

ZEROHID

Newsletter
of the
Idaho Chapter
of the
WILDLIFE SOCIETY

Number ~~10~~, March, 1967

Idaho Chapter members attending the North west section of The Wildlife Society April 7 and 8 in Moscow, will have a business meeting at noon on April 7. We will have a room reserved. Members will go through the cafeteria line and be directed to the chapter meeting room.

We are advised that hotel and motel rooms will be in short supply for the night of April 6 because of other groups meeting on the campus. However there should be plenty of rooms for the nights of April 7 and 8. Members coming up from southern Idaho may wish to either stay in Lewiston or Pullman for the night of April 6 if reservations can only be secured in Moscow for April 7 and 8.

Full details on housing is coming from the Secretary of the North west Section.

At present the Idaho chapter has 24 registered members. Wildlife Society members living in Idaho number 79. The chapter will either grow or dry up and blow away. Professional wildlifers really have only one organization they can call their own. Help to support it and encourage others to join with us.

Elmer R. Norberg
Secretary-Treasurer
