ok, I think that this is for his 2005 renewal then.

Whew, you are just too good.

Thanks

Wait, sorry, my choice of words was incorrect. When I said "current" member, I meant he was in the database and paid through 2004. (I have very few payments for 2005, so I consider these folks current members.) So that \$10 is for his 2005 renewal, not 2006.

I must have had old info in my file because he wasn't listed there.

I received a note from Pat Burnham asking about his status, this was before our discussion this week. I told her that he was not.

So, I have an extra ten from Bill. I will ask him if he would like to apply to to 2006 or have me return it.

The moral of the story, always check with Ms. Diane first. Sorry about that, I will let you know what he says.

Jon

Hi Jon -
Bill Burnham is a current member. Perhaps you received renewal dues for 2005?
