April 12, 1994

Ernest D. Ables, President
Idaho Chapter of The Wildlife Society
Fish & Wildlife Department
University of Idaho
Moscow, ID 83844

Dear Ernest:

Congratulations on your election as President of the Idaho Chapter of The Wildlife Society. Your leadership over the next two years is important to your chapter's success and indeed to The Wildlife Society's ability to accomplish our mission. Thank you for making this commitment.

The Wildlife Society has initiated several new programs to better serve our members' needs for information, expanded networking, and continuing education. Our new subject matter Working Groups make it easier for members to exchange information and network with colleagues working in their field of expertise. Our new Annual Conference will enable members to catch up on recent developments in many aspects of wildlife biology and management. Beginning in 1995, the *Bulletin* will become a magazine with management reports; analysis and debate of current conservation issues, practices, and policies; case studies; and professional news. Your help in making members more aware of these new services will be greatly appreciated.

In checking our files, I find that Martha C. Wackenhut is not a member of The Wildlife Society. Both Society and Chapter bylaws require that all officers be members of TWS. I would appreciate your help in meeting this requirement and have enclosed the necessary application.

Please call me or my assistant, Lorraine LeSchack, if we can be of any help to you during your term.

Sincerely,

Sandra Staples-Bortner
Program Director

Enclosure
