

Idaho Chapter, The Wildlife Society, Annual Summer Meeting, August 5 & 6, 1966,  
Twin Falls, Idaho.

Business Meeting Minutes.

A brief business meeting was held at which two points were discussed.

President Dalke posed a question regarding the feeling about an increase in Wildlife Society dues. Some discussion followed and the general consensus appeared to be favorable for a dues increase. The members that expressed themselves felt the Society has been doing good work and would be able to do many more things if more money was available.

To President Dalke's question about the desirability of the summer chapter meeting, a short discussion indicated a favorable attitude toward these meetings with some people benefiting that normally are unable to get to the chapter meeting held in conjunction with the Northwest Section meeting in the spring.

Donald A. Klbenow  
Vice President
