Palouse-Clearwater Story Map

Regional food systems have many places – such as farmers markets, community kitchens, local food restaurants – where people can find or grow food. The Palouse-Clearwater Food Coalition is using Story Maps to provide you with a visual tour of the local food system's local food places.

Click here to take a tour of the [Palouse-Clearwater Food System](#). Tell us your story by commenting on the [PCFC Facebook page](#).

We need your help to continually improve these maps by adding photos. If you have a photo you would like to share (we will give you photo credit to add to our map, please let us know! You can reach us at [pcfc](#)).
