

MEMO TO THE FACULTY AND STAFF

Because of the imponderables associated with the volcanic ash, all UI personnel who work outside and those who walk to and from the campus are asked to wear masks. As this is being written (Tuesday morning, May 27), we are awaiting the arrival--by UPS--of a large quantity of the masks, and they will be distributed to colleges as soon as they arrive. Additional quantities will be available from Central Services (885-6254).

We deeply appreciate the manner in which UI employees are cooperating in the closure of the campus to all vehicular traffic except for service vehicles.

Terry R. Armstrong
Executive Assistant to the President
