizzes, weren't they? But then the smiles on those test faces had a satisfying gleam. I understand that the quizzes given by the seniors, navy nurse, daughter of Mrs. Petra Harrington of San Diego, Calif., said when she arrived in Pearl Harbor after three years' internment in a Japanese prison camp in the Philippines, a delayed navy dispatch reported March 13.

Cousin of E. D. Pederson Lt. Harrington is a cousin of E. D. Pederson, Genesee. Her father died about eight years ago while he lived in South Dakota, but when Miss Harrington received her commission as a nurse, to be stationed for a time at San Diego, her mother moved to the California city.

LOUIS WILSON COMING HOME Mr. and Mrs. Gerald Wilson, who own and operate the cafe for the Holton's Cafe, received a telegram Tuesday morning from their son, Cpl. Louis Wilson, that he had arrived in the States and would be in Genesee as soon as his furlough was granted.

Cpl. Wilson enlisted five years ago at the age of 15 years, and was over-see in the African, Mediterranean, and European Theaters of Operations. He reached foreign soil in December of 1942 with a tank battalion. His parents heard recently from him that he had been transferred to a military commissariat squadron and was in on Fort Knox with an armored unit, and after his enlistment he first went to the Belgium and Germany campaigns. After his graduation, he "hate to graduate, because I liked school very much." She plans on entering the University of Idaho next year. Good luck in College, Pat.

Ted Rosenau first saw the light of day in Genesee, Idaho, on July 8, 1928. He entered school in the Genesee public and attended there and at the Leon school during eight grades. He had attended high school here for four years and graduated in 1944. He played trumpet in the school band for two years and turned out for basketball for three years. In his Junior and Senior years, Ted has played on the "A" team. He says he liked school and doesn't like to leave. Gosh, what a mess for these kids! Ted is one wrong with these kids; he who plans of college in the fall. Whatever you do, Ted, here's wishing you all the success in the world.

Non-Rationed Fashions Well, talk about clashin' fashions. I sorta think our school really has a dashin' one. The beam-speakin' of the Seniors, navy nurse, daughter of Mrs. Petra Harrington of San Diego, Calif., said when she arrived in Pearl Harbor after three years' internment in a Japanese prison camp in the Philippines, a delayed navy dispatch reported March 13.

HERMAN AND PEDERSON MEET VISIT 5 DAYS AT NAVY BASE Charles Herman RM2-c, son of Mr. and Mrs. Nick Bielenberg, and Dan Pederson S2-c (RM), son of Mr. and Mrs. Pederson, met at a Pacific navy station in the Pacific, and visited at various times over a period of five days. Mr. and Mrs. Bielenberg and Miss Pat Magee received the good Charles Tuesday, hearing the good news, and received letters from Mr. and Mrs. Pederson, telling of the happy meeting of the two boys, former schoolmates and intimate friends. The letter from Charles to his parents reads in part:

"I'm back for just a while at the same place Dan (Herman) and I met last November. I've met Dan Pederson, who nearly missed the chance, but finally it dawned on him that I was on... And then last Sunday at church I met Weston Abbott."

Charles continued: "First about Dan. We were, and still are, beached close to where he is stationed, and he was on a work detail down here. He and other fellows were pointing out the different ships, and coming out to mind they decided it was an LST with a number. Well, they had the number, but if you are not careful you will just regard it as another LST, and think nothing of it. Dan had a second look and it dawned on him that it was my ship! He and I were talking about the detail and there Dan skipped over. He finally found some laboring with a swab in hand on the bridge deck. When my eyes met his I don't believe I yelled louder in all my life. I was so darned surprised I wrote Bill Emerson a long letter. It has been five days since we met and he has been down every day. Sometimes he comes for chow and stays for the show. The night we fore last it rained and we sat all night long. He and I were together through the show but he kept pretty dry. Yesterday we went swimming in a pool back in the hills, and it was the first fresh water swim I had since leaving the States. We really have been having a good time. Dan isn't here right now, and they must have caught him on another work detail, which he has been pretty good in missing. If he was here I'd have him add a few lines also.

"Now about Weston. He has been here for quite some time on this island here for quite a while. He's in charge of a warehouse, since he's a storekeeper I-c. Well, it was at the chapel that I first saw him. He was sitting in the same pew as me. I passed right by him and he tried to make him look up, but he wouldn't. After services he stepped out and I lost him among the crowd, so I almost gave up, but while talking back to the ship I saw him walking and asked if he wasn't Weston Abbott, and of course he answered 'yes.' Then he recognized me. Well, he did not get to talk very long, but he got to Frisco. I knew that he was here and we had a talk. I took Dan along and Weston showed us a very good deal about his work. Last night he was to come to chow if he didn't have to work. He evidently did, so didn't show up. I'll have to see him again tomorrow for we will probably leave then. He has not changed much."

Dan wrote: "Dear Folks—I haven't written for the last few days because I've been too busy, not with work for a time but she is now at Bay Area for the present time. There are, as you know, a great many Genesee sailors who have their mail addressed in care of the Frisco FPO. Good luck to you, and hope you like California."

Roland G. Wuest, pastor

Palm Sunday, March 25

10 a. m., Sunday school. Classes for all age groups. The pastor conducts the Adult Bible class.

11 a. m., Worship service. Sermon theme, "Converted Hearts Give Jesus Their Best," based on St. John 12:1-8.

With Palm Sunday, we again usher in Holy Week, the climax of our earthly season, when we particularly meditate on the last days of Jesus on earth, the institution of the Lord's Supper and His death on the cross.

Holy Week services at St. John's will be as follows:

Holy Thursday, March 29, Communion Service at 8 p. m. The Passion Story will be told in colored slides. Announcements for Holy Communion Sunday and any time before Holy Thursday.

Good Friday, March 30, worship service at 2 p. m. Sermon theme, "Behold Your King Whose Earthly Throne Was His Cross," based on St. John 19:15-27.

Every true Christian will feel his duty and privilege to attend every service he can during Holy Week. That is the least we can do for Him who gave His life that we might live.

The Ladies Aid will gather at the church this morning, Friday, to give an all-day affair with a pick-up lunch to be served at noon.

Dick Jacksha in Infantry Somewhere in Germany
Pfc. Richard (Dick) Jacksha, son of Mr. and Mrs. John Jacksha of the Thorence community, is now somewhere in Germany, according to the following V-Mail letter written by him March 24 and received here on April 9. The letter reads: "Dear Pete: "Just a short letter to let you know where I am, and that I am still above the weather. I am sitting on the edge of my fox hole writing this letter, and I am in the front line of the country, and the good days. I have not received the paper yet but I am looking forward to reading it. I am glad to hear from you and that the fellows are doing. By the papers you can know just about anything. I am now across the Rhine and have been since the tenth of the month. It was a little rough, you get what I mean. I am glad to hear from you. Let everybody know and raise a few short ones for me. So Long—Dick."

WANTED: a mind reader

If you were a freight handler, where would you send this carton? This is a third- or fourth-hand container, being re-used of necessity. Because it is none too stout for its present job, the box should have the very best of care, according to the nature of its contents. But what ARE its contents? Its markings show three different commodities . . . as well as three different consignors, and three consignees. Could anyone but a mind reader move this freight with assurance? These are friendly questions, meant to help anyone whose railroad freight has ever gone astray.

Farming has had another setback by heavy rains after three warm days. A great deal of land plaster has been put on the ground this year. School children are counting the days until school is out. Older boys are helping out the labor shortage by staying out of school and driving tractors for the farmers. Our eyes are turned toward San Francisco and we should pray for the success of that conference—Christian people must never let war come again and it can only be prevented by Christian principles being incorporated in the treaty and methods of enforcing the terms in the years to come.

PEA WEEVIL CONTROL PLANS SHOULD BE UNDER WAY NOW

(By Tom A. Brindley)

Now is the time to lay plans for controlling the pea weevil in the 1945 pea crop. This is particularly true relative to the securing of an adequate supply of rotenone-containing dust. Supplies of rotenone root were not adequate for the needs of the nation during the season of 1944, and the prospects are that there will be no more material available in 1945 than there was in 1944, and there was practically no carryover from the 1944 season, so farmers will have to depend on 1945 shipments to meet their need.

Many farmers have become accustomed to purchasing their dust the day they receive the material. This procedure, if followed this year, may result in some farmers not being able to secure an adequate supply of dust. Shipping conditions are such that dealers must place their orders well in advance in order to be certain that their supplies will be on hand at the proper time.

A decrease in acreage may increase the intensity of pea weevil infestation. A study of infestation records obtained by the federal pea grading service shows that pea weevil infestations decrease during periods when acreage seeded increases and increases when acreage is decreased. A decrease in acreage means that there will be more weevils available to attack fewer acres, and under such conditions the degree of control necessary to accomplish good results becomes more exacting.

With these two points in mind a farmer should estimate his requirements in the basis of past needs, plus a little additional material to take care of any increase in control that may become necessary. Once the requirements have been estimated, the dust should be ordered immediately to insure delivery at the proper time.

Control recommendations for 1945 remain the same as for 1944. These are briefly: Sweep fields with an insect collecting net as the peas come into bloom to determine the part of the field infested and the degree of infestation. Apply a mixture containing 0.75 per cent rotenone at the rate of 15 pounds per acre on dry edible and seed peas and 20 pounds per acre on peas for processing. The material should be applied at temperatures above 70 degrees Fahrenheit. Fields should be swept two days after dusting to determine if reinfestation has occurred. Dust should be applied prior to the formation of any pods and again whenever the fields become re-infested.

Research work on substitutes for dusts containing rotenone, the factors responsible for pinhole weevil, and the place of airplane dusting in pea weevil control is being continued by the Bureau of Entomology and Plant Quarantine in cooperation with the University of Idaho.

By the application of these control measures during 1944, a season in which pea weevil was more difficult than usual, North Idaho farmers kept the pea weevil infestation down to an average of 2.51 per cent. Weevil infestations in this area have averaged as high as 19.5 per cent.

CARBUNH GUERNSEY IS TOPS AT PUREBRED SALE AT BOISE

Marymoor Normine, a 3-year-old Guernsey herd from the Claudesta Guernsey herd at Genesee, owned by Estil Carburn, sold for \$1500 at the sale of purebreds at Boise May 1. John Colebank of Horr Lake, Miss., was the purchaser of the cow, and the price he paid is the highest recorded in Idaho for a purebred dairy cow.

Seven head of purebred Guernseys

were consigned to the sale from north Idaho which brought an average price of \$710.71. The average for the offering from over the state was \$635, and the Claudesta herd average was \$891.66.

Cattle were selected for the sale

by a committee from the Idaho Guernsey Association, Chas. Fritz, New Plymouth, W. L. Hendrix, Boise; Frank Golden, Boise; N. W. Olsen, Blackfoot; W. W. Kelly, Wendell, and Estil Carburn, Genesee.

Topping the sale at Boise and with

three animals selling for an average of \$891.66 has resulted in much attention being given to the Claudesta herd at Genesee.

GENESEE VALLEY NEWS

Nice spring weather has enabled farmers to finish seeding. Fall wheat is looking better every day and there will probably be an average crop. Heavy bombers have been flying over the Valley for several days and we thank God that they are friendly planes. The V. E. day proclamation by the president was received calmly by Valley residents and we pray that the rest of the struggle will end soon. We never forget the price that was paid for this victory. Sunday is Mother's day and the beginning of Christian family week. The Christian nation's stand is challenged today as never before as to whether religious or pagan influences shall dominate the post war world. Christian homes are our first line of defense. Honoring Father and Mother one day a year has its merit but we should honor them every day without commercial inducement.

"Our house is such a little house, But its four walls enfold So many things besides its power To keep out wind and cold— The strength and bravery of man, A woman's steadfast love; The faith of a little child, and oh, This we are conscious of, The gracious presence of the Christ Who shares our daily bread, A little house of brick and wood, Its chimney smoke unfurled But its four walls encompass The forces of the world."

—Grace Noel Crowel.
 (By Margaret E. Sangster)

Surprise Party

NO VICTORY CELEBRATION HELD AT GENESSEE ON V-DAY

Genessee people, realizing that the war would be but half won when Germany surrendered, showed no signs of a desire to celebrate Monday when the first news came of V-E day, and Tuesday, when official announcement was made by President Truman shortly after 6 o'clock in the morning, no one seemed inclined to celebrate, knowing that there are many days of grief and sorrow ahead. The men who are in Europe and will see their brothers in arms in the Pacific areas, are intimate friends of every one in the community. There are the parents, their wives, their brothers, sisters and sweethearts are anxiously waiting word of the welfare of their loved ones. Our men and women, the very best of manhood and womanhood, are not safely home, and will not be until Japan is conquered. There is also the realization that the tempo of the war against the one surviving Axis power will be stepped up. There will be more planes in the air, more of our ships entering the terrible enemy waters, and the ground forces will be meeting a more deadly enemy the closer he is pursued.

These are momentous days, with Germany on her knees, and the United Nations at San Francisco trying to formulate plans for an enduring peace. Genessee people, with a full realization that our fighting men with the help of the Army and Navy Nurse Corps, and the women of the Auxiliary Branches of Service, are the ones who will establish that peace. It is up to the statement and authorities to make the peace lasting.

There are men from Genessee who are still reported missing in action. Word has not been received from several who were taken prisoner, and no one knows when a casualty will be reported. For these reasons Genessee did not celebrate, but they did attend solemn church services Tuesday evening, thanking God for cessation of war in Germany and for victory soon in the Pacific.

Lewiston staged an all-out celebration Monday when most places of business closed, and Moscow saw a somewhat similar celebration participated in mostly by university students and school children.

At Genessee most people were at their radios at 6 o'clock Tuesday morning to hear the proclamations by President Truman and by Winston Churchill, and expected an announcement by Stalin, which did not come that day. Delays in printing newspapers were anxiously awaited in regard to the surrender, which news no different than information given out prematurely on Monday.

LEO HEPNER BE HOME SOON WRITES FOLKS FROM FRANCE

Leo Heppner, who was taken prisoner in Belgium during last December, and who has written his parents, Mr. and Mrs. Paul Heppner that he was in a prison camp, has sent the good news after being liberated. This letter was written April 26 and was mailed from somewhere in France. He gave no address, but under his name on the envelope was written the words, "Genessee, Idaho." He expected to be on his way home soon. He also stated that he had been treated all right, and was anxious to see his relatives. He told of being back in the U. S. army and of being good soldier. The letter came by soldier's mail, not air-mail.

On Monday the Heppner family received the following telegram from the War Department through the Adjutant General: "The chief of government staff of the army directs me to inform you that your brother, Pte. Leo Heppner, has returned to American control and is being returned to the U. S. in the near future and will be given an opportunity to communicate with you upon arrival."

Two Other Men Freed

Sgt. Artie von Tersch and Sgt. Raymond D. Westberg have been released from German prison camps, according to word received by the Red Cross headquarters at Moscow from national headquarters.

Sgt. von Tersch is the brother of Mrs. Frank Sprenger, Genessee, and was reported missing several months ago in aerial action over Germany. He was in a prison camp in northern Germany. Sgt. Westberg was reported missing in July of 1943, during a bombing mission over Nancy, France. This must have been an error for his mother heard from him until November. His mother is Mrs. Ella Westberg of Moscow, but the soldier reported missing and now liberated is well known at Genessee.

Sgt. von Tersch went into the service from Cottonwood.

No word from Three Others

No word has been heard from Lt. Richard Terner, Sgt. Tommy Garrett or Damon Holben, three others reported missing. Mr. and Mrs. T. D. Garrett have had no word from their son whatever since he was reported missing. Mr. and Mrs. John Tierney were heard from their son in December. It was reported he mentioned that several thousand American flying officers had been moved from Germany to England from the camp in which Lt. Tierney was held. Damon Holben was last heard from in December. He was taken prisoner during the fighting in Italy over a year ago. Through the Red Cross relatives learned that the Red Cross had been compelled to make a long hike, presumably an order of the Nazis to prevent their liberation by Allied armies.

A Red Cross bulletin received by Mr. and Mrs. Marion Holben Thursday carried the information that there were 77,000 allied prisoners in Stalag 1A at Moosburg, Germany in January. This was the camp where Damon was held. The bulletin also stated that in March the number of prisoners had grown to 100,000, and that 1,000 to 2,000 men were taken each day to Munich in work units.

To the People of this Community

The 7th War Loan objective is four billion dollars in Series E Bonds. At this time last year over 100,000 Americans had two war loan quotas, each three billion dollars in Series E War Bonds. It is obvious your personal share must be greater of any of the war loans.

And yet it may be no higher than or even less than the combined amount you invested in bonds in the 4th and 5th War Loans.

Why should you continue to put every dollar above the cost of the necessities of living into extra bonds? 1. Uppermost you owe an obligation to your fighting men and women to back them to the limit as long as any enemy military strength remains. 2. Think about two Jimma for a moment—sacrifice on the battlefields is still a way of life for your relatives and friends in uniform. 3. The self-interest motive is at a new high. Civilian goods are now scarcer than ever before. Every dollar you spend for non-essentials works for higher prices.

WEEK OF RAIN BENEFICIAL TO ALL CROPS IN THIS AREA

Rains which have fallen in the Genessee area, beginning a week ago Wednesday night have supplied an abundance of moisture for growing crops and to crops seeded up to the time the rains began. Spring wheat seeded the evening before the rain is now to be seen coming through the ground, and peas which had germinated before the moisture started falling are looking exceptionally good. Frost had not been off one or two nights during the past week, but the days have provided growing weather for small grains. Some believe that fall wheat does not get a good color, but a few days of sunshine will cause grain to become the proper shade of green. Most farmers agree that the rain has been exceptionally beneficial but the few who have not completed seeding will be delayed several days should the weather turn clear today or tomorrow. Rains have been plentiful during the week, somewhat heavy over small areas, but no soil erosion has been reported and nowhere has been seen in the Genessee area. The soil has been able to absorb all of the moisture thus far and it is perhaps now at its saturation point, should there be heavy rains which might cause some erosion.

GENESSEE TAKES KENDRICK IN TWO GAMES 5-4 AND 10-0

Genessee high school baseball team won two games at Kendrick last Friday from the high school team there, 5 to 4 and 10 to 0. The local boys were trailing 4 to 0 in the first of the seventh and had marked up no hits in six innings. Kendrick blew up and allowed Genessee five runs on but one hit, a double by Springer which came with two men on. Kendrick made several errors behind their pitcher Kankikberg before he was relieved. He was stingy with his walks, however. "Lefty" Levitt pitched the first six innings for Genessee, allowing but six hits, pretty well scattered, and not one for extra bases. When Genessee, in the seventh, scored its five runs, Levitt was relieved by the more experienced Gene Eikum. In the last of the seventh he struck out one man, with one grounding out, short to first and one flying out to first.

Kankikberg went very good for the Kendrick club in six innings, and gave up no hits, while striking out 12 Genessee batters. Not a single Genessee player reached first in the first six innings of the first game.

In the second game Eikum went the five innings played and allowed Kendrick two singles. Benacott and Miller, both on the mound for Kendrick went to the showers, with Kankikberg coming back in to pitch.

Genessee was hitting freely in the second game, but errors contributed more than a little to the free scoring. Coach Chase used all men on the squad in the two games. They were: Moser and Peterson, catching; Levitt and Eikum, pitching; Bud Springer, first base; Liburg, short; Jacobs and Jaakson, second base; Bielenberg, third base; D. Springer, Rosenau, England, Hafurther, Clark and Follett, outfield.

SATHER'S OUTFIT CITED

Spokesman Review: Sgt. Norris O. Sather, whose wife lives at E627 Nora, wears the presidential unit citation as a member of the 362d flight group, according to an announcement from a Ninth Air Force Thunderbolt base in Germany. He landed on the Normandy beaches last July and served with his P-47 Thunderbolt group during some of the heaviest fighting of the war around Caen. Sgt. Sather, armor crew chief, wears three battle participation stars for action in England, France and Germany.

SGT. ABRAHAM HAS PLENTY POINTS FOR ARMY DISCHARGE

Sgt. James Abraham, home from overseas after 33 months' service in the Eastern Mediterranean, Mediterranean and European Theatres of Operations, is rounding out 48 months of total service while visiting his parents, Mr. and Mrs. James Abraham, and other relatives here.

Naturally, men in the service are adding up their points credited for time in service and in combat. The army has not been definite in service in the air corps, the branch in which Sgt. Abraham served, but from all indications he has plenty of points for discharge, an act by the government which he would welcome.

Sgt. Abraham, besides 43 months' total service and 33 months' overseas service, has ten bronze stars or two silver stars, and wears a presidential unit citation with one cluster. There are the ribbons for American Defense, and the American and European Theatres of Operations, and the Good Conduct Ribbon.

Sgt. Abraham left civilian life for Fort Lewis, then went to Sheppard Field, Texas. He went to Keesler to study for a military degree at South Bend, Ind. His unit first was on duty in the Caribbean during the U-boats menace, and then it went to Palestine. He has been with the 9th, 12th and 15th Air Forces as an armorer.

SEVENTH WAR LOAN NOW ON CHALLENGE TO AMERICANS

The amount of U. S. War Bonds purchased during the Seventh War Loan drive will signify to some extent your desire to see the war end rapidly. Just as the man at the front in the air and on the sea is throwing everything he can at the Japs, so should those favored to be on the home front cut loose with everything they can in the way of money to buy bonds. These lives, so precious, which have been sacrificed cannot be measured or compared with money, but the money you loan will be returned to you with interest. There is no doubt that Americans are fighting—there should be no reason that Americans are not loaning their money.

The task of reaching our Seventh War Loan quotas is far from discouraging when considering the following figures concerning deposits of all Idaho banks, compiled by the Federal Reserve Bank.

1. In the six month period from July 31, 1944 to Jan. 31, 1945, there was an increase in checking accounts of \$5 million dollars. This is a 21 per cent increase.
2. Checking accounts have increased 300 per cent from 50 million dollars on December 31, 1939, to 200 million dollars on Jan. 31, 1945.
3. Total deposits have increased from 213 million dollars on Dec. 31, 1944 to 277 million dollars on December 31, 1944, an increase of 30 per cent in one year.

The above figures indicate that the money is available.

The coming drive challenges our industry to help Americans meet—and beat—the largest individual War Bond quota of this war, at a time when there may be a tendency to lean back at home. There can be no let-down on the battlefields, and there will be none at home when Americans realize the tremendous task that remains to be done in the Pacific. And that's our job.

Like a baseball game—anything can happen. This is the seventh inning stretch (7th War Loan Drive). Uncle Sam and his allies are not doing bad. Now there are two down (Mussolini and Hitler). America is playing deep (Men all over the world). Only one batter to get by (Japan). It is believed that the Jap has two strikes on him, but he won't admit it. Everybody is roaring for a strikeout. All the Japs are anxiously waiting for the game to end. It's only a seven-frame affair, we hope. The Jap is in there swinging. He won't draw a walk, or our fighting men won't balk. The Jap goes into the dust from a fast one, but he's up ready to swing again. What is the next pitch going to be? Here is where the war comes in, plenty of moral support, an avalanche of war bonds. Help strike out that third man, so all the boys and girls can go home.

BATTLE OF NORMAN TOUGH ACCORDING TO JOHN LORANG

John Lorang, who is at Norman, Okla., attending aircrewman's school, navy writes:

"It's about my turn to write I guess, with all the other fellows so busy winning the war. I'm glad to thank you and the Legion for the paper. It's surely swell. I read and enjoy every bit of it, from cover to cover."

"As indicated by my address I'm now in the hospital. I was put out of action while swinging for aircrewman wings in the battle of Normandy (Oklahoma). It was nothing extraordinary. We had just started a new drive toward graduation and I became a casualty. John Schornhorst got it about the same time. Fred Morcheck made it through, though, and it, it seems, going to see V-N Day (Victory in Normandy) with me."

"The Red Cross certainly takes care of us in here. Twice a week they bring a movie to the ward. Every day they do our shopping for us, bring us playing cards, checkers, model airplanes, and wrap packages, place phone calls or do nearly anything else that you could think of. Boy, you've really got to hand it to 'em and their backers."

"Aside from the fact that it has the distinction of being the only State where you can stand hip deep in mud and have dust blown in your face at the same time, about all that can be said of Oklahoma is 'It's a great state to be from—John."

"P. S. I got the paper from my old address with little delay and this is only temporary so don't bother to change the address. Thanks again—John."

BASEBALL SUNDAY?

Baseball fans are hoping for good weather, and the sooner the better, if the games between Kendrick and Genessee high school teams are to be played here Sunday afternoon. Chase and Armitage, coaches of the Genessee and Kendrick clubs, respectively, have agreed to play the postponed games here Sunday. The two games were rained out Wednesday of this week. There are many people who would welcome a chance to see some baseball, and if weather permits, that wish will be granted. The ball grounds are not in good condition, and during the rains of the past week, they have been under water in several spots.

LATAH CO. EXCEEDS QUOTA RED CROSS WAR FUND DRIVE

Final returns to date show a total of \$32,168.52 contributed to the Red Cross by people in Latah county. This is 146 per cent of the quota assigned the county. The quota was \$22,000. It is thought to be the largest sum of money ever contributed for a cause of this kind and demonstrates again the fine spirit of the home front, reports C. S. Tanner, county chairman. Genessee's quota was set at \$2,150, or about one-tenth of the county quota, and people of this community donated 147 per cent of this amount, for a total of \$3,168.18.

Following the individual community quotas and the total amount subscribed:

HUFFMAN TO SANTA BARBARA

Don Huffman left today for Santa Barbara, Calif., after being confined for 21 days. He served 41 months overseas, being a member of the 41st Division, first complete division to leave the United States during the present war. It has been stated in news dispatches that every man in the original 41st Division is entitled to discharge under the point system set up by the Department of War. Huffman is a member of the campaigns in the South Pacific and was also in several engagements in the Philippines Liberation war. He was the first man to leave Genessee for overseas during the present war, and was on his way to the Philippines when the Japs made their sneak attack on Pearl Harbor and almost simultaneously struck at the Philippines. The transport on which he was traveling was but a few hours off Wake when word came of the Jap attack and the subsequent declaration of war.

Soldiers eligible for discharge and reporting back to centers are after furthering a complete physical check-up. There is one stickier in the army discharge announcement, however, and that is that men will be discharged if they have earned 85 points and their services are not necessary to further prosecution of the war.

There's a man that I know, and he lives near you,
In a town called Everywhere;
You might not think he's a man from his hat
Or the clothes he may chance to wear
But under the jacket with many a patch
Is a heart more precious than gold—
The heart of a man 'neath the coat of a boy,
A man who is twelve years old.
We never may know what the future will make
Of the boys that we carelessly meet,
For many a statesman is now at school,
And presidents play in the street.
The hand that is busy with playthings now,
The reins of power will hold;
So I take off my hat and gladly salute
This man who is twelve years old.

HEY! WHAT'S THIS?

THIS, SIR, IS A NEW EXPERIENCE IN EATING . . . a wholesome, life-sustaining meal in a compact, cardboard box. Here's how to eat it, in the conventional way . . .

First, slip into some dirty, mud-caked clothes. Grow an itchy three-day beard. Get your feet soaking wet, until they're sore and swollen and occasionally numb.

To sharpen up your appetite, hack your way through a few miles of tangled briars and steamy, bug-ridden jungle. Carry a sack of potatoes on your back, just for realism. And now, supper.

First, that good, hard, brittle biscuit—rich in body, fuel, but not exactly a chef's supreme creation. Wash it down with a gulp of bouillon made with stale, lukewarm canned water. Now for that tin of luncheon meat. (Too bad it can't be studded with cloves or garnished with parsley, or dressed with condiments, isn't it?)

Dessert? Sure—a hunk of rock-hard (but super-nourishing) chocolate. Now a stick of chewing gum, and a cigarette, and your meal is done. No tipping, please.

At this moment, some man you know is probably eating this meal of K-Ration. You, at home, are not asked to share the rigors and perils of battle with him. But you can give him support—by investing in extra War Bonds during the Seventh War Loan Drive, now in progress.

With only two drives instead of three scheduled for this year, every one of us must increase our pledges. More ships are needed, to move our armies into battle. More planes, more guns, more rockets. And—as we show our gratitude to the men and women in uniform by buying War Bonds, we also help to hasten the day when they can sit down, as you will tonight, to a pleasant meal, in peace.

The Country's First "War Loan" Advertisement

ADVERTISEMENT

NOTICE is hereby given to all who have contracted to send wagons and teams or single horses from York County to the Army at Hills Creek, that David M. Conoughy and Michael Schwope of said county, Gentlemen, will attend on my behalf at York Town on Friday next, and at Phillip Farms on Saturday, to value or appraise all such wagons, teams and horses, as shall appear on those places on the said days for that purpose; and such as do not appear to value or appraise all such wagons, teams and horses, as shall appear on those places on the said days for that purpose, shall be valued at York and Phillip Farms, under the supervision of the appraisers, a paper containing a description of each wagon or set of horses should be brought with them to the place to be set out immediately after valuation from those to which they are the owner or owners of each wagon or set of horses, and their several marks, natural or artificial, which paper is to be annexed to the contract. Each wagon should be furnished with a cover, the goods laden therein may be kept from damage by the rain, and the health of the drivers preserved, who are to lodge in the wagons. And each cover should be marked with the contractor's name in large characters. Each wagon, and every horse driver, should also be furnished with a hook or stick, fit to cut long grass and carry a load of oats, or Indian corn, persons who have such grain to dispose of are desired to be cautious how they hinder the King's Service, by demanding an extravagant price on this occasion.

B. FRANKLIN.

BEN FRANKLIN, at Lancaster, Pennsylvania, on May 6, 1776, caused to be written what is termed the country's first war loan advertisement. Franklin warned his readers against inflationary prices and they "hinder the King's Service" on the original are the words used by Franklin. This was a loan of materials and not of dollars.

Fellows who drive with one hand are usually headed for the church aisle. Some walk down it; others will be carried.

MRS. MANIE SAMPSON

Funeral services for Mrs. Manie Sampson, who passed away Tuesday, May 15, were held Thursday of last week at the Brower-Wann chapel in Lewiston, with Rev. F. M. Oliver as officiant. The chapel was filled with friends from Lapwai, Caldwell and Spalding. Interment was in Normal Hill cemetery. Among those attending the services from Geneese were Mr. and Mrs. Glen Sampson, Virgil Sampson and W. R. Hickman.

Mrs. Manie B. Sampson, 73, pioneer of Nez Perce county, died at her home in Lapwai at 3:45 a. m., May 15th. Death was attributed to heart disease after a year's illness.

Mrs. Sampson was born at Walla Walla, May 24, 1871, and her girlhood was spent at Dayton. Her parents, Mr. and Mrs. John B. Sampson, were married July 2, 1890. Her husband died 20 years ago.

Survivors are her nine children: H. M. Sampson, Arrow; Earl Sampson, Lewiston; Mrs. Bertha Lillie, Lapwai; Mrs. Opal Anderson, Orofino; Eddy Sampson at home; Mrs. Verma Betts, Goldendale, Wash.; Willard Sampson, Geneese; Tully Sampson and Burrell Sampson, both of Lapwai. Eight grandchildren and four great grandchildren and four brothers also survive. The brothers are: A. L. Rogers, Lewiston; L. C. Rogers, Lapwai; F. M. Rogers, Tacoma, and T. J. Rogers, Portland.

Dinner for Delbert Kambitsch and Mr. and Mrs. Anton Kambitsch entertained at a dinner Monday evening for their son, Delbert, who leaves today for the service. Other guests were Mr. and Mrs. Wm. Mervyn and E. D. Federson. The evening was enjoyed looking at the many souvenirs sent home from France and Germany by Loren Kambitsch, who has been in the European Theatre a year.

FOREST AND ITS PRODUCTS INCREASED AND PROTECTED

Today's most important news concerning the American Forest Products Industries pertains to the uniting of efforts to insure increased production and growth in U. S. forests, said C. L. Billings, vice president and general manager of Potlatch Forests, Inc.

The three associations have been united in their efforts to improve production in U. S. woodlands by the Forest Industries Council, formed in 1943 to act as an instrument for common action by the three industries.

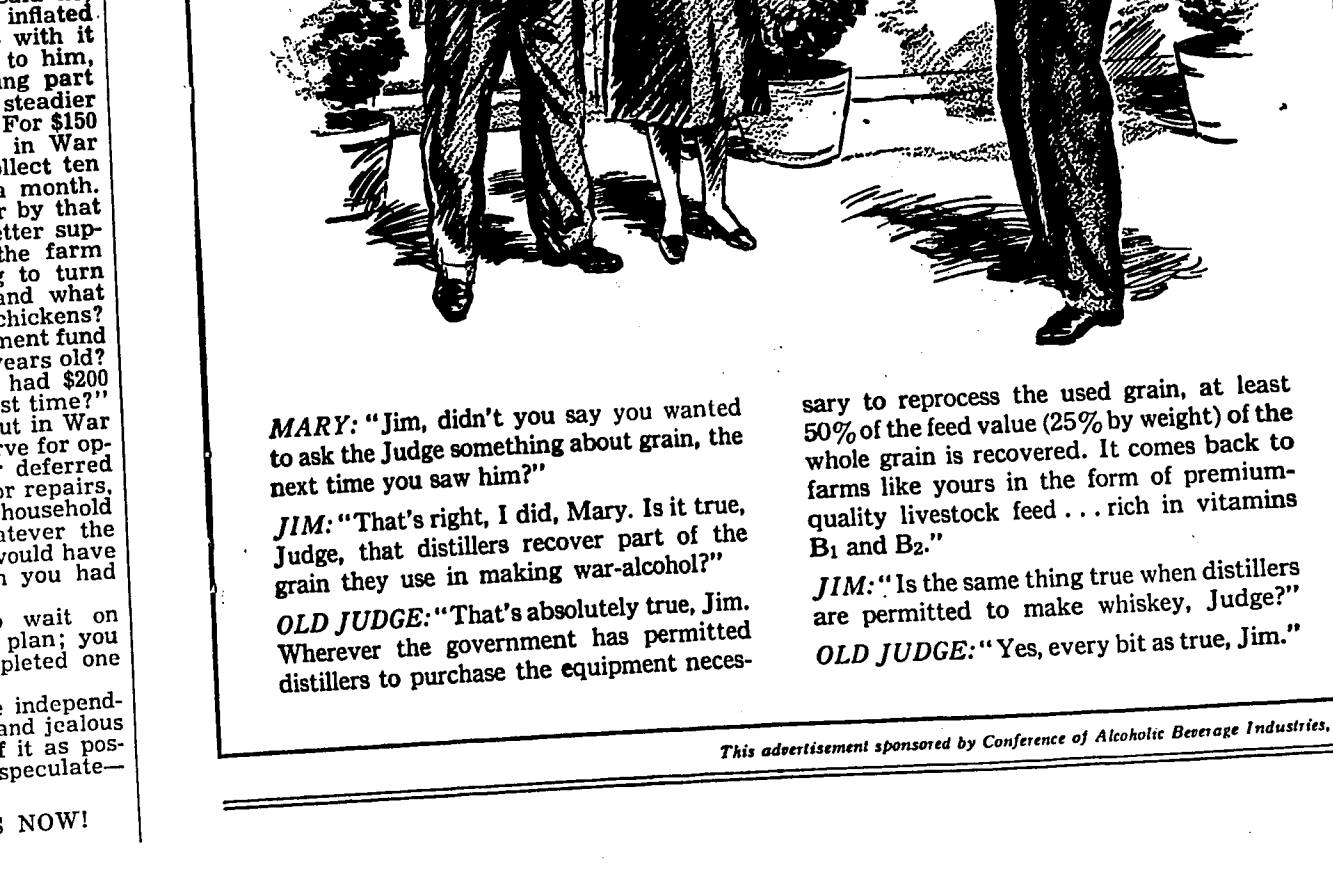

GRAIN FUTURES ARE FIRM CROP REPORTS NOW FACTOR All domestic grain futures were firm and worked somewhat higher during the past week, according to the War Food Administration.

CALL FOR BIDS The Board of Trustees of Common School District No. 64, Latah County, Idaho, will receive bids for the following property, to-wit:

1. Promote the extension of permanent and dependable protection against fire to all forest lands, irrespective of ownership.

2. Urge all forest owners and forest operators to develop and adopt forest practices designed to insure the continuous production of timber on all areas as harvested, irrespective of ownership.

3. Confirm the sound economic policy of encouraging private ownership of lands which are being or can be profitably managed for continuous production of forest crops, and encourage a national land policy to insure the sale and exchange of public lands in order to restore desirable lands to private ownership as well as to consolidate public holdings.

MARY: "Jim, didn't you say you wanted to ask the Judge something about grain, the next time you saw him?" JIM: "That's right, I did, Mr. Is it true, Judge, that distillers recover part of the grain they use in making war-alcohol?" OLD JUDGE: "That's absolutely true, Jim. Wherever the government has permitted distillers to purchase the equipment necessary to reprocess the used grain, at least 50% of the feed value (25% by weight) of the whole grain is recovered. It comes back to farms like yours in the form of premium quality livestock feed... rich in vitamins B1 and B2." JIM: "Is the same thing true when distillers are permitted to make whiskey, Judge?" OLD JUDGE: "Yes, every bit as true, Jim."

MEMORIAL DAY, MAY 30, 1945 DAY OF THOUGHT FOR MANY

(Continued from Page One) war, to build the kind of world for which you died.

"When the last shot has been fired, they will still be those whose eyes are turned backward, not forward, who will be satisfied with those wide extremes of poverty and wealth in which the seeds of another war are sown. We promise you, our departed comrades: This too we will not permit. This war has been fought by the common man. Its fruit of peace must be enjoyed by the common man. We promise, by all that is sacred and holy, that you, sons of miners and workers, will inherit from your death the right to a living that is decent and secure."

"When the final cross has been placed in the last cemetery, one again there will be those to whom profit is more important than peace, who will insist with the voice of sweet reasonableness and appeasement that it is better to trade with the enemies of mankind than, by crushing them, to lose their profit. To you who sleep here silently, we give our promise: We will not let you be forgotten. We will not let you be burnt with oil that came from American wells, that many of you were killed by shells fashioned from American steel. We promise that when once again men seek profit at your expense, we shall remember how you looked when we placed you reverently in the ground.

"Thus do we memorialize those who, having ceased living with us, now live within us. Thus do we consecrate ourselves, the living, to carry on the struggle they began. Too much blood has gone into the soil for us to let it lie barren. Too much pain and heartache have fertilized the earth on which we stand. We have sworn: This shall not be in vain. Out of sorrow, and from the suffering and sorrow of those who mourn this, will come—we promise—the birth of a new freedom for the sons of men everywhere. Amen."

BASEBALL FRIDAY PERRAPS
Weather permitting, the baseball games, a doubleheader, between Kenrick and Genesee high schools may be played here this afternoon. The grounds were wet last Sunday and there was a postponement.

If the games are played they may start shortly after the noon hour to permit Bud Springer to reach Moscow before 5:30 when he meets the men entering the service and for the trip to Fort Lewis.

MRS. HASFURTHER HAS HOPES

Mrs. Lloyd Hasfurther of Fort Worth, Texas, in a letter to friends and relatives here, writes: "I have just learned indirectly, through a major of Lloyd's outfit, who was wounded on April 15, that it is very likely that Lloyd's tank, along with four others, were separated from the rest of the company. He seems to believe that all of them are together and that they will be heard from soon."

Sgt. Lloyd Hasfurther was reported missing in action in Germany, and from a friend of Lloyd's came word that he was presumed lost in action. Mrs. Lloyd Hasfurther, in her letters, firmly believes that her husband is safe, and the relatives and many in Genesee are hopeful. She and her friends pray that he is safe and will return. The grief-stricken wife also writes: "I also had a letter from the War Department which seemed to indicate that I have every reason to hope to hear from Lloyd soon. There was nothing but encouragement in it. The War Department is going to see to it that if there is a man in there within three months, I'll hear from them anyway."

EVERETT WISHARD LEAVES
Everett Wishard, who was home on a 21-day leave, left Monday for Lewiston, accompanied by his parents, Mr. and Mrs. Bert Wishard. For he goes to San Francisco to learn his future assignment.

Everett has been in the navy for 27 months and recently completed his third "cruise." The first time out on a Liberty ship, as member of the Armed Guard he went to Pearl Harbor and down to the Fiji Islands and New Hebrides. The second voyage was over to India, as far as Karachi, and the most recent cruise he was in the south Pacific. Those trips are always of several months' duration and take one into pretty severe climates. Everett would not turn down an opportunity to remain on the beach.

Sgt. Hahn visits here
Staff Sergeant Louis A. Hahn left Tuesday for Fort Snelling, Minn., after a visit here since last Friday with his brother-in-law and sister, Roy, and Mrs. Roland G. Wuest.

Sgt. Hahn spent 37 months in the Pacific war theatres and was with the American Division now on Mindanao. He wears campaign ribbons for combat duty with the infantry on Guadalcanal, Bougainville and Leyte and for the Philippines Liberation. He also wears a presidential unit citation for action on Guadalcanal. Adding up his points to be considered for a discharge, Sgt. Hahn finds that he has accumulated 103 points. If he is discharged at Fort Snelling he will receive a Bronze Star and will be sent to North Dakota to assist with farm work, which has been managed by his mother. Sgt. Hahn was accompanied to Genesee by his mother, Mrs. Herbert Louise, of Leonard, N. D., who remained to visit her daughter, Mrs. Wuest, and family, for a few weeks.

LT. PEDERSON OVERSEAS
A letter has been received from Lt. Gerald Pederson stating that he had arrived in France and had been assigned to a division. The date of arrival was not given, but it was written that it was his first opportunity he had to write. The letter was dated May 2.

Maurice Krier in Germany
Cpl. Maurice Krier, wounded in action in France two times, and hospitalized in England, was sent back to France to be assigned to a headquarters company. Letters have been few, but in one Maurice wrote that his unit was which made contact with the Russian army.

Get Together Club
Mrs. C. W. Sisty entertained the Get Together Club Tuesday evening at her home when Mrs. Clinton Herman won high score award, Mrs. LeRoy Harris, second high and Mrs. George Rader, the consolation. Mrs. Clinton Herman and Mrs. Lawrence Brown were guests. Mrs. Sisty served refreshments at the close of the evening.

From somewhere in the Marshall Islands comes a letter from Radioman 8-Tommy Edwards: "Dear Pete: 'Well, believe it or not, I've finally got around to writing. I know I should have written sooner, but you know how it is—something always comes up and the time you start to write. 'First of all, I want to thank the Legion for the Christmas present. It really came in handy. It's a little late for this, but I want them to know that I received the gift, and appreciate it. 'Yesterday I got a big bunch of the papers, and have been busy reading since. Believe me I don't miss a thing in them either. The papers I have received in a long time. They were dated back to the first of the year, and the latest was for 'our' eighteen months are up now, and I'm ready to go back any time they get ready to send me, which I hope won't be too long ago. 'Well, here are things going in Genesee? I suppose the farmers are busy now, aren't they? 'Well, Pete, it's time for lights out so I will have to close for this time. I'll try and write more often. Thanks a million for the paper.—Tom."

MEMORIAL DAY 1945

"It is for us the living . . . to be dedicated . . . to the unfinished work which those who fought . . . have thus far so nobly advanced. It is for us to be here dedicated to the great task remaining before us"
—Abraham Lincoln.

These words, spoken at Gettysburg, never before held as much meaning as they do on Memorial day, 1945.

But the homage on this day paid to American dead, to the people who each in his own measure has contributed to our nation's greatness, must be more than words, ceremonies, and parades. In all humbleness of spirit there must be re-dedication to the task of doing those things necessary to end a great strife.

The cause of Victory and Freedom deserves, and must have, the best efforts of every American!

Mrs. Art Springer returned Monday evening from Tacoma where she visited two weeks with her sister, Mrs. Lew Messersmith, and husband, Thursday afternoon. Last week Mr. and Mrs. Messersmith and Mrs. Springer went to Fort Lewis where they visited Sgt. Lloyd Ducommun, the latter of St. Maries. They took the young men to Tacoma with them and the five were privileged to go aboard the USS Laffey, which is in dock. Civilians are permitted to view the damage done by Jap suicide pilots.

Mr. and Mrs. Fred Morschek and daughter, Carol Jean, and Miss Anna Mae Busch left Sunday evening from Lewiston by stage for Pendleton and from there traveled by train to Norman, Okla., to visit Seaman Fred Morschek Jr., who is at the Norman Navy A. M. M. school. They will also visit two other Genesee boys stationed at the school, John Lorang and John Schamhorst. Before returning home the visitors plan to visit relatives and friends in Illinois.

Everyone is welcome to attend the carnival on the Community church grounds Friday evening, June 8, beginning at 6:30 o'clock, and given by young people of the church. At 8:30 church social will be held in the gym.

Ensign Lester Mauch was a dinner guest Wednesday evening of Mr. and Mrs. Chas. Mauch. He left Thursday morning to report to a navy air station where he will be an instructor.

HERE'S WHY IT PAYS TO BUY IHC PARTS

THEY'RE GENUINE. That means they are exactly like the parts that were in your machine when it was new. You bought a Farmall, or any other McCormick-Deering product, because you figured it was the best. It wasn't delivered to you with any substitute, "just-as-good," make-shift parts in it. And it's poor business to put that kind of parts in your equipment now or any other time.

Insist on genuine IHC parts. You'll get your money's worth and keep your equipment in first-class shape—just like new.

With a war on and more food to raise, you need all the mechanical help you can get. Our shop, our mechanics and our big parts department are ready to do everything we can. McCormick-Deering is our line and Service our middle name.

AGRICULTURAL COMMITTEE ASKS SUPPORT BOND DRIVE

Clyde Bacon, member of Idaho's Seventh War Loan state agricultural committee issued the following statement appealing to the citizens of Idaho to generously subscribe for bonds and war bonds during this, our 7th War Loan Drive, I want to remind you that our boys at the front have done a magnificent job in defeating the tough Nazi armies and freeing millions of innocent people from slavery. Many of our boys have been maimed and wounded and many of them have given their lives. We have yet to defeat the enemy since so treacherously attacked us at Pearl Harbor.

"To win a quick effective victory our fighting men must have our own high state of efficiency. For us to fail to do our part in any single respect will mean postponement of the day of final victory and the attendant loss of additional boys. Now is the time to give the enemy the knockout punch. Our boys will do their part on the battlefield and we will do our part in the air. Let's do our part here at home.

"Agriculture is one of our major industries here in Idaho and unless the farmers and stockmen of this state do their utmost now, our fighting forces will not get the support they so justly deserve."

ATTEND NEPHEW'S FUNERAL

Mr. and Mrs. David Kuehl left Wednesday morning for Twin Falls to attend funeral services for their nephew, Lt. Richard G. Price, who lost his life in a plane accident. Lt. Price was the pilot of a small two-engine army plane which left Carlisle, N. M., with two other men on a flight to California. They were reported missing Wednesday night of last week, with the men and wreckage being found several days later.

Besides his parents, Mr. and Mrs. Joe Price, of Twin Falls, the pilot is survived by a sister, Miss Barbara Price.

Another tragedy occurred in the Price family about two years ago, when a son, Lt. Gerald Price, was reported missing in action. No word has been received of him since.

Mrs. Albert Frazier and children, Darrel and Laurella of Pierce, spent the past week visiting at the home of Mr. and Mrs. Walter Herman and other relatives.

LOREN KAMBITSCH MARKING TIME AT CITY OF DARMSTADT

Loren Kambitsch, who has covered the news from Belgium since he returned home a discharged veteran of World War II, under the army's adjusted service rating plan, has been announced at Fort, Douglas, Utah separation center. The Genesee serviceman entered the army September 16, 1940, and went overseas in November of 1941. He returned to the United States April 20, 1945.

Pfc. Huffman was awarded five battle stars on his Asiatic-Pacific medal for participation in the Bismark Archipelago, East Indies, New Guinea, Southern Philippines and Luzon campaigns. He also has the American Defense medal with one star and the Good Conduct Medal. He is authorized to wear the Philippines Liberation medal with one star.

Don was discharged as a member of the 148th Field Artillery Battalion, and accumulated a total of 122 points for discharge.

MR. DON HUFFMAN Don was home for a few weeks before going to Santa Barbara, Calif. He made the trip south by car in company with Harvey Longstreet of Lewiston, then traveled to Fort Douglas and home in the Longstreet car. Genesee, the returned soldier had a pleasant trip after their long service in the army.

RALPH KLUSS HOME ON LEAVE AFTER MUCH DUTY IN PACIFIC Ralph Kluss, son of Mr. and Mrs. Rudolph Kluss, is home in leave. He arrived in Moscow, Idaho, Friday.

St. John's Lutheran Church 11 a. m., Sunday school, 12 o'clock, church service, 7:30 p. m., church service.

ALFRED GEHRKE DISCHARGED IN SERVICE SINCE MARCH 1941 Staff Sergeant Alfred Gehrke, late of the 64th Troop Carrier Group, is now a civilian, having received his honorable discharge at 12 o'clock noon of June 6, at Fort Douglas. He had accumulated 105 points since enlistment in 1941. He served 30 months overseas with the air transport and returned to the States a trifle over three months ago, and after a further stay here and a visit with relatives he went to Santa Ana, Calif., to be enrolled for three days with his uncle and aunt, Mr. and Mrs. Sam Alm, at Grangeville.

LT. ARMSTRONG ASSIGNED From Mrs. Dick Armstrong's report of the first performance of her husband's duties in the service, she writes: Dear Pete—Heard from you today and he sent his permanent address to you so he will soon start receiving the Genesee News. I am glad to hear that you are still with your former camp and in good supply depot. I enjoy the Genesee News very much and can easily understand why the boys in the service look forward to its arrival.—Betty Armstrong, Kologee, Idaho.

SGT. THEISSEN WITH SHAEFF HAS FURLOUGH TO ENGLAND

Mr. and Mrs. Wm. Theissen have granted permission to print a recent letter from their son, First Sgt. Carl O. Theissen, who has been at Supreme Headquarters Allied Expeditionary Force. His letter reads in part: "At last we can write and say what we want to, a great relief I must say. Found it rather difficult before, because of the limited times we could see. As you probably know I am at present at Versailles, France, just 9 miles out of Paris. Have been here since October. We are high up on a hill overlooking the town and are in a very nice camp, which used to be a French garrison for officers and candidates. It is really nice, a beautiful place. The buildings are two stories tall and everything on the grounds and inside as well. I have a private room with my office. We have not shooting and everything else we want. Two large windows that open very wide let me out on a small balcony where I can see the town of France, Holland, Belgium and as far as Frankfurt in Germany. We are going to see the city of Paris in a few weeks. Sure don't like Germany although I was there for a few weeks. Never thought that country was so mountainous. Some of those roads are really bad. I had a couple of bad accidents up there just recently."

Don was discharged as a member of the 148th Field Artillery Battalion, and accumulated a total of 122 points for discharge.

HOVE AT HITLER'S TEA GARDEN From Capt. Kermit Hove comes an illustrated pamphlet all about the noted Berchtesgaden and Koenigssee area, perhaps an inducement for travel to that scenic spot. The pamphlet also contains the marks of demarcation and bombing which disappeared. Capt. Hove also enclosed a picture of the village of Berchtesgaden, and a note which reads: "Dear Pete: "Just finished reading the last Genesee News and will write you a letter about all there is to tell you from Hove's Tea Garden. This booklet is about five miles up in the Alps overlooking the town of Berchtesgaden and the surrounding country. I am now stationed at Berchtesgaden. I had lots of excitement getting here. All Genesee lads come this way to be sure and look me up. Now don't let the words, 'Tea Garden' mislead you. This place is a hurry, you'll see it all in the Genesee News. I'll see you this harvest.—Kermit."

DISCHARGED

Wayne Hickman P.M., who has served a long tour serving aboard an amphibious transport carrier, and home on leave, has a wonderful collection of pictures taken from a Japanese, presumably an officer, and were developed by Wayne aboard ship. Many of the pictures have the same people in different poses, and the pictures suggest the military life from the beginning of a day. There are pictures of many of his home and the surrounding country, the methods of planting and irrigation for crops, the kind of living conditions and then there are a number of pictures of army troops in a Japanese cantonment. The person from whom the pictures were taken apparently entered the Nip air force when there are pictures of planes and air fields, and finally there is a picture of a Japanese soldier. The more glitter than the pictures of Japs which reach the States through news papers and magazines. Wayne paid The News office a visit Wednesday morning, and then in came from the army after a certain delay. Don Huffman, who was recently given a "good over" and out came maps. The navy and the army got together to look over the maps. The maps are of the Pacific, east and west and north and south, and then the noon hour approached, and in came the boys. Wayne scanned the photos to see if everyone could be located. It was strange to relate, in the seemingly short time some faces are forgotten. "Where you here on this invasion," and "what were you doing on a certain day" was the talk by the two maps at home. The maps are of distant lands and places, 8,000 miles away, like a civilian would mention something about Uniontown.

Don was discharged as a member of the 148th Field Artillery Battalion, and accumulated a total of 122 points for discharge.

Edwin Miller in Germany WITH HIS TANK BATTALION From Germany comes the following letter written by Sgt. Edwin (Gus) Miller on May 20: "Dear Pete: "Now that everything is over, over here, I guess had better get back to the States again for the paper. It has been arriving regularly, even during the war. I had 172 days of continuous combat days when the good news came and we stopped in. Speaking of that, we realize how happy we were. We were even fortunate enough that night to get a bath in a bath tub and to sleep in a real bed with a mattress on it.

SCHARNHORST MAY BE HOME Clarence Scharnhorst, serving on a destroyer on Pacific duty writes: "Dear Pete: "He is everyone? I bet everyone is pretty busy around Genesee. I wrote to you before that Smotherman is absent. He has lost Dan's address, so when you write to Dan again, Smotherman would like for you to tell Dan that he will be going home. I haven't seen him since he was going with him. "We were at... and we are still out here somewhere around the Philippines. Well, Pete, I guess about all there is to tell you from now. You'll be seeing me around Genesee soon. I guess you know that Clotus has an LCI now. I haven't seen you since I was around here yet.—Clarence."

NORMAN BERG HEARD FROM

Mrs. E. E. Miller has received a letter from Mrs. J. J. Berg of Prosser, Wash., stating that her son, Norman Berg, taken captive by the Japs in China, was all right. The message from Norman reads: Dear Folks, I sincerely wish you, Marie, Henry and Elaine best wishes. Be sure and keep yourselves in the best of health for we want to have a real vacation when I get home. So far I have received several letters from you and one each from Marie and Henry. Please send a message if you can possibly arrange it. I would certainly appreciate a few good books and photos from home. Time is passing quickly. I am in good health. There is no need for you to worry. My hope for the future is to return to school if arrangements are possible. Love—Norman.

The message was not dated, but it was received by the Berg family on May 13. Norman was captured by the Japs at the outbreak of hostilities in China against American troops.

SWENSON HOME SOLD Mrs. C. W. Coffland and daughter, Shirley, left Saturday for Culedas to visit the former's brother, Alfred Swenson, and family for a few days before going to their home at Pasco, Wash. Mrs. Coffland was here to dispose of the Swenson home in Genesee, the property of her father, the late Nels Swenson. Mrs. Elisa Flomer has purchased the home and will reside there. Ingle Swenson, who lived here with Nels Swenson will remain in Genesee for a few months.

Entertain Aid Group Mrs. E. A. Morken entertained her group of the Genesee Valley Aid at a 1 o'clock luncheon Tuesday. The afternoon was given by Mrs. S. F. Veldey of Moscow. Mrs. Stanley Sneeve, Mrs. Ingle Anderson, Mrs. R. E. Nordby, Mrs. Norman Flomer, Mrs. R. E. Nordby, Mrs. Chas. Ingle, Mrs. John Luedke and Mrs. Anna Hanson.

RICHARD JACKSHA IN BELGIUM

In a V-Mail letter written by Richard Jacksha he has the following to say: "Dear Peter, I just did not let you know where I am and what my address is. I am sorry that I did not write sooner, but just did not have time. I am now in Belgium, and not working, and am glad of that. I am still the same as when home, I would rather play pool than work too hard. I really have missed the Genesee News but look forward to receiving it. I have been on the move since I left on my furlough, and also have seen some country, but would not trade one foot of our land for all the land I have seen. I had better close for now but will write again when I get home. So far I have received several letters from you and one each from Marie and Henry. Please send a message if you can possibly arrange it. I would certainly appreciate a few good books and photos from home. Time is passing quickly. I am in good health. There is no need for you to worry. My hope for the future is to return to school if arrangements are possible. Love—Norman.

"Grunt"

got to do with your Electric Service

TRAILBLAZERS

JIM PORTER can tell you. He has trained many a "grunt" in his 38 years with Washington Water Power. Jim has passed on to them the "know how" and skill he has gained through years of experience, and is proud of how many of his "grunts" have become expert linemen. Jim, as a line foreman, no longer sinks his "hooks" into a pole himself, but he knows every angle of wire stringing. The records show that Jim has saved the lives of two of his men, rescuing them from the searing clutch of high-voltage wires.

It takes experience, initiative, "know how," and trail-blazing spirit to clear a path, put up poles, and string wire through dense forests and over rugged mountains. Jim has what it takes, and during his many years with Washington Water Power he has helped us blaze trails of light and service to every part of the Inland Empire.

"Grunt" - a lineman's helper (works on ground)
"Hooks" - sharp steel spikes on leg attachments, used for climbing poles.

HERE'S WHY IT PAYS TO BUY IHC PARTS

THEY'RE GENUINE. That means they are exactly like the parts that were in your machine when it was new. You bought a Farmall, or any other McCormick-Deering product, because you figured it was the best. It wasn't delivered to you with any substitute, "just-as-good," make-shift parts in it. And it's poor business to put that kind of parts in your equipment now or any other time.

Insist on genuine IHC parts. You'll get your money's worth and keep your equipment in first-class shape—just like new.

With a war on and more food to raise, you need all the mechanical help you can get. Our shop, our mechanics and our big parts department are ready to do everything we can. McCormick-Deering is our line and Service our middle name.

THE OLD JUDGE SAYS... FRED: "Is it true, Judge, that a war can't be won without the use of war-alcohol... the kind the beverage distillers have been producing for the government for over two years?"

OLD JUDGE: "That's right, Fred. It is a basic ingredient in the smokeless powder used in virtually every firearm from a pistol to a 16-inch gun. And, in addition, it plays a more human role. The medical supplies which our military doctors use to alleviate pain, combat infection, save lives are prepared with war-alcohol."

FRED: "No wonder, then, more and more people are recognizing that great contribution our beverage distillers have made to the winning of the war with their double-duty product."

EMERSON NEAR HASFURTHER WHEN LATTER LOSES LIFE Billy Emerson, with the 13th Armored Division in Germany, and a member of the same company as Lloyd Hasfurther, recently wrote a letter to his parents, Mr. and Mrs. Walter Emerson, and which contained the following:

"Now comes the rough part of this letter. By this time it is probably a verified fact that Lloyd is dead. He is. He died on the morning of the 15th of April. I saw him die."

UNUSUALLY COLD WEATHER PREVAILS FOR HAY SEASON Temperatures for the past few days have dropped near the freezing point in central Idaho at this time, indicating that farmers cutting the hay crop were in some instances wearing winter clothing. High winds Tuesday and Wednesday were not without their benefits, and some was hammered or cut and some stacked, but with the lower temperatures since Sunday the hay crop is considered good this summer, and with no rains the product should be bright and of good quality.

Stricker Striker SK 2-c, now in a hospital at St. Albans, Long Island, New York, was injured in action, but is recovering from a number of the crew of the U. S. S. FARM WAGE STABILIZATION GOVERNS WAGES TO BE PAID Boise, Idaho - Reports reaching the Idaho WFA Wage Board indicate that while most farmers and farm workers understand provisions of the farm wage stabilization program, further detailed information seems necessary at this time, Arlo W. Giles, area supervisor for northern Idaho announced on June 28.

According to Giles, two methods are provided for bringing about stabilized farm wages. One of these, the General Regulations, applies to all agricultural labor until such time as specific wage ceilings for certain operations, or areas after the ceilings have been established.

Under the General Regulations, approval must be obtained from the WFA Wage Board before an increase can be made in a farm wage or salary above the rate of \$200 a month, or a comparable rate, either on a time or piece work basis. In computing wage or salary rates, all forms of extra work, such as bonuses, commissions, board, room, and so on must be considered as part of the payment.

Under a specific wage ceiling, the War Food Administrator may establish a ceiling wage rate for a definite type of work, such as picking potatoes, topping and loading of sugar beets or other farming operations in a designated area. When such a ceiling has been established by the War Food Administrator, no employer may pay a rate for the particular operation higher than the ceiling rate.

NEBELSIECK'S HOME Mr. and Mrs. Cecil Nebelsieck, who were married June 9 at Brookings, S. D., returned to Genesee last week and are at home in the Genesee Hotel. Mr. Nebelsieck is a former Miss Lois Weirich, member of the Genesee public school faculty, and who has been in the States for some time. Mr. Nebelsieck's home was at Toronto, S. D., near Brookings.

While in South Dakota Mr. and Mrs. Nebelsieck visited Mrs. Bertha Nebelsieck and two children at Beresford, S. D., and with her relatives there. Mrs. Bertha Nebelsieck taught two years at Hudson, S. D., and has Cecil said that his sister-in-law and children were doing nicely and they send regards to friends in Genesee.

Cecil reports that crops were good in South Dakota. Corn may be somewhat backward, but wheat and soybeans are doing well. There is a large number of cattle and hogs in the area, and the stock fatteners so rapidly on corn.

The newlyweds had an enjoyable visit and traveled to many places of interest before starting home. They did say too, that they were not much interested in traveling until the war was over and difficulties experienced in obtaining reservations.

Sunday dinner guests of Mr. and Mrs. Paul Densow and family were Mr. and Mrs. M. P. McCroskey and Mrs. Clifford Phillips and son of Colfax and Mrs. Marvin Lynn and children of Tacoma. The dinner honored the tenth birthday of Connie Densow. Arriving Saturday to spend the week end with Mr. and Mrs. H. Martinson will be Mrs. Mischel Larkin and daughters, Misses Rose and Kathleen. Mrs. Larkin, visiting here the past week will return home with them. Wayne Schwenn, who has been receiving medical care in Spokane for the past three weeks, returned home Saturday, accompanying Mr. and Mrs. Chas. Irwin and daughter, Jack Ann, who were guests in the home of Mr. and Mrs. Otto Schwenne over Sunday.

Ray Liberg and Sonny Morken left Wednesday to spend a couple of days in Spokane visiting relatives and to attend the air show. Ernest Peterson, who visited two weeks at U.S. Wash., with his nephew Elmer Johnson, and wife, reports that Mrs. Johnson's son, Glen Peterson, the gunner on a B-17 based in England, had arrived home for a 30-day furlough. He called his mother from Boston on his arrival. Art Nelson of Portland arrived in Moscow Friday afternoon when summoned by the death of his father, the late August Nelson of Troy. He was present for the funeral services at Moscow and Genesee, and expected to return to Portland Thursday of this week. His mother resides at Troy and he visited there and with relatives at Genesee.

Elvon Hampton, state representative, was in attendance at the North Idaho chamber of commerce meetings in Lewiston Friday. Mrs. Hampton joined her husband to attend the banquet at the Lewis-Clark hotel in the evening.

Mr. and Mrs. Ormand Mayer and daughter, Myra, of Boise, visited relatives here over the week end. Mrs. Mayer and daughter remained to visit her parents, Mr. and Mrs. G. E. Sams. Mr. Mayer returned to Boise Sunday evening.

Miss Marie Connick called on Miss Norma Konen of Great Falls Sunday evening at the Vental home.

Miss Shirley Haymond, employed in the non-resident office at the University of Idaho, spent the week end with her parents, Mr. and Mrs. Harold Haymond.

Mrs. Adrian Nelson underwent a major operation at the Bryant Clinic in Colfax Friday morning. She is recovering satisfactorily.

Lawrence Vestal, accompanied by Cecil Humphrey and Bob Weston of Lewiston had such good luck on a fishing trip to Fish Lake a week ago that he organized another party for a trip to the Lake last week end. Making the trip with Mr. Vestal and son, Levern were Jim Luper and son, Jimmie of Lewiston, Louis Scharnhorst and Gunder Hammer. Staying with Mrs. Vestal over the week end were Mrs. Jim Luper and daughter, Kathleen, of Lewiston, Miss Norma Konen of Great Falls, Mont., and Mrs. Gunder Hammer. Mr. Vestal has set out his limit of trout from Fish Lake two weeks ago. All were of the same size and with the heads off just fit into a 12-inch skillet, two at a time. How do we know? We saw five of them fried and helped devour the same.

Mr. and Mrs. Martin Liberg served dinner to the following relatives Monday after the funeral services for the late August Nelson of Troy. They were Mrs. August Nelson, Mr. and Mrs. Hjalmer Nelson and son; Mr. and Mrs. Victor Anderson and daughter, Betty Jean; Mr. and Mrs. Carl Anderson and Mrs. Mattson of Troy, Mrs. Anna Berquist of Spokane, Mr. and Mrs. John Anderson, Jovill, Mrs. Otto Anderson, Lewiston, Gail Johnson of Sandpoint, Arthur Nelson and son, Tom and Don, of Portland; Mr. and Mrs. John Liberg, Mr. and Mrs. Lars Liberg and Ernest Peterson.

Misses Clarice and Maureen, Smith who have been employed and attending school in Los Angeles, Calif., are in Genesee visiting their parents, Mr. and Mrs. E. B. Smith. Another daughter, Vivian, is expected home from Seattle this week.

Ann Louise and Jean Luedke entertained the Stitch and Chatter 4-H club at their home Tuesday afternoon when 20 members were present. Mrs. Jack Nebelstieck assisted Mrs. George Erickson in helping the girls with sewing.

JIM PORTER joined Water Power in 1907. Jim was a trained lineman, and his first job with the Company was on the 13,000-volt Ross Park line. Another big job he worked on was the 60,000-volt line into Little Falls. In the early days, the Big Bend country gave line crews plenty of trouble with frost-weighted wire. One bad night 17 line breaks had to be found and repaired by Jim, his men, and horse and sleigh.

It takes experience, initiative, "know how," and trail-blazing spirit to clear a path, put up poles, and string wire through dense forests and over rugged mountains. Jim has what it takes, and during his many years with Washington Water Power he has helped us blaze trails of light and service to every part of the Inland Empire.

"Grunt" - a lineman's helper (works on ground). "Hooks" - sharp steel spikes on leg attachments, used for climbing poles.

S-SGT. RICH SAMPSON HOME COMPLETED 28 AIR MISSIONS

Staff Sgt. Richie Sampson, who was with the 15th Air Force in Italy, has arrived home for a 30-day furlough before reporting to a station in Florida. He spent Tuesday afternoon in Genesee visiting his father, other relatives and friends, and is dividing his time now between Pullman and Moscow. His mother is ill at the Gritman hospital at Moscow.

Sgt. Sampson left for overseas in November of 1944, and was over Landshut, Germany, on his first mission on December 29. He is a lower ball turret gunner, and has been awarded the Air Medal with two Oak Leaf Clusters, the Presidential Unit Citation, Good Conduct Medal and the European Theatre campaign ribbon with four bronze stars. The stars are for the following engagements: Rhine, North Apennines, Balkans and Po Valley.

His unit landed at Naples, Italy, and operated from the air field near Cerignola, Italy. Following are the places which his B-24 struck from the air: Landshut, Regensburg, Klagenfurt, Anstetten, Landau, Weiner-Neustadt, Muhlendorf, Munich-Riem, Krieglach, Germany; Brod and Krauplup, Yugoslavia; Moseberbaum, Vienna, Linz and Weis, Austria, and Verona-Parona, Chedi, Padua and Basano, Italy. Basano was the last objective in Italy, but the squadron flew a number of missions over top secret and secret army areas during the closing days of the war.

When asked how he realized that the war might be drawing to an end, Richie said his crew was posted for flight, but before briefing, and before arising the mission was called off. This procedure was not followed during the early days of combat, and when missions were cancelled the men sensed that something like a close of the war was not far off. There was no great celebration on V-E Day, but the mess officer did arrange for some special east and drinks.

Flight personnel of his unit came back to the United States by plane. Leaving Cerignola they flew to Gioia, Italy, to Marrakech, North Africa, to Dakar, then across the Atlantic to Fort Aleza, Brazil. They started north and landed in British Guiana, then to Puerto Rico and to Savannah, Ga. The trip from Georgia to Fort Lewis was by train. He arrived home Wednesday, April 27.

Sgt. Sampson said his unit saw little of the German fighter air force, and once the Nazi sent a few jet ships through their formation, with no damaging results. He does know, however, how it feels and sounds to ride through the billows of flak that greeted them, especially over important targets. One of these targets was the Brenner Pass where the Germans had plenty anti-aircraft strength, and where guns were stationed high in the mountains and necessitated high-level instrument bombing.

As a crew member of a B-24, Richie covered many miles while using his oxygen mask and heated flying suit. Most of the time their provisions taken along for a light lunch on long missions would freeze. Some of the things could be eaten while frozen but some food was placed in their heated suits before eating.

On the 28 missions completed over enemy territory he witnessed many bombs leave the plane to land on targets, and he has seen a lot of the countries in which targets were located.

The rest area for his unit was on the Isle of Capri off the coast of Italy. Here the men could go for a few days and enjoy the beauty of this island, and obtain different food than that served at their base. He did not meet a man overseas who he knew at home. He was at Naples on a pass, but men of his unit were not permitted to go into Rome, a place he would like to have visited. He saw what was left of Salerno, Italy, and that was practically nothing. Being stationed near the Adriatic, damage to the cities was not extensive.

ART JENKINS IN MANILA

Arthur Jenkins, son of Mr. and Mrs. Wm. Jenkins, who was in New Guinea for quite some time, writes the following from the Philippines:

"Dear Pete: I guess you have been wondering where I am. Yes, it is Manila—right in the heart of it. We have set up in the old civilian postoffice and working in first-class section. I do not know too much about the city yet, even though we have been in Manila almost two weeks. We have been busy setting up and not much time for pleasure yet. I must say this is a big treat from the jungles of New Guinea. It is plenty hot and I am not kidding, but it is sure good to see civilization again."

"Well, I won't write any more. This is just a line to let you all know I am fine. Will write all about Manila as soon as I can and as soon as censorship will permit.—Art."

BROEMELING IN 21 BATTLES

Aboard a Heavy Cruiser in the Pacific—Howard J. Broemeling, 23, son of Joe J. Broemeling, Genesee, and a seaman first-class, has been a crew member of this ship for the past two years and has participated in 21 Pacific engagements, including the battles of the Philippine Sea. He entered the navy in April, 1943, and prior to that was employed by Consolidated Aircraft, San Diego. His wife, Mrs. Arlene Broemeling, who resides in California.

MAIL ORDERED STOPPED

A V-Mail form letter has been received from Staff Sergeant Bayne Hickman in England, ordering mail to his present address discontinued.

T-5 Billy Emerson wrote a V-Mail letter from Germany that his mail should also be discontinued.

The forms stated that effective immediately and until further notice no mail should be sent to their present addresses. The letter from Hickman has been photographed while the letter from Emerson, written on V-Mail stationery, came regular mail.

WASHINGTON STATE COLLEGE FIELD DAY FRIDAY, JULY 13

Washington-Idaho Wheat Growers League is assisting the Washington State College Experiment Station in a field day will be held at Pullman on Friday, July 13. The tour of the station will start at 9:30 a. m. The tour will take all visitors through the trial grounds where several hundred varieties of grain are being tested for yield, disease resistance, hardiness, growth characteristics and all other pertinent information. Visitors will also be shown a section where several of our older proven varieties are being grown from individual head selections in order to get new starts of pure varieties. In this section the visitors will see pure selections of Rio, Hymer, Triplet and Golden wheats, Olympia barley and several other grains.

The visitors will also be shown the disease test plots where all of the more common grains are inoculated or exposed to all of the various diseases in order to find disease resistant strains. One of the interesting phases of this section is the smut trials wherein all known races of smut are used to test the grains for their smut resistance.

Another feature of this year's Field Day will be a pure seed demonstration plot in which you will find growing a large number of rows of actual drillbox samples of the grain which a number of Whitman county farmers seeded this spring.

A special program for the women is also being arranged by Washington State College Home Economics department, so be sure and bring your wife. A picnic lunch will be the noon feature. Everyone come and bring your own lunch. Coffee will be furnished by the Wheat League, but please bring your own sugar.

SAM LANGE BUILDS DAM

Several thousand yards of dirt were moved last week to construct a stock watering pond at the Sam Lange farm north of Genesee. The face of the dam is about 600 feet long, built in a three-acre space. Water at the dam or fill-end may reach a depth of approximately 14 feet when the pond is full. Water for stock will be filtered through a steel drum placed near the face of the fill and at the bottom of the pond and drawn through a two-inch pipe to watering tanks below the fill. The work was done by a contractor who handles such work in co-operation with the Soil Conservation Service.

J. M. Rabdau, with the Soil Conservation office at Genesee, said the federal government paid a portion of the cost of moving dirt, and was encouraging construction of water storage ponds. Quite a number have been built in the Troy-Kendrick areas and are proving satisfactory, he also said. The Soil Conservation Service also assists with engineering costs and in deciding location of ponds.

McGARVEY INJURED AGAIN

Cpl. Wayland R. McGarvey of the Sixth Marine, was wounded June 12 in action on Okinawa, according to word received by his sister, Mrs. Lloyd V. Randall, of Clarkston. This is the second time Cpl. McGarvey has been wounded in action in the Pacific, the first time being on Guam.

Cpl. McGarvey's letter said he was wounded in the leg "slightly" and is now a patient in a hospital in the Marianas.—Lewiston Tribune.

FLASH FROM MARIENBAD

From Marienbad, Germany comes the following note, written by Wayne Bershaw on stationery provided by the Golf Hotel, Heinrich Grimme, proprietor:

"Wish to announce the addition to our little family. At Lakeside Hospital in Kansas City, Mo., on June 14th, I became the proud father of a five-pound baby girl. The name is Sandra Lou. Latest reports state that all is fine. Hope the three of us can visit Genesee again soon. By son I mean before I end up in Japan. Hello to you too, Mrs. Pederson.—Wayne."

HOLLIDAY TO FORT LEWIS

Ben Holliday left Friday for Fort Lewis. His wife, the former, Miss Evelyn Broemeling, and children are visiting relatives at Benga, Wash., for a week, and then will return to Genesee to make their home with Mrs. Holliday's father, Joe Broemeling.

Mr. Holliday reported at Fort Lewis for service in the army.

ZENNERS LEAVE

Cpl. and Mrs. Andy Zenner left Saturday after visiting relatives here and at Colton since their marriage on June 19. Cpl. Zenner returns to Shafter, Calif., and his wife, a graduate nurse returns to her duties at Sacred Heart hospital, Spokane.

BIELENBERG AT GREAT LAKES FOR SHORT "BOOT" TRAINING

Leonard Bielenberg, son of Mr. and Mrs. Herman Bielenberg, who passed the Eddy test in Lewiston about a month ago, and was accepted for radar training writes the following from Great Lakes Naval Station:

"Dear Pete: I thought I would write a line to tell you my address. I am in Co. 878, and there are about 120 men in it. This is really a pretty nice place and has weather a little cooler than there, which won't be too bad during the time I will be here. I should be out of here in four or five weeks and then will be in Chicago at pre-radio. RT's don't have to take near as long a boot camp."

"In a week or so we are to have anti-aircraft which I think will be fun. They have a plane pulling a wind sock and then we fire away at it."

"Don Baumgartner is in a camp about five miles from here but we cannot see each other till we get out of boot. Neither one of us can secure a pass, however, we do call each other up on the phone."

"I imagine Dan is still in the Pacific, eh. Tell Mrs. Pederson hello.—Leonard."

Address: Leonard H. Bielenberg, S1-c (RT) Co. 878 10th Reg. 7th Bat., Camp Downes, Great Lakes, Ill.

WEBER IN "WATCH ON RHINE" DUTY TO CONTROL BRIDGES

With The Fifteenth U. S. Army in Germany—"Watch on the Rhine" may well be called the role of the 508th Military Police Battalion in playing in the occupation of the Rhineland. Attached to the XXII Corps, commanded by Major General E. N. Harmon, the battalion is responsible for the security of the bridges across the Rhine and for control of traffic across those bridges.

It might be said that the history of the Rhineland occupation began with the building of those bridges, which are pontoon or Bailey spans replacing the "permanent" spans destroyed by the retreating German armies. Thus the 508th maintains 24-hour watches on the Rhine from Bad Godesberg to Wesel. The bridges it guards include those at Bonn, Cologne, Dusseldorf, Duisburg, as well as Wesel and Bad Godesberg.

Some of these bridges might be called "shrines" of the American army for they are named for individuals who died in this war. One is the Lesley J. McNair Bridge at Cologne, in memory of the American general who was killed in Normandy, and the Ernie Pyle Bridge at Dusseldorf is named for the beloved American newspaper correspondent who fell in the Pacific.

The 508th Battalion was activated at Fort Sam Houston, Texas, on Mar. 20, 1944, and by the time its first birthday rolled around, it had served in four foreign countries, England, France, Belgium and Germany. This battalion, then attached to the First Army, moved into Germany on Mar. 19th. It was attached to the XXII Corps April 1, and assigned to the Fifteenth Army.

There are six Idaho men in the battalion, including Pfc. William J. Weber of Genesee, and Pfc. Justin S. Beilert, 1219 Idaho St., Lewiston.

FOURTH OF JULY QUIET

"Saturday Night is the Lonesomest Night in the Week" to many, but the Fourth of July was about the quietest day of the year in Genesee. The town was not completely abandoned, and quite a few remained at home to work. One farmer said he got more work done on the Fourth than any day this year. Haying weather was excellent.

Uniontown drew most of the people for its rodeo. The wild west show was not lengthy, but it is reported that the horses were real buckers, and few, if any, of the riders, remained in their saddles to complete a ride. The rodeo at Uniontown went into its second day on July 5.

Fishing streams were second in drawing power for people who took the day off, but there are no reports of good catches. The weather was ideal for a celebration or fishing.

BUNDY RETURNS TO TEXAS

Pvt. Robert Bundy left Wednesday of last week for Camp Hood, Texas, where he is taking infantry basic training. Mrs. Bundy visited her husband at Camp Hood, but became ill, and Pvt. Bundy was granted a furlough to accompany her home.

He was taken as far as Lewiston last Wednesday by his wife and Mr. and Mrs. Wm. Mervyn.

While here Pvt. Bundy and family visited relatives and friends in Lewiston and Clarkston and a family reunion was held at the home of his mother, Mrs. N. Liston, in Clarkston.

ERLING LANDE IN STATES

Lt. Erling Lande called early Sunday morning from New Haven, Conn., in inform his uncle and aunt, Mr. and Mrs. Nels Lande, that he had arrived in the States. He proceeded to Fort Douglas, and is expected to call at any time now telling his relatives where to meet him. He was with the Eighth Air Force in England as an operations officer for two years.

Genesee Valley Church Church at 9 a. m., Sunday, July 8. Sunday school at 10 a. m. July 12, 2:30, Ladies Aid will meet with Mrs. Oscar Danielson at her home.

VERNON GRIESER AT ROBERTS RECOVERING FROM ILLNESS

Vernon (Vern) Grieser, son of Mr. and Mrs. Carl Grieser, now at Camp Roberts, Calif., writes:

"Dear Pete: Well, I thought it was about time I was letting you know where and how I am. I am fine now and am getting along swell. I had a little temperature when I first got here so they made me go to a hospital. I didn't want to, but they made me."

"How is everyone at Genesee. Hope everyone is okay. Have you heard from Dan or Gerald lately. Where are they. Tell them hello for me."

"There sure are a lot of kids from Idaho down here. I saw Gene Esser last night, and believe me, I was glad to see him. I was transferred to the 96th battalion yesterday, so I am separated from Bud Springer and Harvey Shumaker, but I get to see them all the time."

"I was with Bud over the week end and we sure had fun. He had the Genesee News and what I mean, we really looked it over. You can mail me the News to the address I give."

"Sure hope and pray this war is over soon, so we can all be together again. Genesee will be big when we all come home again. I wouldn't trade Genesee for the whole state of California. In the morning it is real cold and about 9 o'clock it gets real hot. That is why there are so many kids in the hospital."

"Pete, you should see the big parade grounds they have down here. They said it would hold over 8 million men. What I mean it is big. On Infantry Day they had about 30,000 men on it and they didn't take up any space at all."

"Well, Pete, I have to go now, so I hope to hear from you all soon. Tell all hello for me will you Sure do miss good old Genesee. I got a letter from one of the girls in Genesee yesterday and she said that all the kids were going. So long for now.—Vern."

FIRE BURNS PASTURE AND CROPS ON LEWISTON HILL

Fires Tuesday blackened the Lewiston hill and burned over an estimated 5,000 acres of pasture and grain fields before the fire was under control. Another fire covering 300 acres of grazing land in the Soldier Meadow area burned Wednesday, and a third fire burned quite an area beginning near Spalding bridge.

The fire started about 10 o'clock on the Lewiston hill, going through the Harry Wall ranch to destroy pasture. At about 8 o'clock Tuesday evening the fire was under control after units of the Lewiston fire department responded and a number of men from the Genesee and Uniontown communities assisted. The fire reached east to the old Genesee grade which leaves the North and South highway near the Clearwater dam, and hills were black to the spiral highway on the west.

Reported losses were: Ellis Odberg, 1,000 acres pasture and a few acres of wheat; Herman Nordby, 40 acres of wheat, 400 acres of pasture and ten tons of stacked hay; Glen Grayson, a barn with several tons of baled hay and ten acres of hay in the field; J. C. Carter, Arthur Hardin, Robert Collins and others, slight losses. Sheriff Hayes of Nez Perce county believes that the fire may have started by a careless smoker.

LT. LINEHAN LEAVES

Lt. Bette Linehan left Monday after a leave here when she visited her parents, Mr. and Mrs. Art Linehan, and other relatives and friends. Before returning to her duties at Birmingham Hospital at Van Nuys, Calif., on July 6, she will visit her sister, Lt. Catherine Linehan at the Station Hospital at Fort McDowell, Calif.

To Visit Husband at Roberts Mrs. Don Springer left Monday evening from Lewiston for Paso Robles, Calif., to visit her husband for three weeks. Pvt. Springer is stationed at Camp Roberts. Their little daughter, Linda Kay, remained here with her grandparents, Mr. and Mrs. Wm. Baumgartner.

Mulalley Joins State Police Lewiston Tribune: Paul Mulalley, member of the Lewiston police force for the last year tendered his resignation to Chief Homer Brutman to accept appointment on the state police force. Law Enforcement Boise Riggs made the appointment at Boise, where Mulalley visited recently. Mulalley will be stationed at Lewiston.

SCHOOLER IN MARIANAS

A V-Mail letter, written by Cpl. Bob Schooler on June 19, was received here July 2. It reads:

"Hi Pete: Just a note to let you know my new address. My outfit arrived here at Tinian June 15th and as yet we aren't too well settled. In fact we're living in tents and the island's population of ants have moved right in with us. They are small though and don't take up much room."

"I know that 'Poots' Edwards is on Saipan but haven't got in contact with him yet."

"Am looking forward to getting the News. I just hope it doesn't take too long for it to catch up with me. Well, it's chow time, so I've got to hustle along now.—Bob."

FROST DAMAGES PEA CROP SOME MAY PLOW CROP UNDER

Two nights of frost, which struck the Palouse country two weeks ago may have caused more damage than was first expected. During dusting operations growers noticed that frost hit the higher ground as well as the flat lands, and while the damage is in spotted areas, there are some portions of fields which may be plowed under. On the other hand there are some very good stands of peas, which blossomed before or after the frost and which are doing well. It is also noticed that in fields where the blossoms were nipped by the cold there are blossoms developing now which may produce more pods. If these blossoms, some of which are on sucker shoots, produce pods, there is still doubt if the plant can produce sufficient peas to offset the loss. Weather has not been too hot for the blossoms to mature and the pods to form, and there is ample moisture to keep the vines growing.

Fall wheat looks exceptionally good at this time, but there is not much variety in the seedings made last fall. Almost the entire crop seems to be Rex wheat. Wheat is in the dough and early seedings are starting to turn color. Wheat has been harvested on the Lewiston hill, with yields reported above normal. Barley is heading nicely. This crop germinated one hundred percent and should be a heavy crop. Spring-sown wheat is making good progress, but there might be a faint trace of frost in a few fields, at least one grower has witnessed a few heads dropping off, with the break just below the joint near the head. The heads which have dropped came off after the high wind of a week ago. Damage was not excessive to hay cut and which became wet during the showers of a week ago. Hay which has been cut since is very good.

SPECIFIC WAGE CEILINGS AIM WAGE STABILIZATION BOARD

Boise, Idaho, July 5—It is in the interest of every farmer and farm worker to understand the War Food Administration's farm wage and salary stabilization program. The first of a series of articles explaining the program appeared in a previous issue of this paper. This, the second of the series, is devoted to a discussion of specific wage ceilings.

Last year, specific wage ceilings were an effect in Idaho for picking potatoes and for topping and loading sugar beets in the southeastern and south central counties, and for picking green peas in the southwestern counties.

This year a revised ceiling order on picking green peas in southwestern Idaho was issued May 28 and one for picking cherries in northern Idaho, effective June 12. In process also are ceilings for picking potatoes and topping and loading sugar beets in the southern part of the state, and for harvesting dry peas and grain in northern Idaho.

Before a specific wage ceiling can be established, a majority of the producers of the commodity in the area to be affected must request, by petition or otherwise, that wage stabilization be put into effect for the particular commodity or farming operation. Also, the Idaho WFA Wage Board must hold a public hearing to give producers and workers an opportunity to express their opinions as to what the wage rates should be.

In establishing a specific wage ceiling full consideration is given by the War Food Administrator to wage rate and operation requirements suggested by farmers and workers alike, so that the ceiling will be such as to facilitate the obtaining of sufficient labor without being inflationary or in excess of the capacity of the producers to pay.

When a ceiling has been established no grower may pay and no worker may receive a higher wage for the particular operation without prior approval of the Board. A producer may pay a lower rate than that specified in the ceiling, however.

Reasonable adjustment in a ceiling rate may be made by the board in case of sparse yields, unfavorable weather, or other unusual circumstances.

Farm wage regulations affect all branches of agriculture and are binding upon both the grower and worker. For willful violation the law provides penalties of \$1,000 fine or one year's imprisonment, or both. In addition, the employer may be disallowed deduction for income tax purposes of the entire amount of the wages paid at the unauthorized rate.

The specific wage ceiling program, in coordination with the WFA farm labor supply program has helped to achieve the nation's production goals by reducing losses due to labor turnover. The individual worker's income usually increases under specific wage ceilings as he spends more time on the job and less time following rumors of higher wages. Growers also benefit through elimination of competitive bidding for labor, and increased production brought about by a more stable labor force.

Any farmer or farm worker who has a problem pertaining to wage regulations should get in touch with Arlo W. Giles, Room 10, Federal Bldg., Lewiston, Idaho.

A group of Latah county farmers met last Thursday evening in Moscow to discuss wage ceilings. Most of them were opposed to establishment of such ceilings. Some felt that Latah county should go along with farmers of eastern Washington counties in setting ceilings. The general opinion seems to be that farmers of this region, depending on transient labor to a great extent, do not wish to be handicapped by wage ceilings and the red tape should conditions prevail which might necessitate payment of wages that will attract labor.

ENS. PERRY BLACK VISITS

Ensign Perry Black, who recently completed special training at Washington, D. C., in bomb disposal work was in Genesee a few days visiting friends. He left Tuesday morning for St. Maries to again visit his parents, Mr. and Mrs. John Black, before going to Spokane July 4 to take a plane for Portland, and from there continue by air to a naval station near San Francisco, where he was carrying his orders, which stated that he was due for Pacific duty.

The duty to which he has been assigned is directing men how to handle ammunition which failed to explode after being shot, or bombs which have been dropped and did not detonate. He has been trained to recognize U. S. ammunition as well as that of our allies and of the Japs.

JOHN HICKMAN HOME

GENESEE VALLEY NEWS

The Covercreek Editor has been on a trip to California, and is now back on the job, accepting the news for the folks away from home. One has to take a trip to really appreciate Idaho when they return. We felt like the little boy who went fishing and the mosquitoes were so bad he said he wished Noah had left those two mosquitos out of the Ark. California has plenty of the dive bomber variety. Hundreds of servicemen are returning with their stars and bars and they are getting the breaks on the trains and buses as they should. Sam Lange is building a miniature Coulee Dam, Fred Hove has new siding on his house, painted white with a green roof which makes one more beauty spot in the Valley. Gilbertson Brothers have purchased the Summit school house and will use the lumber for a house to replace the one burned last winter. A heavy frost nipped gardens and peas and summer fallow is being worked before pea harvest begins. Bill Hove is wearing a German wrist watch sent by Kermit. A wave of the shock Fall wheat is headed and has a healthy green color and a good yield is anticipated.

Sunday dinner guests of Mr. and Mrs. Hugo Geisler were Mr. and Mrs. Chris Deesten and family, Mr. and Mrs. Martin Deesten and Gary, Henry Deesten, all of Moscow, and Mr. and Mrs. Phil Greenwell.

Mrs. Connie Gibbler and Mrs. Wm. Meek have returned from a visit at Seattle with Mrs. Inger Hove.

Several from the Valley church will attend the Blue Mountain Bible camp next week.

Mrs. Fred Magee, Mrs. Sheldon Wetzel and Mrs. Wedin were Tuesday afternoon visitors at Ray Lichenau's.

Mr. and Mrs. Gus Rosenau spent Sunday at the Lee Webb home in Reubens.

Jane and David Lange are on the sick list this week with stomach f.u. Mrs. Annie Danielson and Clarence and Mrs. John Ekum and daughters were in Lewiston Sunday.

Mr. and Mrs. Leon Danielson had for Sunday dinner guests, Mr. and Mrs. Lloyd Dybvig and Mike of Chehalis, Wash., Gus Dybvig of Lewiston, Mr. and Mrs. Ralph McGraw and

A JOB FOR THEM WITH THE WATER POWER—Of course there is!

We have missed them all... Joe, the quiet young engineer who came to us in '39, and Jim, the freckle-faced redhead, who could go us a pole like a monkey and was one of our crack linemen. Bill's the swell youngster who worked in the cost department. Mary worked there, too, and she and Bill planned to be married... Then came Pearl Harbor!

So they answered their country's call, and went out to defend the land they loved... and what that land meant—freedom and opportunity. They will be returning to us—soon, we hope—and we will gladly and proudly welcome them back.

Yes, Washington Water Power remembers its employees in Uncle Sam's uniforms... remembers them with pride and friendliness... and the Company will be watching for them, when their present job is finished and they return home.

Night Shift ON THE FOOD FRONT

Many a soldier devotes his furlough to day-and-night mechanized operation on the home farm. This is Capt. Delmar Van Horn, Jr. with his dad at Jefferson, Iowa.

THEY DID IT BEFORE— THEY CAN DO IT AGAIN

With Farmall Tractor Power

From dark to dark, and longer. Many planted around the clock, working in two or three shifts. They made one of the greatest crops in history.

In today's war-torn world—with hunger and disease already stalking many peoples—even one major crop failure could bring famine. This is why the sound of tractors and planting machinery was heard, day and night, from the Plains states to the Eastern seaboard—why headlights stabbed the darkness over the fields.

Only a generation ago there could have been but one outcome—crop shortage and food scarcity. Nature allows scant time for planting when the warm sun waits till late May or June before drying the soggy soil. Horses are too slow and tire too quickly to get the job done then.

But the farmers remember May of 1943—only two years ago—when their fast, untiring tractors averted crop failure. Then, too, rain flooded the fields and the month was all but spent before they could get on in the land and plant.

In 1943, most farmers drove their tractors from dark to dark, and longer. Many planted around the clock, working in two or three shifts. They made one of the greatest crops in history.

In today's war-torn world—with hunger and disease already stalking many peoples—even one major crop failure could bring famine. This is why the sound of tractors and planting machinery was heard, day and night, from the Plains states to the Eastern seaboard—why headlights stabbed the darkness over the fields.

America's farmers are doing it again, in spite of an unprecedented combination of adverse circumstances—bad weather, shortages of machines and shortages of manpower. For the second time in three years, they are relying upon their tractor-powered machines to help rescue large areas of the world from catastrophe. More of these tractors are products of International Harvester than of any other company.

With
Red Hen Milk Starter Mash
WITH PLENTY OF MILK AND ANIMAL PROTEINS

A chick will eat but one pound of feed the first four weeks. The amount and the cost of feed during those first few critical weeks are so small that you cannot afford to gamble. Help insure a sturdy money-making bird later by giving the chick a good start. Feeding a starting mash upon which you can rely—one that contains all the needed ingredients in their right proportions. That is the kind of feed we offer to you. Come in and let us tell you why you can rely upon our chick feeds.

GENESSEE VALLEY NEWS

When, but it is hot! Summer came with a vengeance when it finally arrived and the earth got too close to the sun this week for comfort. Farmers had a good opportunity to view the total eclipse of the sun Monday morning at 5 a. m. Having is about finished and if present temperatures keep up, mowing peas will soon begin. The Fourth of July passed quietly with a few picnics and fishing trips. We left the fireworks to the boys in the Pacific. There were no casualties in Idaho this year which is perhaps a record for the state. The 50 per cent increase in gasoline is being shown by increased travel on the highway. State engineers are busy inspecting the North and South highway and Genessee folks must be on the alert that they are not left off the highway if a new one is surveyed. We still maintain that with two good highways north from Lewiston that all the side roads should be put in better shape before any more money is spent to build another road. There will be a few changes in the highway to Moscow to make better curves but that should be the extent of post-war highway work for some time in this section.

Lt. Erling Lande is home for a thirty-day rest and then he will report for further orders.
Jane Lang was thrown from her pony Saturday and hit a highway sign which cut her leg, and required several stitches to close the wound.
F-O Andy Schumaker called at Wed. night. He has just returned from the European Theatre and with 135 points, and nearly five years in the army. He was given an honorable discharge. He plans to finish college at GI expense and will enroll at the University at Moscow in the fall.
Mr. and Mrs. Lee Webb and baby of Reubens spent Sunday at the Gus Rosenau home.

Mr. and Mrs. Hugo Gebhrke left on Tuesday for Seattle to see their grandchild, Robert David, born July 2 to Mr. and Mrs. Robert Riecke. Congratulations.
Mrs. Chas. Ingie and Mrs. Stanley Sneve called on Mrs. Allen Sather Friday afternoon.
Eight young people chartered by the Blue Mountain Bible Camp this week. Those who went are Jimmie Sather, David Lange, David Nordby, Gordon Iverson, Marjorie Hatton, Ann Louisa Hauke, Joyce Danielson and Carol Borgen.
The Humbach, Kimberling and Hillman families of Moscow visited at the August Johnson home Sunday afternoon.

Mrs. Leon Danielson and daughters spent Sunday evening at Norman Flammoe's.

Mr. and Mrs. Herman Isakson and daughters were Sunday dinner guests of Mr. and Mrs. Allen Sather.

Mr. and Mrs. Gus Roseman had Sunday dinner at Don Greenwood's.
Mr. and Mrs. Oscar Danielson and family were fishing on the Selway on Sunday.
Pfc. Donald Tunnel and wife spent a few days with his sister, Mrs. DeLoe Odenberg and family. He is a patient at Baxter hospital, having received wounds from mortar fire in Italy. Miss Jean Tunnel, student nurse in Spokane, accompanied them here for a short visit.

Announcing OUR APPOINTMENT AS . . . Maytag Dealer

Because of the large number of Maytag washers in the community, the excellent service the company has given on parts, and the outstanding performance of Maytag equipment, we have tried for several months to get the Maytag franchise. The company was reluctant to give a franchise in a town the size of Genessee, but we are glad to report that we were successful.
Maytag owners will help themselves and us by giving us the model number of their machines so that we can stock the necessary repair parts.

SGT. ARLIE VON TERSCH HOME
BROTHER OF MRS. SPRENGER
Staff Sergeant Arlie Von Tersch, prisoner of war in Germany for eight months, arrived here Tuesday to visit his sister, Mrs. Frank Sprenger, and family. Mrs. Sprenger had been advised of her brother's liberation, but the first word she received from him was after he arrived at McCaw General Hospital at Walla Walla. He arrived in the States July 3 and was at Stark General Hospital, Charleston, N. C., for a short time. He was in a hospital in England for six weeks.

Sgt. Von Tersch parachuted to safety from his plane over Brunswick, Germany August 23, 1944. Only four of the crew of ten managed to escape with their lives after the B24 caught fire and later exploded.

Sgt. Von Tersch was taken with other air corps prisoners to Frankfurt for interrogation, and was sent to Stalag Luft 4 near Budapest in the north of Germany. There were about 10,000 men in the camp, all members of the air corps, mostly American, with a few Russian and some Englishmen. Most aircrewmen being non-commissioned officers, they were not assigned to labor camps. They were work being that of keeping their quarters and grounds in order.

Sgt. Von Tersch was a prisoner for eight months, and as the Russians advanced into Pomerania and closed in on Stettin, the prisoners were ordered to march in the cold of winter to a point near Hamburg, then the Americans and British began to advance and the prisoners were commanded to march toward Berlin. As the armies from the west and east threatened to meet at the city, the prisoners were rather resentful and their treatment of prisoners was not so good. The men would march five miles some days, but some days they might be compelled to travel as much as 20 miles. At night they would be quartered in barns or wherever they could get under cover. Food was a problem, and it was by contents of parcels sent from the United States by relatives and friends and the Red Cross packages that helped keep the men going. During the 80 days from Belgard to Halle Sgt. Von Tersch said the average was three and a half Red Cross packages and four loaves of bread in addition to the food given them. Spuds and carrots were the bulk of fare occasionally, with about 5 pounds of some kind of meat to 600 men. This made pretty thin stew or soup. Boiled potato peelings was one dish Sgt. Von Tersch became accustomed to, and today spuds are not exactly relished by the returned air corps gunners.

The liberated prisoner said crews members carried a pair of shoes in addition to flight boots. These shoes lasted him on the long marches, but his feet felt the ground when he arrived at Halle. For a week before being liberated the guards told the Americans that they were going to be released to the Americans. This, the prisoners refused to believe at first, but finally they were told they were free to contact the American troops. Infantry of the First Army were the first U. S. troops met. They offered the liberated men K rations, and then the freed men were moved a few miles to Meraberg and from there flown by transport to England.

Sgt. Von Tersch wears the Air Medal with two Oak Leaf Clusters, the Good Conduct ribbon and the ETO ribbon with one star. He was with the 48th Bomb Group stationed near Norwich, England. He is here on a 60-day convalescent furlough, and later will receive another 60-day regular furlough. He was a gunner on a B24, and wonders what his assignments will be after hospitalization is completed and furloughs expire. He has just about regained his weight.

He was liberated April 6, 1945.

HOGAN IN STATES
Pvt. Howard Hogan who had been in the Pacific Theatre for about 18 months, has been returned to the States for medical treatment. He has been with a forestry engineer unit. He is the son of Mrs. Mae Baker, who was advised of his arrival by a telephone call from her daughter in Salt Lake. Pfc. Hogan feared a call direct to his mother might be alarming.

WAGE STABILIZATION PLAN
PART OF ANTI-INFLATION ACT
Boise, Idaho, July 19—This is the fourth and last of a series of articles explaining farm wage and salary stabilization by the Idaho State Wage Stabilization Board.

Authority of the government to stabilize and limit wages and salaries during the war derives from the anti-inflation act passed by Congress on October 2, 1942, as amended. This act is the legislation authorizing price ceilings. The price control program so established must be applied to agriculture as well as to industry if the flow of essential foods and war materials is to be maintained without the disruption of our national economy. By complying with farm wage stabilization regulations, therefore, farmers and farm workers are helping support the emergency program designed to make the best use of our limited labor supply, and to prevent the rise in the cost of living and of the government's cost of winning the war.

Briefly reviewing the farm wage controls, all farm wage payments are governed either by specific wage ceilings which establish definite maximum rates for agricultural workers, or by general regulations which limit the amount to which compensation of agricultural workers may be increased.

Under either of these methods for stabilizing farm wages, provision is made for a minimum wage rate as set by the WPA Wage Board in meritorious or hardship cases.

This does not mean that the maximum rate permitted without WPA approval shall become the going rate for farm work, or that it shall rate of travel as for other workers. Pay for the more experienced or capable workers. Wage differentials necessary in the interest of good operation may be maintained under farm wage stabilization.

Because of the broad application of the program to farmers and workers who have any wage stabilization problems are asked to get in touch with the area supervisor, Arlo W. Giles, located at Room 10, Federal Building, Lewiston.

Voluntary compliance is expected by the WPA, however, investigation and enforcement machinery is available to deal with violations. Where any question arises as to the legality of rates paid for farm work, representatives of the WPA have authority to examine payrolls and other employment records that will determine whether or not the rate is in accordance with legal requirements.

Several violation cases have already been recommended for penalty assessment by the War Food Administrator, and a number of other cases are under review at the present time.

GERALD PEDERSON IN STATES
Lt. Gerald Pederson, with the second battalion, 2nd Infantry, Fifth Division, arrived in New York Wednesday. He will go by troop train to Fort Douglas, Utah, and then come to Genesee on a 30-day leave, after which the division will assemble at Camp Campbell, Ky., for a few weeks training before going to the Pacific Theatre of Operations. He arrived in Europe during the closing days of the war and was assigned to the 48th Bomb Group, which was then in a few weeks at Eggenham, Germany, across the Danube from Austria. He was also in Czechoslovakia for a few days. About five days are required for the trip from New York to Utah.

HOLIDAY AT CAMP ROBERTS
Ben Holiday is now at Camp Roberts, Calif., for basic training. His wife and children who visited relatives at Benga, Wash., returned to Genesee Friday and will make their home with Mrs. Holiday's father, Joe Broemelting.

EMMETT ARRIVES AT BASE
Mr. and Mrs. R. E. Emmett have received word from their son, Pfc. Emmett, telling them that he had arrived at his destination in the Pacific.

ART TAYLOR IN OCCUPATION
FORCES NOW AT NEURNBERG
T-5 Arthur Taylor, son of Mr. and Mrs. E. J. Taylor, believes that he will be kept in Germany for some time yet, according to a letter received from him. "We've moved again. This time to Nuernberg. They are keeping us pretty busy. Using 30 trucks to do the work 49 did before. Things are letting up a little with quite a few troops having moved out, but they still keep us jumping."

"It doesn't look like I'll be home for quite a while. According to all rumors we'll be here for three to six months. Right now we are attached to the Third Army. They might make it permanent. I hope not though."

"I have one little piece of news. About a week or so ago I saw someone I knew from Genesee. Dallas Flomer was stationed at a ration depot in Regensburg, Germany. We haul meat from there. I think he is still in the States."

"We haul up there too, but I haven't seen him again. I've been overseas almost as long as he's been in the army yet. He has more points than I have. I think I'll have him beat pretty soon as they tell us we are due for two more stars."

"On my last trip out I went into Austria and a reformer. I got a chance to see Hitler's mountain hide-out at Berchtesgaden. It was really up in the mountains too. However, he had good roads built up to it. It might have been a nice place before they started bombing but it doesn't look like that now. They did a good job of bombing the place."

STOUTS MOVE TO SANTA FE
EXPECT DAUGHTER TO VISIT
The following letter comes from Mr. and Mrs. Emmett Stout, former residents of Genesee:
"Hello Pete:
"How is everyone around Genesee by now? We are ok and enjoying the best of health, high up here in New Mexico, elevation about 7600 feet."
"The Seagoville, Texas, camp, which was formed as a reformatory for women, was abandoned by the Immigration Service, or rather turned back to the Bureau of Prisons, for men."
"As I do not care for prison duties, I preferred to transfer with Immigration Service with which I have established Civil Service status, so here I am back at a Jap camp."
"Well, Pete, do you hear from the boys regularly? I sincerely hope that you and Mrs. Pederson are enjoying the best of health and that the boys will soon be safely home. We are expecting Della home on a furlough about the 15th of this month, from where she is on duty in the Fleet Postoffice in San Francisco. We are anxious to have her come as she has been away since December 12, 1944. Seems like a long time."
"We will be looking for the News to follow us to our new address, which is: Emmett E. Stout, c/o U. S. Immigration Service, Santa Fe, N. M."

GENESEE, LATAH COUNTY, IDAHO, FRIDAY, JULY 20, 1946

THEUERKAUFF ON WAY HOME
Sgt. Richard Theuerkauff is expected home soon, according to word received here by Howard Blume. Richard was with the famous "Hell on Wheels" Second Armored Division, which was assigned to the occupation of Berlin. Sgt. Theuerkauff has more than enough points for discharge owing to his long time in the service. It is certain that he will be released.

LT. ELAINE FRAFFORD WEDS
STAFF-SGT. WINSTON LOWE
Lt. Elaine Frafford, ANC, and S-Sgt. Winston Lowe were united in marriage at the Post Chapel, Auburn, Calif., Wednesday, June 20. Captain Stanley Marple, assisted by Captain Raymond Shaw, chaplains, officiated.

Lt. Frafford is a cousin of Thor Gilje of Genesee, and she made her home for the past year with Mr. and Mrs. George Carburn. She took her nurse's training at St. Joseph's hospital in Lewiston. She is now stationed at DeWitt General Hospital at Auburn, Calif.

The bride wore a frosted white organdy. Winston wore a white tuxedo with a finger-tip veil trimmed with wax orange blossoms. On her gown she wore an antique pin, an enameled pansy with a diamond center. She carried a spray of white gladiolus and carnations.

Lt. Frafford was given in marriage by C. Melvin B. Kirtland. Lt. Col. M. Bailey, the bridegroom, wore a rose taffeta gown and carried a nosegay of pink and white carnations.

Op. Robert Monet stood with the groom as best man and Sgt. Harold Flummer as usher. Sgt. Hermann Storr played the Wedding march.

Among the guests assembled to greet the couple were Col. Wm. H. Smith and Major Amy Pendergast. The groom's mother, Mrs. Irma Love, came from Cedar Rapids, Ia., to be best woman, while Mrs. J. B. Erickson of Roseville, Calif., acted for the bride's mother. Other guests from Roseville were Mrs. Thomas Nicholls and Mrs. I. Fidymant and her daughter, Coralie.

Immediately after the ceremony a wedding breakfast was served by the Post. A refreshment punch was served. The couple received a great variety of beautiful gifts from their many friends.

Sgt. Lowe was repatriated to the United States last February after having been a prisoner of the Germans since May, 1945.

SGT. BRUEGEMAN AND BRIDE VISIT RELATIVES AT GENESEE
Technical Sergeant Don Bruegeman and his wife visited over the week end here with the former's grandparents, Mr. and Mrs. Andrew Hasfurther, and other relatives.

Sgt. Bruegeman, engineer and crew man on a 15th Air Force B-17, which was lost to enemy action over Czechoslovakia, February 14, 1945, was a German prisoner from the day his plane was hit by flak until April 29, 1945, when he was liberated with approximately 31,000 other prisoners at Moosberg. He arrived home June 7 at the home of his parents at Craigmont. Since arriving home he married Miss Denney of Reubens.

Don related that his crew, but others of his squadron had just hit Vienna when enemy anti-aircraft hit his No. 2 engine. The oil pipe line was cut and within a few minutes the motor was on fire. Gasoline was boiling over onto the motor, and as the pilot and crew members witnessed the disaster the plane was vibrating as though it might tear itself to pieces. The motor tore loose from its mountings and the fire increased due to the flowing gas. With the left wing ablaze, five of the crew left from the forward positions. The ten men of the crew were seen leaving the plane or in the air, and all men are safe today for certain except one man who has not been heard from. The Fortress was set on automatic pilot, and Don said he watched it out of sight. He dropped several thousand feet before pulling the ripcord of his chute, and he landed in a vineyard. Civilians evidently had watched his descent and were all around him when he hit the ground. He was struck, kicked and cuffed before a group of soldiers took him into custody. Other fliers who had parachuted and were captured were rounded up and moved by truck to a central point, and from then on Don walked many miles before finally being placed in a stockade at Moosberg.

The returned airman said the food was very limited, just plain watery vegetable soup and a slice or two of some brown bread. Escorte to the prison camp, Americans were able to trade cigarettes for food, but once inside the stockade the non-commissioned personnel were never taken on labor details and thus, they had no opportunity to meet civilians. He volunteered to work, as did many other prisoners, but they were not granted the privilege, in accordance with the Geneva policy of war prisoner treatment. Occasionally the men received a Red Cross package and would have received more but delivery was held up by lack of transportation and the evident confusion.

Weather turned more favorable for growing crops Sunday when the mercury dropped from around 90 degrees above for a week to around 70. Temperatures at night, beginning Monday were very cool for summer, and Tuesday night the temperature was down to a near frost.

Cooler weather has afforded relief to crops on the Island Empire. Peas were ripening quickly and unevenly and it was feared that some of the late-sown peas might suffer additional injury. The pea crop prospects are noticeably spotted. There are some fields where the yield is promised to be a ton per acre. The fields which have been damaged by frost and also by heat.

OLSON-VESTAL
Miss Betty Olson, daughter of Mrs. Roy Fish, and Gene Vestal, son of Mr. and Mrs. Lawrence Vestal, were married Saturday evening, July 17, in Clarkston. Following a few days in Spokane, the young couple returned to Lewiston where they are both employed.

HICKMAN TO NEW YORK
Pvt. John Hickman, who was home on a delay enroute from Mariana Air Field, Fla., to Mitchell Field, N. Y., left Friday after a visit with relatives and friends. He was taken to Flumer by his father, Wm. Hickman where he boarded a Milwaukee train for the trip east.

FIRST OF CROP DELIVERED
Boyd Erickson delivered the first crop grain to Genesee to the Genesee Union for this season. The grain was white winter barley from the Edgar Evans ranch. It is thought to be making a ton per acre. First crop delivered in 1944 was dried peas, also two will then return to Los Angeles. Mr. and Mrs. Follet met their daughter in Lewiston Monday when she arrived by plane from Boise.

BAUMGARTNER ON LEAVE
Completing five weeks' of boot training at Great Lakes Naval Station, Don Baumgartner drew a 30-day leave, and despite travel conditions made the trip home. He reached here last Thursday and left Sunday for Great Lakes Station. He was accompanied on the trip by a fellow sailor, Dwight Chicane, who visited his parents at Grandville. The boys went from here to Boise by stage and from there to Chicago by train, the route they traveled home. On arriving in Lewiston Don was surprised to learn that his brother, Sgt. Ralph Baumgartner, was home from overseas.

Don is one of the boys to pass the Eddy test, and after completing boot training he will go to school for 10 months to study radar.

Unable to visit Leonard Bielenberg, who also passed the Eddy test, and is at Great Lakes, Don said he called him the night before he left. Bielenberg may be home in a week or two.

UNDERGOES OPERATION
Mrs. Francis Uhr underwent a major operation at the Colfax Clinic on Monday morning and is reported as getting along satisfactorily. Mrs. Uhr, Ochs, graduate nurse, cared for Mrs. Uhr for three days following the operation.

Miss Follet here from California. Miss Dorothy Follet, technician at the Southwest X-ray and Clinical Laboratory of Los Angeles arrived Monday for a two weeks visit with her parents, Mr. and Mrs. Mahlon Follet, and other relatives and friends. Miss Follet was accompanied to Idaho by Miss Lynn Whitlock who will visit in Twin Falls for two weeks and the two will then return to Los Angeles. Mr. and Mrs. Follet met their daughter in Lewiston Monday when she arrived by plane from Boise.

ART TAYLOR IN OCCUPATION
FORCES NOW AT NEURNBERG
T-5 Arthur Taylor, son of Mr. and Mrs. E. J. Taylor, believes that he will be kept in Germany for some time yet, according to a letter received from him. "We've moved again. This time to Nuernberg. They are keeping us pretty busy. Using 30 trucks to do the work 49 did before. Things are letting up a little with quite a few troops having moved out, but they still keep us jumping."

"It doesn't look like I'll be home for quite a while. According to all rumors we'll be here for three to six months. Right now we are attached to the Third Army. They might make it permanent. I hope not though."

"I have one little piece of news. About a week or so ago I saw someone I knew from Genesee. Dallas Flomer was stationed at a ration depot in Regensburg, Germany. We haul meat from there. I think he is still in the States."

"We haul up there too, but I haven't seen him again. I've been overseas almost as long as he's been in the army yet. He has more points than I have. I think I'll have him beat pretty soon as they tell us we are due for two more stars."

"On my last trip out I went into Austria and a reformer. I got a chance to see Hitler's mountain hide-out at Berchtesgaden. It was really up in the mountains too. However, he had good roads built up to it. It might have been a nice place before they started bombing but it doesn't look like that now. They did a good job of bombing the place."

STOUTS MOVE TO SANTA FE
EXPECT DAUGHTER TO VISIT
The following letter comes from Mr. and Mrs. Emmett Stout, former residents of Genesee:
"Hello Pete:
"How is everyone around Genesee by now? We are ok and enjoying the best of health, high up here in New Mexico, elevation about 7600 feet."
"The Seagoville, Texas, camp, which was formed as a reformatory for women, was abandoned by the Immigration Service, or rather turned back to the Bureau of Prisons, for men."
"As I do not care for prison duties, I preferred to transfer with Immigration Service with which I have established Civil Service status, so here I am back at a Jap camp."
"Well, Pete, do you hear from the boys regularly? I sincerely hope that you and Mrs. Pederson are enjoying the best of health and that the boys will soon be safely home. We are expecting Della home on a furlough about the 15th of this month, from where she is on duty in the Fleet Postoffice in San Francisco. We are anxious to have her come as she has been away since December 12, 1944. Seems like a long time."
"We will be looking for the News to follow us to our new address, which is: Emmett E. Stout, c/o U. S. Immigration Service, Santa Fe, N. M."
In answer to your letter Stout, everyone is fine here. We hear from all the boys from Genesee quite regularly, and hope that your daughter reaches home as soon or sooner than expected."

Keep Unprofitable Feeding Practices Off Your Farm

Careless, wasteful, inadequate methods of feeding poultry and livestock rob countless farms of potential profits. Years of testing and experimenting have proved that the profitable way to produce milk, meat and eggs is to give to good birds and animals plenty of good feed containing all the vitamins, minerals, proteins and other ingredients needed for quick, healthy growth and abundant production. We offer you a scientifically balanced feed for every need. For profitable, low-cost production feed plenty of...

GENESEE VALLEY NEWS

A pall of smoke Monday and Tuesday over the Valley caused some alarm at first before the whereabouts of the fire was known. It proved to be large forest fires in Oregon. Every precaution should be taken by people going into wooded areas to prevent fires. This applies to grain fields also as both are valuable now. The weather is much cooler since the earth got through hugging the sun and it is much better for the grain. Haying is completed and the yield was the best in many years. News will be rationed for the next few weeks while Valley people are garnering the crops. Better write your congressman urging him to adopt the new peac charter. It may not be perfect but it's a step toward permanent peace.

Mrs. Ed Blume of Grangeville and Mrs. Arwin Nordby of Moscow have open house for Miss Myrtle Larson at the Larson home Sunday afternoon from 3 to 5 o'clock. All friends are cordially invited.

Sunday school at 9 a. m. No church. No more Ladies Aid until after harvest.

Miss Maxine Roseman arrived home from summer school in Seattle Saturday. She had her tonsils removed in Lewiston Tuesday morning.

Mr. and Mrs. Allen Sather had a dinner recently in honor of their nephew, Lt. and Mrs. Wm. Deobald, who were recently married. Mr. and Mrs. Wm. Deobald and Dick of Kendrick and Lois of Moscow were also guests.

Mr. and Mrs. Ralph McBride spent Thursday evening at Leon Danielson's. A number of people have been calling on Lt. Erling Lande while he is at home. They included Mrs. Dollie Peterson, Mr. and Mrs. Vernon Peterson who called Wednesday evening; Mrs. J. P. Wedin and Ray, Thursday evening; Mr. and Mrs. Floyd Hove, and Mr. and Mrs. Raphael Linehan, Saturday evening and Mr. and Mrs. Sam Lange, Monday evening.

Mrs. R. E. Nordby and the eight juniors who went to Bible camp returned home Sunday evening with a lot of interesting experiences to tell. Sony Morken proved a hero when he saved David Lange from drowning.

Mr. and Mrs. Oscar Danielson and Shirley and Danny called at Ray Linehan's Friday evening.

Mr. and Mrs. August Johnson have the honor of being great-grandparents to twins born Thursday to Mr. and Mrs. Kenneth Gottschalk at the Gritman hospital in Moscow. All interested parties are doing fine.

R. E. Nordby attended a church picnic near Kendrick Sunday.

Betty Davidson of Moscow is spending the summer with her sister, Mrs. Sam Lange, and family.

Joyce White of Lewiston spent last week end at Ed Morken's.

Mr. and Mrs. Victor Danielson visited at Norman Flammoe's Friday evening.

Mrs. Annie Danielson and Clarence, and Wally England had Sunday dinner at John Eikum's.

Joe Anderson is spending a few days at Sog Lake.

Harold Swenson of Spokane is visiting his grandmother, Mrs. Hannah Swenson. His father recently had a major operation in a Spokane hospital.

Wayne Borgen celebrated his tenth birthday July 11. Guests who helped him eat birthday cake were Albert Lorang, Kenneth Uhre and Mrs. Charles Kramer.

Gene Eikum has enlisted in the navy and goes to Boise Thursday to take his examination.

Mr. and Mrs. Oscar Danielson spent Saturday evening at Adrian Nelson's. Yvonne Eikum spent the week end with Mrs. Marie Eikum in Lewiston.

Mrs. Craig of Craigmont and Mrs. Wolfe of Spokane are visiting their mother, Mrs. Clarence Peterson, and family.

Mrs. Oscar Danielson entertained the Valley Aid Thursday afternoon at her home. Twenty-seven members and twelve guests were present. Rev. Veldey had the devotions and gave a talk on the missionary project who gave America. Due to difficulties in obtaining passports they will not be able to sail until fall. Mrs. Veldey played a piano solo. There will be no more meeting of the Aid until fall. The hostess served delicious refreshments.

The Bluebird Club held its last meeting until October at the home of Mrs. Clarence Peterson. The club is sponsoring a move to plant trees in suitable places in Geneese as living memorials for boys who gave their lives in World War II. A letter was sent to the Geneese Civic Club urging the project. Guests were Meses. Adrian Nelson, John Eikum, Mrs. Craig and Mrs. Wolfe. Ice cream, cake and coffee were served by Mrs. Peterson.

Miss Myrtle Larson, national president of the Lutheran Daughters of the Reformation, has been in Canada on a two weeks' speaking tour for the entire and is now here for a two weeks' visit with her mother, Mrs. Lilly Larson, and other relatives. Mrs. Lilly Larson and Elmo met the visitor in

Spokane Saturday and went to Kellogg to visit Mr. and Mrs. Martin Johnson and Mr. and Mrs. Ralph Bligan, and Mr. and Mrs. Harry James at Wallace. They returned Monday evening.

Announcing Maytag Dealer

OUR APPOINTMENT AS . . .

Because of the large number of Maytag washers in the community, the excellent service the company has given on parts, and the outstanding performance of Maytag equipment, we have tried for several months to get the Maytag franchise. The company was reluctant to give a franchise in a town the size of Geneese, but we are glad to report that we were successful.

Maytag owners will help themselves and us by giving us the model number of their machines so that we can stock the necessary repair parts.

FACT OR FICTION?

CHECK YOUR ANSWERS HERE:

1. Fiction. That's a popular local joke, but the name is actually from the Indian language and means "blowing water". Some N. P. towns and cities were named for soldiers who guarded the railway's survey parties (e.g. Custer, Miles City) . . . others for early N. P. presidents (Billings, Perham, Villard, Oakes, Hannaford) . . . still others for pioneer railroad workers, their daughters and wives. Etlogia, Washington was first named Ehopai ("Hell-to-pay") because a cloudburst washed out the railroad there, during construction days.

2. Fiction. The fringe, a safety device which warns trainmen on tops of cars to duck instantly, is called a "tellt-tale".

3. Fiction. Fish plate was name given old-time rail fastening, now known as joint bar. It takes more than half a million of them to link the N. P. main line from St. Paul to the Pacific.

4. Fact. High, grassy plateaus in these hills once supported thousands of spirited horses. Today most have disappeared. However, Northern Pacific carries wheat now grown high in Horse Heaven.

5. Fiction. As the Northwest grew, many of its important population centers flourished on the Northern Pacific—thus, the line has become the "Main Street of the Northwest".

NO BONDS FOR COURTHOUSE

One of the redeeming features of the proposal to construct a new courthouse for Latah county is that no bond issue is contemplated.

No one can successfully argue that Latah county does not need a courthouse adequate to care for all offices of county government.

Mr. and Mrs. Albert Wernecke received notice Wednesday of last week from their son, Leonard, to write no more letters to his present address in Italy as he expected to be home the first week in August. The following: Pfc. Leonard Wernecke will return home soon with the veteran 301st Flying Fortress Bombardment Group, one of the oldest units in the 15th Air Force. The 301st returns home after almost three years of active duty in the European and Mediterranean theatres, ready after rest and refitment to throw its weight into the war still to be won.

DON SPRINGER NEARS END OF BASIC AT CAMP ROBERTS

Don Springer, who is taking basic infantry training at Camp Roberts, Calif., writes: "Dear Pete and Ollie: "Have been receiving the Geneese News regularly, and I want you and the Legion to know that I certainly appreciate it. "My training is about over. A couple weeks of bivouacs and I will presumably be a soldier. The army has most certainly disfigured my figure. Between the growing sergeants, physical training, and hot sun I have become a real fat man. I have gained 25 pounds of fat, which took me many long years to accumulate. "I have seen Del Kambitsch and Bud Springer a couple times. They look fit except for sun-burned faces. The last time I saw Bud he had a lip on about four times the normal size. The explanation being that he was on the rifle range and forgot to move his head the 40 times his trusty old M1 rifle recoiled. "Enclosed is a small newspaper edited by a retired editor whose son sleeps across the aisle from me. It contains an article, which for a few cases of gross understatement, gives the reader an inside glimpse of the struggle of a Camp Roberts trainee. "Don."

LT. BECKER HERE ON LEAVE

LT. Dwight Becker, who is training recruits at Camp Wheeler, Ga., visited here three days with his parents, Mr. and Mrs. Ernest Becker and other relatives before returning to Seattle and back to Georgia. He was met in Spokane by his father and sister, Mrs. Jerry Brink of Pocatello, who is visiting here.

RIHARD JACKSHA HOME

Pfc. Richard Jacksha, returned last Wednesday from the European Theater where he served with the 394th Infantry of the Fourth Division. He wears his battle stars, the Combat Infantry badge and Presidential Unit Citation. Dick fought with the army that pushed to the Rhine, and was with the first troops to cross the Remagen bridge while it remained standing. The returned soldier has been just too busy since reaching home to give much information for publication, but he did say he was home for 30 days and was with a unit assigned for re-deployment. He trained for field artillery in the States before being transferred to the infantry, but now he has been transferred back to the field artillery.

CAPT. HOVE AT REIMS

A brief note comes from Capt. Kermit Hove, now in France which reads: "Dear Pete: Please change my address to Camp Pittsburg A. C. I am now stationed near Reims, France. All troops going home will pass thru New Jersey. "Good judgment is found only in the absence of bad feeling."

WHITTEN ON HIS WAY HOME OVERSEAS NEARLY 3 YEARS

Sgt. K. L. (Ken) Whitted, who has been neglecting readers at home, has some good news at this time. His letter reads: "Dear Pete: "Just a line to say I expect to be home before long, so my name can be dropped from your mailing list. The paper has been coming regularly and it's really been very much appreciated."

ALL HELP IN AIRMAN RESCUE

The United States government asks that every citizen of Idaho help in the Army Air Force program by following these simple rules: 1. If you see or have knowledge of an aircraft which has crashed or from which personnel has parachuted, you should immediately report this information: 2. Report by telephone collect to either, your county sheriff, your nearest Idaho State Police, your nearest U. S. or State Forestry Service, your nearest U. S. Grazing Service, your nearest military installation.

LARRY BROWN DISCHARGED

Sgt. Larry Brown, son of Mr. and Mrs. Lawrence Brown, is reported to have received a discharge this week at Fort Douglas, Utah. His parents have not received word from him, and all they have learned was contained in a brief news dispatch from Salt Lake City. They rather expect that he will be home soon to surprise them. His wife and children have been living in New Jersey.

GENESEE VALLEY NEWS

Continued warm weather has ripened the grain early and harvest is here. Sam Lange has swathed some peas and others will soon follow suit. There was much damage done by the frost to peas, more than was first estimated, and the yield will be cut 60 per cent or more. The Lewiston chamber of commerce has taken a fine stand in the matter of building new highways and sent their protest against new construction to the powers that be. The county planning board and county commissioners are to be commended for their capable plan of building a new county court house, built in Territorial days of the state and adequate for those times, has long since outgrown its needs and valuable records are in constant danger of being lost because of filing space and other equipment. The county is paying \$2700.00 per year for county agent and AAA quarters which are about large enough for two farmers at a time and lack of filing space make a lot of inconvenience to farmers and secretaries as well. Aside from the real need of a larger and more modern building there is the matter of civic pride. Many people will visit this section after the war and will be influenced by what they see in up-to-date buildings, homes, etc. So let us get out on August 4 and vote for the project and show our public spirit.

Church at 9 a. m. Sunday school at 10 a. m. Sunday.

Thank Walt, the WHEELMAN... for your morning coffee and waffles

Walt, the "Wheelman," and his pals at the hydro-generating stations of Washington Water Power are important factors in the production of the dependable, inexpensive electricity you use to cook that appetizing breakfast. Night and day they're on the job, and at your service.

Walter Loveday was just a young man with an aptitude for mechanical things when he came to work for Water Power 22 years ago. Now Walt is an expert wheelman. It is his job to see that the great generators keep humming in well-oiled content. The generator is the heart of hydroelectric production. It transforms the power of rushing waters into steady streams of electrical energy to serve your needs.

Washington Water Power and its workers have blazed trails for the pioneer past, and we are going forward together - Trailblazers always!

Harvest Well Under Way

Harvest in the Genesee territory was making good progress during the present week with weather conditions favorable. A few ranchers started in fields at midweek and found the crop in hand ready for the combine.

W. O. Borgen delivered peas July 31, and there are many now cutting this crop, including Gunder Hammer, whose crop is said to be yielding approximately 1600 pounds per acre. Those who were delivering peas this week, with some having got started Saturday are: Walt Erickson, Marion Holben, Don Greenwell, Howard Blume, Jim Cameron, Sam Lange, Elmo Larson, Wm. Heinrich and J. E. Herman.

Wheat was delivered July 30 from the Archibald Bros. and Geo. Baumgartner ranches, south of Genesee, with Cliff Lundt bringing in wheat from the Nagel place on the Rim on Sunday.

Among those delivering wheat this week are: Geo. Berry, Bob Gray, Wm. Heinrich, Bob Kuhn, Otto Kaldus, Sam Nye, Willard Sampson and Pete Zentner. The last named and Neil Sweeney have also delivered peas.

It is true that the pea crop is running short of the crop grown last year, and there are more small peas in the samples, and they may be below the average yield. There are quite a few smaller wheat kernels among some of the samples, and they may be attributed to the unusual hot weather, and heads not filling normally.

GENESEE VALLEY NEWS

The heat wave was broken by thunder and showers in the mountains and we have settled down to ideal summer weather. The nights are plenty cool and a fire feels good for an hour or two in the morning. The Wedin, Peterson and Lange machines started in moved peas Tuesday. Other work will start the last of the week. Farmers living on dirt roads or poorly rocked ones have a chance to air their views about building a new highway, at the public meeting in Genesee on August 11. Farmers were cheated out of the gas refund money which they paid taxes on for tractor and combine gas last year. It could be suggested that every long-hauled farmer who will see about three houses, built during the last 60 years, and why one out-moded courthouse? The cost is very small for each one and the saving in cost, using the method proposed, will be great, rather than a bond issue, which have to come if this one is not voted in Saturday, August 4, from 1 to 8 p. m.—Let's Go!

What About the Courthouse?

John Citizen, resident taxpayer of Latah County and actively interested in any proposition affecting its welfare, cocks a prudent eye at his pocketbook and wants to know more about this courthouse proposal. He has heard a lot about it in the past few weeks, but there are a few points upon which he wants further information before he is ready to cast his vote, so he asks:

- When is this election?
Saturday, August 4th. Polls will be open from 1:00 p. m. to 8:00 p. m.
- What is it for?
To empower the County Commissioners to levy not more than three mills, the money from such levy to be placed in a sinking fund until such time as enough is accumulated for the erection and furnishing of a new County Courthouse.
- How much will have to be raised?
Three mills would raise about \$44,000 per year or \$176,000 over a four-year period. This sum should be adequate for the purpose.
- Why not float bonds?
Twenty-year bond would cost the county about \$40,000 in interest whereas funds accumulated under the proposed plan, which have to be invested by law in listed securities would return about \$11,000 to the county over a four-year period. Common sense would indicate that the proposed plan is sound business.
- What is wrong with our present courthouse?
It is 57 years old, obsolete, inadequate, a fire-trap with no safe depository for irreplaceable records, crowded, expensive to maintain, and a county eyesore. It costs the county \$2700 per year to rent needed space outside the building.
- Why not take advantage of Federal Aid if it becomes available in the post-war years?
Any system of Federal Aid has, in the past, required at least a 40% deposit of necessary fund by the sponsoring agency. Should such aid be made available in the future which, may or may not happen, the county would be in a position to put up the necessary matching funds under the proposed plan, in which case, a three-mill levy for only two years would be sufficient.
- Why can't the election wait until fall?
The county levy has to be made in September and therefore the election must be 30 days in advance.
- Who can vote in this election?
Any qualified elector of the county who has been a resident for more than thirty days last past and who is the husband or wife of a taxpayer whose name appears on the tax rolls of the county and is there assessed with un-exempt real or personal property within the boundaries of the county.
- How large a majority must be cast in favor of this proposal?
Two-thirds of all the votes cast at the election must be favorable.
- Where would the new courthouse be located in the event one is built?
Since it will take three or four years to accumulate sufficient funds, and since construction would have to wait upon the availability of materials and reasonable labor costs, this is a question upon which the sentiment of the people of the county would have to be secured and acted upon when the time comes to build.
- Can the funds accumulated by the levy be used for any other purpose?
No. It is positively forbidden by law to expend the fund for any other purpose than to build the courthouse.

Now possessed of more pertinent information, John Citizen is better prepared to vote intelligently on the issue. In any event he is going to cast a vote for he knows that this is the means by which the sentiment of the people can be registered and their wishes determined.

COURTHOUSE PLAN SOUND Perhaps the farmers of Latah county realize more than others how miserably inadequate the present court house has become. Perhaps there are some who have blamed some county officials for inefficiency, while the real reason for delays in transacting business at the county agent's office or in some other office may be traced directly to crowded conditions, inadequate filing and recording facilities and lack of storage space. The county commissioners are trying to avoid a costly bond issue and those long years of paying interest.

THE ELECTION IS SATURDAY, AUGUST 4. SGT. TOMMY GARRETT LOST WAR DEPARTMENT ADVISES (Continued from Page One) ter from the Department, please don't take to much notice of it. I know that you will grasp at every little thing that you hear and I don't blame you a bit. You see if any other of the boys had gotten out as I did, they would have gotten waded to our lines as I tried to do or they would have been taken prisoner. And if they were taken prisoner they would have been sent to the Red Cross via Switzerland and the War Department would have let you know, or if any other of the boys had been sent to France and had come out with the French underground they would have had ample opportunity to have gotten back to our troops by now.

bers of his family. Once the tank Sgt. Theuerkauff was wrecked and he and other members of his company, trapped by the enemy, barely escaped with their lives. Another time a mortar shell struck in the midst of a group of five, and all four of the others were wounded, but not Theuerkauff. Again his companions gave him up for lost when a German 88 struck a tree not 20 feet away while the sergeant was standing on his tank—still nothing touched him. Two and a half years overseas, Theuerkauff saw service in Africa, Sicily, England, France, Germany, west Belgium and Holland. He drove a tank through 1,600 miles of battles and was awarded three battle stars for Africa, Sicily, Ardennes Forest, St. Lo, northern France and central Germany, and Rhineland.

After Saint Lo, Theuerkauff fell ill with malaria due to his incessant duty. He was hospitalized for three months in England, thus missing the dash across France. He was plunged into the battle of the bulge.

Despite war horrors, Sgt. Theuerkauff saw many beautiful sights. He saw the beautiful cathedral of Carthage, Africa, and the gold lined cathedral at Sicily, which stood in poverty seen everywhere on the island.

Most of the young German soldiers left, innocent and overbearing, will not admit their defeat, the sergeant said, and will probably never be cured of this attitude. He was hospitalized for three months in England, thus missing the dash across France. He was plunged into the battle of the bulge.

Homebound, Sgt. Theuerkauff flew 8,000 miles over the so-called "green project," first to Casablanca, then Dakar, in Africa; then to Natal, Brazil, and over the vast stretches of flat jungle of Brazil to British Guiana, Porto Rico and then Miami, where he arrived July 16.

Sgt. Theuerkauff visited Mr. and Mrs. Howard Blume and others in the Rimrock neighborhood Monday.

BOY SCOUTS RETURN Don Lee, Jimmie and Don Bennett, Ray Liberg, Jack Liberg, Dr. and Mrs. Harold Lee returned home Sunday evening by Mr. and Mrs. Harold Lee. The boys, members of the Genesee Scout Troop, had a week at Camp Cowles near Diamond Lake, Wash.

Qualifying for merit badges were: Ray Liberg, wood carving; Frank Emerson, first aid; Don Lee, first aid and farm layout and building; Jack Liberg, first-class scout; Don Bennett, civics, scholarship, wood carving, farm layout and building arrangement.

Boys from Genesee and four boys from Spokane won the baseball championships. The four boys also won the obstacle course championship, were second in swimming, were first for four turns in water polo and won inspection first place four of six times.

DAMON HOLBEN BACK HOME WAR PRISONER TEN MONTHS (Continued from Page One)

permitted to correspond and letters were received and sent from relatives here. His trip to England was arranged by the Red Cross and the parents contemplate a visit here after the war. Mr. Mills, a veteran of World War I is a chief railway inspector and will soon be eligible for retirement. Sgt. Holben wears the Purple Heart, the American Defense, Good Conduct and Mediterranean-Eto ribbon with three battle stars, and a Presidential Citation ribbon. He has regained his weight after having gone down to 155 pounds during ten months as a prisoner. At times the ordeal was most unbearable, but Damon said he made every effort to keep in condition on the scant diet of watery grass soup, the small amount of bread and the barley given them on rare occasions. He has eaten horse meat and said it tasted like chicken. Sometimes the prisoners would be sheltered in barns or sheds, and if there was a cow nearby, it was not unusual to milk them. Damon has eaten his share of mangels, and now and then he and other prisoners would watch while civilian prisoners were planting potatoes, and when out of sight, dig the cut potatoes from the earth and eat them. Damon said that he was rather aggravated by some boys from large cities, who believed that potatoes were not eaten raw, and would eat them with the peeling. To have a knife meant a severe reprimand, so no vegetables were peeled. Damon said that he carefully guarded what he had, and made two pairs of socks last almost forever. He often cautioned the men about trying to keep their feet as good condition as possible, but in spite of care all men suffered from calluses which became terribly painful piercing corns. But one man captured with Damon remained with him, and he was sent to hospital when they arrived in France.

Sgt. Holben will go to Santa Barbara, Calif., after his 60 days at home, and then expects to receive his discharge. He has 124 points.

HOWARD BROEMELING SEES MUCH ACTION IN PACIFIC

Howard Broemeling, who saw a lot of combat duty in the Pacific before coming home a few months ago, has been on duty again where the going has been rough. He writes: "Dear Pete: How are you and everyone else in Genesee? For myself, I'm just well, except for being a little hungry, nuts, and loneliness for the old town and gang again. "I have been getting a paper every now and then, and believe me it is really appreciated. Thanks a million to the Legion and you. "Well, Pete, I can now give a little dose where I've been the first few months after I came back out. Was a couple of days late on the Okinawa Campaign, but I think I got my share anyway. It was a hard old battle, but we won. Had quite a few exciting times during the battle. It called for bombarding night and day, and air defense along with it. It's believed that the old (name of ship) put out more shells than any other ship there. Don't remember exactly how many, but it was over 15,000 tons. There was a lot of noise anyway. Weather was fairly cool unless a shore battery would warm things up for a while. "Was under air attacks a hell of a lot of time and it was very annoying. I never did get out of my clothes unless I was taking a shower and then I was caught a couple of times with the first suds on. "There was also the 'heaven to hell' boys too. I had a ringside seat on the fan tail with a turret to run on, but it still didn't seem in my favor. I usually yelled traffic rules for a couple of us guys until one dark night a plane made about five runs below mast level over the fan tail, and during that time I couldn't say a damn word. My hair is still standing. "I was on a (7) cal. magazine passer, only I looked up and saw the plane's shadow, and from then on it was, 'Praise the Lord and to hell with the ammunition.' "As for ships, it looks like the Japs have run out of them. We have the cargo ships, two destroyers, two cruisers and an aircraft carrier. We got the carrier in the last Philippine battle. "Suppose I could go on for quite a while yet, but it happens to be time the chow, so until I write again, keep on duty under control. Thanks again for everything. By the way, Pete, I have a little story here about a day's work which it call 'Well Done' in the navy. I'll send it along in this letter. Bye now and good luck. "Howard."

LEVY FOR COURTHOUSE LOST

Taxpayers of Latah county voted 681 to 452 for a new courthouse, but it will be noted that the proposal lost by over 40 votes. Two-third majority of all votes cast were necessary to give the commissioners authority to levy three mills additional tax to create a building fund. Bovill, Farmington, Genesee, Harvard, Lenville, Paivose, Podlatch, Troy, Cora and the five Moscow precincts favored the additional levy, while Bear Creek, Deary, Juliaetta, Kendrick, Linden, Park, Princeton, Texas Ridge, Thorncrest and Viola registered a negative vote. Voting appeared to be light on such an important measure, and even in Moscow precincts it seems that a lack of interest was manifested. Genesee taxpayers cast a total of 66 votes, 53 in favor and 13 against. Kendrick went 75 to 8 against and Linden cast 22 votes against to none in favor. East Moscow voted 130 to 30 in favor and the other big Moscow precinct, Southeast Moscow, voted 137 to 30 in favor.

RON HUFFMAN IN GERMANY LEFT HOSPITAL IN ENGLAND

Ron Huffman, with a recon outfit in France, Belgium and Germany, wrote the following from England: "Dear Pete: "I know you are very much surprised at hearing from me as it has been so long since I have written. I don't have any excuses so won't try to make any. I am leaving to go back to Germany tonight at midnight. I have no idea when I will be able to write again so am taking this chance. August 11 at the K. P. hall. T. Matt Halley, director of highways in Idaho, has notified the highway committee of the Genesee Civic Improvement association that he will be present unless called out of the state. It is also expected that a representative of the governor will be present. This explanation of this meeting is the result of an invitation to state officials to be present for a public hearing on a proposal to change location of the present North and South highway. The Civic Association, Genesee Highway District and individual citizens protested the change, and the Lewiston chamber of commerce has filed its protest in relocation of the highway. "It is understood that the highway director or his representative will explain the federal government's participation in immediate or post-war road construction. This explanation of the recommendations of the state highway department and argument's disavowal relocation are of interest to everyone interested in highways, and the Civic Association realizing importance of highway issues an invitation to everyone to attend the meeting on the Tuesday evening. It is intended that the meeting will get underway at 8 o'clock.

BILLY EMERSON ON FURLOUGH ARRIVED HOME ON AUGUST 2

T-5 Billy Emerson, son of Mr. and Mrs. Walter Emerson, who went overseas January 18, 1945, with the 13th Armored Division, is back in the U. S. for a recuperative furlough and re-deployment. He arrived in the States July 28 and was home by August 2, after a long stay in the Philippines. He had 90 days at home before returning to Douglas and then going to a camp in southern California where his division unit assembled. Emerson's unit teamed up with other units of the Third Army in the final push through the Ruhr Pocket and across Germany. For a time his division was with the First Army. In the fast-moving campaign to end the war in Germany the 13th Armored saw its first action near Siegburg, east of the Rhine and east of Bonn. The division crossed the Rhine at St. Goar, near the mouth of the Moselle Basin and evidently traveled over a portion of the Moselle Valley before cutting over to the Rhine. The division tanks and other equipment doubled back after hitting the Ruhr, and ended up at Marktl, in Bavaria. Billy lost his friend, Lloyd Hasfurth, who was also of Genesee, in combat at a point south of Dusseldorf. The daring maneuvers of the Third Army, with all its encircling movements and surprise attacks were made under cover of security and the miles traveled by the armored forces will be long remembered. Billy's military history is written of the elements under command of General Patton. While in Germany Billy had the opportunity of seeing much of the country and visited the much-talked-of Berchtesgaden area, and there saw how Hitler had provided for himself and associates.

LEONARD WERNECKE HOME AFTER 3 YEARS OVERSEAS

Pfc. Leonard Wernecke, son of Mr. and Mrs. Albert Wernecke, is back at home after 36 months overseas and 40 months in the army air corps. He went into the service April 23, 1942, took basic at Geiger Field, then went to Murco, Calif., and later to Richmond, before going to Fort Dix, and overseas. Prior to entering the service he was employed by the North American Aircraft Corporation at Ingleswood, Calif. Wernecke landed in England August 7, 1942, and on December 21, for some year he landed at Oran in North Africa. Part of his unit had gone directly into action, and Wernecke was with a second echelon until February of 1943 when he joined the outfit near Constantine, Algeria. Eight months of operations were completed in North Africa before his unit, the 201st Bomb Group, left Tunis for Tarranta, Italy, and then to Caprona. He was at Foggia, a captured air base from January, 1944 to July, 1945. He left from Naples July 14, and arrived at Newport News, Va., July 25, and was home August 2, for 30 days. He will report back to Fort Douglas, and it is understood that he will rejoin his group at Sioux Falls, S. D. The 301st was a B-17 bomber group, a part of the 15th Air Force, well known for its success over enemy held territory. He was with the ordnance section.

He is now equipped with weapons, food and clothing. The War Bonds you buy and hold will provide them. U. S. Treasury Department

PUBLIC HEARING ON ROADS SATURDAY EVENING, AUG. 11

Everyone interested in highways in the Genesee territory is urged to attend a public meeting in Genesee, Saturday evening, August 11 at the K. P. hall. T. HOWARD HOGAN BACK HOME ON RECUPERATIVE FURLOUGH

T-5 Howard Hogan, son of Mrs. Mae Baker, arrived in Genesee Monday evening from Ft. Lewis, Wash., where he had been in a hospital for several days on his return from the Philippines. He arrived in the States July 16, at Hamilton Field, and was in a hospital there for a week before going to Madigan hospital at Lewis. The trip across the Pacific was made in a plane from Manila where he was hospitalized for a skin infection on his feet and legs, and which is slowly receding to treatment. He will have 60 days at home before returning to Ft. Lewis. Howard entered the service in May, 1943 and in April, 1944, was overseas in New Guinea with an engineer forestry unit, which had a sawmill in operation shortly after arrival. The mill was near Finchaven, and with lumber help many thousand feet of timber was cut for use in construction of hospital and army installations. All of the lumber cut was of hardwood varieties, some of which could not be sawed after it became dry. It was intended that lumber be sawed as soon as trees were felled, and while freshly-cut the saws would make their way through the wood, although many saw teeth were knocked out. The lumber was then shipped to the Philippines, landing on Leyte shortly after the initial landings, and for a time the foresters found they were in-fantermen. Hogan also served with his unit on Luzon before being hospitalized.

WAGNER GETS SA LEGS. ON SEA DUTY SINCE MAY 12

From Lt. (j.g.) Ted Wagner comes the following: "Dear Pete: "The news is beginning to reach me again and I really enjoy them. I can't tell you where I am at or what we are doing but guess I can say that we have been at sea since May 22. They bring everything out to us and we lay to long enough to load it on board or send cargo ashore so we can have it. We are getting to be able to overhaul anything, in fact, we overhauled a fuel pump and calibrated it with test tubes from the pharmacist mate. We are really getting sea legs. Some of the men haven't hit ground since May 12. They told us when we first got here that we would be able to give or send one-third of our crew ashore every third day but two months have gone by and we have only been able to send one-third of them ashore. I guess we shouldn't kick though because so far we have had little dehydrated food, in fact we have cakes available for the men every day, and four movies a week which is better than a lot of ships get out here. Well, I had better sign off an take a nap before the mid watch. "Ted Wagner."

SKINNY WEBER IN ANTWERP

Mrs. Mary Weber has received word from her son, Edmund Weber, who is stationed at Antwerp, Belgium, that his unit is moving Idaho dried peas from a dock to warehouses. He also stated that he had 77 points to his credit for service in the ETO. Mr. and Mrs. Harold Deighner are the parents of a daughter born Sunday, August 5 at the Colfax Clinic.

BOB ROSKAMMER TRAVELS SAM NYE JR. DISCHARGED AFTER OVERSEAS SERVICE

In letters to relatives here, Bob Roskammer sent several photostatic maps giving the routes which his engineer unit traveled after reaching northern France. The 333rd Engineer Regiment traveled 1315 miles, reconnoitered 435 miles and constructed 78 railway bridges, in support of the Third Army from March 13 to May 22. Bob is now engaged in building camps in and around Rheims, France, and wrote that he expected to be in that country until next year sometime. The 333rd, after leaving the Saar Basin drove through to Leipzig, backtracked and then moved onto Nuernberg, and went to the town of Salzburg on the Austrian border, and within a few miles of Berchtesgaden, the Rhine at Mayence, and approached and assisted in putting a bridge across the big river at Bingen, as two of its major operations.

GEORGE DEAN DISCHARGED IN ARMY OVER FOUR YEARS

"I wouldn't take a million for my experiences, and I wouldn't go thru them again for a million," said George (Irish) Dean who received an honorable discharge from the army July 10 at Fort Douglas. He is now employed at the George Carbahn ranch. Irish entered the service February 19, 1941 and went to Fort Lewis for basic and was then assigned to an anti-tank battalion of the 15th U. S. "Can Do" Regiment. This unit, it will be remembered, was sent to southern California defense center to quell a strike early in the war, and it was the regiment with which Kenneth Taylor was assigned and served with for a few years. The 15th Infantry was a part of the Third Division and left for overseas on September 24, 1942 and landed at Casablanca for the invasion on November 8. Dean said he was not among the first troops to go ashore, and shells were falling in a good many places as they lay off shore. Resistance was being broken up by Dean his back as the driver of his company kitchen truck. Jokingly, Irish said he drove four miles thru the enemy lines and the rest of the company had to follow or go hungry, and they didn't go hungry.

HOWARD HOGAN BACK HOME ON RECUPERATIVE FURLOUGH

T-5 Howard Hogan, son of Mrs. Mae Baker, arrived in Genesee Monday evening from Ft. Lewis, Wash., where he had been in a hospital for several days on his return from the Philippines. He arrived in the States July 16, at Hamilton Field, and was in a hospital there for a week before going to Madigan hospital at Lewis. The trip across the Pacific was made in a plane from Manila where he was hospitalized for a skin infection on his feet and legs, and which is slowly receding to treatment. He will have 60 days at home before returning to Ft. Lewis. Howard entered the service in May, 1943 and in April, 1944, was overseas in New Guinea with an engineer forestry unit, which had a sawmill in operation shortly after arrival. The mill was near Finchaven, and with lumber help many thousand feet of timber was cut for use in construction of hospital and army installations. All of the lumber cut was of hardwood varieties, some of which could not be sawed after it became dry. It was intended that lumber be sawed as soon as trees were felled, and while freshly-cut the saws would make their way through the wood, although many saw teeth were knocked out. The lumber was then shipped to the Philippines, landing on Leyte shortly after the initial landings, and for a time the foresters found they were in-fantermen. Hogan also served with his unit on Luzon before being hospitalized.

WAGNER GETS SA LEGS. ON SEA DUTY SINCE MAY 12

From Lt. (j.g.) Ted Wagner comes the following: "Dear Pete: "The news is beginning to reach me again and I really enjoy them. I can't tell you where I am at or what we are doing but guess I can say that we have been at sea since May 22. They bring everything out to us and we lay to long enough to load it on board or send cargo ashore so we can have it. We are getting to be able to overhaul anything, in fact, we overhauled a fuel pump and calibrated it with test tubes from the pharmacist mate. We are really getting sea legs. Some of the men haven't hit ground since May 12. They told us when we first got here that we would be able to give or send one-third of our crew ashore every third day but two months have gone by and we have only been able to send one-third of them ashore. I guess we shouldn't kick though because so far we have had little dehydrated food, in fact we have cakes available for the men every day, and four movies a week which is better than a lot of ships get out here. Well, I had better sign off an take a nap before the mid watch. "Ted Wagner."

PUBLIC HEARING ON ROADS SATURDAY EVENING, AUG. 11

Everyone interested in highways in the Genesee territory is urged to attend a public meeting in Genesee, Saturday evening, August 11 at the K. P. hall. T. Matt Halley, director of highways in Idaho, has notified the highway committee of the Genesee Civic Improvement association that he will be present unless called out of the state. It is also expected that a representative of the governor will be present. This explanation of this meeting is the result of an invitation to state officials to be present for a public hearing on a proposal to change location of the present North and South highway. The Civic Association, Genesee Highway District and individual citizens protested the change, and the Lewiston chamber of commerce has filed its protest in relocation of the highway. "It is understood that the highway director or his representative will explain the federal government's participation in immediate or post-war road construction. This explanation of the recommendations of the state highway department and argument's disavowal relocation are of interest to everyone interested in highways, and the Civic Association realizing importance of highway issues an invitation to everyone to attend the meeting on the Tuesday evening. It is intended that the meeting will get underway at 8 o'clock.

Preserving Ideals

Americans take pride in their funeral services. They are quiet, reverent and unpretentious.

Now that our country is struggling for survival these ideals have become priceless.

We are cooperating in every way with the churches of this territory in order to maintain the religious customs which govern our lives.

LAWRENCE THEISSEN WRITES FROM ISLAND IN PHILIPPINES

Lawrence (Casey) Theissen writes the following from the Philippines: "Dear Pete:

"I want to drop a line or two and let you know I am getting The News quite regular now. It took some time before it finally caught up with me. I guess maybe I was moving around too much. We are settled down now for a while I hope. Our outfit is running a big stockade. It keeps us busy most of the time. The work is easy and we get a lot of time off.

"I ran onto quite a few boys I trained with over here while they were back for a rest from the front. I had a long visit with Joe Zenner near here at a hospital and a few others from the same division. They had pretty rough at times in these hills around here. We have a pretty nice set-up for living quarters. The houses we are living in are built from solid mahogany. They were used by Jap officers before we came in and pushed them out. There is running water in each house and now we have lights. Just about all the comforts of home. I believe this is the best place in all the Philippines that I have seen. We are getting a soft ball team together as we are in the division league. I don't imagine we will get very far because they have some pretty hot ball players in some of the teams.

"I see where a lot of the boys from home are heading down here. I hate to see anyone get a taste of this life. It is so much different from any other place. You seldom see a good thing or any good roads. The people live very unhealthy. You can smell them a block off. I know I will never forget the experience I had down here and I don't think any of the other fellows that put in time down here will either.

"PRETZ" DEMERS HOME

A. E. (Pretz) Demers RM2-c, was visiting friends in Genesee this week after having visited his father and brothers at Pasco. The father has been employed for two years on the Richland project where the atomic bomb is being manufactured.

Pretz is on a 21-day leave, while his ship, a destroyer is in dock. The young sailor, now a radio man second-class, has been around the Pacific area and has been in close to Japan to witness and have a part in the blow dealt the Nips. There is little about his experiences that may be published at this time, but everyone realizes the part the navy, and especially the fellows on destroyers have been playing in the war on Japan. Just the mention of Task Force 58, to which Pretz's ship was assigned, answers all questions for the time being. Pretz took his boot training at Farragut and later attended the navy radio school at Moscow before beginning his tour of duty in the Pacific.

BERTIE WISHARD IN HAWAII AT A FIRE FIGHTER SCHOOL

Bertie Wishard is now at a Navy Firefighters school in Hawaii, and he writes: "Hello Pete:

"I was sitting here thinking who all I should write to and I happened to think I have been neglecting you, so here goes.

"Well, I am finally back to a little bit of civilization after quite a hectic experience. To tell you the truth I don't like it out there one bit, although I would just about as soon face a suicide plane as these darn mosquitos they have here in Hawaii.

"When I reached here you should have seen the stack of papers I had. It took me almost a week to read them all. You can't imagine how they make me feel. They take you and get you right back home.

"I saw the address of Jerome Bershaw in one of the papers and I was going to look him up, but now I have lost his address. Could you give it to me? That is, if he is still over here. Trying to find anyone on this island is like looking for a needle in a haystack. Are there any other kids from the old town over here?"

"I don't know how long I'll be in this time, but I suppose I'll be in here the last push. I've been hoping this affair would be over before that had to happen, because just between you and I, I have been as close to Japan as I care to be.

"Thanks very much to all who make it possible for us fellows to get The News from home. Note change of address.—Bertie."

Note: Bertie, I sent you Jerome's address. I have been looking for him in the Hawaiian Islands. Will check with his dad and let you know.

LEON EIKUM GOOD SHOT Leon Eikum, naval air cadet, now in pre-light at St. Marys, Calif., has made an enviable marksmanship record, according to the naval station newspaper. He scored 99 out of a possible 100 in competitive rifle firing from the prone position, and scored 91 out of a 100 in sitting position. He won top honors for the 6th Bn. of cadets with 190 out of 200. The second high in marksmanship scored 183 out of 200. The paper also states that Leon is active in athletics and plays left wing with his battalion soccer team.

JAPANESE SURRENDER! Nation Grateful In Rejoicing United States Victorious After 44 Months Combat

Genesee Celebration Mild And Thoughtful

People of the Genesee community were busy Tuesday, August 14th. Farmers had returned to their harvesting after a delay by rain. Elevators and warehouses were busy receiving grain and peas, yet many, when at their homes or in town, asked to be advised on progress of surrender acceptance, and when the word came over radios that Japan had accepted there was no sudden outburst of emotion. No doubt there were many who thought of our own boys who had given their lives. They thought of the parents and relatives who had suffered grief. They thought of how long our fighting men might have to remain overseas. Then the siren sounded and members of the fire department broke away from work to drive the fire truck up and down the street for perhaps 15 minutes. A few sounded their automobile horns. Here and there were a few service men in the States on furlough or back for re-deployment. Across the street walked a boy, rather a man, who had seen 40 months of combat duty against the hated Japs. There was no sudden or there was no delayed outburst of rejoicing. It appeared that most of the people in Genesee at 4 o'clock Tuesday afternoon, August 14th, were blending prayer with rejoicing, and there was an expression mostly of thankfulness.

Surrender Delayed For Nearly 5 Days

Friday morning, August 10, many believed that the Japs would surrender at any moment. They were so advised. Then came Saturday, and no formal surrender. Sunday was a trying day as anxious Americans kept close to their radios and read every word in their daily newspapers. There came that false report Sunday afternoon, which was quickly denied. Monday was a longer day, and on Tuesday the tension became greater. Now and then one would suspect that the Japs were employing rickety to gain a few hours perhaps to launch a new weapon. The atomic bombs had been dropped by the Americans. Description of destruction had been heard. Some thought another atomic bomb should be dropped.

The hour of 4 p. m. was given as the time of the presidential announcement. Radio announcers on every station set the word along. In the large centers pandemonium broke loose. News commentators, handling the greatest piece of news in their careers, by their speech, gave evidence of their long vigil. It was a dramatic moment, but Americans took the good news into their hearts. News of the Pearl Harbor attack on that fateful Sunday was depressing. The good news of Tuesday, August 14, at 4 o'clock was anything but depressing.

STATE DIRECTOR HIGHWAYS EXPLAINS ROADS PROGRAM

"Nothing is going to be rammed down your throat," said T. Matt Halley, Idaho director of highways, at a public meeting here Saturday evening at the K. P. Hall. One hundred men and women interested in highways attended the meeting. James Reid, district highway engineer of Lewiston, accompanied Mr. Halley, and James Neil of Moscow represented Governor Cozzetti. Mr. Halley also said: "If the people don't want the highway as proposed and the highway district commissioners don't disagree the right-of-way, no new highway will be constructed."

JOHNSON IN NORTH LUZON

Under date of July 31, the following letter was received from Norman Johnson, son of Mr. and Mrs. O. V. Johnson: "Finally I got around to write you a few lines. I am now in Luzon of the Philippine Islands, and am with the 37th Division. The closest place I may mention is the Cagayan Valley of Northern Luzon. "I received The News today, the first copy since I have been overseas. I see by the paper that there are quite a few boys from Genesee now in the Philippines. "I have seen Manila, and as the boys have written, it sure is a mess. Before I went to Manila I was stationed on Leyte for a little over a month, then was shipped to Luzon to be assigned to my outfit. "I was sure glad to get The Genesee News and even if it is old news, it is still late news to me. Well, Pete, the news is scarce. Will close now.—Norman."

BERTIE WISHARD COMMENDED FOR ACTION DURING COMBAT

Mr. and Mrs. Bert Wishard, Route 2, Box 88, Lewiston, have received a copy of a letter relative to their son, Bertie L. Wishard. It was written by the latter's commanding officer to A. L. Crump, Fire Chief, Kelso, Wash., under whom Bertie served before entering the service. The letter follows: "Dear Chief: "Bertie L. Wishard, Specialist (Fire-fighter 3-c) a member of your Department now on military leave, is a member of an Amphibious Service Force Firefighters Combat Team, under my command. "He has been officially commended for his efficiency and tenacity in the performance of duty during the assault and invasion of Iwo Jima; the assault and invasion of Okinawa, and his conduct at his General Quarters Station during frequent and intense enemy air raids. "The duties involved were (a) care and maintenance of firefighting equipment, (b) extinguishment of shipboard fires (which necessitated boarding ships at sea), (c) assisting in salvage operations of battle damaged vessels, (d) assisting in fighting the enemy when necessary. "It is my request that these facts be placed in the official records of your Department so that the folks at home, as well as myself, may appreciate his patriotism, personal loyalty, effectiveness, and his ability to absorb the physical punishment that goes with performance of duty. In addition to the above Wishard is my section leader and right-hand man. Observation of results obtained have certainly proven this to be a wise choice. His conduct at all times has been in line with the best traditions of the Naval Service." T. Milner, Lieut., USNR.

HARRY EGLAND BACK HOME CROSSED ATLANTIC 4 TIMES

Harry Egland Jr., who was home last November, when he escorted a number of prisoners to the States, arrived home Tuesday to visit his parents, Mr. and Mrs. Harry Egland, in Moscow. He has been overseas since November, 1942, and was overseas 26 months. He landed in the States August 6, and came west to Fort Douglas and will report back there after 30 days. If his orders are not changed he will then go to Fort Dix, N. J. The returned soldier is a member of the 341st M. P. Escort Guard, back for redeployment. When he returned to the European Theatre last December he landed at Naples and shortly after that was back in France. In February he was moving north into the Saar Basin, and later his outfit was attached to the 106th Division. His unit moved into Germany as far as Worms, and then was assigned to handling German prisoners near the town of Sinsig on the Rhine. There were 180,000 prisoners to be processed and returned to their homes. Harry traveled up and down the Rhine on time off, and is acquainted with the towns and villages held by the American Army of Occupation in World War I. He says the Rhine area is beautiful, but now and then a town of fair size is almost completely demolished, marking a point where the retreating Nazi army tried to make a stand. Many large steel bridges lie in the Rhine and hundreds of barges line the banks of the big river, put out of order during the air strikes and perhaps some were scuttled to keep them from falling into allied hands. Harry passed through Camp Lucky Strike in France, and boarded a small Liberty ship at LeHavre for the 14-day voyage to the States.

GRIESER TRANSFERRED

A card from Vern Grieser reads: "Just a few words to let you know that my address has changed and that I am now in the heavy weapons. It is a much better deal in the infantry. I will write more again, but I just wanted to have you put my new address in the paper so the kids will know where to write.—Vern." New address: Pvt. Vernon C. Grieser, 39409752, Co. D, 90th Inf. Tng. Bn., Camp Roberts, Calif.

SCHOOLER NOW SERGEANT

Recent letters from Bob Schooler, who is stationed on Saipan, bear the word, "Sergeant," denoting advancement for the air corps man. Harold Lee and sons, Dickie and David, went to Spokane Sunday afternoon and will visit here since Wednesday of last week.

Nips Keep Hirohito McArthur Be Boss

Four-four months of fighting a tricky and treacherous Japanese people resulted in ultimate victory for armed forces of the United States, and other of the United Nations Tuesday, August 14. Official word of surrender by the Japanese government was given to the people at 4 o'clock on the long-awaited day. Japan may never again resume its place among honorable nations. Waging a war, marked by cruelty, the people of the Rising Sun now must be prostrate and awaiting the drastic decrees of a conquering allied force that will occupy their land. No matter what the duration of occupation may be or whatever degree of severity may be demanded of allied governments, the Japanese government, its war lords and its people will be fully deserving. Germany waged war on Poland on September 3, 1939, and within two days England and France were in the war. That destructive page of history has been written and terms of surrender are being pressed. On December 7, 1941, the Japs struck at Pearl Harbor without a declaration of war, and on August 14, the Japs formally accepted terms of surrender, under invasion of their homeland. So ends the wars by oppressive nations, and now, with some rejoicing, Americans join their allies to take up problems of peace.

McArthur Allied Chief

General Douglas MacArthur, who has been driven back almost to Australia, will dictate compliance of surrender terms. The Japs have asked that their emperor be saved. To this the allies agreed, not only to save lives but to permit the Japs a skeleton government, and to expedite the return of order in a country, which has felt the destruction of bomb and shell. That emperor, hiding behind a mask of Japanese divinity, soon will have the opportunity of proving his worth to a nation which has followed his orders blindly into a war which ended in crushing defeat. The days of victory for the Japs have been short. Guadalcanal, Bougainville, Tarawa, Iwo Jima, Okinawa, the battles of New Guinea, of Borneo, of the Marianas, and all other engagements must not be forgotten by the allied forces. Surely they will always be remembered by the Americans, whose sons and fathers have given their lives. Japan may expect no mercy in final demands issued from Potsdam, but they are privileged to be certain that they will not be treated as they planned to treat the people they expected to conquer.

EDWIN SMOLT DISCHARGED

Edwin (Billy) Smolt, son of Mrs. Theresa Smolt, Lewiston, is visiting his sister, Mrs. Wayne Roach, and family here. Billy was in the service with the National Guard troop at Lewiston before the war began, and when the unit was made into artillery he went to Fort Lewis with the 148th Field Artillery. He served overseas for 40 months and was in action from Australia to the Philippines. The 148th was in the 41st Division, the first U. S. division to see action in the Pacific after the initial attacks by the Japs.

THE YOUNG ARTILLERY SERGEANT

The young artillery sergeant was recently discharged at Ft. Douglas. All original members of the 41st Division were eligible for discharge at the time the point system was set up.

Doyle Family Visits Here

Mr. and Mrs. Frank Doyle visited Sunday with Mr. and Mrs. Joe Doyle and daughter.

Frank has been at Richland, Wash., since the huge atomic bomb project was started. He was employed as road oiling supervisor and will remain on that job indefinitely. When employees of the plant were informed of what was being manufactured there was no great surprise because the secrecy demanded led people to believe that almost anything could be made. Learning of the destructive atomic bomb, and what it accomplished when dropped on Japan, everyone exercised more caution than ever before. Just a night or two after the announcement there was a sudden clap of thunder, and being accustomed to hearing no thunder in the Richland vicinity everyone naturally began to wonder. No damage was done, but it can be said that everyone was calm for the time being.

GENESEE VALLEY NEWS

Well, at last the day we have been hoping and praying for has come and the greatest war in world history has come to an end. There have been many ways of expressing joy, some in prayer, some in getting drunk, some in shouting and singing. Whatever way we took to relieve the strain of war years let us never forget the sacrifice in lives, broken homes, sorrow and suffering the world over that brought victory over oppression and tyranny. Signing the peace treaty is only the beginning of the great problem that will confront us in the coming months. America must take the lead in building world friendship and in proving to the world that democracy is an ideal way of governing. Because of victory we must rid the world of brutality and other evils for which we condemned other nations. Patience through the reconversion period, willingness to cooperate in every way with those in authority and holding fast to those ideals which the great Princes of Peace laid down. These are things we all can and must do if we are to continue to be the great nation of the future. Three-fourths of the people in the world go to bed hungry now. Would it not be a fine way to show our gratitude by every farmer in this area to send a sack of wheat as our gift to suffering humanity. We would never miss it and many loaves of bread could be made from Genesee's contribution, and another tie in world friendship would be cemented.

STORM HITS GENESEE AREA

Lighting flashed and rain fell during a storm here after midnight Saturday and continued during Sunday morning. There was no damage to crops although some hail fell in a few scattered spots. Lightning struck a purchased Guersey heifer belonging to East Carubin which was in a pasture with other stock near the William Baumgartner place. Considerable damage was caused to electric transmission lines and the substation at Leon. No transformers were burned out in the Genesee territory, but many lines were out until electricians of Washington Water Power company at Genesee and Moscow made replacement of fuses. At Uniontown, damage at Leon was to a piece of equipment to handle overhead and lightning. The rain which fell Sunday morning and continued showers which terminated with a heavy rain on Tuesday until Tuesday. The storm centered mostly west of Genesee.

Unknown parties visited the Texaco station Sunday evening, and after jimmying a lock on one of the pumps, left with about 10 gallons of gasoline. Dick Vandenburg saw the parties just before they drove away, and looking over the lock, notified LeRoy Harris, station owner. "WHO'S AFRAID OF THE BIG BAD WOLF?"

THE answer should be everybody... certainly every creature in the woods is scared to death of "The Fire Wolf," and so is every intelligent hunter and woodsman.

It is only good sense to fear fire. A wholesome dread of its effect should be in the thoughts of every person who sets foot on a forest trail.

Be frightened of fire beforehand; not after a raging horror of crackling flames and racing woodlife has furnished a terrifying picture of fire in the woods!

Let a wise fear make of you a lifetime fire crank and a self appointed guardian of forest and range lands. BE OVERCAUTIOUS OF FIRE—EVERYWHERE!—it can destroy in a few minutes more than a hundred years of nature's work!

SCHOOLER AT VERSAILLES EXPECTS TO BE HOME SOON From Versailles, France, comes the following letter from Sgt. Pearl L. Schooler:

"Dear Pete and Ollie: "I'm afraid I have neglected writing to you for quite a long time. Things have been so uncertain these past few months, I really haven't known just which way to turn. I waited so long for orders, and was told so many times that I was moving, I nearly gave up hopes of ever getting out of England. However, I finally made it, and we're certainly in some place now. Our offices are located in stables formerly occupied by horses belonging to Napoleon and a few other big shots. The only advantage these offices have over the ones in England is the fact that we now have windows and fresh air. Our offices in London had absolutely no windows. We eat lunch in one of the wings, cooked and served by Frenchmen and German POW's. I really have a terrific time managing a mess day. I'm glad I only eat one meal a day there."

"However, I do like our living quarters. We are billeted about 8 miles from Versailles in quite modern apartment buildings. Our food is pretty good there, and it's wonderful to get away from the city noises. The best part of the setup is the fact that we can wear anything we want around our area. The only thing they put thumbs down on, is going to the mess hall with curlers in your hair. We have a nice day room with movies two or three times a week, a coke and beer across the highway, and a cute French cafe two blocks down the highway where you may enjoy most any kind of drink while sitting outside."

"You ought to see our bath tubs. There are about three and a half feet long, with a little seat. They are o.k. for anyone who is short, but for me, they aren't so comfortable. My knees come up under my chin. "Our trip over here was wonderful. We left London at 8:30 a. m. by plane and arrived in Paris at 9:30. It is the first time I have flown above clouds, and they were really beautiful. However, transportation is pretty bad in France, and we had quite a time getting from Paris to Versailles. We have to ride old broken-down buses to and from work every day. If you want to go to Paris, you are worn out by the time you get back home."

"I am hoping to get back to the U. S. by November or December on the point system. However, from what we hear, they aren't discharging the WAC's after they get back to the States, so there isn't much point in getting back, I hope. "I have been receiving The News regularly until now. Guess they will catch up with me shortly. Most of them arrive within three weeks. "My work is just about the same as it has been the past 16 months. It consists of almost nothing. I have not had a really permanent job since I've been over here. Every place they put me, I outrank a G. I., and the fellows would either find me a job, or send me home. "Well, I guess I have about run out of news. Thanks for keeping the News coming.—Pearle."

"Mrs. Clayton Bush and Mrs. Patty Ballman left Sunday to visit with relatives at Sheridan, Ore."

"We will have a Vassar this Sunday evening at 8 o'clock to mark the long awaited peace. It is only proper and fitting that we should pause a few moments in our busy life to give thanks and praise to Almighty God for giving us this victory over our enemies. The entire community is cordially invited to attend. The Luther League will hold a business and social meeting after the vesper service. Every Leaguer is urged to be present. Mr. and Mrs. Ed Jutte will serve during the social hour. Get the Boys Home—Buy a Bond"

JOE CONWAY, JAP INTERNEE WAS PRISONER FOR 1149 DAYS Joseph Conway, interned by the Japs in Manila January 2, 1942, and his wife, who are visiting the latter's sister, Mrs. George Post, and husband at LaCrosse, Wash., were in Genesee last Thursday with Mr. and Mrs. Post to visit friends. Mr. Conway was in Santa Tomas prison from January 2, 1942 until in May, 1943, when he was taken to Los Banos to remain until liberated by American armed forces on February 23, 1945. At the latter prison he became acquainted with Lt. Mary Rose Nelson, a cousin of E. D. Pederson, a navy nurse, who was taken captive at Canocua Navy Hospital, and was held by the Japs for 38 long months. Mr. Conway was permitted to tell of the many hardships of prison life, and he chose to count the days of prison life which he lived. He said that the navy nurse, one of 11 returned to the United States, was active in camp life and did much to relieve suffering and misery, and her understanding of her profession and knowledge gained during service and in prison, camp was employed to the fullest in caring for patients. With the few doctors in the camp, and with limited drugs miracles were performed by the medical people, although patients underwent untold agony. Mr. Conway said that the loss by death would have been much greater had it not been for the services of doctors and nurses. They not only ministered to injured and sick, but kept a strict watch for disease and spread of epidemics, and did their best to keep everyone in the prison. Malnutrition was difficult to combat and the illness which resulted from malnutrition was most trying.

Mr. and Mrs. Conway lived in Japan for a number of years where he was an agent for the American President Steamship Line. Mrs. Conway was returned to the United States on January 14, 1941. Mr. Conway first went to the Orient in October, 1928, and has lived in Yokohama, Kobe and Tokyo. The Tokyo office of the steamship company was closed August 20, 1941 and later moved to Manila on September 6, 1941. Mr. and Mrs. Conway were always certain that the Japs would never wage war against the United States, and enjoyed living in Japan. Mrs. Conway was in Japan twice, the last time for six years. The liberated Jap internee has a much different opinion of the Japs today, and after witnessing the treatment of members of the armed forces and people in civilian life, and learning their true dispositions, he has no words to express his extreme abhorrence of the people of Japan. The humiliation and suffering caused by the Japs to army prisoners and internees has been told and retold, and every word of it is true, according to Mr. Conway. Like all people taken prisoner or interned, Mr. Conway had everything of any value taken from him. Records from his office were confiscated and many foreign representatives of companies were falsely arrested and not guilty were found to be so by self-styled courts of justice. Death in some instances came to citizens of the United States and other countries when it best suited the Japs. Mr. Conway said that he lost about eighty pounds of weight while in prison. He further said that he had not been seriously ill while interned, but the experience was not healthy. He is regaining his weight, and expects some day soon to return to duty with his company. Despite the trials he has of the opinion that he would again like to live in the Orient, not in Japan but perhaps in India. He might even consider service with his company in a European country. Since returning to the United States the navy nurse mentioned, who was Mary Rose Harrington, has married a representative of the United States Treasury at Manila, James Paige Nelson. Mr. Conway said that he also knew Mr. Nelson, who was an interned at Los Banos. Mr. Conway has kept an exact record of events in his mind, and when telling of the day of liberation he becomes enthusiastic. He pictures so vividly the landing of the U. S. paratroopers, the attack by American tank troops and the attack by guerrillas. The commands given by Americans were most welcome and the orders given to all in the prison were carried out to the letter. The day of liberation, and the day of liberation was not far off. He does not fail to think of the price paid in lives of Americans. He thinks of the dead and the wounded, the broken lives and the price so many people will continue to pay in years to come, especially by those who will never be able to pursue normal lives again.

JOHN THEISSEN IN STATES John Theissen, U. S. Marine Corps, who has been overseas about three years is now at San Diego, Calif. He talked to his parents Mr. and Mrs. John Theissen, Sunday evening, and said he would be home as soon as permitted. It was his guess that he would be held at the Marine station for about five or six days.

LOCAL SCHOOLS OPEN SEPT. 3 TEACHER ROSTER COMPLETE Supt. Kenneth F. Dean announces that he will be in his office all next week to register high school freshmen and any other students who did not attend Genesee high school last year but plan to enroll for the coming term. He also announced that Genesee local schools will open Monday, September 3, at 10 o'clock, and all students will be released to return home at 10 o'clock. School buses will make trips Monday morning, then will be no school Monday afternoon, but regular classes will meet Tuesday morning and thereafter.

Football for High School Supt. Dean said that it is expected that Genesee high school will have a football team this fall for the first time in years. Of course this depends on the boys of the student body, their number and their desire to play football. Intentions and hopes are that enough boys will turn out for 11-man football.

Mrs. C. J. Bennett and Son Leave Mrs. C. J. Bennett and son, Andrew (Skip), left last Tuesday for their home at Cape May, N. J. They came to Genesee June 1 to visit Mr. and Mrs. H. E. Bennett, Lt. Col. Bennett, husband of Mrs. C. J. Bennett, is a brother of Mrs. H. E. Bennett, and has been overseas for two years, and is now stationed on an island in the Pacific. Col. Bennett is with the Marine Corps as an anti-aircraft officer and is on his second tour of duty in the Pacific.

Deans Go To Boise Supt. and Mrs. Kenneth Dean left Thursday for Boise where the former will attend meetings of the Idaho State Board of Control of Athletics. He is a member of the board. Wednesday Mr. and Mrs. Dean took their sons, Jeffrey and Kent to Worley where they will be with Mrs. Dean's sister, Mrs. Earr McAvoy, for a few days.

MORSCHHECK TAKES GUNNERY PART OF AIR CREW TRAINING From Jacksonville, Fla., comes the following letter from Fred Morschcheck, jr., now in training for a navy air crew member: "Dear Ollie and Pete: "Well, I'll bet you think I've forgotten how to write, but I've just been putting it off, it seems, and have been bouncing around a little, but here goes— "I finished up 'mech' school the 30th of June. Went through the two weeks of radar there and then got shipped to Beaufort, South Carolina. If you've been there you know what it is, or if you haven't don't go there. The town was nothing but liberty was good. The base was a naval air station, and a small one at that, but it makes it o.k. I only trouble was that the nearest liberty towns to amount to anything were Savannah, Ga., and Columbia (Charleston, S. C. Went to Savannah last night and was o.k. Was only in South Carolina 18 days—just time enough to get settled and the mail coming in the right direction, when we came down here. We're 20 miles from Jacksonville, which isn't bad. Jacksonville is a pretty nice place and they have a swell beach. It seems that that's about the only salt in the navy so far—going swimming in the ocean, but imagine I will get off the land sometime before I get out. Ground feels pretty good though."

FINED FOR DRIVING OVER HOSE

Driving over a fire hose at any time is absolutely forbidden and is punishable by a fine, especially when fire hose is laid out during a fire or when it is being taken in. Following the theatre fire here Saturday evening Alton Anderson, perhaps unknowingly, backed over the fire hose with a car and was assessed a fine of \$2.00. Fire hose may be easily damaged and is difficult to replace. A damaged length of hose cannot be repaired satisfactorily and usually it means the purchase of a full length of hose. Running over fire hose makes it necessary for close examination to check for breaks so that a damaged hose will not be on the fire truck when a call is answered. Proper maintenance of fire fighting equipment is such that driving over a fire hose will not be tolerated here or at any place, and caution should be exercised to avoid interference with equipment during fires.

THE "MASTER MIND" BEHIND YOUR ELECTRIC SERVICE...

is the control board—a complex, scientifically accurate array of meters, dials and gauges in the Washington Water Power dispatcher's office. And on the alert to see that this "master mind" serves you faithfully and well is the trained, time-skilled human mind of the load dispatcher.

The dials indicate the ebb and flow of the life-blood of the Inland Empire—electric power— from generators, through arteries of copper wire to industry, farm and home. When industry starts the day's work... when lights go on over city, town, and farm homes... a quiet order, a flip of a switch, "cut in" added power where needed. Should storm or disaster strike, the dispatcher acts quickly to safeguard life and property and maintain service. The entire power resources of the company and of the great Northwest Power Pool, all interconnected, are at his command!

Load dispatching is no job for an amateur. At Washington Water Power there are no amateurs on the job.

Shown here, at the dispatcher's desk, is H. H. Hart, 32-year veteran of day-to-day and disaster service to your home.

Plow erosion is the throwing of the soil down hill by plowing. When this is done every year a tremendous amount of soil is lost. It comes down to this, that all slopes above 20 percent, or thereabouts, in other words, above the backlash, must cease to be plowed or in a very short time no soil will be left. If the plow is to be used the soil must be thrown up hill. Other tillage implements such as the heavy disc, rotary subsoiler and sweeps, or a combination of them used on the steeper ground will greatly retard the loss of soil. The best practice is the seeding of these areas to alfalfa and grass in a long rotation. Gully, rill and sheet erosion will be covered next time.

FIRE AT LEGION THEATRE

Fire damage to the Legion Theatre was confined to the projection room Saturday evening at 10 o'clock. There were quite a few people in the building in an orderly manner and there were no injuries.

Joe Kalafas, projection machine operator and his assistant, Norman Flerchinger were driven from the projection room by the blaze, but they managed to close the door and hold the fire until the room was empty. It broke through the windows facing the street. Mr. Kalafas sustained a burn on his left hand.

Fire started from a 1500-watt projection bulb which had burned out. The hot bulb was placed on the metal-covered floor but rolled against a piece of exposed film to ignite the celluloid. Fire spread at once to full rolls of film, all of which were destroyed. The two machines, purchased 21 months ago by the American Legion to provide entertainment here while no individual operated a show are considered a total loss. Also included in the fire loss was a number of extra projection lamps, photo electric cells, condensers and other parts and supplies. The loss is covered by insurance in the amount of \$1200, part of which is insurance on films.

Damage to the building is slight and is covered by insurance.

Members of the fire department responded quickly and ran one large stream of water on the blaze, with others in readiness.

SPRINGER ON FURLOUGH

Don Springer, who recently completed basic infantry training at Camp Roberts, Calif., arrived Thursday to spend his furlough here. He and his wife visited over the week end at Headquarters, where Don operated a drug store before entering the service. At the expiration of his furlough Don will report to Camp Adair, Ore.

RICHARD A. TIERNEY HOME WAR PRISONER IN GERMANY

First Lieutenant Richard A. Tierney, son of Mr. and Mrs. W. J. Tierney, arrived home August 18. He was a navigator-observer on a B-17 Fortress, based in England, and was taken prisoner near Stuttgart, Germany, when forced to leave his plane after it was severely damaged by flak. He was taken prisoner by one of the German Land Army members and almost immediately turned over to the Nazi air corps. He was taken to Frankfurt and there held for some time. He was at Frankfurt during the damaging air raids and often he wondered if he and his fellow prisoners would live. He said that a number of prisoners would be placed in plain sight of American and English flyers, hoping that the flyers would recognize the prisoners and help off with their bombs. It happened that Lt. Tierney was with a group near the railroad marshalling yards at Frankfurt, and experienced the dreadful bombing given the rail yards.

He was later moved down the Rhine and was at last placed in an air of freedom in the city of Berlin, and was liberated with thousands of other airmen by the Russians.

For a time Lt. Tierney had difficulty in making a choice of being a prisoner or a liberated man. The Russian army was preceded by a rather unruly group of people, who did not hesitate to take all the loot they could find, and were not always certain who they were robbing. Lt. Tierney mentioned one instance in which an American airman had a pretty decent looking flying jacket. A Russian took a liking to the coat, and at the point of a gun the American made a trade for a much-worn and ragged jacket. As the Russian soldiers moved westward they became better acquainted with their allies. For food the Russians turned over a herd of cattle for them to butcher and from other plunder saw the Americans were well taken care of.

Lt. Tierney gives one of the ideas that the Russians are a playful lot. They came in for the occupation of Germany on everything imaginable, such as tanks, tractors, trucks, German cars, American trucks, and even by horsepower. Some drove the latter and some rode to them and wagons of anything with wheels. No matter what mode of transportation they employed they moved at breakneck speed, and seemed to get the most enjoyment in driving horses. They drove the cars and trucks as fast as they could, with horns blaring and at times threatening the lives of everyone along their way.

A favorite game of the Russians was "Shoot the Bell." There seemed to be no set rules, but a man was picked to hold and ring a bell, and other Russians who were blinded would shoot at the bell, judging its distance and location by sound alone. This was just a pretty exciting game, and just a bit too dangerous for the Americans, the Russians took time to intimidate. Lt. Tierney said he witnessed the game being played and he was not a participant. Lead would fly in all directions it seemed, but never once did he see a bell holder hit. Quite a game.

After being liberated Lt. Tierney spent some time in the rest area in the French Mediterranean area, and was in Scotland and England before returning to the States. Transportation for returning American airmen who had been prisoners of war seemed slow and the trip across the Atlantic was on a slow freighter.

Lt. Tierney will have 75 days at home. He wears the Air Medal with Oak Leaf Cluster, Purple Heart and the ETO Ribbon with several stars.

SGT MILLER LEAVES

Sgt. and Mrs. Edwin Miller, who visited relatives in Genessee for over a week were accompanied as far as Moscow Monday by the former's parents, Mr. and Mrs. E. E. Miller, and sister, Miss Virginia Miller, where they spent the day with two other sisters, Mrs. Ray Snow and Mrs. Gene Dahman. Leaving Moscow that evening for Spokane, they were met by Sgt. Miller's sister, Mrs. George Kelton and accompanied her to her home in Wallace for a two-day visit. Sgt. Miller will spend the rest of his furlough or until Sept. 13, with his wife at Bremerton before reporting to Ft. Lewis for further assignment.

While Sgt. Miller and wife were in Genessee, his sisters, Mrs. Pete Kries of Spokane and Mrs. George Kelton of Wallace, made a trip here to visit the returned soldier and his wife, and the Miller family.

ST. JOSEPH'S SCHOOL

St. Joseph's school will open Monday morning, Sept. 3, with the following instructors: Sister M. Seraphim, first, second and third grades; Sister M. Ambrose, fourth and fifth grades; and Sister M. Mildred, sixth, seventh and eighth grades. Sister M. Lioba is the housekeeper. School will open at 9 o'clock and be released at 10 when school buses will return children home. Regular classes will begin Tuesday morning.

RECORD YIELDS OF WHEAT REPORTED IN GENESSEE AREA

Wheat yields have exceeded fondest expectations for 1945, and from all reports some records have been broken in production and harvesting. This report is in contrast to early reports of heat and frost damage to fall wheat but there is no doubt that the more recent report is a true picture of wheat production locally. It has been noticed this harvest that the crop in all directions from Genessee has been more uniform, and some of the best yields are coming from lands which in past years have not hit a high mark for production. The average wheat yield, undoubtedly will be considerably higher than any time during the past 15 years despite earlier reports that the crop might be just a trifle low normal.

Hot, dry weather hit the fall wheat crop at a critical time this year, and there was a decided lack of moisture in June and early July. There were a few fields hit by the heat and also by frost, but the majority of fields came through in fine shape.

Elevators Fill Up Fast

Bulk storage at Genessee elevators was off the market this week, but it is expected that wheat will be received again beginning Labor Day or Monday. It has not been so much a shortage of cars for loading as it has been a lack of sale for wheat and no space to terminate the summer elevators. Last week it was noticed that grain trucks were lined up at elevators waiting to be unloaded. A small amount of Ideal wheat was taken this week by the Union to fill a contract, and some wheat and barley were accepted. Growers in the area are anxious to get their wheat to continue harvesting wheat and in one or two instances wheat has been trucked to Lewiston for storage. This situation is temporary and will be alleviated next week.

Record Delivery for One Day

Last winter the Genessee elevators and warehouses has hit 27,000 bushels per day in past years, but the record for grain deliveries in harvest jumped up to 52,000 bushels for one day. Ten days of such volume would account for over a half million bushels of grain, so there is reason for congratulation.

Rain which fell over the past week end and a light shower Wednesday night slowed up harvest. Combines were in operation Tuesday afternoon of this week and after a brief shutdown Thursday morning machines were again in operation. The heavy rain has contributed to relief at elevators and warehouses.

Pea Crop About Average

Three years of exceptionally good dried pea yields somewhat discouraged growers this harvest, when the average yield will be below normal per acre. A few fields have yielded more than 1600 pounds per acre. Loss in dried pea yields is due to frost and damaging hot and dry weather coming at blooming time. Pea production has gradually improved in the Genessee area in recent years, and prospects last spring were very bright. The damage occurred within a few days and while the acreage was considerably lower in this area this year there were not as many peas to be handled in a short time. Harvesting conditions for peas were very good this season. There was not much wind to blow the crop around after it was mowed, and rains did not interfere to any great extent. Pea harvest was practically completed before the rain which came over the week end.

Many machinings of peas over for sacking to handle the pea crop this year, and some continued to sack the other grains. There is a shortage of sacks, however, and growers and warehousemen have been rustling them wherever they may be located.

AMERICAN HEROES

by WOODY COWAN

DISREGARDING his own safety when a Merchant Marine vessel struck an enemy mine in a heavy sea which broke the ship in half, Third Assistant Engineer Francis C. Rack carried his Chief on deck after all usable lifeboats had been used. Getting an empty boat adrift, Rack dove into the sea and swam to it. He managed to propel it to the sinking ship and transferred the Chief Engineer. Rack was awarded a distinguished service medal. When scamen show such courage in using equipment that War Bonds helped to provide, Americans know that their investment in Bonds never can be big enough.

LEO HEPPNER AN INSTRUCTOR HAS CLASS IN PHOTOGRAPHY

Leo Heppner writes the following from Madigan Hospital at Ft. Lewis: "Dear Pete: "I have been plenty busy since I came here but I sure do like what I am doing. At Santa Barbara, after my physical they told me I wouldn't be of any use to the Infantry so they transferred me into the Signal Corps. They sent me to Fort Lewis as dark-room technician but when I got here they didn't need any dark-room technicians so they tried to talk me into teaching mathematics to the convalescents at Madigan Hospital, but I didn't know if I would like that as well as photography or not, so now I am teaching photography to 50 fellows in the Convalescent Hospital here. We have about everything in the way of equipment that money can buy. We have class from 8 to 5, and five days a week, so that keeps me busy. I have to work every night preparing for the next day's classes but I don't mind a bit. It's really a swell set-up and I like the job fine. I couldn't have anything but money had to say about Genessee people in his last letter and wishes again to express his appreciation. He also wrote: "Thanks a lot to the Legion and you for the 'News.' It is second best to a letter from home."

JAMES ABRAHAM DISCHARGED

Sgt. James Abraham, who was stationed at the Alamogordo Army Air Base at Alamogordo, N. M., since visiting his parents and other relatives here on his arrival from overseas, has received an honorable discharge. He arrived home Monday.

Abraham was a veteran of the 98th Bomb Group of the 15th Air Force, which saw action from El Alamein to Germany. The sergeant was overseas 33 months. He was authorized to wear nine stars on his campaign ribbon and wore the Presidential Citation ribbon with one cluster. He had approximately 100 points for discharge.

LOSES TO CHICKENS

Carl Osmundson reports the loss by theft of 50 White Leghorn hens and one Sunday night. The sheriff's office was notified, and in checking it was found that 20 year-old hens had also been stolen. The lot of 50 hens had just been fattened for market. A wire screen had been removed from the chicken house window, and the window was easy to open as it was unlatched. The tracks of truck tires were found, and is the only clue to the theft.

SPRINGER TO CAMP ADAIR

Pvt. Don Springer left from Lewiston Wednesday evening to report to Camp Adair, Oregon. Following completion of basic training at Camp Roberts, Calif., he was home on a 15-day furlough, including travel time, to visit his wife and little daughter, Linde Kay, and other relatives and friends.

SCHOOL STARTS MONDAY

School buses will bring children to school in Genessee Monday morning and return them at 10 o'clock, with no trips in the afternoon. Monday will witness assignment to classes and students will obtain book lists.

Tuesday will actually be the first day of school when students will report for classes.

The name of Miss Betty Bradshaw was omitted from the faculty list as published last week. She will have the seventh grade.

Supt. Kenneth Dean announces reopening of the hot lunch center Tuesday for students of both schools.

DUTIES OF PUBLIC HEALTH NURSE MANY AND VARIED

(By L. J. Peterson)

Everyone has seen how trim and neat in a navy blue uniform with a white collar, hurrying along a country road in an ancient automobile, or scurrying down a town's streets. You have seen her enter a home where a person lies seriously ill; you've seen her go into your local schoolhouse with her small black bag or you've heard her tell you about local health conditions in your community at public gatherings.

The person who does all of these things and many more is your Public Health Nurse, whose creed is to care for the sick, help prevent disease, and to safeguard the health of the community. Safeguarding the health of a community including children and the older folks alike, is a mighty important task, especially during these days when so many of our physicians are serving in the armed forces.

The highlight of the afternoon program will be an inspirational service at which time Oscar J. Ice of Columbus, Ohio, international president of Luther Leagues of the American Lutheran Church, will give an address. The service will begin at 2:30.

The banquet, climax of the convention, will begin at 6:30 p. m. in the social rooms of the church, with the local Ladies Aid Society serving the meal. Toastmaster for the gala occasion will be the Rev. S. F. Goldenmann of Wilbur, Wash. Highlight of the banquet program will be an address by the Rev. Allen I. White, professor of pharmacy, Washington State College. After-banquet entertainment is also planned by the local group.

On Monday morning Mrs. Pedersen will preside at the business sessions during which time the election of officers will be held. The convention will come to a close Monday noon with the installation of new officers by the Rev. T. M. Gebhard, pastor of Oregon, Rev. Gebhard, former pastor in Genessee, is chairman of the District Youth Committee of the American Lutheran Church. Most of the delegates and guests will return to their homes Monday afternoon.

SCHOOL ELECTION TUESDAY

Qualified voters of Genessee Independent School District No. 2, will elect two members of the school board Tuesday, September 4. The polls will be open from 1 p. m. to 6 p. m. at the schoolhouse.

The names of two candidates have been filed with the clerk of the board. The two were named by petition and are R. E. Nordby and Floyd Ochs, present members of the board whose terms are expiring. Other members of the board are John G. Meyer, Mahlon Follett, Ben Pleiman and J. W. Emerson.

HODUFFER ON FURLOUGH

Cpl. John Hoduffer, stationed at Williams Field, near Chandler, Ariz., arrived home Sunday evening on a 20-day furlough to visit his wife and daughter and other relatives and friends.

Dated this 27th day of August, 1945. R. M. KNIGHT, Acting President of the Community Church, Genesee, Idaho.

GENESEE VALLEY NEWS

Showers Sunday held up the combining until Tuesday noon. Most of the peas are in but wheat cutting is just getting a good start. Lack of storage in Genesee and shortage of sacks have caused some inconvenience to farmers. Women are busy canning peaches and vegetables. The school bus will be a familiar sight on the roads next week. The war time will disappear next month and the children will not have to start before dark to meet the bus. We have never yet seen any advantage in the war time measure, so no one is sorry to see the clock turned back an hour.

Mrs. S. L. Tunnell of Greencreek is visiting her daughter, Mrs. Delos Odenberg, and family.

Miss Marilyn Brubeck of Sacramento is visiting at Wm. Jenkins.

Miscellaneous Shower
Mrs. Kate Huffman, Mrs. Roy Galbraith and Mrs. Lawrence Vestal had a miscellaneous shower at the Vestal home Sunday, August 19 in honor of Mrs. Gene Vestal. Ice cream, cake and lemonade were served as refreshments. Many lovely gifts were received by the bride. Those present were Beverly and Marilyn Heinrich, Carol Jean Morscheck, Maxine Kamitsch, Beverly Bressler, Shirley Ochs, Pat Nelson, Betty Broemeling, Dorothy Lee, Yvonne Eikum, Delores Hove, Rose Thiessen, Joan Edwards, Gladys Taufen, LaVonne Denosow, Delores Vestal, Emma Lou Evans, Mrs. Wayne Vestal and the hostesses.

Two games were played and prizes were given. The radio quiz game was won by Pat Nelson and Yvonne Eikum took second prize. In a quiz on the United States and capitals of each, LaVonne Denosow was first and Carol Morscheck, second.

Entertainment for the afternoon was a mock wedding in hill-billy style. Those participating were: Maxine Kamitsch, bride; Beverly Bressler, bridegroom; Shirley Ochs, best man; Marilyn Heinrich, bridesmaid; LaVonne Denosow, the weeping mother; Mary Vestal, Pa. and Mrs. Gallenau, preacher.

Some of the people who were unable to attend but sent gifts were Marie Hoorman, Marie Hampton, Jo Magee, Marjorie Broemeling, Mr. and Mrs. Gander Hammer, Dorothy Weber, Mr. and Mrs. Bartie Weber and Mrs. Roy Fish.

Fire at Frank Denosow Property
Damage to a fuel house at the P. G. Denosow home last Thursday afternoon was quickly controlled by the Genesee Fire Department, with damage estimated as slight. Grass near the alley where the building is located, had been burned and was thought to be extinguished but a breeze fanned the embers and fire spread to the building.

Colin Wilson Sells Ranch
Colin Wilson, who was in Genesee Tuesday afternoon, said that he had disposed of his ranch in the Chowchilla, Wash., region, and was looking for a place in the Genesee country, where he farmed for many years before leaving last spring. The holdings there, acquired by his son, Charles, were sold a few months ago, when Charles was scheduled for service in the armed forces, and was later rejected for military service.

Mr. and Mrs. Wilson have heard from their other son, Thomas, and he is expected home soon from Italy.

Mr. Wilson said he had exceptionally good crops this year, with harvest completed. His wheat yield was slightly more than 60 bushels per acre. He brought some samples with him. He planted and harvested Shatterless Forty-Fold wheat.

When you see a "Pig on a pole" it's "HOT STUFF!"

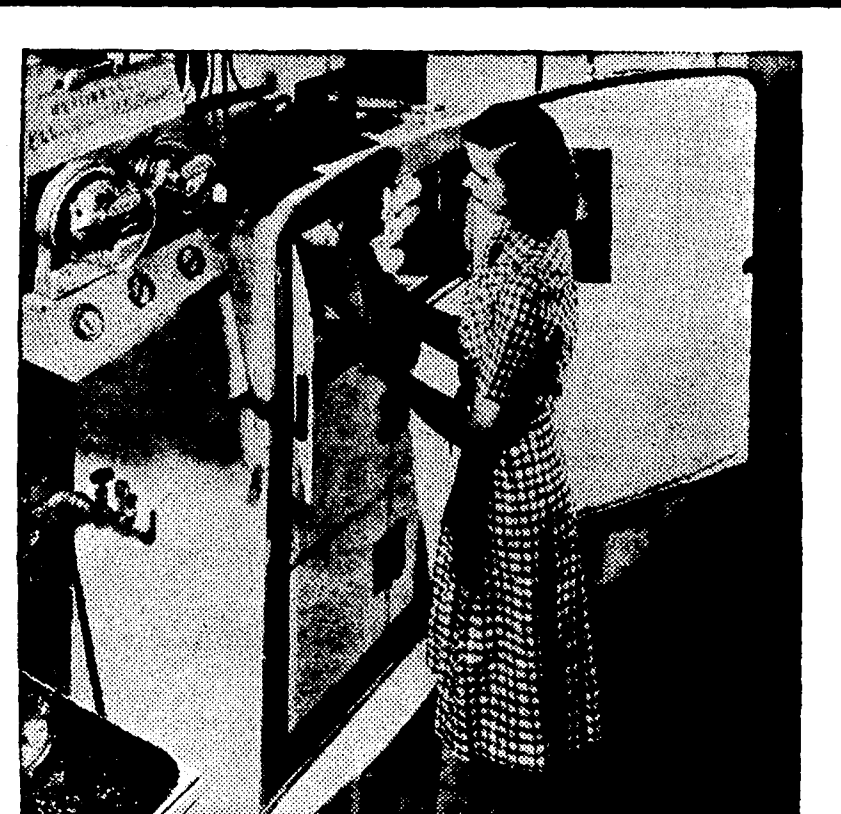

Yes, plenty hot—but Brownie can handle it! There may be thousands of volts flowing through those power lines. One false move, one careless moment, and trouble would result. Brownie knows this, but handling "hot stuff" is his job, and doing it safely and well is his pride.

Brownie Worthen has been with Washington Water Power for 39 years, and for many years has been a class A crew foreman. He has strong, steady hands, a cool head, "know how" and a healthy respect for the powerful stuff he works with. He uses "hot sticks" on high-voltage work and "pigs" for protection where they should be used. Brownie has blazed trails for electrical power throughout the Inland Empire for nearly four decades.

Washington Water Power and its workers have blazed trails together for the pioneer past, and are going forward together—TRAIL-BLAZERS ALWAYS!

*"Hot stuff"—lines carrying high voltage.
*Hot sticks—heavily insulated tools.
*Pigs—rubber blankets, placed over insulators, to keep wires while working about them.

CAMP ROBERTS TOUGH SPOT

From "Corralings," a tabloid newspaper, published at Viso, Nev., and mailed to The News by Don Springer, who recently completed his basic training at Camp Roberts, is taken the following, which certainly will be of interest to the many men from this area who trained at Camp Roberts:

"Corralings continues to expand. It reached all of the battle fronts, we are informed, and many training camps. The latest kickback came from Camp Roberts. Those trainees are really hard.

One trainee vows that Co. A, 87th Inf. Tng. Bn., 3rd Plat., 1st Div., 1st Army, is another mainstay of the Co. B, 82nd Inf. Tng. Bn., 1st Plat., tops everything.

Upon investigating we found that both outfits are tops and could not decide just which would be the greatest menace to the other. Both companies consider men who sit around tearing up telephone directories and bending horse shoes with their bare hands, as sissies.

The top kicks of either outfit are a cross between whang leather and duramulium. Reasoning follows: a trainee wants to go on sick call, even for a little thing like losing a leg, all he has to do is show the sergeant his missing leg and sick call is granted and the subject put on light duty for a couple of weeks. The light duty consisting of sitting in a chair and watching the war by the light of a television set.

The boss kick in Co. B, 82nd, it is reported, was a Kansas farmer prior to his enlistment. He believes in work and farm-like neatness. Nothing makes him madder than for the boys to have an evening of horseplay, to leave spurs muddy lying all around the barracks. "Put away your toys," he tells 'em, "before you go to bed, or you won't get your full hour of sleep."

Co. A, 87th Inf., three-striper claims one hour of sleep out of twenty-five for the boys up here. He cuts in half. Baseball is the favorite recreation game. For a time it couldn't be played as they could find no man tough enough to take the job of umpire. The lieutenant of the 82nd had a brilliant idea. He had grenades for baseballs. Any trainee who hits the "ball" was automatically out—and how!

Rank starts with characters, knuckleheads and individuals. If a man's I. Q. test is high enough, he is automatically read to attend YIPES (Yard and Infantry Physical Education) School. Some of our best four moon buck privates have risen from these ranks. The "Nosies," the brown lodge, seldom reach higher than Individuals first-class. They come in various assorted colors.

Officers and non-coms are not permitted to talk over the fence. The firing of bazookas, cannons, grenades or machine guns as the C. O. wants the men to get used to the firing of these lethal weapons and whinnell could hear a cannon above the barking of a Camp Roberts officer or non-com. These habits really bark.

Heaven help the rookie or bootie who hasn't completed his foxhole at the termination of his non-com's bark. A direct hit and he loses his head. For this he gets a gig.

One character reported a nose bleed after a 20-hour maneuver. He was giggled. The supposition being, had he attended his duties religiously, he wouldn't have had that much blood left. The men lay bets as to who will stop first, going over the 30-foot barriers. They climb with bayonets fixed. The first "knuthead" who stops is—Stuck. The battle cry is "toughskitaky."

Toughskitaky, they tell me, was a Russian wrestler, who made the training course in two weeks. He whipped two sergeants with two hands tied behind him—they were hired hands with machine guns.

The boys must snap back the right answer at all times. A captain will single out a "character" and yell, "What do you want to see on the end of your bayonet?" One individualist got confused and answered, "Ham and eggs." The company was so ashamed of him that they made him wear curtains for all of the barracks windows. The real answer is, "Gore and intestines."

Pushups are exercises where the individualist lies flat, face down and pushes himself up and down with his arms until his arms are bowed. After one fully developed individualist has done 150 of these pushups as a gig debt, he remarked that the last fifty were a bit trying. When he was informed that one captain and two lieutenants were riding on his back during the last fifty, he remarked, "Gosh darnit, those guys are always riding me."

Periodical physical examinations are given by stripping the characters and scraping the bare hide with diamond points. If the diamond points are dull or powder, the guy is doing all right. If the hide shows tracks of a scratch the guy has gone soft and is given an extra tub of meat for a few meals.

A Victorville Army Air Field fellow and a Camp Roberts, "Bazooka Gorilla" were discussing the various methods of clubbing a man. The fellow from the VAAF guy, "ten minutes after a command from our C. O., and we can be up in the air ready to go."

"Blaw," sneered the Camp Roberts boys, "one word from our Top Kick and the whole d... n company is up in the air without any wings, either, sissy."

AMERICAN HEROES

by WOODY COWAN

Investing in War Bonds with their increase in value each year judged against the courage of J. L. Knight, Weatherford, Texas, 124th Cavalry Regt., seems unjustified unless it helps supply our fighters with weapons. Facing heavily defended Japanese positions on the Burma road, Lt. Knight led his men through dense jungle and secured their objective. Reconnoitering the area, he found himself in a horseforn formation of concealed Jap pillboxes and threw grenades, destroying four. Wounded, he saw that those in his command were protected until he died. A medal of honor was awarded Lt. Knight posthumously. U. S. Treasury Department

LESTER GAMET BUYS DAIRY

Lester Gamet of Troy, has purchased the Gerald Wilson property in Genesee and the Genesee Dairy which was operated by his son, Louis. Mr. Gamet made his first milk deliveries September 1. Mr. and Mrs. Gamet, formerly of Troy and their four children are now located in Genesee, with the children enrolled in the schools here. Mr. Gamet had been farming near Troy before he decided to go into the dairy business for himself.

EDWARD LETTENMAIER HOME TRANSFERRED TO AIR CORPS

Edward (Snuffy) Lettenmaier, who arrived home August 29, after leaving Naples, Italy August 13, made a record crossing of the Atlantic, only to find that he is now member of the air corps, which is no great surprise to him. He entered the service in April, 1944, as a member of the 1st Army, in keeping with the general theme of the convention, "Serve the Lord with Gladness," based on Psalm 100. The convention was held at 11 o'clock with Rev. Arthur Becker of Walla Walla delivering the sermon. His theme was "The Lord is a merciful God." He was followed by a prayer by Rev. Arthur Becker.

SGT. SPRINGER DISCHARGED AFTER 41 MONTHS IN ARMY

Staff Sergeant Wyverne Springer, son of Mr. and Mrs. Pearl Springer of Sterling, Idaho, was honorably discharged from the army August 21, at Camp Crowder, Mo., after serving 41 months in the service. SGT. JAMES ABRAHAM HOME GETS DISCHARGE IN TEXAS

Sgt. James Abraham, with 151 points for discharge eligibility, was discharged from the service in Texas, July 22, at Fort Bliss, Texas. After returning from overseas he was sent to the Alamogordo army air base in New Mexico. It will be remembered that it was near this air base that the atomic bomb was first tried out. James said the men at the air base heard the sound and saw a cloud of fire and smoke in the sky for a time. He said he did not hear the explosion, but those who did hear, were told that it was an atomic bomb. He is authorized to wear three battle stars, Presidential Unit Citation and Navy and Marine Corps Unit Citation ribbons, and campaign ribbons for the Asiatic-Pacific and American Theater areas.

VASTLY IMPROVED GASOLINE BY GENERAL PETROLEUM CO.

A new, vastly improved gasoline which was developed during the war, and which surpasses the performance of any gasoline used by motorists in pre-war days, was announced recently by Clarence S. Beesemyer, vice president and director of marketing of the General Petroleum Corporation.

"This gasoline," Beesemyer said, "will furnish all the power an automobile can use. The new Mobilgas is one of the foremost wartime achievements, and is the result of the world's greatest catalytic cracking program which consumed 12 years of scientific research and a \$90,000,000 investment in new refining equipment and facilities."

"This tremendous project gave us 'Flying Horsepower' which increases the speed, maneuverability, altitude limit and bomb-carrying capacity of our war planes. This 'Flying Horsepower' has now been incorporated in the new Mobilgas being sold to the public today. By pre-war standards, the performance of this new gasoline is spectacular. It permits a fast acceleration, a smooth power-pull, and an instant engine response under all conditions never enjoyed by motorists until now. Yes, the familiar ping and sluggishness of old gasoline engines in wartime automobile equipment have become peacetime casualties.

Along with the introduction of the new gasoline, Beesemyer declared the motoring public faces a bright immediate future in other ways, so far as the oil industry is concerned. He said dealers are preparing to carry out building, equipment and service improvements long held up by war restrictions. He pointed out that returned veterans and skilled mechanics from war industries are correcting the manpower situation, and motorists may soon experience an era of station service and operation far surpassing that of prewar days.

Seventh Birthday Party To celebrate his seventh birthday, Don Zimantz invited several friends to spend the afternoon with him last Thursday. They were Harold, Wilbur, Toddy and Judy Faye Bauscher, Jimmie, Nancy and Michael Rabdau. Also present were his sisters, Elizabeth, Judy and Michael, and his cousin, Toby Valiquette, of Spokane. Mrs. Zimantz served refreshments, including a birthday cake, which was made in the form of a figure "seven."

Quality Feeds Are Vital for Laying Hens

Don't neglect the hen's supply of oyster shell and grit. The calcium in the shell is food, the grit acts as false teeth to help grind feed.

If weeds and grasses are kept mowed it results in neat and tender growth which is highly beneficial to layers and growing birds. Three rats will eat and destroy as much feed as two hens. Fight them constantly.

Good chicks will not grow into money-making fowls unless they are fed plenty of good feed during their growing period. Eggs to be preserved must be fresh, clean, perfectly dry and preferably infertile.

Every hen that should be culled is costing the profits of at least one good layer.

GENESSEE VALLEY NEWS

During the past week good weather aided harvest operations and the hills look like they had a Burma shive. Another week will see everyone finished. Some are going over summerfallow and will be ready to seed after the first good rain. Wheat was exceptionally good and yields up to 50 bushels per acre were reported. Now that the peace treaty has been signed we can settle down to the task of keeping the peace and looking forward to the building of a world brotherhood which must come if we are to prevent another war. We must not judge an entire nation by the few warlords who dominate them. There are many fine people in Axis countries who are as anxious for lasting peace as any of us. To them we must lend our support for friendship and understanding, and realize that the world is very small now and we cannot isolate ourselves from other nations.

SCHARNHORST IN HOSPITAL

Clarence Scharnhorst S/C, who was on a navy craft hit by a mine is now at the U. S. Naval Hospital, Long Beach, Calif. He writes: "Dear Pete: "Well, I've moved again. Yesterday I came up to the hospital for car treatments and to have my back straightened out. This is a real nice place, but it sure gets tiresome lying around. I will be here for about five weeks and then I don't know what they will do with me. I have seven major battle stars now, and one more coming for the Borneo operation. I bought a car and drove to Los Angeles, Hollywood, and up through Beverly Hills and down to San Fernando Valley. It was sure a swell trip. Well, Pete, I have a new address. Here it is: Clarence Scharnhorst S/C, U. S. Naval Hospital, ward B-2, Long Beach, Calif."

WANTS DRAFTING STOPPED

Rep. Compton I. White, (D-Idaho) said today (Sept. 5) he had telegraphed President Truman urging support of legislation halting drafting of men under 24 years of age. "The sacrifice of the education of our American youth is too high a price to pay to police foreign lands when they are so many of mature age that will volunteer to fill the ranks of the American occupational forces," the congressman said. Compton White, if nothing else, is consistent in his war record. He managed to get into the wrong committee to make a report not many months ago, and outside of that he has accomplished much in the prosecution of war or peace. Perhaps he forgets that the American people still "own there" and "over there" have already given up school time, while others have not. He has not yet managed to continue to make one believe that the war was won in spite of many of our congressmen who still themselves are increase of untaxable pay.

Hospital Beds at Farragut
By special arrangement between the Medical Director of the Veterans Administration and the Surgeon General of the Navy, there has been allocated for the fiscal year 1946, beginning July, 1945 and ending June 30, 1946, twenty-five beds at the U. S. Naval Hospital, Farragut, Idaho, for the care of beneficiaries of the Veterans Administration. These beds have been allocated to the Boise station of the Veterans Administration. Beneficiaries will be admitted upon the authority of the Chief Medical Officer of the Boise station.

The above allocation of beds is for the treatment of service-connected and non service-connected beneficiaries of the Veterans Administration. It was planned that Col. Arthur W. Schulz, chief medical officer of the Boise station would visit the commanding officer of the U. S. Naval General Hospital at Farragut to complete all arrangements for the admission and care of Veterans Administration beneficiaries in the above named hospital.

Mr. and Mrs. Dan Aherin write from Phoenix, Ariz., that they expect to return to Genesee soon, and request that they be met by the former's brother, Kenneth Aherin. Mr. Aherin has been at Phoenix during the war as a flight instructor.

FOSTER HOMES AND DAY-CARE CENTERS MUST HAVE LICENSE

Persons operating foster homes or day-care centers for children in Idaho were reminded recently by R. G. Fredelund, Latah county supervisor, that a license from the State Department of Public Assistance, must be secured immediately if they plan to continue operation.

The 1945 State Legislature passed a law providing for the licensing and specified certain minimum standards that must be met before a license is issued. Under terms of the law, any home giving either full-time care, or regular care by the day, to children who are not related by blood or marriage, must secure a license. "Licensing of such places is a recognition of the responsibility of the state for the welfare of all children, who for some reason must be given care away from their homes," Mr. Fredelund stated.

"The law was passed primarily to aid in supervision of such homes here, to insure that they are supervised by authorized child-placing agencies in order to assure maintenance of certain standards of care, protection of children from mal-treatment, health hazards, and other threats to their welfare." Mr. Fredelund pointed out that under the law it is a misdemeanor to operate foster homes or day-care centers without the state license, which is issued by the Department of Public Assistance, without cost, after an inspection of the home has been made by qualified personnel.

To secure additional information about the law, call or write to your local Department of Public Assistance office at Moscow, Idaho, telephone number 2240. Stitch and Chatter 4-H Club Mavis and Patsy Esser entertained the Stitch and Chatter 4-H Club at the home of Miss Esther Martinson Tuesday afternoon, when their leader, Mrs. George Erickson, instructed in sewing. The club will exhibit their sewing September 15 at the public school.

AMERICAN HEROES

by WOODY COWAN

Death came to Lt. Dale Christensen, Gray, Iowa, 112th Cavalry, after heroic action at New Guinea, which earned him a medal of honor. Finding his platoon badly shot up from short range fire, Lt. Christensen crawled close to the enemy, silenced one machine gun with hand grenades and then the enemy retreated. Most of us are glad that our men are doing this. Our investment in War Bonds encourages such men to offer the supreme sacrifice for freedom for all humanity.

DEATH OF BROTHER HAMMER DEAD

Brother G. Hammer is in receipt of a letter from a brother in North Dakota which has advised him that another brother, Robert, 59, was killed in action in Norway, March 29, 1942. The deceased had been in the Norwegian regular army for a number of years and had risen to the rank of general. His home was at Hill, and it is presumed that he was killed in action in the final days before the Norwegian forces were overpowered by the Nazi forces which invaded. It will be remembered that the last fierce fighting in Norway was at Lillehammer. The deceased is survived by his wife and two sons and two daughters, besides his brother in North Dakota and two in Norway. The letter received Saturday was the first word he has had from his family in Norway since the country was invaded.

THE BULLDOGS' PEN

Thought you got rid of us didn't you? It seems we have a couple pairs of twinn' rippin' around this week. Don W. and Joyce Grieser are sporting Society Editor Shirley Ochs and Elaine Simon. Also have pink and blue ski sweaters alike. Ruth and Rudy have a pair of smooth black and white blouses. Also in the line of new-looked S. B. P. has a white skirt and blouse that really rates. Our newly-elected S. B. P. has a white and blue suit. He is wearing a bar of soap or some cigarettes. For a toothbrush or a comb you can get anything you want. Have to have a Say, Pete, do you know if there are any Genesee boys over here. Let me know. I'll be glad to see you. "Well, it's chow time here. Let me know. I'll be glad to see you. "Note: Thanks for the letter Lloyd, Lee Emmett and Floyd Hepper are on the way. I hope they may have your address by now.

TRUCKS COLLIDE TUESDAY

A truck carrying sixty sacks of wheat, driven by Ewald Lettenmaier was starting to move pretty fast Sunday afternoon when it collided with a pickup truck driven by Miss Joan Larson. The pickup truck was carrying a load of wheat and the two trucks were coming into town with the load of wheat and the pickup truck was returning home. Ewald Lettenmaier was driving on a narrow road and the pickup truck was driving on a narrow road. The two trucks collided and the load of wheat was damaged and the load of wheat sacks shifted forward. The pickup truck was badly damaged and the driver escaped with a slight bruise on her chin and some damage to her car. The larger truck belongs to Neil Sweeney and was being used by the driver to haul the crop. Ewald Lettenmaier is home on a 30 day furlough.

A GOOD JOB FOR JOE? ...you bet there is!

Remember Joe? Of course we do! He was one of our best trouble shooters, and since he went trouble shooting for Uncle Sam we've missed Joe a lot. Yes, we heard that a Jap mortar shell put Joe out of action for awhile . . . that was a tough break, but Joe has stamina and courage—he'll make the grade, and come through smiling that same old friendly smile.

Will we have a good job for Joe here at Washington Water Power when he is ready and wants it? You bet we will! Joe has experience, "know how," and initiative, and these things have value in a well-run business. Yes, we need and want Joe, and will have a job for him—a good job he will like.

GENESSEE VALLEY NEWS

Harvest is in its final mopping up stage and only a very few have not finished. Farmers are burning stubble fields preparatory to fall seeding and plowing. Many fields are being plowed and wild oats are destroyed in this manner, which otherwise would go into the ground. We learn during the gas rationing days that we could "get there" at 35 miles an hour, but let of people are forgetting it very fast and special demonstrations are being given to travelers again. The best way to stop it is to make cars that can't go so fast. Four combines ran a race with the weather man on the Leon Danielson and McBride farm, cutting 48 feet to the round and finished Tuesday evening.

The Scheele family has been having more than its share of misfortune. Bill Scheele has been confined to his bed for several weeks with coronary thrombosis. Mrs. Scheele was taken to the Critman hospital last week in serious condition to receive three blood transfusions. Saturday Mrs. Scheele slipped and fractured her hip and is unable to walk for a while. Mrs. Mildred Claus is caring for the patients.

Mrs. Art Tegland and Mrs. Wm. Have called at Wedin's Monday afternoon.

Church at 9 a. m. Sunday. Sunday school at 10 a. m.

Mrs. Ida Dawson of Moscow spent last week with Mrs. James Magee. Sgt. Norman Westberg has received his discharge from the army air corps after five years of service, much of it in the ETO and CBI theatres. He also flew over Tokyo several times. He will leave soon for New York to get his wife and baby and they will live on a farm in the Lewville district.

Sgt. Raymond Westberg recently freed from a German prison camp left Monday for Santa Monica, Calif., for reassignment and a discharge.

Alice Faught spent the week end with Peggy Keating in Moscow.

Mr. and Mrs. Martin Deaton and son visited at Hugo Gerdy's Sunday evening.

Mr. and Mrs. Lee Webb and baby of Reubens spent Monday until Thursday at Gus Rosenau's.

Mrs. Olive Iverson of Moscow was an all-day visitor at Mrs. Lily Larson's on Wednesday.

Mr. and Mr. Ed Morken spent Sunday evening at R. E. Norby's.

Mrs. Roy Wedin, Alice Faught and Mrs. J. P. Wedin were Norway visitors Wednesday.

Mr. and Mrs. Rudolph Nordby attended the board meeting of the Coeur d'Alene Homes at Coeur d'Alene Tuesday.

Lt. and Mrs. George Davidson and baby of San Diego, Calif., are visiting the former's sister, Mr. Sam Langs, and family.

Mr. and Mrs. Manuel Daniels of Moscow spent Sunday at Mrs. Annie Danielson's.

Mrs. Victor Danielson and Beverly are visiting friends in Spokane for a few days.

Community Church Sunday school at 10 o'clock. Church services at 11 o'clock. Young People's meeting at 7 o'clock. At 8 o'clock members of the church will meet to adopt Articles of Incorporation and to elect directors, deacons and deaconesses will also be elected.

Quality Feeds Are Vital for Laying Hens

Don't neglect the hen's supply of oyster shell and grit. The calcium in the shell is food, the grit acts as false teeth to help grind feed.

If weeds and grasses are kept mowed it results in new and tender growth which is highly beneficial to layers and growing birds.

Three rats will eat and destroy as much feed as two hens. Fight them constantly.

Good chicks will not grow into money-making fowls unless they are fed plenty of good feed during their growing period.

Eggs to be preserved must be fresh, clean, perfectly dry and preferably infertile.

Every hen that should be culled is costing the profits of at least one good layer.

PEA STUBBLE IS VALUABLE IN BUILDING SOIL FERTILITY

(By J. M. Rabaud)

Returning crop residues to the soil is one of the most important practices in soil conservation farming. At times it is also the hardest practice to follow. There is yet a need for better equipment to handle the stubble. Farming machinery companies are designing new implements for this purpose and are working closely with the soil conservation service experiment stations. Farmers have developed and are developing implements to utilize that can't go so fast. Four combines ran a race with the weather man on the Leon Danielson and McBride farm, cutting 48 feet to the round and finished Tuesday evening.

Quality Feeds Are Vital for Laying Hens Don't neglect the hen's supply of oyster shell and grit. The calcium in the shell is food, the grit acts as false teeth to help grind feed. If weeds and grasses are kept mowed it results in new and tender growth which is highly beneficial to layers and growing birds. Three rats will eat and destroy as much feed as two hens. Fight them constantly. Good chicks will not grow into money-making fowls unless they are fed plenty of good feed during their growing period. Eggs to be preserved must be fresh, clean, perfectly dry and preferably infertile. Every hen that should be culled is costing the profits of at least one good layer.

EARL BROEMELING NOT FAR FROM TOKYO ON VICTORY DAY Earl Broemeling, now a yeoman 3/c and serving aboard the USS Nicholson, a destroyer, writes his family that censorship regulations are overboard. In mentioning V-J day, he states that he was about 18 miles from Tokyo, in another port.

GLIDE R. STAUFFER KILLED CAR DRIVER HELD BLAMELESS Glide R. Stauffer, 64, a familiar figure on Lewiston streets in recent years, and before that in Genesee, was killed instantly Sunday morning at 3:30 on Main street in Clarkston. He was returning home from Lewiston and was walking across the street. He was barely missed by one car, but continued to walk and stepped directly into the path of a car driven by Ben Rice of Clarkston, according to the Clarkston police chief, and the Lewiston Tribune.

STAUFFER APPARENTLY WALKED INTO THE side of the car and was knocked to the pavement, striking his head. He died instantly from the fracture and severely cut scalp. The chief of police stated that the Rice car swerved from its path to avoid hitting Stauffer. Stauffer was in Genesee for a few years, and was best known for his long hair and long whiskers. He did little work here but had means of support and asked no assistance. Some were of the belief that he was a secret service man, but this theory apparently had no foundation. Since he moved to Lewiston the story became common that he made a declaration never to shave or have his hair cut. Hoover was re-elected president. When Roosevelt won over Hoover in 1932 he had his hair cut and his whiskers shaved, but only once, and in ensuing years he continued to let his hair and whiskers grow. The deceased did not become well acquainted with people in Genesee, but he always appeared to recognize people from Genesee when he saw them in Lewiston. It was his custom to walk with head lowered.

According to the Lewiston Tribune Stauffer was a native of Ben Davis county, Iowa, and was born Sept. 30, 1881. He is survived by two brothers, U. S. Stauffer, residing in Canada, and J. M. Stauffer, Milton, Iowa. He was unmarried. ing quarters were but a block and a half from Hyde Park, and she admitted that she had been bounced out of bed by the dreaded bomb. Several landed not far from the office in which she worked in London. Miss Schooler had the privilege of meeting three men from home. She saw Ben Huffman in London. Carl Thiessen, stationed in Frankfurt, Germany, looked her up while he was in Paris. Edwin Weber and Pearl got a glimpse of each other while Skinny was in formation and going through Cheltenham. Four months later they met in a Red Cross club. Pearl said she would enlist again in the WAC under conditions the same as existed when she first signed up. However, she said she was glad to be home and a civilian again.

Well, did you notice out title, cutie huh? Last plea: Please send in or tell us ideas for a new title. Fashions Our fashions were topped this week by a certain blonde in the uniform of Uncle Sam's Navy. We're glad to see to which he has consigned registered stock. He just missed the thousand-dollar mark on a registered bull last winter and this particular animal was winner of the championship. He recently disposed of several head to a California breeder. One of the selection sold for \$700. Thirty-one purebreds will be sold in Spokane without reserve. This offering includes cows with calf at foot, bred and open heifers and six young bulls. All will be sold just as they come from pasture, although many of them look like they had been fitted, which is sufficient proof that the Lange herd is a group of easy keepers and they carry more natural fleshing than many cattle do that are fitted. Imported Marcella Crown Command, which has been at the head of the herd for three years, comes from the famous Cluny Cattle herd in Scotland. He is an exceptional animal, undoubtedly one of the best to come into the Inland Empire. The younger animals in the sale were sired by this great bull and the older females now carry his service. While the sale of this outstanding herd is a loss to this community, it is believed that some local people interested in good foundation stock, may purchase one or more animals in this sale and form the nucleus of another great Shorthorn herd. It has been proven conclusively that purebred cattle or livestock of any kind pays more than the product sold for many times the price of ordinary grade cattle and form the nucleus of another great Shorthorn herd. It has been proven conclusively that purebred cattle or livestock of any kind pays more than the product sold for many times the price of ordinary grade cattle and form the nucleus of another great Shorthorn herd.

LEON EIKUM HOME Leon Eikum, naval aviation cadet, who completed pre-flight at St. Marys September 15, arrived home Sunday and at the expiration of his leave will report at Glenview Field, near Chicago, for his first stage of flight training. He is currently attending the program he will receive a commission as second lieutenant. The younger and more primary of the present program, he will serve for two years actively, and then be eligible for a commission as first lieutenant. While at St. Marys he had a pleasant visit from Ensign Verne Lange, who was stationed at Alameda, Calif.

LETTERMAIER LEAVES Ewald Lettenmaier, home on a 30-day redeployment and recuperative furlough after returning from Italy, leaves today for Santa Ana, Calif., for further assignment. While overseas since November, 1944, "Stuffer" was with the infantry, and prior to that was an artilleryman. Now he has been placed in the air corps.

THOMAS WILSON BACK HOME AFTER ARMY DUTY IN ITALY Thomas Wilson, who was in the European Theatre of Operations for 16 months, arrived at Chelwell, Wm., September 15, to visit his parents, Mr. and Mrs. Colin Wilson, and brother, Charles Wilson. He came to Genesee Tuesday and is visiting here for a few days. The Wilson family, former residents of Genesee, moved to Chelwell a year ago. Thomas has 57 points, gained as an infantryman with the famous Ninety-first Division, recruited almost entirely of men from the Pacific Northwest. Thomas served most of the time with an anti-tank company, and with a gun crew, but during the last months of the war in Italy was assigned to driving a jeep for his company commander. This assignment proved most interesting, as he traveled 22,000 miles up and down and across Italy and into Yugoslavia and Austria. He entered the service July 23, 1943 at Spokane and went to Fort Douglas and from there to Camp Adair, Ore. basic. He first was in the 70th Division, just being activated, but when there was an opportunity to transfer to the 91st he took that chance and was at Camp Patrick, Henry on the east coast within a few weeks. He left for overseas April 10, 1944, and about 21 days landed at Oran, Africa, before going to Naples. The 91st Division, intended for support in the Italian campaign went into action almost immediately, with its first engagement being on July 12 in the area north of Rome. That baptism of battle will long be remembered and the date is clear in his mind. Tom's anti-tank crew had moved its gun into position and had just completed the camouflage when the Jerries opened up with an hour's barrage by 88's. The returned soldier said he remembers distinctly the look when it was about six inches deep, and before much time had elapsed he had gone down in this world several feet. After the Arno engagement which lasted 40 days for Tom, came a long winter lay-off when his outfit jumped off for France. Later came the FFI and Tom was with the war ended Tom was at Treviso, near Trieste, where Marshal Tito caused the Allies some trouble for a few weeks. While overseas Tom picked up the Expert Combat Infantryman's Badge, Good Conduct Medal and the ETO combined campaign bar with three battle stars. He left Naples September 1 and after 9 days was at Newport News. He will report to Fort Lewis after a 30-day furlough. His division, all of which is now in the States, is expected to reassemble at Camp Kohler, Alameda.

HORSE SHOW AT COLFAX The Colfax Saddle Club is sponsoring a horse show at Colfax, Sunday, Sept. 30, starting at 1:30, and it is reported that there will be a few horses from the Genesee community appearing as entries. Dwight Misner, pony breeder of Deer Park, who formerly farmed near Cashup, plans to bring his herd of trained Shetlands to the show. Many of the ponies are trained for harness and an unusual bag of tricks which are sure to be of special interest to children. There are fifteen classes in the show, including the grand entry. Miss Marcella Smyth, Spokane, reporter for the National Horseman, expects to be at the show to take pictures and obtain information. In this way many fine horses in the Inland Empire will be given nation-wide publicity. IN APPRECIATION The Fire Department wishes to thank all persons who helped in filling the ground floor of the Firemen's Hall with dirt. WAR BONDS AND STAMPS WORTH KEEPING War Bonds are not only the world's safest investment... they represent your faith in your country and are a symbol of the part you are doing to back up its fighting men. Too, they are a part of your future. Saved to maturity, they will mean added security, comforts and pleasures for you and your family. They are worth keeping!

THE WASHINGTON WATER POWER CO. A Self-Supporting, Tax-Paying Business Enterprise The time-tried dependability and low rates of the Washington Water Power are also worth keeping. Sound business management, technical skill acquired through long experience, and loyal and competent employees enable Washington Water Power to give you dependable electric service at low pre-war rates... and this despite increased cost of operation, greater demand and higher taxes.

IT TAKES A GOOD FEED TO MAKE BIG TOP-GRADE EGGS The best of hens will not produce a lot of big top-grade eggs unless they are fed plenty of the kind of feed they need for high egg production. A hen is like a factory that is turning raw materials into finished products. You must furnish her the raw materials in the feed you give her, and the value of what she produces depends upon the quality of the raw materials. We are supplying many poultry producers with a feed that is made to keep their flocks on a paying basis the year around. It is made from wholesome ingredients, carefully balanced to provide your hens with all the egg-making ingredients they need for high egg production. WHY THIS BANK RECOMMENDS 40 years Long-Term 4% REAL ESTATE LOANS This bank makes short-term farm loans to those who desire them, but we don't recommend 5 or 10 year terms unless the borrower is financially able to pay the loan in full by maturity. Do you know what happens when a short-term loan comes due at the wrong time? You will have to negotiate a renewal loan. You may have to pay a higher interest rate. You may have to pay a commission. You probably will have abstracting or title policy and recording expense. And in the case of death your family may have to obtain court approval of the renewal. No farm owner should take these chances when they can be avoided. That is why we recommend long-term loans that never have to be renewed, yet can be paid off just as fast as short-term loans. Now, through our special arrangement with The Equitable Life Assurance Society, you can obtain loans with terms up to 40 years at this bank. Your loan is made by the bank, at the bank. You deal with folks you know... who are interested in your success. Come in. Let us explain this new 40 year 4% plan. It has many money-saving features never believed possible in farm loans. 40 years 4% REAL ESTATE LOANS GENESSEE BRANCH FIRST NATIONAL BANK OF LEWISTON Joined for LEADERSHIP in service to farmers

PHIL HERMAN NEAR TOKYO CANT READ NIP ROAD SIGNS Phil Herman, son of Mr. and Mrs. J. P. Herman writes the following interesting letter from Japan:

"Dear Pete: "Well, now that we are settled down I guess I can dig away down in my barracks bag and get the paper and pen and answer a few letters. Just finished reading a few papers and I remembered I haven't written you for a long time. Here goes.

"We are now in Japan. Arrived in Yokohama on the 19th, and are now set up about 30 miles from Tokyo. Boy, we truck drivers really catch it here. The roads are really terrible. I find you way around as most of the road signs are in Japanese. Got lost the other day in Tokyo, and drove all over the place trying to find my home. It is quite hard to drive here as only the main roads are wide enough for double traffic. They also drive on the left side of the road which is a bit confusing too.

"The Stutz and Chatter club under the direction of Mrs. George Erickson, ribbons were awarded as follows for beginners' sewing: Bill Hanson, blue; Beverly Erickson, Alice Ginn, Connie Densov and Phyllis Wilson, red; Dawn Heinrich and Darlene Heinrich, white; "For exhibitors: Erickson, blue; Mary Curran, Miss Esser and Vernita Trautman, red; Ann Lou Luedke, Jean Luedke and Patsy Esser, white. OTTO BERGEN GUADING MAIL WANTS BACK ON THE FARM

Otto Bergen writes the following from Germany:

"Dear Pete and Family: Hope everyone is well—hope you all feel as good as the rest of us do. Being the war is over, I have been overseas 30 months now, and hope to be home in a short time, maybe by Thanksgiving. I am now in Kornwestheim, Germany. We are getting mail trains, but have not been out on a run for four days. Have been in quite a few cities here. They are bombed level. While I was in Reims, Kermit Hove was nearby, but I couldn't get a pass to go and see him.

"Just got the paper today for August 17th. Thanks for sending the paper and also thank the American Legion.

"Been having some rain. Will be glad when I can get back on the farm. Will close now, hoping to be sailing before too long.—Otto."

Gordon Rosenau Married

Gordon Rosenau and Marie Jutzler of Lewiston were married at the Methodist parsonage in Lewiston last Saturday. They were officiated by Aych Jordan, brother of the bride, and Bettie Petrie, cousin of the bride. The bride is the daughter of Mrs. Geo. Dressler of Lewiston, and the groom is the son of Mr. and Mrs. A. E. Rosenau, Genessee. The groom is a former service man and served with the Marines in the South Pacific, and was honorably discharged about a year ago. Since leaving the service he has assisted his father and was employed by others here.

NOTICE OF SALE OF MUNICIPAL REAL ESTATE

Notice is hereby given That the City of Genessee will sell at public auction for cash to the highest bidder on the 5th day of October, 1945, at 10:00 o'clock A. M., at the Genessee City Hall, Genessee, Idaho, the hereinafter described real property, title to which was acquired by said City as the result of the foreclosure of tax or improvement lien and the value of which as shown by the last assessment roll is less than \$500.00.

Said real property is all situated within the corporate limits of the City of Genessee, in Latah County, Idaho, and more particularly described as follows, to-wit:

Lots 1, 2 and 3 in Block 14 of West Addition to Genessee as shown by the recorded plat thereof, and

A deed will be issued to each purchaser, conveying a title subject to all unpaid general taxes and assessments, and to all improvement district assessments which are not yet due or payable and to any claim which may or might be superior to the title of the City.

Done at Genessee, Idaho, this 17th day of September, 1945, pursuant to the provisions of Section 49-1008, I. C. A., and by order of the Mayor and City Council of Genessee, Idaho.

DAVID G. KUEHL, City Clerk.

Sunshine Club Plans

The Sunshine 4-H Club enjoyed a trip to Moscow Tuesday evening when Mrs. Harry Eglund, Mrs. Leon Danielson and Mrs. Oscar Danielson provided a picnic supper. The girls later attended a movie, followed by treats furnished by Mrs. Victor Danielson. Mrs. James Archibald, leader of the Sunshine Club was surprised with a lovely gift presented by club members.

NOTICE

A meeting of the Genessee Union Local has been called for Wednesday, Oct. 5, at 8 p. m. at the K. P. hall. Two delegates will be elected to represent this Local at the state convention to be held in Spokane on October 18 and 19. Other matters of importance may also be brought up.

H. F. Koster, Secretary.

Your Responsibility

GENESSEE VALLEY NEWS

Fine, sunny autumn weather which we are enjoying very much. Many acres of wheat were seeded this week. Quite a few attended the county fair at Moscow. Sam Lange is disposing of his herd of Shorthorn cattle in the Spokane this week. Ray Wedin and Carl Greif assisted him. Most of the Valley G's are home with a discharge and the 18-year-olds are going to have their fling at it now.

Sunday school at 9 a. m. Sunday. Funeral services for Helia Freug daughter of the late Mr. and Mrs. Chris Freng, former Valley residents, were conducted by Rev. S. F. Veldy Tuesday afternoon at the Valley Lutheran church. They lived on the place owned by Leon Danielson. She was a cousin of Wm. Hergen. John Hagen, Mrs. Chas. Odenberg and Gilbert Smith.

Mr. and Mrs. Frank Sandin of Seattle and Mr. and Mrs. Glenn Sampson were dinner guests Monday evening of Mr. and Mrs. Robert Berger, Mr. and Mrs. Jim Kane and Mr. and Mrs. Bruce Wardrobe called in the evening.

Miss Oscar Danielson, Victor Danielson, Stanley Sneve, Ed Morken and Lester Wolfe of Uniontown helped Mrs. Marie Anderson celebrate her 77th birthday at Ingle Anderson's on Tuesday afternoon.

Mr. and Mrs. Allen Sather attended the Idaho WSC dinner at the Ben Sather home in Moscow.

Miss Pat Magee spent the week end at home.

Mrs. Chas. Odenberg is visiting at Delos Odenberg's.

Mr. and Mrs. Pete Nelson of Spokane spent the week end at the Nel Lande home.

Rev. A. F. Wolff had Sunday dinner at Hugo Gehrke's.

SGT. HARRINGTON HOME

Sgt. Florrie Harrington arrived at Genessee Sunday and was looking forward to just where he left off some three years ago. He was supposed to submit an interview before today, but perhaps he's off on another invasion, although it is his plan to become a permanent party on occupational duty right here at Genessee. Florrie is discharged with over 60 points, and came directly to the States from Okinawa where he was with a 105 howitzer battalion, which shot up around 30,000 rounds of ammunition while helping urge the Japs out of the South Pacific and back to their homeland.

Cliff Landt Family to Harvard

The C. Landt family moved Sunday to a farm which they have purchased three-fourths of a mile east of Harvard. The place consists of 160 acres, and in addition Mr. Landt will continue to farm the Schleier place south of Genessee adjoining the state highway. Mr. Landt also has a considerable acreage near St. Maries. While his farming operations pertaining to grain production will be less than usual, he plans to be Montana winter in a week or two to purchase foundation stock for another purebred Pulled Hereford herd. He was in the prebred business for many years, and was successful.

GO TO LEGION CONVENTION

Planning to attend the American Legion district convention at Craigmont Thursday are Mr. and Mrs. Walter Emerson, Mr. and Mrs. Antone Kambsch, Mr. and Mrs. Harry Emerson, Mr. and Mrs. Martin Liberg, Mr. and Mrs. O. V. Johnson and Mr. and Mrs. Frank Hoorman.

Helen Emerson accompanied her parents and will visit relatives at Craigmont.

Eikum Brothers Leave

Gene Eikum, who enlisted in the navy several weeks ago, and home on inactive duty, left for his home from Lewiston for Boise. From there he will go to San Diego for boot training. His parents, Mr. and Mrs. John Eikum, took him as far as Lewiston. Miss Doris Vandenberg and Miss Gladys Taufen entertained with a party for Gene at Don's Monday evening.

Leon Eikum, naval aviation cadet, who was home after completing flight at St. Marys, Calif., left Sunday for Spokane and from there went to the Glendon E. Fisher III, for initial flight training. He was accompanied to Spokane by his sister, Yvonne, and Miss Dorothy Lee. The girls returned home Monday.

IT TAKES A GOOD FEED TO MAKE BIG TOP-GRADE EGGS

The best of hens will not produce a lot of big top-grade eggs unless they are fed plenty of the kind of feed they need for high egg production. A hen is like a factory that is turning raw materials into finished products. You must furnish her the raw materials in the feed you give her, and the value of what she produces depends upon the quality of the raw materials. We are supplying many poultry producers with a feed that is made from wholesome ingredients, carefully balanced to provide your hens with all the egg-making ingredients they need for high egg production. For plenty of big top-grade eggs, we suggest you use . . .

CLARENCE SCHARNHORST OUT SERVED ABOARD USS JENKINS

Clarence Scharnhorst, who was in the crew aboard the USS Jenkins for the first of a series of three meetings entitled, "Don't Fence Them In," "Put That Barrier Down" is the topic of the first meetings which will be led by Rev. Knight.

There will be no Sunday school Sunday other than the program at 10:30.

THORNCREEK BAZAAR

The annual Thorncreek bazaar will be given Sunday afternoon and evening, October 21 at the Upper Thorncreek school, a destroyer. It was practically new, and one of his first details was helping to camouflage the ship when they bombed it from the air. He signed on as a member of the deck force and one week later saw action off New Guinea where they bombed a destroyer. He was on Hollandia. They stepped into two scraps off New Guinea and then were taken to the Philippines in the invasion of Leyte. He was on the ship which blew up and returned to Langayen where they lost six men. Corregidor came along with the schedule and then Mindanao. Finally, it was Borneo for two bombardments, and while moving back from the second attack at low tide, the Jenkins struck a mine which blew up the ship's forward fire room and mess hall, with all compartments below the deck flooded, and a hole 17 feet long and 14 feet wide was opened on the ship's port side. Clarence, like many of the Philippines and into dry dock, and later they brought it across the Pacific to a west coast shipyard for repairs. The trip home took 21 days to Terminal Island, where it was tied up on July 8. Then came 30 days at home for Clarence, and when returning he was sent to the naval hospital at Long Beach.

The sailor was injured slightly during the Borneo deal and at the time he was struck on the head and back by a ladder which had been lashed, but gave away. There are several other men of the crew in hospitals. Clarence entered the hospital August 17 though it is his plan to become a permanent party on occupational duty right here at Genessee. Florrie is discharged with over 60 points, and came directly to the States from Okinawa where he was with a 105 howitzer battalion, which shot up around 30,000 rounds of ammunition while helping urge the Japs out of the South Pacific and back to their homeland.

Community Church

Promotion Day and World-Wide Communion Day will be observed Sunday with a Promotion Day program at 10:30 by the Sunday school classes below the Junior age group and a worship service beginning at 11, centered around observance of the Lord's Supper. Following the service there will be a covered-dish dinner served by the men of the church. At a meeting to be held immediately after the church program of the year will be evaluated and the program for the coming year will be launched. Among

labor needed to fight those fires. This year's crop of blazes will destroy still more grass . . . kill still more beef and mutton on the hoof . . . and ruin still more land where food and shelter grow you some money . . .

Do you want to help? Just remember these rules: (1) CRUSH OUT each cigarette; (2) BREAK each match in two . . . and pinch it dead; (3) DROWN your campfire . . . and stir and soak the ashes; (4) CHECK UP on the law, and the laws of common sense, before you build any fire outdoors.

Forest fires were shocking sabotage in war . . . they are criminal waste in peace.

Peace brings increased civilian demands for plastic, building materials, and shipping containers . . . and that means more PULWOOD must be cut. It's still on the urgent list. Pulwood is a profitable cash crop still needed badly at home and overseas.

During the next 24 hours, America will have to fight 375 such fires. During 1945, our charred, smoking woodlands will lose enough timber to build 215,000 five-room homes. Out of your pocket, somehow or other, must come money to help pay for 1,000,000 man-days of

LOCAL HELP NEEDED TO FILL VETERANS' CHRISTMAS BOXES

Individuals of this community who wish to fill one or more boxes, or clubs wishing to fill several boxes for veterans in nearby government hospitals, may place call Mrs. James Archibald, local chairman of Camp and Hospital activities.

It is estimated that 9700 boxes are to be filled before Christmas. Five thousand are for Farragut Naval hospital, 2600 for Ft. George Wright, 2000 for Baxter General hospital and 100 for Galena Station hospital.

Here are a few instructions: Boxes should not be sealed as each box will be inspected. Boxes can be gift wrapped in such a manner that it will be easy to untie. From six to nine articles to a box and each article to be wrapped separately. No homemade candies, cookies or cakes to be included. Preferred articles are soap, stationery, razor blades, handkerchiefs, pocket-size books, sewing kits, carrels with jokers, combs, small puzzles, small folding picture frames. Other items mentioned are small mirrors, key rings, small games (pocket size), chess, checkers, etc. Christmas tree decorations, wreaths and sprays, tissues, wrappings, ribbons and stickers.

BAUMGARTNER DISCHARGED

Drew Field, Tampa, Fla., Sept. 28 Staff Sgt. Ralph E. Baumgartner, 23, radar specialist from Genesee, Idaho, was released from service with the U. S. Army Air Forces today at Drew Field Separation Center.

Sgt. Baumgartner is the son of Mr. and Mrs. George Baumgartner, Genesee. Prior to entering the air force in September, 1942, he was engaged in farming at Genesee.

In September, 1943, he was sent overseas with the 303rd Bomb Group to the ETO, and remained there until his return to the States in June of this year. He holds the Distinguished Unit Citation and the ETO Ribbon with six battle participation stars. Ralph arrived home Monday.

GEO. MAGEE ON FURLOUGH

Pvt. George Magee, son of Mr. and Mrs. Fred Magee, who completed basic infantry training at Camp Wolcott, then attended a non-com school for ten weeks, is on furlough visiting his family at Kendrick and with his parents at home plus travel time and will report to Camp Adair, Ore., Oct. 11. He expects to be sent overseas.

GEO. ANDERSON TO HARRISON

George Anderson, who resigned as marshal, fire chief and superintendent of waterworks in Genesee, left Monday for Harrison where he has leased a cafe and restaurant business, and will be followed by his wife and son, Kenneth as soon as the last named fully recovers from an appendicitis operation. Ruth and Ruby Anderson will remain here with their granfather, Louis, and grandmother to attend high school, and Miss Dorothy Anderson will remain in Lewiston where she is employed.

Ray Johann Marshall, formerly employed at the Genesee Motors, succeeds Mr. Anderson in his several jobs. His appointment was confirmed by the council Monday evening.

THE BULLDOGS' PEN

(Continued from Page One) and piano duet. Mr. Dean announced that he was planning to publish a book. We have been waiting and watching for our gossip column to appear and received orders to report immediately. The big ship, moving from the Atlantic, carried 17,000 on the voyage.

Wayne then was sent to Newport, Bristol Channel, Wales for invasion training with the 11th Port of Embarkation troops. The first contingent of the 11th POE was on Normandy Beach June 7, and Wayne landed at Vire-Ville, France, on July 7.

In August he moved to Carantec, France, and on Oct. 5 he was at Rouen, U. S. troops established the Port of Rouen.

Capt. Hampton was then assigned to Special Services, and some of his duties were staging show business, promoting athletics and other entertainment. With the help of eight American soldiers and five French motion picture operators, 120 shows a week were staged. Athletics included boxing, basketball, softball and baseball. Billy Conn, contender for the world's heavyweight crown, appeared for one of the boxing shows. He was occasionally shot troops were brought out from Paris. Handling Christmas Red Cross supplies, recreational equipment and psychological warfare supplies were other tasks, much of which was done with German prisoners of war for labor.

Wayne was in command of three POW companies of 250 men each, and employed interpreters from the German ranks to direct the men. He said that prisoners received 80 cents per day for their work, and usually they were employed six days a week.

It was at Rouen that Capt. Hampton met Tommy Douglas, a British aviator and had enjoyable visits. Tommy requested that Wayne greet his many friends here and he sent his best regards to all. Tom was with the Harbor Craft company.

In June, 1945, Capt. Hampton was assigned to the 5th Port of Embarkation at Marseilles, France and there supervised warehousing organization and handling of overseas supplies to the Pacific during redeployment. On Aug. 27 he was transferred to the 58th Port Co., and 20 men were on board under his command in the Calais staging area, from where 60,000 troops left for the United States. S. Wayne left France Sept. 4 and arrived in New York Sept. 15. The ship docked pretty early, but there was a band on hand, and the Red Cross representatives were present as usual with those most welcome drinks of milk and plenty of donuts. The unit commanded by Wayne was deactivated at Camp Kilmer, and after a 4-day wait Wayne and 20 men were on a plane headed for Ft. McArthur, a trip of 14 hours. Wayne seems to remember one of the men, a soldier who was 6 feet 11 inches tall, which is just about as towering as they may be and serve in our army.

Wayne had 108 points for discharge and is authorized to wear the Asiatic and ETO ribbons, Pre-Pearl Harbor or Defense ribbon, and two battle stars.

Wayne appeared concerned over his brother's entry in politics. He mentioned his strenuous campaign while overseas on Elton's behalf. He said he showed his campaign picture, realizing they were handling supplies and equipment in that branch. Wayne has not been too easy on his brother, and even hinted that he felt compelled to look over his civilian clothing left at home when entering the service. He considered this check might be necessary to see if any had been requisitioned. Wayne said it will be fine to be in civies again. He expects to resume farming where he left off 55 months ago.

LEE JOHANN DISCHARGED

Sgt. Leander Johann, who served overseas, first in Iceland, and later in the British Isles with the 1st Reconnaissance Squadron, arrived in the States three weeks ago and after a delay at Fort Douglas received his honorable discharge. He made the trip home on the Queen Elizabeth.

There was a family gathering Sunday at the home of his mother, Mrs. Katie Johann. Others present were: Mrs. Joe McLaughlin, Lewiston; Mr. and Mrs. Ray Johann and family, and Pete, Paul and Steve Johann.

TOMMY EDWARDS HOME

Tommy Edwards RM3/c arrived home Wednesday evening to visit his parents, Mr. and Mrs. Ed Edwards, and other relatives. Tommy is rounding out three years in the service and had been on the States since the Marshalls group for a long time. He arrived at Seattle and while it is expected that within two years or more service will be discharged, the returned sailor has not been advised of what they will do with him. He has 30 days at home and will then report back to Seattle.

Prestolog Shortage

We have been forced to announce that our Presto-Log allotment has been drastically cut, and for the balance of the winter, or at least until such time that conditions improve we will have to limit the amount for delivery so as to make them reach as far as possible.

We have a large number of back-orders to try and fill, along with taking care of present needs.

We appreciate the fine cooperation of our many customers and know that we can get along some way until such time that Presto-LOGS become more plentiful.

CAPT. WAYNE HAMPTON HOME SERVED 55 MONTHS IN ARMY

Capt. Wayne Hampton began his separation from service Sept. 24 at Ft. McArthur, Calif. and at present is discharging papers after 92 days of terminal leave. He arrived at Genesee Wednesday noon after visiting two weeks with his parents, Mr. and Mrs. F. B. Hampton at Los Angeles. Arriving at Ft. McArthur Sept. 22, he went to Los Angeles immediately to meet his parents for the first time since August, 1941. He was met in Lewiston Wednesday by Mrs. Raleigh Hampton.

ANDERSON DISCHARGED

Palmer Anderson, who came directly from Okinawa to the States, has received an honorable discharge, and arrived home this week at present visiting his brother, Ingie, and mother, Mrs. Mary Anderson.

LT. JOHNSON VISITOR HERE FLEW 101 MISSIONS IN ETO

Lt. Warner Johnson, who expected to be discharged this week, and who with his mother visited the latter's relatives here last Saturday, is a veteran pilot in the 12th Air Force, and had completed 101 missions when hit in the leg by flak over Strauburg, Germany, Nov. 25. He saw four years of service and joined the 12th Air Force in Africa, and then went to the Bristol Channel, Wales for invasion training with the 11th Port of Embarkation troops. The first contingent of the 11th POE was on Normandy Beach June 7, and Wayne landed at Vire-Ville, France, on July 7.

BERSHAW EXPECTED HOME

Jerome Bershaw, SK, who has been in the Fleet Disbursing office at Pearl Harbor, is expected home Thursday evening, according to word received by his wife. He was expected in Lewiston by train. His wife left Thursday afternoon for Lewiston.

There are so many long faces around here and remarks like, "Oh, I don't like school," or "isn't school getting tiresome," that it sounds like we need a good pap talk.

What's the matter kids? Is it the work? Maybe you're just in a rut. Do not resign to the fact that school is your estimation is "just plain terrible." It shouldn't be if you're taking the right amount of interest. Don't get interested in that dull old English and atoms and molecules seem like something you've dreamt about, don't blame your teachers and above all do not give up.

There are a lot of things to look forward to, like games, parties and dances. The situation isn't really so bad, is it? You know it can't be much worse.

Tell Tale Tattler

Well, well, I see the football team lost its first game. They did a good job though and I'm sure they'll do better next time. There were quite a number of cheers from good old Genesee, and there were also quite a few students in attendance. They even had to take a pickup truck so everyone would have a ride. The cheer leaders did some nice work, only the male seemed to get tired before many of

ROSENAU DISCHARGED

Lt. Gus Rosenau was granted separation papers from the army air corps at Ft. Douglas, and arrived at Genesee, Oct. 5. He was met in Grangeville by his wife, and almost immediately on arriving home he was at work at his father's ranch.

Lt. Rosenau was with the 12th Air Force and was overseas nine months. During that time he completed 63 missions as a B-25 pilot. He entered the service in July, 1942 and his terminal leave expires Oct. 17. Since returning to the States after his recuperative leave he has been at San Marcos, Texas.

BIELENBERG MOVES TO CAMP MOFFETT AT GREAT LAKES

Leonard Bielenberg at Great Lakes Naval Station writes: "Dear Peter: I have a little different address again, so will send it. I'm in the ship's company at Camp Moffett which is a WAVC camp for hospital appointments. The WAVES are to move out about October 20 and then this camp will be a separation center. I will be here 90 days unless they change their minds.

The liberty is good and it isn't nearly as crowded as some places. On liberty here the boys either go to Chicago or to Milwaukee, Wis. It is 40 miles to either city.

LANGE SHORTHORNS AVERAGE \$499 PER HEAD; TOPS IS \$1025

Sam Lange realized \$11,806 in the dispersal of his Shorthorn herd at Spokane last Friday when Frank A. Spoke, Priest River, owner of Kaniku Farm paid \$1,025 for Will-O-Way Lady, a long yearling red heifer of Sni-A-Bar Lady Rodes and sired by Edlynn Campan Mercury of the Sni-A-Bar Farm, owner of Illinois. Mr. Lange purchased animal in dam from the Sni-A-Bar Farms of Grain Valley, Mo. The animal was sold in the dispersal sale, went to W. J. Nixon of Bonners Ferry for \$800.

IT TAKES A GOOD FEED TO MAKE BIG TOP-GRADE EGGS

The best of hens will not produce a lot of big top-grade eggs unless they are fed plenty of the kind of feed they need for high egg production. A hen is like a factory that is turning raw materials into finished products. You must furnish her the raw materials in the feed you give her, and the value of what she produces depends upon the quality of the raw materials. We are supplying many poultry producers with a feed that is made from wholesome ingredients, carefully balanced to provide your hens with all the egg-making ingredients they need for high egg production. For plenty of big top-grade eggs, we suggest you use . . .

Autumn
Small gusts of wind the late rose petals at street level.
And nights are chill though pleasant days persist;
The dawn breaks slowly, unwrapped in soft, white mist,
While grass and shrubbery gemmed with diamond dew.
Now grapes take in their pearl and amethyst,
And apples mellow in the orchard top with diamond dew.
The leaves are falling; now and then a few fall softly, slowly, keeping early with sober autumn. O'er land and sea a languor born of full fruition his; The hills take on their golden tapers; Small flakelike white clouds gather in the skies,
Sure warning of the frost that soon shall be.
Though summer lingers still in love-liest guise.

ELMORE PETERSON

Mrs. Elmore Nelson and Clarence Peterson received word Monday evening of the death of their brother, Elmore Peterson, of Sacramento, Calif. Besides his sister and brother here, he is survived by another sister, Mrs. Max Scenecough of Greeley, Colo., and two brothers, Charles of Stockton, Calif., and Edwin, of Lewiston, and by his wife and two sons. The deceased is well known here having made his home near Genessee for a number of years.

Weather Broadcaster Found A white box containing broadcasting equipment, used in obtaining data on weather was found October 4 by Kenneth Aherin, and it has been returned by mail to the U. S. Weather Bureau in Spokane. This is the second such instrument found on the horizon ranch and almost in the same location. The balloon which bore the box was punctured, and it was reported that there was no parachute attached like some of the boxes which have been found locally.

DANCE TONIGHT Members of the Genessee Council, Knights of Columbus, are sponsoring a dance this evening, October 12, at the Firemen's hall, recently redecorated and renovated. Music will be supplied by the Hurlbert Orchestra. The event is to celebrate Columbus Day.

Altar Society The Altar Society of St. Mary's church was entertained Tuesday afternoon by Miss Edna Driscoll. Following the business meeting cards were distributed. Mrs. Martin Heffner, winner of high award and Mrs. Helen Sanford, the consolation. Miss Driscoll served luncheon at the close of play.

HEARS OF HUSBAND'S DEATH

Mrs. Alton Hassell Jr., who, with her little son and her mother-in-law, Alton Hassell, all of Spokane, had been visiting in the home of Mr. and Mrs. Wm. Heinrich the last two weeks, received the news Wednesday of the death of her husband on Okinawa. Alton Hassell Jr. was a chief pilot and was killed when two planes crashed in mid-air on September 12. The letter received from a chaplain, stated that 14 persons were killed. The mother of the deceased, his wife and little son left immediately for their homes in Spokane. Mr. and Mrs. Heinrich returned to their home here from southern Idaho where the latter had been making visits as grand chief of Pythian Sisters at various temples. Mrs. Heinrich left for Spokane Sunday to be with her sister, Mrs. Hassell, Sr., and other bereaved members of the family.

RECEIVE BRONZE STAR

Mrs. Ed Erickson, Clarkston, who was Genessee Monday, has received the Bronze Star Medal awarded to her son, Capt. Glenn Erickson, who was killed in action July 10, 1944, in Italy.

Community Ladies Aid The regular meeting of the Community Aid will be held Wednesday afternoon, Oct. 17, with Miss Edna Martinson as hostess. Each member is urged to be present to make final plans for the bazaar on Nov. 6. This meeting will be held at the church parlors.

Local News Enjoying a family dinner Sunday at the home of Mr. and Mrs. Leo Edwards were Mrs. Earl Johnson, Lt. Warner Johnson, Bozeman, Mont., and Mrs. Joe Sprenger and sons; Mr. and Mrs. Don Aherin, Mrs. Jerome Bershaw and daughter, Cheryl and Sally Edwards.

Mrs. Dick Zeimann and Mrs. J. M. Rabaud accompanied Mrs. H. J. Martinson to Spokane Wednesday. They returned home Thursday.

Mrs. Fred Magee was called to Canada Monday owing to the serious illness of her father, Mr. Magee took her far as Spokane.

Mrs. Elissa Flomer has sold her home she recently purchased from the Swanson estate to Mr. and Mrs. Flomer. Mrs. Flomer plans to spend a few months with her sister in Spokane.

The Valley Real Estate and Realty company, Mrs. Flomer plans to spend a few months with her sister in Spokane.

School's 23rd Psalm Mr. Chase is my teacher, I shall not flunk. He makes me to read dry history. He leadeth me through thrilling battles. He restoreth my intellect. He leadeth me in the paths of science for dear Hippocrates' sake. He prepareth an examination before me in view of my entrance. He read me the Bible. Surely I never shall follow me all the days of my life and I shall dwell in the insane asylum forever.

Eight Grade News Tuesday the eighth grade had a class meeting. The chosen blue and white for our colors and our flower is the white rose. We elected Colleen Dine and Linda Archibald as cheer leaders. We decorated the school on Wednesday evening at a place near the Knopes farm. Our class dues are 50 cents a semester and we have nearly \$15 already. We opened a savings account in the bank. Linda Archibald.

ART KLEMM DISCHARGED

Art Klemm was honored by the special edition at Prince Rupert, when he left for the States to get his discharge. We're sorry the entire issue cannot be reproduced as it is really interesting. His awards were as follows: Good Conduct Medal for assisting a whole unit to repulse to slay his C. O. Asiatic Pacific Medal for serving in Alaska, this being a large force of Japs in the north. The American Defense Medal for protecting Canada from the Japs when they really were on the border. His date of birth was Aug. 14, 1921, and his parents were his father and mother. Sept. 11, 1942, enlisted in the army. He was in the States for a three-year campaign to get out of the army. Sept. 25, 1942, sailed for Skagway, Alaska. May 21, 1943, married his long time sweetheart, the former Lillian Kingston. Feb. 19, 1945, daughter, Norma Jean, was born. He wanted to name her Karen Louise.

St. John's Lutheran Church 10 a. m., Sunday school. 11 a. m., Mission Festival Service. The Rev. Edward Wagner of Moscow, Wash., will be the festival speaker. There will be special music by St. John's choir.

A Fellowship dinner will be served in the church parlors after the morning service. All members and friends of St. John's are invited to stay and enjoy this fellowship meal.

The Brotherhood will hold its first fall meeting Sunday evening at 8 in the church parlors. We hope to have Rev. Wagner address the men at this time. The minute you get down to 150 pounds and looks as though nothing had happened.

"It was not so bad in the Japanese prison in China but when we were shifted to Japan it really became tough," Berg stated. "The Japs suffer from a pronounced inferiority complex and they are cruel to their own people as they were to us. We were fed two bowls of barley and millet and two buns for dinner and some watery soup for breakfast and supper. There was absolutely no seasoning, not even salt. They put all of us at hard work that was all able to work and one of these jobs was to fill box cars with rocks, haul them off a ways and dump them out. Then we would haul them back again. At times we worked in factories but as the bombing progressed there were fewer and fewer factories to work in. Of 1335 prisoners in that camp, 157 died, mostly from malnutrition.

"I shall never cease to marvel at what the human body can stand. Our bones just stuck out. The most important thing to keep up on me was the minute you let down mentally you are sunk. I think we were kept alive by hate. We developed a will to live just to show those bastards that we could take it. All of us got beat with clubs, sticks, bamboo canes, the flat sides of swords and anything handy.

"Resistance would have cost us our lives. I saw one fellow sock a Jap and knock him into the middle of next week. They nearly beat me to death. "Once the Japs decided that the Marines were too proud, they did not bow low enough and display proper humility. To fix that they picked out ten men for a beating and did they get it. The victims made a sporting event of it and kidded each other about the red welts they were getting. After 54 minutes of that they were reply raw beef—but they took it and lived. I don't know how. I was beaten a few times myself by both soldier guards and civilians. The proper technique is to keep them from getting mad. After a couple of blows they may stop but if they get tired they pour it on until they get tired.

"The Red Cross sent packages, and in the three and a half years I was a prisoner I got about two and a half packages. The Japs ate the rest. Some packages were available shortly before we were liberated. During all the time I was there no representative of a neutral foreign country ever visited our camp."

When asked if there was any hope to change the Japs and humanize them, Sgt. Berg said that free speech and free press might work wonders.

"What they need is to be in every home with someone broadcasting their truth for once. The people have been repressed and suppressed and abused and taught lies so long that they are what they are; and that is the lowest sum on earth."

"Have you become accustomed once again to good food and decent living and liberty?" he was asked. "No, I haven't," he replied. "I keep thinking this is a swell dream but soon I will wake up with the Japs prying me."

Sgt. Berg is 29 years old and has been in the Marines 10 years. He is to report to the hospital in Seattle in 45 days.

Attend Langdon Funeral Mr. and Mrs. Fred Shirrod, Mrs. Dora Fish, Mr. and Mrs. Chas. Ingie and Mr. and Mrs. Otto Schweina were in Clarkston Monday to attend funeral services for Alfred Langdon who died Saturday from a heart disease. The deceased at one time lived in the Genessee community and homesteaded the place now owned by Matt Kasper. He is survived by his wife, two daughters and four grandchildren.

Thanks for being Patient

There will come a day—soon, we hope—when we will be able to restore our famous pre-war service. Until then, we will continue to do our best to keep you happy because we both know "there's a Ford in your future." In the meantime, thanks for being patient.

SET, NORMAN BERG AT HOME JAP PRISONER SINCE DEC. 1941

Staff Sgt. Norman Berg, son of Mr. and Mrs. J. Berg, Prosser, Wn., is back home from a Japanese prison camp. The Berg family formerly lived at Genessee, and the following taken from the Prosser Record-Bulletin will be of interest to many here: September 2, 1945, will rank henceforth with July 4th in the life of Staff Sgt. Norman Berg, for that was the glorious day when he was released from a Japanese prison camp where he had languished for more than three years.

Sgt. Berg arrived home last Saturday (Sept. 29) having been flown back to his relatives as soon as he was able to make the trip. He was taken prisoner December 8, 1941 and at that time was a Marine radio operator stationed at Peiping, China. As a result of Jap treatment his weight dropped from 199 pounds to 150 but he has already regained 100 pounds and looks as though nothing had happened.

"It was not so bad in the Japanese prison in China but when we were shifted to Japan it really became tough," Berg stated. "The Japs suffer from a pronounced inferiority complex and they are cruel to their own people as they were to us. IT TAKES A GOOD FEED TO MAKE BIG TOP-GRADE EGGS

The best of hens will not produce a lot of big top-grade eggs unless they are fed plenty of the kind of feed they need for high egg production. A hen is like a factory that is turning raw materials into finished products. You must furnish her the raw materials in the feed you give her, and the value of what she produces depends upon the quality of the raw materials. We are supplying many poultry producers with a feed that is made to keep their flocks on a paying basis the year around. It is made from wholesome ingredients, carefully balanced to provide your hens with all the egg-making ingredients they need for high egg production. For plenty of big top-grade eggs, we suggest you use...

GENESSEE VALLEY NEWS

Our fine summer weather continued until Wednesday when we had showers that put a little nip to the air. Most of the fall work is done but a few farmers are still plowing for a good ground next spring. Big game hunting is enticing farmers to the hills. Four left this week and others are planning trips. Better watch your step—30 times as many civilians were killed and injured at home than were casualties on the four war fronts. This is National Safety Week and the public is urged to be more careful, so home will be where the heart is and not where the heart hurts. The War Fund drive is on and this will probably be the last one, so let's dig down once more and help the innocent victims of war who need it so badly. There could be no more worthy cause.

Sunday school Sunday. Oscar Hoesel and Palma Smith visited Sunday at Oscar Danielson's. Mr. and Mrs. Fred Hove are in Spokane from Wednesday until Saturday. Beverly Anderson was home Sunday. She likes college very much. Mrs. Delos Odenberg and small son, Charles Samson, returned from the Grizman hospital Sunday. Mrs. Lilly Larson entertained her Aid group Wednesday afternoon and they worked on articles for the bazaar next week.

Mrs. John Eikum had a coffee party Friday afternoon to celebrate her birthday. Guests were Mr. and Mrs. Leon Danielson and children, Mrs. Oscar Danielson and daughters, Mrs. Annie Danielson, Mrs. Victor Danielson, Mrs. John Luedke, Mrs. Harold Lee and Dorothy were evening callers. Mrs. Lilly Larson accompanied Oscar Nordby to Grangeville Sunday to visit at Ed Blume's. Mr. and Mrs. R. E. Nordby and Rev. and Mrs. Veldy attended the Lutheran Brotherhood convention in Spokane Sunday. The men attended the meetings and the ladies visited Misses Beukens and Rowena Nordby.

Rev. and Mr. Robert Rieke and baby visited Hugo Gehrke's Sunday evening and overnight. He preached at Walla Walla Sunday. Pete Lande spent Sunday at Nels Lande's. Mrs. Hattie Anderson stayed overnight Wednesday with Mrs. Dollie Peterson and attended the Hillman funeral Thursday. Mrs. Edith Driscoll and son and Mr. and Mrs. Fred Skogg of Moscow called at August Johnson's Sunday afternoon.

Mr. Ed Morken, Mr. and Mrs. Adrian Nelson and Pat, and Beverly Heinrich attended the Community Concert in Lewiston Monday evening. John Luedke, Oscar Danielson, Ed Morken and Elmo Larson took to the hills Monday after big game. Mrs. A. Anderson of Pullman spent the week end at August Johnson's. Mrs. Aubrey Anderson and son who came up from Boise for the Hillman funeral, accompanied her back to Pullman for a visit.

Mr. and Mrs. Chris Thompson and Miss Millie Rockne of Coeur d'Alene spent Thursday at Nordby's. Sunday evening supper guests at the Hugo Gehrke home were Mrs. George Scharnhorst of Clarkston, Mr. and Mrs. Ben Jutte, Mr. and Mrs. Martin Reeston and son, Mr. and Mrs. Gus Roseman and Stanley, Mr. and Mrs. Paul Parks and family and Rev. and Mrs. Robert Rieke and son. Lt. Gus Roseman has received his discharge from the army air corps and will continue his studies at the University.

On the day of their mother's funeral the children of Mrs. Hill learned of the death of their father in Japan on June 4, 1945. Mr. Hill was a civilian on Wake Island at the time of capture by the Japanese, and no word had come from him since that time until Tuesday. Vice Admiral B. Moreel wrote the following: "I regret that it is my duty to notify you of the death of your husband, Norman Lester Hill, who died on the island of Kyushu, Japan, on June 4, 1945. This information concerning the death of your husband has been given to the Pacific Island Employees Foundation, Inc., by recently liberated internees who were formerly employed by contractors at the Pacific naval air base on Wake Island. The report further states: "Your husband was buried near Sasebo on the island of Kyushu."

The letter also contained the following: "The knowledge that your husband was doing his part for defense of this nation should console you in your bereavement. I extend my sincere sympathy to you." Mrs. Hill passed away, not knowing of the death of her husband.

Let me tightly seal before it pass. This precious hour, of peace, alas, Can wither quickly in the grass, If not preserved.
So Lord, stand by when days are drear,
My spirit limp or taunt with fear,
That I may reach a shelf quite near,
And sample then a jar of cheer
That I've reserved.

IT TAKES A GOOD FEED TO MAKE BIG TOP-GRADE EGGS

The best of hens will not produce a lot of big top-grade eggs unless they are fed plenty of the kind of feed that is made for high egg production. A hen is like a factory that is turning raw materials into finished products. You must furnish her the raw materials in the feed you give her, and the value of what she produces depends upon the quality of the raw materials. We are supplying many poultry producers with a feed that is made to keep their flocks on a paying basis the year around. It is made from wholesome ingredients, carefully balanced to provide your hens with all the egg-making ingredients they need for high egg production. For plenty of big top-grade eggs, we suggest you use...

To the People of this Community
 Thanksgiving is in the air. The spirit of the Good Provider hugs you warmly. What better time or reason to buy another extra Victory Bond. The good provider of the future? As you sit around the festive table this year, think of the year of world peace since 1939, remember the millions of men and women still in uniform in strange lands. In Germany about 2,500,000 Americans will be separated on this family holiday from fathers, mothers, brothers, sisters, wives, sweethearts and children. Every extra Victory Bond is a link between home and the Tokyo or Berlin camps.

There's self-interest in your purchase of any extra bond today but there's service to your country too. You have much to gain by ownership of as many Victory Bonds as you can possibly buy. You guarantee yourself a better chance for personal peace and prosperity. You also help your government to pay the war costs and return home of men and women who will be badly missed Thanksgiving Day in your own home and your neighbor's home.

Special comment is due Pauline Broemeling and Patricia Esser for excellent conduct. To Betty Schramm, Elizabeth and Jerome Kamitsch and Patricia Esser for superior work in health class the first six weeks.

Grade seven found the reading of "Resolute" quite amusing. The eighth grade enjoyed spending their literature period with Ichabod Crane, Brown Bones and Katrina in the Legend of Sleepy Hollow.

Ann Sweeney, Norma Jean Kinzer and Joan Kraut scored highest in their respective grades in their recent achievement tests.

Even though the girls have not succeeded in scoring for a net recovery, nevertheless they have enjoyed many an exciting game with their new volleyball ball.

His Excellency, the Right Reverend Edward J. Kelly, D. D., surprised the teachers and pupils with a most welcome visit October 17.

Pupils of the intermediate grades deserve special mention for their earnestness in their work during the past two months. Particular interest has been shown in spelling, arithmetic and geography. They are proud of having made a map of the United States 36 by 52 inches.

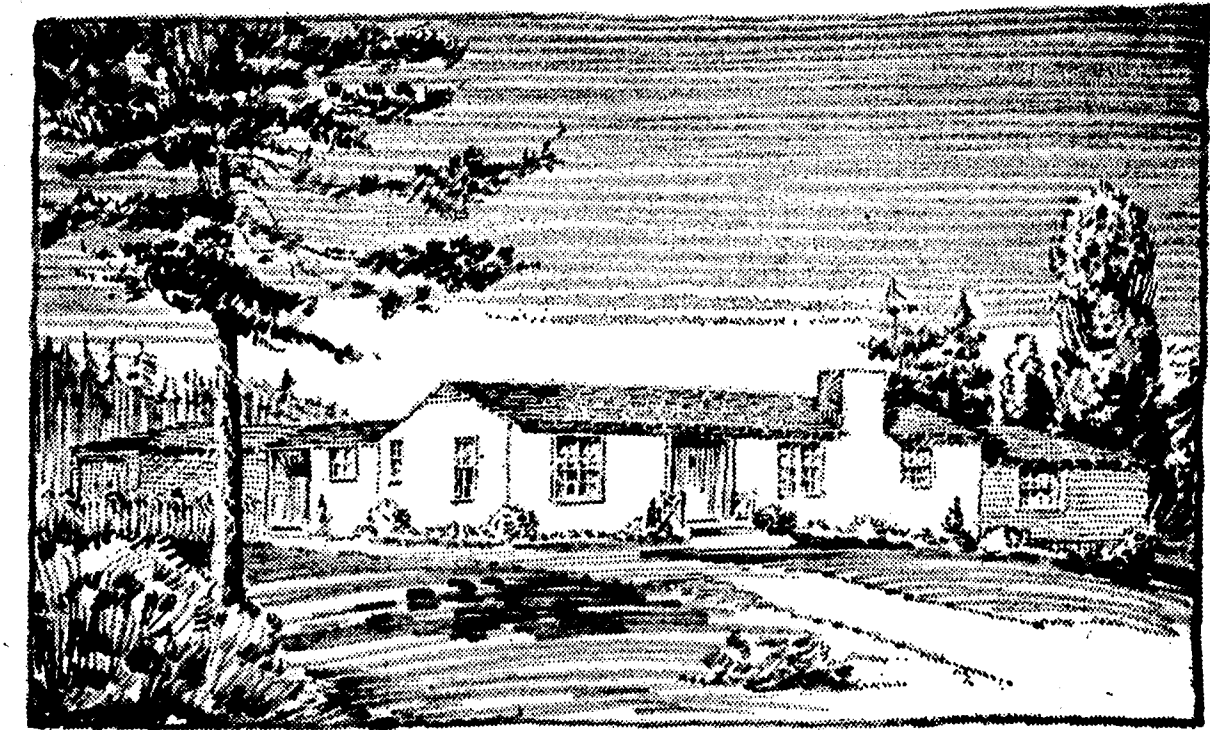

Pupils who received 100 per cent scores on the first six weeks report are: Grade 6, Wayne Baumgartner, John Balduz, Foggy Taylor, Dolores Bienenberg, Norma Jean Kinzer, Kathleen Schlueter, Mary Esser, Grade 5, Joyce Haggar, Mrs. Dolores Bienenberg, Gary Krier, Nancy Rabdan.

The second and third grade pupils are working on their spelling words for eight lessons. They love to compose small sentences, using their spelling words.

Great interest is shown in the phonics drills the first period in the morning. These two grades have also completed their first art booklets on "Creation."

It is a pleasure to note that the little first graders graduated out of their first little red books. To prove that they could do this, they visited the seventh and eighth grade classroom. This first effort was acknowledged by a general applause from the listeners. After listening to these little folks read, some upper grade children remarked, "That's better than we can do."

Lettenmaier Come and Gene Ewald Lettenmaier, home from overseas and ordered to Santa Ana, Calif., and a transfer to the air corps. He had asked for an extension of his 30-day furlough after returning from Italy, but it was not granted.

Will Your HOME OF TOMORROW Be Western Ranchhouse?

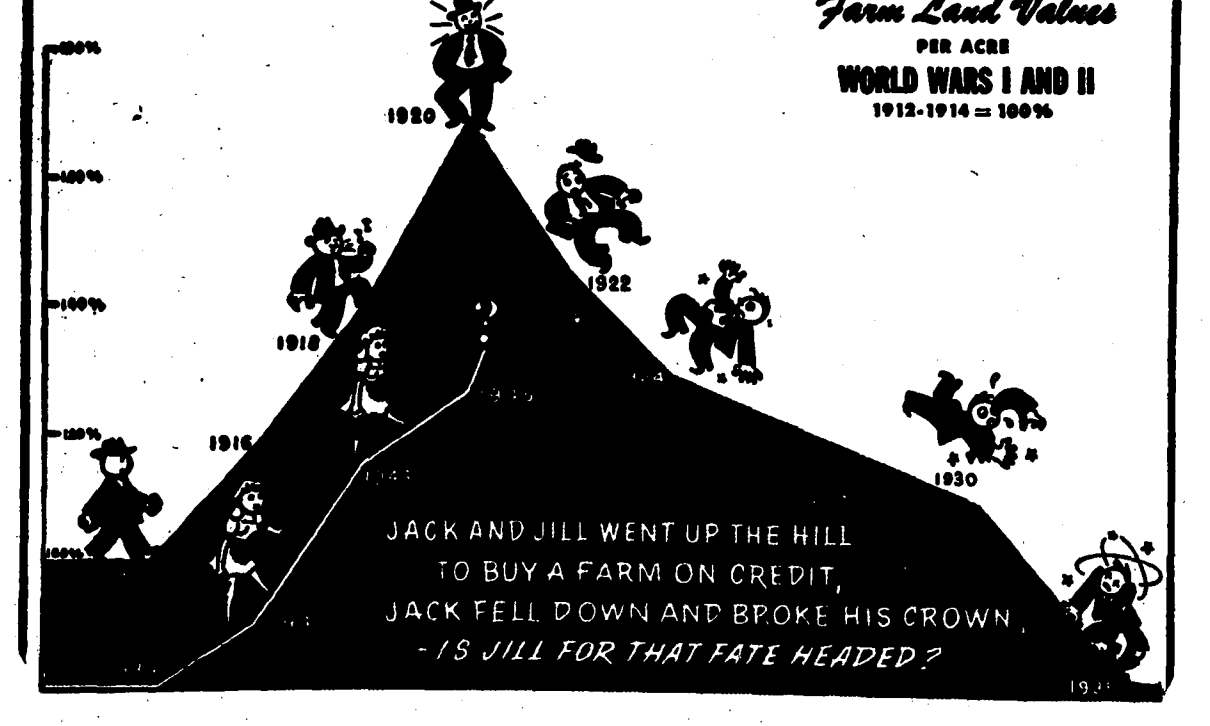

Probably the greatest contribution of the West to American home architecture is the Western Ranchhouse. Adaptable to any desired size or landscape, its simple, modern lines have lasting charm.

When you plan YOUR post-war home, make it an all-electric home of tomorrow! Consider, for example, the new lamps: indirect and fluorescent lighting—germ-killing, health-giving rays—softly illuminated stair risers—invisible light rays that cause painted walls to glow with soft and varied beauty—the electric eye to serve and protect you in many ways.

Too, you will wish television, and sound recordings on wire—push-button laundry—air conditioning—quick-freezing and food-storage units... Rapid scientific advance and Washington Water Power's low rates make all these possible for YOUR home of tomorrow!

Washington Water Power pioneered electric cooling, automatic electric water heating, electric refrigeration in inland Empire homes of today... and Water Power will pioneer new electrical conveniences for your home of tomorrow!

Look to THE WASHINGTON WATER POWER CO. For Post War Electrical Living

There is more truth than poetry in that little verse... in World War I many farm borrowers 'went up the hill' and obtained loans based on war-inflated prices. You know what happened when those prices fell after 1920!

Today, a growing number of borrowers and lenders are going 'up the hill' again... getting loans which can be carried only if war production and prices are maintained long after the fighting stops. History and common sense tell you that can't be done.

Don't misunderstand us... buy yourself a farm if you wish... pay what you think it is worth to you. But, for your own peace of mind and future security, be sure that your loan will be within your means when money may come harder than it does now!

To the People of this Community
 You've celebrated V-E Day and you're buying extra bonds to equip our boys and girls fighting overseas. You're leading a "V" campaign at home. The record of our fighting men and women speaks for itself in this report to you by Ted R. Gamble, National Director of the Treasury's War Finance Division. Says he: "Americans invested in war bonds two-thirds of every extra dollar of war wages above the cost of living."

The extra Victory Bonds you buy today are the most important bonds you have ever owned because they help to preserve the gains you have scored on the home front. Hold the war bonds you own. Buy extra Victory Bonds. That's self-interest. It's also your country's interest. Don't fritter away the job you did for yourself in seven previous war bond drives (Victory over Inflation Day is today and every day you buy more and more Victory Bonds).

Mr. and Mrs. Cloud Sisty and daughters, accompanied by Misses Dorothy, Ruby and Ruth Anderson, from Lewiston, returned to Harrison Saturday for a visit until Sunday evening with Mr. and Mrs. George Anderson and son, Kenneth.

Sunday afternoon visitors of Mr. and Mrs. Adrian Nelson were Mr. and Mrs. Harry Duncan of Farmington, Wash.

M. L. Ballard AMM1 arrived on Wednesday for a two weeks visit with his wife, Mrs. Marion Holben and family. He is on delayed orders from Kearney Field, near San Diego, to Farmington, Idaho.

Mrs. Merle Roberts who underwent an operation for appendicitis two weeks ago at St. Joseph's hospital in Lewiston, is convalescing at the home of her parents, Mr. and Mrs. T. S. Gooch, in Clarkston, and plans to return home Sunday.

Mr. and Mrs. W. W. Burr have been called to Portland by the critical illness of the former's brother, Roy Burr.

Arriving Wednesday for a visit in the home of Mr. and Mrs. Cloud Sisty and daughters were Mrs. Sisty's mother, Mrs. Jennie Sisty of Spokane, and his twin brother, Cloud Sisty, who has been recently discharged from the army air corps. He was stationed near Dover, Delaware.

Mrs. Fred Magee returned Saturday from Carlyle, Sask., Canada, where she was called two weeks ago due to the illness of her father, C. W. Stockton. She left her father much improved in health. She was met in Spokane by her husband, who had accompanied Mr. and Mrs. Martin Liberg to the city where the men attended a Farmers Union meeting. Mrs. Liberg visited her daughter, Mrs. Norma Jean Liberg, while in Spokane.

Prestolog Shortage
 We have been forced to announce that our Presto-Log allotment has been drastically cut, and for the balance of the winter, or at least until such time that conditions improve we will have to limit the amount for delivery so as to make them reach as far as possible.

We have a large number of back-orders to try and fill, along with taking care of present needs. We appreciate the fine cooperation of our many customers and know that we can get along some way until such time that Presto-LOGS become more plentiful.

EIGHTH WAR LOAN

The Eighth War Loan or the Victory Loan drive is getting under way all over the nation, and this is the final appeal for everyone to line up their dollars to finish the war and maintain armistice of occupation, that the security which they might win for all of us will not be lost in another 25 or 30 years.

First of all, we should undoubtedly remember the men who are in hospitals and the rehabilitation of our millions who offered everything they possessed that they might return as civilians and enjoy with us, the fruits of peace.

Quite a few people are naturally looking for investment outlets, and the United States offers one of the best investments ever placed on such and every investor. In this drive the Series E Bonds, designed especially for the smaller investor, are being pushed, and they offer a wonderful opportunity. It is the hope of persons who desire to see the prosperity of the nation continue, that foolish investments will not soak up a great part of the earnings of the American people.

Any combat article of and description, used shells for any type of gun, helmet, the shovel used in digging for holes, in brief, any instrument used in war or obtained in other countries. Pictures: Postcards, kodak pictures, posters, or anything else of a pictorial character. Copies of the original paper having interesting titles. Money, whether paper or metal, obtained in different countries, articles of clothing, especially caps or an army suit. Anything else that would be of interest to students or the general public will be most gratefully received and appreciated. The name of the contributor should be given.

Quite a few people will be playing the other man's game if he chooses some investments, but if he buys the War Bonds issued by our government he is taking no chances.

You are urged to buy bonds in the campaign now. Consult your banker or your postmaster about the various issues and the numerous denominations. Buy with safety—buy U. S. War Bonds—Victory Bonds.

Mervyn Member of Appeals Board Lewiston Tribune—Notification of the appointment of William H. Mervyn as the new member of the selective service board of appeals No. 1, replacing Mark Mervyn, who resigned here yesterday afternoon by Harry W. Christy, chairman of board No. 1. The telegraphic communication came from Lt. Col. Norman B. Atkinson, executive officer of the state board of appeals, and said that the appointment had been approved by national headquarters on appointment order No. 166, dated October 19.

COOKIES FOR SERVICEMEN

Anyone wishing to make cookies for the Lutheran Service Center in Spokane may obtain sugar from Mrs. Ed Morken or Mrs. Victor Danielson. The cookies are to be left at the Parish hall on November 1, or you may notify the committee.

BUY U. S. WAR BONDS NOW!

"LEST WE FORGET"

One thousand six hundred young men of the Service county have gone into the war. Three hundred of them have been listed as casualties. How many more have been crippled or maimed for life is known only to the museum committee which endeavor to arrange for delivery of items to the museum.

DRESHER DISCHARGED

Dewey Dresher has been honorably discharged from the U. S. Coast Guard, and is now living at Cannon Beach, Ore., where he was stationed for quite some time. Dewey sends two bucks for The Genesee News, which he will receive as a civilian. In his brief note he wrote, 'I want to thank you and the American Legion for sending me the News. I certainly appreciate it.'

Calkins' ROTARY SUBSOILER EROSION ELIMINATOR

In keeping with the Calkins' policy of building "Better Tools— for Better Farming," we are happy to announce the development of a new and better Rotary Subsoiler...

The new principle causes the rotary blades or "spades" to be thrust more readily into the ground, giving deeper, easier penetration...

Actual tests have proved the practicability of this machine. The plow pan is broken, the earth is fractured and loosened...

GENESEE WINS FROM TROY BULLDOGS TAKE TO THE AIR

Gene See Bulldogs and the Trojans from Troy matched each other during the first quarter of the football game here last Friday afternoon when each team took possession of the ball on the kick. Both Trojans and Bulldogs, marched up the field for touchdowns. Gene See used power and passes for their touchdown attack, with Springer taking a pass in the end zone from Liberg. Troy punted football for their first and only score, and then drove through the line for an extra point. Liberg, for Gene See, saw his kick for the extra point go low. Gene See's second touchdown came on a pass from Liberg to Bennett in the end zone, and the same play was employed for the extra point. The two squads battled through a scoreless second half. The score 13 to 7.

Troy won the toss and defended the east end kicking to Gene See. Eglund received on his own 20 and ran back to the 40. Eglund made 5 yards into the Liberg drove for 2 yards and Moser skirted right end for 5 yards. Springer on an end around picked up 5 yards. Johnson hit the line for 4 yards and Eglund made it a first down on the Troy 30 yard line. Eglund fumbled and recovered with a 1 yard loss. A pass went incomplete and Springer, on an end around, ran 11 yards for a first down. Liberg made 5 yards around right end and Springer came around from his position to scamper 14 yards to Moser for 7 yards and Eglund hit the line for 3 yards. Liberg went into the line, stopping on the Troy 4 yard line, and then the fumble to the 30 yard line. The kick for the extra point was low. Gene See kicked to Troy, with Eglund booting to the goal line. Troy returned to their 36 yard line. Troy tried right end for a yard being stopped by Bennett. A play into the line was good for 7 yards and a right end run around the Troy 50 yard line and a first down. Troy hit the line for 3 yards and fumbled and then recovered. The big back for Troy hit the line and was being stopped by the Gene See 38 yard line and a first down. Troy went right straight ahead for 13 yards, and the runner was nearly away when hauled down by Springer from behind. Troy hit the line for 3 yards and then went left tackle for 6 yards. Gene See was offside to give the Trojans a first down. Troy was stopped dead by the Gene See forward wall. Emerson was on the bottom when the next Troy play into the line was stopped, and then on the next play Troy crashed over for a touchdown. The extra point was made by rushing. Troy kicked to Gene See on his own 20 and running it back to the Gene See 48 yard line. Gene See left a "sleeper" on the north sideline and Liberg passed to Peterson, the sleeper, but luck was against him. Eglund dove off left tackle for 5 yards. A pass from Liberg to Springer fell incomplete, and then Eglund kicked to the Troy 10 yard line. Troy fumbled but recovered. Troy passed for 30 yards and a first down. Troy hit right tackle for a yard with Sackett making the stop. Emerson broke up a second smash into the line again, and Liberg stopped Troy in a left end run. Troy kicked to Gene See where the ball was taken on the 25 yard line. Liberg circled left end for 11 yards and then ran the ball back into the line. Liberg tried the right end of his line and made ten more yards and a first down. Liberg gained 6 yards on an end around. A pass was knocked down. Liberg made a yard around right end then kicked over the Troy goal line. Troy took the ball on their own 20 yard line. A line play was good for 3 yards with Helmgartner making a nice tackle. Lee stopped the next play with Liberg for 4 yards. Troy passed but Eglund intercepted on the Troy 35 yard line and ran to the Troy 12, minus his helmet and after being hit by Bennett. Gene See sent Springer around end for 6 yards, and on the next play Bennett was in the end zone to gather in a pass from Liberg for a touch down. The extra point was by passing. Liberg to Bennett. Troy received Eglund's kick in the end zone and came out to the 6 yard line as the first play.

Charles Hasfurth, who has spent a long time in the European Theatre, and moved through France and into Germany as a communications man for an artillery unit, arrived home Friday evening to surprise his parents, Mr. and Mrs. Andrew Hasfurth. He has received an honorable discharge from the army.

Fred Morscheck Jr. who arrived home Sunday a week ago on leave for 15 days, received a telegram Thursday evening of last week advising that the most damaged city he saw in Germany, but in Belgium he saw the ruins of Aachen, Liege and a number of other places. He was in Liege several times and witnessed the manage of the German robots and V12 bombs. While at Verviers, Belgium, he said those flying bombs traveled overhead all the time, and the men referred to the area as "Buzz Bomb Alley."

Germany is settling down as best the people may under conditions with some trouble being caused by the Hitler youth, said Lester, but the older people realize their position, and seem willing to cooperate. All the people are under drastic rationing, with food none to plentiful. He remarked that nearly all towns, however small, had some sort of manufacturing, and with the factories not operating there is little labor for men other than reconstruction.

Art Taylor has written his parents, Mr. and Mrs. Dick Taylor, that he was prepared to leave Europe on October 19 for the States. No further word has been received, and naturally it is believed that he will soon be home, and perhaps draw a discharge as he has sufficient points.

Verne Grieser, who recently completed basic infantry training at Camp Roberts, is now home on a 17-day furlough to visit his parents, Mr. and Mrs. Carl Grieser. Verne took a couple of weeks in training as the result of illness, but is enjoying very good and really enjoying his sojourn at home.

LESTER INGLE DISCHARGED AFTER DUTY IN 2 THEATRES. Lester Ingle, who entered the service May 6, 1941, and received his honorable discharge October 20 at Ft. Douglas, and now at the home of his father, Tom Ingle, in Lewiston, has served in the American Theatre of the Pacific and in the European Theatre. He left Gena, Germany, October 1 and came to the United States by way of Antwerp, Belgium.

INGLE WAS IN THE Northwest Territory for 16 months, going north for duty with the invasion through the States in June, 1943 where he was transferred to a combat engineer battalion, the 23rd Engineers, and in June of 1944 landed on Utah Beach for the invasion of Normandy. He was with his outfit through St. Lo and during the fighting into Belgium after passing through the Ardennes Forest. During the fighting prior to the disastrous Belgian Bulge the 61st Combat Engineers had progressed to Aachen but were halted southwest when the German army advanced and then broke through. Several times Lester's outfit came in contact with the enemy. When they pressed westward, Demolition was part of the work of the 61st, and often the battalion was forced to fight as infantry. The 61st was equipped with 307 tons of combat duty. After the Bulge matter had been taken care of Lester moved eastward with his outfit and crossed the Rhine at Bonn, where they completed construction of a floating Bailey bridge. Used as corps troops during action in France, Belgium and Germany, the 61st Combat Engineers were attached to the 79th Division, then in the Third Army, and with the 94th Division of the First Army. The outfit, after crossing the Rhine struck a course northeast across Germany, and ended up at Gena.

Lester is authorized to wear the American Theatre Ribbon, the Pre-war Harbor ribbon and the European Theatre ribbon with five stars. The engagements were: Normandy, Ardennes, Rhine, North France and Central Europe. Being with a combat engineer battalion Lester saw a lot of the damage which was wrought by bombs and shells. He believed that Neurenberg was the most damaged city he saw in Germany, but in Belgium he saw the ruins of Aachen, Liege and a number of other places. He was in Liege several times and witnessed the manage of the German robots and V12 bombs. While at Verviers, Belgium, he said those flying bombs traveled overhead all the time, and the men referred to the area as "Buzz Bomb Alley."

ARMISTICE DAY DINNER. Bielenberg-Schooler Post, American Legion will be host at a turkey dinner for all service men and women of all wars, members of the Legion and auxiliary families, and the wives of service men, at the K. of P. hall Monday evening, November 12, at 6:30 o'clock.

The committee has prepared invitations to be sent to all service men and women, and the list includes as many returned veterans as are known to the committee to be home. It is hoped that no one will be missed but if no invitation is received by those above mentioned the Legion sincerely wishes that those missed will feel welcome to come, as they are most cordially invited.

This is the only Armistice Day activity of the Legion, but the Firemen are sponsoring a public dance on Friday, the 10th inst. at the Bielenberg-Schooler Post, with music by Hubert's orchestra.

Mrs. O. V. Johnson and Mrs. Martin Liberg spent Wednesday afternoon at home making the result of their work was 107 cans, mostly of chicken, chicken soup and pork and beans.

First Quarter Honor Roll. Following are students who qualified for high honors: Yvonne Elton, Elaine Simons and Gladys Taufen.

Mrs. and Mrs. John Krier received a telegram Monday from their son, Orlan Maurice Krier, stating that he had arrived in the United States from Germany and expected to board a plane for Seattle to see his wife and child.

Following a 30-day leave at home, Jerome Bershaw left last Thursday for San Diego to report for further duty with the navy. He is a storekeeper, recently returned from Pearl Harbor, and expects stateside duty until discharged. He was accompanied as far as Lewiston by his wife and daughter, Cheryl Ann, and by Leo Edwards.

Mrs. Ronald Huffman received a telegram Wednesday from her husband telling of his arrival in the States from Germany. His wife was sent from Camp Kilmer and Ron stated he would be leaving that day for Fort Douglas, and would telephone her from there as to time of arrival in Genesee.

NEW MODEL ♦ NEW PRINCIPLE

Calkins' ROTARY SUBSOILER EROSION ELIMINATOR

In keeping with the Calkins' policy of building "Better Tools— for Better Farming," we are happy to announce the development of a new and better Rotary Subsoiler. Starting with the original Rotary Subsoiler which met with much widespread approval, we have constantly sought improvements and refinements. The results of this research and experimentation is the new Calkins' Rotary Subsoiler, developed mechanically on a new engineering principle.

The new principle causes the rotary blades or "spuds" to be thrust more readily into the ground, giving deeper, easier penetration—causing a more effective fracture of the subsoil with less additional weight and power loss.

For the continuation of maximum crop production, it is vital that soil erosion or runoff, with its inherent plant food loss, be eliminated. The best method yet devised is the use of the new Calkins' Rotary Subsoiler in the fall prior to the heavy rains and snow to hold the moisture and plant food in the spring. It may be used over planted crops as well as stubble and summer fallow.

Actual tests have proved the practicality of this machine. The plow pan is broken, the earth is fractured and loosened permitting the retention of the water and plant food in the ground. This is necessary because the soil has lost its original spongy texture from the lack of humus due to continued cropping. In many instances runoff even occurs on comparatively level ground. By using the new Calkins' Subsoiler, you will eliminate erosion and grow better crops.

Transport wheels may or may not be desirable on your Rotary Subsoiler. This depends upon how far you must move it and where. You may order your Rotary Subsoiler with or without wheels. They are available as extra equipment.

GENESSEE VALLEY NEWS

The weather man sent us a surprise snow storm Tuesday afternoon and evening with cars finding travel on the highway hazardous. The work is completed. Well-stocked larders and fuel bins filled will make an easy winter for Valley folks. Would that all the people in the world could be so fortunate. Sunday is Armistice Day, and we need to pause and think of the mistakes that we made in not keeping the peace. Are we making the same mistake again? There is so much unrest and so much vicious propaganda at work, it is hard to know how much we have gained or lost since the first Armistice Day in 1918. God grant us a permanent peace this time.

Peace Through His Cross There is no easy road to peace, there is a hill to be climbed, Now that the din and tumult cease— And O, my comrades, now is the time To start on the upward, tortuous way That Christ himself trod that weary day.

The peace of the world cannot be won After the agony and grief and loss, Unless we share with God's own Son The significance of the lifted cross; Unless we, too, sacrifice and give Of ourselves that our fellowmen may live.

The only peace that will long endure Is there at the feet of One crucified; Our only permanent, lasting cure Lies through His cross, where side by side

The stricken nations of earth will fall To proclaim Him the leader of us all. —Grace Noll Crowell.

Party for Brother Mr. and Mrs. Brown Emerson entertained at a birthday dinner Tuesday evening in honor of her brother, Herbert D. Smith. Guests included his little daughter, Charlotte Virginia Smith, Mr. and Mrs. Elton B. Smith and daughter, Genevieve, and Larry, Marvin and Dennis Emerson.

worth keeping

A Rainbow trout, 14 inches of fighting fury from a rushing mountain stream, is a worthy trophy... It took skill and "know-how," hard work and a willingness to get off the beaten path, to land that trout... You bet it's WORTH KEEPING!

It took a willingness to pioneer, over fifty years of hard work, and plenty of skill and "know-how" for The Washington Water Power Company to develop for your service the dependable, low cost electric light and power you now enjoy... Washington Water Power's rates are among the lowest in the nation—it serves you and your community efficiently, courteously, reliably... This, too, is WORTH KEEPING!

"BEST JOB IN THE WORLD"

These special privileges are typical of the new law recently passed by Congress. Few opportunities for a lifetime career offer so many attractive advantages.

Can you think of any other job that would give you good pay, your food, clothing, quarters, free medical and dental care, world-wide travel, 30 days' furlough every year, education and training in any of nearly 300 skills or trades, and enable you to retire with a life income any time after 30 years' service? There isn't any! That's why a job in the Regular Army has been called "The Best Job in the World."

ENLISTED MEN	Starting Base Pay	MONTHLY INCOME AFTER:

To the People of this Community
"For the last time, America, buy extra bonds."
They finished their job. Let's finish ours. The job of saving has been dimmed into your mind at work, at play and at home by a mighty barrage of advertising and promotional devices. How well you have responded only you can truly answer. The drive to buy extra bonds, revealed your record. Your future personal well-being is now more important than ever. Buy extra Victory Bonds you have purchased. But is your bond buying job done even if you have gone the limit of your present income and resources? The job of investing your savings wisely is never finished. Thrift is just as vital in peace as in war. Keep buying your government's savings bonds.

WINTER HITS THE PALOUSE WITH NEAR-ZERO WEATHER
When winter comes many people begin thinking about their summer wages, but everyone gave a thought to winter on Wednesday night when the thermometer dropped to about 15 degrees above. Then came snow Tuesday, which continued until Wednesday night, and Thursday morning reports of 12 degrees above zero were heard in the Genesee area. A three-inch blanket of snow now covers the ground, and while there was a noticeable rise in temperature Thursday, it appears that winter has arrived as of November 6. Highways and streets were ice covered Wednesday night, with driving being a trifle dangerous.
The fall season, one of the most pleasant in the Palouse for years, at least in terms of weather, is now over. The season, with the exception of plowing, and had the weather remained warm and dry some may have plowed right through until the spring season opened. All potato fields are harvested, none too soon to escape the cold weather and snow. Harry Scholer wound up operations Sunday and Ray Edwards finished Monday.
Highways are going into the winter in good condition, and the Genesee area is well prepared for the winter. Fall seeded grains are looking good, and while some feared extreme growth for the earliest seed-crop, farmers seem to have taken precautions to retard growth sufficiently to avoid damage, and with the snow covering the ground should be protected against any sudden and extreme drop in temperatures.

IT TAKES A GOOD FEED TO MAKE BIG TOP-GRADE EGGS
The best of hens will not produce a lot of big top-grade eggs unless they are fed plenty of the kind of feed they need for high egg production. A hen is like a factory that is turning raw materials into finished products. SAILORS SEEING THE U. S.
Two real veterans of the war, and both sailors, made a Genesee a visit for a few days. They are Art Derjog and Art Baker, Oregon, with four years and seven months service, and Clinton Bailey MM2/c, Hutchinson, Kansas, with five years and 10 days of service. The two boys, 21 and 24 years of age, were on board the USS St. Mihel, a transport. Their mutual friend and mate, Russell Bradford, lives at Coeur d'Alene, and living on promotion, they all met in Coeur d'Alene. Derrick and Bailey were heading south, but owing to the motor stage tie-up they were hitch-hiking. They found Genesee to their liking and even picked up potatoes for a day or two.
Both are disabled veterans, having been wounded at Attu. Derrick has the American battle ribbon, the Asiatic-Pacific ribbon, Purple Heart, Pre-Prepared Harbor ribbon and two citations for meritorious service, and Bailey has the Asiatic-Pacific ribbon, Purple Heart, Purple Heart ribbon and two citations for meritorious service, and Bailey has the same except the two citations, but he has a bronze star for heroism.
Bailey has a pair of educated hands that tie knots faster than the eye can see. The knots he can tie are not only simple ones but also the more difficult ones. He has a hobby with him since it's a small boy, and his buddy says, "He's the fastest in the world." One knot he does not know, the square knot, but he says he will learn it. They have seen all the foreign country they are going to see in the United States. Both boys are on compensation, but they expect to take up civilian work when they finish traveling.

Visitor at Lande Home
Sgt. Oscar Quinlan, recently discharged at Minneapolis, Minn., came Monday to visit a few days with Mr. and Mrs. Nels Lande and Erling Lande. He was with the 54th Amphibious Engineers, with active duty in the South Pacific and in the Philippine Liberation. He came to the United States several months ago for hospitalization, and is now waiting until passage is available to return to his home at Sjoholt, Norway, which was also the home of Nels Lande. The Lande and Quinlan families are intimately acquainted, and through relatives they have learned about their families since the liberation of Norway. Mr. and Mrs. Lande were in Norway, and at Sjoholt in 1938, arriving just about the time that Opal was leaving for the United States. He had been in the States and was home on a visit, and after returning to America he went to Alaska to be employed, and while there entered the service.

ATTEND COUNTY C. OF C.
Supt. Kenneth Dean and Ed Morken, president and secretary, respectively, of the Latah County Chamber of Commerce, were in Moscow Tuesday evening for a meeting of the organization. Present from Genesee were Fred Magee, R. E. Emmett, and R. E. Norbury.
Chester Fanger, Bowll, was elected president of the chamber of commerce of the county to succeed Kenneth Dean, and George Brocke of Troy was named vice president, and they will name a secretary.
The meeting Tuesday was for organization and beginning the first of 15 regular meetings will be held once a month. The January 15 meeting will be held at various times in the county. Yearly dues will be \$1.00 and all dues are to be paid in advance. The organization has a resolution passed at the meeting in Moscow Tuesday evening urging the passage of a senate bill providing for the conservation of water, and protection of local government may acquire surplus water material and equipment for conservation uses.

VERNE LANGE AT HOME
Verne (Buddy) Lange, naval air corps pilot, who has been at Vernonia, Ore., for several weeks, arrived home Monday noon and is now on inactive status in the navy. He is returning from California on his way to his home here to obtain his naval separation papers, and while there visited his mother, Mrs. Bonnie Lange, of the SPARS.

LOWER RATES FOR STREET LIGHTS PROMISED BY W. W. P.
A drastic reduction in the electric rates governing street and ornamental curb lighting in towns served by the Washington Electric Power company was announced recently by J. E. Royer, vice president and general manager, who stated that the new rate schedule is now filed in Olympia with the department of public service.
Modernization of street lighting systems and other material advantages to all towns served by the company in the Inland Empire are made possible by the new schedule. It is estimated that the installation of new lights of modern design in these communities will cost the Washington Electric Power company more than \$500,000.
"We are realizing a program considered over a number of years," said Mr. Royer, "but which has been practical during the war. It has been our purpose to find some way which would be economical for towns and communities to improve lighting for street and traffic safety."
While the overall improvement involving some 2000 additional lights of modern design is ready for submission to the state, a complete study of local lighting changes will obviously be based on the needs of the community. The study will be in consultation with city officials in the various towns, Mr. Royer said.
The new rate will give many towns a reduction in street lighting bills. More important, it is that towns using small and inefficient lamps ranging from 75 to 100 watt lamps, and equipment will be measurably modernized. The new proposed rate provides for the use of modern and directing equipment and lamps of sufficient size, 2000 lamps or larger, and for the use of modern equipment. It will make available to many communities at little or no additional cost the use of modern and directing equipment and lamps of sufficient size, may, for a total increased cost of from \$8 to \$10 per month, have 170 lamps replaced with modern lamps of greater efficiency in modern equipment.
Another community, now using 110 street lamps with fair proportion of larger sizes, may have its street lighting bill reduced about \$15 per month and the same amount of the inadequate lamps replaced with 2500 lamp-lamps in modernized equipment without additional cost.
A rate for industrial purposes available to larger manufacturing enterprises will be available to all large industrial and commercial establishments in the county, regardless of location.
"Under this proposed rate," said Mr. Royer, "there will be no commercial establishment in any area served by the company and using 75 watt lamps which will have to pay the same rates now applied to the Spokane area. The total reduction in rates will be about \$250 per month, and the investment in modern industrial and commercial accounts served by the system of approximately \$500,000.
"It is our hope," said Mr. Royer, "in making this new rate, to contribute something toward traffic safety and the conservation of water. The same rates now applied to the Spokane area. The total reduction in rates will be about \$250 per month, and the investment in modern industrial and commercial accounts served by the system of approximately \$500,000."
Attend Anniversary Party
Those from Genesee who attended the 24th wedding anniversary surprise party for Mr. and Mrs. Tom Kimberling in Moscow Sunday were Mr. and Mrs. August Johnson, Mr. and Mrs. O. V. Johnson and son, Donald, Mr. and Mrs. George Johnson, Mr. and Mrs. Charles Hillman, Mr. and Mrs. Vernon Peterson, Mrs. Dolie Peterson and Miss Ethel Johnson. The party was given at the home of Mrs. Kimberling's niece, Mrs. Floyd Standley. Those present enjoyed a program of singing, a surprise party for Mr. and Mrs. Tom Kimberling, after which refreshments were served, a feature of which was the three-tiered wedding cake. Mr. and Mrs. Kimberling were given many lovely gifts.

BROEMELING ON NICHOLSON
Earl Nicholson Broemeling, yeoman third class, son of Mr. and Mrs. Roger Broemeling, and other crewmen of the destroyer USS Nicholson destroyed the school buses. Jo Magee lost his Pacific when they took their ship in Tokyo Bay for occupation duty. Nicholson was in the Pacific role when it arrived in Milne Bay in February, 1944, while the Cape Gloucester campaign was under way. Assigned to convoy duty in the north Atlantic in the early days of the Pacific operations, Nicholson was a member of the Philippines of the Okinawa campaign.
The above was supplied by the U. S. Navy, and since its release Earl has been transferred and is expected home soon on leave.

BAND CONCERT NOVEMBER 21 TO AID VICTORY BOND DRIVE
Everyone is invited to hear the Genesee school band in a concert Wednesday evening, November 21 at the school hall. The concert will be given by the band, who have been rehearsing the band for their first public appearance in a concert with the local post of the American Legion in promoting sales of Victory Bonds. The concert is free to the public, and an exceptionally good program is being arranged. The public will be invited to purchase long talk on war bond sales, and there is no admission charge whatsoever. Do so, and bring your own money. Mr. Mutch said the concert will begin at 8 o'clock, with perhaps a few minutes of interest. There are many men and women to be returned to their homes, and those who did not have families who need our help. In this day of triumph as a nation, we must not overlook our obligation. The Victory Loan campaign, now under way is necessary. The forty-four counties of Idaho in War Bond purchases. The Genesee community has its obligation during the Victory Loan drive. The money placed in bonds will be returned to you with interest. There is no charge for your dollars now will be appreciated. You are invited to contact your banker or postmaster, who will explain the various forms of U. S. Bonds. Genesee would like very much to see you at the meeting today, but he has kept at home with a cold for a few days. Mr. Mutch is most willing to request the presence of everyone in the community to hear the band, and the invitation is open to purchase bonds. There will be no personal solicitation for war bond purchases next Wednesday evening.

WEDDING DATE ANNOUNCED
Mr. and Mrs. Fred Connick of Genesee, announce the forthcoming marriage of their daughter, Marie, to Captain Lawrence Bradbury, son of Mr. and Mrs. Floyd Bradbury, of Challis, Idaho.
The wedding will be Sunday evening, November 18, in St. John's Lutheran church, with an 8 o'clock candlelight ceremony.
The bride is a graduate of Genesee high school and the University of Idaho. While at the university she was a member of Phi Upsilon Omicron. For the last two years she has been teaching at Lewiston high school.
Captain Bradbury is also a graduate of the University of Idaho and received a degree in agriculture. He recently returned from 11 months overseas duty in Europe. He was a member of the 44th Infantry Division, which was a unit of the U. S. Seventh Army, through southern France, Germany and Austria. He is authorized to wear the Combat Infantry Badge, Purple Heart, Bronze Star and Silver Star, and the Croix de Guerre with silver star which was awarded Captain Bradbury by the French government.
Armistice Day Banquet
Over 200 persons, including many World War II veterans, attended the Armistice Day banquet Monday evening at the K. P. hall, with Bielenberg-Scholar Legion Post as host. Mayor, welcomed all veterans and guests and Kermit Howell responded for veterans of World War I.
The banquet was prepared by Mrs. C. W. Sixty, Mrs. L. E. Brown and Mrs. D. E. Vandenberg, and the following girls assisted in serving: Shirley Broemeling, Jo Magee, Doris Vandenberg, Margaret Vandenberg, Lorraine Fox, Glenn Brown, Mary Lou Evans, Helen Emerson, Eula Sixty, Mary Frances Demoss and Jennette Vandenberg. Mr. Sixty and Mrs. Brown also assisted, and Wm. Thieson acted as toastmaster. The menu was a choice 20-pound turkeys.
Following the banquet a dance was held at the Firemen's Hall and was sponsored by the Firemen. A large crowd attended, with 150 tickets being sold. Music was by the Hubbert orchestra.

CHRISTMAS BOXES FOR VETS PROGRAM UNDER WAY NOW
Anyone desiring to fill a gift box for a hospitalized veteran may hand their contributions to the Genesee Auxiliary who will wrap them and mail them to the several hospitals in the area. The program is being conducted by the Genesee Auxiliary in cooperation with the Veterans of Foreign Wars. The boxes should be wrapped in a manner that will be easy for the inspector to handle. No homemade candies, cookies, or other delicacies are to be included. Gift tags have been issued as they were last year to the organizations preparing the boxes.
Preferred articles are: Soap, stationery, razor blades, handkerchiefs, pocket type boxes, sewing kits, cards with jokers, combs, small puzzles, folding picture frames (small), small mirrors, pencils, wash cloths, dentifrice, shaving cream, nail files, hard candy (package), candy bars (commercial), key rings, small games, etc. In addition the following will be acceptable: Christmas tree decorations, any amount of them, such as wreaths and sprays, wrappings, tissue, ribbons and stickers.
The Auxiliary has been informed that contents for each box should approximate one dollar. You may place gifts in cigar cases, candy boxes or other suitable card board boxes. This program is sponsored by the Red Cross. The Legion Auxiliary is holding a meeting Wednesday evening at the home of Mrs. O. V. Johnson to pack and prepare boxes for shipment.
THANKSGIVING DAY NOV. 22
Thursday, November 22, is official Thanksgiving day for the nation. The Genesee schools will have a two-day vacation November 22 and 23, and school buses will return children to their homes early the day before Thanksgiving day.
Business houses will generally observe Thanksgiving day, with most places closed for the day.
Mr. and Mrs. Howard Blume and son were week end visitors of Mr. and Mrs. E. Lewis and Mrs. Dan Hager in St. Maries.

FIREMEN'S DANCE NOV. 23
Another dance, under auspices of the Genesee Fire Department, is scheduled for the evening of November 23, at the Firemen's Hall. Dances at the recently remodeled hall are proving most popular. Hubbert's orchestra will furnish the music at the dance November 23.

NEW MODEL ♦ NEW PRINCIPLE
Calkins'
ROTARY SUBSOILER
EROSION ELIMINATOR

In keeping with the Calkins' policy of building "Better Tools— for Better Farming," we are happy to announce the development of a new and better Rotary Subsoiler. Starting with the original Rotary Subsoiler which met with much widespread approval, we have constantly sought improvements and refinements. The results of this research and experimentation is the new Calkins' Rotary Subsoiler, developed mechanically on a new engineering principle.

The new principle causes the rotary blades or "spuds" to be thrust more readily into the ground, giving deeper, easier penetration—causing a more effective fracture of the subsoil with less additional weight and power loss.

For the continuation of maximum crop production, it is vital that soil erosion or rill, with its inherent plant food loss, be eliminated. The best method yet devised is the use of the new Calkins' Rotary Subsoiler in the fall prior to the heavy rains and snow to hold the moisture and plan food in the spring. It may be used over planted crops as well as stubble and summer fallow.

Actual tests have proved the practicability of this machine. The slow plan is broken, the earth is fractured and loosened permitting the retention of the water and plant food in the ground. This is necessary because the soil has lost its original spongy texture from the lack of humus due to continued cropping. In many instances runoff even occurs on comparatively level ground. By using the New Calkins' Subsoiler, you will eliminate erosion and grow better crops.

Transport wheels may or may not be desirable on your Rotary Subsoiler. This depends upon how far you must move it and where. You may order your Rotary Subsoiler with or without wheels. They are available as extra equipment.

GENESSEE VALLEY NEWS

Old Man Winter moved in for a week of December weather but the weather of it moved out. We have normal November weather, and it is much better. Thanksgiving occurred next week and we used to give thanks to God for our many blessings. There will not be as many empty chairs this year for which we should be very grateful. Thanksgiving day is no chance institution—it came from a deep source of wisdom and represents something vital in the life of people and the nation. That something is the importance of gratitude to God and to our grateful for blessings received not only cuts off other blessings but does great damage to the soul of the guilty of the neglect. Religion never prospers with the praise element left out and neither does a life. If people were helped to understand this principle the church would every year be crowded with thankful people coming to sing with reverent lips the songs of harvest home. Festivity has its place on such a holiday but we must never lose sight of the reason for Thanksgiving. "With lifted hearts and hands today we thank Him and praise Him now and hereafter."

HELP THOSE HENS
 Now, that the days are getting shorter and eggs are getting higher, help your hens by giving them light morning and evening. You can do it automatically if you let us install a poultry light timer that comes off and on and dims at any pre-set time. Set only once a season. Requires no attention.

POULTRY WATER WARMERS
 Keep water at 40 to 50 degrees automatically. Just plug in and drop in the water.

Prestolog Shortage
 We have been forced to announce that our Presto-Log allotment has been drastically cut, and for the balance of the winter, or at least until such time that conditions improve we will have to limit the amount for delivery so as to make them reach as far as possible.
 We have a large number of back-orders to try and fill, along with taking care of present needs.
 We appreciate the fine cooperation of our many customers and know that we can get along some way until such time that Presto-Logs become more plentiful.

NEW MODEL ♦ NEW PRINCIPLE

Calkins' ROTARY SUBSOILER EROSION ELIMINATOR

In keeping with the Calkins' policy of building "Better Tools— for Better Farming," we are happy to announce the development of a new and better Rotary Subsoiler.

The new principle causes the rotary blades or "spuds" to be thrust more readily into the ground, giving deeper, safer penetration—causing a more effective fracture of the subsoil with less additional weight and power loss.

For the continuation of maximum crop production, it is vital that soil erosion or runoff, with its inherent plant food loss, be eliminated. The best method yet devised is the use of the new Calkins' Rotary Subsoiler.

Actual tests have proved the practicability of this machine. The plow pan is broken, the earth is fractured and loosened permitting the retention of the water and plant food in the ground.

Transport wheels may or may not be desirable on your Rotary Subsoiler. This depends upon how far you must drive it where you may order your Rotary Subsoiler with or without wheels.

HERE IS HOW... Extra

PAYMENTS ON YOUR FARM LOAN CAN DO DOUBLE-DUTY...

Patriotic farmers work long hours to get a job done. It's this "double-duty" that means the difference between a good crop and just a fair one.

It's *double-duty performance* too, that tells the difference between ordinary farm loans and the new, long-term loan with the **PREPAYMENT RESERVE** now available at this bank.

In an ordinary loan, extra payments on principal reduce future interest charges, and no more. They stop working for you then and there.

Extra payments on your loan from this bank not only give you full interest saving — they also build, at no cost to you, a reserve for paying interest and principal in less favorable years.

Don't be satisfied with an ordinary loan! Insist on one that makes your extra payments do "double-duty."

Now, through our special arrangement with The Equitable Life Assurance Society,

Worth Keeping

These rights guaranteed to every American by the Constitution of the United States are indeed **Worth Keeping!** ... They are the precious inheritance that generations of Americans have worked and fought to hold and pass on to their children—freedom of the individual, government by the consent of the governed, equal justice before the law, freedom of enterprise. All are **Worth Keeping!**

Many material things, accepted as a natural part of the American standard of living, have been secured and developed under the American system of free enterprise ... Under this system The Washington Water Power Company has blazed trails of dependable, low-cost electric light and power throughout the Inland Empire. This service, too, is **Worth Keeping!**

FOR THE LAST TIME AMERICA - Buy Extra Bonds!

Well, it's over ...

We came through the greatest danger in our history, to our greatest victory. The price of that victory—in blood and in money—was high.

We can thank God that the price in blood is paid in full. There will be no more deaths in battle, no more new casualties.

But the price in money is still not quite paid!

Your money is still needed by the men who helped to pay in blood. Hospitalization for the wounded, the disabled. Artificial limbs for the men who have given their real ones. And help for the wives and orphans of the men who gave everything.

Your money is still needed for the education and training of our veterans—to help them find a real place in the America they saved for all of us.

Just as the money you lent (at interest) in the seven American War Loans helped pave the way for victory, the money you lend now in the Victory Loan will help secure the fruits of that victory.

Not only for our veterans and casualties—but for you. For these Bonds are still the world's safest investment. They are still the way to insure yourself the security and peace of mind that come from *safe, substantial savings!*

This is the last time you will be asked to buy extra bonds! It's a great opportunity to help yourself while saying "Thanks!" in a very important way to the men who made our victory possible!

Following the Victory Loan, the sale of E, F, and G U. S. Savings Bonds will continue through regular authorized agencies and through the Payroll Savings Plan.

The VICTORY

LOAN is on!

ART TAYLOR TRAVELS A LOT ON DUTY IN EUROPEAN AREA
(Continued from page one)
He is authorized to wear the ETO ribbon with five stars, the American Theatre ribbon, Good Conduct medal and victory ribbon.

The registration trailer used was hauled by the 4-ton tractor, which moved over the roads at about 40 miles per hour. Art had a run over the Red Ball highway in France for a time. His cargo was usually meat and other frozen foods. Meat was put up in 5-pound paper cartons and delivered to divisional and battalion units. Chicken was one of the main frozen meats for hospitals and was put up in 10-pound cartons.

HOGAN BACK TO MINES
Howard Hogan, who was discharged from the army at Ft. Lewis November 7, has returned to mining and is now employed by the Hecla Mining company at Wallace. He is employed in the mine and put in one week on the job. At the present time he is here to visit his mother, Mrs. Mae Baker.

Howard was with a forestry unit of the engineers in New Guinea, the South Philippines and in North Borneo. He was discharged after being returned to the States with a leg infection, common to the tropics. He is recovering satisfactorily in the Idaho climate.

ED BERGMAN LOAN MANAGER
E. C. Bergman, who with his family, has been living in Coifax, was transferred to Lewiston, Idaho, as loan manager of the Citizens Savings and Loan society at a recent meeting of the directors. He replaces J. W. Higby.

With 18 years of banking experience and 13 years as chief examiner of the division of savings and loans in the State of Washington, Mr. Bergman assumes his new duties with background in inland Empire banking.

Mr. Bergman is a son-in-law of Mr. and Mrs. Glenn Sampson.

"Every cow needs a rest period of 6 to 8 weeks who is to produce the most milk during her next milking period. A mineral mixture should be kept before pigs at all times. Poor nutrition and poor management are responsible for fully 50 per cent of the poultry diseases diagnosed by poultry pathologists at the Oklahoma A & M College laboratories. Hog houses need adequate ventilation at all times. Farm machinery to be stored for the winter, should be cleaned and the bright and unprotected metal parts given a coat of special rust preventive grease. Water is necessary to the welfare of all poultry and livestock. Take steps now to prevent water from freezing this winter. Provide a constant supply at all times. Provide a dust bath for your layers by partly filling a box with wood shavings and adding a good lice powder with the dust. Treat the cows gently. Rough handling and milk production do not go together. Stir the hens' litter every day or two to keep it dry. A forked stick kept by the hen helps her is handy for this purpose. Soybean oil meal should be supplemented with minerals and essential vitamins to make it a proper supplement for swine.

Why This Bank Recommends 40 years Long-Term 4% REAL ESTATE LOANS

This bank makes short-term farm loans to those who desire them, but we don't recommend 5 or 10 year terms unless the borrower is financially able to pay the loan in full by maturity.

Do you know what happens when a short-term loan comes due at the wrong time?

- You will have to negotiate a renewal loan.
- You may have to pay a higher interest rate.
- You may have to pay a commission.
- You probably will have abstracting or title policy and recording expense.
- And in the case of death your family may have to obtain court approval of the renewal.

No farm owner should take these chances when they can be avoided. That is why we recommend long-term loans that never have to be renewed, yet can be paid off just as fast as short-term loans.

Now, through our special arrangement with The Equitable Life Assurance Society, you can obtain loans with terms up to 40 years at this bank. Your loan is made by the bank, at the bank. You deal with folks you know... who are interested in your success.

Come in. Let us explain this new 40 year 4% plan. It has many money-saving features never believed possible in farm loans.

KASCHMITTER-BROEMELING

Miss Louise Helen Kaschmitter daughter of Mr. and Mrs. Joseph Kaschmitter of Cottonwood, became the bride of Earl N. Broemeling, son of Mr. and Mrs. Roger Broemeling of Genesee on Tuesday, December 4. The wedding took place at 9 o'clock at Our Lady Help of Christians church in Cottonwood with the Rev. Fr. J. M. Verhoeven officiating at the impressive double ring ceremony, and reading the nuptial high mass. The bride was attired in a lovely white satin dress with train. Her long veil was attached to a coronet and she carried a bouquet of roses. Maid of honor was her sister, Miss Agnes Kaschmitter, and the bridesmaids were Miss Gertrude Kaschmitter and Miss Norma Broemeling, the former a sister of the bride and the latter a sister of the groom. The three young lady attendants wore identical floor length dresses in pastel shades of satin and net and each carried colorful nosegays. The groom's attendants were his brother, Lawrence Broemeling, and Leo Kaschmitter of Cottonwood, a cousin of the bride. Mrs. Joseph Kaschmitter and Mrs. Roger Broemeling, mothers of the bride and groom, respectively, wore corsages of white carnations. Immediately following the ceremony the wedding party were guests in the home of the bride's parents where a wedding dinner was served to members of the immediate families. The home was decorated in blue and white and silver bells, and the centerpiece of the dining table was a three-tiered wedding cake with miniature sailor and bride.

EVETTES DISCHARGED

WILSON BUYS HEREFORDS FOR HIS PUREBRED HERD
Polled Herefords were chosen by Lloyd Wilson for his purebred herd of cattle. He recently purchased four Herefords from the State Normal by him, one from F. L. and Ralph A. Miller, Yakima, and one from Roy F. Schroeder, Yakima. He already had three head of purebred cows which dropped calves this year, three of them being heifers and two being bulls. He also has a herd sire, Victor Domino 116th, owned jointly by Mr. Wilson and Kenneth Aherin. This sire came from an outstanding mid-west breeder of Polled Herefords.
Choice Dominette 4th, one of the heifers recently acquired was bought in calf from Norby and is bred to CMR Rollo Domino 32nd, which came to the island from Norby. P. Moseherd of Senatobia, Miss. This animal carries the blood strains of CMR Rollo Domino and Dudley Anita 14th, sire and dam respectively, and their percentage is preeminently Domino and Mischief families. L.H. Marie Adcock, a Norby heifer, has Advance blood on both sides and her third-generation back has Spidel blood on both sire and dam side.
Red Wing 2d, from the Miller ranch, is Advance on the sire's side and Spidel on the dam's side, with Domino and Spidel blood lines for ancestors.
Miss Yakima from the Schroeder ranch at Yakima, has a Spidel sire and an Advance dam.
The average price paid for the four heifers is a trifle over \$300, and Mr. Wilson has a fine foundation for his purebred herd.
Kenneth Aherin also purchased two cows at the sale held November 18. He selected Lady Spidel 668 G. and Lady Norby, both from the Norby herd. The latter was bought bred with service to CMR Rollo Domino, and the first named was bred before the sale to Norby's Advance Type.

BERSHAW BROTHERS MEET WAYNE IN OCCUPATION ARMY
Sgt. Wayne Bershaw, who has been with the 16th Infantry for sometime is undoubtedly with the First Division, one of first American divisions to go to the ETO. Wayne writes the following:
Dear Pete:
"Tomorrow is Thanksgiving and a very appropriate time for me, to be writing and thanking you and the American people for sending me that wonderful Genesee News—the best paper in the world.
"Have had numerous bits of excitement since my last letter to you, but I believe the most exciting part was my visit with Llewellyn in Brussels, Belgium, during the month of October. After changing each other around Europe for quite a few months we finally managed to get together. I was very fortunate in getting to Brussels when I did too, because four days after I arrived there, Lew was transferred to the crew of the U. S. S. New Orleans, one of the heavy cruisers which operated extensively in the Pacific theatre. The New Orleans had been in dry dock for repairs for about ten months when Howard went aboard. It had been damaged by enemy action, and the war was just over. The Battle of Tassafaronga in pretty bad shape.
"Last Friday night the A squad really played a good game. Bob Li-berg and Springer were high-point men with 12 each. The final score was 26, with Li-berg leading at the time of discharge Howard was authorized to wear 12 battle stars, 10 for Asiatic-Pacific operations and two for the Philippines Liberation.
"After Wake Island the New Orleans and its crew hit the Marshall Islands, the Palau, Yap, Laitia, Woleai, Satawan, and Pampsa. The big ship then went to New Guinea to participate in the taking of the northern portion and in occupation of Hollandia. Later came action off Saipan, in the Philippine Sea. Fin and Guam, the Western Caroline group were hit next, with attacks on Valera, the Bonins, the raids on Yap and capture of the Palau group. In the Leyte operations, such engagements as that on Okinawa, North Luzon, Formosa, Leyte Gulf, and the Delore Love and Mt. St. Helens, were fought. The V-J Day the New Orleans participated in further Luzon operations, in the Mindoro landings and the general battle for Okinawa. Howard has a history of the New Orleans, which he has given the task of reprinting an early date.
"With cessation of hostilities, and capitulation of the enemy, the Orleans went to Leyte for replenishment, training and upkeep, and for a time was based at Subic Bay. The sailors were given the task of supporting the occupation of Korea and China. Upon arrival in the Yellow Sea the ship spent a week parading a show of force, at Tsingtao, Port Arthur, Dairen, Weihaiwei, Chefoo, Chingwangtao and western Korea, prior to supporting landings on the mainland. On September 20, the New Orleans arrived at Tsingtao, after which she assumed duties of senior officer present at Tsingtao in connection with the administration of Japanese prize ships and evacuation of internees. The final action was participation in the occupation of the Taku-Tientsin area.
"Over two years of active combat Howard has witnessed a lot of rugged navy battle. His battle during most of his time at sea was in deck repair, but he also saw a lot of duty as a member of a 20 mm. anti aircraft gun crew, and did his turn in the powder room.
"While home on leave last February Howard married Miss Arlene Borgen, the latter having continued in her profession as a teacher at Oakland, Calif. Mrs. Broemeling is expected to reach Genesee December 16 or 17, as her school starts on its Christmas vacation December 14.
"Have checked in with 44% war points for discharge. He has covered most of the Pacific area, and went into China as far as Tientsin. He was among crew members who went ashore with the Marines for occupation of strategic points, and participated in taking over prize Japanese shipping. Quite a few of the Japs could make themselves understood, and seemed to have no expressed ill feeling due to the war's end. They were a defeated enemy, and everything about the men and ships honor out the fact that further resistance was futile.
"Mr. and Mrs. L. W. Vestal, Seaman Dale Vestal and Mr. and Mrs. Wayne Vestal were dinner guests Friday evening. They were at the party with Mrs. Cameron and Wilford Cameron, and their families.
"Mrs. Caroline Cameron of Spokane came Thursday to spend the Christmas holidays with her mother, Mrs. Cameron and Wilford Cameron, and their families.
"Ensign Lester Mauch, who has returned home, and has been visiting his mother and father, was given his discharge at Seattle on December 15. He was a pilot and received his commission about ten months ago.
"EMERSON ON FURLOUGH
Billy Emerson, who has been at Camp Cooke, Calif., since his time at home after returning from Germany, was met in Walla Walla Sunday by his parents, Mr. and Mrs. Walter Emerson. He has a 45-day furlough, and has hopes of being home again on the 22nd of February. He was with the 13th Armored Division in Europe.
"John Lorang who graduated recently as an honor student at aerial gunnery school at Jacksonville, Fla., and was home on leave, left Saturday from Spokane and will report to Sanford, Fla., for further assignment.
"Things were pretty much back to normal in about three weeks. The tents and Quonset huts used for hospitals had been repaired. Leland and his crew at the purification unit had been repaired.

BENNETT SELLS POOL HALL
H. E. Bennett, operator of the Corner Billiard Parlor for a number of years, sold the business and fixtures to Harold Reisenauer of Colton, with the latter taking possession at noon December 9. The new owner expects to make no change in the business, and stated that he has employed Bill Stricker to assist him. Harold Reisenauer is the son of Mr. and Mrs. Joe Reisenauer, also of Colton, and is a nephew of Mike and Carl Reisenauer, both well known here. Joe Reisenauer is a brother of Carl and Mike, and years ago did a good job of umpiring baseball games.
H. BROEMELING DISCHARGED SAYS LOTS OF NAVY COMBAT
Howard Broemeling SM1/c was honorably discharged from the navy at Bremerton on December 8 and arrived home last Sunday. He entered the service April 28, 1942, and after boot training at Farragut went to Bremerton to join the crew of the U. S. S. New Orleans, one of the heavy cruisers which operated extensively in the Pacific theatre. The New Orleans had been in dry dock for repairs for about ten months when Howard went aboard. It had been damaged by enemy action, and the war was just over. The Battle of Tassafaronga in pretty bad shape.

LETTY EMMETT DISCHARGED AFTER 38 MONTHS IN ARMY
Leland Emmett expresses no regret in his separation from the service, and was not reluctant in accepting his discharge at Fort Lewis on November 29 to reach home Nov. 29. He enlisted in the army air corps with Rosal Gertz and John Hoduffer on September 22, 1942, to take basic training at Chico Army Air Base, and later going to Lemoore Army Air Base to remain for a considerable time. At Lemoore he drew the military police, but later was transferred to the aviation engineers and went to Geiger Field for training. He went overseas with the 1914 Engineer Aviation Battalion, leaving Seattle on May 29, 1945. The transport stopped at Pearl Harbor for two days, at Eniwetok for 12 days and at Mog Mog for nine days before the trip to Okinawa. The landing on Okinawa was on the western beach, a short distance north of Naha. The trip to Okinawa ended on July 5, and construction was started by the battalion at once. Lefty was assigned to a water purification unit before leaving the States, and he continued this work overseas. His outfit set up seven portable purification units near the outlet of an underground stream which had been developed originally by the Japs. After the water was found to be fit, the rate of two gallons per man per day, with liberated Allied prisoners being given a 10-gallon daily ration.
V-J Day, which occurred on Okinawa about 8:30 in the evening, was truly observed with plenty of shooting by all men on land, with the navy putting on a show on the water. Things were going along pretty well. There had been storms which did some damage to the temporary hospital and other installations on the island, but when the Big Blow came at 2 o'clock on October 6, those on the island went through an ordeal that will always be remembered for its furious two days. Warnings had been posted as usual, but in previous storms there had been no such wind and rain. The storm hit near Naha and the cover on the shack was until 8:30 p. m., October 7. The storm was at its worst from 8 o'clock of the first day until 8 o'clock the following morning, and when the storm ended there was that period of calmness which the men say follows a big storm. The cover on the shack was until 8:30 p. m., October 7. EMMETT SAID THE water purification unit had been through three storms before the big one hit, and the hurriedly built shack had been blown down four times in all while he was there. The cover on the shack was until 8:30 p. m., October 7. The storm was at its worst from 8 o'clock of the first day until 8 o'clock the following morning, and when the storm ended there was that period of calmness which the men say follows a big storm. DON HERMAN DISCHARGED
Don Herman RT1/c who was honorably discharged December 9, has been making hurried trips to visit his mother and father, and has been spending some time here with his parents, Mr. and Mrs. Nick Belemberg, and with relatives in Lewiston where Mrs. Herman's parents reside. Mrs. Herman has been accompanied by her husband on his trip to Genesee. He was in the States from Canton Island in the Pacific where he was with the Naval Facility. At Genesee he was with the first Mobile Communications Unit in the Philippines and with the Naval Advanced Amphibious Force. He was shot from under him by a Jap suicide bomber, and after a leave in the States he was with the 13th Armored Division in Europe.

THE GENESEE NEWS

Entered at the Postoffice at Genesee, Idaho as Second-Class Mail Matter. E. D. Pederson, Publisher

U. S. VETERANS RATE LOWER THAN FOREIGN NATIONS. Our federal government, which is attempting to paint a rose picture of returning service men and women, and "graciously" offers to guarantee half of a \$4,000 loan to the man or woman who has served his or her country in time of war, provided the loan is unquestionably sound, and is to be used to start or buy a small business or to build a home. The so-called G. I. loan, being more difficult to obtain than anyone expected, is in strong contrast to the generous

loans now under consideration to foreign countries, some of which not only failed to pay up former indebtedness, but have implied that they have no intention of paying. Finland, and perhaps a few other foreign nations may be good risks, but they deserve no higher priority than the people of the United States who have given several years of their lives in wartime service.

Henry Dworshak of Idaho, member of congress, who releases a newsletter each week to newspapers in his home state of Idaho, has the following to report:

"Uncle Sam Finances World" "World collaboration is receiving a come the return of medical men, and like, Genesee, would be glad to have a physician locate here. The federal

great deal of support in the national capital because it is recognized that future wars can be outlawed only if the United Nations cooperate. Reports from Europe indicate that Russia is acting reluctantly, that France is impairing effective occupation of Germany, and that Great Britain is actuated by nationalistic motives to create zones of influence for the empire. The United Nations Organization, Dumbarton Oaks, Bretton Woods and UNRRA reflect the desire of the United States to aid in stabilizing world conditions; but there can be little success without the active support and cooperation of other world powers. Although our own fiscal affairs are involved and complex, proposals are being made for Uncle Sam to become the banker for the entire world. Great Britain, Russia and France are seeking loans, and international collaboration obviously is dependent to a great extent upon dollars from our federal treasury. I do not believe it is feasible or wise for the United States to jeopardize its own financial structure in order to stabilize conditions in Europe and Asia. We have critical domestic problems to solve, and we cannot make progress by completely destroying the strength of our own government through adoption of unsound policies."

NEW ZEALAND LEADS THE WAY—BACKWARD

Small towns which have experienced the loss of doctors during the war are anxious and ready to well-administration has suggested and is willing to go ahead on nation-wide medical and surgical treatment for everyone. Large companies and some communities have found that the contract doctor system has proven highly successful, but the administration's program is somewhat socialized, and may operate like so many federal agencies, not to mention inefficiency and a burdensome surplus of bureau heads, clerks and assistants, in fact almost anything the government can attach to make a program workable in a satisfactory manner.

A New Zealand doctor frankly describes the shocking breakdown in medical standards in that country as a result of state medicine. Doctor G. M. Smith, medical superintendent, of Hokingsa public hospital, states that of every 100 patients who consult a physician today only twenty-five are able to benefit from his advice; that city physicians send twice as many patients to hospitals as they did before hospitalization became free and doctor's consultation fees were guaranteed; that the nation is becoming addicted to the habit of swallowing valueless nostrums from bottles, and that since the great growth of hospitalization there is no efficient control of hospitals, which are publicly financed in this country, and no audit of their results.

What has socialized medicine in New Zealand done to the doctors themselves? Dr. Smith declares, "The

National Medical Association and the politicians or both parties have gone far to foul the name of the profession to which I have the dishonor to belong." The New Zealand state medical system has brought great inflation of the earnings of doctors which are easily concealed from the administration; state stimulus of the practice of collecting large sums for little medical work; disinclination to take difficult cases; use of the system of paying mileage charges to country doctors to make illegal gains.

Before assuming this this country is too smart to make the errors that Thursday. His leave permitted him but five days at home. He will report back to San Diego, and he said that he expected immediate sea duty.

"Me... I'm staying in the Army!" THERE ARE PLINY OF REASONS... AND HERE THEY ARE!

- 1. "First, I keep my present grade. That means a lot. 2. "By reenlisting for 3 years I can pick my own branch of service in the Air, Ground or Service Forces, and can go to any overseas theater I wish. 3. "I get my mustering-out pay, even though I'm reenlisting. Also, I get \$50 year reenlistment bonus for each year I've been in the Army. My dependents receive family allowances for the full term of my enlistment. And I'll be eligible for GI Bill of Rights benefits when I get out of the Army. 4. "My food, clothes, quarters, medical and dental care are all supplied to me. And I can learn any of 200 skills or trades in the Army schools. 5. "All of us who are reenlisting are going to have a furlough from 30 to 90 days' furlough at home with full pay and our travel paid both ways. And we'll have 30 days' furlough every year with pay. 6. "Any time after 20 years I can retire at half pay increasing year by year after 30 years of service. And the time I've already served in active military or naval service counts toward my retirement time. Added up—reenlistment seems pretty sound to me!"

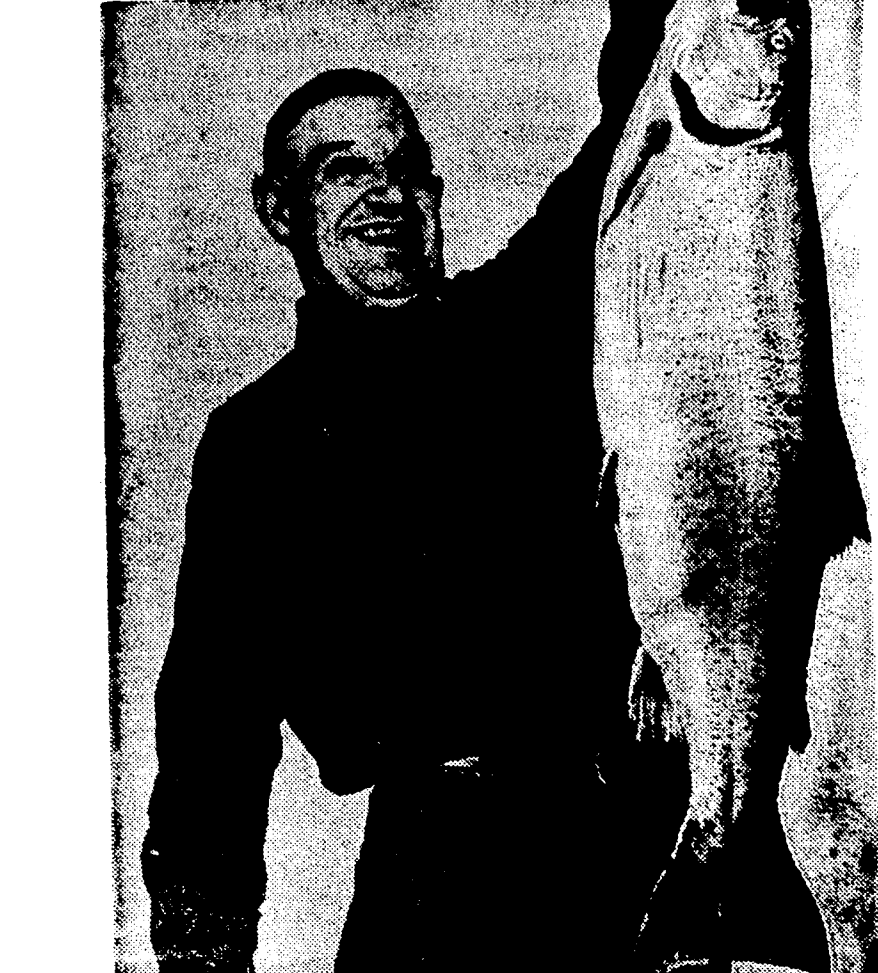

JANUARY 31, 1946 AN IMPORTANT DATE FOR MEN IN THE ARMY

Men now in Army who reenlist before February 1 will be reenlisted in present grade. Men honorably discharged can reenlist within 30 days after discharge in grade held at time of discharge, provided they reenlist before February 1, 1946. GENESSEE VALLEY NEWS

Winter is making a return engagement and the ground is covered with three inches of snow. Mild flu and colds have hit nearly every household. Nearly every service man in the Valley is or will be home for Christmas, which will add a lot of happiness to the holiday season. Having to mail packages early during the war has taught us that we do not need to wait until the last grand rush to get ready for Christmas and then be too tired to enjoy it.

"I shall attend to my little errands of love early this year, that the days before Christmas may be unhampered and clear of the fever of hurry. The breathless rushing that I have known in the past shall not possess me. I shall be calm in my soul, all ready, at last for Christmas, the mass of the Christ." I shall kneel and call out His name; I shall take time to watch the beautiful light of a candle's flame. I shall have leisure—shall go out alone from my roof and my door. I shall not miss the silver silence of stars as I have before. And, oh, perhaps, if I stand there very still and very long, I shall hear what the Angel's Song—"Grace Noel Crowell.

Sunday school Christmas practice Sunday at 2 p. m. Mr. and Mrs. Don Linehan and Joan were Sunday dinner guests of Mr. and Mrs. Art Linehan.

Mr. Ed Morken is able to be up after a siege of the flu. Mr. and Mrs. Delos Odenberg spent Saturday in Lewiston.

Mr. and Mrs. Arwin Nordby visited at Larson's Sunday evening. Mr. and Mrs. Ray Linehan spent Tuesday evening at Wedin's.

Pete Lande returned to Lewiston Sunday after spending two weeks' vacation at Nels Lande's. Mrs. Mary Johnson of Mountain Home is a house guest at August Johnson's.

Wm. Christensen has been ill with the flu. Mr. and Mrs. John Eikum and family were dinner guests Tuesday evening at the J. H. Broemeling home.

Mr. and Mrs. Nels Lande and Mr. and Mrs. Wayne Keates had dinner at Mrs. Dollie Peterson's Wednesday evening.

Mrs. Lilly Larson went to Moscow Thursday evening to hear Miss Esther Olson, a missionary, tell of her experiences in a Jap prison camp in Manila.

The Eikum family are happy over the news that both Gene and Leon will be home for Christmas.

Allen Sather and Levi Rosoboo were hosts at a stag turkey dinner at the Rosoboo home Wednesday evening. Turkey and all the trimmings were cooked and served by the hosts to Art Tegland, Kermit Hove, Art Borgen, Rodney Tegland, Ray Wedin, Glen Hagen, Floyd Hove, Bill Mook, Glen Mayer, Delos Odenberg, Virgil Hove, Otto Borgen and Fred Hove. A little penny-ante was played in the evening. All voted the hosts were good cooks.

Worth Keeping Washington Water Power Co. Buy EXTRA Bonds - Buy VICTORY Bonds

Of course the traditions of Christmas are worth keeping, and even more so, the spirit of Christmas—the spirit of giving, of service to one's fellow-men, of hope for and faith in better things.

The management and employees of The Washington Water Power Company also have a tradition, and the spirit that maintains it. That tradition is one of service to their neighbors of the Inland Empire, maintained by the spirit of progress... That tradition means more abundant, better electrical living in the years ahead. Such service is worth keeping!

USS NEW ORLEANS IS THIRD SHIP TO BEAR SAME NAME

(Continued from Page One)

The New Orleans participated in the rescue of the survivors of the Lexington in the battle of the Coral Sea, saving 48 officers and 537 enlisted men. Her aviators have on two occasions rescued downed carrier pilots.

The ship was damaged in combat five times. During the Pearl Harbor engagement she suffered numerous shrapnel holes from near-bomb misses. She was again the victim of near misses in the Coral Sea. Damage in the Coral Sea battle from a torpedo hit laid the ship up for eight months. The entire bow was blown off as far back as the forward part of turret two and flooding extended aft to a

point under the foremast. Eight officers and 170 enlisted men were lost in this engagement. During the Wake Island bombardment her first engagement after Pearl Harbor, the ship was damaged slightly from shell fire which resulted in flooding of one compartment and a few holes in the hangar.

Howard joined the crew of the USS New Orleans when it went back into action after the battle of Tassafaronga, and was in the Wake Island strike and engagements after that. The ship was damaged by an enemy plane off Kwajalein. She was undamaged during the remainder of the war, although there were numerous near misses by shell fire and by torpedoes.

On December 7, 1941, the New Orleans was moored port side to berth 16, Pearl Harbor. From the attack came she was without power owing to routine overhaul. Nevertheless she successfully met shell fire. She spent several days getting ready for sea and then came to the States for engineering repairs under way at Pearl Harbor.

In February, 1942, the New Orleans departed San Francisco as command ship for a convoy of troops and material bound for Brisbane. Four days after her arrival in Australia she was on convoy escort until April 5, 1942 when the cruiser sortied from Pearl Harbor as a unit in Task Force 11, and after practice rendezvoused with another carrier task force, which combined made up the Task Force 17 and successfully participated in the Battle of the Coral Sea. The New Orleans was a screening ship, helping protect by barrage the aircraft which were the focal point of attack. When the Lexington decided to abandon ship the New Orleans stood by 100 yards off the Lexington's port bow and under hazard of explosion and enemy attack rescued 577 navy men.

The New Orleans, after the Coral Sea Battle joined the Minneapolis to go to Task Force 16, operating in the Solomons. When contact with the Japanese fleet was made on June 3, the New Orleans was screening for the carrier Enterprise and remained during the Battle of Midway.

After successful landings in the Solomon Islands, the New Orleans proceeded with the Saratoga as escort to Pearl Harbor. On November 29, 1942 the New Orleans was in Task Force 67, under command of Admiral Wright, and proceeded at 25.5 knots to intercept one of the "Tokyo Expresses" attempting to supply Japanese forces still on Guadalcanal. Contact with the enemy showed a force of 12 enemy destroyers and high speed transports, and they came under fire of the U. S. men of war. In the battle the New Orleans sank one destroyer and assisted in sinking other craft. While pulling out of column to miss the damaged Minneapolis, the Orleans received a torpedo hit forward that blew off the entire bow and turret one. Thus crippled she proceeded at two knots to Tulago Harbor. Temporary repairs made it possible for the big ship to reach the United States for complete repairs.

The cruiser was ready for duty in August, 1943, and as a unit of Task Force 14 participated in the strikes on Wake Island. On November 23, 1943, the New Orleans sortied as a unit with Task Force 52 under Admiral Turner and supported landings on Makin Island. After several days the Orleans accompanied the fast carriers of Task Force 58 for strikes on Kwajalein and Wotje Atoll.

In January of 1944 the New Orleans proceeded as fire support ship in the occupation of the Marshalls, and in company with other cruisers and destroyers, bombarded Tarao Island. Fire support was given for landings on Kwajalein and for firing on other islands. On February 6, 1944 the New Orleans went to Milne Bay to join Task Force 58 under Mitscher.

In February the New Orleans hit Truk Atoll, and with other ships closed the atoll outlet to thwart escape of Jap ships. While there the cruiser assisted in sinking a Katori class Jap cruiser and a Shiguri class destroyer. After circumnavigating the atoll to cut off shipping the cruiser retired southward to Eniwetok for refueling and then proceeded to the Marianas to conduct strikes on February 22, 1944. The force was detected early in the afternoon of February 21 and an attack starting at dusk continued throughout the night, but no damage was incurred by any of Task Force 58 ships.

In March, 1944 the New Orleans, still with Task Force 58 proceeded to the South Pacific to cover General MacArthur's operations in New Guinea. As a part of covering operations, (Continued on Page Five)

Christmas Party
The Altar Society of St. Mary's church was entertained at a Christmas party Tuesday afternoon by Mrs. H. J. Martinson, when a gift exchange and cards were enjoyed during the afternoon. At cards Mrs. J. M. Rabdau won high award and Mrs. Frank Jacobs, second high. Following play, Mrs. Martinson served luncheon.

OES Entertains for Children
Saturday evening members of the Eastern Star entertained with the Christmas party for their children and friends at the Masonic hall. The grown-ups enjoyed a program presented by the young folks, which included singing, readings, piano solos and tap dancing, with Kay Leavitt as master of ceremonies. Following the program Santa appeared to present gifts and invited all present to adjourn to the dining room where refreshments of ice cream cones and cakes were served.

VACATION STARTS DEC. 21
School vacation starts at noon today (Friday) and will resume Wednesday morning, January 2.

LOCAL NEWS

Mrs. Ben Holliday returned Monday from Seattle where she visited for a few days with her husband, in the service, prior to his departure for Nagoya, Japan. He left Thursday last week. Mrs. Holliday left Seattle Friday, going to Bengue, Wash., where she visited relatives of her husband until Monday.

Mrs. Harold Hayward, Mrs. W. M. Herman and Mrs. David Kuehl attended a Christmas party Wednesday evening of last week at the Gamma Phi Beta sorority house in Moscow, given for mothers and alumnae. Members of the American Legion Auxiliary were entertained at the home of Mrs. Walter Emerson Wednesday evening, when a gift exchange was enjoyed and a no-hostess lunch was served.

Young people gathering at the home of Joe Broemel Tuesday evening to welcome Mr. and Mrs. Howard Broemel beside the immediate family were Doris Vandenberg, Gladys Tauffen, Marie Hampton, Billy Emerson, Wally Eglund, Joe Scholer, Don Huffman and Robert Palmer and Pat Campbell, the last two of Cullman.

Mr. and Mrs. C. P. Busch were in Spokane Saturday to meet their daughter, Lt. Kathleen Busch, who arrived in the States on Thanksgiving day from Manila. Lt. Busch, with the Army Nurse Corps, has been on duty in the Pacific area for almost two years. Lt. Busch, Mrs. Walter Parr and Mr. and Mrs. Robert Rollman left Wednesday for Spokane to spend a few days. Mrs. Parr's husband, Lt. Parr, arrived in the States Sunday from Europe.

Mrs. Elmer Krier and daughter, Diane, visited Wednesday with the former's mother, Mrs. Theresa Grieser, in Thoreneck.

Sunday dinner guests of Mr. and Mrs. Jack Nebelsieck were Mr. and Mrs. Ed Carlson and daughters, Patricia and Barbara; Mr. and Mrs. Stanley Green, Chet and Lloyd Qualey, Jim Tobin, Margaret Tobin of Lewiston and Mr. and Mrs. Chet Woody and daughters of Clarkston.

Wednesday evening dinner guests of Mr. and Mrs. Merle Roberts were Mrs. Marie Roberts of Lewiston and Mrs. Wilford Kronkright of Priest River, mother and sister of Mr. Roberts.

Stanley Green, recently discharged from the navy has taken over farming operations on his parents' ranch and he and his family moved there last Friday.

Mr. and Mrs. John Krier visited Sunday with Mr. and Mrs. Peter Johann in Cullman.

Mr. and Mrs. George Erickson were the Wednesday evening dinner guests of Mr. and Mrs. Jack Nebelsieck.

Mr. and Mrs. Gene Woodruff and daughter, who have returned from a visit of several weeks at the home of Mr. Woodruff's parents at Washington, S. D., encountered no difficulty in travel from snow, but on the way home they were advised of a heavy snowfall on Mullan summit, and took the road through Sandpoint. Crops were good in central South Dakota this year, with fall wheat turning out between 30 and 35 bushels. Corn was considered fair for that area. The big crop, however, is Chinese pheasants, and there is a long season and a big bag limit. The area where they visited is in the heart of the best pheasant hunting in the world, and people travel across the continent for shooting.

Mr. and Mrs. Fred Baumgartner and daughter, Dorothy, visited Sunday afternoon with Mrs. Emma Klus.

Mrs. Peter Lorang, house mother at Community Hall, a woman's group on the Washington State campus, entertained for dinner Sunday, Henry Lorang and family. They all attend-

ed a musicale during the afternoon at Bryan Hall.

Ed Vanouck left Thursday for Brewster, Wash., to visit his sister, Mrs. Earl Sampson, and family. He expects to be gone two weeks, and while away will see Harriet Edinger and Walter Casbolt at Okanogan, and Vern Beckman at Chelan.

Mr. and Mrs. Gwynn Anderson and daughter of Lewiston visited Tuesday in the Hampton homes. Mr. Anderson was employed at the Hampton ranches for a few years, and is now employed by Spenglers Bakery in Lewiston. He recently underwent an operation for appendicitis.

Mrs. Howard Broemel arrived Friday from Oakland. She came as far as Spokane by plane and then to Genesee to visit during the holidays with her husband, recently discharged from the navy, and with her parents, Mr. and Mrs. W. O. Borgen. Mrs. Broemel is first grade teacher in one of the Oakland public schools.

Mr. and Mrs. H. J. Martinson will leave Saturday for Spokane to spend the holidays with friends and relatives.

Mr. and Mrs. Ed Hill and children of Lewiston called on Mr. and Mrs. Chas. Ingle Sunday.

Present for a family reunion Monday evening at the George Anderson home were Technical Sergeant Robert Roskammer, Ralph Anderson P.M. 2/c, Wm. Roskammer of Coeur d'Alene, Mr. and Mrs. John Hoduffer, Mrs. George Roskammer, Louis Roskammer, Mrs. George Anderson and Misses Ruth and Ruby Anderson and Kenneth Anderson.

Mrs. George Anderson of Harrison, accompanied by her sons, Ralph and Kenneth, came to Genesee last Thursday to visit relatives and friends. Mrs. Anderson and Kenneth returned to Harrison Thursday and Ralph and his sisters expect to leave Sunday to spend Christmas with their parents. Ralph leaves Christmas day for Boise to learn of his future navy assignment.

Roy Myers of Colfax and Charles Vollmer of Pullman were supper guests Friday of Mr. and Mrs. James Myers.

Mr. and Mrs. Robert Berger and family and Mr. and Mrs. Steve Reif of Colfax visited Sunday with Mr. and Mrs. Otto Schwenne.

Mrs. Walter Hannans and children Mary Ann, Linda Lou and Danny came Friday for a visit in the home of Mr. and Mrs. John Kries, parents of Mrs. Hannans, and with other relatives and friends over the holidays. Their home is at Waterville, Wash.

Mr. and Mrs. Glen Mayer have rented the John Roach home and moved there last Saturday.

Marilyn Sather visited Friday evening with Leticia Conrick.

Mrs. Harold Lee and sons, David and Donald, visited Sunday in Pull-

man with Mrs. Lee's parents, Mr. and Mrs. W. D. O'Conner.

Mr. and Mrs. Herbert Huston and daughter, Delores, of Potlatch, Mr. and Mrs. Iven Ewertes and Miss Wilma Harman of Moscow were Tuesday evening dinner guests of Mr. and Mrs. Walter Herman and family.

Mr. and Mrs. Carl Flomer and son, Bob, of Moscow, and Richard Theurkauff of Clarkston visited Sunday in the home of Mr. and Mrs. Paul Heppner and family. Leo Heppner, who was home on furlough from Tacoma and who was to leave Thursday, received an eight-day extension and will be in Genesee until the 28th.

Students Home for Holidays

Students home from the University of Idaho to spend the holidays are: Misses Beverly Anderson, Pat Magee, Marie Hampton, Shirley Hayward, Joan Lorang and Bonnie Keuhl. Miss Joan Edwards, student at the Lewiston Normal and Miss Shirley Kieweno of Washington State, arrived Tuesday. Miss Dorothy Weber and Miss Mary Jean Lorang, students at Holy Names Academy, Spokane, are expected home this week to spend the holiday vacation with home folks.

FORSAKEN FOXHOLES

Deserted today by human beings are the thousands of foxholes in France, Belgium, Luxembourg, Holland and Germany, which were home to many an American and Allied soldier last Christmas day. They have served their purpose. Today they may be filled with snow and ice, perhaps a spider web drawn over part of the opening. The black dirt has frozen and there are icicles where water, dripping, has frozen. They are all cold and dreary. The pine trees may be heavily laden with snow, and as the weight of snow and ice hangs over the branch there will be heard a "pop." Today no one is alarmed by the sound of the falling snow, the crash of a broken twig, or the thunderous crack of the limb. Buzs were greatly amplified last year at this time, especially the shell fire from the heavens apart. Concussion and muzzle blast from our own weapons despite their deafening thunder, were somewhat comforting as long as the shells were falling far enough ahead. Mortar fire with its "boom" and then the candle of the shell, is not being heard today. All guns have been silenced and the woods and hills and plains are so silent. The shell-torn and bombed streets are quiet and not the dangerous avenues of a year ago. The winding roads, the almost impassable country lanes are to be traveled in safety, and the bridges, while not as sturdy and not as pleasing to the eye, are bearing their heavy loads as trucks and other vehicles travel to supply our army of occupation.

Perhaps one should not bring back memories of the old foxholes. But the purpose they served, but in them our men found some safety, and from them our men went forward to help bring peace at this Christmas time. It is well that those foxholes are deserted, for we would not like to have our men go through another winter of fighting. It is well to remember, however, how well those men accomplished their duties. It is pitiful that labor unions and industry in the United States cannot solve their difficulties. Their problems are nothing compared to the task which faced our men in Europe and in the Pacific, in fact they would have nothing whatever to argue about and nothing

whatever to gain if our fighting men had not achieved their aims. There must be a common meeting point for labor and industry. Both must make concessions, and they should strive to get together that men may go back to work. It is known that labor leaders and big industry leaders have accumulated sufficient wealth during the war to tide them over a long period of bickering. Those men who have deserted those foxholes had a purpose in mind, and they are beginning to feel pretty much disgusted with conditions.

Our men in the Pacific, who have splashed ashore on hundreds of Jap-held islands, and manned our fighting and shipping craft, certainly hope that Americans may provide something better for them on their return than a lot of strikes and a lot of petty name-calling. From this instance those engaged in the battle over wages, both labor and industry, are somewhat contented to delay reconversion.

There is lack of leadership in the present administration, although no one can rightfully insist that the government attempt to control either labor or industry. Those men who remained in the States, have been paid extra good wages to produce war goods and so many big industrialists have received such profitable contracts, to be content to settle back to peacetime or better than pre-war wages and prices, to winning a quiet return to work and manufacturing. It is true that many men employed in the lower-wage brackets are not receiving sufficient pay, with tax deductions, to support their families, but there are many men today who cannot or will not meet the production demands which are not excessive. Those who employ great numbers of workers are reluctant to increase the wages, knowing that sooner or later there will be a price war, a race between manufacturers to undersell or outbid their competitors for post-war business. Higher wages and full employment seem to have proven that the product of the factory, the farm, and whatever industry you may name is more in demand than when wages were down and there was considerable unemployment. Perhaps the industrialists and big employers fear that after increased wages are granted the government may step in to stage a further price-fixing program that would cripple industry. Perhaps there is too much federal government action already in operation. Private enterprise has entered a trend toward some sort of socialism, fostered by so-called modern politicians. Could it be that both labor and industry are

Remember—Buy Victory Bonds

being careful trying to exercise every caution in fear of being affected by federal legislation?

Those foxholes have been deserted and men don't wade ashore in the Pacific today. Their job is done, and it's up to those who remained at home to "get on the ball."

MERRY CHRISTMAS TO ALL

Christmas, 1945, sees many of our men and women home. How much different than Christmas, 1944, when hearts were heavy and anxiety over the welfare of our fighting forces did not permit cheerfulness. To the men and women still in the services abroad and in the States, goes a Merry Christmas. Our thoughts today are of you, and as you trace your steps homeward each day, one by one, it is known that your Christmas will be happy and a cheerful one. You made it so—you deserve everything which you cherish and may enjoy.

The task remaining may seem trivial to those remaining in the armed forces, but the job is there to do and it is important. These were approximately 150 men and women of the armed forces from Genesee or desiring to call Genesee their home. Today there are seven men from Genesee in the European Theatre. There are 75 or more men and women still in the several branches of service. Some are on their way home. Some expect to be home soon, and some look upon next spring as the time for separation from the services.

To each and everyone this community sends greetings and expressions of appreciation. Everyone hopes that you will be home soon.

Get Together Club

Mrs. George Rader entertained the Get Together club Tuesday evening at their annual Christmas party, which included an exchange of gifts. At cards played during the evening, Mrs. John Hoduffer won high award, Mrs. Francis Uhre, second high, and Mrs. LeRoy Harris, low. Mrs. Rader served luncheon following play. Invited guests were Mrs. Geo. Anderson, Mrs. Francis Uhre and Mrs. George Earling.

Party on Birthday

Mrs. Chas. Kramer was surprised with a birthday party Tuesday afternoon given by Mrs. Nels Lande, Mrs. W. O. Borgen and daughter, Sandra; Mrs. Harry Hanson and daughter, Polly; Mrs. Howard Broemling; Mrs. Marie Michelson, Mrs. W. W. Burr, Mrs. Walter Gehrke, Mrs. Stanley Sneve and Miss Esther Martinson. Mrs. Kramer was presented a gift by those present and at the close of a social afternoon Mrs. Sneve and Mrs. Borgen served luncheon.

Linger Longer Club

Mrs. Jess Johnson entertained the Linger Longer club Tuesday evening when she served a dinner using a Christmas motif. Members and guests were seated at a lace covered, candle lighted table. Following dinner tables were arranged for bridge played at three tables, with Mrs. E. D. Pederson winning high award. Christmas gifts were exchanged with each lady choosing a gift according to her score. Mrs. Anna Hanson and Mrs. John Luedke were invited guests.

Ben Johnsons Visit in Illinois

Mr. and Mrs. Ben Johnson who visited for eight weeks in Rock Island, Galesburg and other places in Illinois, called to their native state by the critical illness of a sister of Mrs. Johnson, returned home last week. They made the trip by train, and were unable to obtain sleeping accommodations. It was Mr. Johnson's first visit to his former home in thirty years. Mrs. Johnson and son made the trip nine years ago. Mr. Johnson said he was willing to return home after a week but they remained during the sister's illness, and when they did leave she was well on the road to recovery.

They visited a brother of Mrs. Johnson who has lived on the same farm for 75 years, and who is still actively engaged in farming.

Mr. Johnson found that farming operations in Illinois have changed decidedly. No longer is heard the sound of ears of corn against a bang-board for corn is picked now almost entirely by machine. Even the corn is different. Improved hybrid varieties have taken the place of ordinary corn. The procedure of obtaining seed is more complex, but yields and prices are better. There is little or no disease, but this year, which has witnessed a backward season, corn has been slow in maturing, and in some fields there is the problem of handling corn with deteriorated cob centers. Much of the corn being harvested at this late date is soft, and driers are in operation to save the hybrid seed. Corn in Illinois is about \$1.00 per bushel for No. 1 grade, but there is a scarcity of matured and solid ears.

Tuesday Card Club
Mrs. W. M. Herman, Mrs. Forrest Durbin, Mrs. John Luedke, Mrs. Frank Densov and Mrs. Anna Hanson entertained the Tuesday Card Club at a Christmas dinner Wednesday evening at the Herman home. The Christmas motif was carried out in the menu and decorations. Following dinner bridge was played with Mrs. Hanson winning high award and Mrs. Cunningham, second high. The evening concluded with a gift exchange. Mrs. Cunningham was an invited guest.

Birthday Party
Omer Kries was given a birthday party Tuesday evening by his family and Mr. and Mrs. John Kries, Mr. and Mrs. Ron Huffman and daughter, Mrs. Leo Sontfen and Mrs. Walter Hammas, the latter visiting here from Waterville, Wash. A birthday luncheon was served at the close of a social evening.

Monday Bridge Club
A no-hostess Christmas dinner was served at the home of Mrs. David Kuehl Monday evening by members of the Evening Bridge club, after which a gift exchange was enjoyed around a lighted Christmas tree. At bridge played during the evening, Mrs. Robert Berger was high and Mrs. N. M. Leavitt, second high.

Let The Christmas Spirit Light The Path Ahead

Wipe out the war years.
This Christmas rejoice in the return of peace . . . rejoice in victory over the dark forces of intolerance and tyranny.
Let the lights shine in the spirit of Christmas . . . of good will to men—the years ahead are brightened by their promise.
Let us go forward unafraid seeking new good for all in a free world of opportunity for all, keeping close to our hearts those ideals and cherished freedoms for which so many have sacrificed so much.
May the spirit of Peace on Earth and Good Will to Men strengthen and spread from year to year and from nation to nation.

USS NEW ORLEANS IS THIRD SHIP TO BEAR SAME NAME

(Continued from Page Two)
Palau in the Western Carolines was raided on March 30. Late in April, the Orleans again sortied from Majuro, this time to proceed to and give support to landings at Hollandia, Wexia and Aitape.

On June 14 and 15, 1944, the New Orleans delivered rearranged and call fire on Saipan and Tinian and then departed to arrive at Guam on June 16. Shortly after commencing shore bombardment of Guam orders were received to proceed to again join Task Force 58, and the New Orleans took station as a unit of the center force. On June 19 the Battle of the Philippine Sea was fought in which the cruiser shot down one aircraft and assisted in bringing down three others. No damage was sustained by the Orleans. On July 8, the cruiser was at Guam to deliver the shore bombardment and to support landings and occupation.

From July 25 to August 9, 1944, the New Orleans delivered call fire in support of the Marines' advance on Okinawa. On November 23, she departed to make a sweep of the Volcano and Bonin Islands, and on August 31, carriers of the task force launched their strikes against Chichi and Iwo Jima. On August 31 the Orleans rescued two Enterprise carrier flyers. After hitting Chichi Jima and bombarding Iwo Jima the New Orleans departed for Palau, and on September 7 and 8 hit Yap Island in the Western Carolines. From September 9 to 18 the Orleans acted as screen for carriers which were conducting flight operations in support of the Leyte landings and in support of landings on Peleliu and Aduar.

The New Orleans then arrived at Seadler Harbor in the Admiralty Islands for re-provisioning and refueling and then joined Task Force 58 for strikes on Okinawa and Formosa. After these strikes Task Force 58.4 proceeded southward in conduct further air strikes against Luzon that continued to the 19th of October, and then moved over to support landings on Leyte on October 19. It was during these strikes that New Orleans rescued Enterprise carrier flyers downed off Luzon. The task force then proceeded northward to join other groups of the Third Fleet in repelling the enemy carrier force coming down from the home islands. After all-day strikes by carriers of the Third Fleet the New Orleans was designated as one of four cruisers to pursue the enemy. Steaming northward, a crippled CVL of the Chitose-Chiyoda class was contacted and was shortly taken under fire by the USS Wichita and New Orleans. Numerous hits were made by the Orleans and the Jap CVL sank rapidly. Continuing northward, an enemy force of three ships was encountered, two of which made good an escape while the third detained the cruiser group. After an hour's intermittent firing the Jap ships were destroyed by gunfire. Fuel limitations dictated return southward by the cruiser group and it rejoined other elements of the Third Fleet. After refueling Task Group 38 returned to the southward and continued its support of the Leyte landings and on November 1 when the New Orleans departed for Ulithi. On December 10, 1944 the New Orleans began support-landings on Mindoro, ceasing operations against the enemy December 17 because of an approaching typhoon. Bad weather prevailed until December 19, at which time a search was conducted for survivors of ships lost in the typhoon.

On December 26, 1944 the New Orleans left from Ulithi with other ships of the Third Fleet for the Mare Island Navy Yard, arriving in the States January 11, 1944.

It was while the cruiser was in dry dock that Howard Broemling drew a leave to come home, and while he married Miss Arlene Borgen.

Upon completion of overhaul and trials, the New Orleans went to the Hawaiian area to make preparations to move into the forward area, and reported to the Fifth Fleet April 18, and arrived at Okinawa April 23 to begin fire support duties for the occupation of Okinawa which was completed on May 26. During the afternoon of May 26 a body of enemy troops was discovered by spotting planes moving southward on Okinawa. These troops were taken under fire by the New Orleans and heavy casualties were inflicted.

On June 11, the First Marine Division, unable to deliver casualties to a field hospital, sent 22 seriously wounded to the Orleans, engaged at the time in a fire support mission offshore. The casualties were given emergency treatment and transferred to the Southwest Pacific Force and the Orleans returned to battle.

On June 20, after 56 days both underway and at anchor at Okinawa, the New Orleans departed for Leyte for replenishment, training and upkeep. The cruiser was assigned to the Southwest Pacific Force and on July 15, shifted her base to Subie Bay, where she was preparing for further operations at the end of the war. With the termination of the war the Southwest Pacific Force was given the task of supporting occupation of Korea and China toward the Southwest Pacific Force and on July 15, shifted her base to Subie Bay on August 28. Upon arrival in the Yellow Sea September 17, 1945.

THE GENESEE NEWS, GENESEE, IDAHO

the North China Force, the Orleans spent a week parading a show of force at Tsingtao, Port Arthur, Dairen, Weihaiwei, Chefoo, Chihwangto and western Korea prior to supporting landings at Jinsen, Korea, September 8.

On September 30 the Orleans proceeded to Taku, to participate in the occupation of the Taku-Tientsin area, commencing September 30.

The New Orleans arrived on the U. S. west coast in November, and Howard received his discharge December 8 after 22 months service, practically all active combat. The cruiser was scheduled to return to China December 19.

On the recent trip to the U. S. the cruiser carried a number of troops coming home for discharge. Room was made in supply and storage rooms for bunks and cots.

New Year's Greetings

OUR APOLOGIES

For being unable to give better service these past war years. Shortage of materials, help and sleep, have made our service below par. We are sorry.

OUR THANKS

For your patience, understanding and cooperation in these trying times. We have tried to do work in the order of importance, and our judgment has not always been good...

OUR PURPOSE

is to give the Genessee community as good electrical and plumbing service as would be available anywhere. We have not specialized in plumbing in the past but since the burden of most of the plumbing in the community has fallen on us during the war, we have equipped ourselves to care for this also.

OUR BRANDS:

We have been offered all the leading brands of the type of merchandise we carry and have chosen only those which we have found through experience to be outstanding in quality, service or special features.

OUR PROMISE:

To sell only quality merchandise, to use only the best materials available and to do our work well. We want to know of any dissatisfaction and will do our best to satisfy.

OUR BELIEF:

That the Genessee community is a good place to live. That we have something worth working for to preserve. We believe that by working together we can improve our community to a place of which we can all be justly proud.

MANY FAMILY REUNIONS AND DINNERS MAKE HOLIDAYS HAPPY AT GENESEE

(Continued from Page One)

Mr. and Mrs. Leonard Flamoe and son entertained Mr. and Mrs. Leo Edwards, Joan and Sally Edwards, Mr. and Mrs. Joe Sprenger and sons; Mrs. Jerome Bershaw and daughter, Cheryl Ann; Mrs. Kate Huffman and Mr. and Mrs. Don Aherin.

Mr. and Mrs. George Roskammer were hosts to Sgt. Bob Roskammer, Mr. and Mrs. John Hoduffer and daughter, Dawn, and Louis Roskammer. Bob Roskammer is just home from Europe and will report to Bushnell General Hospital in Utah, before being discharged. John Hoduffer has recently been discharged, and George Roskammer, who served in Africa and Italy, has been discharged for some time after injuries sustained in combat.

Guests of Mr. and Mrs. John Kries were Mr. and Mrs. Ron Huffman and daughter, Mr. and Mrs. Omer Kries and family, Mr. and Mrs. Martin Huff and Mr. and Mrs. Art Hansman of Moscow and Mrs. Walter Hannahs and family of Waterville, Wash. Ron Huffman has recently returned from the European Theatre and Martin Huff has returned from a long tour of duty in the Pacific Theatre.

Spending Christmas with Mr. and Mrs. E. E. Miller and daughter, Virginia, were Mr. and Mrs. Gene Dahman and family and Mrs. Ray Snow of Moscow, Mr. and Mrs. Pete Kries and son, Gilbert, of Spokane and Mr. and Mrs. Vern Cass and daughter of Lewiston. Gene Dahman and Vern Cass are discharged from the service, the former being one of the first to come back from Europe for redeployment.

Mr. and Mrs. W. M. Herman had for guests, Mr. and Mrs. Forrest Durbin and family, Mr. and Mrs. W. F. Shirod and Mrs. Rachel Dunbar.

Mr. and Mrs. Chas. Ingle, Mr. and Mrs. Al Mayer and Lt. and Mrs. Glen Mayer and daughter, JoAnn, were guests of Mr. and Mrs. Ed Hill in Lewiston. Lt. Mayer is home from the China-India-Burma Theatre and is on terminal leave awaiting separation from the service.

Mr. and Mrs. Harry Emerson entertained Mrs. Mary Emerson, Roy Emerson, Mr. and Mrs. Walter Emerson, daughter, Helen, and son, Wm. Emerson, and Mrs. Vaughn of Lewiston. Wm. Emerson is home on a 45-day furlough from Camp Cooke, Calif., and came home a few months ago from Europe.

Mrs. Blanche Mulalley and daughters; Hartzel Edwards and son, Gilbert, and Mrs. Mary Edwards were guests in the home of Mrs. Leona Geltz and Mr. and Mrs. Joe Kalafus. Present for the reunion was Ronald Geltz, who recently donned civilian clothing after being discharged from the army after service in the China-India-Burma theatre.

Dinner guests of Mr. and Mrs. Walter Herman were Mr. and Mrs. Fred Connick and Patricia, Miss Wilma Herman of Moscow, Mr. and Mrs. Iven Evettes, Eloise, Glenna and Bob Herman. Mr. Ivettes, who was in the navy and served a long time in the Pacific, is now discharged.

Mr. and Mrs. Ed Carlson and daughters spent the day with Mr. and Mrs. Fred Glenn in Juliaetta.

Mr. and Mrs. Markie Springer entertained Miss Pat Magee and Al Springer.

Mr. and Mrs. Matt Baumgartner and Miss Elizabeth Baumgartner were hosts to Rev. J. B. Kunkel and Mr. and Mrs. Adrian Grim and children, Bonnie and Gary, of Clarkston.

Mr. and Mrs. Henry Kinzer and family spent the day with Mrs. Kinzer's parents, Mr. and Mrs. J. N. Dahman in Uniontown.

Mr. and Mrs. Stanley Sneve and son spent the day with Mr. Sneve's mother and brother near Kendrick.

Mr. and Mrs. Gene Woodruff and daughter and Delmond Grieser spent the day with Mr. and Mrs. Carl Grieser. Evening callers were Mr. and Mrs. Chas. Grieser Sr., Mr. and Mrs. Gene Grieser and son and Mr. and Mrs. Grant Loncosty of Spokane. Gene served with the navy in the Aleutians and in the Pacific and is discharged, and Grant did his time in the army.

Mr. and Mrs. Lloyd Esser entertained Mr. and Mrs. Chas. Watt and Albert Hollinsworth of Lewiston, and Mr. and Mrs. Frank Chermak of Gifford.

Mr. and Mrs. John Meyer Sr. had for guests, Mr. and Mrs. Glen Tabor and family of Colfax, Mr. and Mrs. Fred Meyer and Mr. and Mrs. John G. Meyer.

Mr. and Mrs. Wilford Cameron and family were hosts to Mr. and Mrs. Jim Springer and daughter of Moscow, Mr. and Mrs. George Earling and son, David; Mr. and Mrs. James Cameron, Naomi Cameron, Lyle Broemel and Mrs. Caroline Cameron of Spokane. Jim Springer, an army pilot, is discharged and is now attending the University of Idaho.

Mr. and Mrs. Chas. Grieser Sr., Mr. and Mrs. Andrew Grieser and family and Mr. and Mrs. Grant Loncosty of Spokane were guests of Mr.

and Mrs. M. J. Rosenburger in Clarkston.

A family reunion was enjoyed at the home of Mr. and Mrs. C. P. Busch with three of the group recently arriving from overseas. Lt. Walter Parr, husband of the former Miss Delores Busch, arrived at the Busch home Christmas eve. Lt. Kathaleen Busch, with the army nurse corps and on Pacific duty for almost two years, arrived home Dec. 16. Major Robert Rollman, husband of the former Miss Patty Busch, who served with the Eighth Air Force in England, arrived in Genesee with his wife Dec. 10. She had gone east to meet him. Mrs. John Kramer of Colton and son, John Kramer, of Kellogg were callers at the Busch home during the afternoon.

Spending the day with Mr. and Mrs. Marion Holben and family were Mrs. Jeanette Holben and daughter, Joyce, and Mr. and Mrs. Dennis Bardwell, all of Lewiston. Damon Holben, home from overseas, and liberation as a prisoner of war, is now employed at the Lewiston Normal and was unable to be present.

Christian Endeavor Party

The Christian Endeavor Intermediate group enjoyed a Christmas party Friday evening at the Community church when Mr. and Mrs. Dan Aherin, Mr. and Mrs. Lloyd Wilson and Rev. Melford Knight supervised games. Following the games there was a gift exchange and refreshments were served.
