

March 23, 1964

To: Members of the Wildlife Society in Idaho

We invite you, in fact we urge you, to attend our organizational meeting here in Moscow, Idaho on April 4. The meeting is scheduled as a breakfast meeting, 7:00 A.M. at the Moscow Hotel. This should allow us time for the meeting before the 9:00 A.M. session of the Northwest Section Meeting at Pullman. The Pullman meetings begin the third of April. In case you have not yet made reservations for a place to stay, here is a list of hotels and motels in Moscow. The Pullman list was included in the Northwest Section mailings.

| | | |
|-----------------|----------------|--------|
| Hillcrest Motel | 706 North Main | Moscow |
| Royal Motor Inn | 120 West Sixth | Moscow |
| Wades Motel | 414 North Main | Moscow |
| Hotel Moscow | 313 South Main | Moscow |
| New Idaho Hotel | 124 North Main | Moscow |

The By laws subcommittee has worked out a provisional set of by laws for your consideration at the meeting. Please look it over and bring it with you with any suggestions you have for change.

Also included are the suggestions from the Program Subcommittee for possible chapter activities and programs. This should give a good idea of what your organizational committee is thinking of and what the Idaho Chapter could mean to you. As the report suggests, bring your own ideas to add to the discussion.

The organizational committee asked Al Norberg to act as chairman of a nominating committee to prepare two slates of officers for consideration at the April 4 meeting.

We have invited the national officers of the Wildlife Society to attend our meeting and there is a good chance that Dr. Fred Evenden, the new Executive Secretary may be there.

If your Society membership has lapsed, or you are not yet a member, don't let this hold you back. We welcome your participation in the Chapter and will help you join the National organization.

Sincerely,

The Idaho Chapter Organizing Committee

Kenneth E. Hungerford, Chairman
College of Forestry, Wildlife and Range Sciences
University of Idaho, Moscow, Idaho

From: Program Committee

March 23, 1964

To: Members of the Wildlife Society in Idaho

This is a report of the subcommittee assigned to working on ideas for chapter programs and activities. The following list summarizes some of the program suggestions that have been discussed:

1. Form policies on matters of local, state-wide and national interest
2. Sponsor Youth Natural Resources Camp and other youth conservation education camps
3. Participate in demonstration field trips
4. Give techniques demonstrations to help keep members informed on techniques used in the wildlife field
 - a. Computer programming
 - b. Cannon net firing
 - c. Radio telemetry
 - d. Cap-chur gun
5. Sponsor special speakers
6. Conduct panel discussions of current problems
7. Show particularly good movies in conjunction with other short programs
8. Work on membership drive for the Wildlife Society

The above list is only a few of the many program possibilities that could be done to make participation in the Idaho Chapter interesting and of benefit to its members and also help to promote professional standards.

In order to conduct the above suggested type of program, it would be necessary to have local meetings on a rather frequent basis as well as an annual meeting. The location of current members in the Wildlife Society are clustered in several locations in the state. Consequently, meetings on a local basis would be feasible.

It is the wish of this committee that the above suggestions will at least serve to stimulate the expression of other ideas by members interested in the formation of an Idaho Chapter of the Wildlife Society.

Program Subcommittee
Elwood Bizeau
David Neider, Chairman
John Ormiston
Ray Rogers
Bill Schmidt
