

November 8, 1982

Dr. Lewis Nelson
President
Idaho Chapter of the Wildlife Society
c/o Department of Fish and Wildlife
University of Idaho
Moscow, ID 83843

Dear Dr. Nelson:

Thank you very much for your letter informing me that I have been made a member of the Idaho Chapter of the Wildlife Society for 1983. Organizing the symposium made me much more aware of wildlife issues in Idaho and I appreciate receiving the Society newsletter as it will no doubt help keep me up to date on the current issues.

I would also like to extend my sincere thanks to you as President of the Idaho Chapter of the Wildlife Society for supporting my project so wholeheartedly. Jay Gore in Boise was extremely helpful on every phase of the project; I can't think of anyone else who took more time to advise and help out than Jay. When Jay had to fly back home during the actual symposium dates, Bob Parenti did an equally enthusiastic job as official host for the event.

I was very impressed with the patience, professionalism, and sincere interest shone by many members of the Society toward the symposium project. If the people I had the pleasure to work with here are indicative of Society members in general, I feel very honored to be included among them.

Thank you again for your much needed support. Material from the symposium will be used in three upcoming articles which will appear in Idaho Wildlife.

Sincerely,

FLORENCE BLANCHARD
