"Forestry Experiment
Goes Haywire; 'Professor
Transformed into Snag from Hell;
Students Fend off the grotesque
Monster in Reading room"
More Inside

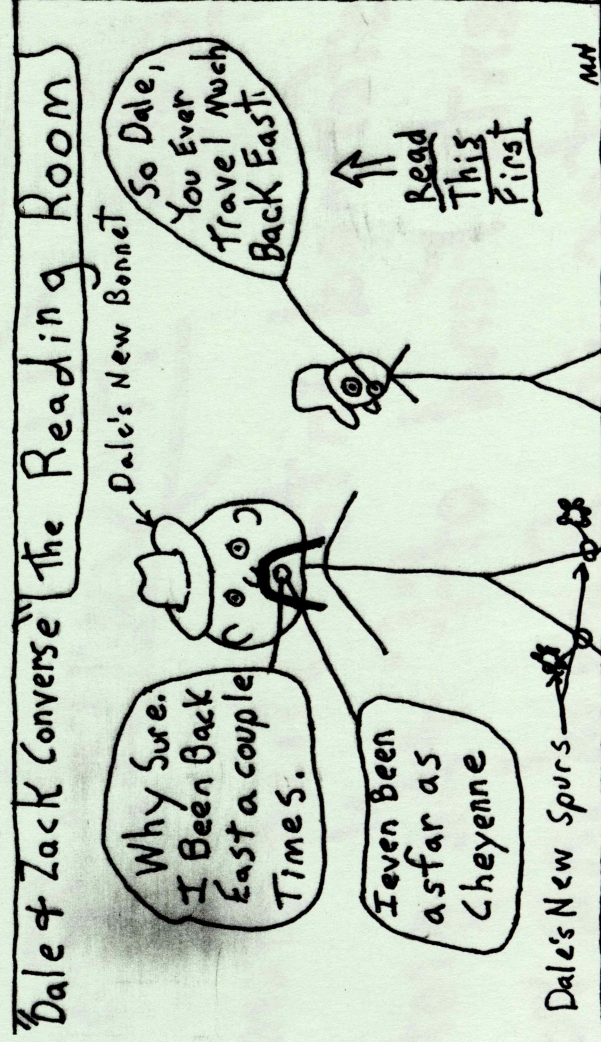

Nov. 20, 1990

Report by Mortamus "Mispeelll" Moronhead,

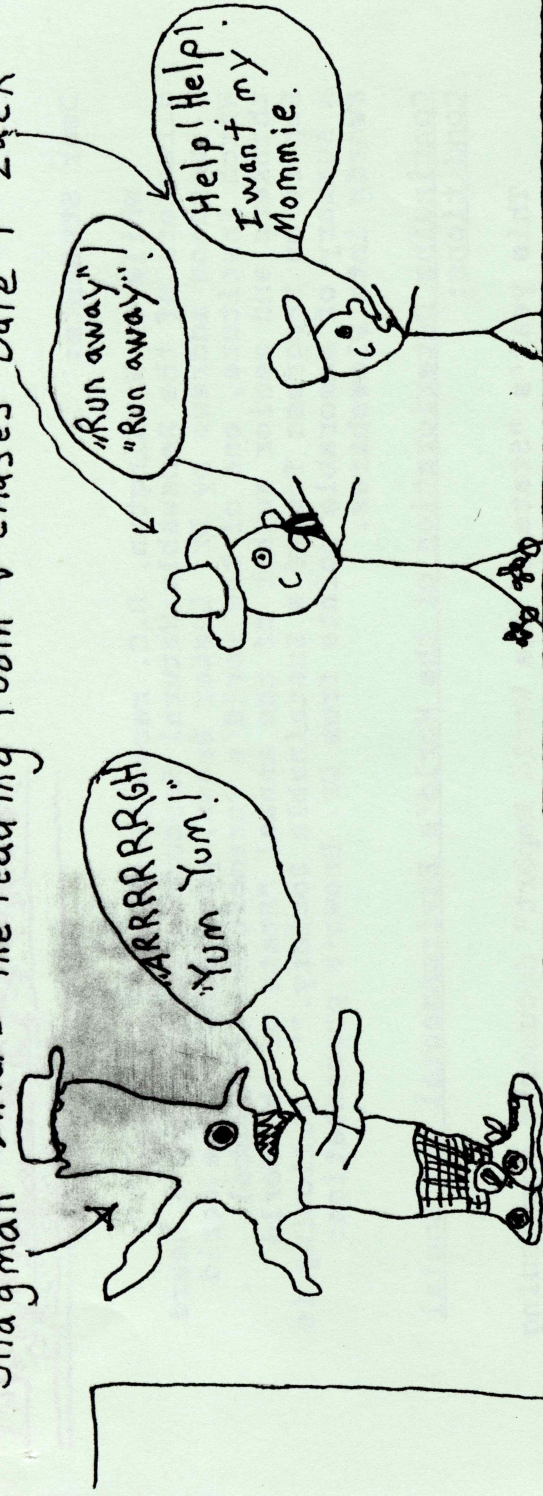

A secret experiment went haywire in the College of Forestry over Tanksgiving break. Professor Harold T. Mockenball was transformed, in a freak accident into a, well a, a, okay a freak: Half man, Half snag. In a super sensitive, highly classified, top secret, closed door, mondo important, highly righteous, hush hush, zip the ol lip, don't even tell your mother, (Okay, everybody take a breath : ready, here we go) most triumphant, most bodacious experiment in which Mochenball was attempting to regenerate dead snags into living trees.

Little is known about the events that took place after the explosion that shook the entire building. Mockenball's assistant Arnold Pigwallo was reported as stating that "I saw the dude (Mockenball) cruise into his like awesome (this misspelling is dedicated to my fans in fish 418) lab, to like mess with the trees man, and well the next thing I know it sounds like someone redecorating the place with a Chevy Impala; then there was like this big bangy sound and whoa man, I thought that the space shuttle was like laying road-apples and hitten the trail, you know, like blasten off, whoa". Pigwallo also said that when he entered the lab, he was confronted by a half man, half snag, wearing high-top converse, green and orange plaid striped jams, a spotted purple polo shirt and a ball cap that said "Foresters Rule", "and if you don't like it, you can eat my shorts"

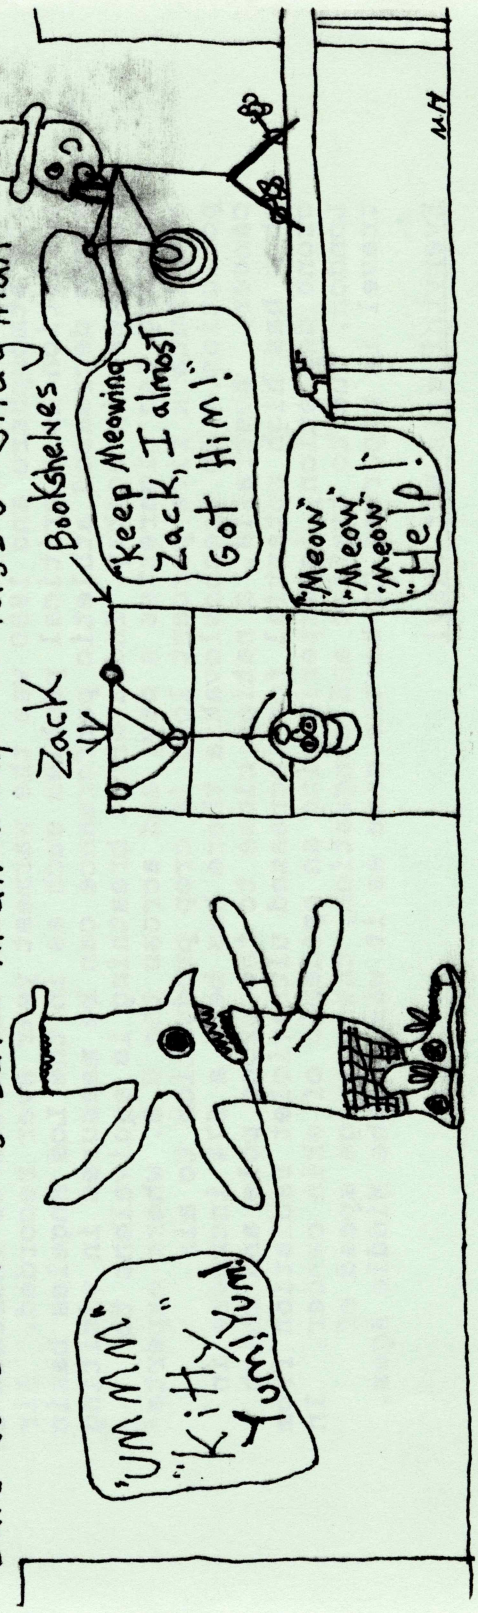

"Snagman", as Pigwallo called it, was seen leaving the scene about 1:00 AM Wednesday morning. Various sightings have been made along with numerus articles being eaten by Snagman. Snagman was also reported to have chased two Prairie Fairies (Dale "I'd rather be in Wyoming" Schmidt, and Zach "Bang your head in the great state of Oklahoma" Banes) in the reading room. One of our top sketch artists has drawn a detailed account of the whole chaotic fiasco. (Below)

"Snagman Enters the reading room & chases Dale & Zack"

"Dale uses Zack as Bait in an attempt to lasso Snagman"

"In the skuffle that Followed, Snagman undid the lasso & Stole Dales New Bonnet"
